Spirited Election Contests in Hastings

TWEED REEVE IS DEFEATED, BYLAW IS LOST BY 45

Many Upsets in Various Parts of County of Hastings on Monday

WITHOUT BALLOTS

Wollaston Has to Postpone Voting Until Saturday On Councillors

There were a number of upsets in the election yesterday throughout the County of Hastings and a number of new faces will appear in the County Council when it meets at Shire Hall, in the latter part of this month. The turnover in Tweed village was large by the size of the majority of W. S. Gordon, who defeated the sitting reeve by 304 votes. The defeat of the Hydro Bylaw was also a feature of yesterday's polling. The Village Council was also shaken by the landslide. In Tyendinaga J. Arthur McKinnney defeated Mr. McLaren for the deputy's post.

In Wollaston a unique incident delayed the election. Ballots were not ready and the voting has to take place on Saturday of this week.

Wesley Gray, Deputy Reeve of Thurlow held his own defeating Charles A. Callery by 502 votes.

Tweed

Reeve—W. S. Gordon 663; S. R. Rolles 139.

Council—Blakely 448, Purdy 238, Quinn 425, Sayers 332.

The defeated were: Beatty 238, Lee 202, Ringdon 181.

Hydro Bylaw—Against 176; For 131. Majority against 45.

Marmora Village

P. N. Maret 262, defeated B. E. Bell 119 for the reeve'ship. A majority of 143 votes.

Councillor—F. Johnson 240, A. Sweet 191, Wm. Squire 185, Dr. D. L. Curtis 177, A. Beattie 171, G. Wellman 156.

Tyendinaga

Deputy Reeve—J. A. McKinnney elected by 196 majority over Wm. McLaren. The vote stood McKinnney 657, McLaren 461.

Councillors—S. Sherman 672, M. Kennedy 514, H. Larkins 411.

The above were elected—the defeated being D. Meagher 421, S. Zoogley 299.

Limerick

Reeve—Richard Butt, reeve of 1929 was victor over Joseph Lydiate.

Councillors—Wm. Park, Malcolm Park, R. Guntle and E. Palmater.

WOLLASTON

Reeve—W. N. Gilroy (acclamation). The election for councillors did not take place as ballots were not ready and voting will take place on Saturday next. The candidates are Dan Please Turn to Page Three

PRESENT JEWEL TO SISTER IVES

Installation of Officers of Daughters of England Lodge

Belleville Lodge, No. 87, Daughters of England held their annual election and installation of officers last night at their club rooms in the Orange Hall, Front Street, Sister E. M. Savage was appointed installing officer and Sister A. Hilton, Grand Guide.

On of the features of the evening was the presentation to the retiring president, Sister G. Ives, of a past master's jewel. The presentation was made by the installing officer, who told of the services rendered during her term of office. Sister Ives made a suitable reply thanking the members for their kindness during the year and for the help they had given her during her term of office.

Following are the officers for 1930. Wor. President—Sister S. Law. Vice-President—Sister E. Looker. Chaplain—Sister S. Dwyer. Secretary—Bro. W. J. Savage. Treasurer—Sister R. Stapley. First Guide—Sister M. Keegan. Second Guide—Sister A. Dack. Third Guide—Sister Cunningham. Fourth Guide—Sister W. Stapley. Inside Guard—Sister M. E. Stapley. Outside Guard—Sister B. Toplin.

THE WEATHER

Occasional rain, followed by fresh northwest winds with local snowfalls or flurries and turning much colder tonight and Wednesday.

WEDDING TOMORROW

Royalty Unites

Princess Marie Jose of Belgium, fiancée of the Crown Prince of Italy, arrived in Rome, where she received an enthusiastic welcome prior to a week's festivities, part of the elaborate program preceding the wedding of the royal couple. The religious ceremony will be performed by Cardinal Maffi in the Pauline chapel of the Quirinal in Rome. The photographs here show the latest portraits of the royal couple. Copyright, 1930, Pacific and Atlantic Photos, Inc.

BREWERY AT SEA?

Special Twelve Per Cent Fluid Made in 24 Hours
Hoboken, N.J., Jan. 7. (C.P.)—Ship news reporters are certain they have discovered a brewery at sea aboard the United States liner George Washington. It operates at sea, producing in 24 hours a twelve per cent fluid which must be consumed in 72 hours or it goes flat. Hans Kauler from Germany, is the ship's brewmaster.

REV. DR. BAKER KIWANIS GUEST

Deals With Great Value of Service Club Work

Kiwanians today had their guest and speaker John Rev. E. N. Baker, who gave the members an interesting and inspiring address on the significance of true "Service." The speaker pointed out that the service which such clubs as Kiwanis were rendering was but a partial application of the Christian principle of brotherhood. The need for such service is a pressing one, and is limited, neither by sect, race or color, rather it is as universal as the Christian doctrine is intended to be. Kiwanians today bade good-bye to Dan O'Donohue, who for the past five years has been an active member of the club. Mr. O'Donohue is severing his connection with the Intelligencer this week.

An enjoyable vocal solo was rendered at today's meeting by Mr. Percy Cole.

GYMNASIUM BURNS

New Brunswick, N.J., Jan. 7. —The Robert F. Valentine Gymnasium at Rutgers University was destroyed by fire early today with a loss estimated by firemen at three hundred and sixty thousand dollars.

Chief Raided Newbury Port Hotel Where Mayor Lives

(By Canadian Press)

Newbury Port, Mass., January 7. —Beer for members of clubs which had reasonable hours and do not abuse the privilege was approved by Mayor Andrews (Bossy) Gills in his second inaugural address yesterday. Admission came during an attack on the police department. After calling Chief Marshall McLean a "good fellow," Bossy referred to the order to the police to start raiding places that sold liquor. "I told McLean to go out and raid these places," he declared heatedly. "And what do you think he did? He started out by raiding McWhorter Hotel, where I live. Even if the proprietor was selling a little beer down there he wasn't selling any to the rank and file."

INTERNAL FIGHT NOW WAGED BY U.S. DRY FORCES

Situation Likely To Become More Acute If Bill Is Proceeded With

WETS SIT TIGHT

Confident Final Breakdown Of Prohibition Law Is Inevitable

Washington, January 7.—Press despatches from Washington during the past fortnight might lead many people to believe that something wonderful had happened or was going to happen on the subject of prohibition. There was first the sensational announcement of Senator Borah that the Hoover administration was not making a real effort to enforce the prohibition amendment. This in a way was offset by the killing of three runners by the coastguard and by a raid on some bootleggers in the city of Washington. Then Senator Norris of Nebraska, following the lead of Senator Borah, arranged for the Secretary of the Treasury, who is in command of the prohibition enforcement bureau and also in command of millions of money made out of the distillery business. Next Senator Jones of Washington, an ardent dry and author of the law imposing a ten thousand dollar fine and five year imprisonment for any violation of the Volstead Act, rushed to the defense of the President. Finally the chorus was swelled by an announcement from the Secretary of the Treasury, "Compliance," that they would be able to reach some conclusion about how to enforce prohibition by July 1, 1930.

As a matter of fact, nothing really has happened and the wet and dry at it has been for some years past. The wets being confident that the final breakdown of the prohibition law is inevitable are sitting tight, and the light now going on is a fratricidal struggle among the dries. This will become more acute if Senator Sheppard of Texas insists upon proceeding with his (Continued on Page 6)

WINNIPEG TALKS RELIEF MEASURES

Unemployed Will Be Hired For Clearing Right of Way

(By Canadian Press)

Winnipeg, Jan. 7.—Unemployment in Winnipeg continues to assume alarming proportions, and drastic measures are being taken to deal with the situation and relieve hunger and privation have been considered by the city council. Last night the council approved several measures which will afford immediate relief to some of the married and single unemployed. They will be hired for clearing the right of way for the Winnipeg Hydro transmission line between Winnipeg and Slave Falls and plans were made for providing shelter and food for all unemployed within the city of Winnipeg.

FOUND DEAD ON COUCH WITH A BULLET WOUND IN HEAD RIFLE LAY BESIDE BODY OF MRS. CANNIFF

RUTH'S SALARY
Denial Made of Story of Bonus For Each Homer

New York, Jan. 7. (C.P.)—Babe Ruth's salary may be bigger this year than ever before but he won't get a bonus for hitting some runs. General Manager Ed. Barrow took time out from his duties yesterday to deny numerous reports about the home run king's pay cheque and the strongest denial concerned the rumor that Ruth would get added cash for each homer.

Demorestville Woman Had Been in Ill Health For Some Time

NO INQUEST HELD

Unfortunate Woman Had Come from Welland Five Years Ago

Mrs. Walter Canniff, aged 43 years, Demorestville, for the past five years, morning by having shot herself through the head with a .22 calibre rifle, according to an investigation made by the Provincial Police, and Coroner Dr. Whitman, of Picton. No inquest will be held, as it seems to have been a premeditated act.

The body was discovered lying on a couch in the Canniff kitchen yesterday at noon by the startled husband, Walter Canniff, when he returned for his midday meal from his work at the Demorestville mill. When he left home at eight o'clock in the morning, his wife appeared to be in her usual good health and spirits, everything being in perfect order.

According to the statement made by Mr. Canniff to the police, his wife had been despondent and nervous for the past two months, but no thought of such a tragedy as was enacted had entered his mind. The rifle was owned by Mrs. Canniff must have been lying on a small couch, held the gun at arm's length and then pulled the trigger.

Mr. and Mrs. Canniff had lived in Demorestville for the past five years, coming out to that community from Western Canada. They have no family and were highly respected by all who knew them.

The funeral will be held on Thursday.

The funeral will be held on Thursday.

The funeral will be held on Thursday.

SALVATION ARMY WILL CELEBRATE

Local Corp To Mark 47th Anniversary of Founding In Belleville

On the first, second and third of February the local Salvation Army members will celebrate their forty-seventh anniversary. It is forty-seven years ago since the pioneers of the S. A. first set foot in Belleville.

Since they have brought the word of the Gospel to many who would otherwise not have heard it. There is a worthy cause and yearly their efforts are becoming more appreciated by the citizens of this city.

On the first day of the celebration the corps, as it is called, has been built up wonderfully with efficient officers to look after the welfare of needy ones. They have also brought into being one of the best musical organizations in the city. The fame of the band affiliated with the Salvation Army here has travelled to many parts and has been a great factor in aiding their cause.

A Special Visit here will be made by one of the high dignitaries of the S. A. from either Toronto or Montreal to conduct a service. The next day to conduct a service. The next day to conduct a service.

On the third and last day of the anniversary something special will be conducted, which has not as yet been decided upon.

BID FAREWELL TO DELEGATION

Washington, January 7.—Conscious of the inevitable difficulty and consulting confidence and patient effort, President Hoover said good-bye and good have today to the delegates who will speak for him at the London naval conference. Five of the seven ranking members of the delegation, and a group of their ranking technical advisors, were invited to a breakfast conference at the White House last night for a parting word of advice about the momentous discussions which are to begin two weeks from today in the British capital.

On the first day of the celebration the corps, as it is called, has been built up wonderfully with efficient officers to look after the welfare of needy ones. They have also brought into being one of the best musical organizations in the city. The fame of the band affiliated with the Salvation Army here has travelled to many parts and has been a great factor in aiding their cause.

Princess Marie Jose is Received by Pope Pius XI

(By Canadian Press)

Vatican City, Belgium, Jan. 7.—Princess Marie Jose of Belgium, who tomorrow becomes the bride of Humbert, Prince of Piedmont and heir to the Italian throne, was received in private audience today by Pope Pius XI. With her were her father, King Albert, her mother, Queen Elisabeth, Prince Leopold and his wife, Princess Astid, and Prince Charles, her other brother. It was the first visit of the Belgian royal family to the Pope since 1922 and was accompanied by the same elaborate ceremony which marked the welcome of His Holiness to King Victor Emmanuel and Queen Helens of Italy, recently.

YEAR 1930 WITH THE COUNCIL

With the inauguration of the 1930 city council in office under the chief magistracy of Mayor George A. Reid, Belleville has stepped into another year with the brightest outlook. The year just closed has been a good one under the direction of ex-Mayor Harry W. Greenleaf but the city should profit by the experiences of the past year. For this, as well as by reason of the energetic and resourceful executive head of the city in the person of Mayor Reid, Belleville may look forward with fine hopes to the twelvemonth which has been ushered in so auspiciously.

The new chief magistrate is well known for his tireless work and his faithful attention to duty. He will look upon the year as an opportunity for intense activity as far as he is personally concerned. An active directing head puts energy and enthusiasm into every member of the civic body.

The mayor realizes that Belleville like all other municipalities has to face the question of expenditure. He knows that it is money which, in a large measure, makes the municipality "go" and that it is this side of municipal life which has a bearing on every citizen. "Consistent with efficient management of the city affairs," the mayor will strive for civic development and endeavor to lighten the tax burden.

Belleville's filtration plant is one of the big issues facing the municipality this year. The city, in the words of the mayor, must have good, pure water. This, it is expected, will be undertaken very shortly as soon as plans are ready.

A new bridge over the Moira River is another of the supreme needs of the present day. The council feels this and Mayor Reid hopes to see the lower bridge replaced by a modern thoroughfare across the Moira River before the arrival of mid-summer. He yesterday brought up the question of a new civic building to house the police and fire departments and provide an office for the local Hydro Commission. He favors a scheme of town-planning by way of development of the east bank of the Moira River in the opening of a relief street. Other matters dealt with in the inaugural address were, Hydro rate reduction, improvement of the parking regulations, and winter sewer construction.

Whatever the mayor and council in 1930 accomplish, Mayor Reid has the vision to catch a glimpse of things And vision is what counts in public as well as in private life. Citizens will wish the mayor and council every success in their undertakings for the public good.

MUSIC—BOWED, BLOWN OR TAPPED

Free Sunday night concerts at St. George's Episcopal Church, New York, planned by the officers of the Manhattan Symphony Orchestra, which Henry Hadley conducts, recall the Sunday presentations that were given a few seasons ago in a Broadway theater under the baton of Josiah Zuro. They bring to memory also the Saturday evening programs that are continued this winter at the Metropolitan Museum of Art, with David Mannes directing. They summon thought, again, of Mozart and Beethoven as put in the possession of the citizens of Cleveland and Philadelphia, without price. They represent, for that matter, a movement that is stirring in many communities. They differ particularly from most other orchestral

meetings of unbought admission in the sort of place where they are held.

On this point the Rev. Karl Reiland, rector of St. George's, comments in a Manhattan Orchestral Society leaflet, "The effectiveness of much of the world's greatest music," says he, "is enhanced by being played in a church building"—the music he refers to being, necessarily, the symphonic kind.

The rector speaks of the project as a philanthropy, looking to "the spread of musical knowledge among people," which implies, again, a certain difference between the concerts being arranged at a museum, for example. Here philanthropy is under religious, and there under civic and secular auspices; here the masters are heard in a formal, and there in an informal, auditorium. In the one case a reverential attitude toward art may be expected of listeners, while the obligation of an exalted type of performance is placed upon conductor and players; in the other, aesthetic, critical, documentary inquiry, with technically brilliant and emotionally exciting response, is appropriate.

Whether church or museum, the musical knowledge thus spread among people proceeds from the source. The "Jupiter" symphony and the "Egmont" overture sound on actual instruments, bowed, blown or tapped; and are interpreted by a conductor, Mr. Hadley or Mr. Mannes, accountable alike to the ear and the eye of the public.

And yet there dwells the dreamer who visions lovely things And longs to own the mind's content which only labor brings. He shivers in the wintry blast and hasty goes to bed. Because he cannot walk the path which all the toilers tread.

Oh, men there are despite them, and pass the beggars by. They think of them as lazy men, but seldom cry.

Perhaps they were ill-favored for the labor of the land And what to many is so plain, they cannot understand.

That Body Of Yours
By James W. Barton, M.D.

CHILDREN AND COD LIVER OIL

You have seen tables of weights and measurements showing what a youngster ought to be at various months and years of age. Now these weights and measurements have been accepted for years and yet how nearly right are they? As there are different types of individuals there are also different types of youngsters and no table can naturally be exactly right.

In an effort to see what effect certain foods would have on babies and how these effects would show in relation to weight and height, and weight and height tables, some western physiologists have experimented with two groups of infants.

Both groups received modified cow's milk, but one group received cod liver oil in addition.

Both groups were studied from the standpoint of growth, as shown by increase in weight, and in the amount of nitrogen, lime, and phosphorus retained by the body, and the waste thrown out.

"The infants receiving cod liver oil in addition to milk not only weighed more at the same age than those who were not receiving the cod liver oil, but were considerably heavier than the accepted standards for their respective ages and their weights at birth."

Your first thought may be that this increase in weight was mostly fat, but the wastes in the urine showed that these heavier children had a better development of muscle.

This increased physical development is attributed to the building power of cod liver oil with the vitamins it contains.

These physicians are of the opinion that the accepted standards of height and weight of children are too low, and that the human race would be much stronger if we started our infants off with body building diets. Where the measurements were below normal the addition of cod liver oil would be the ideal method of bringing them up to normal.

Harry—Why did you quit working for Smith?

Bill—He did something I didn't like very well.

Harry—What was it?

Bill—Fired me.

A negro was inspecting a friend's horse.

"You say dat hawse is lazy?"

"Lazy? Man—looks dat fly on his nose. Pesteins him consid-ble but he's waitin' till dey's two or three before he bolthens 'bout sneezin' 'em off."

Player—That makes the match two sets apiece. Shall we play the fifth set now?

Exhausted Opponent—Look, here—can't we settle this thing out of court?

Doctor—Did you try to cheer up that patient in room 23?

Intern—Oh, yes, sir, I told him I knew a man with the very same disease who got well.

Orchestra Leader—What key are you playing in?

Boob—Skeleton key.

O. L.—Skeleton key?

Boob—Yes; its anything.

Fraternity Man (trying for sympathy)—And so here I am, absolutely broke, with one single odd cent in my pocket.

Fraternity Brother—That's fine, I need an odd cent to make a nickel, for his safety.

It was the London minister's first visit to Little Redstead. While presiding at the village church he was both surprised and pleased to see that the congregation were giving him their whole attention, right down to the smallest child.

When the service was over he sought out the vergor and congratulated him. "I am glad to see what good sympathetic people this parish possesses," he said. "Never has a sermon of mine been heard with such interest."

The old vergor chuckled. "Bless 'ee, sir," he said. "It wasn't the sermon that was interestin' us. We was waiting to see the pulpit collapse. It's gone rotten and hasn't been used for ten years or more."

THE WAYWARD ONES

I have pity for the man who can never understand That crops are gathered only by the men who till the land. For dreams of luck and fortune are empty things in vain. The house which shelters laughter has been bulidied out of pain.

For empty is our wishing and vain our sweet desires. The price of all man gathers is sweating at the fires. The price men pay for gardens where June-time blossoms blow Is working round the little beds with rake and spade and hoe.

And yet there dwells the dreamer who visions lovely things And longs to own the mind's content which only labor brings.

He shivers in the wintry blast and hasty goes to bed. Because he cannot walk the path which all the toilers tread.

Oh, men there are despite them, and pass the beggars by. They think of them as lazy men, but seldom cry.

Perhaps they were ill-favored for the labor of the land And what to many is so plain, they cannot understand.

EXPLORERS GO ON EXPEDITION

Scientists Seek Remains Of Lost Culture in Little Known Yucatan

Washington, D. C. — Unexplored ruins of romantic cities and roads in Quintana Roo on the eastern coast of Yucatan described as the wildest and least known section of the New World will be studied soon by a small group of scientists' enthusiastic with the confidence of bringing to light secrets of an old civilization.

With information from the leading archeologists and explorers of the Carnegie Institute and the Museum of the American Indian in the City of Washington, the party leaves New Orleans shortly to spend most of the winter in what Captain Robert R. Bennett, of Washington, its leader, says is a section rich in the ruins of a cultured civilization.

The tall erect army captain, whose small, merry brown eyes and animated face belie the snowy hair of nearly sixty-five years, has been exploring in Central America for forty years with success enough to give him an international reputation. He is confident of finding something really big in the hieroglyphics and other remains.

The explains says that Quintana Roo, holding within its borders the old empire city of Coba, is the territory of the Federal Government of Mexico. From Coba seven stone roads probably 2,000 years old believed to be lined with dead cities trek in all directions.

The lure of this expedition, he explained, is the unexplored road going south which, eminent archeologists hold, ribbons its nearly 600-mile march into the interior, fringed with rich ruins. Three of these cities, he points out, were sighted by Colonel Charles A. Lindbergh, whose exploits in his belief will contribute immensely to an exhaustive exploration of the region. With sextant and compass the expedition will follow these roads, taking copious notes of all hieroglyphics and collecting such material as will be of use in narrating the story of a golden age.

Quintana Roo, bearing the name of Don Jose Quintana of Merida, the George Washington of his country, and his wife, Donna Rio Roo, accord-

ing to well authenticated manuscripts, was a mecca of culture about the time Richard, the lion-hearted, sat at the English throne.

It fell, some archeologists hold, because a ruler to keep his beautiful sweetheart from a rival king brought mercenaries from Mexico to repel successfully the attack upon the stronghold of his beloved. The soldiers, finding conquest easy, quickly overran the country and degeneracy set in bringing the early destruction of palaces with domes of silver and gold. The coming of the Spanish, and forays of pirates made destruction complete.

Coba, presumably named after a priest, is an old empire city, Captain Bennett says, surrounded by some eight beautiful lakes upon one of which Colonel Lindbergh landed. The water, he says, is infested with small fish who have the annoying habit of attacking bathers.

Although there are many obstacles to be surmounted, Captain Bennett is confident that the group will suffer from no privations.

A stock of the best canned goods, coupled with deer, turkey and other wild life which abound in the section will provide proper food. "Mosquito boots" of soft leather will join other equipment in keeping insects at bay, while anti-toxin will meet the emergency of possible snake bites. Five Chicleros Indians, with mules, will aid in transportation.

HUSBAND MASTER OF OWN POCKET

English and U. S. Courts Uphold Previous Con- victions Tried

Washington, D.C. — Another legal precedent has been established, upholding a husband as the captain of his credit so far as his wife is concerned.

To a long line of English and United States court opinions giving a break to the men who shuffle a sheet of bad news the first of most months, this trial of Columbia court of appeals has added its affirmative voice.

The opinion was rendered by Justice Charles H. Robb, and he cleared Rep. George Huddleston of Alabama of liability for a debt of \$245 for a fur coat Mrs. Huddleston purchased.

Mr. Huddleston set forth that he

gave his wife \$75 a month in cash for clothing and told her not to purchase on his credit. He asserted he knew nothing of the fur coat purchase, until it was legally brought to his attention. The crux of the case, said the court, was this:

"No evidence of acts or conduct on the part of Mr. Huddleston conferring upon his wife an apparent authority to pledge his credit."

Down through the years, the opinion cited the decisions of other courts, in England and in America, which held substantially that when a husband has once performed his duty to provide for his wife he may not be compelled in a court of law to do so again.

The District of Columbia opinion is by way of being a legal climax to the husband's victories on the right of clutching his pocketbook. The only appeal from its voice is to the United States supreme court.

Independence (Kan.) man was arrested when found eating heads off grasshoppers.

Injuries received when he fell down stairs, caused the death of Olaf Sundby, 54, of Dover, Ohio.

Samuel Huston, 81, of Newark, Ohio, has been a drummer on every patriotic day observance since 1861.

The Hyman Fur Co. Ltd., for 39 years, Belleville, Ont.

CAR WAS STOLEN

An automobile belonging to Frank Shurtz, Donald Street, was reported stolen last night. The type of car was a Chevrolet Touring, dark blue in colour and bearing the license number 310-423. In the car at the time were this side curtains and a fur robe. Mr. Shurtz had left his car parked in front of a garage last night and when he came to drive it away it had gone. The city police are investigating the matter.

Furs Remade and Restyled at lowest prices.

The Hyman Fur Co. Ltd., for 39 years, Belleville, Ont.

ST. MICHAEL'S SCHOOL

Building operations on St. Michael's Academy are progressing with a fair amount of speed. The work of the stone cutters is necessarily slow, but already the splendid building is beginning to take on beauty and form. The walls of the north wing have been completed and the south wing is well on the way to completion. When finished the school will be a credit to the city of Belleville and a building second to none in the province.

COLLEGE RESUMES

Albert College re-opened this morning. The majority of the out-of-town students arrived yesterday by train and motor. Studies were resumed this morning at 9:00 a.m. No changes have been made in the teaching staff during the holiday.

MILD WEATHER IN DEAD WINTER

Three Feet of Snow Melted In Past Ten Days

Weather conditions today are truly surprising for this season of the year. A glance at the calendar shows the date to be January 7th, but a look cut-of-doors almost convinces us we are in the middle of March. Two weeks ago, Christmas Eve, the snow was so high that driving a car was almost impossible, even on the city streets. Country roads were in a deplorable state and rural mails, bus and transportation trucks were either unable to operate or away behind their schedule. Within the short period of fourteen days over three feet of snow has almost entirely disappeared, roads are free of ruts, and the country has undergone a complete transformation. The city pavements, especially Front Street present a clean surface, free of ice and snow. Country roads are again in excellent shape and motorists can drive in comparative safety.

Although some of us may lament the fact that weather conditions today are very wet and uncomfortable, let us be thankful for the good work done on the highways and the relief from the traffic problems. Traffic problems have been reduced to the minimum by the mild weather.

MR. WILLIAM HURST JOINS MUTUAL CO.

Mr. William Hurst, for the past three and a half years a member of the local branch of the Royal Bank of Canada staff, with this month sever his connection with that institution and enter the insurance field.

Mr. Hurst, a well-known and popular member of the younger set of this city will be following the Mutual Life Assurance Company in Belleville.

Mr. William Hurst will associate himself with the Belleville branch of the Mutual Life Company, commencing as junior clerk in the bank three years ago he is at the present time first in wishing him success in his new line of endeavour.

TWO DEAD AND FIVE INJURED IN BLAZE

Pittsburg, Kansas, January 7.—Two guests of the Wick Hotel here were burned to death and five injured today by a fire which forced 74 scantily clad persons to flee from their hotel and which seriously damaged the three-story hotel. Authorities were first alerted by reports that led to a suspicion of incendiarism. The damage was estimated at about \$75,000.

ARRESTED HERE ON BROCKVILLE CHARGE

Finley McNabb was arrested yesterday afternoon by Detective Sergeant J. Truhsch in a local hotel. He was taken to the Police Court and held until Brockville Police come after him, since he is wanted in that city on a bank cheque charge. The Brockville police show McNabb in the city today to take him back.

COLUMBIA BUYS PRICELESS WORKS

New York, N. Y.—The Columbia University School of Law has purchased 4,250 volumes comprising the library of von Richthofen, a German scholar who died in 1888 as a part of the secret efforts to rescue evidences of ancient European law.

The Richthofen library, the announcement said, is considered one of the most valuable records of the law as it existed in various cities and towns in Germany during medieval times.

Included in the collection are a history of the laws of the Frisians, a Teutonic people who were settled in the region about the North Sea adjoining the Saxons who conquered England; rare items dealing with the customary laws of towns and cities in the Netherlands and northern Germany; old grammars, dictionaries and glossaries; scientific treatises on European legal law and important genealogies.

Richthofen was born in 1811 and obtained his doctor's degree at Halle in 1840. Early in his career he determined to devote himself to the study of the Frisians, and he continued his research until his death.

The law library started six years ago to purchase materials relating to local laws in France as the beginning of its plans of securing a comprehensive body of works bearing upon the customary law of Europe. The appearance of the Richthofen collection upon the market, it was explained, offered an unusual opportunity to extend the research to Germany and a special grant of funds was made by the university to enable the law library to purchase the complete collection from a German dealer.

Forty-six rattlesnakes were found under one rock at Throckmorton.

INDIAN LOVE TANGLE LEADS TO TRAGEDY

Lander, Wyoming, Jan. 7.—Two Indian graves and a squaw were found today by the Shoshone tribe attributed to the deaths to a love affair between the squaw and a young brave. Otto Perry, 40, shot and killed his wife, the squaw, yesterday, and then sent a bullet through his own head. Today, the body of Earl St. Clair, 22, the subject of the marital dispute which preceded the slaying of his wife, was found. The slaying of the young man's parents. Clutched in one hand was a knife. He was shot through the head.

10,000 REBELS REPORTED TAKEN

Chinese General Said to Be Fleeing in Dis- guise

Shanghai, Jan. 7.—The Nationalist government military headquarters at Nanking stated today that Nationalist troops in Honan Province had scored a crushing victory over rebel troops under General Tang Seng Chi. General Tang was associated in his rebellion with General Shih Yu San, who led the Pukow division. The Nanking government announced that ten thousand of the rebel forces had been captured by Nationalist fighters, while General Tang, disguised was seeking to flee to Japan for safety.

5000 WORKERS GO ON STRIKE TODAY

Cleveland, Ohio, January 7.—A strike of five thousand members of the Cleveland Local of the Ladies' Garment Workers' Union began today. It was accomplished in good order and with but little excitement. The workers are demanding a five-day, a forty hour week instead of a four day, elimination of the alleged "sweet shop" conditions, guarantee of salaries from contractors and aid in centralizing industry here.

MARKET PRICES SHOW NO TREND

Call Money Rate Drops to Four Per Cent. Today

New York, Jan. 7.—Stock prices bobbed up and down today, with no trading action today, without showing any indication of a definite trend. Trading fell off to the smallest volume of any full session for the year or more, the ticker frequently pausing for seconds at a time because of the absence of business. Commission houses presented a somewhat deserted appearance, floor traders apparently accounting for much of the day's business.

Call money, viewed at 4 1/2 per cent, but the demand was so slight that the rate was dropped to four before mid-day. This was the lowest rate since February 9, 1928. Time money market was dull with rates unchanged but short term bankers' acceptances were advanced 1-8 of one per cent.

COLUMBIA BUYS PRICELESS WORKS

Library of Von Richthofen Is Procured by Law School

New York, N. Y.—The Columbia University School of Law has purchased 4,250 volumes comprising the library of von Richthofen, a German scholar who died in 1888 as a part of the secret efforts to rescue evidences of ancient European law.

The Richthofen library, the announcement said, is considered one of the most valuable records of the law as it existed in various cities and towns in Germany during medieval times.

Included in the collection are a history of the laws of the Frisians, a Teutonic people who were settled in the region about the North Sea adjoining the Saxons who conquered England; rare items dealing with the customary laws of towns and cities in the Netherlands and northern Germany; old grammars, dictionaries and glossaries; scientific treatises on European legal law and important genealogies.

Richthofen was born in 1811 and obtained his doctor's degree at Halle in 1840. Early in his career he determined to devote himself to the study of the Frisians, and he continued his research until his death.

The law library started six years ago to purchase materials relating to local laws in France as the beginning of its plans of securing a comprehensive body of works bearing upon the customary law of Europe. The appearance of the Richthofen collection upon the market, it was explained, offered an unusual opportunity to extend the research to Germany and a special grant of funds was made by the university to enable the law library to purchase the complete collection from a German dealer.

BOOKS RETURNED MYSTERY DEEPER

Found on Doorstep of Foy And Irwin's Bottling Works

Yesterday's mystery solved itself this morning and all by itself. Evidently the person or persons, who took away the account books from the office window sill of the Foy & Irwin Bottling Works at Pinnacle street, during the early hours of Monday morning, found out that the figure therein did not net them anything. This morning, as Mr. Bottom went into his office, the books were found resting on the step, in good condition.

As they have been found the police department will not push the investigation any further.

TORONTO LOST 2,085 CARS LAST YEAR

Toronto, January 7.—During 1929, 2,085 motor cars of all types and sizes, and valued at \$1,459,500, were stolen in Toronto, according to reports issued by the Toronto Police Department. Out of this number but 96 cars were recovered.

LADY LINDSAY IS REMEMBERED YET

Wife of British Ambassador Is Versed in Many Things

Istanbul, Turkey, (By Canadian Press.)—Indian members Lady Ronald Lindsay, whose husband will take over the British Embassy in Washington early next year, in supriorative terms. Though she was here for only two years and a half, when Sir Ronald was British Ambassador to the Turkish Republic from 1926 to 1928, she became a thoroughly known throughout the city of the Golden Horn, from merchants in the most hidden booths of Stamboul's labyrinthine bazaars, to Turkish fishermen of the Marmara, the Bosphorus and the Black Sea. Jade merchants for speak of her as the canniest connoisseur of jade that ever sipped coffee in their dark rug-strewn booths, and old Turks of the sea still tell yarns of the "English" or "American" lady, who rarely discriminate between the two nationalities here—who sailed her yacht with expert skill over the superb Bosphorus waters of Constantinople.

Lady Lindsay loved Stamboul and Stamboul reciprocated. She loved entertaining, and her guests loved being entertained by her. Diplomatic and Turkish society say that no hostess ever reigned more adeptly in the marble halls and vast rooms of the palatial embassy here and other British and ambassadorial to Turkey have counted women as Lady Mary Wortley Montagu.

Busy hostess and busy charity worker Lady Lindsay also found much time for visiting mosques, museums and places of old Stamboul, and for hunting "finches" in the bazaar. She found time, too, for sports, yachting being her favourite with tennis a close second. She and Sir Ronald built the British Embassy's first court. She drove her own car, too, over the seven hills of Stamboul and their perilous cobbled streets. Her ladies served as incentive to Turkish women who at that time were just beginning to venture into society and into sports. The sight of the wife of British Ambassador driving her own car and sailing; her own yacht showed them one could do these things and be a lady.

DEATHS AND FUNERALS

LATE J. HARCOURT

Floral tributes at the funeral of the late J. Harcourt, who was buried at Port Hope on Monday, were as follows:

Cates Ajar, Family; St. Andrew's; Calce, wreath; Mr. and Mrs. A. H. MacConnell, wreath; Mr. M. Kennedy, Dora and Betty, spray; Miss Bernice Anderson, spray; L. O. B. A. spray; Mrs. J. Fenn, spray; Mr. and Mrs. B. Fralick, spray; Mr. and Mrs. D. H. Halp, Mr. and Mrs. E. T. Cherry, Riggs Motor Sales and Staff, wreath; Mr. and Mrs. M. McDonald, wreath; Douglas and Jean Dent, spray; Marguerite Pratt, wreath.

NO PERMITS FOR MENNONITES ISSUED

Ottawa, Ont., Jan. 7 (C.P.).—"No permits have been issued to the Mennonites" declared W. J. Egan, deputy minister of Immigration and Customs, when invited to comment on the Canadian Press Cable which, quoting the Vosses Zeitung, of Berlin, said that the proportion of three thousand Mennonites who had lately moved from Russia to Germany any would proceed to Canada. Departmental officers were emphatic that as far as Canadian immigration authorities were concerned there was no basis for the story.

Will the party who took a pair of skates from in front of 243 Bridge St. East, on Dec. 31st, return same and save further trouble as they are known. J6-21d

HON. T. A. CRRER TO HAVE OPPOSITION

Brandon, Man., Jan. 7.—The entry of Hon. T. A. Crrer, newly appointed Minister of Railways, to the House of Commons will not be without opposition. Conservative leaders of Brandon constituency last night announced their intention of placing a candidate in opposition to Mr. Crrer in the by-election here on February 13, though it was understood no name had been agreed upon.

Love Reborn of Soldier Courage! HIS COMRADES, HIS SWEETHEART CALLED HIM COWARD — BUT —

REGULAR
PRICES

he would show them the stuff he was made of. And so Harry Feather-sham plunged into the dangers of the lawless Sudan desert, into the torments and perils of the African jungle.

Out of the very crucible of courage he emerges at last, purged of the taint of cowardice after the wildest, most stupefying series of breath-taking adventures the silver screen has ever witnessed.

Thrill after thrill! You have never seen anything like it since "Chang" and "Beau Geste." It stuns you with its sweeping vistas of British troops battling with thousands of the wild Fuzzy-Wuzzies tribes men of the African Sudan. It shivers you with the thundering menace of hundreds of ferocious jungle beasts. It exalts you with its rich romance—a love story that takes root in your heart.

Made by the adventure-showmen who made "Chang," it is truly the world's newest favorite in the world of screen entertainment. Actually filmed in the African wilderness, it is the all-time epic picture of plot, action, spectacle and thrills. See it and HEAR it at the

SOUND NEWS

All Toronto Records SMASHED

Exactly 47,000 people (a Provincial Record) paid admission in one week at the Lipton Theatre, Toronto, to see "THE FOUR FEATHERS." Surprising, isn't it—when you consider it almost half the population of Ottawa or Hamilton, and more than the combined population of Belleville, Kingston and Brockville. It proves, doesn't it, that there is distinctive, really worthwhile entertainment that Dad, Mother, Sister and Brother want to see over and over again.

THE FOUR FEATHERS

STONE AGE MAN IS IN AUSTRALIA

Bushman Is Counterpart of
European Civilization's
Ancestors.

Honolulu—What a live Stone Age man does with a beer bottle is related by an eye witness, Dr. Stanley D. Porteous of the University of Hawaii.

The stone age ancestors of Europeans passed 4,000 and more years ago into a higher stage of civilization, but the Australian bushman is regarded by anthropologists as an actual stone age survival.

Dr. Porteous studied these natives recently while head of the anthropological expedition of the Australian National Research Council into central and northwestern Australia.

"The natives of the northwest," he says, "are particularly skillful in chipping stone or glass spear heads. The only tools are a sharpened bone or stick, some stones and a piece of soft bark."

"Give a native a beer bottle and in an incredibly short time he will have clip ped for you a symmetrical spear head of deadly sharpness and of symmetrical outlines with regularly barbed or serrated edges."

"However, these blacks are not quite so much of the stone age as those of the center, where stone knives and tomahawks are actually being made and are in use today."

BELFAST BOMBER TO MEET FIELDS

McLarnin Seeks Return Go
With Present Welter
Champion.

New York, N.Y.—Call him the Belfast Bomber, Clouting Celt or whatever you wish. You can't go wrong using strong pugilistic nicknames on this man Jimmy McLarnin, of Vancouver. Young Jimmy absolutely is one of the choicest light fighting machines of the era. He is just good enough to be rated in the east or even money bet to uncrown Jackie Fields, the welter weight champion.

McLarnin slipped to the brink of disaster a few months ago by losing on a technical knockout to Ray Miller, then walking ten miserable rounds with Miller in a return bout.

His real worth as a fighter was shown in a comeback as a welter-weight when Jimmy flattened several

of the boys in the 144-pound division. Notable among these were Sergeant Sammy Baker and Ruby Goldstein, who lasted two rounds each against the Vancouver annihilator.

That inevitable McLarnin-Fields championship scrap has the boxing writers turned up like the thing was coming off next month.

From this angle it looks like a cinch for early summer in one of the New York ball parks. And it is safe to assume that if Madison Square Garden already hasn't sewed up the bout, it is in there concentrating on a show that should be good for a gate of up wards of \$500,000.

Since Jackie Fields avowed he would be a fighting champion, his quick acceptance of an opportunity to meet McLarnin is anticipated. Four years ago when he was fighting as a bantam weight Fields lost to McLarnin on the only knockout of his career. Jackie was only 18 then. His eagerness to do over an assignment bungled in his juvenile days is taken for granted.

WORTHLESS PILE PROVED BIG FIND

Neolithic Man's Remains
Found Through Youth's
Curiosity.

Lewiston, Ill. — A country boy's curiosity in a few "worthless clay piles" that had been an eye-sore to generations of his farm folk ancestors brought him distinction.

Dr. Don Dickson in boyhood trudged barefoot over these clay piles, his youthful imagination stirred each time a whitened skull, stone, spear-head, or bit of shell bead was exposed by a heavy rain or fresh plowing.

"Indians," his father would tell him. "Just a few worthless redskins who went to their happy hunting ground hereabouts."

And then the elder Dickson would complain because the "pesky mounds" made the cultivation of his farm difficult.

Two years ago, Dr. Dickson began excavating one of the smaller mounds. What he found made him neglect his profession of medicine and later remove his shingle to become an archaeologist, with a scientific storehouse in his backyard.

Scientists came to view the huge burial ground of the Neolithic man. Five hundred skeletons were excavated. Primitive implements of warfare were found; crude cooking utensils, and cruder bits of ornamentation, have been revealed by this amateur archaeologist.

The bodies were buried, one by the

other, with a few inches of clay between. In one mound they were so closely packed as to suggest a pestilence.

"Some pottery we found suggested an attempt at glazing," said Dickson. "Many effigy pieces were found, such as birds and animals."

TELEVISION HAS SHOWN PROGRESS

Barriers Are Being Slowly
Broken Down by Labor-
atory Tests.

New York, N.Y.—Television slowly is breaking down the barriers that continue to keep it in laboratory stage. Such is the impression obtained at the Baird Television Laboratories which have been established in New York as a step toward making possible home reception of pictures by radio. How soon the object will be an accomplished fact can be determined only by the future.

In the local development rooms, part of which resembles a studio, various types of television "cameras" and receivers have been set up and tests are being made by the use of wires connecting the two units. In all of the tests both voice and picture of the speaker are fed into the receiver over separate channels.

The work is in charge of an English staff sent from the John L. Baird Laboratories in London, and is headed by Capt. William J. Jarrard.

Laboratories were established on this side of the Atlantic, Captain Jarrard indicated, to make possible the broadcasting of radio pictures for home reception in the United States. Ultimately it is hoped to use the broad cast channels, which at present are restricted to television between the hours of 1 and 6 a.m.

Television broadcasts are now being made in Germany by Baird, and negotiations have been completed with the British Broadcasting Company for such transmission in England.

ISHBEL MACDONALD IS GIVEN A FIRST COPY

Washington, D.C. — The first copy of the Children's Bureau's new version of its most popular bulletin, "Infant Care," was sent to Miss Ishbel MacDonald, London, England.

While in Washington, Miss MacDonald, whose chief interest is child welfare, visited the bureau and saw the printed sheets. She made such enthusiastic comment that Miss Grace Abbott, bureau chief, decided she should have the compliment of receiving the first copy.

Mr. and Mrs. Reynolds and family spent Xmas at Belleville with the former's mother.

Mr. and Mrs. Ben Clarke spent Xmas with their daughter, Mrs. W. Shufeld.

Mr. and Mrs. Simmon, of Foxboro, took Xmas dinner with Mr. and Mrs. Haines.

Sam Rollins and children, of Cooper, spent the week-end with Mrs. Reynolds, also Miss Hannah and Royce, of Wooler.

Rev. Mr. and Mrs. Merrick and Miss Mary took tea Monday at Mrs. Jno. Reynolds.

Ox Xmas tree was a great success. Everyone turned out and we made \$21.32. Each one played their part well.

STIRLING

Mr. Jack Bailey of Port Dalhousie, is spending a few days with his mother, Mrs. A. Bailey.

Miss Ruth Gibson, school teacher at Hoard's Station, is visiting her aunt Mrs. T. H. Matthews.

Mr. and Mrs. H. McCutcheon have returned to Detroit after spending a few days with the former's mother, Mrs. H. McCutcheon.

Mr. and Mrs. P. C. McGuire and Margaret Anne, spent New Year's day with Mr. and Mrs. C. B. McGuire, Belleville.

Mrs. W. Hume, of Burnbrae, is spending a few days with her parents, Mr. and Mrs. W. Anderson.

Mr. and Mrs. A. E. Dobbie were the guests of Dr. and Mrs. Curtis in Marmora on New Year's day.

Mrs. G. A. Farrell, of Grimsby, is visiting for a few days with her parents, Mr. and Mrs. R. P. Coulter.

Miss Peggie Bailey, of Concession, is visiting her mother, Mrs. W. Bailey.

Mr. and Mrs. W. Walker are Ottawa visitors for a few days.

Mr. Ward Stiles has returned to Toronto after spending the holiday with his parents, Mr. and Mrs. J. Stiles.

Dr. and Mrs. A. E. Carleton have returned home, after spending a few days in Toronto.

Miss Agnes Stout, of Peterboro, has been spending the holidays with her parents, Mr. and Mrs. Jas. Stout.

LATTA

The moderate weather was welcomed by every one after the zero weather we have been having for the past few weeks.

We are glad to report that Baby June Coulter is much better after a severe attack of pneumonia.

Mrs. S. Wood, of Rochester, is spending the holidays with her mother, Mrs. M. A. Latta.

Miss Mary Maines, of Toronto, is spending a few days with her parents, Mr. and Mrs. E. S. Maines.

Miss Phyllis Hall spent Thursday with her friend, Miss Anne Beattie.

Mr. Clare Gove, of Belleville, is spending a few days under the parental roof.

Miss Goldie Colden spent Saturday with Miss Helen Hall.

A large number of friends and neighbors called at the home of Mr. and Mrs. John Colden on the evening of December 23, and presented their eldest daughter, Doris, bride-elect, with miscellaneous gifts. The presents were both numerous and costly, showing the high esteem in which she is held. Their home was again invaded on December 30 by a large number of friends and relatives, who presented Miss Colden with some beautiful pieces of china and silverware. The evening was spent in cards and dancing, after which a dainty lunch was served, by the hostess. Miss Colden thanked her friends for their gifts, and they all joined in wishing her much happiness and prosperity on her journey through wedded life.

MADOC

Mr. L. MacConnell, of Cannington, is spending a few days in town.

Mr. Charles Pringle, of Leader, Sask., is visiting at his home in town.

Mr. Donald Kimloch, of Oshawa, spent New Year's day in town.

Mr. Archie Kincaid, of Toronto, spent a few days in town.

Miss Mildred Comerford is visiting friends in Malone.

Mr. and Mrs. Lewis Cole, of Listowel, are visiting Mrs. D. Bowen.

Mr. D. McGilvary, who has been in Ottawa, has returned to his home.

Mr. E. Bedford was in Campbellford attending the funeral of his father, Mr. Henderson, of Lansdowne.

Miss Eleanor Cochran left on Saturday for Blenheim.

Mr. George Moorecroft, of Lindsay, was visiting his parents, Mr. and Mrs. D. Moorecroft.

SHANNONVILLE W. M. S.

The regular Monthly Meeting of the W. M. S., of the Shannonville United Church met at the home of Miss Rhoda Pringle, Jan. 2nd, 1930. Meeting opened by singing hymn 509 followed by prayer. Mrs. Ross Shetter read the Devotional leaflet and the secretary called the roll, members answering with a new year's resolution.

Most of them resolving to be more faithful in W. M. S. work. Minutes of last meeting were read and approved. Mrs. (Rev.) H. Clarke read the treasures report showing a very successful year's work financially.

Mrs. (Rev.) H. Clarke moved that as one of our members Mrs. P. Knight has lost her father that a letter of sympathy be sent her from this society.

Mrs. Stickney seconded this motion which was carried.

We regret very much the removal of two of our members, Mrs. S. Hickerson and Mrs. H. Bigelow and it was decided to have our secretary send a letter to the W. M. S. in their new homes.

Mrs. Fred Buscard and Mrs. S. MacDonald thanked the society for cards sent when they were sick in hospital.

Mrs. C. Liddle, first group leader, then took charge of the programme.

Mrs. H. Sine and Mrs. W. Barnett sang together, "Count your many Blessings".

Miss G. Stickney gave a temperance reading "Fighting the Nations Feet".

Mrs. (Rev.) H. Clarke gave a reading, Mrs. Catoford's Mite Box, and Mrs. W. D. Robertson read "The Gift without the Giver".

Meeting closed by singing Hymn 297 and the Mizpah benediction. Attendance 22. Collection \$2.30. Five members paid in this month making a total of 5.30 at this meeting.

A delicious lunch was served and a social time enjoyed at the close of the meeting. February meeting to be held at the home of Mrs. F. Barlow.

All ladies welcome.

NEW DEVICE FOR WRECKED SEAMEN

Pocket Searchlight Aid to
Mariners in Signalling
for Help.

New York, N.Y.—Some of the blind helplessness of life boats at sea at night is likely to be relieved.

The army, the navy, the steamship inspection service of department of commerce and the coast guard have under development a device to that

end. With it a man can carry in his coat pocket the equivalent of a standard lighthouse, 200 feet high, with a light of 500.0 candle power, with which to signal for help or guide rescue vessels.

The device resembles a big .45-caliber pistol, although its barrel is a little fatter. It fires like a pistol and projects upward 200 feet or more a projectile about the size of a big cannon cracker. This bursts and releases a 50,000 candlepower flare, suspended from a parachute.

The suspended light burns 30 seconds, and the pistol is designed to be reloaded with one hand so that any desired succession of lights or even a code of signals can be sent aloft.

Waves washing over the lifeboat or water swamping it have no effect on the reliability of the pistol. Its ammunition has been stored in salt water for more than 24 hours without effect.

Meaneast man in Arkansas is the fellow who dumped several cakes of soap in the only well near Walnut Ridge.

Loose morals, an aftermath of war, are responsible for divorce evil, according to Dr. Clarence True Wilson of Washington.

Woman was buried in Brooklyn, N. Y., wearing ring which her fiancé gave her in 1860. He went to war and never returned.

(Continued from Page One)
bill to punish the buyer as well as the seller of intoxicating liquors. Many prohibitionists believe that they have already accomplished all that could be reasonably expected in the enforcement of prohibition. They have abolished the open saloon, have greatly reduced the importation of liquor by land and sea, and have placed their own henchmen on the prohibition enforcement bureau and on the federal bench. They recognize that it would be an impossibility to prevent some alcohol being manufactured and consumed in a country with the vast area and enormous population of the United States. They fear a popular reaction against too repressive legislation or too violent enforcement.

Mr. Hoover probably takes very much the same position. He will enforce the law to the best of his ability but with a certain amount of discretion. It is doubtful if the people will become excited over the charges of lax enforcement recently hurled against him by Senator Borah. It has been at ready pointed out that the western Republican senators who are now picking a quarrel with Mr. Hoover on the subject of prohibition, are also making all the trouble they can for him on the subjects of the tariff and farm relief legislation. They are likely to be against him on the World Court protocol and on nearly every other issue which he may submit to the Senate. In short, the present flurry over prohibition is in part a struggle between the eastern and the western wings of the Republican Party, and in part a disagreement on questions of policy between the moderate dyes headed by President Hoover and the extremists captained by Senator Borah.

Children CRY for it

It may be the little stomach; it may be the bowels are sluggish. No matter what coats a child's tongue, its a safe and sensible precaution to give a few drops of Castoria. This gentle regulation of the little system soon sets things to rights. A pure vegetable preparation that can't harm a wee infant, but brings quick comfort—even when it is colic, diarrhea, or similar disturbance.

child grows older. If you want to raise boys and girls with strong systems that will ward off constipation, stick to good old Castoria; and give nothing stronger when there's any irregularity except on the advice of a doctor. Castoria is sold in every drugstore, and the genuine always bears Chas. H. Fletcher's signature on the wrapper.

Gained 10 Pounds In 22 Days

That's going some—but skinny men, women and children just can't help putting on good healthy flesh when they take McCoy's Cod Liver Extract. Full of health and weight building substances—the proven and successful kind—the kind that are a real help to frail, run down, skinny men and women.
Try these supremely efficient sugar coated tasteless tablets for 30 days—if they don't help greatly your money will be refunded.
One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents. Economy Size \$1.00. Ask Doyle's Drug Store or any drugstore for McCoy's Cod Liver Extract Tablets. Directions and formula on each box.

SPORTING SECTION

JUNIOR TUSSLE WAS POSTPONED

"No Ice" Sign Hung Out at Trenton, so Game Was Called Off

Owing to the fact that the Trenton Arena looked more like a swimming pool than anything else last night, the Junior O.H.A. game between Belleville and Trenton had to be postponed. Belleville had a strong team ready to take to the ice had there been any, and the fans who know seemed to be sure that the locals would cop the first out of the game. Belleville is favored to win the group on their last year's showing if nothing else, and although there are several new players on this year's squad, Manager Eddie Thomas feels that they will do as well if not better than the 1928-29 representatives.

CHICLE LEADS RACE HORSES IN WINNINGS

New York, N. Y.—With a trio of two-year-olds showing the way, Chicle, an imported son of Spearmint—Lady Hamburg topped the American turf during 1929, when his get won \$254,655.

The bulk of Chicle's winnings were contributed by three juveniles, Harry Payne Whitney's champion, Whirlwind, which the chief contributor.

Whirlwind, winner of the Rich Belmont Futurity, won \$129,455, while Dusenmiller was responsible for \$28,850, and Goose Egg, \$12,925. Distraction, a four-year-old, was the only elder son of Chicle to add to the winnings of the champion sire.

Ranking second was Light Brigade, also an imported sire. His sons and daughters won \$236,220 with the great three-year-old filly Rose of Sharon, responsible for the major portion.

Thanks to Clyde Van Dusen, Kentucky Derby winner, and Bateau, a flashy four-year-old filly, Man-o-War ranked third with winnings of \$215,220.

Y. M. C. A. BOWLING

The Maple Maulers started their bat tie with the pins in great style last night when two leagues got away to a flying start. The Freshies and the Shamrocks, (The Irish Five) jostled them around with the final result, 3 points to 1 in favor of the Freshies. Many new bowlers lined up for the first time to get a taste of interesting league bowling. Singles leading the parade were H. Horrigan 162, B. Horrigan 160, Peg Burke 222, Miss Graham 196, 219, Miss Summons 169.

The Ladies All Stars who are now known as the Peaches celebrated their

CITY LEAGUE GAMES TONIGHT

Theodore Von Eltz, William Powell, Richard Arlen and Olive Brook, who co-star with beautiful Fay Wray, in the year's wonder picture "The Four Feathers" revealing the romance of "Beau Geste," and the thrills of "Chang"

CHICAGO CRIME WAVE INCREASES AND EVEN HOME S BECOME UNSAFE

Murders, Stabbings, Shootings and Robberies Flourish at All Hours

SHORT PAY ROLL

Congressman Defies Summons to Explain "Graft" Charge

Chicago, Jan. 7.—Police officials and citizens generally view with apprehension the mounting crime wave that is sweeping over Chicago. A check-up of police stations shows nine persons shot in hold-ups, two of them as bandits, and approximately 70 burglaries and robberies. There were two murders and three stabbings. The most sinister aspect is the invasions of homes by robbers. Even the hoodlum infested streets are as safe as the home under present conditions, and there is at least a chance to run if attacked on the street.

Police Commissioner William Russell says the news that Chicago is cutting its Police and Fire Departments to the bone has been thoroughly disseminated in crime circles everywhere and that crooks will flock here from other cities to get a share of the "easy" money.

Fire Outbreak Fears

With the skeleton Fire Department, it is feared vast properties may be destroyed, especially great storehouses along the river and lake, which are left unguarded because the three fire boats have been out of commission. Land fire companies cannot get to many of these great structures, and fireboats are their only protection. Furthermore, with business slack in several lines, authorities look for an unusual number of "insurance" fires, which may endanger or destroy costly areas.

As the result of lack of funds and the curtailed 1930 budget, City Hall officials are facing these additional difficulties:

The danger of inability to meet the January payrolls and bills for coal, stationery and other expenses.

A curtailed budget in the Streets Department, with no funds for snow

removal and shortened finances for removing garbage and refuse.

Inability to pass the tax levy ordinance by Jan. 19, even if the Mayor signs the application bill.

Would Probe Graft
A move by Alderman F. Albert to investigate graft and waste in the City Hall, declaring the dismissal by the administration of 473 policemen a political scheme to return to the 1929 budget.

February payrolls will be out of the question unless the Mayor approves the budget to permit it to become effective on Jan. 19.—Even at that, the officials would have to appeal to outside bank to take up anticipated tax warrants.

Taking advantage of his "immunity" right as a Congressman, Stanley H. Kunz, veteran member of the House of Representatives, yesterday defied a Grand Jury subpoena, and departed for Washington. This leaves the State helpless so far as summoning Kunz is concerned, in its investigation into civil service irregularities.

SCREEN TRIUMPH COMES TO BELLE

"The Four Feathers" One Of Season's "Stand-out" Films

"The Four Feathers" which will be shown at the Belle Theatre on Wednesday, Thursday and Friday, with matinee daily, has been acclaimed by critics everywhere as "THE" picture of the year; one of the criticisms followed:

"I am inclined to think it is one of the great pictures of the year; certainly it is the greatest picture of pure action. Imagine, if you can, a rainfall of what seem to be hundreds of hippopotami, their huge bodies splashing down into a stream of water over a lefty slide. Imagine, too, the bizarre effect of hundreds of fear-crazed baboons scurrying from a brush fire across a swaying tropical bridge. So of it is illusion, but it is all mighty

Clemenceau had kept their dignity alive in them.

When the death of the Tiger ended their long years of service with him, they immediately received offers to become valet and chauffeur to rich people.

Poulain refused without knowing what he might do, but sure that he didn't want to be an exhibit in the salon of some newly rich person.

Brabant, much older, went down to Vendee to be the custodian and guide of the Clemenceau museum in the old home by the seax at Saint-Vincent-Sur-Jard.

PHILLIPSTON W. M. S.

The January meeting of the Phillipston W. M. S. was held at the home of Mrs. Harry Ketcheson with most of the members present. The meeting opened by repeating the watchword and singing the hymn, "Another Year Is Dawning."

Following the hymn the newly elected officers were asked to remain standing while Rev. Wootton conducted a very interesting ceremony for the installation of the new officers.

Mrs. Harry Ketcheson, the newly elected president responded by speaking of some plans for the coming year. The roll call was then given and was answered by each member giving a Missionary's name. The minutes were then read and adopted, after which the reports were given.

The treasurer reported that the society had reached their objective of \$145.00, and still had some money in the treasury. Business was discussed. The hymn "Jesus Saves" was sung after which Miss Laura Robson gave a reading entitled, "Our Duty." The scripture lesson 1 Corinthians, 13 chap. was read responsively. A very interesting reading containing some New Year's thoughts was read by Mrs. J. F. Ketcheson.

Prayer for guidance during the coming year was led by Rev. Wootton. Solo was then rendered by Miss Edna Ketcheson entitled "Lay My Head Neath a Rose". Rev. Wootton made a few remarks. Mrs. Harry Ketcheson moved a vote of thanks be tendered to Mr. Wootton. Collection was taken and the meeting closed by repeating the Mizpah benediction. After the meeting a very pleasant social half hour was spent, during which refreshments were served.

Denver, Colo., youth held thirteen spades on the first hand in bridge game.

SERVANTS OF "TIGER" REMAIN INDIVIDUALS

Paris.—When France's great war premier, George Clemenceau, died recently, his two faithful servants changed their way of life and refused any longer to be servants.

"Who one has served a man like that," said Albert Poulain, his valet for his friend, "he can never serve others."

Brabant, the chauffeur, took the same view. Both felt that they had been more than servants in the privilege of attending their master.

Shopping Canadian Style

IN many places abroad shopping is a matter not to be approached lightly. It takes time, and the ability to bargain, haggle and compromise. They like it!

In this country advertising has simplified the buying process.

When you start out to shop in Canada you are conversant with quality, brands, values. The reliability of a well-known name is behind most of the things you buy—guaranteeing you satisfaction. And the price is the same to you as to everyone else!

Think of the time and trouble you save by reading the advertisements! How little thought and effort are required in the daily shopping. How well you can budget your expenditures. And how much delightful leisure this decreased shopping time affords you!

Take full advantage of the modern mode in buying. Read the advertisements every day. Have your mind well made up when you start out to shop.

Progress on the Princess Joan and Princess Elizabeth, Victoria-Vancouver, night service boats of the Canadian Pacific Railway, has been so rapid that Captain C. D. Nesbitt, manager of the B. C. Coastal Steamship service, has announced that the trial trip of the first vessel to be ready will be March 25. Each ship has five decks and berthing capacity for 451 persons.

In the great Chinese province of Manchuria, equal in area to Germany, Marshal Lian Chang, 29-year-old war lord, is experimenting with education on a colossal scale to bring his war-ridden people to peace and progress, in the statement of John Nelson, former publisher of the Vancouver World, who recently landed from the Empress of Russia at Vancouver on his return from the Orient.

Great industrial development throughout western Canada which in the last two decades has brought the annual gross value of manufactured articles produced in the western provinces to \$500,000,000 was described recently by E. P. Sweeting, industrial commissioner of the Canadian Pacific Railway, in an address to officers of the company at Winnipeg. "Those of us who have lived through and watched western Canada developments during the last 20 years are assured as to the future of that part of the Dominion," he said.

"Railway conditions as they exist in Canada to-day are readily comprehensible and we are in the fortunate position of being able to assure our shareholders that the decreases represent the result of an extraordinary combination of conditions and that the railways have not failed in efficiency or otherwise," stated E. W. Beatty, chairman and president of the Canadian Pacific Railway, in an address recently at the Royal York Hotel, at the annual meeting of the Commercial Travellers' Association of Canada. Mr. Beatty added that the situation in 1929 was exceptional and not likely to be repeated in subsequent years.

The North German Lloyd Company of Montreal is arranging a trip of German farmers to Canada next summer with a view to investigating Canadian conditions and agricultural opportunities. The trip will commence with a visit to the Annapolis Valley, stopping at Kentville to view the Experimental Farm and the orchard country of Nova Scotia.

The Department of Lands and Forests reports that 1,076 moose and 1,355 deer were killed in Nova Scotia during the hunting season of 1929.

New Brunswick's potato crop for 1929 had an official valuation of at least \$8,000,000 placed upon it, according to intimations of the Provincial Department of Agriculture officials, when the final report on agricultural conditions for the crop season was issued recently.

LOCAL DRUGGIST GETS BIG AGENCY

Dolan, The Druggist, Secures Exclusive Five Year Franchise for Sargon, The New Formula Which Has Recently Been Introduced in Canada

Local citizens who have heard of the results which have been accomplished by Sargon, will be interested in the announcement that this new and scientific formula can now be obtained in this city.

Sargon was introduced in the United States in April, 1928, and in a short time it has become a nationally-known, nationally-advertised product. Not in recent years, perhaps, has any other medicine of its kind attained such widespread popularity, and were it not for the actual facts and figures given out by some of the leading drug firms of America, the success attained by this product would be hard to believe.

Sargon is now being introduced in Canada, and a new, modernly equipped plant has been established in Ontario to take care of the rapidly growing demand throughout the Dominion.

In awarding the local agency, the manufacturers of Sargon are carrying out their established policy of confining the sale to one thoroughly responsible and centrally located drug firm in each city, and wherever introduced the Sargon store will be found to be one of the leading and most representative. Such firms are always anxious and willing to co-operate with the manufacturers of meritorious products, especially internationally known products of proven merit.

Sargon was recently introduced in Toronto, Hamilton, London and other cities in Ontario, and judging from the large initial sales and the repeat business it has enjoyed, it now seems a foregone conclusion that the success attained by Sargon in the United States will be duplicated in Canada.

In the leading cities of the United States some of the most prominent men of the country have been among the hundreds who have come forward to tell what Sargon has done for them and many thousands have used it with the most gratifying results. Human nature is the same the world over, and when suffering men and women find a medicine that helps them, they want to tell their friends about it, and in this way Sargon is rapidly becoming known throughout the entire American Continent.

The exclusive agency for Sargon and Sargon Soft Mass Pills for this city and section has been awarded to Dolan, The Druggist. In anticipation of the extraordinary demand, this well known firm has just received a large shipment of this celebrated medicine.

TO ATTEND WEDDING

Kingsford, January 7.—Mrs. William Kingsford and Miss Eleanor Murray, have left for New York to be present at the marriage of Miss Francis Auchin, daughter of Dr. and Mrs. Hugh Auchinloss and granddaughter of Mrs. Newlands to Thomas Watson Armistead, in St. Bartholomew's Church, Park Avenue on January 10th.

Man in Cedar Rapids, Ia., exchanged his old automobile and a bear for new car.

BAN ON SMOKING IS LIFTED BY COLLEGE

Baltimore, Md.—Smoking by girls has become so common that Goucher College has lifted the ban against students smoking in public places.

An announcement from the college explained the reason for the move. Initiated by the student council and approved by the college authorities, smoking will be permitted in tea rooms, approved by the college and a smoking room in a dormitory will be fitted up.

WORLD WIDE MEN DIED LAST YEAR

Persons Widely Known, Answered Call Of Grim Reaper

New York.—Death, respecter of no class or creed, closed the careers during 1929 of an unusually large number of persons widely known for their leadership in their respective spheres or because of the high stations they occupied.

Among them were many whose achievements won for them fame throughout the world.

The most noted figures to pass from the world stage were Georges Clemenceau and Marshal Ferdinand Foch. It was Clemenceau, the statesman who, as prime minister, welded together all France for the final stroke in the world war, and made Foch commander of the French army. From his post the marshal advanced to command of the allied armies to finally achieve victory.

There was somewhat of a coincidence in the writing of "30" on the careers of two eminent journalists, Melville E. Stone, one of the organizers and for 25 years general manager of The Associated Press, and Thomas Fay Payson, "father of the House of Commons." Mr. Stone preceded his famous Irish contemporary a life by two months and in death by nine months.

Deaths noted churchmen included Cardinal Gasquet, regarded as one of the most learned men in the world, and Cardinal Dubois, head of the Catholic Church in France. Another religious and social work leader who died was General William Brewster Booth, head of the Salvation Army.

Gustave Stresemann, foreign minister of Germany, Lord Rosebury, noted British statesman, Prince Bernhard von Buelow, former German chancellor, and Prince Max von Baden, the last German imperial chancellor were prominent European who died.

The curtain was rung down for the last time on several stars of the amusement world. Among them were Lily Langtry, an old-time actress noted for her beauty; Raymond Hitchcock and Frank Keenan, veteran actors; Joanne Engels, a young star; John Cort, theatrical producer and manager, and Henry Arthur Jones, a British dramatist.

The world of sports lost one of its most picturesque figures in the death of George L. (Tex) Rickard, promoter of world's champion boxing bouts; three who won fame in baseball—Miller Y. Huggins, manager of the New York Yankees; George T. Stallings, once called the miracle man of baseball, and Joe McGinnity, whose pitching

Miss Jenny Van Parys, 17 years old, of Janairo, to take part in the world-wide contest to elect "Miss Universe," as forthcoming contest at Paris. France the most beautiful girl in the world to elect "Miss Europe." Should she Copyright, 1930, Pacific and Atlantic be successful, she will go to Rio Photos, Inc.

ing stunts earned him the title of "Iron man."

CROP CONDITIONS SHOWED CHANGES

Crop Prospects Still Likely To Undergo Wide Spread Changes

Chicago, Ill.—Spectacular changes in crop conditions, wide price fluctuations, and extraordinary ventures with government funds tell the grain story of 1929.

It is one that long will be remembered in the grain trade and a continuance of unusual conditions looms for 1930 with a battle of giant economic forces, organized as never before, in the offing.

Crop prospects are as likely, as ever, to undergo widespread sudden upsets, and with the outcome capable of being accurately prophesied by only the seventh son of a seventh son.

Early last spring, May, wheat was quite low because of a large carry-over. Talk of farm relief hoisted prices.

But the pressure of actual wheat caused a decline. During the summer there was a renewal of farm relief talk. A good deal of speculative and investment buying followed. Then came reports of damage to the Canadian crop and the price rose steadily until Chicago May sold at \$1.64.

Certain it is, board of trade officials said, that speculators carried the load during the heavy marketing period, and lost millions of dollars later when prices sagged heavily on account of improved crop conditions in some countries.

After the Federal Farm Board fixed certain basic prices on which it would lend government funds to cooperative agencies, a price upturn resulted, but the successive falls in the stock market broke the Chicago December price to about 7 cents under the basic loan price.

Confidence was restored by a department of agriculture statement November 16, which said, in effect, that all crops outside of Russia this year would be 330,000,000 bushels less than last year, and that, based on supply and demand, wheat would sell 25 cents higher within the next two months.

The season's low on May wheat was \$1.21 3-4. The low on May corn was 91 1-2 cents and the high \$1.09 3-8 home city, Guelph.

May oats 37 cents and 60 3-4 cents. President Samuel P. Arnot, of the Chicago Exchange, remarked concerning the future:

"If we are to accept the views of the department of agriculture and the Federal farm board, then wheat prices will go much higher."

Wheat receipts were in excess of 35,028,000 bushels handled in 1929. Corn receipts were 69,296,000 against 93,290,000 bushels last year, and oats 35,213,000 against 449,118,000 bushels. Decreases in receipts have been due to the overworked condition of the storage facilities.

CHANCE FOR ALL ON STOCK MART.

Chicago, Ill.—Arthur W. Cullen, native of Guelph, Ont., famous veteran trader of the grain pit and the exchange floor, says the stock market is a fair institution for investors who use intelligence in making their purchases.

The name of Cullen has been closely linked with that of the Fishers of Detroit and other large traders who have taken the long side of Westinghouse United States Steel, Baldwin, Montgomery Ward and International Harvester, profiting when the market was booming.

He is averse to publicity and takes no part in the activities of a dozen or more clubs to which he belongs. He pays the highest income tax in the Chicago area and is credited with having taken \$10,000,000 out of the market in a single maneuver.

Cullen, however, permitted himself to be interviewed informally as he leaned against the fireplace in his office, smoking. He said:

"Two things are needed to succeed in the stock market—nerve and vision. 'The stock market today is a fair institution. Everybody has a chance except those who do not use their heads. A man can't expect to make money on a stock if he buys without the faintest knowledge of the stock.'"

Cullen is small, lean, trim, with a prominent jaw. His sparse hair is curly and gray and his eyes gleam. His glasses are rimless, cut half-moon shape.

Among Cullen's diversions is his 800-acre farm in Du Page county. The place is stocked with 10,000 hogs, 200 cattle and about 20 horses, the latter because he is "sorry for the critters." There then is the great hotel and recreational centre he is building for his family in a single maneuver.

HUDSON MOTOR IS NOW EIGHT CYLINDER TYPE

Famous Six Now An Eight At Low Price—Essex Improved

Hudson is now an eight—the Great Eight.

And its makers, with a confidence born of 22 years successful experience, are emphatic in their claim that the Hudson Great Eight is an entirely new type in motordom. Prices will be in the well known Hudson range.

Power with economy and without the penalty of over-weighted mechanism is provided by the new Great Eight motor, designed to give the maximum in smooth, quiet performance.

Years of experimental work have preceded the introduction of what Hudson engineers believe to be the maximum performance standards possible in an eight-cylinder car, and eight-cylinder Hudsons have been tested under every possible condition—using the highways as their testing ground—for the past two years.

The car is ultra-modern, not only in its Great Eight performance standards but in its roominess, body lines and finish to the last detail of upholstery, fittings and appointments. The modernistic motif, though carefully restrained, is apparent from the first glance at the new models.

Two chassis are available, the standard wheel base being 119 inches and the larger size 126 inches. While the two chassis differ in length, to accommodate standard or de luxe bodies, and in all minor details, they are identical as far as design and fundamental structural features are concerned.

Low cradled, giving the latest close-to-the-ground effect and thus emphasizing the trend to the modernistic, full balloon tires provide the maximum riding comfort under all conditions.

There are ten body types. The coach, sedan, coupe, phaeton, roadster, and Sun sedan, are on the 119-inch chassis; the larger, 126-inch chassis carries the touring sedan, 7-passenger sedan, brougham and 7-passenger phaeton body types.

The Great 8 Motor. The power plant is a compact, quiet, ideally responsive 8-cylinder L-head motor mounted with four-point suspension, in rubber cushions. With a bore of 2 3/4 inches and a stroke of 4 1/2 inches giving a piston displacement of 213.3 cubic inches—and with the high compression ratio of 5.7, the engine delivers 80 horsepower.

The power yield of 80 horsepower comes from an unusually low gasoline consumption, a factor to which the carefully worked out easy flow manifold system materially contributes. The cylinders and the upper part of the crankcase form a single rigid casting. There are two separate cylinder heads, each for four cylinders, an arrangement which facilitates service work on pistons, valves and other motor parts.

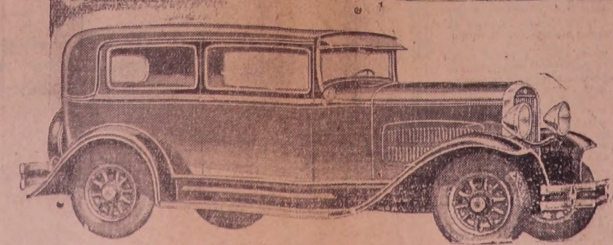

The crankshaft is a development of the famous Hudson principle applied to an eight. Heavy for a motor of the size of the Great Eight, it is counter-weighted to give perfect inherent balance through all speed ranges, without whip or vibration; it revolves in five main bearings of more than ample dimensions. On the front end of the crankshaft an improved Lanchester impulse neutralizer is incorporated in the design.

The connecting rods are light, with large lower bearings. Cam and accessory shafts are driven from the crankshaft through a Morse silent chain adjustable from outside.

New Essex Challenge Motor. The new Essex Challenge has an entirely new motor which attains new smoothness, new comfort and new economy. Contributing factors are

Lanchester balancer, new free-flow exhaust manifold, new dual-flow splash oiling system, and a Mar-V carburetor with new type of riser, exhaust heated at dome.

New Body, New Beauty, New Motor In New Essex Challenger Coach

This new Essex Challenger Coach, new from radiator to rear bumper, with distinctive, modernistic lines and interior treatment, will carry the banner of the type that Essex pioneered

and made popular. Large rigid roomier, because of increased wheelbase, this Challenger model has a new collapsible seat which gives easy access to the rear compartment in which three full grown

passengers can rest comfortably in the new luxurious cushions. New performance is achieved through an entirely new engine.

CANADIAN DEPARTMENT STORES LIMITED

Half Price Clearance Mayfair Shop Dresses Reg. Priced 29.50 to 55.00

Dress Day presents a glorious opportunity in a Half-Price Sale of Mayfair Shop Dresses. Every garment is from regular stock—note their regular pricing. The windows show some of the styles—lip colors are new and popular this season. The variety is so big that individual description is impossible. Inspect them early on Dress Day! —Main Floor—Rear.

Coat and Dress Clearance

Wednesday. Sizes for Misses and Women. Reg. to \$25.00. A splendid choice of styles—the fabrics which are popular for this season are in great variety—the color range, indeed, complete. An exceptional opportunity to select coat or frock at a great reduction—and saving. Reg. price to 25.00—they are notable at this low marking. See the windows—they show only a few of the many on sale. Sizes 14 to 44. Be early—Wednesday! 4.95 Special—Each —Main Floor—Rear.

The New Electric Gyrex Washer

See this new washer on display in our window—note its sturdy, durable construction—its smart, neat appearance—then phone for a home demonstration and convince yourself of its efficiency. 89.00 —Basement.

Sale of Children's Coat's

Wednesday at a Special Low Price. Regular to 19.75. Fine, smooth broadcloth, and velvets—richly and softly furred, in smart tones of brown, tan, green, and blue. ATLANTIC BED IS SUNSET PHOTOS TO BE EXPLORED TAKEN OF MOON

Investigation By Cable Ships Into Quake Along Ocean Floor

New York, N. Y.—Efforts to ascertain just exactly what happened to the bed of the Atlantic ocean three weeks ago when it was shaken by a series of earthquakes that snapped deep sea cables and sent a sympathetic shudder along the North Atlantic Coast are to be made by cable ships of the Western Union Telegraph Company when they finish repairs on which they now are working.

Three ships, the Dominica, largest cable vessel in the world; the Lord Calvin and the Cyrus Field—are now on duty at the scene of the two greatest tremors, the first two about 1,000 miles east of New York, working on repairs to the New York-Azores cable, and the latter some 200 or 300 miles south of Newfoundland, engaged in patching the New York-Newfoundland connecting link of the European cable.

When they have finished their tasks delayed and made difficult by recent storms, they will be instructed to gather all oceanographic data possible by soundings on their way back to port.

So far the ships have noted no marked change in the topography of the ocean bottom since the quakes of November 18. The Dominica and the Calvin, operating on information furnished by the device which locates cable breaks within an average of a quarter-mile of exactitude, have picked up the Azores cable exactly where it was laid.

Although the break occurred at the deepest point along the cable's path, the one-inch wire was fished from a depth of approximately three and a half miles with no more than normal difficulty, although heavy weather since has prevented the completion of the splicing.

The grappling iron of the Cyrus Field caught the Newfoundland cable, too, at the depth of about two and a half miles which was looked for at the point where the break came, while cable ships and ocean companies are reported to have picked up their broken lines in the same area without noting any changes in depth.

Washington, D. C.—Moving pictures of a sunset on the moon and pictures taken in absolute darkness were shown at the annual meeting of the board of trustees of the Carnegie Institute of Washington recently. The sunset film was photographed on Mount Wilson with a moving picture camera using the 100-inch reflector of the observatory's huge telescope as lens. Sunrise and sunset on earth are caused by the globe's rotation on its axis, causing the sun apparently to sweep across the sky each day. Similarly the moon rotates on its axis once in 27 1/3 days.

Because of the heliograph manner of the moon's apparent sweep across the moon's sky, the film covered an actual time of five and one-half hours, while the changes observed were translated by the film in one and one-half minutes. Since there is no atmosphere on the moon, sunset has an entirely different aspect from that on earth, where many of the color scheme when the sun drops over the horizon are caused by dust and other particles in the atmosphere.

New dyes for sensitizing photographic plates enabled the Mount Wilson scientists to picture the unseen deep red by utilizing its energy. The energy was used in another way to light matches by the invisible radiation in a hot wire.

Historic Scene as Five Powers Confer

BATTLE SCENES MUTE EVIDENCE OF WAR'S CURSE

King George in Room of Gold and Glitter Opens World Peace Parley.

FOG IN GALLERY

Fresco of Nelson's Death and Town Plaster Point to War's Ravage.

London, Jan. 21 (CP)—In the great hall of glitter and gold, the King today opened the Five-power Naval Conference, called to try and effect further limitations or reductions in naval armaments. From the throne the color of gold, His Majesty spoke briefly and earnestly.

Members of the British Cabinet, former members, ambassadors, and naval experts, even row upon row of newspapermen, sat upon gilded chairs. It was the King's first speech since his illness, and to deliver it, he came through a fog which penetrated even into the Royal Gallery of the House of Lords, where the delegates met.

Curiously enough, the plea for international co-operation and agreement came amid surroundings that spoke in eloquent silence both of achievements in arms and of the penalties of victory. The King's throne, by an odd coincidence, was placed underneath the huge fresco of Trafalgar. The prostrate figure of Nelson on the deck of the "Victory," with the dead and dying about him, seemed to give added significance to the King's words. In the fresco above evidence of the war in the air. A white spot just beyond the King's right shoulder shows where a fragment from a German airplane struck. It has never been repaired. It remains an evidence of the menace in miniature.

SALVAGING GIRL LIFE AT SCHOOL

Rev. B. N. Purdy Addresses Y's Men's Club on Relief Work.

Y's Men had as their guest speaker last night, Rev. B. N. Purdy, formerly associated as an official with the Maritime School for Girls at Truro, Nova Scotia. Rev. Mr. Purdy treated a difficult subject well and the club members voted it one of the most interesting and enlightening talks for some time. He was introduced by his nephew, Ross Hunter.

Rev. Mr. Purdy noted that the salvage of girls between the ages of eight and sixteen was one of the problems which had been undertaken in the East and the system is now recognized as one of the most complete on the North American continent. "It is a Christian home, run along domestic lines for delinquent girls," he said, in introducing his subject, "for those who are beginning a career of crime and vice."

Rev. Mr. Purdy protested that too much attention is paid to the reformation of boys and not enough to girls. "The girls come from homes of squalor and filth, are weaned away from their evil companions, are trained in indoor and outdoor pursuits. They are instructed in housekeeping, sewing as well as Agricultural interests," Mr. Purdy said. He went on to point out that the inmates of the school are taught thrift and independence and are given a careful religious training in the Sabbath School which is conducted every afternoon.

"Experts declare there is nothing on the continent any better for training wayward girls," proudly asserted Mr. Purdy. The system was started by the Protestant Church of the Maritimes and has been maintained and directed by that body.

Mr. George Parley tendered a vote of thanks to the speaker. Phone Black reported on the Ladies' Night next Monday night for which all plans are complete. International President Newton Thompson was in the chair and Mr. William Colough contributed a solo.

THE WEATHER

Cloudy with light snow. Wednesday, northwesterly winds, somewhat colder.

THE VATICAN STATE.

The text of the Pope's encyclical has aroused world-wide interest because of its command that Catholic children must be educated in Catholic schools. The above layout shows Pope Pius XI and the Vatican state.

1929 FIRE LOSS RISES SHARPLY; TWO BIG FIRES

Acting Chief Recommends Fire Hall Changes and School Inspection.

COUNCIL MET

The City Council held a short session last night, passing all the recommendations made at the committee meeting last Thursday night. These included the recommendation dealing with the construction of a sanitary sewer on Blecker Avenue, the appointment of a special committee on the Lower Bridge question, and the bus franchise, and appointments to the pensions and hospital boards.

Several communications were read, and the report from the Belleville Hospital Board and the fire chief's report was read.

It was recommended that the services of Mrs. C. Meyer be dispensed with on February 28 and the clerk be authorized to notify Miss Meyer to that effect.

A petition, signed by ratepayers, was received for the construction of a sanitary sewer from Pine Street to Myers Street, on Blecker Avenue. The rat payers in their petition stated that the sewer was a necessity. The present sewer on Blecker Ave. ends at 362 Blecker, there being no sewer what-ever between this point and Myers Street. The present sewer is inadequate to accommodate the users of this block. The petition was referred to the clerk and the engineer for checking and report.

A motion was passed that the Country Club be notified that their account has been reduced to \$300 without prejudice to the account as rendered, provided this amount is paid immediately.

Fire Losses Mount.

The fire report for 1929 showed that fire losses mounted in 1929 to the highest in years, owing to the loss of St. Michael's Academy and the Cooper flour mill. In each instance the fire was beyond control when the alarm was given, resulting in practically total loss in each case. The loss in 1929 totaled \$125,365.70 as against \$8,555.00 in 1928, and \$17,005.00 in 1927. There were 131 fires in 1929, in 1928 there were 99 and in 1927 there were 96. Four of the alarms last year were from outside the city.

The value of property directly endangered was more than double that endangered in 1928, namely \$1,017,130 as against \$448,388. The heaviest losses were in January with the St. Michael's school fire, the total for the month being \$90,345. May losses were second \$18,100. There was only \$75 loss in December.

In the past three months since William J. Lynch has been acting chief, the loss was kept down to \$1,060.

Continued on Page Three

Starting the Day at Belleville Collegiate

S. A. PROPERTY

London, Jan. 21. (C.P.)—Executors of the late General Bramwell Booth, former Salvation Army head, were ordered today by the Chancery court to turn over to General Higgins, who now heads the Salvation Army, army property valued at five million dollars.

TWELVE KILLED IN RAID FIGHT

Rioters Quelled by Police After Battle Between Native Tribes

Johannesburg, South Africa, Jan. 21—Twelve natives were killed and 29 injured in a battle between rival tribes which marked the culmination of a feud that has long been brewing in the Rand gold mines.

Natives camped in the mines were created into shambles and a mine manager and a policeman attempting to control the natives were knocked senseless. The police, however, gradually controlled the rioters and captured huge quantities of weapons in the quarters of the attacking natives.

Natives of the Pondo faction were believed to have formed a secret society for the commission of crime. Incensed Shangan natives sent a deputation to the mine manager and asked permission to attack the Pondo. The manager of course refused the request.

The Shangan then apparently took the law into their own hands and attacked the Pondos, using stones, sticks, axes or anything they could put their hands on. The infuriated natives were not subdued until 12 had been killed.

FORCE PLANES SENT TO QUELL REBELLION

(By Canadian Press)

Johannesburg, South Africa, Jan. 21—Aeroplane forces are being sent to aid the land forces in quelling a rebellion of the members of the Adjust tribe, living in the Louis Trichardt district, in the wildest section of Northern Transvaal. This division of the tribe recently rebelled against the new chief and flew to the mountains where pursuit was most difficult.

"RED" DUKE GIVEN 30 YEARS TO LIFE

Buffalo, Jan. 21.—William Selner, one of the men found guilty of robbing guests at a dinner party at the home of John L. Carson here of jewels valued at \$250,000 or more, must spend the rest of his life in prison for his part in the crime. Judge F. Bret Thorn ruled in county court yesterday.

Clinton "Red" Duke, reputed leader of the gang, must serve 30 years to life; Eddie Przybyl, 20 years to life, and Theodore Rogacki, 25 years to life.

"Red" Duke is a native of this part of Ontario.

Flies For Hour and Half In Homemade Airplane

Kitchener, January 21.—Theodore Dietrich, gasman at St. Aquila, yesterday made successful test flights in a small homemade aeroplane, built with the assistance of his brother, Charles, at their garage, during their spare hours in the past year. It is powered with a motorcycle engine. He flew for an hour and a half, during which time he made five landings. A feature of the achievement is that before he took off in his Heath parrot type plane yesterday, he had never had a solo flight to his credit. He took some aviation instruction in 1928 and 1929 from a local commercial pilot.

SET TOTAL LOSS TO CLIENTS AT \$149,050 TODAY

Inspectors Compile and Issue Summary of Losses at Stratford.

SAFE DRILLED

Stratford, Ont., Jan. 21. (C.P.)—Total losses to former clients of Alderman Tom Brown were set today at \$149,050, according to a detailed summary compiled and issued for the publication by Inspectors Joseph Sedgewick and W. H. Stinger, Toronto.

These losses embrace bonds, debentures and other negotiable securities which it is said were stolen by the former mayor from the safety deposit boxes and the safe, which was drilled open yesterday by the police after a criminal search warrant had been secured.

British Parliament Assembles Quietly

(By Canadian Press)

London, Jan. 21.—Stealing quietly and unobtrusively into the picture after the conclusion of the opening meeting of the Five Power Naval Conference, Parliament today resumed its sessions interrupted on Christmas Eve by the holiday interval. There was no ceremony, the Commons plunging immediately into routine business with the usual flow of questions, mostly affecting domestic affairs.

KING GEORGE SEES NOBLE RESOLVE TO REMOVE DISASTROUS NAVAL COMPETITION AMONG NATIONS

THE PARLEY

London, England, Jan. 21.—(By The Canadian Press)—The Naval Limitation Conference which opened today will consider among other things:

- 1—The Anglo American Naval Parity agreement.
- 2—Abolition of big battleships, or limitation of their size and armament.
- 3—Abolition or limitation in size of submarines.
- 4—A Mediterranean pact similar to the Pacific pact concluded at Washington in 1922.

The Conference was opened by King George.

In attendance are 32 delegates, with their staffs, including 22 admirals.

Five powers, The British Empire, the United States, Japan, France and Italy, are represented. The delegates will deliberate for two months in an endeavor to make naval armament reduction a reality.

The conference is described as being the most momentous since the signing of the treaty of Versailles in 1919.

Premier Ramsay MacDonald Chosen Chairman of Conference.

KING'S SPEECH

Race in Armaments Is an Obstacle to Civilized Progress.

London, Jan. 21 (CP)—"If each of us is equally determined to make some sacrifice and contribution towards the common goodwill of the world, we will be making a lasting effort for the alleviation of the heavy load of the common people," said His Majesty King George, in opening the five-power naval conference here today. "It is with sincere satisfaction that I am here with representatives of the five naval powers, who, by their deliberations, hope to curb the evil results of naval competition," he said. "Competition has led to a feeling of insecurity between nations. Since the Great War, the people of all nations have done everything in their power to prevent a repetition of that holocaust. One of the strongest columns in the great edifice of peace we are erecting, is the elimination or reduction of navies to a point consistent with national security."

"This has proved a measure of great difficulty. All efforts to advance beyond the point reached at the Washington conference of 1922 have failed. But I believe that you, to whom your government has given this high task, have noble inspiration and a resolve to remove this obstacle from the path of civilized progress."

"In this hope, I shall follow your deliberations with the closest interest."

ROTARY IS TOLD OF YELLOWSTONE

Rotarian George W. Vaux, of Toronto, Describes Valley.

Belleville Rotary Club members had the pleasure of a five days trip through the Yellowstone Valley in thirty minutes Monday at the regular weekly meeting. The trip was made possible through the kindness of Rotarian George W. Vaux, of Toronto Rotary Club, who is general agent of the Ontario Pacific Railway. Mr. Vaux showed a number of beautiful pictures of this great national park in the Yellowstone Valley, set aside by the government of the United States in perpetuity for the use of the people. A five-day trip is arranged for tourists, stopping every night in the vicinity of some particularly interesting piece of scenery or geographical freak. Hotels are available or tourists can bring bags, known as lodges. The great feature of the Yellowstone Valley is the wonders of the ground is all honeycombed and many geysers are in eruption at various periods of the day and night, some erratic in their schedules, but one, Old Faithful, erupting every hour with great regularity.

Forty or fifty bears which have never been subject to restraint or training of any kind but have just become friendly through close acquaintance frequent the Yellowstone Park and are great pets with the tourists, come right up to automobiles and demand chocolates.

Mr. Vaux's description of the Yellowstone National Park was graphic and interesting creating a strong desire to see the wonders of the geological freak of nature as soon as occasion permits.

LIFE INSURANCE STORY IS TOLD

Booster Day at Kiwanis Brings Out Gifts for Members.

Mr. J. R. Woods, head of the Sales Department of the Imperial Life Assurance Company, was the guest speaker at the weekly Kiwanis Club luncheon at noon today. Mr. Wood gave a most interesting and illuminating address on the functions of the Canadian Life Assurance Company, how it operates, and in what ways it affects the economic life of the country as a whole.

George Cole, vice-president of the Club, was the speaker today, three Club members, in the persons of Arthur May, "Wally" Walsh and Geo. Bennett receiving automobile accident insurance policies for one year, while member present, received a mirror as his share of the boost.

Mr. Woods was introduced by Geo. Cole, the Imperial Life representative here who in his opening remarks reminded his hearers that Insurance Day January 22nd, is Life Insurance Day in both Canada and the United States. His talk, therefore, came at a fitting time.

The first life insurance company was started in Canada in 1847, at Hamilton, by Hugh Baker and one or two others, and for twenty years had no more companies have started, until there are twenty-four Canadian companies. There has never yet been one dollar of policy holder's money lost in a Canadian Company, which cannot be said of British or United States insurers, declared the speaker. At present there is more life insurance per capita in Canada than in any other country of the world with the exception of the United States. Two thirds of the development of the past ten years, even though there have been operating companies here for eighty years.

The Great War and the influenza epidemic were the great tests for the insurance companies, and when they survived those two disasters with flying colours, their success was assured.

FARMERS IN ARMS AGAINST BUNNIES.

The mild-eyed rabbit which looks so innocent but incessantly nibbles with his tireless jaws at barks and causes irreparable loss to orchards is running the gauntlet these days in some parts of the country. Farmers are "up in arms" against the bunny and the fate of a good many of the brethren of the bunny order is sealed. In Hastings County there is no overrunning of the countryside by the rabbit as in other parts of the province but the bunnies here about run the gauntlet even as elsewhere for many a one passes out in the season through the gun and shot route.

Napancee section is organizing to exterminate the menace from this pest; the losses to fruit tree areas are forcing the farmers to take action.

GETTING BUSY AT CITY BUSINESS.

The City Council of 1930 has started into office with a thirst for making recommendations. Last Thursday night's meeting, the first the Council committees had, was marked by a very large result in the form of recommendations showing a good deal of thought.

While the 1930 Council may be considered a new broom and while it may be thought that action is to be expected of a new executive all indications point that the present Council is going to be an active one.

The Council apparently has the energy and as most of the members have held seats before, they have the experience.

THE NAVAL CONFERENCE.

Speaking of the troubles with previous naval conference which broke down because of squabbles thanks to the experts who were present, The Montreal Gazette holds up the past experience as a warning that the present disarmament party should not be allowed to fall into the error which caused the wreck at Geneva. The Gazette goes on:

"Will Great Britain and the United States find a way to agree upon the capital ships and cruisers question? Will Italy and France need from their position as regards submarines? Will the naval ratio be accepted and remain intact or are France, Italy and Japan likely to hold out for a larger quota and one they deem more consistent with their general needs and with naval parity? These are big questions and must needs be squarely faced. No talk of postponement, of short-term naval holidays, of hoisting these difficult factors, can

rescue nations from the vicious circle in which they are laboring. If the delegates are not amenable to compromise, if they refuse to make sacrifices in behalf of disarmament and stick hard and fast to the text of cut-and-dried programs, the prospects of the London conference coming to any successful issue are slight indeed. As matters stand, it must be confessed that the programs outlined are notched with suspicion and jealousy, and strangely at variance with the intention professed. But all onlookers hope for the best, and the delegates go to their arduous task, conscious that insofar as they bend their efforts towards the reduction of armaments in an atmosphere of mutual endeavor and goodwill, they have the solid support of public sentiment and heartfelt wishes that their conclusions may be established in unity of spirit and in the bond of peace."

AIR RATES ARE REDUCED.

Air rates have been brought down to comparative equality with passenger and Pullman rates, according to an announcement made yesterday. These rates are to go into effect tomorrow.

So marches transportation progress. Not long ago such would have been unheard of. Tomorrow it is a fact and in a few days the nine days' wonder will have worn off. Transportation which has been thousands of years in development has leaped forward with the airplane and the coming of the air liners.

MOMENTOUS SESSION OPENS.

Today the voice of His Majesty King George was heard over the radio as he spoke at the momentous gathering in London at which were represented the Five Powers of the World who sum up the might and leadership of the world's power at sea. It was an auspicious occasion which the King graced and it was also an occasion of great interest to the Empire because of the restored health of His Majesty, this being his first public utterance since he was taken ill.

Britain has led the way and her monarchs have been for generations lovers of peace and concord, and true representatives of the people. The King is the representative of a modern state; were this the late middle ages the monarch would be the representative of autocratic power and the interested classes. But King George is not that. When he appeared today to open the disarmament conference he came as a peace lover with a world vision; not the representative of feudalism and militarism though his empire's power is mighty, he came as the representative of the highest and most advanced and most complete opinion of the British Empire in the way of peace. Democracies, republics, monarchies, could sit at the feet of this representative of all that is best in the world of statecraft. It is fitting because he is above the turmoil of the ordinary international diplomacy.

For two reasons British subjects welcomed this day in the proof it gave of the recovery of the King to health and of the solidarity of British opinion and for that matter of world opinion in regard to peace.

YOU HAVE TO BELIEVE

You have to believe in happiness,
Or happiness never comes.
I know that a bird chirps none the less
When all that he finds is crumbs.
You have to believe the buds will blow,
Believe in the grass in the days of snow;
Ah, that's the reason a bird can sing—
On his darkest days he believes in spring.

You have to believe in happiness—
It isn't an outward thing.
The spring never makes the song, I guess,
As much as the song the spring.
Aye many a heart could find content
If it saw the joy on the road it went,
The joy ahead when it had to grieve,
For the joy is there — but you have to believe.
—Douglas Malloch.

HAVE YOU HEARD THESE?

A little boy was balancing himself on his head, when an old lady, who knew him, came by.
"Aren't you too young to do that, my lad; you are only six?" she said.
"It's alright, missis," replied the boy, without losing his balance. "I'm nine while I'm upside down."

The bus pulled in to the curb, and the old lady boarded it with a request to the conductor that it should not start until she had climbed the stairs.
"Are you all right, ma'am?" he inquired, when she had reached the top.
"No," was the reply. "Wait a minute. I'm coming down again."
Impatiently the conductor waited. Inside the passengers were beginning to get restless. The old lady descended and stepped off.
"Thank you so much," she said.
"I'm not travelling today, but I thought I might go for a ride tomorrow, and I wanted to make sure that I could manage those stairs."

Young Man—"Have you a book called 'Man, the World's Ruler,' please?"
Librarian—"I should think you might find it in the fiction department, sir."

Doctor—"You must keep to diet, no oil in your salad, lemonade without sugar, egg yolk, black bread."

Patient—"To be taken before or after meals?"

Barber—"Will you have anything on your face, sir, after your shave?"

Customer—"Yes, my nose, I hope."

Lady of the House—"Not We don't want no books, nor we don't want no calendars. We don't want nothin'."

Hawker—"What about a cheap gramophone?"

Bachelor—"I am told that a married man can live on half the income that a single man requires."

Married Man—"Yes, he has to."

Ned—"I've got to see Ned about one twenty."

Ted—"Well, I'd like to see him about two twenties and a five."

"Rastus, how is it you have given up going to church?" asked Pastor Brown.

"Well, sah," replied Rastus, "it's dis way. I like to take a active part an' I used to pass de collection basket, but dey's give de job to Brother Green, who just returned from Oran Thibault."

"In recognition of his heroic services, I suppose?"

"No, sah, I reckon he got dat job in recognition of his having lost one o' his hands."

"Alice could have married anybody she pleased."

"Then why is she still single?"

"She never pleased anybody."

THAT BODY OF YOURS

By James W. Barton, M.D.

WATCHING SMALL INTESTINE WORK

I have spoken before about the use of a tiny camera which enabled the physician to get a direct view of the condition of the lining of the stomach which can be seen.

Now when food leaves the stomach it goes into the small intestine from which the useful parts are absorbed into the blood. This tube which is about twenty feet long is coiled neatly into the abdomen. It is not possible, at present, anyway, to insert a small camera into the small intestine, and yet it is most important that the physician should know the condition of the intestine—whether the food goes through at a regular rate of speed, or whether it seems to be slow at some points, in fact almost stop, and at other places to hurry along, giving the absorbing surface of the intestine little or no time to withdraw the nourishment from the food as it passes along.

However, Dr. G. S. Pesquera has devised a small tube that enables him to detect anything that may be wrong in the small intestine.

The fine tube, about as big around as a state pencil, is swallowed by the patient, and after it passes down past the stomach into the small intestine a semi-liquid mixture which will show up black, is poured slowly down the tube.

The X-ray screen, the fluoroscope, is placed in front of the abdomen, and the doctor can then watch the flow of the black substance.

As it flows he can see just how the muscular coats of the intestine are doing their work, whether they are contracting on this material, (as they would on any food) in a strong or weak manner. Whether they are contracting regularly or irregularly in forcing the material along.

Then the way the coils of the intestine are lying, and as the abdomen is kneaded or massaged by the physician's hands, whether these coils are freely movable or whether they seem to have some constrictions or constricting bands interfering with the flow of the food.

If anything does not appear to be normal at any point an X-ray plate or photograph can be made and the condition studied later.
By this method the entire small intestine can be studied in half an hour.
Now when you remember that this small intestine absorbs all the good from the food, that this is Nature's way of giving you all the nourishment for your body, you can understand how important it is that it be doing all its work properly.

This exact way of learning just what it is actually doing is certainly worth much to physician and patient.

PASSING YEARS

From The Intelligencer Of This Year Ago

Col Ponton was yesterday at Toronto, elected Vice-President of the Canadian Military Institute.

Mr. D. Price has received a position as traveller for the Abbott-Mitchell Rolling Mills Company.

Ex-Ald. Hungerford left today for the mining region of North Hastings.

Mr. Wm. Graham (formerly of Belleville, but now residing at Brooklyn, N.Y.) and his bride are visiting in Belleville.

Flight-Lieut. F. C. Higgins, R.C.A.F., who brought Sammie Cook, dangerously injured Indian boy, from Fort James, in far north, to Ottawa, by aeroplane. Higgins had previously brought Rev. P. A. Newman, dying English church missionary, from Fort Hope to Sudbury, where doctors saved his life.

Julia Faye, Kay Johnson and Cecil B. DeMille in a scene from "Dynamite" film of gaily, sprightly, women, wine, blended with spectacular drama, coming to the Belle Theatre, tomorrow, Thursday and Friday, matinee daily.

TOOK PILOT OFF IN RAGING GALE

How Pilot Was Transferred While Vice Regal Party Gazed

Halifax, N.S. (By Canadian Press)—How a pilot was transferred from the "Lady Somers" to the "Lady Somers" by one of the latter's life boats in a wild gale, off Bermuda, while His Excellency Viscount Willingdon, Governor-General of Canada, watched through glasses was described here when the Somers returned to her home port.
For 36 hours the "Lady Somers" lay

Here and There

(451)
The total value of the principal field crops of Canada for 1929 is estimated at \$385,385,000, about \$40,600,000 less than in 1928.

Construction of the new steamer for the service between Saint John and Digby on the Bay of Fundy is well advanced and it is hoped to have it in operation by next August. (Grant Hill, senior vice-president of the Canadian Pacific Railway, announced recently on a visit to the New Brunswick city.)

Indicating Western Canada's importance in the livestock world, 20 head of registered Aberdeen Angus cattle from Glenora Park, famous breeding establishment operated near Brandon by Hon. J. D. McGreggor, Lieutenant-Governor of the province, recently arrived at Vancouver by Canadian Pacific Railway for shipment to Australia and New Zealand.

Designed to furnish the immense tractive effort of 33,200 pounds, a new locomotive, first of its kind on this continent, to be operated on a high steam pressure principle, will be immediately placed under construction at the Angus Shops of the Canadian Pacific Railway. It will be one of the most powerful in the world and will supersede the 6000 engine of the railway as the most powerful in the British Empire. Locomotive and tender will weigh 764,000 lbs. or 14,000 lbs. heavier than the 5900 engine and 120,000 lbs. heavier than the 2800 locomotive.

How one \$14,000,000 equipment contract given by the Canadian Pacific Railway to the National Steel Car Co. of Hamilton, during 1929, resulted in 122 business houses, located in four Canadian provinces, securing valuable supply orders and how this far-flung distribution of the company's contract provided steady work and wages for skilled mechanics and large office staffs over a period of months has been revealed by a study of statistics at the National Steel Car Co. and Canadian Pacific Railway.

T. A. Murphy, M.P. of Toronto, was a passenger on S.S. Montrose recently from Saint John. As an official of the Amateur Athletic Union of Canada, Mr. Murphy is on his way to Great Britain to make arrangements for the British Empire games at Hamilton next August, at which every part of the Empire will be represented by brilliant athletes.

What is regarded as one of the largest real estate transactions on record was made recently when the Canadian Government reached agreements with the Provincial Governments of Manitoba and Alberta for the transfer to those provinces of their natural resources. These include large areas of land, forests, water powers, fisheries, mines, oilfields, etc., and represent a value in excess of a billion dollars. The agreement will be ratified by Parliament at its next session early this year.

The Wilder Silver Medal, one of the highest awards in Canada, has been given to W. T. Macdon, Dominion Horticulturist, for his work in breeding new varieties in apples and for his contribution to horticulture generally. Mr. Macdon has occupied the position of Dominion Horticulturist at the Canadian Government Experimental Farm at Ottawa for the past 41 years.

SINGULAR CLUB WILL BE FORMED

Women Past Peak of Their Earning Power to Have Home Comforts.

Vancouver, B. C. (By Canadian Press)—A worthy objective has been selected by members of the Vancouver Scapologist Club for accomplishment, according to Mrs. M. J. Crehan, president of the group. To establish a centre with all the comforts of home, where women who are past the peak of their earning power may find suitable accommodations is the end to which the club is working. It is not the members' idea that a free hotel shall be provided but that women whose income is not sufficient to provide modern living apartments, may, in the Club's establishment find a home that will be suitable to their culture and social attitude. It will not be for women who are ill but for middle-aged women past the summit of earning power.

Not content with such a worthy objective this club does local welfare work in a particularly unobtrusive manner. There is a confidential committee appointed for this purpose, and the club never knows the names or situations of those who receive assistance throughout the year. Frequent such aid is just to assist a business woman who has a position in view but cannot begin work until a certain date and during the period between she is given assistance.

Scallop landings in Canada in 1928 totalled 26,304 barrels with a marketed value of \$140,338, all save 1,771 barrels were taken by Nova Scotia fishermen. Most of the scallops landed in Canada are marketed fresh, but it is believed that the brine freezing process will be increasingly used in the future in marketing these shell-fish.

Is Your Child Thin and Weak?

McCoy's Tablets Put on Flesh and Builds them Up

In just a few days—quicker than you ever dream of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one.

After sickness and when the children are exceedingly puny they are especially valuable.

All over North and South America and even in Great Britain and Australia tens of thousands of skinny, run down men and women have put their faith in McCoy's—and have not been disappointed.

Try these wonderful tablets for 30 days and if your frail, sickly child doesn't greatly benefit you get your money back.

Ask Doyle's Drug Store or any druggist for McCoy's Cod Liver Extract Tablets—as easy to take as candy and 50 tablets, 60 cents—Economy Size \$1.00.

NEW SCALLOP BEDS FOUND BY DRAGGERS

Halifax, N.S. (By Canadian Press)—The promise of considerable enlargement in the production of Nova Scotia scallops, which already amounts to more than ninety percent of the Canadian output, is seen in the discovery in western Nova Scotia waters of areas where these shell-fish abound. The areas were explored last summer by the steamer Madeline A., chartered by the Fisheries Department.

Scallops were found in Shelburne Bay, the western channel off Cape Negro Island, and in Port L'Anse-au-Loup. A few were also found in Lockeport Bay. Large scallops were taken in scattered areas in Shelburne harbor, and draggings were fruitful from Cape Negro to Port Clyde in the Clyde River.

Piano Tuning

J. R. MORAN IS IN THE CITY

Mr. Moran has had 25 years' experience—is one of the best Piano Tuners and Regulators. Piano actions built over worn parts replaced, recommended by all leading manufacturers. Orders left at Jennings & Sherry's.

KING GEORGE

Continued from Page One

It was His Majesty's first public appearance since his illness of last year. His presence was a great step forward, his voice rich and full of confidence, loud enough to carry even to the corridors outside the gallery of the House. Immediately his address was concluded, the conference was organized formally, with the nomination of Rt. Hon. Ramsey MacDonald, Premier of Great Britain, as chairman, by Gen. H. L. Stimson, United States secretary of state and the delegation head.

Mr. MacDonald took the chair vacated by the King and immediately upon his designation as chairman began his own address, urging in an eloquent speech the necessity for belittling the spirit of confidence among the people and thus paving the way for naval construction. The "whole world," he said, "expects that we shall deliver peace and thus paving the way for naval construction. The "whole world," he said, "expects that we shall deliver peace and thus paving the way for naval construction."

LIFE INSURANCE

Continued from Page One

As yet no Canadian insurance company has received any aid from the government, all that they get being very strict supervision. The function of life insurance companies can be briefly summed up into three things. They gather small sums of money from every class of people, they invest the money, and they pay back to the people or the beneficiaries the money they have saved during the years, and which they would not otherwise save. It is a great responsibility which has been undertaken by the insurance companies as trustees of the people's money, but due to government inspection and the class of men at the head of Canadian insurance, there is small wonder that the business is flourishing now as never before.

DEATHS AND FUNERALS

ROBERT TUFTS

Mr. Robert Tufts a highly respected resident of the Lodge room, passed away January 16th, at the home of his son, Harford, after a brief illness. Mr. Tufts was born in London, Eng., and came to Canada with his parents, when a small boy and settled on the farm adjoining his own where he lived for the last sixty years. At the age of twenty-two he married Miss Ann Stapley, of Stirling, who predeceased him about three years ago. He was a faithful member of the United Church and for a number of years took great interest in the Sunday School classes and was a real friend to both old and young, he was a lover of music, a gentleman of kindly disposition, beloved by all, and leaves a host of friends to mourn his departure.

The funeral was held in the Lodge room Church, Rev. E. B. Cooke officiated, assisted by Rev. Wright. "Mr. George Gordon rendered a beautiful solo and 'I will sing you a song of that Beautiful Land,' a favourite of the deceased.

He leaves to mourn seven children, namely: Mrs. Allen Houser, Mrs. Geo. Palmater, Mrs. Lorne Rutland, all residing on farms in Hungerford Township and Mrs. Howard Clark, of Campbellford, also three sons, Vernon, of Napinka, Man.; Cosmo, of Chapman; Harford, on the homestead and Arthur who fell at the Battle of Vimy Ridge. Two brothers E. C. Tufts, of Madoc, Arthur, of Lodge room, three sisters, Mrs. Sarah Stapley of Stirling, Mrs. Mary Nixon, of Toronto, and Mrs. Joseph Alcock, of Langham, Sask. The bearers were two sons and four grandsons. Interment at Victoria Cemetery, Tuesday.

Peacefully sleeping resting at last. The world's weary troubles and trials are past. In silence he suffered in patience he bore. Till God called him home, to suffer no more.

GOOD COMEDY—OTHERS

CANADA WOULD AID COMMERCE

Prepared to Offer Tariff Reductions To Motherland And Other Dominions

Ottawa, January 21.—The Imperial Conference are to be held in September at a sort of double-barrelled event, according to present plans, and the meeting place will be in London, Canada is prepared to offer important concessions in the shape of tariff reductions to the Motherland and Empire countries with a view to stimulate trade within the Empire. If there is to be an election in the Dominion this year it is unlikely to take place before December, unless the issue is forced by the Opposition at the approaching sessions of Parliament.

In addition to definite plans which are under way for an increase of commerce within the Empire steps are being taken to promote trade with other countries and fresh trade agreements are pending with several countries, including Greece. The Government has committees at work of which Dr. Oscar D. Skelton, Under-Secretary for External Affairs, is chairman and officials of the Trade and Commerce, Finance and National Revenue departments are members. The Canadian Manufacturers Association is co-operating in the study of the tariff schedules of foreign countries and in indicating to the Government departments concerned what products Canada can profitably export.

On The Air

This was radio's greatest day, in the realm of international politics. The voice of His Majesty King George V. was heard distinctly at six o'clock this morning as he spoke in welcome to the Five Power Naval Conference delegates at their meeting in the Royal Gallery of the House of Lords, in London. His voice was firm and resonant and indicated his return to health. He spoke only a few minutes, deliberately and feelingly as he cited the possible results of the peace. His address was translated into French for the benefit of the conference, after which the Rt. Hon. Ramsey MacDonald was voted into the chair of the conference. Premier MacDonald's speech, in opening the party, was made at some length. After its translation again into French, the leaders of the delegations spoke. The voices came through very clearly on the air.

The Armo Concert Band, which played at the Canadian National Exhibition at the Golden Jubilee, will broadcast tonight a special complimentary Canadian program over station WLW, Cincinnati, Ohio, at ten to eleven p.m. E.S.T. The program includes:

Overture—"The Knight Errant." March—"Colonel Bogey." Cornet Solo—"Kilnarey" by Frank Simon, conductor.

Patrol—"In Canada." Baritone Solo—"Wreck of the Julie Plante" by Guest Soloist Herbert Kockritz; Melodies from "H. M. S. Pinafore"; Rhapsody, "The Welsh"; Cornet Solo, "Dear Old Pal of Mine" by Frank Simon; March, "Canadian National Exhibition," composed by Frank Simon; Commemorative Choral Ode, "In Flanders Fields"; Quartet and Band, English, Irish and Scotch Melodies, composed by Ractens.

An entertainment of special interest to the women of the household and its children, will be heard when the "Woman to Woman" program featuring "Mary Olds and Calpe" is broadcast twice each week, beginning Wednesday, January 22 at 12 o'clock noon. The program will be heard on Fridays at the same hour. The station is WJR in the Detroit area.

Nothing very special in the program for tonight, but our old friend Amos and Andy can always be relied upon.

See our Windows and Tables for Special Discounts—Angus McFee, 216 Front Street.

PROSPERITY OF ANGLICANS HERE

St. Thomas Church and Christ Church Hold Annual Vestries.

Christ Church parish held its annual vestry meeting last evening, reports showing a very satisfactory condition of the departments of the parish. The Guild showed receipts of \$1,341.61, of which \$1,000 was given the wardens towards expenditures of the church. St. George's Church Guild reported receipts of \$416.75, and balance of \$389.80. It was reported that the Guild was seeking funds to enlarge St. George's.

Receipts of Christ Church parish aggregated, People's Warden Mr. G. H. Smith, reported, \$14,549.00. A new heating system has been installed in the church and parish hall. Officers of the church and Mr. M. Laddie, were thanked by motion, for their services.

Officers were named: Rector's Warden, George Watkins; People's Warden, F. Brodribb; Vestry Clerk, F. Musgrove; Warden of St. George's Church, F. G. Mills; Lay Delegate to the Synod, George A. Stokes; Executive Committee, J. B. Ives, R. H. Marshall, H. W. Dowsett, P. Chamberlain, E. Smith, A. R. Symons, H. Carter, F. Musgrove, D. Rowe and R. A. Backus; Auditors, F. Chamberlain and H. Dowsett. The selection of sidesmen was left to the executive committee to choose.

The meeting closed by the pronouncing of the benediction by the rector, who occupied the chair.

At the annual vestry meeting of St. Thomas Church, held last evening in the parish hall, Major E. A. Geen was elected people's warden, and Mr. H. A. Thompson, vicar's warden. The retiring wardens are J. Elliott, vicar's warden, and Mr. Arthur Jones, vicar's warden. They presented a very satisfactory report of their stewardship. Mr. Charles Skelcher was re-elected vestry clerk.

The following were elected members of the executive committee of the Vestry: F. Chapman, F. W. Geen, F. H. Chalmers, Dr. M. C. Clark, J. W. Davidson, Harry Smith, C. C. Joby, W. E. Burrows, F. P. Benjamin, E. R. Logie, Rob. Brown, Arthur Jones, Harry Thompson, Cecil Walthe, Ex-officio members: Rev. John Lyons, vicar; Major E. A. Geen, warden; H. A. Thompson, warden; John Elliott, delegate; J. A. Kerr, Charles Skelcher, honorary. Rev. John Lyons was chairman.

on for a good half hour's entertainment. It's curious how popular these two gentlemen have become. If you want proof you can get it any night about seven o'clock on your way to the movies. Every home is tuned in promptly on the hour and passersby can easily recognize Amos 'n' Andy's famous vernacular.

DANGER AHEAD

A Tale of Love and the Love of Money

By MILDRED BARBOUR

CHAPTER XXVIII

The golden summer days drifted by and Stephanie was very happy. She revelled in the beauties of "Fairfields." There were delightful books in the library, new corners of the house to explore, long afternoons to dream away in the garden, surrounded by roses, lulled by the drowsy hum of bees, with a glimpse on the sunlit roofs of Washington far in the distance. There were long rambles through the cool, fragrant woodland, and the whole Virginia countryside to explore in the car.

Stephanie was quite content, needing no one to complete her happiness. And yet, one day she awoke to the realization that, except for Mrs. Carstairs and Ralph, she had no companions.

Since the unpleasant episode in the garden when she had told him to go and never return, Norman had not come to the manor. But, frequently, she saw his car parked before the old stone house and she knew that his friendship was Ralph's.

In the end, Stephanie was confident that she would have to relent. She reminded herself for the one hundredth time that "Fairfields" was the home of Platt's ancestors. She had no right to make him stay away, but she resolved never again to be alone with him and to accord him only the most rigid courtesy.

Ralph apparently guessed nothing of what had happened. He was consistently occupied with his Washington jaunts that Platt's failure to call at the manor, before they started out on an evening of pleasure, was unnoticed. Ralph swore by Platt. To him, the young man with his fashionable appearance, his social position in Washington, his extravagant living, was a model worthy copy. Ralph strove valiantly to be like him. To his joy, he found himself succeeding after a fashion.

Platt sent him to his own tailor, gave him a guest-card to the club, and introduced him everywhere as a brilliant young writer who was in Washington looking for material. As a result, Ralph was made much of. He began to feel very important and assumed a lofty, negligent manner, which secretly amused Stephanie. She felt toward him much as a mother who watches the antics of her seventeen-year-old son.

But she saw less and less of him, and it was that, along with other things, which brought about her awakening to the fact that she was very much alone at "Fairfields." After all, she had honestly liked the people to whom Rita Carstairs had introduced her. During the first part of the summer, they had entertained her often at luncheons and dinners in Washington.

In return she had entertained at "Fairfields" and almost every afternoon there had been guests who had not come out for tea in the rose-garden.

It suddenly occurred to her that for weeks not a soul had come. No one had called up, or dropped in, or invited her to a single party. And she knew a number of her new friends were still in town, and she had heard had called either, and she had looked forward to knowing the charming old Virginia families whose estates bordered on "Fairfields."

Stephanie was proud and this neglect hurt her. She was as wounded as a child over her lack of popularity. She began to wonder if Rita Carstairs could have been right in her warning against befriending the little Italian girl whose mother, according to Mrs. Carstairs, had been the object of scandalous gossip.

If Stephanie could have looked in at a tea in Washington several weeks before, she would have been enlightened as to the cause of her ostracism.

Rita Carstairs belonged to a bridge club composed of the women of her set. It had survived the summer exodus to gaps in the membership being filled

by lesser social lights who hovered mainly on the side-lines during the winter season. At a casually beckoning finger, they came running, eager to join the play, purring with the belief that at last they had "arrived."

It was at one of these afternoon sessions, on the day after Mrs. Carstairs had dined with Norman Platt, that a specially intimate little group detached itself from the rest for tea and gossip, and it was then that Rita Carstairs let fall the choicest, juiciest bit that had been heard that season.

Some one had mentioned Stephanie and asked Mrs. Carstairs why she did not bring her to the club.

"Doesn't she play bridge?"

"Oh, yes. She plays."

"Then why don't you bring her, Rita? You sponsored her a lot the first of the summer. Don't you like her well now?"

Mrs. Carstairs appeared embarrassed. Her peculiar eyes were cast down and she fumbled with her teaspoon.

The little group around her, sensing a pleasant revelation drew its chairs nearer ecstatically.

"To tell the truth," said Rita Carstairs hesitantly, "since I went there to live, I've found out some things."

"Do tell us, darling," they urged.

"Well," Mrs. Carstairs they urged, "eyes briefly 'why do you think Jules Hammond left her his entire fortune?'"

There was a little rustle through the group.

"Of course—" eyebrows were lifted glances were exchanged.

"She was the daughter of his partner, wasn't she?" said one of the group.

"And he'd never seen her, had he?" suggested another sweetly.

Mrs. Carstairs set aside her cup. "Well, girls, figure that for yourself. An extraordinarily attractive young woman; a man who, for some reason, never married; a will that disinherits his only living relative and leaves a fortune to the girl." She shrugged.

"Oh!"

"You think, then—"

"Yes, I found out—"

"What insolence for her to—!"

The most prominent woman in the group, a self-appointed social arbiter, rose with a look of disgust.

"I draw the line at accepting such a person! To think that I dined with the little hussy, twice!"

"Ought you to stay there under the circumstances, Rita?" asked one anxiously.

Mrs. Carstairs made a little gesture. "Ought I to desert her? After all, Jules Hammond was my best friend and I am a broad-minded woman. Surely my own social position is sufficiently assured that the breath of another's scandal cannot harm me."

"Of course, darling," they all told her. "Do tell us about the girl. Is she the usual type? She seemed so sweet and well bred."

Tongues were busy for another half-hour with Stephanie's name. By the end of the session, anyone could have foretold her coming social ostracism.

CHAPTER XXIX
THE MYSTERIOUS LIGHT

Rita Carstairs had accomplished her purpose in isolating Stephanie for Norman Platt.

Unfortunately, in the interim, he had succeeded in making himself popular at once. In a few minutes she was asleep.

Several mornings afterwards, Rita Carstairs came down to breakfast, looking a trifle tired and worn.

"I didn't sleep well," she confessed.

"Stephanie, it's a funny thing—but I could swear I saw," strange lights flickering around the place last night. I'm not in the least superstitious, but she shrugged and spread out her slender hands in an expressive gesture.

Stephanie, half laughing, recounted her own experience of several nights before.

"They do say there actually are some unexplained phenomena in these old houses," said Mrs. Carstairs. "I wish your Ralph wasn't so far away. Do you realize that we women are alone here? The cook and the housekeeper and the maid are perfect cowards. I'm sure. You could never get them out of their rooms at night if anything happened."

"But what could happen? Ghosts are harmless."

"And the same. I'd feel safe," if Ralph slept in the house. You really wouldn't care to have him?"

Stephanie shook her head. She did not quite know why she didn't want Ralph to stay in the house.

She was comfortable and free to come and go in the old stone house. He often comes in very late and he'd feel that he was disturbing us. Besides, I don't think it would look right to have him living here. You're too young to be a chaperone."

Rita Carstairs smiled her appreciation of the compliment, but Stephanie was thinking wistfully that now it did not matter whether she were talked about. She could scarcely be more ostracized than she already was.

"At least," said Mrs. Carstairs, "I'm going to get a revolver. And good-bye to you, a bullet's going through that funny light the next time I see it."

Miss Madelon Hunter, Toronto, whose picture appearing as a member of the chorus of "Whoo!" now playing at the Hart House theatre.

DON'T 'KID' A CHILD'S CURIOSITY

A chilly refusal. And then Mrs. Arkwright had seated herself at a table not ten yards away, not once turning her head in Stephanie's direction. The latter, flushed and bewildered, had made a hasty meal and left the dining room without attempting to nod "good-bye."

What had she done? she wondered, as she drove home. How had she offended this woman who, only a little while ago, had received her with flattering approval.

Surely Mrs. Arkwright was not the sort of woman who concerned herself with the gossip about an Italian workman's daughter whom she had never seen. Surely she would not condemn Stephanie for befriending an unfortunate little child, buying her frocks and drying her tears with cookies!

Stephanie lay awake wondering, plumbly hurt.

She was dropping off to sleep again, with the sudden no nearer solution, when a gleam of light aroused her.

It was gone in an instant, but her eyes were wide open now and, after a moment, she saw again the faint, uncertain flicker.

It might have come from the transom above her door, or through the grating of a window high in the wall. It was weird and greenish and danced like a will-o'-the-wisp. And then it disappeared!

Stephanie's first thought was that Mrs. Carstairs had been taken ill and was seeking the medicine cabinet in a bathroom at the end of the hall. She sprang out of bed and opened her door.

The hall was dark and silent, the door of Mrs. Carstairs' room—the south bedroom—was closed, but the bathroom door was open and the room was dark.

Stephanie went back to her room, puzzled. Perhaps the lights of a car or the main road had cast a reflection on her wall. But the road was too far away and the trees in the drive too thick, she told herself.

As she slipped into bed, she thought about the ghost, lingering softly to herself. In a few minutes she was asleep.

Several mornings afterwards, Rita Carstairs came down to breakfast, looking a trifle tired and worn.

"I didn't sleep well," she confessed.

"Stephanie, it's a funny thing—but I could swear I saw," strange lights flickering around the place last night. I'm not in the least superstitious, but she shrugged and spread out her slender hands in an expressive gesture.

Menstrual. No elaborate equipment or long drawn out preparation is required for good waffles. And even this brief process may be considerably reduced by using a high-grade vegetable shortening that does not need to be melted. Delicate and pure enough to serve on the finest fruits and vegetables, a salad oil is as fine a shortening for waffles as can be desired. Batters can be quickly prepared and measurements made accurately.

While interest in waffles is almost perennial, the advent of cold weather has stimulated the usual heavy seasonal demand and we feel you may want to include some sort of waffle story in an early issue.

These are just a few of the reasons why waffle kitchens continue to thrive. Other answers to our visitor's question will be found in the case with which waffles can be prepared, and their adaptability to a wide variety of

menus.

When served alone it becomes a highly satisfying cake—one that meets the demands of a sweet tooth without cloying the appetite. Further, the waffle has that prime virtue of being always fresh—served hot and crisp as it comes clean and wholesome direct from the iron.

THE BEAUTY BOX

By Helen Follett

Women need muscular exercise as much as men. Mrs. Cave-dweller scaled the rocks up to her one-room apartment as briskly as her old man, who probably never thought of giving her a hand or a boost. Movement creates energy; energy builds strength and strength is necessary for endurance.

Daily calisthenics, gym work, walking are all helpful and to young women are a guarantee against the middle-age spread. They get one up and chase dull care away.

Keep active, beauty-seeker. Keep busy. You can throw away the rouge compact if you exercise. The capillaries which give color to the cheeks are so tiny that their walls are transparent; they allow the passage of a single corpuscle at a time. Muscular activity stimulates the capillary system, cheeks get rosy, blue lips reddened, wan complexions lose their waxiness. No woman can be lazy and enjoy the vivid beauty that comes from vitality and health.

To discourage frowns between the eyes, avoid with a heavy cream, place the thumb at the lower end, the first finger at the upper; hold thumb stationary, iron and smooth with the finger.

"After Baby, Was Weak, Skinny, Gained 22 Lbs."

Trained Yessie did it, says Mrs. Bennett. Thousands say 5 to 15 lbs. gained in 3 weeks. Her success, constitution rebuilt, overnight. Skin clear like magic. Get Trained Yessie tablets from druggist today.

When Pain Comes

Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food soars. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

One spoonful of this harmless, taste-

less alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—a drug store.

Althea Lovering looked at her wrist watch and decided that she and her motor guest, Maude Towne, had just time to make Sunset Inn before lunch. The mountain trail was marvelously lovely in its autumn dress of gorgeous crimson and russet and green and gold.

"Could anything be lovelier?" breathed Maude ecstatically.

Althea shook her head.

"I can't conceive," she replied with a touch of awe in her voice, "how people can be unhappy in such a beautiful world. I wish," she added, "that Lloyd Hatfield could come up to the Inn for the week end. The change would do him a world of good!"

"And naturally," retorted Maude shyly, "you wouldn't be at all glad to see him yourself? Oh, Althea, I think the engagement ring he gave you was simply splendid! I'd promise to marry almost anybody for a jewel like that!"

Althea smiled happily.

"Yes, I wish Lloyd could be there to meet us," she continued. "I'll admit I'd like to look into his face this minute."

Both girls looked at each other with sudden apprehension, as the slow but sure sound of hissing air met their ears, and the right, front tire began to bump on the mountain trail.

"Flat tire!" chorused the girls.

"I never changed a tire in my life," worried Althea.

"Well," grinned Maude, hopping out to examine the extent of the damage. "We're right opposite a nice-looking country home and there's a young chap out there by the barn who will help us out I'm sure."

The girls sat on the shady porch while the young man changed the tire, and the lady of the house came out and invited them cordially to step in and see an unusually and rarely lovely blossoming plant.

It was with difficulty that Althea repressed an outcry of surprise, for there upon the old-fashioned square piano in a neat, easel frame, stood a recent photograph of Lloyd Hatfield. Maude Towne had not noticed it in her pleasure over the beautiful blooms.

"By the way," remarked Althea quietly, "this picture on your piano strongly resembles a friend of mine."

The placid hostess smiled.

"It's the young man," she said "to whom my daughter Gracia is engaged. She's in New York but she plans to be married before long."

Althea's face had drained of every bit of its color. Deliberately she picked up the picture. It was Lloyd. There was no doubt about that! That Maude might not see what was happening, she set the photograph behind a vase of flowers.

The young man came to the doorway telling them their car was ready, and expressing gratitude to him and his mother, they were soon on their way.

Arrived at Sunset Inn, the girls were amazed to find Lloyd Hatfield on the broad steps of the slightly mountain hostelry, awaiting them.

"Well, well," he cried out eagerly. "I nearly broke my neck to get here to give you people a surprise, but I was getting terribly anxious for fear something had happened to you—but 'All's well that ends well!'"

It suddenly struck him that Maude was much more enthusiastic over his unexpected presence at Sunset Inn than Althea, in whose manner there was a restraint for which he could not account. He generously tried to attribute it to weariness in driving over the mountain roads.

Lunch might have been a jolly affair—but it wasn't, and after it was disposed of Lloyd excused himself, and returning, handed Althea a flat package.

"Perhaps you'll want it," he remarked a bit quizzically—"and perhaps you'll not."

A touch of color stained her cheeks as she removed the wrappings. It was a splendid picture of Lloyd—a duplicate of the very one she had seen in the farmhouse a few miles down the trail. The frame was a narrow one, of dull, rich gold.

She was aware that Lloyd was watching her closely. Maude had gone to the end of the Angora kitten.

"I want it," replied Althea, looking straight into Lloyd's eyes, "if you can assure me that I have a right to accept it—that you have a right to give it, and that no other girl has a claim on the original as well as I."

Lloyd Hatfield's face expressed astonishment beyond words.

"You are the only girl to whom I am engaged, or ever have been engaged, if that's what you mean," he responded with a twinkle in his eyes.

Althea pursed her lips as if puzzled.

Then she looked up frankly into the face of the man she loved.

"I believe you," she smiled, "although circumstantial evidence is strong to the contrary. In a farmhouse down Sunset Trail, is your picture, and the woman of the house says you are engaged to her daughter and soon to be married. What's the answer, Lloyd. I know there must be one!"

And to her great relief, Lloyd Hatfield put back his head and laughed infectious.

"Well, perhaps that explains the mystery," he chorused happily. "I ordered this picture at the photographer's to be especially framed for you. A young fellow and a girl came in and he gave an order also to have his picture put in an easel frame and shipped direct to somebody who lived on Sunset Trail. I noted that on account of your plan to visit this Inn."

"When my picture was delivered to me, the frame was all right, but the picture was that of another fellow—better looking than I. I called the girl in the photograph gallery who had taken down my order, and she was rather caustic. Said I ought to know my own photograph. And I had to stop and go clear there so she could see her mistake. Changing photographs is about as risky as changing babies," and Lloyd smiled wistfully.

"Forgive me," whispered Althea—for Maude was returning with the kitten. "I couldn't bear to think of losing you. It would break my heart!"

"And mine, too," nodded Lloyd earnestly.

RUST MENACES THE WHITE PINE

Infection Spreads Through Connecticut State Containing 50,000 Acres

Bridgeport, (By Canadian Press)—White pine blister rust the most dreaded parasite of our forests is threatening the white pine crop of this state. In some parts of Litchfield county 50 to 60 per cent of the white pines are dead or dying. In other places the infection is not so far spread, but it is no less fatal. Whether the rest of the trees are to be saved depends entirely on the success of the state in preventing spread of the disease. The white pine is part of the state's history, the most important thing to the shelter of its first colonists and continually useful. Early settlers came upon gigantic virgin forests of white pine and because of its adaptability to the crude tools of their time, used this chiefly in the building of their homes. One of the few trees that can be grown with profit, today's pine is estimated to be worth \$2,000,000 in Connecticut. Approximately 50,000 acres are in pure pine stands, and 150,000 acres grow in mixture with other timber. The valuation is based on a conservative basis of \$10 an acre, which represents only the value of the present; the future of the state lumber supply depends largely on this single species and that can scarcely be computed. The white pine blister rust which endangers the very existence of the white pine, strikes in future millions.

Hon. Leland Harrison, who is rumored as next United States minister to Canada, succeeding Hon. William Phillips, retired.—Photo by Archie Davis, Ottawa.

The first national park to be established in Ontario consists of Beauséjour Island, Georgian Bay, a few miles north of Midland, which, with 27 smaller islands was set aside a few weeks ago for that purpose. The land formerly belonged to the department of Indian affairs, and \$30,000 was paid over for it. The total area of Beauséjour Island is 2,712 acres. It is readily accessible from several of the Georgian Bay ports, and has for years been a

WAR VET GIVES HIS EXPERIENCE

"I'm a World War veteran and served overseas for three and a half years with the 58th Battalion of Canadian Infantry. I was wounded and gassed in action, and have been a sick man

WILLIAM CORMACK

ever since I came out of the service. I spent many a hard-earned dollar trying to get back to health, but I don't believe I ever would have gotten back my health if a friend of mine in Minneapolis hadn't started me on this new Sargol medicine by sending me two bottles.

"The gas I got overseas had just about shot my system to pieces. Many a day I'd get so weak and nervous I'd just have to quit work and go home. Indigestion and constipation were always giving me trouble. In spite of the laxatives and medicines I took almost every night, and sometimes had dizzy spells would come over me. I couldn't sleep good, kept losing weight steadily and became mighty discouraged over my condition.

"I noticed such a big improvement after those first two bottles of Sargol my friend sent me that when I found out I could get this new medicine in Toronto, I went down to Tamblin's Drug Store and bought two more bottles. I feel like a new man now and my weight has increased from 140 to 150 pounds. My whole system is strengthened and toned up, and I can eat anything that's put before me without having a sign of indigestion or dizziness afterwards. I'm not nervous either, but sleep good every night and my work is a real pleasure. Instead of being 'tired out' at the end of the day, I feel just about as fresh and fit as when I started.

"I also took the Sargol Soft Mass Pills and they're a valuable part of the treatment. They didn't upset me at all and got my bowels regulated so good that I hardly ever have to take them any more.

"My wife has now started the treatment and is already looking lots better. I've recommended it to any number of my friends and I haven't heard anybody yet that Sargol didn't help. I'm always glad to talk to those who want to ask me about this great medicine."

The above straightforward statement was made recently by William Cormack, well-known contractor of 377 McRoberts Avenue, Toronto.

Sargol may be obtained in Belleville at Dolan, The Druggist.

PAIR SEEK PRIZE IN GAELIC AT QUEEN'S

Kingston Ont., January 21.—Two days after the time set for closing the applications for the M. Cameron prize in Gaelic at Queen's University, two candidates emerged from Queen's county in the persons of Miss Katherine McLeod and Miss Edith Ferguson, both of Maxville. The Gaelic contest

favorite site for picnic and boating parties. Its chief historical interest lies in the fact that refugees from the triple battle of St. Louis, March, 1699, in which the Iroquois wrought havoc among the Hurons, fled to Beauséjour Island, and some stone foundations and ruined chimneys still recall the fact. The photographs here show (left) small lake on the island toward north end, and (right) Y.M.C.A. camp buildings, also on the island.

SIR WILLIAM TELLS SECRET OF LONG LIFE

Toronto, January 20.—"Select healthy parents," said Chief Justice Sir William Mulock today when a reporter asked him his secret of longevity. Sir William, who is a former Postmaster-General of Canada and "the father of penny postage in the British Empire," is 85 years of age today. Some semi-official records give the age of the Chief Justice as 87 today, but he says himself he is 86. In addition to being Chief Justice of Ontario Sir William is Chancellor of Toronto University and a member of North York. And he works at all these occupations.

"Live an industrious normal life," said the octogenarian judiciously today, when asked how one might live to a good old age. "Don't kill yourself with worry," he continued. "Make your work a pleasure. If a man really enjoys his work it gives him a pleasure and prevents worry."

Sir William added that more people died from eating too much than from drinking too much.

will now be conducted, The Robert Bruce matriculation scholarship in arts has been awarded to Miss Edith Louise Carscallen, of Bartonville, Ont.

OPPORTUNITY IN IRELAND SHOWN

Canada's Goods Find Opening By Electrification of Free State

Ottawa, January 21.—The electrification of the Irish Free State, through the development of the Shannon River, has opened up an excellent market for Canadian manufactured electrical household appliances, according to a report received by the Department of Trade and Commerce from John H. English, Canadian Trade Commissioner at Dublin.

Mrs. English reports that "this development offers a special opportunity to Canadian manufacturers of electrical lines. The fact that the market is some thousands of miles distant from Canada, and at the same time is in so close proximity to the large producing centres of England and the Continent, while placing Canadian firms at a disadvantage, does not disqualify them, for the high standard of their electric products, which has accompanied the development of Canada's vast power resources, is not unknown in Ireland. Quality for quality, Canadian prices in most cases can compare favorably with those from English and continental manufacturers."

Toronto, Jan. 20, (C.P.)—An effort to determine how much money was involved in alleged thefts of Alderman Tom Brown, of Stratford, is being made by Hon. W. H. Price, attorney, Joseph Sedgewick, member of his department, to proceed to Stratford to inspect William Stringer, of the Provincial Police, who is already there.

A CLOSE SHAVE IS EXPERIENCED

Fire Forced Trawler Crew To Abandon Ship "Blanche Ring"

Boston, (By Canadian Press)—Bryan Nickerson, of Nova Scotia, cook on the fishing trawler, Blanche Ring, that vessel caught fire and forced the crew to abandon ship on December 20. The "Blanche Ring" was outward bound for the fishing grounds with all hands, but the fire broke out in the fore hold which forced them to flee. For three weeks work on the vessel was at hand and a good haul would go a long way toward easing the strain on the family purse.

About one mile north of Boston Light, fire started from defective wiring and rapidly swept through the vessel, making it imperative to take to the dories. The crew tried to release the top dory, but this was frozen to the side in which it rested. Both boats were hoisted over the side. It was then discovered that one of the gears was missing and one of the crew, sensing the danger of an explosion on the vessel, plied the single oar and successfully maneuvered the dory away. When about 70 feet away, two explosions showered the occupants of the dory with burning debris. The under boat then sank. Two crew members were secured with great difficulty.

Then followed a long, hard row to the lights where willing hands helped them over the side and prepared hot drinks and dry clothing. In the distance, the doomed "Blanche Ring" could be made out through the fog and in a short time she went to the bottom.

STRESSES NEED OF YOUNG BLOOD

Nova Scotia Needs Young Brains To Tackle And Overcome Obstacles

Halifax, N.S.—An appeal for participation of youth in public affairs was made in a New Year's message by Hon. William Chisholm, K.C., leader of the Liberal Opposition in the Nova Scotia House of Assembly. He attributed the political and economic success of Western Canada to the predominance of young men in public life.

and stressed that politics was "not a sordid nor unglorified occupation, but is among the most honorable of all vocations."

The message was as follows: "There is one wish I have for Nova Scotia as the New Year approaches. It has to do with public affairs or as we sometimes say, public life. I hope that this year will see the youth of Nova Scotia becoming more and more interested in public affairs and political questions. Too long has the burden of politics been left to the older men of this province. The time has arrived when we need in Nova Scotia to a far greater extent than has been the case in the past, a more youthful vigor. We want and need the young brains of Nova Scotia to tackle the problems facing our public life. I look at the case in the past, the political and economically has been the predominance of young men in the public life of those provinces. What I desire most of all is to see our young men and women give a more intensive study to provincial and national problems. To realize that after all, politics is the business of the people; that politics lowers or increases our taxes, keeps peace or makes war. That politics is not a sordid nor unglorified occupation, but is among the most honorable of all vocations. Young men and women, Nova Scotia needs your vigor, your energy, your foresight, your vitality today more than ever."

"So it is in 1930 I want to see young men and women of this province open up and actively identified with public life, intensively and assiduously devoting some of their surplus time and energy to the problems which face this country. Upon the youth of Nova Scotia will depend very largely our future prosperity and progress. Now is the time to enlist these young men and women in the public service. If we can in this New Year, about to enter, bring to our public affairs the attention and ability of our young men and women I vision an enlarged field of endeavor, which they will find attractive and in which they will have a splendid opportunity to render signal public service."

FISH RACE PLANNED BY BOSTONIAN CLUB

Boston, Me., (By Canadian Press)—The Boston Aquarium Society is planning to add a fish show to its curriculum, the officers and entertainment committee said in announcing a varied program of activities for the coming year. It is also planned to have lectures by experts in aquarium work and general discussions of the problem of fish-keeping and breeding as well as organized collecting trips during the spring and summer.

It Pays to Know

WHEN you spend your money for the seven and seventy things that are always popping out of nowhere to demand a portion of your income, you want to be certain they are returning the utmost in value for your every dollar.

But how can you know the worth of the products you buy? Can you test them scientifically?

Can you make microscopic examinations for flaws and imperfections? Chemical analyses for purity and composition? Physical machine-tests for stress and strain, strength and durability? Have you laboratories equipped for this work? Can you afford the scientists and research workers to perform it?

There is a less expensive way—to safeguard your purchases. A better way to buy.

Buy products that have been tested by others! Products that have passed the most ruthless and rigid of all tests... that of actual use! Nationally known, nationally liked, nationally used products! Advertised products!

Here, in the advertisements, are products of sound worth brought to your attention. Products manufactured to standards of certain quality, that have been tried and tested by the most exacting persons... people who have bought them, and used them over and over again. Products worth your money.

Get the habit of reading the advertisements. It pays!

Y. M. C. A. BOWLING

Steel's Store took all four points
from the Moosehearts in the Ladies
League game last night. Hazel
Thrasher with 424 and Elsie Poole with
402 for three strings led the Steel sa-
ladies while M. Kelleher's 403 and L.
Hardy's 375 were best for Moosehearts.
Most of the girls are new bowlers and
a few more games no doubt will bring
better scores.

The Junior League game between
Moose and Maple Spillers was a real
bottle. The first game the Moose
batted across the finishing line by 9
pins while the Spillers breezed across
in the second encounter with a 38 pin
margin. In the final set to the Moose
were victorious with a lead of 206 pins
making the points, Moose 3, Maple
Spillers 1. Exceptionally good singles
were, Fraser Paul 247, Beare 201, 226,
Delaney 278, 239.

The prizes are on the board again
this week and no doubt there will be
some merry bowling for them. Two
extra prizes for blind numbers have
been added so every bowler has a

SIDNEY COUNCIL
REQUEST ROAD
ON EAST SIDE

Make Application for Bass
Fingerlings For Oak
Lake

The inaugural meeting of the 1930
Council for Sidney township was held
January 13th, in the council cham-
bers, Wallbridge, and the following
elected by acclamation, having filed
the necessary papers with the clerk
took their seats around the council
table, namely: Col. Vandewater,
reeve; W. H. Rodgers, deputy reeve;
Geo. W. Bush, Edgar P. Morrow and
S. M. Nicholson, councillors.
Morrow and Bush moved that the
clerk be authorized to write the De-
partment of Highways, the County of
Hastings, and the member for West
Hastings, that whereas the Sidney
Council understand that it is the in-
tention in the near future to con-
struct a highway between Trenton and
Stirling, it is the unanimous wish of
the township of Sidney that this road
be constructed on the east side of the
Trent River throughout.
Rodgers and Nicholson moved that
he communication of A. G. Brink be
received and filed. Carried.
Morrow and Bush moved that the
order of A. E. Dobbie for the town-
ship printing for 1930 be accepted.
Carried.

Bush and Nicholson moved that the
account of Dr. Carleton be referred to
the Board of Health. Carried.

Morrow and Bush moved that the
clerk notify the Ontario Municipal As-
sociation that we wish to discontinue
our membership in the association.
Carried.

Rodgers and Nicholson moved that the
usual grant of \$5 be made to the Sick
Children's Hospital, Toronto. Carried.

Bush and Nicholson moved that W. H.
Nobes be re-appointed school at-
tendance officer for Sidney township.
Carried.

Morrow and Bush moved that the
tender of the Junior Farmers' As-
sociation for the carting of the hay
for the current year be accepted. Carried.

Nicholson and Morrow moved that
the township pay one-half the ex-
pense of the agricultural school at
Fosberry. Carried.

Nicholson and Bush moved that
Eleanor Ketcheson and W. H. Nobes
be authorized to sign checks on the
Sidney township road account for the
year 1930. Carried.

Rodgers and Morrow moved that the
treasurer be authorized to pay Mrs.
Clay Adams \$15 of the first of each
month during 1930. Carried.

Nicholson and Bush moved that the
matter of equalization of Union School
section No. 11 be left over to the
March meeting of the council. Carried.

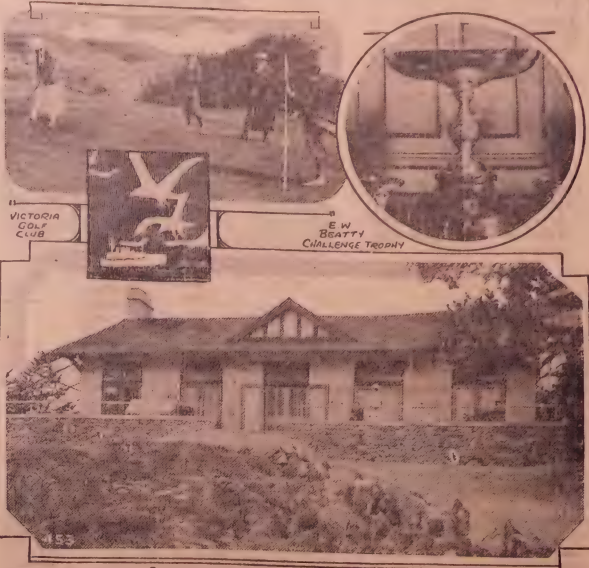

Bush and Nicholson moved that the
clerk be instructed to write the De-
puty Minister of National Defense that
in view of the fact that where the
road which runs between lots 7 and 8
Concession 1, Sidney township, known
as Harry's side road which at the re-
quest of the Department of National
Defense was closed by by-law by the
township of Sidney, and that there
had been a road allowance continuing
from the above mentioned road to the
Bay of Quinte, that the rate payers of
the said township respectfully request
that a similar right of way be fur-
nished them on the south side of the
provincial highway that is a continuation
of the new road between lots
Nos. 8 and 9, so that the public in
this locality may have access to the
Bay of Quinte for water and ice. Carried.

Rodgers and Morrow moved that
the road superintendent be a delegate
to the good roads convention, Toron-
to, at the expense of the township.
Carried.

Nicholson and Rodgers moved that
application be made to the Depart-
ment of Game and Fisheries, Toronto,
for bass fingerlings for Oak Lake and
that a copy of this resolution be for-
warded to W. H. Ireland, M.P.P. Carried.

By-laws were passed appointing a
sanitary inspector and a member of
the local board of health, appointing
assessors and auditors, providing for
the expenditure of township roads, and
appointing road superintendent.
Moved by E. D. Morrow, seconded by

Canada's Winter Golf Tournament

HOLLYWOOD LIFE
OFTEN CHANGES

Servants Are Few But They
Are Highly Paid.
It is Said

Vancouver, B.C. (By Canadian Press)—
Olive Kerr, formerly of this city,
writing of life in Hollywood, says:—
If one is to get one's refuse carried
away, one must conform to the meth-
ods of the local scavenger, whose sys-
tem is selective, to say the least. On
Tuesdays one places a neat wooden box
on the curb (in the full view of the
passing tourist) which must contain
only bottles and cans. On Friday's
one deposits one's garbage can on the
gutter's edge, for speed is the slogan
of the garbage collector, and he has
no intention of leaving the sidewalk in
search of his spoil! Not even the pro-
verbial "serap of paper" must accom-
pany the remains of last night's sup-
per. Newspapers, along with all other
things burnable, must be burned—and
before 9 o'clock in the morning. If, for
any reason, one wished to stake a
burning later in the day, one must ob-
tain permission from the local police
station, which sends an officer along
later to see that the configurations are
properly extinguished.

Nowadays Hollywood is recovering
from the effects of the "Eighteen-day
Diet," fad, which descended upon the
city, claiming all and sundry. Grape-
fruit and Melba toast appeared at each
meal, and little else. It is said that this
craze for reducing had serious effects
on the youth of Hollywood.

The servant question barely exists
in Hollywood. The majority of homes
have reduced this problem to the least
common denominator. It is always a
matter of management for me to learn
that some huge mansion is run by two
Filipino boys and a butler. The same
house in England would require a staff
of 20, but the same wage budget would
take care of either residence. For wages

S. M. Nicholson that the council ad-
journ to meet Monday, March 10th, at
10 o'clock a.m. Carried.

Victoria, capital of British Colum-
bia, whose golfers enjoy their
game the year round, owing to the
moderating influence of the Japan
current, will hold its second annual
Mid-Winter Golf Tournament un-
der the auspices of the Empress
Hotel, Feb. 17-23, 1930. This
tournament is an amateur hand-
icap affair open to both men and
women competing in their own
regions. The principal trophy is
the E. W. Deatty Challenge Cup,
at present held by T. L. Swan and

Mrs. Hew Paterson of Victoria,
although a large list of other prizes
is being posted. The tournament
will be played over the Colwood
Golf and Country Club's course,
which winds through a vast forest
of Douglas firs, some of them 25
feet in circumference, and ancient,
gnarled oaks and cedars dating
from the time when Vancouver
Island was sighted by Capt.
George Vancouver. If the entry
list becomes too formidable the
Victoria Golf Club will be held in
reserve for the overflow. All visi-
tants to Victoria are eligible for this
tournament.

Victoria, often called the "Ever-
green City," is on the Southern tip
of Vancouver Island and is one of
the most picturesque and inter-
esting cities in Canada. It is the
gateway, via the Malahat Drive,
to the center of an island paradise
with vast trees, lakes full of trout,
big game and imposing mountains.
There is splendid salmon fishing
in streams which flow into the
Gulf of Georgia and the Pacific.

MEN NOW INVADE
WOMEN'S DOMAIN

Beauty "Shoppers" Sought
By Males Seeking Per-
manent Waves

Vancouver, B. C. (CP).—Not so very
long ago, men raised their hands in
astonishment at the appearance of women
in barber shops. Now the tables have
been turned, for males have crashed
the beauty "shops." The permanent
wave has been the downfall of the
male resolution, and here and there
about the city is now to be noticed
fauntly waved male hair that has
its genesis under the permanent wave
machines of the district beauty
shops.

While Vancouver males have not
taken to this kind of beauty culture
in any great numbers, operators
throughout the city declare that the
occasional youth drifts into their es-
tablishments and has the front of his
hair carefully waved. Seattle and
Los Angeles are more to the fore with
indured male heads. In fact, the
other coast cities, declares an official
of the licensing department of the
State of Washington, Spokane, too,
has its addicts.

It is estimated that Vancouver
spend \$500,000 annually on beauty
culture, and its 190 licensed shops
have shown 33 per cent increase in the
past year. With every bobbed head
requiring about \$9 annually for hair
cutting, \$30 for waving, either per-
manent or unravelling, and another
\$25 for cosmetics and other accen-
tentials, the well-dressed woman con-
tributes a large sum to the upkeep of
these shops. Averaging about two
clients for the smaller district busi-
ness, they run into salaried establish-
ments in the downtown area, one of
the largest beauty salons having been
equipped at a cost of \$75,000.

Galt, Ont., Jan. 20. (CP).—Shortly
after a large aeroplane had passed
over this city, heading apparently for
Toronto, reports were received here
that it had crashed on a farm on the
ninth concession of Bevelley. The
identity of the plane and its pilot has
not yet been ascertained.

RIOT AVERTED

Visitors Show Class On The
Attack — Belleville
Defence Weak

Oshawa failed the undisciplined lead-ership of the local senior "B" group by disposing of Belleville Maroons at the arena last night in a game that scintil-lated with thrills from start to finish. The score was 8-6 with the period scores 2-1 and 6-5. It was by long odds the most exciting game played in the local ice emporium this year as the fans are still talking about the fracas. Nearly a thousand fans worked themselves into a state of furore and they were kept clinging to their pews all evening. Ernie Wortley, of To-ronto, was the subject for a bitter verbal attack at the hands of the home town fans and had it not been for the intervention of the police at the close of the game a riot might have result-ed. As it happened several of the more rabid fans lunged at the white-sweated official but he escaped from the melee unscathed. Groups of fans congregated outside the arena but no trouble resulted and Mr. Wortley left the city without any facial damage. The fans were somewhat justified in treating Mr. Wortley as they did as he had been in the annals of local sport has a game been more mishandled. How-ever some of them threatened to over-do the situation. Disputes were aver-ted and the Oshawa goal judge aroused the anger of the Belleville sup-porters when he refused to allow a goal that was obviously a legitimate score. In the last period Alex Weir came in fast from right wing and struck the upper left hand corner with a hard shot. The puck deflected out again and the referee refused to al-low the count. This score would have tied the game at this period.

Oshawa Player Hurt

Art Black the visitors left-wing play-er suffered an injury that will prob-ably keep him out of the game for the balance of the season. He accid-entally tripped and was thrown heav-ily to the ice suffering a broken collar-bone and the fracture was reduced by Dr. Blacklee who was a spectator in the arena.

Belleville never held the lead al-though they did manage to knot the affair twice. The Oshawa team were just a trifle superior on the at-tack, they broke faster and passed the puck with more regularity. They found the Belleville forward line de-mon back-checkers and many of their efforts were nullified by the persist-ent tactics.

Oshawa penetrated the Belleville defence at intervals but Manager Thomas shifted Alex Weir to the rear-guard in the last period where he turned in a splendid game. Oshawa for-ward line were a consistent menace and their sallies into Belleville ter-ritory were always dangerous. They combined well and were going full speed when they hit the defence. The visitors' defence was the mistake of shooting from outside rather than carrying the geyser inside.

Black Lead Scores

Practically all of Oshawa's goals re-sulted from close-in shots and Jeffrey had little chance on any of them al-though the defence afforded him little protection on some of the shots. Black previous to his injury was the leading marksman for the visitors, sniping four counters. He played a nice all-around game. Jack Bond at centre ice has improved greatly since he played with Queen's and turned in a smart game at centre ice. He carried the puck well and fed his wings contin-uously.

Bob Scott was an easy stand-out for the locals and in the closing period he pressed hard for the equalizing goals. Bob was unselfish with the puck and

time and again he brought the specta-tors to their feet with his sporadic thrusts. He scored three of the six goals. Henry and Jack Canning both played bang-up hockey and they ac-counted for two goals while Daw Whalen scored the other when he went in and beat Leveque all the way.

"Curly" Lane formerly of Cornwall also starred for the visitors, while Doc Rowden also attracted the eye of the patrons with his neat display. He has lost none of last year's cunning which was the prime element in the defeat of the Belleville Juniors at Port Hope.

Whalen Appeared

Daw Whalen made his first appear-ance with the Maroons and he lent some valuable assistance although he was shy on condition, having been on the ice for the second time this season. Rorke was useful at times and pestered the Oshawa team everything he was on the ice.

The Oshawa team staged an assault in the Belleville camp with five min-utes to go in the second period which nettled them their goals and Belleville fans almost saw their hopes disappear. Manager Thomas, however, laid down the law and with a burst of speed in a pair of goals. The Oshawa team were however not to be denied; they came back with another pair which clinched the verdict. At the time the visitors scored their three goals Bill Whalen was taking a rest and the local defence opened up like a proverbial garden gate.

Altogether fourteen penalties were handed out by Referee Wortley, he al-lowed off-sides to go at every turn. At-tention was given to the Oshawa team in this fashion, and all were decidedly obvi-ous. It is doubtful if he will be invited back here for another game this year. The locals have a hard row this week with two games away from home and they must win them in order to re-main in the running.

The Line-up

Belleville—Goal, Jeffrey; defence, M. Green and B. Green; centre, H. Canning; wings, Alex Weir and D. Whal-ling; winks, Al Scott, Rorke and J. Can-ning.
Oshawa — Goal, Leveque; defence, Lane and Cook; centre, Bond; wings, Rowden and Black; subs, Houck, Lit-tle and Gillies.
Referee—Ernie Wortley, Toronto.

PORT HOPE TEAM
TROUNCE RIVALS

Bowmanville, January 21 — In an intermediate O. H. A. game here last night Port Hope handed Bowmanville their first defeat of the season, 6-4. The first period had only been going about two minutes when the referee decided the uniforms were too much alike, so the locals felt the ice and returned with a white handkerchief tied around their waist.

Both teams went strong. The visitors got the first two goals in quick suc-cession. Things started to get rough and two Port Hope players drew pen-alties. The second period opened with the visitors playing fast hockey. They added two more goals. The visitors came out in the final stanza and scored two more. Bowmanville notched two also. The line-ups:—

Port Hope—Goal, Micks; defence, Crosslett and Hutchins; centre, K. Ware; wings, R. Ware and Wood; subs, Haggman and Higfield.
Bowmanville—Goal, Caldwell; de-fence, Hooper and Denism; centre, Chartman; wings, Moise and Chandler; subs, Piper, Turner and Cameron.
Referee—Norman Alberts.

RECREATION BOWLING

The Ladies' Junior Winter League got off to a good start with the Fall League winners the Shamrocks taking three points from the Cicco No. 1. Miss A. Kelleher was high for the Sham-rocks with a single of 230 and a total of 519. For the Cicco Mrs. Gill had the highest three strike with 471 and Miss Rushworth the high single with 216.

Shamrock—P. Way 457; A. Kelleher 519; P. Tuttle 472; L. Halsey 459; R. Tuttle 378; total 2285.
Cicco No. 1—M. Pitman 445; M. Say 485; Mrs. Gill 471; S. Frain 467; L. Rushworth 470; total 2238.

In the weekly contest some of the junior bowlers got right up in the front ranks with some good scores. W. Parker of the Junior League got the high three string with 296, 300, 239, to a total of 835. Pat Belnap came second with 240, 240, 254, total of 734.
The Ladies' Contest the Junior had won out with M. Pitman taking the high three string with 209, 234, 199 and a total of 642. Miss P. Way came sec-ond with 214, 224, 200, total of 638. Mrs. D. Belnap was very close with 226, 202, 208, total of 636.

ROUGH GAME AT
MADOC VILLAGEStirling Defeats Frankford
To Lead Trent Valley
League

In a clean fast game witnessed by a large crowd of loyal fans Stirling de-feated Frankford by a score of 3 to 0. The Stirling team got a first count in the first period when H. Ingram made a lovely rush and beat Bowen in goal for Frankford. Each team battled very hard till the first period was over second period Stirling added two more goals Frankford trying but could not find the net. The third period was the fastest of the night. Stirling try-ing to hold their lead with Frankford valiantly trying to overcome it. It was a hard thing to find a star in the game as every man out there starred.

The line-ups:
Stirling Goal Bowen
H. Ingram R. defence J. Massacre
F. Ingram L. defence W. O'Mally
K. Davis Centre Bowen
H. Ackers R. wing O'Mally
H. Ackers L. wing Legault
Wallace Subs. McLean
Ivey Fraser Shaw, Smith
Referee—Leo Barrett, Belleville.

The fireworks flew at Madoc where the home squad gained a 2-0 victory over the Campbellford team. It was the roughest game played since the re-organization of the Trent Valley Leag-ue, no less than twenty-eight pen-alties having been handed out by re-feree Ross Burt, of Trenton. Barky, an import signed by the Madoc team was sent to the penalty box eight dif-ferent times and he was reported to the league by the official in charge. He deliberately laid Cowie, the Camp-bellford centre player, low and he was carried from the ice prostrate. "Buck" Hulin the Madoc goalie was an easy stand-out and he repulsed every in-vasion by the visitors.

The League standing is as follows:

W. L.	Stirling	Goal	Bowen
3	1		
2	2		
3	2		
2	3		
1	3		

OSHAWA JUNIORS
ASSUME LEAD IN
WESTERN GROUPDefeat Ancient Rivals In A
Sluggish and Listless
Affair

Oshawa, January 21 — The Oshawa juniors took a strange hold on first place in the Lake Shore group last night before 1,000 fans at the new arena when they defeated Bowman-ville kids, their closest rivals, 4 to 2 in a listless affair. For some reason a game that had all the ballyhoo of a final and with apparently every com-plaint for a real struggle, turned out to be sluggish to the last degree, devoid of any real good hockey and only interesting in spots, and that more through personalities than sport.

The only redeeming features of the game, outside of a few minutes in the last period, when they lived up to a little, was the stirring work of Rob-son on the Oshawa forward line and the back-checking of Brown of Bow-manville, who starred all night, though he married a good game by getting a major penalty. Young Rob-son stood out sensationally, grabbed a goal and was effective all the time. Little was above the average tonight and bagged two bails, while Pat Ryan got the other when he split the Bow-manville defence and sniped the dis-cust James Th. Oshawa squad had a bad night and only showed a sembl-ance of the power that crushed Pet-eboro 13 to 1 and turned back Whitty 5 to 3. Lorie and Drinkie, usually stars were distinctly below form and could not get going all night.

PRESTON TEAM
AGAIN BEATEN

Hamilton, January 21 — Hamilton Tigers annexed their ninth victory in the senior O. H. A. series group B. here last night, vanquishing the Pres-ton Riverdieses with comparative ease, 4 to 1, and are now certain of a position, probably second place, in the group play-offs. The Yellow and Black tonight led all the way, scoring one goal in the first, another in the second, and two in the final, while the visitors killed their orphan in the final frame.

There was never any question as to which was the better team. Tigers dominated the play from the start, and that they didn't pile up a record count was due solely to the dexterity of Wallis, in the Preston goal. This led in the first two frames kicked aside a Kosen shot that were launched with dire intent, and it was seldom he had any long range snip-ing to contend with.

NEW YACHTS FOR
RACES IN BERMUDA

Halifax, N.S. (By Canadian Press)—The forthcoming Bermuda race has given the Nova Scotia yards several yacht building contracts. Two Starling Burgess schooners are being built (S. Shelburne), one for the brothers, G. and C. M. Norton, and the other for Austin Lamont.

Notes of
the Game

For real honest-to-gosh tobacco thrills and thrills, last night's Senior "B" game at the arena had any offer-ing to date backed off the map. The fans went away gasping to themselves and the engagement was still the source of argument for the sporting fraternity today.

The game scintillated from start to finish and the crowd were kept sitting on the edge of their seats all evening.

It was reported that one occupant of the "murders" row section tendered another shilling on his way out as he felt he would be cheating the arena directory otherwise.

It was a wild and woolly affair both on the ice and off and brought back memories of a Collingwood game played here some years ago in the old ice emporium. There were no outbreaks on the ice but they threatened several times.

Only efficient work by the local city and Provincial police quelled what ap-peared to be a nasty situation and a near-riot at the conclusion of the pas-time was averted.

The game lacked nothing in the form of entertainment for the cash customers and in local hockey history no more points of argument have arisen in a game than last night.

The Oshawa goal judge was the sub-ject of a bitter attack in the last pe-riod and the strong arm of the law and his cage were his salvation.

Alex Weir came down right wing and lifted a shot from the blue-line and the head-hel struck the last net in the upper left-hand corner. It was a sizzler and the puck deflected out again. It was apparent to those direct-ly behind the net that it was a goal but the red light did not flash. It did not flash but the Belleville sup-porters saw red anyway and it was an instant signal for a rush on the goal judge. Although his cage was torn loose from its mooring little actual damage was done although it was not because one or two fans did not try to get in their work.

Ernie Wortley is rated as one of the best officials in the Ontario Hockey As-sociation. His exhibition here last night stamped him as anything but such and he brought the ire of Bel-leville fans down on his head for his in-efficient display.

Not one team but both suffered from his rank decisions and Belleville ap-peared to get far the worse of the argu-ment.

Off-sides were ignored and at least three goals were scored on passes that were five feet or more ahead of the re-ceiving player.

As the game proceeded he proceeded to grow even worse. We'll admit a re-feree's job isn't one that is sought after by the majority but the parent organization should see to it that more competent men are sent out to handle the games.

Clair Devlin, of Kingston, has been giving good satisfaction. Why wasn't he named? The Belleville manage-ment saw Mr. Wortley in action one memorable night at Trenton last year.

SECURITIES THAT STAND BY

The desirable security is the one about which there is nothing spectacular; which will never give you the thrill of "seeing 'er climb!" from which you will never suffer the agony of having your life sav-ings wiped out overnight.

United First Mortgage Bonds are among the most desirable of securities.

Founded upon the imperishable asset of land and permanent buildings thereon, they are backed by a concrete and more than adequate property value which does not fluctuate.

Arranged and supervised by experienced financiers, they are surrounded by every possible moral and legal safeguard.

When you want an investment that will not fail you, that through thick and thin will stand by, remem-ber that this is exactly what we offer.

Write for details of issues now on the market.

Address

Name

and he was almost as bad as he was last night. But still they agreed when Wortley was named for last night's game.

Bad as he was, the conduct of some of the more rabid fans after the game was even more disgraceful. Visions of a riot present themselves as the official left the ice escorted by two policemen followed by a yelling whooping group of spectators.

Some of the more rabid fans allowed their exuberance to get a little the bet-ter off them and fists groined for Mr. Wortley's departing figure.

It is all very well for fans to start such an agitation before a crowded rink of home fans with plenty of sup-port behind them. Where are these same fans in foreign fields when they haven't the same support and protec-tion? They are a minus quantity.

To attack a single man with one pair of arms is conduct that is certain-ly unbecoming gentlemen. He was alone and had it not been for assist-ance of the police a much more seri-ous affair might have been precipitated.

Belleville lost and we have just a sneaking suspicion that Oshawa, after all's said and done, were just a trifle more finished around the nets and were just a little more speedy on the attack. They will take some beating in this group anyway.

VARSITY DEFEAT
QUEEN'S TEAMBlue and White Superior to
Tricolor Last
Night

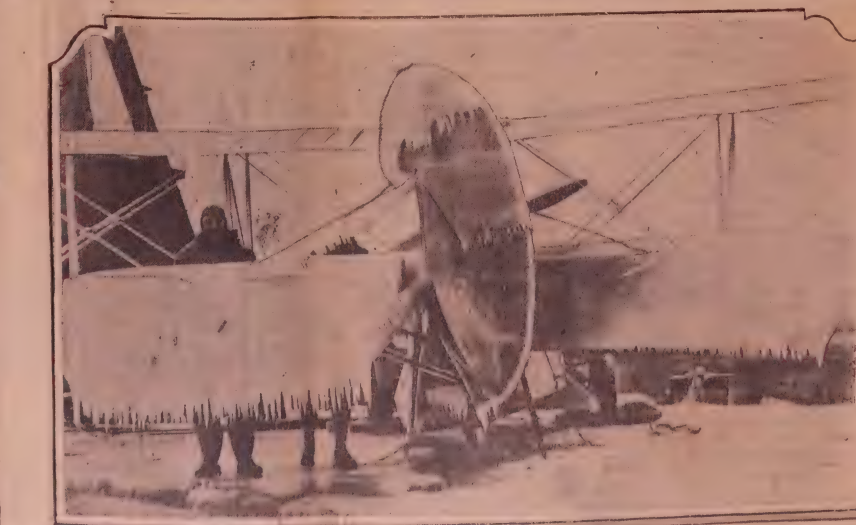

Toronto, January 21 — Varsity secured revenge for the 1 to 0 reverse han-ded to them last week by Queen's in Kingston by defeating the Tricolor in the Senior O. H. A. at Varsity Arena last night by 4 to 2 and thereby the Blue and White strengthened their hold on the leadership in the tight scramble for the title. While the losers were never in front they were even terms at the end of the first period and only one goal in arrears at the resumption of hostilities in the third stanza. The locals increased their lead 30 seconds after the last period got under way, but Queen's reduced it midway and while the winners again made their advantage one of two goals they were extended to the full to stave off the Kingstonian's de-termined attack in the closing minutes and were aided in their effort by a couple of penalties to Gib McKelvey.

While there were flashes of good hockey scattered throughout the game neither team turned in good perfor-mance as they have in previous games. There being too much of the intercol-lege rivalry and at time personal animosity to permit smart hockey all the way. But the spectators did mind the absence of the highest brand of play as in the past was a big dose of spice which kept things popped up from the start of the second period until the end. At times it looked as if a series of personal conflicts would break out but none of them reached the firing point. Both defence made the road to the goal a particularly strenuous one for the opposing attack-ers and puck-carriers were crashed to the ice with zest and frequency. At times the methods of halting attacks was not quite orthodox, but there is no denying that it was effective.

News of Quinte District

HILLIER

Mr. Wilfrid Campbell, who has been agent at Scarborough Junction C.N.R. station the past six months is home for a short holiday. He brought his small nephew, Campbell Pearson, with him.

Mrs. Vernon Smith's many friends are pleased to hear that she is much improved and will soon be able to return from the hospital at Picton.

Messrs. McLeod and Alexander are again out with their buzz-saw outfit. The bad condition of the roads has prevented them from sawing.

Hillier creek is higher than ever before in the memory of the oldest resident. The ice in Pleasant Bay, the mouth of the stream, has held the water back. It is now a torrentious current.

Messrs. Levi Palmer and George Alexander have been drawing grain to Concession. Mr. French was the purchaser.

Mr. Fred Ward, of Concession, delivered coal to Miss Macdonald on Wednesday. He went back to the good old stand—by the horse—because of the conditions of the roads. He reported the roads not too bad but the only trouble being the creek.

Miss Eugene Alexander spent a few days in Wellington with Mrs. Clark, who is ill.

Mr. Frank Hubbs is helping Mr. Henson with his wood this week.

The children who have had measles are now able to be out. The disease was being quite prevalent in and about Hillier.

STIRLING

Mr. M. G. Cook, of Peterboro, was a Stirling visitor on Wednesday of this week.

Mr. W. Wilson of Oakville is the guest of his brother, Mr. Joseph Wilson this week.

Dr. and Mrs. Guthridge left on Tuesday for Winnipeg to visit the former's father, who is ill.

Mr. John Victor, of Port Hope spent the week end in Stirling.

Mrs. Hall, of Latta, spent the week end and the guest of Mrs. M. Pittman, Edward Street.

Mr. Lloyd Munroe, of St. Oia, spent the week end with his brother, Mr. Lawrence Munroe.

Mr. James Balmforth, of Colborne, spent the week end in town.

Mr. and Mrs. C. F. Linn have left for Kingston where they will spend the winter months. Mr. Linn is instructor at the Dairy School there.

Mr. and Mrs. C. B. McGuire, of Belleville, were Stirling visitors on Sunday.

Mr. and Mrs. Frances Jeffery are spending a few days in Oshawa.

Mrs. Ketcheson, of Belleville, is spending a few days with her sister, Mrs. Robert Reid.

MASSASSAGA

Mrs. T. Walbridge is not as well as her friends would wish her but hope to hear soon that she is quite recovered.

Mr. and Mrs. J. E. Robinson celebrated their 31st wedding anniversary on Saturday. Congratulations.

Mrs. J. Bell is much improved in health.

Mrs. A. Hillman supplied in Mrs. Johnson's place for a few days last week.

Miss M. Broad is in Newcastle for a few weeks.

Mr. N. Walbridge arrived home on Monday.

Mrs. Van Cott, Mountain View, is with Mrs. Huff for a few weeks.

David Walker is on the sick list.

Mr. and Mrs. J. McNeill are spending a month's holidays in Montreal.

Mrs. D. Davidson is under Dr. Proctor's care.

IVANHOE

Town Hall, Ivanhoe, January 13th, 1930.

Huntingdon Township Council met all members present.

Reeve Wm. A. Morton, Councillors Wm. Ashe, Elsie T. Series, Arthur S. Hagerman and Charles E. Morland. They took their declaration of office and took their seats.

Series—Morland that the following bills be paid. Howard Ashley, \$5.50; T. E. Fleming, account \$5.55; Bobb Gay, 1 sheep killed \$12.00; John Wright, Trunk Office \$15.00; Intelli gence for Advertising \$1.00; J. S. McKeown \$31.50 Thomas Rollins, repairing road, \$10.50; Board of Health fee \$38.00; Dr. Welsh, M.H.O., \$315.00.

Ashe-Hagerman that Council go into Committee of the whole on bylaws to appoint Assessors, Auditors, Sheep Officer and Colonization Roads with Reeve in the chair. Carried.

The officers appointed under the different bylaws were as follows: Assessors, Robt. A. Downey and Albert A. Reid; Auditors, Matt English and Howard Ashley; Sheep Valuers, John Emerson, Ben Brough, Howard Ashley, Alfred Holland and Jas. Keene; Sanitary Inspector, Hubert Rollins; Trunk Officer, John Wright.

The by-laws were given their several readings, signed, sealed and numbered respectively.

Hagerman—Morland that Council resume from Committee on bylaws to general business. Carried.

Series—Morland that S. J. Kilpatrick be caretaker of Hall for 1930 at salary of \$30.00. Carried.

WHEAT KING SET
EXAMPLE TO HIS
GREAT GRANDSON

Descendant of Grower
Wins Honors With Marquis Variety

(Written for The Canadian Press by
Harry Theobald)

Peterboro, Ont.—On the same farm and almost the identical plot of ground where his great grandfather, David Fife, nurtured nearly 90 years ago the three shoals of Red Fife wheat whose seed eventually altered the economic destiny of the Canadian Northwest, Donald David Fife, 12-year-old son of Edwin Fife of Ontario township, Peterboro, has won the first prize for Marquis wheat at the rural school championships fair of the county.

Donald David Fife's success may have been only a turn of fate, possibly an obscure recognition of the nation's failure to recognize his grandfather's memory; but who would say that the spirit of David Fife did not revisit the acres he had cleared as a pioneer more than a century ago, and lend the magic of his special touch to his grandson's harvest from his school allotment of Marquis wheat, the improved variety evolved by crossing Red Fife with hard Red Calcutta, an early maturing variety that had originated in India.

The growing of a fine sample of Marquis wheat was no extraordinary accomplishment for the rural school boy. No doubt many other boys of his age throughout Ontario and the rest of Canada have done as well; but the fact that Donald David Fife is a direct lineal descendant in the fourth generation of David Fife, whose ambition and intelligence led his country far along the path of his cultural preeminence, introduces into the romantic story of Canadian wheat a pleasing, perhaps an amusing chapter that lights up the past with a new interest and sets forth in clearer perspective the priceless work of David Fife far back in the log cabin days of our national life.

Peterboro County rural school championships were held in October as a separate department and adjunct of the East Peterboro Agricultural Society's fair at Norwood. One of the young competitors was Donald David Fife, who had received his portion of the wheat distributed by the Ontario Department of Agriculture for the purpose of the rural school contests. His kinship with the David Fife who gave first his community then his country the wheat that became the basis of Canada's agricultural wealth, probably was generally forgotten in the democracy of the school yard. And it is worth mentioning that this boy received no discriminating attention from his teacher in the distribution of the school's Marquis wheat.

In a garden plot on the ancestral farm Donald David Fife planted his wheat, harvested it, displayed it at his school fair, won first prize, and then on to the county championship at Norwood.

A Fife had won with a Fife wheat for Marquis retains all the excellence of its parent Red Fife, and Donald David Fife seems to have inherited the talent of his great grandfather, agriculture has its romance, too.

David Fife was born in 1805, the fifth of the ten sons of John Fife and Agnes Hutchinson who were married in Kinkardine, Perthshire, Scotland, Nov. 23, 1786. The family came to Canada in 1820, and settled on what is now the fourth concession of Ontario township, Peterboro County. David married Jane Beckett in 1828, and built a rude home on the 100 acres immediately north of his father's.

Sixteen years of pioneer farming convinced David Fife of the need of a variety of wheat generally superior to the grain then in use here. Resistance to rust was a special quality he sought. So, when a friend, William Smith of Glasgow, was leaving for Scotland after nearly a year's visit, David Fife asked him to try and get some wheat arriving from other countries.

A vessel discharging at Glasgow a cargo of grain from Dundee supplied him with the samples he sent to David Fife in 1841. In the following spring this wheat was carefully planted on the Fife farm, but as it ripened, only one variety appeared to be immune from rust. This was the first so-called Red Fife wheat sown in Canada or North America and only five heads of it were ripening. One day an ox wandered into this precious plot, and cropped off two of the five ears of wheat before a daughter of the house ran out and chased the animal away.

On such a gammer of chance hung the splendid future of Canada which those three remaining ears of wheat were yet to produce. They hung from the ceiling of the kitchen until the spring of 1843 when they were taken down and the grain gently loosened into the palm of David Fife's hand. One by one they were sown, and later they were dropped like pieces of gold into the ground at sowing time.

David Fife gave small quantities of the wheat to neighbors after his first few years of anxious husbandry, but David Henderson was the first to buy a bushel, for which he paid the current price of ordinary wheat. The progress and productivity of Red Fife wheat are indicated by the fact that in the spring of 1849 Ontario Agricultural Society bought 260 bushels to distribute among its members rather than let it immediately pass from the township. And it is said of David Fife that he never sought financial advantage from his wheat, but sold it freely at the ordinary market price.

Red Fife wheat, actually a Galician variety, as Dr. William Saunders of the Dominion Experimental Farm discovered, was introduced into western Canada about 1882 and for 26 years it was the leading, in fact the standard spring wheat variety, in the East as well as the West.

Only by a special purchase could we arrange for anything like this price. A manufacturer's choice of these umbrellas, that have been made in the cotton and silk top with taped edges are filled with fancy handles, and have a top and ferrule. Handle cord to match each umbrella. Pure brown, black, green, and navy. A large variety. Regularly priced 2.50. Special, Wednesday selling—each

29c

Weekly Crop Report

grazing fit for No. 1.

Hay—The supply of home grown grain will be sufficient to carry live stock through the winter on the majority of farms.

Lambton—Fewer cattle are being carried over this winter than for some time. The number of western feeders cattle bought in the past fall for feeding was much below the number of previous years. Farmers report cattle are feeding well and showing improvement over the low-finished condition they were in some of the grass.

Langark—Due to an abundance of roughage the livestock are wintering nicely but are thinner than other years. After last week's thaw there is plenty of water and farmers who have been drawing water for their stock have no more worry in that respect. Many farmers are driving sowed wood to town.

Leeds—Production of milk is low and little effort is made to increase production. In general we may look for this cattle all through the winter. With plenty of roughage, little demand for dairy produce and concentrate feeds high, farmers are not going to feed so well as usual.

Lennox and Addington—According to reports, production of milk is not as great as it was the corresponding date last year. The scarcity of feed and the high price of milk feeds no doubt is responsible for this condition. Farmers who have been growing canning crops under contract with the Canning Factory are purchasing milk at the price of \$2.50 per ton.

Lincoln—There has been a slight falling off in production during the past few weeks as a number of flocks have gone through a severe moult but yearling hens are now coming into production and will be heard from now on. The local market price for bulk hay this morning was \$15 to \$17 per ton according to quality.

Middlesex—Though live stock prices have declined rather sharply during the past week, several carloads have been marketed with very few prices netting over nine dollars per cwt. Some of the best finished steers are worth a little more with a number of choice, finished leads still being held for firmer prices.

Northumberland—There is probably a greater shortage of money in this district at present than is generally the case at this time of the year. The apple prices have been exceptionally low and the market drags. People who have sold their apples have no money. Nearly all cash crops were short in yield in this section this year. A large percent of the milk in the district goes to the cheese factory and cheese factory prices this year were also low.

Ontario—The supply of grain for feeding purposes is lower this year than for a number of years.

Peterboro—Roots and ensilage are particularly scarce. These were not a heavy crop and feeding operations commenced early. Until last week there was a good covering of snow on the fields and little frost in the grounds. Recent thaws have bared the fields and formed ice in the low places which do not promise too well for the wheat and clover.

Prescott and Russell—The sudden thawing of the very large amount of snow we have had has covered our bare fields with a vast amount of water. I think that most of the meadows and clover fields will be affected. A few automobiles are still running but the last storm of snow we have had this week will block most of the roads.

North Simcoe—The demand for T. P. Brand potatoes begins to exceed the supply. A premium of from 25c to 40c over No. 1's has been maintained to date. Hay loose—\$12.00 to \$14.00 per ton with a few loads of alfalfa at \$14.00.

Temiskaming—An almost continuous demand for good breeding bulls is proof of the interest being taken in better live stock. An abundance of

rough fed along with the cheap prices of hay is inducing farmers to carry over as much stock as they can handle. On the other hand the necessity of having cash has forced the sale of some stock. The general condition of live stock is good but very few are being marketed now.

Waterloo—There is very little grain, seed, fruit, potatoes, etc. being marketed. There are some turnips being shipped, 30c to 35c per bush being paid. Welland—Many old hay stacks which have sat for several years will be utilized for feed this year. This week the heavy rains and thaws flooded portions of the county. Many farmers had to use boats to get from the house to the barn. Main highways were flooded and closed. The unfavorable condition of freezing and thawing will undoubtedly do considerable damage to wheat and clover.

"It was the variety which came to be taken as the basis upon which Canadian official and commercial grades of wheat were established," writes L. H. Newman, Dominion cerealist, Ottawa, in a recent pamphlet issued by the Department of Agriculture. "Thus the original grades required that, in each case, there must be a certain minimum percentage of Red Fife present. It is of further interest to note that practically all of our leading spring wheat varieties in Canada today are more or less closely related to Red Fife."

These varieties include Marquis, Garnet and Reward.

From 1862 until 1903 when Marquis wheat reached the West, Red Fife was the foundation of the cities, the little towns and railways that have reclaimed the prairies from the desolation of grass lands. And all this wealth and empire once potentially depended from the ceiling of the little log cabin that has long since disappeared from the farm where Donald David, the great grandson of David Fife, planted last spring his prize-winning Red Fife-Marquis.

DISCOVERS IDEA
OF ELIMINATING
DANGEROUS GAS

Invention Eliminates As-
phyxiation From Ex-
haust Gas

New York, N.Y., (Canadian Press)—A means to eliminate the deadly carbon monoxide which is the poisonous constituent of automobile exhaust gases has been discovered by Dr. J. C. W. Frazer, chairman of the Department of Chemistry of John Hopkins University. Dr. Frazer announces that tests have demonstrated that an automobile equipped with the newly discovered agency can be left indefinitely in a closed garage with the engine running without liberating carbon monoxide or any other gas dangerous to human life. Such an invention, if universally applied to automobiles, would make asphyxiation from exhaust gases utterly impossible and to remove a hazard which causes hundreds of deaths annually.

Carbon monoxide is produced by the incomplete combustion of fuel in the automobile engine. Dr. Frazer's discovery is a catalyst, a substance in the presence of which the carbon monoxide gas of the automobile exhaust is completely burned to form harmless carbon dioxide, all of the gases then passing into the atmosphere. Air is mixed with the exhaust gases from the engine and the mixture is led over a bed of the catalyst.

The catalyst is of such power that it not only changes carbon monoxide to harmless carbon dioxide, but burns all exhaust residue including the offensive odors common to city streets.

A suitable catalyst for carbon monoxide combustion has been sought for some time. The present discovery is to a certain extent the outgrowth of work carried out during the war for the Chemical Warfare Service. The necessity for protecting men operating the guns in closed turrets from the deadly carbon monoxide gas produced during the firing of guns led to the development of a catalyst used in gunners' gas masks. The catalyst devised for that purpose was very effective and is still used by the navy.

But the catalyst which has proved so successful in gas masks was incapable of operating under the conditions imposed by direct contact with hot automobile gases. Working on the problem for the past two years, the Hopkins chemist has produced a catalyst which differs radically from those previously employed. Laboratory as well as short and long road tests have made the longest being from Baltimore to Mississippi and return with an automobile using the catalyst under most diverse driving conditions. Tests have also been conducted in confined spaces stimulating closed garages.

The catalyst produced has worked effectively under all possible operating conditions when properly controlled. Adaptation of the discovery to practical automobile use requires only the perfection of a simple, efficient mechanical device to carry the catalyst in such manner that the exhaust gases may be exposed to its action. A satisfactory attachment will require no attention on the part of the operator or the vehicle on which it is installed.

The catalyst, once it is generally applied, will eliminate that offensive odor associated with the exhaust of motor vehicles which becomes highly objectionable in the atmosphere where automobile traffic is heavy. Not only are odors entirely suppressed by means of the new application but smoke is totally consumed as well.

The heat generated in the catalyst oxidation of the noxious gases offers opportunities for better utilization of the heat value of the fuels used; these are subjects of further research and will be reported as developed.

Five Powers Outline Navy Needs Today

FIRE DAMAGES FRANK ST. HOME; RUINS INTERIOR

Fire Department Found Flames Had Made Too Great Progress.

WALLS REMAIN

Frame Structure Provides Easy Prey to the Flames.

Chas. Turner, postal employee, residing at 24 Frank Street, suffered heavy loss in a fire which gutted his home late yesterday afternoon. The blaze originated in the attic of the kitchen and spread rapidly to other parts of the dwelling, destroying practically all of the contents. The fire's origin is not known. The flames had crept along the joists.

The family was absent at the time and when Mr. and Mrs. Turner returned less than an hour later the fire had ruined the interior. It was a frame structure and was an easy prey to the flames. It was at first believed that the blaze found its source in one of the stoves in the house but the pipes were still intact when the firemen entered the structure.

The fire department in charge of Acting Chief Williams Lynch, made a hurried call when the alarm was turned in but the blaze had gained such headway that it was impossible to check its progress. The walls are all that remain, although a small quantity of household effects may be salvaged. The loss will be partly covered by insurance.

RACERS BURNED

New Orleans, Jan. 23. (C.P.)—Two stallions and an apprentice jockey suffered burns, and an undetermined number of race horses were burned to death in a fire which swept two barns at the Fairgrounds racing plant today. The first count placed the number of thoroughbreds burned at 15.

OLD HOME WEEK COMMITTEES ARE CHOSEN AT ONCE

Businesslike Meeting of Executives Held Last Evening.

NAMES OF MEMBERS

Belleville's Old Home Week for 1930 is bound to be a big success judging from the enthusiasm shown in the preliminary this early in the season. Tuesday evening the organization meeting was held with large attendance and unlimited enthusiasm. Last evening the executive committee met and arranged further details for organization and committees, which are now practically complete. Standing committees were named, subject to addition of more names later.

Although urged to accept the position of general secretary, Mr. Hope McGinnis, who has been closely identified with Old Boys' Reunions in an official capacity for many years and proved himself a most capable officer, could not see his way clear to give the office the time he thought was due to his duties as a civic official, but he did consent to act again as assistant to the secretary.

Mr. Cecil Fraebel was elected secretary and should prove a very capable official. He is the son of His Honour Judge Fraebel and is well known and popular native son of Belleville.

With the names added last night the organization is now staffed as follows:

Past President—His Honour Judge J. F. Willis.

Hon. President—H. W. Ackerman, Lt. Col. D. Barragar, W. Hume, Stephen Burrows, Samuel Curry, W. B. Deacon, His Honour Judge G. E. Deaton, His Honour Judge E. B. Fraebel, W. C. McKel, K. C. Rev. A. L. Green, R. J. Graham, Chas. E. Hanna, Ex-M.P. J. V. Jenkins, H. F. Ketcheson, Rev. Father Killen, A. McGie, John McKewen, Ald. J. D. McMillan, John Newton, W. H. Nugent, Col. W. N. Ponton, K. C. James A. Roy, Chas. N. Sullivan, Robert Tannahill, Addison Vandevort, George Wallbridge, J. E. Walmsley, D. M. Waters, Capt. P. H. Willis, Fisher W. Wilmore, John Elliott, Dr. C. E. Bishop, Ernie Tammann, M.P. W. H. Ireland, M.P.P. Senator Horsey.

President—W. C. McKel, K.C.

Vice Presidents—Don Blecker, Major R. D. Ponton, Jesse Barlow, His Honour Judge G. E. Deaton, and Ex-Mayor Harry Greenleaf.

Treasurer—B. L. Hyman.

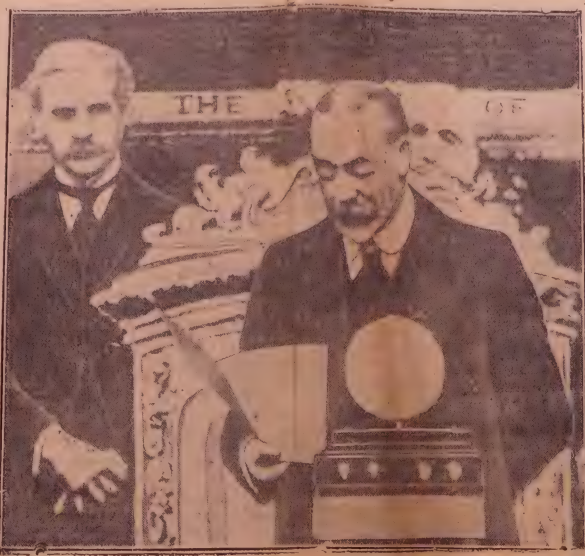

Secretary—Cecil Fraebel.

Assistant Secretary—H. McGinnis.

Finance Committee—Charles J. Sykes, Chairman, Mayor C. A. Reid, Ald. W. Woodley, Charles Dolan, H. E. Fairfield, H. Sanders, B. L. Hyman, Jack Lill, Corbyville, Lt. Col. R. J. E. Graham, Mackenzie Robertson, H. W. Ackerman, Harry Slock, Tom Ruston, Rev. A. L. Green, Charles Hanna, Hope McGinnis, G. A. Weir, C. Waite, E. V. Ilsey, W. A. Parker.

Entertainment Committee—Charles Hanna, ex-M.P. (Chairman), W. Asstine, Dr. Brownie, W. Turner, A. E. Zeally, E. H. Hinesley, William Rogers, Ald. Geo. Tice, Ald. Armstrong, Leonard Walmsley, Joe Louis, Al. Lazier, Joe Smith, R. Phillips, Hope McGinnis, H. Legzala, J. Shortt, Ald. J. D. MacMillan, William Snell, G. Stokes, H. Thompson, Harry Walker, S. R. Burrows.

Publicity—Russ Wotton (Chairman)

TELEPHOTO OF SCENE IN ROYAL GALLERY

Here is a telephoto picture transmitted from London, Eng., retouched showing the King at the "Mike" delivering the opening address of his five-power naval conference in London. The King spoke into the microphone the whole world listened to his words. It was the first time the monarch had spoken thus to his people. On the left may be seen standing Premier Ramsay MacDonald—Copyright, 1930, Pacific and Atlantic Photos, Inc.

SNOWSHOE RECORD

Ottawa, Ont., Jan. 23. (C.P.)—Jean Baptiste Chouinard, barber of Notre Dame du Nord, Quebec, 35 miles north of Temiskaming, arrived here early today after having snow-shoed 435 miles in less than 15 days. Mr. Chouinard is leaving tomorrow for Quebec where he will participate in the Quebec-Montreal show shoe race.

NAVY IS GREAT BRITAIN, PARLEY IS TOLD TODAY

Naval Needs of Five Powers Are Presented to Conference.

MacDONALD'S VIEW

Col. Ralston Says Canada Is Ready to Co-operate 100 Per Cent.

London, Jan. 23. (C.P.)—In Queen Anne's drawing room at the Palace of St. James, the great naval power today submitted a statement of their naval needs as the first business of the morning session of the Five Power Conference. They all spoke of their desire to feel secure, but coupled that with the emphasis that naval needs were relative and that by common agreement armaments could be reduced.

"It's a problem for us of the will to live," explained Premier MacDonald. "It is a life or death problem for us to have free access to the whole world. The navy is us."

For United States, Henry Stimson, secretary of state, was the first speaker. The requirements were understood he said. If the conference could find means whereby a general reduction could be secured, the United States could also reduce.

Col. Hon. Ralston, Canada, was not prepared to make a statement but he promised Canada's full co-operation. Australia, too, promised full co-operation.

Premier Andre Tardieu, France, in an eloquent speech, stated many things, outlining the position of France. He placed the needs of France as a maritime power on three bases—geographic, economic and military. "If decisions of this conference result in an increased sense of security in France, so much more will it be possible for France to reduce," he said.

Dino Grandi, Italy, outlined Italy's maritime position and added she was entitled to ask for a relative superiority, but was content to accept the power standard, so far as continental Europe was concerned.

Japan's policy was based on peace and economy, according to Ex-Premier Wakatsuki.

BRIDGE STREET SCHOOL ELECTED 1930 OFFICERS

Service of Late F.E.O'Flynn Appreciated by School.

YEAR'S REPORT

Bridge Street Sunday School teachers and officers held their annual meeting last night in the Sunday School parlours, and a turnout of workers made their appearance. The ladies of the Church supplied a bountiful repast, and a splendid program of music had been arranged, which was enjoyed by all. Mr. Russ Wotton presided at the piano and Mr. Harold Holton led the singing.

The programme was started by a prayer by Dr. E. N. Baker, followed by a solo by Miss Florence Barber. Secretary Geo. H. Griffin then read his report, followed by the Treasurer's report, given by Geo. P. Cole, and the Librarian's report, given by Miss Madden. Mr. Fred Sprague then rendered a solo, and the Credit Roll report was read by Miss I. Campbell. The Primary by Miss Morrice; Home Department by Mrs. Tickle, and Temperance by Mrs. Baker. Miss Lorna Ridley also gave a solo.

The assembled gathering then passed a resolution moved by Mr. F. S. Deacon expressing the Church's appreciation of the long and faithful service of the late F. E. O'Flynn, former superintendent, and that this resolution be passed on to his family. Mr. Ackerson also moved a resolution that the Sunday School staff with their former superintendent, Sherrill J. H. Clare, who is confined to his home through illness, be given a special address on the work of the Sunday School, after which the following officers were elected:

Committee of Management and Staff—Dr. Bell, Pastor; J. E. Shortt, Supr.

Box of Quarterly Official Board—Deacon, W. B.; Ostrom, Geo. F.; Reid, C. M.

Officers and Teachers—Shortt, J. E.; Ackerman, H. W.; Deacon, F. S.; Griffin, Geo. H.; O'Flynn, John; Cole, Geo. P.; Wotton, F. R.; Dalrymple, Don; Holton, Harold; Morden, Ralph; Bell, Dr.; Baker, Rev. Dr.; Baker, Mrs. E. N.; Garner, Miss M.; Clarke, Howard; Millon; Richardson, John; Peterson; George; Morden, Miss A.; Ketcheson, Miss N.; Arnold, Miss G.; Earle, Miss Ella; McPherson, Miss K.; Diamond, Miss D.; Reid, Miss Thea. Shortt, Miss E.

Beginners—Miss Pearl Campbell, Supr.

Primary—Morden, Miss Ethel, Supr.; Zuffel, Miss L.; Sulman, Miss H.; Sine, Miss Maud; Caldwell, Miss Nellie; Moore, Miss Marjorie.

Nellie, Supr.

Boys Work—Sprague, Allen, Supr.; Smith, Austin; Grills, Kenneth.

Librarians—Madden, Miss J.; Bowen, Miss E.

Lantern—Mouck, Ernie; Boyd, Archie.

516 MEMBERS IN ST. ANDREW'S CH.

Annual Meeting Shows That Congregation Is in Healthy State.

There was an unusually large attendance at the annual meeting of St. Andrew's congregation, Wednesday evening, the school room being filled. A keen interest was taken in the proceedings. The reports from the various societies were all of an encouraging character, and showed that the past year has been one of much activity. The pastor, Rev. Dr. Seymour, presided and conducted devotional exercises in which he was assisted by Rev. Dr. MacTavish. A statement from the session by Mr. W. J. Campbell showed that 29 new members were received, 13 were dismissed by certificate, and 3 by death. Two new elders, Messrs. James Colkers and R. J. S. Dewar, were inducted. The total membership is now 516. The report of the board of management showed that all obligations have been met and that there is a small credit balance in the bank. This was made possible through a donation of \$1,000 from the Ladies' Aid. On behalf of the Trustees, Mr. Gillen reported that the sum of \$3,140 is held in trust. The evangelist, Mr. G. A. Reid, stated that 2,157 had been contributed by envelopes. The Ladies' Aid had given a donation of \$1,500 to the building fund and has at credit a balance of \$218. Mrs. G. A. Reid, for the W.M.S., reported that \$385 had been raised for missionaries. She reported that Mission Band had had a prosperous year. Mr. I. L. Moore stated that there are 14 classes in the Sunday School, and the attendance is slowly rising. The prospects for the future are bright as there are 114 names on the estate roll. St. Andrew's Club has been active and had disbursed \$685. The choir, under the leadership of Prof. Wheatley, came in for hearty commendation. Messrs. K. S. Hill, Dr. O. A. Marshall and E. V. Ilsey were elected managers and Messrs. W. J. Thompson and K. S. Hill, auditors. Messrs. McGie and Siver reported for the building committee. When tenders were called for alterations and improvements it was found that what was anticipated, the committee accordingly submitted an alternative plan. This was adopted by the meeting and the committee authorized to proceed at once with the needed improvements. The meeting also decided on motion of Mr. C. A. Cameron to accept as budget allocation for the year 1930.

PROBATE ESTATE OF J. J. B. FLINT

\$85,987.47 In Cash Bonds Stocks and Mortgages Chiefly

According to the last will and testament of the late John J. B. Flint, who died at Los Angeles, California, last year, Alfred J. S. Holton of Brooklyn, New York, is the chief beneficiary. Mr. Holton was bequeathed one-third of the total residue which amounted to \$41,485.16. The will was probated before Mr. John Kerr, surrogate registrar, Mr. T. Y. Willis acting in a legal capacity for the Flint estate and Mr. Robert Boile acted as executor. Mr. Flint's total inventories, including real estate in Belleville, amounted to \$164,418.00 and of this amount, \$85,987.47 constituted cash, bonds and stocks and mortgages, while the remaining \$78,430.53 included the residue chiefly in Belleville, where Mr. Flint was one of the largest property owners and heaviest tax payers.

John James Blecker Flint was born in Belleville, spent his entire life here, with the exception of his military years, and numerous organizations benefited from his legacies. The Young Men's Christian Association, Old People's Home, Queen Victoria Park, the Children's Aid Society, the Belleville Lawn Bowling Club and Albert College shared equally the trustees of each having been bequeathed \$500. The General Hospital Board was tendered a legacy of \$400.

The will as probated was as follows: Robert Boile, chattels; James Bristol, Napanee, legacy, \$1,000; Annie E. Tomblin, Belleville, annuity, \$1,000; Walter Corlan, Belleville, annuity, \$500; V. C. A. Belleville, legacy, \$500; Old People's Home, legacy, \$500; Queen Victoria Park, legacy, \$500; Children's Aid Society, legacy, \$500.

(Please turn to Page Three)

IS PRIVATE FLIER

Kitchener, Ont., Jan. 23. (C.P.)—Theodore Dietrich, who successfully flew a few hours plane recently, is now registered as a private aviator. He declared today that the civil aviation branch had inspected his parousal plane and is satisfied with its air-worthiness.

REV. FR. KILLEEN AGAIN CHAIRMAN

Separate School Board Held Organization Meeting For Year.

Last night at a meeting of the Separate School Board held in the city hall, at eight o'clock, the following officers were elected for the new year. Rev. Father C. J. Killen was re-appointed chairman. J. V. C. Trausch was elected secretary treasurer. The standing committee will be as follows—P. C. Lee, W. Dolan, James Lynch, Edward Doyle was appointed for the purpose of striking committees.

Organization and School Management—T. V. Scanlan, J. M. Trausch, Joseph Foltz.

Sites, Building and Repairs Committee—D. V. Hoffman, James Lynch, and W. A. Dolan.

Finance Committee—L. P. Hughes, T. J. Hurley, E. C. Lee, E. Doyle.

Printing and Supplies Committee—J. Fahy, A. Dutton, F. M. Meagher.

E. J. Butler was appointed to represent the Separate School on the Board of Education Frank Cushing was appointed on the Library Board. Mr. J. Fahy received the office of attendance officer.

Representatives for the different city wards are as follows:—Coleman—J. Foltz, D. V. Hoffman, Blecker—E. Doyle, A. Dutton, Baldwin—Rev. C. J. Killen, L. P. Hughes.

Ketcheson—T. J. Hurley, T. V. Scanlan.

Sanson—F. C. Lee, W. Dolan.

Foster—J. S. Trausch, J. Lynch.

Murphy—F. M. Meagher, J. Fahy.

Work on the new school was reported to be progressing favourably. The work will be completed in two weeks.

COMING EVENTS

The Well Baby Clinic will be held in the City Hall tomorrow afternoon from 2.30-4.30.

Madame Nevada Palmist and Medium at Hotel Crystal, Friday and following week.

Civil Flying will Boom Flying Boat Development

(By Canadian Press)

London, January 23.—The government is expected to pursue a policy of rapid development of civil aviation generally. Some of the extra money will be expended on subsidies for operation of air lines; thousands of miles of routes from London to Cape Town to be opened this year, and on further experiments with airships for emergency use. Extensive developments in civil flying boats, for passenger carrying, is also to be undertaken. In this connection orders have already been placed for multi-engine flying boats approximately the same power as the big German Dornier Wal-machines which carried as many as 100 persons at one time. Instead of twelve engines there will be six of English manufacture, based on the new-type 845 horsepower Rolls-Royce engine and the flying boats will weigh more than 100 tons.

MISS WM. VIVIAN OFF TRAIN HERE

Was On His Way to Be Deported to Old Country.

William Vivian, aged 40 years, and an Englishman who was being deported to the old country, escaped from or left a C.P.R. passenger train early this morning, presumably at Belleville. This morning, according to officials, and was missed just after the train left Belleville. It is presumed that he rode outside of the cars from Trenton station, and dropped off when the train stopped at Belleville.

The wanted man is said to be 5 feet 6 inches tall, is bald headed in front and has blue eyes. He is not known here on what charges he is being deported from the United States, and the Provincial Police are making a search for him. It is understood that there was a whole car of deportees.

There was a man of the same name who lived on Front St. here, and was charged about three months ago with selling liquor. This man was released from the City Jail, and has since on bail and left the city, and has since not been heard from, although it is understood that he went to the United States. Whether this is the same man or not is not known.

The men being deported were all sent back to England by Canadian authorities as undesirable.

Six Injured at Windsor Street Car Crashes Bus

Windsor, Ont., Jan. 23. (C.P.)—Six people were injured, two seriously, today when a westbound London Street car crashed into Campbell Avenue at the corner of London and Campbell. Those injured are E. Weardon, Motorman, Miss Myrtle Trudell, Norman Lawther, Thomas Donnelly, Mrs.

Jean Munro and Charles Phelps. The accident occurred on the bridge, and was stopped for two passengers, and was just gaining speed when a street car came down the incline, striking it. The force of the impact was heard for blocks, and the front of the street car was crushed in.

IMPROVEMENT FORECAST IN TRADING METHODS.

Attorney-General Price has announced a new step in provincial legislation to put an end to alleged bucketing in stocks in Ontario. There has been a deal of unsettlement of late in the public, especially among holders of stock and also among those who have lost through alleged practices of brokers or others and the news that there is going to be a drastic reform will tend to stabilize the public confidence. According to the Hon. Mr. Price's statement there will be an improvement in the methods of trading along the lines of the New York Exchange.

DR. BRUCE TAYLOR'S ADDRESS ON MINISTER.

Dr. Bruce Taylor, who is a welcome visitor to Belleville never gets away without delivering an address and making a good impression upon the people. On Tuesday evening at John Street United Church he demolished some of the present day notions of the church members about the duties of their minister and pointed out the absolute need of time for thought and for visiting among his congregation members. He stressed the mistake of the present day in asking a minister to be practically first of all a business administrator. Dr. Taylor knows the needs of the church and is not afraid to announce them to the public.

Accepting his view as to the duties of the minister, it is a natural result that the layman should discover something of his own duty in assisting the minister.

FORTY YEARS OF CHEESE MANUFACTURE.

Forty years Wooler cheese factory has been carrying on business. It is no wonder that the patrons and friends of the factory met the other evening to mark the anniversary with a banquet. If there is anything worth while in a world (in which there are some things not worth much) it surely will include the industry of dairying and cheese making.

For the past few years interest has been growing in the cheese industry. That, too, is not to be wondered at for the present age is one of opportunity in gaining world trade. Canadian cheesemaking methods have put Canadian cheese (and none more than the Belleville district cheese) in the forefront of the cheese world.

It was a fact worth comment that Mr. John Elliott of this city, who for over twenty years, in season and out of season, has been driving home without letting up, the greatness of the dairy and cheese industry, was one of the guests, none being more welcome.

What Mr. Elliott has done

in this cause cannot be estimated in dollars and cents—it means a whole trade gathered from all parts of the world for this industry which touches Canadians closely, first the farmer and then the city-man. Much water has flowed under the bridge since Mr. Elliott first started his drive for development and expansion of the cheese industry and much good cheese has been made and many tens of thousands of dollars have poured into the business and agricultural life of this district through his work here at home and in the Old Land.

It was a great night at Wooler, one never to be forgotten. Patrons went from the meeting determined to do still more for the industry than has been.

OLD BOYS' REUNION IN AUGUST.

Almost five years have passed since the Old Home Week of 1925 when Belleville put on a five-day program for the entertainment of returned Bellevillians and visitors. The same period of time is to be set apart this year for the same purpose. The dates are August 2nd to August 6th, the first day being Saturday. The days will include civic holiday.

Tuesday evening when the Old Boys' organization was set in working order to carry out the plans for the meeting of this summer, there was genuine enthusiasm as to the outlook for the event. Strong committees have been set going with the executive headed by Magistrate W. C. Mike, whose penchant for publicity for the city of Belleville has been felt in this city for many years. With him are a number of men who have proven themselves in previous reunions as "the right men in the right place."

The reunion is off to a good start but there remains much publicity work to be done. In this every citizen can assist by spreading the information in communications to friends and others so that when the time approaches the city may be assured of an army of friends of the city and former citizens. The committee feel that they have the assurance of the wholehearted support of individual citizens, of the various organizations of the city and of the city council in making this event which is held every five years the best of the series which were begun twenty-five years ago.

NIGHT

He who made the night,
And hung the stars on high
Now gently shuts the light
Out of the western sky:

And bids the darkness heal
Hurts of the day's fierce
stress,

so that the tired soul may
feel

Night's mystic friendliness.

The calm night brings at
length

Down from the star-filled
skies,

The vision and the strength
That the bright day denies.

—H. T. J. Coleman.

PASSING YEARS From The Intelligencer Of This Day Years Ago

The Rolling Mills were this morning visited by many of our citizens. Three furnaces were running and iron was being rolled out in large quantities. The process was watched with great interest. Other furnaces will be running in a few days.

Mr. William Johnson, Sec. of the Veterans' Association today brought

Klenzo Tooth Paste

—the kind you enjoy
your breakfast after

35c
McKeown's

DRUG STORE

no iron Klenzo one hundred and ten of the Year's Medal which will be publicly presented next week They are solid silver, very neat and attractive design. The design on the reverse side of the medal consists of the flag surrounded by maple leaves while the obverse side is the head of Her Majesty. On each medal is engraved the name of the recipient.

HAVE YOU HEARD THESE?

A small boy went into a South Boston drug store, wrinkled his face, rubbed his head and rubbed his left foot up and down his right leg in an effort to remember something that had escaped him.

"Say," he began, "will you tell me the name of the place where we Americans have so many soldiers?"

"Fort Sheridan," said the pharmacist.

"Oh, no, it's farther away than that."

"The Philippines?"

"That isn't right, it's somewhere around here."

"Perhaps Manila? That's right! I know I would get it after a while. I want a bottle of manila extract for florin."

"They're going to have ice cream," Boston Transcript.

Referee (excitedly)—"Hey, the bell has rung for the eleventh round."

Boxer (who has lost his enthusiasm)—"Aw, let's sit this one out."

Sonny had just returned from his first attendance at Sunday school.

Beamed proudly as he announced that the minister had spoken to him.

"Oh," said his father, "and what did he say to you?"

"He said to me to keep quiet," replied Sonny.

"There, now," said the suburbanite to his wife, "you've ordered flower seeds that take two years to bloom."

"Oh, that's where you're all wrong," she said. "This is last year's catalogue."

Benevolent Squire—"Here's two pounds, a bottle of whiskey and a pudding for you to take home and share with your wife, Giles."

Giles (artfully)—"Thank you, sir. The missus'll enjoy the pudding, that she will, sir!"—The Humorist.

"I see that you've given up teaching your job to the doctor."

"Yes, we had an accident."

"Did you? What happened?"

"I told her to release her clutch, and she took her hands off the steering wheel."

Visitor—Who is that man you spoke to so politely? I saw several people take off their hats to him.

Resident—That man? Why, he's one of our early settlers.

Visitor—Early settler? Why, he can't be more than forty years old.

Resident—That's true, but he pays his bills promptly the first of the month.

When you read that deficiency ailments where you (as a citizen) do not get the right kind of food stuffs are found mostly in very poor people and also in very rich people, while the middle class are not usually affected, you wonder just what may be causing them.

In the case of poor persons it is because they are unable to limit their diet to a monotonous round of cheap food-stuffs; while with rich people it is because they are apt to restrict themselves and their children to an equally monotonous diet.

But now a third class is being afflicted with this deficiency ailment, namely the individuals who are deliberately and mistakenly starving themselves of vitamins and other necessary food stuffs in a misguided attempt at dieting.

Now what about this eating business?

Is it necessary to know the number of heat calories in each foodstuff you eat? Should you study the proportion of the different kinds of foodstuffs—proteins, starches and fats? Should you attempt to classify the vitamins and make certain that you are getting all of them every meal, every day?

No, all this is really unnecessary. If you spend your time and thought trying

OCEAN FLOOR IS LITTLE CHANGED

So Thinks Thomas J. Woods
Collector of Seismic
Data

Boston. (By Canadian Press) Rumors that great changes have taken place in the fishing banks off Newfoundland and Nova Scotia as a result of the submarine disturbance of Nov. 1929, are discounted by Thomas J. Woods, Boston mining engineer and collector of seismic data.

As a result of the disturbance numerous breaks were reported in the trans-Atlantic cables and repair ships sent out to repair the breaks reported that in some cases sections of the cable disappeared entirely and that new cables at some places have been found where formerly shoals existed. The cable workers of the Western Union aboard the cable repair ship Cy us Field reported that they had picked up one end of the company's New York-Newfoundland cable from a depth of 12,000 feet and had found that in another place a section of the cable had dropped an enormous distance. This gave credence to the rumors that the fishing grounds of the Grand Banks, probably the greatest source of sea food supply, had sunk to a new depth which might mean their passing as a means of livelihood to American and Maritime fishermen.

Earthquake records compiled by Mr. Woods show that the greatest horizontal movement in this country is twenty feet, which occurred in the San Francisco quake of 1916, while the greatest vertical movement for a single earthquake was fifteen feet in Nevada in 1915. There is no indication that the quake of November 18 was any more violent than the shocks which accompanied other movements.

Canadian scientists have located the epicenter of the recent earthquake at a point which coincides with the location mapped by Mr. Woods, which is approximately at the junction of 56 west longitude with 44 north latitude or approximately 200 miles off the northeast coast of Newfoundland. A map prepared by the Boston man showed this to be approximately at the intersection of the Continental Shelf, or fault, with the so-called Cabot Rift, which was about a right angle to the larger fault. This the movement created by the disturbance found a natural channel along the Cabot Rift, across one side of St. Pierre Bank to Burin, where the greatest force was felt.

Similar work was being carried on in California as a precautionary measure the speaker stated, and earthquake insurance was also available there.

Ability to predict when and where earthquakes threaten could be gained by scientists through study of earthquakes, states Dr. Johnstone, adding that it was the only way they had of studying the inside of the earth.

Havoc was wrought by earthquakes mainly in centers of population, where people were massed under the menace of falling buildings and waves, he pointed out. There were sixty major shocks, which make the whole earth tremble and a total of 5,000 earth movements annually.

The earthquake of November 18 was caused by a drop in the sea bed in the St. Lawrence Gulf, Dr. Johnstone stated.

Mr. Woods is of the opinion that the sea bed beneath the surface of the ocean in the form of a land or a series of landholes. An examination of a map shows that just south of St. John's the depth of the water measures in a short distance from 40 fathoms to 130 fathoms and at other points along the Continental shelf the depths are even more marked. The cables are laid at a depth of 100 fathoms and if a section of the shelf suddenly slipped off into exceedingly deep water it would carry off with it whatever was on the landhole. Along this same line a captain of fishing vessel who was in the habit of dropping net lines over a section of the shelf where the water was formerly a shoal existed. This repeated a number of times would lead to the armor that the bottom of the sea had dropped.

LESSENS MENACE OF EARTHQUAKE

So Declares Dr. J. H. L.
Johnstone of Physics
Dept. of Dalhousie

Halifax, N. S. (By Canadian Press) The chance of our having another earthquake of the severity of last year's are considerably lessened. We can feel more secure now than before.

It was stated here by Dr. J. H. L. Johnstone, Professor of Physics at Dalhousie University.

Terming "sensational" statements by New England scientists that a succession of earthquakes could be expected in this section of the earth, Dr. Johnstone pointed to opinions voiced by eminent authorities that the recent settling off the Atlantic coast has made it more stable.

Preparation for future shocks should be made, however, by constructing buildings, especially larger types, so that they will withstand them if disturbances do come, Dr. Johnstone said.

Types of buildings which would not shake down before earth waves had been experimented with in Japan, he said, and had stood through recent severe quakes.

Similar work was being carried on in California as a precautionary measure the speaker stated, and earthquake insurance was also available there.

Ability to predict when and where earthquakes threaten could be gained by scientists through study of earthquakes, states Dr. Johnstone, adding that it was the only way they had of studying the inside of the earth.

Havoc was wrought by earthquakes mainly in centers of population, where people were massed under the menace of falling buildings and waves, he pointed out. There were sixty major shocks, which make the whole earth tremble and a total of 5,000 earth movements annually.

The earthquake of November 18 was caused by a drop in the sea bed in the St. Lawrence Gulf, Dr. Johnstone stated.

THE RESTLESS HEART

Though a wonder wakes at man's ceaseless quest
For aught which is far, when the near is best.

It was ever the way of the restless heart
That must seek the things which are set apart

It visions always a happiness
From the joys elusive which few possess.

It holds that dearest which is most rare,
Lauds the child, forgets that the rose is fair

And waits for the nightingale's song in the dark,
Though it lack the joy of the meadow lark.

But ever the restless hearts have gone
From vision to vision, on and on;

After they win to one fond desire
They seek for a star that is farther, higher.

And well for man who one wish attains

WILL GET HEAVY TRIP

Through the generosity of Mr. Forhan, manager of the Belle Theatre, and the Kiwanis Club of Belleville, the newboys and girls of this city will be given a night of real entertainment next Tuesday, January 24. Mr. Forhan will have the young people his guests at the 7-15 showing of the great college picture entitled "So This is College." Immediately after the show the Kiwanis Club will take charge of proceedings and the guests will be taken to Dicken's where good things to eat will be provided for them. The act on the part of both Mr. Forhan and the Kiwanis Club is a generous one and the children will no doubt enjoy it to the utmost.

CONDITION SATISFACTORY

The condition of Mrs. W. J. Anderson of Point Anne, who was seriously injured in a crossing crash on the road leading to Point Anne yesterday morning is reported by the attending physicians as satisfactory today. Mrs. Anderson has regained consciousness, but will be confined to the hospital for some time. Mr. Cornell is recovering from his hurts at his home.

WELL-KNOWN HERE

Henry Holgate, C. E., prominent in Canadian engineering circles, who died in Montreal, last night, was well-known in Belleville, having been connected with the construction of the Bay Bridge. Mr. Holgate was born at Milton, Ontario, and went to Montreal in 1891 after he had been apprenticed under the late Col. F. H. Cumberland, of the Northern Railway of Canada. Mr. Holgate's most outstanding service on consulting engineering, was a report on the St. Lawrence Deep Waterways project. He was opposed to the project on the grounds that it was "unnecessary and uneconomical."

DIRECTORS IN SESSION

The directors of the Chamber of Commerce resumed their noon-day luncheon at the chamber building today. The directors went into conference with the membership and financial committees and several important business matters were discussed among them being the annual get-together banquet with the County Council members here next Thursday night. The speaker will be Hon. E. C. Drury, former premier of Ontario.

"MANY HAPPY RETURNS"

Mr. Don Blecker, well-known Front Street druggist, was the recipient of numerous congratulations yesterday on the occasion of his birthday. Mr. Blecker is one of the veteran business men operating here and his legion of friends expressed the wish that he be spared to enjoy many more years of successful business achievement.

MOOSE EUCHRE

The Moose euche and dance held last night in the Moose Auditorium was a great success, 16 tables of euche being in progress during the first part of the evening. Those winning prizes were: Ladies 1st, Mrs. A. G. Gowan; 2nd, Miss I. Edison; 3rd, Miss F. Gilt; gentlemen 1st, Mr. G. Howey; 2nd, Mr. W. Way; 3rd, Mr. E. Pritchard. Dancing was enjoyed after the euche with the Ben Ton Orchestra supplying a good program of the latest dance hits. Refreshments were served by the Committee at eleven-thirty.

NASTY WOUND INFLICTED

Mrs. Henry Salisbury suffered a badly-cut forehead yesterday when the car in which she was a passenger crashed into the lower bridge. Mrs. Salisbury was injured when struck by a piece of glass when the windshield was shattered. It is understood that the steering apparatus on the car was broken and the auto struck the end of the bridge. Mrs. Salisbury was taken to Dr. Cronk's office where her injuries were attended. Five stitches were necessary to close the wound and she is feeling much better today although still confined to her bed.

JUDGING CATTLE

Messrs. Hume & Stewart, two students at the Winter School which is being conducted at Foxboro, left for Campbellford today where they will be engaged for a short time in judging cattle, the former studying the Ayrshire type and the latter Durhams. The Winter School will be brought to a conclusion next month with a monster banquet at which prominent figures in the Agricultural industry will be heard.

THE TEMPERATURES

The thermometer at the pump house dropped below the zero mark last night and according to the officials remained at three below for some time after eight o'clock. The mercury high mark was thirteen above.

DEATH NOTICE

WILSON—Died in Belleville on Wednesday, Jan. 22nd, Jennie Marie Wilson, in her 68th year. Remains are resting at the Thomas C. Thompson Funeral Parlours until Friday, Jan. 24th, when they will be conveyed to Thompsons, United Church for the funeral service at 3 p.m. Interment in Thompsons Cemetery.

Former living on 4th concession of Chippewas last night of the cattle in the case known as Black Ice.

MILES OF WINTER SPEED

Bob sleigh racing — the fastest thing in winter sports — has come to America. Adapting the best ideas of the famous Cresta run of St. Moritz and the Schatzalp at Davos, a run has been constructed at Murray Bay on the lower St. Lawrence river which for length and sheer thrill will outdo anything in Europe. At Murray Bay the natural slopes of the Mavor Richelieu Golf Course and the Laurentian hills have lent themselves to the charting out of almost three miles of bob sleigh run which sweeps twice across the golf course and down through the forest to the hotel itself.

DEATHS AND FUNERALS

WILLIAM DAVID ROBINSON

The funeral of the late Mr. William David Robinson took place on Tuesday afternoon from the late residence 67 Victoria Ave. at 2:30 Rev. Mr. Seymour conducted the service. The bearers were J. Cokers, G. A. Reid, D. Rollins, A. Gillen, I. L. Moore and D. Fleming. Interment took place in Belleville Cemetery.

Floral tributes were:

Broken Wheel—Mrs. W. Robinson (wife).
Wreaths—Chas. Robinson and family, Mr. and Mrs. W. Wren and family, Mr. and Mrs. O. W. Munnings and family, Mr. and Mrs. A. Cole.

Spray—Mr. and Mrs. Harry Smith

and family, Mr. and Mrs. S. R. Munnings and family.
Anchor—Mrs. K. M. Leisch.

Spray—Mr. and Mrs. A. F. Jackson

Wreath—Master S. S. Lazier.
Spray—Ladies Aid St. Andrew's Church.

Spray—Mr. and Mrs. J. Whiffin and family.

ARTHUR R. H. PERRY

The funeral of the late Mr. Arthur R. H. Perry took place from the residence in Thompsons yesterday at 2 p.m. to Anglican Church for services at 2:30 p.m. Rev. Mr. Smith, of Roslin, conducted the service. Interment was made in Thompsons cemetery. Bearers were F. Porter, A. Porter, J. Morton, E. Carter, I. Bateman and J. Bate man.

MRS. JOHANNAH O'SULLIVAN

At an early hour Saturday morning January 18th, Mrs. Johannah O'Sullivan passed away at the home of her daughter, Mrs. John Ford. She was

McCarthy's Advance

Philadelphia, Pa., January 23.—Excavating to levels which, it is believed, date back to the early part of the fourth millennium before Christ, archaeologists in the joint expedition of the University of Pennsylvania Museum and the British Museum at Ur of the Chaldees, have uncovered ruins of houses almost as old as the pre-flood city, according to a report received recently at the University Museum.

The houses, described by C. Leonard Woolley, director of the expedition as the "monuments of an era new to Mesopotamian archaeology," had walls built of small mud bricks laid herring-bone fashion, and within their ruins were found clay vases of new types and in wares foreign hitherto to the early graves discovered at Ur and in the rubbish heaps in which these graves were found.

The report reveals that in addition to the ruins of the houses, the archaeologists have uncovered also the remains of an ingenious drainage system constructed during the first dynasty of Ur, about 3100 B. C.

"We propose this season to find out something more about that city of Ur which existed before the flood and for the last three weeks we have been working on a site chosen as likely to give the best and the quickest results in that connection," Mr. Woolley states in his report.

"The site is peculiar. On the cemetery area the first remains that come to light are those of the temenos wall built by Nebuchadnezzar about 600 B. C. in most places where we have excavated the upper levels are as late or almost as late as the sixth century.

"Cutting down and through the walls, and floors of the highest stratum we found numerous drains made of short sections of clay piping about half a yard in diameter and set one

HOME HELP WITH ARITHMETIC

(By Constance Cameron)

It was rather amazing, when one summer, a professor of algebra in high school telephoned my mother, who was a kindergarten teacher, saying: "Will you take Jesse for an hour each morning this summer and teach her arithmetic?" Jesse was his eight-year-old daughter.

It seemed that the child simply had no notion of what mathematics were all about, and no amount of patient explaining by her brilliant father seemed to make any impression.

So my mother agreed to do what she could, and at the end of the summer the little girl went back to school and made up the "condition," she had drawn in June and went on with her class.

"And all we did," explained my mother to the astonished professor, "was to play."

And that was true, because I was called in on several occasions to take part in the "game."

To start with, we placed the ironing board across two chairs for a counter and prepared to play store. Large blocks were leaves of bread. Small blocks were cakes and cookies, and Jesse came to buy, supplied with coins in her purse.

One loaf of bread was purchased and five cents was paid for it.

Next time she bought two loaves of bread, for a tea party, and mother asked: "Now, since you paid five cents for one loaf of bread, how much will you have to pay me in order to take home two loaves?" Two nickels, instead of one, of course. Well, how much were two nickels? Ten cents, to be sure. And Jesse trotted home to prepare her party.

Then Jesse was storekeeper, discovering how much to charge and later learning how much change to return, and so on.

Fractions were attacked by means of a group of small blocks arranged like biscuits. If the whole group was fifteen cents, and contained fifteen, how much money was necessary to buy five of them?

You can help your own child who is just starting school, in a like manner. Remember that words do not mean a great deal to a little child. What he sees, and what he enters into in the play, make a much more firm and a quicker impression.

WINDOWS

Through another's eyes I see
Strange designs of tragedy,
So thus joyously I go
Ways which else I could not know;
I, who dwell always at home,
Glimpse the majesty of Rome,
I, who never sailed the seas,
Drift beyond the Hebrides.

ALINE MICHAELIS

Deep-Seated Rheumatic Pains

Quickly Yield to Powerful Penetrating Oil

Probably no affliction is more common or responsible for more intense suffering than rheumatism. Thousands of otherwise robust persons drag through a life of misery and agony. Here is a new treatment. Simply get a bottle of Moore's Emulsion Oil (full strength) and apply to the affected parts. It's easy and pleasant to use and there is no doubt but what the most stubborn and severe cases yield quickly to its powerful, penetrating influence. The first application brings blessed relief. All good drug stores have it. Doan, the Druggist.

HOW TO BROIL STEAKS TO A TURN

(By Hannah Wing)

Let us consider this steak you intend to have for dinner. Here is a "blue" steak or a "blue" steak. A tender, medium, thick, well-trimmed steak, juicy and tempting, and it must be broiled. That is not news, but what of it?

Broiled it must be. But broiled right. Searched with hot sides, turned every two minutes or so and cooked as one would have it. Overcooked never; undercooked hardly ever—just right. Steak should be seasoned with salt and pepper when it is almost done. And men, especially, favor mustard. So a good practice is to add a little prepared mustard to the steak before the cooking is completed. Earlier salting draws out the juices. Transfer to a hot platter, plentifully buttered—and you have a steak.

But your family and your guests have, after all, seen steak. So you must get news into it. We think broiled or seared slices of pineapple are an ideal accompaniment. For pineapple has some rights, and while it seems to be thought of as friendly only to lamb, it's a grand thing with a broiled steak. Or one may provide pineapple fritters. Green grape plums, drained from their syrup and stuffed with raisins, give a decidedly nice touch.

If one wishes to confine one's self to vegetables to a beefsteak garnish, sear thick slices of ripe or green tomatoes, chip mild onions and green peppers together, and fry a little butter, make some potato purée and garnish the steak or its platter with all of these, alternating them in small portions. With this garnish one may trustingly use sections of grapefruit, and for this the canned grapefruit is fine. Or orange, thin fragments of lemon, a little cream for background—why, a steak may be an object of esthetic delight.

on his desk.

Finally, to his relief, Stephanie rose to go. She was keenly disappointed, but she kept it to herself. Perhaps, she told herself, he needed time to become acclimated before he could settle down to the real business of writing. The stuff he had read here was puerile.

Good night, Ralph, she don't bother to come with me. It's only a step and Rita is waiting in the garden. Thanks for a charming hour!

She went away, knowing that Ralph wanted to get rid of her. He had been uneasy for the last half-hour.

She did not guess that Ralph was expecting a visitor. Just whom or when he himself did not know.

CHAPTER XXXII**THE GLOWING EYES**

Several days later, Rita Carstairs lunched in Washington with Norman Platt. He had an engagement afterward and could not drive her back to "Fairfields," but he put her on the train.

"You just pave the way—and leave the rest to me," were his parting words.

He stood beside the train as it left the station, leaning on his stick, and in hand, the very picture of the courteous and deferential young gentleman. So much so, indeed, that several women passengers, looking out of the window, turned to stare enviously at Mrs. Carstairs.

That evening after dinner, she and Stephanie were sitting on the veranda. Twilight was closing down over the peaceful country-side. The crickets had begun their cheerful even-song. In a brook across the meadow, frogs were shrilling, and the occasional querulous cry of a screech-owl came from the woodland beyond the haunted house.

Mrs. Carstairs shivered, and Stephanie offered to get her a scarf.

"It's not cold," Rita protested. "It's just that I almost hate to see the night come again, knowing we're in for some new, disturbing adventure. I

THE BEAUTY BOX

By Helen Follett

Don't get dubious and suspicious if the beauty teacher recommends the same exercise in reducing large legs that she suggests for building up the flattened calves. Exercise brings conditions to normal. It fat cells are present, muscular effort will dispel and scatter them. If muscles are improved, exercise will build and expand them. Lifting up on the toes, bending, kicking, toe-dancing will reduce fat legs and increase the measurements of thin ones. If ankles are large, sit on a low stool, cross your knees, and send the topmost foot around in a circle, moving it from the ankle.

The eyeball is a camera. It is a sensitive organ which receives and transmits impressions to the higher centers of sight. The act of vision is performed by the brain. That is why eye strain will often produce depression and headache. If the eyes are continually tired, if lids burn and smart, an eye specialist should be consulted. That is the way they behave when vision is impaired and glasses are necessary.

What that silly ghost, or what ever it is that annoys us, would let us have one night of unbroken sleep?

"Honestly, Rita, you're not really being that 'Fairfields' is haunted?" "How do I know?" shrugged Mrs. Carstairs. "There are more things in heaven and earth, Horatio. . . At any rate, we do know that something prowls at night. It's human. It's all the worse for us—a couple of lone, unprotected women! And just you wait until the servants get on to it. Then, we won't have even them for company!"

Stephanie looked worried.

"Darkies? In place where a spook walks? Rather!"

Stephanie was silent and thoughtful. After a time, Mrs. Carstairs said suddenly:

"If you don't want Ralph to sleep at the house, Stephanie, do wish you would be sensible and hire a man to stay around the place. He could be a sort of superintendent for the farm and act as chauffeur, too; in fact, there are plenty of odd jobs for him. That absurd Tony whom you swear by, isn't worth his salt."

"But it could look so cowardly," Rita protested. Stephanie. "I have to own I'm afraid of a few noises in an old house at night. They may be due to loose boards or the wind."

"It's not my experience that old houses give forth mysterious lights," commented Mrs. Carstairs dryly. "And cowardice is better than being murdered in one's bed."

Stephanie sprang to her feet.

"There must be some perfectly simple explanation for all this," she exclaimed impatiently.

"Find it!" suggested Mrs. Carstairs, as a smile.

On the following morning, after a night broken by the same disturbances—uneven footsteps, faint lights, the ghosts of sights, like dying breaths—Please Turn to Page Six

LAUGH AWAY CHILDREN'S FOLLIES

By Constance Cameron

One of the most effective and most successful mothers I know, is one who apparently watches her children with the least concern and who uses less "fireworks" over their mistakes than many another conscientious parent.

The unconcern, I may add, is only on the surface. Beneath her calm intelligent behavior, she does a heap of thinking and reasoning out of her problems. But even though she feels that the problem is a most serious one, the children never get an inkling of this fact.

LOVES' INVENTION

By Y. E. KATES

Copyright, 1929, International Features Service, Inc.

Horace McGook stormed into the parlor, where Rosie, his fiancée, sat waiting for him upon the sofa.

"Your father," he accused furiously, "just called me a fool!" He laughed at me! Bah!" and Horace paced the floor in agony. Suddenly he seated himself beside the girl and fiercely took her hands in his.

"Rosie—Rosie, sweetheart, you believe in me, don't you, Rosie?" The girl averted her head. "Yes, Horace, indeed I do," she murmured but she closed her eyes lest they betray her lie.

Why, oh why did she love him so? Idler, he was, dreamer, filled with wild eccentricities. Fool, her father called him. And fool her family had called her through the four hopeful years that she had clung to him despite the jibes and witticisms of her people.

Fool! She was later to wonder who indeed was the greatest idiot.

For four years had Horace been courting her, and her love, like a perverse thing, had survived many a bitter trial, and even now it outshone her waning faith in him, making her wonder at its strange persistence. Four long years had she been waiting for him, while penniless and rugged, he loafed and dreamed, and came to her each Saturday night with tales of ridiculous inventions.

How well she remembered the first time. She had been so young and naive, and Horace had come to her for encouragement.

"I threw up my job," he told her. "I'm working on a great invention. An automatic furnace fire-maker. Cheap and practical. Worth a fortune when I'm finished." And explaining in detail. "What do you think?" he asked.

Rosie had been thrilled. "Horace you're wonderful," she gurgled adoringly.

But that was four long years ago. The automatic furnace fire-maker had exploded and all but carried Horace away with it. And then invention after invention passed through Horace's undisciplined hands. There had been a synthetic food juice, containing in concentrated form all the necessary elements of nourishment, but the young genius, sampling it, discarded the idea in the throes of plomatism poisoning.

He had invented a machine gun that wouldn't shoot, a self-charging battery that never worked, a perpetual chewing gum that tasted like bitter almonds, a mechanical man that wouldn't walk, and various contraptions the very mention of which would send Rosie's family into hysterics.

Once, just once, Rosie had taken her courage between her gritting teeth, and had suggested to Horace that he give up inventing and stick to a regular job. He had stared fiercely into her eyes.

In reading an account of the visit of Luther to Rome, and of Erasmus to the same place, recently, I was reminded of this mother—and of others.

Everett Dean Martin in his book, "The Meaning of a Liberal Education," says: "To Luther the idea of Rome was sin; to Erasmus they are folly."

So many mothers are like Luther. Every mistake of their children is turned into a moral issue, something of great moment, something sad and most important, something to be struggled against and fought with tooth and nail. In short, a mistake is made of a moral issue, with the usual attendant resistance of the child and the usual intense struggle to reform.

On the other hand, there are mothers like the one I have spoken of, who regard mistakes not as sin, but as folly. And if you've ever tried saying to a child again in an act of which you disapprove, "No, it isn't bad. It's just silly," you will remember how the misdeed, treated as of no consequence, but "just silly," probably was not repeated.

The mother, who like Erasmus refuses to make every mistake a grave signal for grim moral battle, but dismisses it as something too unimportant for serious consideration, is getting along very well with her two children, a boy of ten and a girl of seventeen.

The daughter was enveloped in a cloud of smoke one day last summer when her mother returned unexpectedly.

"Mad, Mother, because I'm smoking?" she inquired.

"Why on earth should I be angry?" the mother answered. "I think it's sort of silly to waste your time that way when you could be doing something interesting, but, of course, that rests entirely with you. You are old enough to decide things of that sort." Not a grave sin but to be scolded about or prayed over—merely a choice of doing something worth while or wasting time. The way it reacted upon the girl may be discovered if you will, but stop and put yourself in her place a minute.

Warm Coats

Sinclairs'

"Rosie, you don't love me!" he had Horace's mouth was spread in a face-splitting grin.

"Then, sweetheart, wait! Wait—and we'll walk to the altar in a shower of gold. We'll honeymoon in Paris. We'll winter in Italy and summer in Switzerland. We'll buy the world to play with. With my ambition, my brains, my perseverance, I can't lose! I can't fail! Ah, Rosie, if you knew how your love and your faith give inspiration to my brain and fire to my strength—if you should fail me, I think—I think I'll die!"

Wait! It was dawn upon her that she would probably wait forever. And her love, perceiving that it was, was more willing to wait for Horace than to sit upon a throne of diamonds, alone.

And so she waited, and her family, helpless in the face of her stubbornness and beginning to pity her, ceased jibing and laughing, and began to endure Horace as a Spartan would endure a plague.

The weeks passed, and each Saturday night brought Horace, a ragged but smiling Horace, and none knew that his face was a mask of cheer, that beneath that mask reigned a chaos of desperation and hope and inspiration.

It was Rosie's mother who unwittingly capped the climax to the situation. It was a sunny Saturday, at sunset, Rosie and Horace were whispering with strange and suspicious delight upon the porch swing. The family was sprawled in various comfortable positions on the porch.

Rosie's mother, on the porch rocker, was looking with interest into the daily paper. "Now that," she declared suddenly, "is what I'd like to have!"

"What?" asked the family. "Listen," was the answer. "The United Contraption Company is about to put upon the market a new invention which is expected to revolutionize housekeeping. They call their new contrivance the Automatic House Miracle. It is small and compact and so constructed as to contain a dozen work savers in one. It is automatically able to clean windows, scrub floors, sweep rugs, polish furniture and clean woodwork! Mervel! I'm certainly going to get me one of those. Rosie! What on earth—"

For, Rosie, at that moment was violently convulsed with laughter, while

BAYSIDE

Mr. and Mrs. Ernest Adams spent the tea hour at Mr. Ralph Stafford's Sunday.

Miss Marion Lauder of Belleville, spent a couple of days with her grandmother, Mrs. Fred Redden.

Mr. Harold Ward has been laid up for a few days from getting gasoline in his car.

Mr. Ernest Adams spent the week in Toronto.

AMELIASBURG

Mr. and Mrs. George Alvey visited Mr. and Mrs. Arnold Martin on Tuesday night.

A number from here attended the sale at Hillcrest last Wednesday.

Mr. and Mrs. A. Martin visited Mr. and Mrs. Stanley Brooks on Tuesday.

Mrs. Joseph Adams is still seriously ill.

Mr. and Mrs. Cecil Moreland and children visited at Mr. Everett Adams' on Monday night.

Mr. and Mrs. George Alvey gave a party to a large number of her neighbors on Sunday night. All had a very enjoyable time.

Mr. and Mrs. Ernie Blackely and Mrs. Etta Elvin spent the tea hour and evening with Mr. and Mrs. Earl Humphrey on Sunday.

Mr. and Mrs. M. Carrington of family visited Mrs. Blanche Snider on Wednesday night.

Mrs. C. N. Adams is still on the sick list.

CONSECON

Many of the people around Consecon attended the sale at Hillcrest last Wednesday.

Miss Bernice Ellis, Consecon public school teacher, is spending several days in Toronto undergoing treatment as she is on the sick list. Her many friends hope for a speedy recovery.

Mrs. Sager of Ameliasburg has been visiting her daughter, Mrs. Herman Good Murphy.

Much sympathy is extended to Mr. Will Alexander and family as his wife is seriously ill in Belleville hospital.

Mr. and Mrs. George Lister returned home from Toronto on Sunday where they spent several days.

Miss Marjorie Thompson is spending a few weeks in Sydenham with her sister, Mr. and Mrs. Carleton May.

Mr. and Mrs. Roy Taylor entertained a number of their friends to dinner on Sunday.

Mr. and Mrs. Harper Stapleton returned to their home at Bloomfield after spending a few weeks with his sister and brother, Mrs. Bob Youngs and Mr. Mont. Stapleton.

Mr. and Mrs. Harry Chase entertained a number of their friends on Wednesday night and again on Saturday night.

Mr. and Mrs. Mont Stapleton spent the tea hour at the home of Mr. and Mrs. Walter Locie on Monday night.

Mr. and Mrs. Herbert Smith last week in the village visiting old friends.

Mrs. Lester Puffer and Mrs. Mary Mastin spent Thursday afternoon with Mrs. Charley Tripp, who has been confined to her home for some time by hurting her foot.

4TH LINE THURLOW

Mr. and Mrs. Bruce Martin and son, Mr. and Mrs. W. Bradshaw, Helena and Stella, Mr. and Mrs. F. A. Robinson were Wednesday evenings guests of Mr. and Mrs. W. N. Badgley.

Mr. and Mrs. P. C. Badgley, Mrs. Oland Joy, Mr. and Mrs. Geo. Sils were guests on Friday evening of Mr. and Mrs. E. Treverton.

Mr. and Mrs. C. Sils, Mr. and Mrs. L. Wyatts spent Sunday in Stockdale.

Mr. and Mrs. W. Sils were among the guests of Mr. and Mrs. H. Walker on Sunday evening.

Miss Edith Peacock visited Miss Sylvia Lickstein on Tuesday.

Mrs. W. Sparrow called on Mrs. Nettie Mather on Wednesday.

Mrs. C. Miller has returned after a few days in Belleville General Hospital.

Mr. and Mrs. Dokstator, Mr. and Mrs. O. Beer and Mr. and Mrs. J. Juby were Wednesday evening guests of Mr. and Mrs. Robert Miller.

Mr. and Mrs. W. N. Badgley spent Thursday evening with Mr. and Mrs. H. Yateman.

Mrs. W. Sils called on Mrs. F. Garfion on Wednesday afternoon.

Mr. L. Wyatt had a bee drawing coal for Brock factory last week.

Mr. and Mrs. J. W. Yateman spent Sunday evening in Trenton.

Little Carman Way is not improving as well as expected.

Rev. Merrick had dinner on Sunday with Mr. and Mrs. R. Ritz.

Mr. and Mrs. Cole Grant, Mr. and Mrs. B. Martin and Dwan, Mr. and Mrs. W. Bradshaw and daughter spent Monday evening with Mr. and Mrs. O. Robin.

Mr. and Mrs. O. Robin and Miss Julia were among the Sunday guests of Mr. and Mrs. T. Smith, Canfield.

Mrs. Robt. Miller, Mrs. C. Cole are delegates to the Presbyterian held in Napanee this week.

Mr. C. Cox and son, Stockdale spent one day last week with Mr. and Mrs. J. W. Yateman.

PLAINFIELD

The Young People's meeting was held at the home of Mr. Harry Harrison on Tuesday evening.

Mr. and Mrs. A. Weil, Gladys and Sherman, Mr. and Mrs. N. Hall, Norman and Marie, spent Sunday with Mr. and Mrs. R. A. Hall.

Mr. and Mrs. Earl Denyes, Mr. and Mrs. C. Hall visited Mr. and Mrs. G. Coulter on Sunday.

Mr. and Mrs. F. Hodges visited Miss I. McDavitt on Monday evening.

Miss Carrie Parks is spending the week with her parents, Mr. and Mrs. W. Parks.

Mr. and Mrs. S. Hazard visited Mr. and Mrs. C. Marshall on Sunday.

The W. M. Society met on Wednesday at the home of Mrs. E. S. Moynes.

Mr. and Mrs. T. Mills spent Sunday with Mr. and Mrs. Arthur Hall.

Mrs. R. Hall is spending a few days at Mr. Lorne Carleton's.

Mrs. S. Wood has returned home after spending some time with her mother, Mrs. L. Latta.

Mrs. W. Marshall spent last week with friends in Belleville.

PICTON

Mrs. J. J. Smith and Mrs. A. P. Clark, who were in town last week for the funeral of their mother, Mrs. L. C. Collier, returned to London on Friday.

Mr. and Mrs. Roy Leavitt entertained a number of guests at supper, bridge at their home on Main street on Friday evening last.

Miss Annie Doyle, R.N. of Buffalo is holidaying in Prince Edward County.

Mr. Roblin Dulmage is in Kingston this week attending the Daymen's Association of Eastern Ontario.

One of the Leavitt brothers' airplanes from Belleville, visited Picton on Saturday, alighting on the bay. The ship was equipped with skis.

Mr. Earl Mulholland left on Saturday for Smooth Rock Falls, where he has accepted a position in a department store with the Abitibi Power and Pulp Company. The company controls the entire town which is about twenty miles from Cochrane. "Rusty" will be greatly missed in Picton, but a host of friends will wish for his success in the new field.

Mr. and Mrs. J. N. Chisholm of Belleville, visited friends at Picton last week.

Mrs. William Ryan of Lake Street, leaves this week to live with her son, Mr. D. J. Ryan, Rochester, N. Y.

Mrs. Arthur and daughter Miss Nellie Arthur have leased the home of Mr. Geo. Ruitan, Queen Street, and will soon be comfortably situated there.

Mrs. A. Williamson has returned from Newmarket for a few days and is arranging to rent her apartments to the Misses Bond.

Mrs. James May, Washburn Street, was the victim of a painful fall recently from which she sustained a broken arm.

Miss Geraldine Cahorn, Schoharie, spent last week with her aunt, Mrs. Philip Haight, Washburn Street.

Mr. Rev. Street and Misses Margaret and Evelyn, who are in town for the winter, are at their home in Stockdale for a time.

Mr. Milton Storms attended the banquet by the Manufacturers' Life Assurance Company at La Salle Hotel, Kingston on Thursday evening of last week.

WELLINGTON

Mrs. Milton Wood has returned from Ottawa, where she was called owing to the death of her mother, Mrs. Rothwell, in her eightieth year.

Mr. and Mrs. Fred Morton were among those who were invited to the twenty-fifth wedding anniversary at the home of Mr. and Mrs. Ernest Wallbridge, Huff's Island, on Friday evening, Jan. 17.

Mr. Ivan Ward, Detroit, who has been spending some time with his parents, Mr. and Mrs. Alex Ward and his little daughter, returned to Detroit on Wednesday, Jan. 15th.

Mr. and Mrs. Simon, Christie, recently entertained Mr. and Mrs. Howard Anderson, Picton, and Mr. and Mrs. Morden Gilbert and Mr. and Mrs. Fred Gilbert and little daughter.

Mrs. Hilton McCartney, son of Mr. and Mrs. T. W. Huyck was a guest at the home of Mr. and Mrs. Robt. Graham on Thursday.

Mrs. Woodman Thomas has received word of the death of Mrs. E. A. Coleman, Portland, Oregon, mother of Dean Coleman, who for a number of years was a professor at Queen's University, Kingston, and who is well and favorably known throughout Ontario.

Rev. W. J. H. Smythe has returned from Cobourg where he was a lecturer at the Bay of Quinte Conference winter school.

Dr. P. A. Scott was appointed as medical health officer for the year 1930 by the council when it met Jan. 13th.

Mr. Thos. Alexander returned on Friday from Toronto where he was called owing to the serious illness of his brother-in-law, Mr. Boldrick, Lat-

ton, who will remain in Toronto for about six weeks where he will take treatment at a hospital there.

Mrs. Boyle, Picton, has returned home after a few days spent at the home of Mr. and Mrs. Wm. Alexander.

The Rose Hall W. M. S. held a very successful meeting at the home of Mrs. B. Ferguson, Lake Shore, on Wednesday last. Mrs. Ferguson was assisted by her daughter, Mrs. Cunningham.

Miss Jennie Monaghan, Detroit, who has been enjoying a holiday at the home of her parents, Mr. and Mrs. Wm. Monaghan, has gone to Toronto, where she will visit with her sister, Mrs. Wishart before returning to Detroit.

LITTLE KINGSTON

Mr. and Mrs. Lewis Goodmumphy and Mr. and Mrs. Clifford Smith spent Thursday in Trenton.

Mr. and Mrs. Joseph Weil and family spent Monday evening with Mr. Bowerman.

Miss Dora and Lillian Marshall spent Saturday night with Edna Goodmumphy.

Mr. and Mrs. Harry Simonds, Alice and Olive, Mr. and Mrs. Frank Hickerson and Rith, were entertained at the home of Mr. and Mrs. Joseph Weil on Wednesday evening.

Mr. and Mrs. James Anderson and Arnold spent the tea hour Monday night with Mr. and Mrs. Frank Hickerson.

Mr. and Mrs. Edward Hamilton attended a party at Mr. Gordon Boyles on Monday evening.

Mr. and Mrs. Ed Smith spent Wednesday with his brother, Mr. Saylor Smith.

Those who were entertained at Mr. Ralph Terry's on Thursday night were Mr. and Mrs. William Bowerman and family, Mr. and Mrs. James Anderson and Arnold, Mr. and Mrs. Edward Hamilton.

Mr. and Mrs. Rosh Bush and Margaret were at Mr. Saylor Smith's on Monday evening.

Mr. and Mrs. William Bowerman spent Saturday in Belleville.

Master Earl Goodmumphy spent Monday night with Mr. and Mrs. Clifford Smith.

Mr. and Mrs. Edward Hamilton spent Sunday evening with Mr. and Mrs. James Anderson.

Mr. and Mrs. Ralph Terry and family spent Sunday with Mr. and Mrs. Walter Terry.

Many of the men folk attended the sale at Hillcrest on Wednesday.

On Friday evening Mr. and Mrs. Lewis Goodmumphy entertained a number of friends at a progressive card party. Ten tables were in play. The prize for the ladies was won by Miss Margaret Hamilton and for the gentlemen, Mr. Clifford Smith, after which a daily lunch was served. The hostess was assisted by her daughter, Miss Edith Goodmumphy, Mrs. Clifford Smith and Miss Marguerite Hamilton.

FRANKFORD NEWS

Young People's League

The regular meeting of the Young People's League was held on Monday evening with forty-two members and six visitors present. Rev. Mr. Doggett opened the meeting with prayer. Minutes of last meeting were read and adopted.

It was moved and seconded that a financial statement be prepared for the Board Meeting of January 15th. A motion was also passed that \$50.00 be the objective of the league for 1930.

The Lookout Committee will remember the sick in some manner.

Miss Ida Embury gave the scripture reading, and a reading was given by Edith Foster and Miss Slute Nugent and Miss Nan McKinley played a piano solo, and Misses Eva Harrison and Lena Patrick gave readings, after which the meeting was brought to a close.

Friday evening of last week a farewell party in honour of Dr. Fairburn was given by Mr. E. E. Ketcheson and a very enjoyable time was spent in cards and music. Lunch was served by the host assisted by D. C. MacRostor, of Trenton. Dr. Fairburn leaves for California in a few days.

Mrs. Wm. Goodfellow, of Plainfield, is spending a few days at the home of her brother, Mr. Wm. J. Carter.

Messrs. Claude Rose and George MacDonald also Misses Olive Rose and Mary MacDonald spent an evening recently with Miss Olive Rose.

On Tuesday evening last, Madoc visit Frankford Hockey team score being 2-1 for our boys. Sure was a good game of hockey and I believe Frankford was a team to be to the mark this season. If you haven't seen them play yet do not miss the coming games of the season.

Mrs. Ed. Prentice has been on the sick list but is able to be out again.

Mrs. D. McMillen entertained on Thursday evening in honor of Mrs. Fairburn who will soon be leaving for her new home in California.

Mr. and Mrs. A. R. Whitelaw are spending a few days in Toronto.

Miss Hazel MacLane is gaining and we all wish Hazel a speedy recovery.

Mr. and Mrs. G. Johnson, Mr. and Mrs. L. Hendricks, also Mr. and Mrs. Fred were guests of Mr. and Mrs. Geo. Frost on Sunday of last week.

Miss Dorothy Clarke, of Cannington is visiting her sister, Mrs. Geo. Wilson.

Mrs. D. Collins returned home on Thursday after spending some time with her sister, Mrs. Doran of Belleville.

On Monday evening at the home of Mr. and Mrs. M. O'Malley a miscell-

PICTON POULTRY SHOW SUCCESS: SEE FINE BIRDS

Large Number of Entries
Which are of Superior
Type.

Picton, Jan. 23 (Special).—Prince Edward's Seventeenth Annual Poultry Show opened in Picton Amusement yesterday with over eight hundred wonderful birds on exhibition—the largest number of fowl shown here for many years.

Classes Well Filled
All classes are well filled—from the dainty pouter and game birds to the massive exhibition birds. Here poultry lovers will see some of the finest specimens of the province for Picton's annual three-day show has grown to be a real institution and many of the foremost poultrymen exhibit here. In fact Picton's show is "Where the winners meet."

Most of the old exhibitors are back again, giving keen competition for the new ones. All of the birds shown here are really superb, and the kind worthy to carry the honors of any exhibition. The breeders, knowing the keen competition they meet here, prepare to it. A win at the Picton Show is a win indeed.

Largest Exhibitor
The largest exhibitor in the show is Harry Lush, of Peterboro, who has about 115 entries. He is showing Brahmas, Black Langshans, Partridge Cochins, five varieties of Wyandottes, Lehighs, Japanese, several varieties of Hamburgs, Black Red, Red Pyle, Millie Flour, Silver Seabrights, Bearded and unbearded Polish, Houdans and others. His display is truly a splendid one, there being some magnificent birds among them.

W. J. Jamieson
W. J. Jamieson, of Colborne, is here again and has 42 entries of several kinds of ducks, turkeys, geese, Langshans, Cornish and game birds. Chief Jamieson is an old Picton boy and has exhibited here for some years and his entries have always attracted attention as well as carried off many prizes.

Belleville Poultry Exhibitors
Belleville Poultry Exhibitors are well represented. Walter F. Moore, has Buff Orpingtons, Silver Gray Dorkings and ducks; C. Saunders, often an exhibitor and a winner at the Royal Winter Fair, is showing fifteen Brahmas; Donald Cook is entered in the White Plymouth Rock, Golden Sex, bright, Rabbit and Pigeon classes; Geo. Routin has Light Sussex and Partridge Cochins, while Gerald Vance has R. I. Reds, Spanish Black, Minorcas, R. C. Black, Andalus, Leghorns, Cochins, and other variety. The display of these poultry men have been exhibiting at surrounding shows this year and their exhibits here include their best.

From Rochester
Everett N. Cessans, of Rochester, N. Y., a former Prince Edward boy, is showing six magnificent Ringlet Barred Rocks and when one learns that he asks \$50 for a male bird one realizes just how valuable poultry can be.

W. J. Abernethy, of Campbellford, is a large exhibitor of several varieties of Wyandottes, Cochins and Brahmans, Wm. Deshane, of Trenton is showing fine Barred Rocks and is showing one of the cupped birds. He will meet keen competition however.

County Exhibitors
While some county fanciers who exhibited last year are not showing this year there are new ones to take their places and many of the awards will no doubt fall to some of the local birds.

Allan McCoy, Greenbush, has Rhode Island Reds, Buff Orpingtons, White Leghorns and Barred Rocks; Edward Henderson, Picton, has Black Jersey Giants; Henry Williams, Picton, R. I. is showing White Leghorns; Daniel Jay, R. C. Picton, Leghorns; Albert Norman, Picton, Black Jersey Giants; Stewart York, Black Creek, has R. I. Reds, Silver Seabrights, Andalus and others.

The Prince Edward County Poultry Farm at Concession has a fine display of S. C. White Leghorns and Fly B. Rocks.

C. L. McPaul, Concession, has 27 birds on display including B. C. Brown Leghorns, Black Red, several varieties of ducks, guinea fowl, pigeons and rabbits.

J. D. Keeble, Mountain View, has Barred P. Rocks, White Rocks and utility Leghorns.

Dayton Murphy, Wellington, has Leghorns, Andalusians, Andalus, Cornish, B. P. Rocks and Laidlawers.

John G. Carter, Picton, is showing Golden and Silver Seabrights, Barred Rocks and Andalusians.

There are many other exhibitors.

Five Turkeys
The turkeys are regular beauties and competition will be keen. W. J. Jamieson, Colborne and Chas. C. Peck, De Montreville, are the main exhibitors.

Wild Geese
Geese and ducks are many and special attraction are the wild geese exhibited by Mr. Jamieson.

Pigeon classes are well filled and the dainty birds are admired by all. P. E. Trimble, Picton, has about 70 of them on display and is the chief exhibitor though there are quite a few other on trial.

Rabbit Display
One of the most interesting feature of the show are the rabbits. Three big white Angoras owned by John G. Carter, Picton, are outstanding. Don Cook, Belleville, is also a large exhibitor.

One in this class showing New Zealand brown, Black and Silver Grey Flemish Giants and Black Siberians. Paul Wyeott and Geo. Kenney, of Picton, have such an Angora rabbit three Herb Uch, Belleville R. 2, has Chinchillas as has C. L. McPaul, Concession.

Hatchery Approval
Mr. J. H. McConnell, representative for the Dominion Experimental Farms, of Ottawa, has a booth which will prove very interesting to the bird men. There is a fine display of model poultry houses, trap nests, feed hoppers, grit and shell hoppers, samples of home made scratch feed and also home-made laying mash. A chart of hens raised for egg production. A motto shown says "It's a large boiled hen that lays big eggs and lots of them." A rotation of poultry yards that help to prevent disease are laid out in a systematic manner. Hen house and brooding models are to be seen. The whole exhibit has for its object the instilling of good breeding and good management to increase poultry profits. Mr. McConnell will be at the show during the afternoons and evenings of the show demonstrate the proper mode of killing and plucking of fowl and will also explain any disease fowl are suffering from.

A booth that will draw a great deal of attention is the hatchery exhibit, of the Dominion Government. Hatchery Approval Policy, and shows the idea behind flock culling by government inspection of all the stock to be used for the production of eggs for use in the hatcheries working in collaboration with the Government. All eggs must weigh 24 ounces to the dozen before being sold. Several informative posters tell the interested what methods to use. The booth is in charge of Mr. G. K. Samis of the Live Stock Branch of the Dominion Government.

Beatty Washing Machines are being demonstrated by a company representative.

1929 Models
Beside being a Poultry Show this is also a Motor Show and several dealers are taking advantage of this method of showing the public the many improvements in the new models. Hephurn-Brown have Fords; Metcalfe & Vandusen, Chevrolts; K. Robin has Chryslers; and Graham Paige is shown by the Sun Motor Sales, Trenton.

Public School Exhibit
At the Armistice in connection with the Poultry Show, the Picton Public School pupils have a very fine exhibit. The Juniors have plasticine work, writing, maps, paper work, etc. More advanced pupils exhibit manual training, which includes bird boxes, basket weaving, toys and clever models.

The exhibit of sewing is especially good and includes embroidery, knitting and fancy work. The Kindergarten sand table is also a feature. The display of large variety of art is very interesting.

This display reflects much credit on pupils and teachers alike and the public will do well to visit this department.

Pheasants and Parrots
The pheasants are much admired and great efforts are made to make the colorful parrots talk—or swear. A Capon (sexless rooster) is also shown.

There was a good crowd in attendance on the first day and a record attendance is expected.

Poultry Officers
One of the greatest assets any Poultry Association can have is a progressive Executive and Board of Directors and that is what the P. E. Association has. This is in no small way responsible for its success.

Those who this year are responsible for the show are:

President—Fred Newman
1st Vice Pres.—C. G. Butler
2nd Vice Pres.—C. H. McGibbon
Secretary—C. G. Butler
Treasurer—C. H. McGibbon

Directors—C. W. Humby, L. B. Callan, F. J. Webster, J. L. Graydon, Allan McCoy, Robert Davidson, F. W. C. Kent, Stewart York, M. B. Parks, H. E. Knapman, P. E. Trimble, Graham Taylor, C. Newman, B. Prior, F. Stafford.

Senator H. H. Horsey, Hon. Nelson Parliament, John Tubbs, M.P., and H. S. Collier, M.P., are Honorary Presidents and that is what the P. E. Association has. This is in no small way responsible for its success.

INTEREST SHOWN BY THE LEAGUE OVER ECONOMICS

Launching of Tariff Scheme
Creates Wide-spread
Interest

Geneva. — While the world has been watching momentous events in international politics—chiefly concerned with Anglo-American relations and naval questions—the League of Nations in the last quarter of 1929 has been carrying out an extensive economic program.

Leaders of the league's economic work, pleased and hopeful because of their political brethren's apparent progress toward disarmament and security, are striving to develop a spirit of economic cooperation among nations as their contribution to world peace.

Widest interest, perhaps, attaches to launching of the scheme for a "tariff truce." The league's economic committee has framed a draft treaty for the proposed customs armistice and governments of all countries have been asked to give their opinions as to the advisability of holding a diplomatic conference as a further step.

The economic committee from all parts of the world to study agricultural industries, which are said to be generally in a poor state.

The fiscal committee has contributed a plan for eliminating double taxation, and another plan for abolishing taxation on touring automobiles in foreign countries.

A multilateral agreement for equal treatment of foreigners was devised at Paris in November by a conference under league auspices. Questions involved in this cooperative move also are largely economic.

Another league-sponsored conference at Paris hopes to give effect to the treaty for abolition of import and export restrictions and prohibitions.

These activities are the work of the league secretariat. The International Labor Office, the league's institution which deals with industrial matters, also has been active.

Anxious because of the chaos in the European coal world the Labor Office has summoned for January a meeting of technical experts from nine principal coal producing countries to make a reconnoitering attack on problems in this basic industry.

11 KILLED WHEN TRAIN HITS BUS

Berea, Ohio, Scene of Tragedy When School Children Lose Lives.

Cleveland, Ohio, Jan. 22. — Ten children and a bus driver were killed today at Berea, Ohio, near here, when a bus was hit by a New York Central mail train bound for Chicago at the Sheldon road crossing at Berea. Three other children, seriously hurt, were taken to the hospital. The cause of the tragedy was unexplained. Weather conditions were clear and officials were unable to account for the driver's failure to see the train.

Most of the victims were small children who attended from the first to the sixth grades. The bus was said to have been carrying 25 youngsters.

CROOKSTON L. O. B. A. ELECTED OFFICERS

At the annual meeting of Premier L. O. B. A., No. 531, of Crookston, the following officers were elected:

Mostly Master — Sister Lena Holland.
Deputy Master — Sister Agnes Wickens.
Chaplain — Sister Bertha Morgan.
Recording Secretary — Sister Blanche Ashe.
Financial Secretary — Sister Sadie Wickens.
Treasurer — Sister Susan Wallace.
D. of P. — Sister Eliza Mitts.
First Lecturer — Sister Margaret Mitts.
Second Lecturer — Sister Nellie Dafoe.
Guard — Brother Roy Mitts.
P. M. Sister Maud Jones.
I. Guard — Sister Elsie Fitchett.
O. Guard — Bro. George Morgan.
Committee: Sister Grace Morgan, Sister Annie Green, Sister Mabel Williamson, Sister Maud Brough, Sister Edna Green.
Plans: Sister Maud Brough.

Agricultural Society Met at Shannonville

Members of the Shannonville Agricultural Association held their annual meeting in the Orange Hall at the village yesterday afternoon. The affair was well attended and the tin-

cial report indicated that the Society enjoyed a successful year.

The following officers were named for the ensuing year:

Hon. Pres. W. E. Tummon, M. P.; J. P. Hill, M.P.P.; R. J. Garbutt and J. S. Kerr.
Pres.—George W. Lazier.
First Vice Pres.—W. S. Dies.
Second Vice Pres.—A. Mark.
Sect. Treas.—Harry Taylor.
Directors—Thos. Vivian, R. G. Garbutt, George W. Lazier, Clarence Long, James A. Little, John Barlow, Will McFarlane, Theodora Parks, R. Reid and P. V. Finnegan.
Auditors—J. P. MacFarlane and R. H. Little.
The date for the annual Fall Fair was set for Saturday, Sept. 20.

DEATHS AND FUNERALS

LATE MARY JEFFERY
Profound sorrow found general expression throughout the community when it was learned that Mary E. Pittman, wife of the late Christopher Jeffery of the front of Sidney, who predeceased her two years ago had passed peacefully on the night of Jan. 21, at the age of 60 years and 11 months. She entered into heavenly rest after a short illness borne with wonderful patience and calm unflinching trust. Yet we feel that she has left us with such memories of unselfishness, goodness and kindness of heart that "To know her was to love her," is the testi-

mony of her many friends and her happy spirit will ever remain a fragrant memory.

The funeral was held at her home on Jan. 22th and was attended by a large concourse of friends and neighbors. The services were conducted by her pastor, Rev. J. R. Butler who spoke sympathetically of the life departed. She was laid to rest in White's Cemetery. Left to mourn the loss of a loving mother are three daughters, Mrs. A. Page and Mrs. Jennie Hogle, Sidney and Miss Mabel at home, and five sons, Ed. of Oshawa; Frank and Will of Sidney; Ernest of Cobourg; and Harry of Windsor.

The pall bearers were Mr. John Hesa, Mr. Harry DeMille, Mr. John Fair, Mr. Joe Meggison, Mr. Jim Sandcock, Mr. Seiden Ketcheson. The floral offerings were many and beautiful.

NAVAL CONFERENCE GETS DOWN TO WORK

London, Jan. 22. (G.P.)—The Five Power Naval Conference turned boldly and directly today to some of the most troublesome problems on its path way to success. The day's recess between yesterday's convening session and tomorrow's resumption in "Committee" was a formality only. Far from marking time, the delegations determined to profit by the amity and harmony apparent at the opening in solving their political and technical problems.

NEW IMPORTANCE IN CANADA TRADE

Rapid Growth Of Dominion Increases Material Development

Boston. — "For material welfare in the future New England will look to Canada with increasing eagerness," says a writer in the Boston Evening Transcript. "The business relations now existing between the two will gather new importance from the vast natural resources in one and the established purchasing power in the other, as well as from the railroad lines that connect the two."

Already of tremendous importance, this exchange of business will see further development along new lines, for the basic industry of Canada is now undergoing a transformation from agriculture to manufacturing and with it will come the Transcript claims a change in the country's political structure to give tariff protection to the manufacturers instead of to the farmers.

"It Helped All My Troubles"

"I was all run-down and out of spirits before my third baby was born, so I decided to try Lydia E. Pinkham's Vegetable Compound. I had heard so much about it. It helped me with all my troubles and gave me an appetite where before I didn't eat at all and had to stop work and rest every once in a while. I did all of my housework up to the day my baby came, as I am a farmer's wife and could not afford help before. I feel just dandy now and I will answer any letters and I will tell every one how good Lydia E. Pinkham's Vegetable Compound is."—Mrs. Ira Arnold, Box 63, Rocklake, North Dakota.

Lydia E. Pinkham's Vegetable Compound

Such is the present trend of thought in Canada, generated by the new economic complexion of mineralized areas in the provinces of Quebec and Ontario which are just beginning to reveal the reality of their production values in silver and gold, nickel, copper, aluminum, cobalt, asbestos, etc.

With this situation in mind the two great railroad systems, the Canadian National and the Canadian Pacific, are more conscious than ever of the importance of the role they must play, and the significance of their position in the future relationship between New England and Canada. They will be conscious in the picture of the future railroad map of New England, and undoubtedly will let the weight of their silent argument fall against the trunk line proposals of the Interstate Commerce Commission. Their arguments along this line will be expressed by what they already invested in existing lines in New England, aggregating more than \$55,000,000 and the great volume of New England traf-

fic they already carry, rather than by any political agitation that they must set in motion to throughout the negotiations. The will assume the attitude of a difference that is expected from foreign interests.

Following directly in line with the development of New England traffic, the Canadian Pacific Railway proposes to extend its service by joining with the Eastern Steamship Company in building a tourist hotel at Yarmouth, next spring, to further stimulate the tourist business between New England and the provinces—Nova Scotia, Prince Edward Island, and New Brunswick.

Of immediate importance to the New England manufacturer in his efforts to reach the great western markets, is the preservation of Canadian differential rates, over which the rate is much lower than the more direct American trunk lines. Both of the Canadian railroads are anxious to maintain these differentials both for their own advantage as well as New England, but in order to do so there must be enough traffic carried over them to insure a paying proposition. Canadian lines can negotiate with a strong New England group, for freight, far better than with a trunk line that would naturally be more interested in keeping freight on their own lines. Under the American railroad law no railroad is compelled to short-haul itself and of the bigger lines controlling New England railroads. Their first thought would be to send their freight over their own lines and turn as little of it as possible over to the Canadian connections in New England, thus drying up the differential service.

Another important factor is the fast growing mining operations on Canadian territory, just over the line from New England. The products of these mines are coming into New England in increasing quantities from year to year as they become more available. New England industries will profit by their access to a new situation that creates more freight both for Canadians and American railroads.

DEAN TO LEAD COLLEGE TOUR

Dean Sinclair Laird To Conduct Seventh Annual Event

Montreal. — The seventh annual tour across Canada conducted by Dean Sinclair Laird of MacDonald

A breath-taking ride down the snowy hill—a hard pull up to the top—over and over again... spending energy recklessly... Quaker Oats children get the most out of play and school.

BELIEVE ME
"there is a difference in Oats"

Quaker Oats—better, richer, more appetizing than "just oatmeal"

Chin in Every Package
A surprise in every Quaker Oats package marked "Chinaware"—a piece of attractively patterned genuine English Chinaware. As pretty as you could buy. Beautifully colored—distinctly shaped and finished.

Every morning, in Canada's schoolrooms, tense little bodies must accomplish—in the few short hours before noon—70% of the day's schoolwork. Even in play the drain on energy is much greater than at any other time of the day. To fortify children against these morning demands Quaker Oats is unsurpassed.

For Quaker Oats is different from ordinary oatmeal. There's that nut-like Quaker flavor no other oatmeal has been able to imitate. The choice whole oat is most convenient to use—nutrient, flake tenderness.

This gives Quaker Oats that zest, full tang that wins children's approval. And pre-cooked so that Quaker Oats is ready to serve in 2-3 minutes.

Most important of all, for your child's health, the Quaker milling process preserves every valuable part of the oat—Nature's best balanced cereal. Quaker Oats contains 16% protein—the "growth element"; 45% carbohydrates—the "energy" food. Besides abundant body-building minerals and the important vitamins.

Order Quaker Oats today. Your grocer has both the Regular and the Quick Quaker. Please do not confuse Quick Quaker with ordinary quick oats. Only Quaker can give you the incomparable Quaker flavor and rich nutrition. Large household packages and small 10c, 25c, half wrapped and sealed.

All Quaker packages contain coupons with which you can get valuable premiums.

College, will leave Montreal on July 28th of this year, and will occupy 22 days, during which the party will travel to Vancouver and back by special train over Canadian Pacific lines. Their journey of some 8,000 miles will take them through the rich industrial and agricultural country of Ontario and the prairies, the Rocky Mountains to Vancouver Island, and stops will be made at the important cities, towns, noted beauty spots, famous summer and mountain resorts, wheat and fruit growing country, national parks, bungalow camps and all ports on the Pacific Ocean and the Great Lakes.

Leaving Windsor station, Montreal, on Sunday, July 29, the party will make their first stop at Toronto on the 21st, spending half the day there. From there they go to Winnipeg, Regina and Calgary, half a day being assigned to each city on the westbound journey. The unrivaled scenic grandeur of Banff, a beautiful motor drive of 70 miles to Whistler, the Kootenai Lake scenic trip to Nelson, and a drive through the Okanagan Valley and the strange Doonkloos country and the Kettle Valley railway

trip down the western slopes of the Rockies to Vancouver will be followed by a voyage on one of the "Princess" steamers to Victoria.

Returning to Vancouver on August 2nd, another half day will be spent there and the party will leave in the afternoon on their return journey via Edmonton and Saskatoon. The feature of the eastbound trip will be the famous drive over the new Great Divide Highway, from Lethbridge to Lake Louise, passing beautiful Emerald Lake, the Yoho Valley and Wapiti Bungalow Camp en route. Another day will be spent at Banff, half a day each at Edmonton and Saskatoon and another day at Winnipeg.

Arriving at Port William on August 9th, here they will embark on one of the Canadian Pacific's Great Lakes steamers for the voyage to Sault Ste. Marie and Port McNicoll, spending two nights and nearly two days on the waters of Lake Superior and Lake Huron. From Port McNicoll they will travel directly to Toronto and Montreal, arriving here on the evening of Monday, August 11th.

OLD AGE PENSIONS

Toronto, Ont. (By Canadian Press) — In connection with old age pensions it is very difficult for some old folks to move their age when there is no official record. Family Bibles prove a solution at times when their authenticity can be proved. Over 50 years of marriage is usually taken as authority that the husband or wife has reached the minimum of 70. Already since the first application was received 250 old folk whose applications were accepted have died.

"Mortality will be high," Dr. Jamieson, chairman of the board commented. "I believe the rate will be somewhere around 10 per cent. Each year, however, new pensioners will be added at about the same rate. I expect. We have dealt with over 21,000 applications and last month sent out over 12,000 cheques. It's a fine thing to be able to give these old folks a feeling of independence."

Councillor William Ahrens, of Hanover, met with a fatal accident while doing some plumbing in the basement of a public school where a radiator burst on his ankle and foot.

Dr. H. W. William Ahrens, chief justice of Ontario and chancellor of the University of Toronto, who celebrated his 80th birthday on January 19th.

CANADA & JAPAN CHANGED FORM OF GOVERNMENT IN SAME YEAR

Japanese Minister Gives Picture of Old And New Japan

FEUDAL SYSTEM

Ottawa, Ont., (CP).—A fascinating picture of old and new Japan was given by Hon Iwanoa Tokugawa, Japanese minister to Canada, in an address recently delivered in this city. The two countries are destined always to promote and maintain good understanding, he declared. "Although by mere coincidences," Mr. Tokugawa said, "Canada emerged from her former system of government and established the present form of government in 1867, it was in the same year that Japan decided to abolish the political arrangement which then existed and to start a new era. What was most important for the destiny of the Japanese people is the decision taken in that year, for it drew a dividing line between the old Japan and the young Japan. In 1867 a feudal system of government existed in Japan.

The large and small feudal lords governed their own territories and above them was a central figure, hereditary Shogun, who governed the whole country with an extensive power of administration entrusted by the Emperor. A fundamental change decided on in 1867 was the abolition of this system of government and the restoration of full power to the Imperial Court. This was when Emperor Meiji, grandfather of the present Emperor, ascended the throne.

"On April 17, 1868, this great Emperor promulgated Charter Oath to the people of Japan. 1—An assembly shall be formed and all affairs of state to be decided by Imperial deliberation. 2—All administrative measures shall be conducted by cooperative efforts of the governing and the governed. 3—All the people shall be given opportunity of satisfying their legitimate desires. 4—All absurd usages shall be abandoned and justice and righteousness shall regulate all actions. 5—Knowledge and learning shall be sought all over the world and the foundation of the Empire be firmly established."

Then Mr. Tokugawa enumerated various reforms which were carried out in quick succession, and will explain the circumstances in which the constitution of Japan was proclaimed by the Emperor and the treaties with foreign powers were revised so as to abolish extraterritoriality and to recover tariff autonomy.

The Japanese minister explained to

R. C. BOSWORTH, recently appointed Superintendent of Colonization, Department of Immigration and Colonization, Canadian Pacific Railway, with headquarters at Winnipeg. He has charge of the Western Canadian and United States office of the Department, joining the Canadian Pacific in 1913, Mr. Bosworth has been actively engaged in colonization work for the Company since that time in Canada and the United States.

what all those reforms in the national life of Japan were due, and why such a progress was possible in so comparatively short a time. "The primary and the most fundamental cause was the sagacity, the determination, and the courage of Emperor Meiji, supported by the unceasing and untiring efforts of his counsellors and by the strong and unqualified aspiration of his loyal subjects. But we must go a little further and examine the condition which existed before the introduction of new methods and which Japan became possible. In other words how the soil had been prepared for the reception of the seeds of western civilization. To that end we must look back to old Japan. The beginning of the civilization of Japan owes a great deal to China. China's culture which was already far in advance was first introduced into Japan in the 3rd century, A.D., and the religion of Buddhism which came through China strengthened the hold of the Chinese influence. However, in the 8th century the Japanese civilization gradually began to assume an independent national character. A great evolution in this direction is noticeable, for instance, in architecture, in costume and in the mode of writing of this period. Temples and shrines and various works of art and literature, representative of this and subsequent periods still remain, and from them it can be seen that the Japanese civilization had already reached quite an advanced stage.

"At first Japan's intercourse with foreign countries did not go beyond Korea and China, though there were some exceptional instances of interchange of visits between Japan and Europe. It was in the beginning of the 16th century that the Portuguese, Spanish, Dutch and British traders began to frequent our shores. They were followed by Jesuit Fathers, and Christianity began to spread steadily in Japan. Toward the end of that century, however, the activities of Spanish missionaries aroused suspicion of political motives. In the beginning of the 17th century, the spreading of Christianity was prohibited, and in the end trade with European countries was forbidden with the exception of the Dutch, who were allowed to live in Nagasaki. An American historian writes, 'The shellfish had resolved to guard itself against the fishermen's net spread over eastern seas by closing tight its shell to the outside world.'

"Since this expulsion of foreigners and prohibition of foreign trade, Japan's door was closed to foreign intercourse, until about the beginning of the 19th century, European and American ships began again to appear in Japanese waters, and finally in 1853, an envoy came from the U. S. to Japan to ask her to trade, and the first commercial treaty between those two countries, as I have already told you in 1854.

"This policy of seclusion certainly delayed the introduction of western civilization into Japan, but whether an early access to the western influence would altogether have been beneficial to Japan is open to question, for during the 200 years of seclusion, the intellectual culture of the Japanese people, undisturbed by foreign interference, made a marked advance. "It must not be overlooked, at the same time that the learning of the West was not entirely neglected. Even in the 18th century, Japanese students were allowed to study from Dutch books and Dutch teachers in Nagasaki. This produced various famous Japanese scholars of different branches of science and the Dutch language, and these scholars were really the forerunners of the progressive reformers who made the establishment of young Japan possible in later years.

"You will see from what I have told you, though very briefly, that the way was being paved, gradually but not steadily, long before the actual abolition of the feudal system, to the reception of the western civilization on a broad basis. Before the curtain rose in 1867, the stage had already been prepared and a suitable background set up for the great drama of the making of young Japan.

"Some of you may have expected to hear from me more about old Japan.

GOOD THINGS come to those who wait... on THEMSELVES

If you want the good things of life you usually have to go after them. How true you find this to be when you wait on yourself at Loblaw's and the savings are worth while.

SECURITIES THAT STAND BY

The desirable security is the one about which there is nothing spectacular; which will never give you the thrill of "seeing 'er climb"; from which you will never suffer the agony of having your life savings wiped out overnight.

United First Mortgage Bonds are among the most desirable of securities.

Founded upon the imperishable asset of land and permanent buildings thereon, they are backed by a concrete and more than adequate property value which does not fluctuate.

Arranged and supervised by experienced financiers, they are surrounded by every possible moral and legal safeguard.

When you want an investment that will not fail you, that through thick and thin will stand by, remember that this is exactly what we offer.

Write for details of issues now on the market.

pan. It is true that old Japan presents a series of illustrations of absorbing interest, if they are properly told; but you will understand that I have had to be very brief on all points. The main point I wanted to make clear today was that after all that old Japan was not in the least an obscure and backward existence, while the young Japan is no mere upstart suddenly rising from insignificance. Japan has the tradition and the pride of an old nation and has vigor and the energy of a young. Here lies again a resemblance between Canada and Japan—Canada, a young nation with vigor and energy, having behind her the time honored traditions of the old great races. So let me remind you once more of the happy future in store for both of us—a friendly co-operation between the two countries for the greater good of humanity."

This is R. J. Wakatsuki, former premier of Japan, who heads the Japanese delegation to the Five Power naval conference.

Piano Tuning

J. R. MORAN IS IN THE CITY
Mr. Moran has had 26 years' experience—is one of the best Piano Tuners and Regulators. Piano actions built over, worn parts replaced, recommended by all leading manufacturers. Order left at Jennings & Sherry's.

J21 & 23

Mr. and Mrs. Samuel B. Webb of Stratford, last week celebrated the 51st anniversary of their wedding.

MISSED DINNERS BUT GOT MASCOT

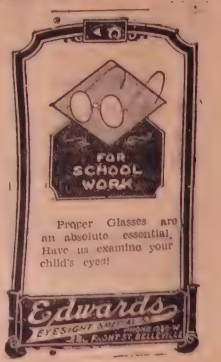

Portland, Me.—The crew of the steamship Ellithorpe missed out on both a Thanksgiving and a Christmas dinner but they have acquired a mascot and all hands are satisfied.

Captain Muller, of that ship, when loading at a Texas port last November thought it might be a good idea to treat his men to a real Thanksgiving dinner. Accordingly he brought a nice fat goose and gave it a place of honor on the deck. Dame Nature and the elements stepped in, however, and Mr. Goose proceeded to acquire an acute case of mal-de-mer. By this time it was too late to attempt to fatten the bird for Thanksgiving, so it was decided to let take its rightful place on Christmas day.

Mr. Goose still had a few tricks left and forthwith began a series of hunger strikes and a few spells of sea sickness for good measure. Neither of the two are conducive to excess fat and flesh, so Christmas time found the country creature far too thin for a meal for several hungry men. It had in the meantime developed a few cute tricks and so when the ship docked here on Jan. 3, Captain Muller announced that they had "som of sort" atached to the darn thing, and they guessed they'd keep it."

Pile Sufferers

You can only get quick, safe and lasting relief by removing the cause—congestion of blood in the lower bowel. Nothing but an internal remedy can do this—that's why cutting and salves fail. Dr. Leonard's Hem-Roid, a harmless tablet, is guaranteed to quickly and safely banish any form of Pile misery or money back. J.S. McKewen and druggists everywhere sell it with this guarantee.

WORK OF CABLE SHIPS REVIEWED

Breaks Confined to Strip 100 Miles Wide South Of Newfoundland

Halifax, N.S. (By Canadian Press)—Changes in the ocean bed caused by the earthquake of November 18, when twelve of the cables between America and Europe were broken, are being revealed from cableships returning here. Although agreeing that all the cable breaks are apparently confined to a section about a hundred miles wide, extending from Newfoundland between the Grand Banks and the Emerald and Sable Island Banks to at least as far south as the cables between New York and the Azores, reports from ships working in slightly different areas as to changes caused in ocean depths. The John W. Mackay, first cableship to return to Halifax from the vicinity of the breaks, reported that after grappling for nearly a month, no trace of the cable could be found. Instead of the soft mud common to the area, deposits of hard clay were brought up on the grapple hooks. It was believed the cables were buried beneath the mud.

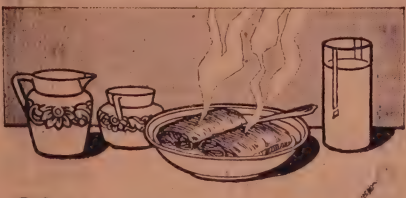

After being at sea two weeks, the Cambria returned, reporting volcanic ash on the ocean floor. The cable, buried in places, broke three times during repair attempts, and it was necessary to splice in fifty miles of new cable in place of the buried parts. Soundings revealed very little difference in the depth of the water.

Only after a long search was the cable ship Faraday successful in finding Number Four cable and splicing in thirty miles of line. This cable was also buried in places. Bad weather forced postponement of the regular job. Quantities of small shellfish and flora were discovered in unusual depths, and working without charts was said to be necessary as the entire topography of the ocean floor had changed.

Unable to find the Western Union cable from New York to Fayal, Azores, after searching a month, the Lord Kelvin completed repairs to the New York—Baz Roberts, Nfld. cable, splicing 102 miles. One end had been buoyed previously by the Cyrus Field. This cable was laid in 1924.

A piece of silk stocking and portion of an issue of the London Chronicle were brought up by the Lord Kelvin's grappling hooks. All the soundings taken from the ship revealed no change, and the ocean bed was composed of grey mud, the same as when the cable was laid.

Captain Poole of the Western Union cable ship Cyrus Field, discredited reports that the bed of the ocean in the affected area had been materially changed by the quake. He reported only a few deviations of from one to eight feet probably caused by slightly different positions of soundings. The Cyrus Field returned from Canso where repairs were made on one of the cables. This cable was probably broken by a deposition of mud where the cable had spanned a gap in the ocean floor.

Of Course... you can serve it hot

Most people want a hot breakfast dish for a cold day. Shredded Wheat is deliciously warming when eaten with hot milk. Crisp the biscuits in the oven and pour hot milk over them. The flavory shreds retain enough crispness to encourage thorough chewing—that's one reason it's so good for children. Delicious for any meal with fresh or stewed fruits.

ANNUAL MEETING OF MEDICOS TO BE HELD SOON

Medical Men From Many Parts of World Will Attend

Winnipeg, Man. (By C.P.)—An important part will be played by Winnipeg women next August in what promises to be the outstanding and most colorfully dignified pageant of the year. This is the 98th annual meeting of the British Medical Association. Its many traditional functions will be attended by the medical leaders of the entire English-speaking world, the present indications being for a total attendance of upwards of 2,500 persons, as many of the delegates will be accompanied by wife and family.

The whole of Canada, with Winnipeg in particular, is preparing a welcome for the visitors which shall make of the occasion a festive holiday for all concerned. To that end, the women of the city connected with the medical profession, it is learned, have already effected an organization under Mrs. W. Harvey Smith. Mrs. Smith is an arts graduate of McGill. She did yeoman service along with other Winnipeg women in the Red Cross during the war, besides giving addresses in the suburban district at the request of the Canada Food board on the subject of food conservation. She is a daughter of Sir Alexander Tilloch Galt, one of the Fathers of Confederation and Canada's first high commissioner to Great Britain; her grandfather was John Galt, Scottish poet and a man of letters; founder of sev-

eral eastern Canadian cities and the man who gave Canada her first real immigration policy.

PRESENT SILVER BASKET.

At the meeting of the Quintina Lodge No. 13, I.O.O.F., held last night, Past Grand Brother, L. Politt, read an address to Mrs. A. Brien (nee Miss Cecilia Docter) and Past Noble Grand Sister M. Rutherford presented her with a silver flower basket with the best wishes of the members of the degree staff. Mrs. Brien thanked her friends in a few words for their kindness.

JUNK DEALERS TRICKED POLICE

Rag Pickers Use Same Gag When Applying For License

Windsor, Ont. (C.P.)—Horses do not play as important a part in commerce as they once did but in Windsor rag-pickers a horse means much. In fact so important is the animal that a sort of Deamon and Pythias act has been staged by applicants for junk licenses this year, according to the police.

Some days ago when Chief M. S. Wigle gave orders that licenses should be issued only to owners of decent looking outfits he started a demonstration among those who felt that their equipment might not pass muster. Applicants who had old broken-down wagons or ramshackle makeshifts, held together with wire or whose horses were aged or poorly fed and cared for saw their permits denied.

Suddenly there was a reversal of conditions and applicants appeared with a slick well-fed and well-groomed horse and a wagon that seemed to have come but recently from the shop. Naturally when the officer examined the outfit a license was forthcoming. But then came the horse and rider that all was not well began to come in and it is alleged the nice fat horse and the neat wagon which appeared so often was one and the same outfit and that the crafty junk collectors had banded together to buy the outfit and each contributor to the fund had the right to present the outfit when applying for a license. Just how true this may be will not be definitely known for a few days until the police, under orders from the chief, have back-checked on all the licenses so far issued to make sure the applicant did own an outfit which complied with the regulations.

Listowel, Ont. Jan. 22 — J. Cecil Hamilton, prominent Listowel lawyer and former agent of Hubbs and Hubbs Limited, real estate firm, was committed for trial here today on six charges of false pretences. Three charges against H. Hubbs, under sentence of seven years, and L. M. Burlington, sentenced to two and a half years, were dropped and they were taken back to Toronto today.

The photographs here show two old timers of the Canadian West, who are in Toronto attending meetings of the Canadian Manufacturers' Association, prior to starting on the association of the British West Indies. (Left) is R. J. Hutchins, president of the as-

WOMEN INCREASE RANKS OF LABOR

Women Delegates Seated at Halifax Trades And Labor Council

Halifax, N.S. (By Canadian Press)—A new chapter was written in the annals of the International Trades Union movement in the Maritime Provinces recently for the first time, the working women took their places by the sides of their brother labor folk in surging on the struggle for living wages, better working conditions and advanced social and labor legislation.

The occasion was the January meeting of the Halifax District Trades and Labor Council, which was marked by the Women's Federal Trades Union recently organized here, under charter from the Trades Labor Congress of Canada, affiliating with the Council, parent body of the international movement in this city. Never before in the history of the movement has a woman sat in the Council of such a representative body of organized labor in the Maritimes.

The delegates, who, after presenting their credentials, were duly obligated and seated as members of the Council, were Miss Gladys Wood, president of the Women's Union, Mrs. E. Blackburn, Mrs. S. McCuskey, Mrs. G. Horne and Mrs. G. Spinney.

J. Healey, president of the Trades and Labor Council, welcomed the women delegates, stressing the importance of their entry into the ranks of organized labor and stating that it had long been realized that labor in Halifax, could never reach the highest point of efficiency until the women workers took their places by the side of the men.

A rather unique feature about the seating of the women delegates was that, for the first time in the history of organized labor in this district, not only father and daughter, but also mother and wife, sat side by side in the councils of organized labor.

These were James Wood, chairman of the Trades Council, and his daughter, Gladys, and George Horne, a member of the same committee and his wife.

Mr. Wood, who had always been one of the strongest agitators for a women's union, is, like his daughter, also a Union president, being president of the International Brotherhood of Boiler-makers, Iron Shipbuilders and Helpers of America.

Being the first woman to speak in the meetings of the Trades and Labor Council, Mrs. S. McCuskey, during a discussion of the poll tax on women in Halifax, declared she would personally a graduated tax and more slowly of the question of whether women with out property should be taxed at all.

BAND OF PIPERS STIRRED BOSTON

Kilted Musicians Were Welcomed By Governor F. G. Allen

Boston.—Attired in full Highland dress of the Clan Frazier, the Pipers Band of the Canadian National Railway, called at the States House on Jan. 4 and paid their respects to Governor Frank G. Allen in connection with their good will tour.

The fourteen piece band was welcomed to Massachusetts by the Governor in his private office. "I am very glad to welcome you to Massachusetts," Governor Allen declared. "We appreciate your coming and hope that your visit will be a most pleasant one."

With the formal welcoming over the Governor personally conducted the members of the band through the historic Hall of Flags, and asked them many questions about their organization. His Excellency confessed to a little Scottish blood, and when they had all gathered on the front steps of the State House, to have pictures taken and to broadcast the public welcome, he borrowed a Glen-garry bonnet and a bannock and with tremendous interest in the group he managed to coax a tiny squeak from the pipes. His second squeak was a little more pretentious than the first and his Excellency, gathering the courage, blew and blew while the pipers and photographers shouted their encouragement.

CANADIAN PEOPLES ARE MUCH CHANGED

Toronto, Ont. (C.P.)—Canon Plumptre of St. James' Cathedral, has been interviewed on the subject of smoking. He is fond of his pipe, he admits. "I don't never discover any argument against the habit not equally applicable to men. When people are shocked, I remember how shocked they were for a woman to ride a bicycle or play tennis. The squire of the village where I lived in the old land, forbade his footman to ride a bicycle because being an artist, and having seen a bicycle once on the skyline, he thought it ugly."

I wish that cigars and cigarettes had never been invented," said the canon. "All evils, real or imaginary would then disappear. I cannot imagine the small boys 10 years, whom I saw smoking at Murray Bay last summer, with pipes in their cherried lugs."

SUNDAY SCHOOL MEETING
The annual meeting of Bridge St. Sunday school will be held in the church parlors tonight at 8:15. Splendid reports of the year's work have been prepared and these will be presented. The officers for the coming year will be named tonight. Special speakers will be present for the occasion.

Miss Helen Tuley, Alexander Street, has left to spend a few days with her sister Mrs. A. J. Parkhill, Oshawa.

For probably the first time in the history of the Church of England in Canada, or possibly throughout the empire, an Anglican cathedral has been handed over to other denominations for a Sunday service. This occurred recently at the new Christ Church Cathedral in Victoria, B.C., whose western facade is seen here.

AGED LADY CARRIED OWN BANK ACCOUNT

Winnipeg, Man. (C.P.)—There are lot of queer things happen to railway passengers, according to Jack Subbs, terminal passenger agent at the Canadian Pacific station. They lose their children, or they fall out of the train, or as in one case a passenger will drop his false teeth out of the window on a dark night, and then ask the train men to lend him a lantern so that he can go and look for them.

But above the queerest occurrence of all in Mr. Subbs' repertoire of age oddities was that of an old woman, 70 years of age, who left the train while it was still a little piece out of the station. She was seen to fall off and men ran to her assistance. She insisted that she was perfectly alright, but she persuaded her to take a rest for a while in the hospital. She died a week later, and when they examined her clothing little wads of bills were

PROBES: Becoming Milder, Snowfalls

Hatry and Associates Given Long Terms

FOURTEEN YEARS' SERVITUDE FOR CLARENCE HATRY

English Magnate Sentenced Today at Famous Old Bailey for Fraud.

SEQUEL TO CRASH

Three Terms Run Concurrent, According to Judgment Today.

London, January 24.—Clarence Hatry, for many years head of the widespread Hatry interests, was sentenced to fourteen years penal servitude at the Old Bailey court today, and an additional five years on a charge of defrauding. Hatry also was sentenced to two years on a charge of conspiracy, all sentences to run concurrently.

London, January 24. (C.P.)—Clarence Hatry and two defendants today entered pleading guilty to all the charges against them except the conspiracy count when the court assembled to continue their trial on indictments for conspiracy and fraud. The other two were Edmund Daniels and John Dixon.

Seven Years
Edmund Daniels, co-defendant with Hatry, was sentenced to seven years penal servitude and five years to run concurrently and also two years on another count and further five years on second indictment.

Albert Tabor, second co-defendant, was sentenced to two periods of three years and also further two years at hard labor, all to run concurrently.

John Graham Dixon, the third co-defendant, received five years penal servitude, two years hard labor, and further period of five years penal servitude, all also to run concurrently.

London, January 24.—Cases of liabilities of \$147,500,000, and a final deficiency of \$57,500,000—these were the staggering figures which Sir Gilbert Carnsey, noted accountant, submitted to Mr Justice Avey and the jury at the Old Bailey in the trial of Clarence Hatry and three co-defendants on charges of fraud and forgery. The figures were the final chapter in the meteoric history of the Hatry companies. Sir Gilbert estimated the loss to the public at \$75,000,000, the remainder being borne by financial houses.

Chicago, Jan. 24.—Owing to various causes, among which are said to be graft, extravagance, incompetence and reckless expenditure of public funds, with no eye to the future, an immensely rich city finds itself in the humiliating position of being unable to pay its school teachers, policemen, firemen, health and other officials. The same conditions prevail in Cook County, in which Chicago is situated. The city and county now owe, in salaries, \$11,275,000, and experts are unable to find a source whence they can obtain a solitary dollar. A brief summary of Chicago's salary debts is as follows:

ARTHUR B. EATON WAS BORN HERE

Prominent in Masonry, Church and Business Life of Coast.

(Special To The Intelligencer)
Kingston, January 24.—Arthur B. Eaton died at Aberdeen, Washington, last week, according to address received here yesterday. He was born in Belleville and at sixteen began work as a newsboy on the C. P. R. He later settled in Toronto, learned photography, located at Potsdam, N.Y., where he became prominent in masonry. At Tacoma, Washington, he studied and practiced law. In 1908 he went to Aberdeen, Washington as manager of a tea concern. He was for years trustee in the Methodist Episcopal church.

YOUNG LINGUISTS.

To be the daughter of an American consul one has to be somewhat of a linguist. In the picture above are shown Emelita (right) aged nine, and Marguerita, aged five, daughters of Emil Sauer, American consul at Toronto, and Mrs. Emil Sauer. Emelita

TRENTON GROCERY ENTERED AND TOBACCO, GROCERIES ARE TAKEN

No Arrests Yet Made in Mysterious Haul During Night.

Thieves are again at work in Trenton. The grocery store of Dennis LaVelle was broken into early this morning and a quantity of tobacco cigarettes and groceries taken. The affair is at present a mystery and no arrests have been made. The Trenton police are working on the case.

RETURNING MOURNERS ARE STALLED IN SNOW

Snowdrifts in Concession are serious as is evidenced by an unfortunate incident which occurred yesterday afternoon. On returning from a funeral held in Concession cemetery, ten cars, which were in the cortege, became stuck in the heavy drifts of snow and were unable to return to their homes. The cars were left there for the night and this morning, with the aid of horses and workmen, were extricated. The hearse found it necessary to put up at the home from which the funeral took place, the driver being unable to proceed back to the funeral parlor through the heavy drifts. This morning, another lot of or so of snow fell, to help complicate matters, and driving was practically impossible in the blinding snowstorm. The snowfall will doubtless send a few busy hours tomorrow in cleaning the roads.

HYNDMAN ADMITS THEFT OF CHEQUE

Ottawa, Ont., Jan. 24. (C.P.)—Geo. Wellington Hyndman, former assistant deputy minister of finance, pleaded guilty to the Dominion, pleaded guilty to the Supreme Court of Ontario here today to a charge of theft of a cheque valued at \$5,050, the property of Federal Government. The charge was the third count of five contained in the second indictment which he faces. Sentence will be passed later.

PREMIERS' DISCUSSION OF ST LAWRENCE PROJECT

(By Canadian Press)
Ottawa, Ont., January 24.—A conference of primary importance not only to the Provinces of Ontario and Quebec, but to the whole of Canada, opened here today when Premier Ferguson and Premier Taschereau discussed the water powers problem with Prime Minister Mackenzie King and the members of the Dominion Cabinet. The meeting was taking place in the office of the Dominion prime minister. In addition to the premier, the provincial representatives include Hon. W.

can converse with her parents in English, Spanish, French and a little German, while the younger is up in her Spanish and making progress with her French. — Photograph by Geo. Freeland.

FIRST ROBIN

To Mrs. Gordon Burkholder, 191 Albert street, goes the honor of having seen the season's first robin. This gentle little harbinger of spring was noted yesterday, perched on a limb in front of their home surveying his barren surroundings. Mr. Robin did not appear to be enjoying the situation to any remarkable degree, and doubtless his thoughts flew to warmer weather and mating-time.

COMMANDANT OF R.M.C. IS HONORED

Kingston, Jan. 24.—Brigadier C. F. Constantine, D.S.O., R.C.A., was honored by the city of Kingston prior to vacating his appointment as Commandant of the Royal Military College, which he has filled with signal success for nearly five years, at a civic dinner held in the Hotel La Salle on Wednesday evening when Queen's University and the Military authorities of the city were present. The dinner was given in honor of the Commandant, who is leaving for his new post as Commandant of the Military District No. 3, joined with the Mayor, civic bodies and prominent citizens in paying tribute to the guest of honor, and also to his wife and his mother, who are among the most highly respected and best known women of the city. Col. Constantine will shortly assume command of Military District No. 7 with headquarters at St. John's, N.B.

FAMILY OF SLAIN MAN SAW SLAYER DIE

Little Rock, Ark., Jan. 24. (C.P.)—The widow, daughter and brother of Perry Miller, City Marshal of Dettw, who was shot to death last spring, stood in the death chamber at the state prison here and watched the execution of his slayer in the electric chair. The murderer, Ben Evans, negro, passed near them as he walked unattended to the chair.

HANDS BILL TO EACH YOUTH WHO HAD 'DONE' HIM

Lew Chin Has Trio Arrested For False Pretenses Over Meal.

TWO WEEK TERMS

Chinese Proprietor Then Presents Each Man With Dollar Bill.

"It wasn't the meal I minded, but it was the principle of the thing," said Lew Chin, proprietor of the Globe Cafe this morning at the police station, and showed that his words were spoken in all truth, for he handed over a dollar bill apiece to three men who had "done" him for a meal last night. He made it clear, however, that this was not to establish a precedent in cases of this kind.

George Brown, giving his home address as Montreal, John Larsen, of Edmonton, and Ivan Fedosin, no address, entered the Globe Cafe early this morning, sat down, and ordered a sumptuous repast. Their hunger satiated, they calmed got up and walked out the door, disappearing north on Front St.

Lew Chin, the proprietor, hailed Constable Thompson, and the constable pursued the three almost to the C. N. R. North station, where they were taken into custody. This morning they appeared before Magistrate Mikel on a charge of false pretenses, and were sentenced to serve two weeks in the County Jail.

NO IMMEDIATE FOOD SHORTAGE FOR BYRD

(By Canadian Press)
New York, January 24.—Capt. H. H. Railey, personal representative of Admiral Richard E. Byrd, in a statement published today that although the ice-pack barred ships of the expedition from reaching the base on Antarctic ice barrier, Admiral Byrd and his men faced no immediate food shortage.

BATTALION CLUB IS FORMED HERE

21st Battalion Club Will Hold 1931 Reunion in Belleville.

At a well attended meeting of ex-members of the 21st Battalion overseas unit, held last evening in the officers' mess at the armories, an organization to be known as the 21st Battalion Club of Belleville, was formally organized. Much enthusiasm was shown and the following officers were elected:—President—"Tim" Jordan. Secretary-Treasurer—R. Madden. Recording-Secretary—E. A. Blaind. Executive Committee—The President. Secretary-Treasurer—Fay Willis, A. Baldwin, E. A. Green.

It is proposed to hold four quarterly (Please turn to Page Three)

The F. S. Anderson Co. Sole Distributors for Belleville

25TH REPORT.

Sir Robert A. Falconer, K.C.M.G., D.Litt., LL.D., D.P.S., D.C.L.O., president of the University of Toronto, whose report for 1929, just issued, is

LORD MAYOR ENTERTAINS 5-POWER PARLEY DELEGATES AT BANQUET

1,800 MILES AWAY
Premier, B. C., Jan. 24.—Joe Saund here, trapper in the Gold Creek district, is reported to have found an eight foot miniature dirigible. Inside the tiny cabin was a sealed receptacle with a note giving a name and Toronto address, which was presumably the point of embarkation of the airship and requesting that the party finding the tiny craft should report fully. The direct air line district between Toronto and the point where the balloon was found is at least eighteen hundred miles.

London, Jan. 24.—Declaring that all five powers represented in the naval conference are striving for the same goal, Andre Tardieu, Premier of France, last night flung this challenging question:

"How, then, can any one say that we may fail to reach an agreement in regard to the means of arriving at this goal?"

He issued this challenge at a banquet given to all the delegates to the naval conference by Sir William Waterlow, Lord Mayor of London. The affair took place in the historic Guild hall.

The unusual reception took place in the library of the Guildhall before the banquet. There were many distinguished guests and a large gathering of diplomats, aside from those eminent men who have been accredited to the conference. Among these "outsiders" were the Archbishop of Canterbury, Cardinal Bourne, the Marquis of Grey, Lord Kylsant and Right Hon. Philip Snowden, Chancellor of the Exchequer.

The Lord Mayor welcomed the banquet guests and Mr. Tardieu responded in behalf of the naval delegates. "You have recognized our task as a difficult one," said the French statesman. "For this, on behalf of, and in the name of, my colleagues, I wish to thank you because, standing on the threshold of this great enterprise, we desire its magnitude to be appreciated."

"Nevertheless, I hereby declare in the name of all-British, Americans, Italians, Japanese and French—that we count upon success. We have the faith which it is said will remove mountains and which might move us—ad best, such is our hope—remove naval armament from the perilous waters of competition to those of loyal understanding."

That is the story brought here by R. W. Hale, Postoffice Inspector at Edmonton, who has just returned to Toronto in connection with the regular air-mail service established in Canada's far Northland.

Eskimos, Indians and white people living in the Arctic, where Santa Claus is supposed to reside, he said actually import Christmas toys for their children by air mail from Toronto stores. The parcels have been so bulky that the air-mail officials seriously considered restricting the size of parcels.

THE WEATHER
Strong southwest winds, mostly fair today and Saturday, becoming somewhat milder, local snowfalls.

BELIEVE VIVIAN IS SAME MAN WANTED BY POLICE

William Vivian, who escaped from the custody of George Telford, Detroit immigration officer early yesterday morning while being deported as believed by the police to be the same man who was arrested in this city three months ago and after skipping his bail, was sentenced to six months in jail by Judge Mikel. As yet he has not been located and as he has friends in this vicinity, police are checking up as best they can, and his apprehension may be reported at any time.

Vivian lived in an apartment just north of Victoria Ave. on Front St. while here, and after it was watched for some time the place was raided by the city police. They found a large quantity of beer and liquor there, but he was later released on bail. Before his trial he left Belleville and has not been seen since.

NAVY DELEGATES MAKE PROGRESS IN DISCUSSIONS

Britain, France and Italy Appear to Be Solving Problems.

DELEGATES CHEERED

Premier MacDonald Enthused Over Results to Date.

(By Canadian Press)

London, January 24.—Progress is being made in ironing out the problems confronting the delegates to the "Five Power Naval Conference," according to an official communique issued today, following the meeting of the day, following the meeting of the day, following the meeting of the day. The French and British delegations at Downing Street. The communique said: The French and British delegations met this morning to consider the report which the committee of experts had been asked to prepare. This report shows encouraging results on certain points and it was decided to invite experts to continue their conversations."

It was understood the French, in their discussions with Mr. MacDonald, presented a compromise plan which they developed with the idea of reducing the divergence of opinion between those who want limitation by tonnage and those who desire limitation by categories.

Dino Grandi, the youthful Italian delegation head, conferred with Mr. MacDonald as soon as the French had left. They were understood to have had a frank talk over the situation in Italy and her navy armament needs. Shortly after the communique was issued, Col. Enrico Simeoni, Italian statesman, in conference with the press representative, described the progress of the Naval Conference, thus far, as "very satisfactory and encouraging."

REV. DR. C. SCOTT IS ASKED TO STAY

Melrose Church, Hamilton, Wants Him as Pastor Emeritus.

Rev. Dr. C. T. Scott, former minister of Bridge Street Church, Belleville, now pastor of Melrose United Church, Hamilton, Ont., has been unanimously offered the post of pastor emeritus at the close of the present term. During the first annual meeting of the church held this week Dr. Scott was asked to retire from the meeting for a time, and a resolution, presented by Norman Slater, representing the stewards, and seconded by Lyman Lee, representing the session, was unanimously adopted by the congregation. In this resolution Dr. Scott was asked to accept the honorary position of pastor emeritus of Melrose United Church upon the completion of his pastorate in June, 1930.

Upon being informed of this Dr. Scott was deeply moved by the kind-ness extended to him and Mrs. Scott, but stated that he felt it to be in the interests of Melrose church if he declined. Dr. Kilpatrick then spoke briefly, but most forcibly, urging Dr. Scott to reconsider the question in view of the unanimity with which the

YIELD OF WHEAT IS 300 MILLION

267 Million Drop From Yield of Previous Year, Says Bureau.

Ottawa, Jan. 24.—The total yield of wheat in Canada for the year 1929 is estimated at 267,520,000 bushels from 25,255,002 acres, in a Dominion bureau of statistics report. This compares with 566,750,000 bushels from 24,118,125 acres in 1928 and with an annual average of 423,319,740 bushels from 22,464,089 acres for the five years, 1924-28. The percentage of decrease from the average is 39 last year.

The total for 1929 compares 205,040,000 bushels of fall wheat and 270,015,000 bushels of spring wheat. The average price per unit as received by growers at the point of production are estimated at \$1.24 per bushel for fall wheat, compared with \$1.15 for 1928 and \$1.22, the five-year average. For spring wheat the prices respectively are given as \$1.15, 75 cents and \$1.02.

LIFE IS REAL, HAS ITS THRILLS

A probate in an estate at Saint John, N.B., resulted in the reunion of a brother and sister and the division of the estate. The sister, Mrs. A. L. Randall, appearing at the probate of the will of her brother, Walbert Nelson, did not know that another brother of hers was alive, until his counsel stood up in court and called him to the stand. Frederick Nelson, "lost" for 26 years, stood up. There was a glad reunion. Mrs. Randall knew that her brother had been overseas, but believed he had died in Western Canada.

Life is full of such dramatic incidents, and yet man and women are prone to think, such things occur only in fiction or in the theatre. As a matter of fact, if it were not for what occurs in the streets, in the homes, in high and middle, and low life, there would be no theatres, no story books, for these arts are founded on life.

KNOWLEDGE OF FACTS ABOUT EMPIRE

The Toronto Mail and Empire discusses overseas textbooks asking that the facts regarding various parts of the empire be accurately presented, and says:

"For the first time a fairly complete modern bibliography of the overseas British Empire is about to be published. This is a catalogue of the very large library of the Royal Empire Society, London, known for many years as the Royal Colonial Institute. In the centre of the Empire the only general list of literature relating to the overseas possessions of the Crown has been the last catalogue of the Royal Colonial Institute, published so long ago as 1901. Apart from the quarterly bulletin of overseas official publications, now issued by the Royal Empire Society—a work that should be done more thoroughly by the Imperial Government—there is nothing giving even a list of such current publications, while the whole output of official literature since its commencement in each dominion and colony, is described as 'an undigested and unexplored, perhaps unexplored, mass.' This bibliography, being confined to the collections of the Royal Empire Society, will necessarily be incomplete, but, more important, much of it must be old and possibly be out of date. We suggest, therefore, that the society should take care that none except the latest literature in each branch of the subject should be listed. Otherwise we are afraid that the inaccuracies in British text books to which The Empire Review refers may be repeated in later editions."

COMMITTEES ARE LARGE ENOUGH

The Old Boys' Reunion committee has chosen large enough committees to handle the reunion if everyone turns in, and with the assistance of the citizens goes to work to make the summer rally of former residents, a success.

Enthusiasm has so far marked the work of the executive behind the plans and this augurs well for the outcome of the big event in August.

CONTRAST IN BIG LONDON SCENE

In the great House of Lords the democracy of today made up of Empires, Monarchies and Republics, attacked the issue of naval reduction. Here the delegates from the four other countries met at the seat of a worldwide empire to settle, if possible, the race in war ship construction. The meeting was itself a symbol of the trend of democracy. This House of Lords has not the power it once had, but it works with the Commons of the elected representatives of the people for the solution of British problems.

Democracy is written all over the gathering, but it is a same democracy not the type of explosiveness which marks the Russian endeavor to reach a new expression.

In this Britain gave the lead with a Labor Premier as the main spring of the parley, with a king as officially open or in the theatre. As a sure knows how to preserve the best that is in the past and in tradition and to harness it along with the progress of thought and politics of the world.

Imagine a meeting in Russia to end war and to reduce armies and navies. The meeting would not have the stability of these sessions in the ancient city of London. The world may rest assured that the present gathering will earnestly endeavor to come to a satisfactory conclusion in the way of profoundly important suggestions. In London the delegates can meet in an atmosphere of peace and so their deliberations will be likely to get at the real secret of peace. So far the proceedings as reported to the public would indicate has been marked by an earnest desire for accord and by sincerity. How earnest the meeting may be sensed to the direct statement of Premier MacDonald that "the British Navy is us." He realizes the magnitude of the problem of security with reduction.

VALUE OF SMALL RURAL FAIRS

The Toronto Globe deals with the small fair and its value to the countryside and the country at large. It takes up the discussion of the Saint John (N. B.) Telegraph Journal which has been defending the small rural fair. The Globe says:

"Speaking generally, The Telegraph-Journal is right in its point that local exhibitions offer opportunities for competition and healthful social intercourse that cannot be found in the large gatherings of men, women and farm products. Centralizing fair attractions in the cities has eliminated many potential exhibitors not quite ambitious enough or confident enough to get into the big show, and reduced the neighborly contact which formerly found a place after the harvest in the

THAT BODY OF YOURS

By James W. Barton, M.D.

KNOWING YOURSELF

I have spoken before about three types of physique: (a) where body was short and narrow and legs long (b) where body was long and broad and legs short; (c) where there was a fairly wide and long body, and a fairly long pair of legs.

The idea was to try and point out what was likely or rather more likely to happen to each class as far as ailments were concerned.

The individual with the narrow body and long legs was likely to have a tendency to chest ailments, chest narrow also not enough room for stomach to lie crosswise in the abdomen, likely to hang low, and have stomach trouble.

Now as the stomach is a very important organ in building up a standpoint, this is a serious matter because chest and tuberculous condition require plenty of good nourishing food. With the long wide body and the short legs, the tendency would be to eat too much; hence kidney, liver, and heart conditions would be more likely to ensue.

A group of New York physicians studying the matter, have gone much farther and are trying to work out the classification according to the all round constitution of the individual.

One idea was from the race standpoint. They felt that this would be rather difficult, because in the hospital where they were studying this matter, were three cases, lying side by side, of perforated ulcer of the stomach. The likeness of the three from a physique standpoint was striking, the measurements and proportions being almost exactly alike. Nevertheless these three men came from three different races. One was Anglo-Saxon, one a Pole from middle Europe, one an Italian from the shores of the Mediterranean Sea.

However, these research men are working out a system whereby the individual is studied from four standpoints.

1st. His anatomy or body shape—size of heart, lungs, condition and position of abdominal organs, blood, teeth, and so forth.

2nd. From the physiologic standpoint, that is the working of his digestion, his intestine, lungs and kidneys, and so forth.

3rd. His mental characteristics—his talents, interests and fears, intelligence.

4th. How he meets illness—sore throat, boils, both or gum infections. His reaction to vaccine tests for diphtheria, tuberculosis and so forth. I believe that you will agree that we do not get all without illness, pain. In fact you may vary from one time to another in your general physical condition.

My thought is that, when we learn to know ourselves, from these standpoints, we can maintain our strength, and strengthen those that are weak.

LEADS PILGRIMS

Rev. E. Cressley Hunter, B.A. of Toronto, who has consented to guide the party of young Canadian men and women formed by the Young People's Union of the United Church Toronto Conference to four places of religious interest in the Old Country next July. They will visit places noted in the history of the united communions.

town. It was a tense moment in the second act. "We are alone?" hissed the villain. "Almost," rejoined his accomplice, casting a sad eye at the rows of empty seats.

The colored man went for a ride in an airplane. When he came down he said to the pilot, "Thank you, governor, for dem two rides."

"Two rides?" said the aviator. "You've only had one!"

"No," said the colored man, "two Mo first and ma last."

Book Agent (to farmer)—"You ought to buy an encyclopedia, now that your boy is going to school."

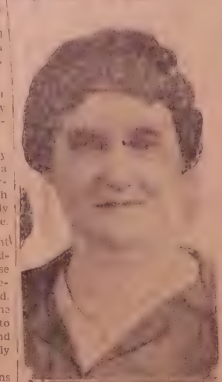

Farmer—"Not on your life. Let him walk, the same as I did."

Friend—"I understand your practice is getting bigger."

Very Young Doctor Quite true. It has gained nearly two pounds in the last month.

SARGON PROVED REAL BLESSING

"This new Sargon is a different from other medicines as it is from nature. It has such a wonderful strength giving effect on the system."

MRS. A. J. PIERCE

"I'd had a spell of flu that left me so weak and rundown I could hardly do my housework. Headaches, indigestion and bilious attacks simply made my life miserable and all the medicines I tried were just a waste of time and money—that is, until I found Sargon. 'This wonderful compound proved a blessing to me and I was soon feeling like a different person. Every trace of indigestion disappeared and I am so much stronger that my housework seems no bother at all."

"I used to be troubled continually with constipation, but Sargon Soft Ma's Pills, that go with the tonic, regulated me perfectly and I haven't had a headache or bilious attack since. I think it's only right for me to tell others how Sargon brought me health and happiness and I hope my experience will help those who feel somewhat doubtful about trying out a new medicine." — Mrs. J. A. Pierce, 67 Melbourne Avenue, Toronto.

Sargon may be obtained in Belleville from Dolan, The Druggist.

Collegiate Chatter

(By J. M. C.)

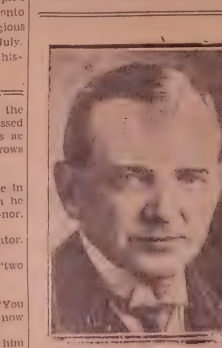

Mr. MacLaurin announced Wednesday morning that the Riggs Inter-Form Basketball Shield has been misplaced. As commencement is not far off Mr. MacLaurin would like to know of its whereabouts so that it can be presented to the winners of the inter-form basketball league. Any information will be gratefully received.

The pupils are co-operating with Mr. MacLaurin in connection with the lock one. Most of the pupils who have lost their key have ordered them and a number of keys arrived the other day. The pupils only go to their lockers four times a day as suggested and the lockers are not visited more than requested by Mr. MacLaurin.

The boys had another hockey practice at the arena Wednesday night, from five to six. The boys are keeping in good shape so that they can carry off their games very easily.

Mr. Hunter, the boys' band teacher, was in the auditorium all day Wednesday to instruct the boys. All those in the band, who had spare periods during the day were excused from the classes and were given a chance for some extra practicing.

It is near the end of the girls basketball leagues. Both lower and upper schools. A very interesting game was played between IIB and IIC Commercial Wednesday night. IIB have won every game played so far but they had a struggle with IIC Commercial as both had strong teams. The scores were quite close. At the end of the first period, the score was 6 to 5 for

Commercial, but near the end of it cannot up and passed them. It is running with a score 11 to 6.

There will be another boys' basketball game between Alton, Colton, and the Collegiate Friday night. All the pupils are asked to support the boys for they need their help. This is their second game and as they won from the Alton boys, we are sure they can win this one.

Lantern kicked over by horse set fire to and destroyed barn of William Montgomery, Harrison, as well as season's crop, some live stock and poultry.

NO CHILD OF TWO SHOULD BE WHIPPED

Hamilton, Jan. 23.—After pleading guilty yesterday to a charge of common assault on two year old son, who is a case of hemorrhage of the brain, said to have been caused by a fall from the knee of his common law wife, John Appleby was sentenced to a term of two months in jail here today. "No child of that age should receive corporal punishment," the magistrate said.

DON'T BRIBE A CHILD TO BE GOOD

By Constantine Cameron

We were discussing allowances for children. "I don't give Loretta money each week as an allowance," explained the mother, with a glance at the child. "She only gets money when she earns it by being good."

"What do you mean, 'being good'?" I asked.

"Why, if she goes to bed without whining every night for a week, she gets a quarter. If she drinks her milk nicely each meal, she gets ten cents. And this week—the mother beamed lovingly at Loretta—she gets a whole fifty cent piece because she went down to the dentist and had a tooth pulled without crying."

This seemed to me to be a most unique and may add, pernicious system. Poor little Loretta!

She's going to go out into the world—first to school, then into business life, probably—expecting to be paid for going what any intelligent person does as a matter of course.

Money has a distinct value and purpose in a child's life but it seems to be a queer use of it which buys ordinary good conduct or buys an amiable taking-in of food which should be done first of all because the child is healthy and hungry, or if with any conscious thought at all, the knowledge that it will build a strong efficient body.

Give your child an allowance each week whether he is good or bad. Do not let conduct enter into the allowance question at all. The lesson you seek to impart by allotting a child a stated sum weekly is the use of money, not how to conduct himself. Conduct must be approached from another standpoint entirely. Conduct can only be regulated in just the degree you regulate and cultivate your child's knowledge that it is only intelligent and reasonable to conform to certain social laws, certain considerations for others.

You may buy outward good conduct for a time, but your structure is built upon sand in such a case and sooner or later in a crisis, when there is no monetary reward in sight, nothing but the satisfaction of having done what

is right, your child will fall you, your whole will crumble before your eyes. Never pay a child for doing what is right, except in praise and appreciation. Never pay him for doing little tasks in the home which should rightly be his responsibility. Certain things are expected of us all through life and we never look for payment, except in satisfaction that we've done our best, or in an encouraging, kindly word from a companion.

KEEP A CHILD'S IMAGINATION ACTIVE

By Louis E. Birsch, M.D., Ph.D.

Every person should stimulate his imagination by every means possible. It is through imagination that the greatest achievements in any age have been brought about. It is through imagination that the world's literature and art have been fashioned.

Furthermore, imagination can yield for us the greatest thrills of which we are capable. Through imagination we build the proverbial air castles.

All imagination is not of the same kind. There is visual, imaginative, auditory, olfactory, gustatory—every sense there is its imaginary counterpart.

When you see a flower, the impression is registered via the visual sense. Similarly, the odor from the flower is experienced by means of the olfactory sense. And the eyes and the nose, in these examples, are the end organs that first receive the impressions.

With but comparatively few exceptions human beings are ordinarily visualizers! We see more than we hear, feel, smell or taste! Musicians are notable exceptions to this rule. A musician is more likely to construct auditory images than visual! Moving pictures stimulate the kind of imagery that comes easiest! They do not put a strain upon our imagination! Moving pictures appeal because they are visual.

Ordinary pictures appeal to us as well. We never grow out of the picture-book stage entirely.

When we read a story or hear it told we have to change it about and translate it into visual imagination.

Don't neglect the imagination faculty, de-late, Inc.

GOOD SAUCES AND TASTY SALADS

By Hannah Wing

In making sauces for meats, prepared sauce is needed, for in a gravy or sauce the pigment bottled sauce is both an essence and a seasoning. One more than the usual one is needed in a sauce. It must be the best cooked meat in the world. A little—very little—sauce—added with the other seasonings is a good point. This is not for sweetening purposes, but to give the other seasonings. It is a wise thing to remember that sugar is a seasoning as well as a sweetening agent, and be guided accordingly. To be confined to a salt and pepper diet is pretty bad news to good cooking and just as depressing to good eating.

Now just a mention of salads to go with these meat services. A good green salad is always appropriate—cress and lettuce and chikory, with cucumbers, tomatoes, endive, white grapes, celery and orange, all dressed with a good sharp French dressing. Chopped, sweet pickled onions may be incorporated into the dressing small bits of pimiento, chutney, a different and unusual combination of vinegars—the salad must also avoid whatever meat course precedes it.

When Miss Sassy-eyes pulls out her powder compact and plasters the dull finish on her distinguished nose, she thinks she is the tris-la-umph of mod emism. She isn't. In Egypt, India, China and Japan, face powders have been used for centuries. Rice starch, clay, bismuth and almond meal have all been employed, perfumed with sandalwood or patchouli. Flower petals were thrown into the mixture to impart a delicate perfume. Now synthetic odors are used not because they are cheap—they are not—but because the flowers of the world can't furnish sufficient essential oils to meet the demand.

THE BEAUTY BOX

By Helen Follett

Black mascara is not as satisfactory as dark brown for the purpose of making the eyebrows and lashes more pronounced in color. The black point is too much like India ink and will not do a fade-out as it should. Mascara has one advantage over the eyebrow pencil; it doesn't crayon the skin, but stays put on the beautiful fuzzers.

Black mascara is not as satisfactory as dark brown for the purpose of making the eyebrows and lashes more pronounced in color. The black point is too much like India ink and will not do a fade-out as it should. Mascara has one advantage over the eyebrow pencil; it doesn't crayon the skin, but stays put on the beautiful fuzzers.

DANGER AHEAD

A Tale of Love and the Love of Money

By MILDRED BARBOUR

CHAPTER XXXIII

A trifle was and shall, but courage—she still, Stephanie descended to break fast the following morn.

She found Rita Carstairs with a frilly apron over her morning frock, making coffee and scrubbing the electric grill in the dining-room.

"I'm chief cook and bottle-washer!" she announced gaily, in answer to Stephanie's amazed exclamation. "The service have gone, but and baggage last night, and too much for them."

Stephanie sank into a chair in dismay. "Here—drink this cup of strong coffee," commanded Rita, briskly. "I'll brace you up. I've already breakfasted. I hoped you'd be able to sleep later after last night's adventure."

Stephanie shuddered at the recollection, but she sipped the coffee gratefully. "I don't like to think about it. I must have frightened you horribly when I cried out. Rita, one thing is certain: I'm not going to let you spoil my summer by staying here with me. I can't want you to allow consideration or friendship for me to keep you here, if you'd rather go."

"Nonsense," declared Mrs. Carstairs, hiding her alarm at the suggestion. "I'm not a bit afraid, really—in spite of all I say. It's rather diverting. But Stephanie, you must listen to me about getting away—a brave, unimaginative person, who will sleep in the house at night. Then, if another set of servants decamp, we won't have to bother. For that matter, we can even get servants from the neighborhood and let them go back to their own homes to sleep."

"I suppose so," agreed Stephanie pathetically.

She wandered to the window and stared out over the lawn and garden, serene and beautiful in the sunlight, so far removed from any suggestion of nightly horror.

"How true it is that everything beautiful has its flaw!" she murmured. "Fairfields' has been so wonderful—like a dream—and now this!"

"Suppose we both go away for a little trip," suggested Mrs. Carstairs. "The change might do you good." But Stephanie shook her head.

"I won't be driven out by any force—supernatural or otherwise. I love Fairfields' too dearly. Besides it would kill me to put off the issue for a time. I'd have to come back to face it. I'd rather do it now."

It wasn't until the following day that he happened to see in the paper that "Jim's" place had been raided. In the early hours of the morning, and Jim was in jail.

Platt didn't see him again, but he was relieved to note from subsequent developments, that Jim, before he had been put away by the police, had carried out his instructions.

CHAPTER XXIV

THE SUCCESSFUL APPLICANT

Stephanie was interviewing the applicants for the position of farm superintendent, protector of two lone women, and man-of-all-work.

Three men had presented themselves men of vastly different types. Stephanie summoned them, one by one, into the library. Rita Carstairs sat near at hand, pretending to sew, but her pale eyes sized up each applicant sharply.

The first man was lean and sandy-haired, with shifting blue eyes. Stephanie noticed that his fingers were stained with nicotine and his hands shook. She dismissed him with a few questions. Nerves were not desirable in a candidate for farm superintendent at Fairfields', where the entire household was on edge.

The second man was big and swarthy. He had bold, roving eyes that dwelt with insolent appreciation on Stephanie. His voice was boisterous and he boasted of the things he had done. Stephanie made short shrift of him. When he had gone, Rita Carstairs asked vexedly:

"Why did you send him away? He looked like the very type we're searching for."

Stephanie shook her head. "Couldn't you see that he'd been drinking? If a man shows up for a job in that condition, there isn't much hope that he'll keep sober once he's landed it."

Mrs. Carstairs picked up her sewing with a shrug of dispassion. "You really can't afford to be too particular under the circumstances," she reminded Stephanie.

The third man entered the room quietly, but with a confidence that was far from servile. In fact, he bowed first to Stephanie and then to Mrs. Carstairs. He was tall and strong, with a lean muscular frame that gave him a sturdy air. His face was burned a deep brown. Across one cheek was a long, jagged scar. His hair and heavy brows and the pointed beard that covered the lower part of his face were very black. Stephanie thought he must have some blood. There was a hint of romance about him that made her feel

She straightened her slim shoulders and her firm little chin squared. "I'll drive to town this morning and see about new accounts. And I'll advertise for a man-of-all-work. Would not you like to come with me?"

Mrs. Carstairs shook her head. "I'm a trifle tired, after the excitement of last night. Stephanie, darling, I hate to be mixing into your affairs all the time, but don't you think it would be better to ask Norman Platt, or some of the men we know, to recommend a man? Better than advertising? We don't want to be alone in the house with just anybody."

"I won't ask a favor of Norman," declared Stephanie, her chin in the air. "Well, then, suppose I call up John Millard or Steve Dodge? They always have lots of good workers in their employ and could easily spare a couple of them, when they reached town, she went to a newspaper office and arranged for an advertisement.

Meanwhile, Rita Carstairs rang up Norman Platt. "It's all right," she said cautiously, for Ralph was loitering on the veranda, smoking and reading a newspaper. "You can send them whenever you're ready."

Platt dropped around that afternoon to "Jim's" place above the garage. He explained his errand over a couple of drinks that Jim mixed for them both at the tall bar with the brass rail.

"Sure," nodded Jim. "I know just the fellow. But you want me to send two or three—or the lady'll get wise, eh?"

"Good! And here are some pointers as to their qualifications."

Platt talked for nearly an hour and after a final drink, was ready to leave, very much satisfied with his success.

To his surprise, Jim thrust a mended inner tube into his hands, before he let him out into the alley.

"Take it for the looks of things," he explained. "There's been a gun in a loft across the alley that's had his eye on this place for two days."

"You don't think somebody's tipped off the cops, do you, Jim?" asked Platt anxiously.

Jim shrugged. "Don't know—maybe. There's an old cat living in the back of the garage belongs to, and she's blabbed about the lot of people that come here."

"That's not unlikely," laughed Platt. "You get queer customers, Jim—people in evening clothes and mechanics in greasy overalls. It must appear suspicious to anyone watching. Well, be careful."

He went away whistling. It wasn't until the following day that he happened to see in the paper that "Jim's" place had been raided. In the early hours of the morning, and Jim was in jail.

Platt didn't see him again, but he was relieved to note from subsequent developments, that Jim, before he had been put away by the police, had carried out his instructions.

CHAPTER XXV

THE SUCCESSFUL APPLICANT

Stephanie was interviewing the applicants for the position of farm superintendent, protector of two lone women, and man-of-all-work.

Three men had presented themselves men of vastly different types. Stephanie summoned them, one by one, into the library. Rita Carstairs sat near at hand, pretending to sew, but her pale eyes sized up each applicant sharply.

The first man was lean and sandy-haired, with shifting blue eyes. Stephanie noticed that his fingers were stained with nicotine and his hands shook. She dismissed him with a few questions. Nerves were not desirable in a candidate for farm superintendent at Fairfields', where the entire household was on edge.

The second man was big and swarthy. He had bold, roving eyes that dwelt with insolent appreciation on Stephanie. His voice was boisterous and he boasted of the things he had done. Stephanie made short shrift of him. When he had gone, Rita Carstairs asked vexedly:

"Why did you send him away? He looked like the very type we're searching for."

Stephanie shook her head. "Couldn't you see that he'd been drinking? If a man shows up for a job in that condition, there isn't much hope that he'll keep sober once he's landed it."

Mrs. Carstairs picked up her sewing with a shrug of dispassion. "You really can't afford to be too particular under the circumstances," she reminded Stephanie.

The third man entered the room quietly, but with a confidence that was far from servile. In fact, he bowed first to Stephanie and then to Mrs. Carstairs. He was tall and strong, with a lean muscular frame that gave him a sturdy air. His face was burned a deep brown. Across one cheek was a long, jagged scar. His hair and heavy brows and the pointed beard that covered the lower part of his face were very black. Stephanie thought he must have some blood. There was a hint of romance about him that made her feel

that he was an adventurer, a soldier of fortune, perhaps a gentleman—with a past.

"Either," she said to herself, "he will prove to be a paragon, the very man I'm looking for—or else he'll turn out a scoundrel."

She was debating whether to take a chance on him, when he settled the matter by explaining that some years before, he had worked under Julian Hammond in South America. He had contracted a tropical fever and been incapacitated for hard work.

Not knowing that Hammond was dead, he had been on the point of seeking assistance from him at Fairfields', when he learned of the opening there for a man-of-all-work. It was just what he was looking for.

Stephanie eyed him on the spot. If Hammond had thought him worthy, that was sufficient reference for her. Rita Carstairs was a trifle skeptical. "He looks like a brigand," she said. "But at least, the sight of him ought to frighten any ghost."

Stephanie had sent him to the kitchen to await orders. She went there later and found him staring in rather puzzled fashion at the emptiness and disorder of the place.

"We are without servants, as you see," she said. "We—by the way, what did you tell me your name was?"

"Redman," he answered with a smile. "I'm usually called just 'Red'—if that is satisfactory to you."

"Red, then," said Stephanie, with a little nod. "Now, I will explain to you more about your job. As you—er—superstitious?"

His eyes twinkled beneath their

FASHION FLASHES

By Alice Alden

Hanging On a Thread is a new and amusing little cap. For it is composed of narrow strips of light felt, simply joined together by a fagoting of bright green silk thread.

A Close Tie in the race for popularity is indicated by the demand shown for cravat, as well as shawl collars. Many of the new coats show the cravat or the collar of that fur. Typical of the mode is a black broadcloth coat with cuffs, deep border and cravat collar of lustrous black seal.

Violets are plentiful on a lovely white evening gown of chiffon, with bouquets of this lovely flower scattered all over in fascinating profusion.

Their Excellencies in the West Indies

Little girls, they say, are made of sugar and spice and all that's nice. It can truly be said of the little piquancy in this photograph, because she belongs to the West Indies, where spices and sugar grow. Her Excellency, Lady Willingdon, with whom she was photographed on the deck of the Canadian National Steamship Lady Somers at Jamaica, took quite a fancy to the little girl.

The group shows the Governor-General and Lady Willingdon on board the Lady Somers, with Baron Olivier, P.C., K.C.M.G., and Capt. W. T. Forrester, D.R.F.

Baron Olivier, chairman of the West Indian Sugar Commission, which was holding sittings when their cruise of the islands, was formerly Governor of Jamaica. On meeting Canada's Governor-General, Baron Olivier expressed the opinion that the Canada-West Indies trade agreement was likely to be of great value to the islands and added, "The

ships that the Canadian National have put on are very fine indeed and their service is much appreciated all along their route."

Lord Willingdon, on his return to Canada, described the West Indies as "The sun room of the British Empire" and said "If Canadians knew more about them they would give up going to Florida and California in the winter."

In the opinion of the Governor-General, when the Dominion and the islands were brought together, Canada is making an exceedingly valuable contribution to the Empire by developing contact with the West Indies.

TOWN GETS NEW CANNING PLANT

William Seales To Start Factory Of His Own On Gas - Plant Site

Deseronto is to have a new Canning factory. The contract has been awarded to the Eastern Cannery, the property formerly used as the site of the gas plant.

The site chosen is the former gas plant premises close to the town pump house, the Bay and a few steps from the Hydro Electric sub-station. It is ideal for the purpose with lots of room and a good place for docks. The railroad tracks are close to hand, says the Deseronto Post.

In passing the property over to the Eastern Cannery, the Town Council has made a wise step. The cannery factory has come to stay in the life of the country and the one we have now has outlasted every factory started in this town during the past eleven years and for some time previous.

At the present time the premises are being used for the town dump so another dumping place will have to be secured.

The building of the new factory will begin in early spring and will be rushed to completion for the tomato pack.

In the meantime, Superintendent Seales will place men and teams at work drawing the gravel and cleaning up the premises.

By the decision of Manager William Seales to resign from the Associated Quality Cannery to start a factory of his own, the local plant will have to be secured a new manager. It is one of the leading factories of Eastern Ontario and was started by E. C. Metcalfe.

SUPPRESSION IS NOT CHANNEL TO MORAL REFORM

Winter Park, Fla., January 23.—Kimball Young professor of social psychology at the University of Wisconsin, said recently at the Rollins College Institute of Statesmanship that "reformers is the principal American disease of today."

"Misguided reformers imagine that racial evils will be eliminated by making more and more drastic plans for preventing publication of books, showing 'movies' and suppression of peace and war propaganda or by writing upon the statute books some fundamentally ineffective laws to prevent public utility propaganda and so on," Young said.

"Some of these good people imagine that social control can be brought about over night by the magic of legal phraseology. The reformers in their anxiety forget that man is basically an emotional, not to say irrational creature, who is controlled by prejudice and rarely is ever rational in his ideas."

ALLAN HAIGHT

Wellington, Jan. 23.—There passed away at his home, Station Street, Mr. Allan Haight at the age of 66 years, on Monday, Jan. 20th, at 2 p.m. The funeral service was held at the Friends Church on Wednesday, Jan. 22 with Rev. Perry officiating.

DERAINE LLOYD

Little Deraigne Lloyd, infant daughter of Mr. and Mrs. Bert Lloyd, of Point Amé, died at her home last night.

Mr. J. F. Hill M.P.P. for East Hastings and Mrs. Hill, will take up their residence in Toronto about February 1st, while the Legislature is in session, second degree.

DEMONSTRATES NEW MATERIAL FOR SHIPS

(By Canadian Press)

Bueren, Germany, January 23.—A German inventor named Franz Felder today demonstrated a new material for shipbuilding that is alleged to enable vessels to carry twice as many guns as they could normally and to make them practically unsinkable. Felder displayed the buoyancy of his patented materials with model ships. One of them, a yard long and a foot wide, supported a load of 120 pounds while a wooden model of same dimensions went to bottom with a similar load.

PREMIER SAYS COURTESY IS DUE

Pointed-Remarks to Delegation Called Out By Press Report

Ottawa, Jan. 23.—The interview which the delegates from the Retail Merchants' Association of Canada had with the members of the Government Wednesday afternoon was enlivened by some pointed remarks by Prime Minister Mackenzie King as to courtesy on the part of delegations when making their presentations.

G. S. Houghan, Dominion Secretary was reading a memorial in which it was set out that the association hoped the Government would say definitely what it proposed to do with the recent memorials submitted, complaining that it did not wish to waste the time of the Government or its own time in submitting suggestions if nothing was to be done about them.

The Prime Minister intervened to ask if Mr. Houghan had made the speech reported in the morning papers which, in effect, was that the delegation was "going to tell the Government where it gets off at." Mr. Houghan replied that the words had been taken out of their context.

Premier Speaks Pointedly
"It should be known for all future delegations," Mr. King declared, "that if any member of a delegation makes the claim that he is going to tell the Government where they get off at, well, there will be no deputation." He added that the Retail Merchants' Association delegations were followed as carefully by the Government, and their suggestions given as complete study, as any that waited on the Cabinet. He had taken particular pains to have a large attendance of Ministers at this interview, and the fact that more Ministers were present than members of the delegation, and that at 2 o'clock in the afternoon, showed the desire on the part of the Government to give careful consideration to any suggestions the delegation might make.

MOTHERLESS SON CONVICTS SLAYER

New York, N.Y., January 24.—Alex Sukowaky is just 13 years old and motherless. In court recently when Herman Sobock was on trial charged with having stabbed Alex's mother to death in a quarrel over some money during a drinking party last May, the boy heard his father, Jacob Sukowsky, testify in defence of Sobock that she had been a heavy drinker, not to be trusted in money matters.

The district attorney called Alex to the stand.

"Alex," he asked, "was your mother a good woman?"

"She was a good mother," Alex quickly replied "She was good to me — always."

The jury convicted Sobock of manslaughter, second degree.

DISTRICT GLEANINGS

DESERONTO REUNION

Deseronto's Mayor, Dr. Boyer, has called a meeting to discuss an Old Boys' Reunion for 1930.

WILL HE BUY MAN

Marmora is advertising for a village treasurer, a clerk, a constable, a caretaker of fire equipment, a caretaker of fire equipment, a caretaker of the memorial hall, a caretaker of the town hall, a sanitary inspector, a manager of hall and a transient officer. The man who gets the job will be busy, comments the Deseronto Post.

TWEED'S PROUD RECORD

The village of Tweed had a clean bill of health last year. Dr. Mather, medical health officer, reports that he did not find it necessary to quarantine one home for contagious diseases in 1929.

PICTONIAN HONORED

At the annual meeting of the Royal Astronomical Society of Canada, held on January 14th at the University of Toronto, Professor H. R. Kingston is Picton boy, head of the Department of Mathematics and Astronomy at the University of Western Ontario, was elected by acclamation President of the society for the year 1930. The Royal Astronomical Society of Canada has centres in Montreal, Ottawa, Toronto, London, Winnipeg and Victoria. He was a member of two eclipse expeditions sent by Yerkes Observatory of the University of Chicago to study the sun at total eclipse. The first of these was to Wyoming in 1918, and the second was to Catalina Island, California, in 1925. In 1921 Dr. Kingston was elected a Fellow of the Royal Astronomical Society of Great Britain.

DO DESERONTONIANS MARRY AT NAPANEE?

Is Napanee Deseronto's Gretna Green? Do Deserontonian swains leave the town when they seek a minister to tie the nuptial knot? So it looks from the Deseronto Post comments which speak for themselves.

"We are beginning to think that most of Deseronto's marriages are being performed in Napanee. A good resolution for 1930 would be to get married in your own home town by your own home town clergyman."

"There were 126 births, 49 marriages and 77 deaths in Trenton in 1929. December's 6 marriages were one more than Deseronto's total for the whole year."

LANTERN EXPLODES

Tuesday evening an exploding lantern caused a fire which destroyed Mr. W. W. Emory's barn at Cherry Valley. Mr. Emory was doing the chores when the fire occurred. He had time to release his horse, cow, etc., but the barn full of hay, grain and various articles was consumed. Snow on the roof saved the house located near by. A few years ago Mr. Emory was unfortunate in losing his house by fire. There was insurance on the barn.

WILL VISIT PICTON

The Right Rev. C. A. Seager, D.D., L.L.D., Lord Bishop of the Diocese, will visit the Church of St. Mary Magdalene Picton, on Sunday next, the 26th inst. The Bishop will administer the Rite of Confirmation at the eleven o'clock service, after which the candidates will receive their first Communion. In the afternoon at three o'clock the Bishop will address the children and young people in the church, and their parents are asked to attend also. In the evening at seven o'clock, His Lordship, the Bishop, will be the preacher.

Hastings village holds what is believed to be a record for any village its size in Ontario in fire losses for the year 1929. Fire Chief William Wellman when interviewed said his book showed no loss by fire during the year, in fact for almost two years. The chief thought that this was made possible by the hearty co-operation he is receiving from the citizens in general.

MISS S. THOMPSON IS PRES. ST. THOMAS' W.A.

A very successful and largely attended annual meeting of St. Thomas Church branch of the women's auxiliary to the missionary society of the Church of England in Canada, was held in the parish house on Wednesday afternoon, January 22, when the following officers were elected for 1930.

Hon. President, Mrs. Lyons; hon. vice president, Mrs. Ackrill; president, Miss S. Thompson; 1st vice president, Mrs. Blakeslee; 2nd vice president, Mrs. Logie; recording secretary, Mrs. P. W. Geen; corresponding secretary, Mrs. H. A. Thompson; treasurer, Mrs. J. R. Cummings; Dorcas secretary, Mrs. Norton; assistants to Dorcas secretary, Mrs. J. Tiley, Mrs. Blakeslee; buyers, Mrs. C. Juby, Mrs. Young; secretary-treasurer to E. C. D. fund, Mrs. Wilkinson; literature secretary, Mrs. R. J. Bell; superintendent of juniors (a), Mrs. S. Lawler; superintendent of juniors (b), Miss Jones; secretary-treasurer of Little Helpers, Miss Thompson; delegate to diocesan annual meeting, Mrs. Logie.

More Time to Play

YOU CAN ALWAYS find people to tell you that the country is going to the dogs because we're doing so much playing.

"When did your grandmother find any time to play? There was a woman for you!"

No doubt.

Just the same, we'd like to have given her a vacuum cleaner, a washing machine, electric lights, running hot water, a telephone, baker's bread, delicious canned foods, an automobile and a set of golf clubs.

Can you picture grandfather's face.... "Gone to the country 'cub. Look in the ice-box."

Through advertising, science is giving us more and more time to play. Advertising is knocking minutes off every phase of household work from cooking to shopping, to give us leisure hours.

...and we're just using them as grandmother would have if she'd had the chance.

Read the advertising here in your paper
It will bring you more time to play.

HEINTZMAN

Years ago the great De Pacinman said of the Heintzman Piano "it surpasses in beauty of tone and delicacy of touch any piano I have used anywhere". Later, Dr. Vogt, beloved founder of the Mendelssohn Choir said "the superior quality of my piano reflects the utmost credit upon the house of Heintzman". To-day

Hammond, Seitz, Stevens, Norah Drewett and a host of other famous pianists laud the musical qualities of the Heintzman Piano.

Heintzman is the Masters' choice. Let their experience guide you.

Many models from which to choose. Three years to pay.

RECREATION BOWLING

The Breakaways and the Hydro was
the Ladies Junior League game at the
Recreation Alley on night with the
former team having the edge on the
Hydro all the way through, the latter
team who are practically all new bow-
lers were handicapped with a John
Doe score but at that rolled a fairly
good game. R. Stevens for the losers
and J. Grant for the winners were the
best bowlers for their respective teams.
Breakaways—M. Hedger 436; G.
Pomeroy 400; J. Grant 460; M. Grant
420; V. Hobson 412; total 2128.

Hydro—R. Stevens 494; H. Symons
272; B. Polz 279; K. Cooke 473; Miss
Doe 345; total 1763.

Last night was a big night for the
Belleville Hardware league bowlers
when they played their second game
and judging by the keen interest taken
this league is going to go over big. The
following are the results of last night's
games. Team No. 7 captained by D.
Doran took into camp Captain Simp-
son's No. 8 team for a total of four
points, both captains rolling the high
est scores for their respective teams.
Captain Barnett's No. 9 team won
three points from Captain Harris No.
6 team. The latter team got away to
a good start by winning the first
game but fell by the wayside in the
next two games. Grant's 592 and
Harris' 568 were the highest scores.
Captain Whalen's No. 2 and Captain
Anderson's No. 4 had a merry old
tussle with Whalen having a little the

On The Air

The London String Quartet consid-
ered the most famous chamber music
organization in the world will be the
feature of the Imperial Oil hour on
Friday evening, January 26th. The
members of the quartet are John
Bennett (first violin), Thomas Pat-
ton (second violin), Philip Salton,
viola and C. Warwick Grant, cello.
Miss Jean Duncan will be the ac-
companying artist. This is something to
look forward to and it's nice to know
the good news, Belleville, that at
least we are to have advantage of this
treat.

For tonight's entertainment we offer
Ben Bernie and his Minute Men
which we know will be sure to please
And would you believe it? At 7:30
They will be with us twice tonight.
Their first effort will be made at the
regular time, 7 o'clock, over NBC and
at 11:30 they will again perform and
put you to bed in a good humor.

If you are having a few friends in
and are looking for some snappy dance
music, tune in on CFRB and enjoy a
real program by the well-known Royal
York dance orchestra. Ten o'clock is
the time and we wish you a pleasant
evening.

Tonight at 9:30 Fisher's Friday
Frolie Hour will be broadcast from
station WTAM. An array of new
numbers are guaranteed by Walter
Loran, musical director, including
Carl Robrecht's "Play of the Waves,"
"A Modern Romeo," by R. B. Brewer,
and "Dancing Footsteps" by Rubie
Bloom, the composer, awarded the
\$5,000 prize for a new jazz number by
the Victor people.

7:00—CKGW (NBC) Amos 'n' Andy.
7:30—WEAF, The Family Goes
Abroad.

7:45—CFRB, Royal York Concert or-
chestra.

7:30—CKCL, The Maxmillie Trio.
7:30—CFRB, Something different.

8:00—CKGW, Celine Service concert.
8:00—WJZ, Ben Bernie and his
Minute Men.

8:30—WJZ, Personalities at 711.
8:30—WKBW, Metropolitan String
choir.

9:00—CKGW (NBC), Billie Jones
and Ernie Hare.

9:00—CFRB, Roger's music.
9:30—WJZ, Armour program.

9:30—CKGW, Joyce Instrumental
broadcast.

10:00—CKAC, City of Ottawa civic
broadcast.

10:00—WEAF, Planters' Pickers.
10:00—CFRB, Royal York dance or-
chestra.

11:30—WJZ, Amos 'n' Andy.

11:30—WABC, Ben Pollack's orches-
tra.

12:00—WABC, Beaux Arts Ball.
12:30—WABC, Midnight melodies.

1:00—WENR, DX Air vaudeville.

Effort is being made to stop measles
epidemic at Hampshire Mills, Orillia
district.

Grapes are being planted in the St.
Catharines district at the rate of 2000
acres each year.

NOTICE
OFFICE HOURS

For the convenience of all parties
wishing to consult me on city busi-
ness, I will be at my office, City Hall,
every Monday and Saturday except
from one to two o'clock, in the
afternoon.

GEORGE A. REID,
Mayor.

J24, 25, 31.

The above picture shows a most un-English track. Neither horse nor rider
usual fall during a steeplechase at an injured.

DESIGN ROCKETS
OF GREAT FORCEObjects May Be Hurl'd Into
Interstellar Space By
Invention

Philadelphia, Pa., January 24.—Pro-
gress attained in experiment with self-
propelling rockets designed to hurl
objects outside the earth's atmosphere
into interstellar space was explained by
Professor R. H. Goddard, of Clark Uni-
versity, in addressing the Philadelphia
section of the Institute of Radio En-
gineers.

These rockets, upon which Professor
Goddard has been working for more
than twenty years, carry cylinder at-
tachments which register altitudes,
temperatures and air currents. When
the rocket has spent its force an auto-
matic parachute carries the cylinder
back to earth.

The speaker explained that scientists
would like to have apparatus which
would take photographs of the sun,
planets and stars at the edge of the
earth's atmosphere, and the develop-
ment of the rocket may make this pos-
sible. The layer of air over the earth,
he said, absorbs the ultra-violet rays
and blinds to many secrets of the
heavens.

One practical result of the experi-
ments, Professor Goddard said, may be
the obtaining of a complete weather
chart covering a large area by sending
rockets into the sky from widely sepa-
rated points.

SMITH SWAMPED
WITH MESSAGES

New York, N.Y., January 24.—Al
Smith's fifty-sixth birthday, brought
him 1200 telegrams of congratulation.
He insisted on reading everyone and
is answering each with a personal note,
although half of them were from peo-
ple he didn't know—folks who had
shaken his hand on campaign tours,
mayors who had entertained him,
chambers of commerce which had been
his luncheon hosts.

He had no notion that any but close
friends and relatives would remember
his birthday, and was quite surprised
on emerging from his Fifth Avenue
apartment at the usual morning hour
to go to his office, to find several re-
porters waiting in front for a word.
Telegrams came from every state and
from several foreign countries.

Attended Sixtieth
Wedding Anniversary

At the diamond wedding celebration of
Mr. and Mrs. Humphrey Todd at
Gananogue this week, Mrs. Joseph El-
liott of Belleville, one of the nine
children was present. The nine child-
ren of Mr. and Mrs. Todd and their
families including thirty grand chil-
dren and

SPORTING
SECTIONJUNIORS DEFEAT NAPANEE 10-1
BELLEVILLE SHOWS IMPROVEMENT

Ab. Young and Doug. Runions Play Combination Throughout.

POOR ATTENDANCE

Young Scores Four Counters and Gave Pass for Two More.

By the display that the Belleville juniors gave last night in Napanee when they defeated that team by a lopsided score of 10-1, they gave notice to all and sundry they are a force to be reckoned with before the championship of the section is handed out. Their win was clean cut but that was not the fine point of the win. The team showed splendid team work and their combination even on a small rink was a treat at times. They skated faster than Napanee and worked in close to the goal before releasing their shot. Improvement was shown in the play of the locals this being especially true of Ab Young and Doug Runions. These boys were skating faster and playing combination as it should be played.

A very poor crowd was in attendance and the Napanee team deserved a far better following. There has been poorer teams enter the O.H.A. series than this one and Harry Row and others connected with the club should be better treated by the home fans. The ice was in good condition and although much smaller than Belleville the team adapted themselves to the conditions rapidly and were the best all evening. Ab Young was the high scorer of his team with four counters and he gave the pass that resulted in two more so that is not a bad evening's work for a defence man. Runions secured two tallies and should have had a couple more but elected to shoot rather than pass and the goalie blocked the shot. Burton Sallsbury is a much improved player and went on the score sheet with two counters. The first attempt he had was smothered when he shot into the goalie's pads instead of drawing him out. The next opportunity he had he made no mistake.

Napanee did not score a goal or even come close until the game was nearly over. Moore carried down and went into the corner. He brought the rubber out and McKinnon played the shot carefully trying to boot it out with the state and it happened over the side into the twine. Harry Rowe has two promising boys on his lineups they being Wilson at right wing and Moore on the left boards. They are hard workers, fair skaters and will check back. They both played a wicked shot and McKinnon was tested on several occasions. Van Dusen the good centre man has been ordered by the doctor to cease playing and this left a gap in the front line but Davey is acceptably filling the position. He is not as tricky as Van Dusen but is constantly in the play. A new defence man, Fraser, is a steady blocker but weak in offensive hockey. Van Luven in goal did not have a chance on a goal that beat him.

McKinnon did not have a hard night but looked good in that which he had to do. Ethier and Young were stepping into the puck carrier better and they broke faster from their positions. McDonald, F. Morgan and Hughes composed the starting front line and all of them stunked well and backchecked like fiends. The other line of Runions, H. Morgan and Sallsbury was also good and the most improvement was shown in this front line. In the first period Ab Young scored the first three goals, one on a pass from Morgan, one alone and McDonald being the play maker for the third. In each case Young pulled the goal out of the twine before sliding the puck into the open net. Hughes got the last counter of the period when Jimmy Ethier gave him a pass. In the second frame Runions scored, Young going up with him and it was a real shot. Doug came back with another nice counter when Sallsbury handed him the pass. In the third frame Young opened the fireworks with a goal. F. Morgan being the passer and Sallsbury got his first counter in junior hockey when Young slipped him the disc just before hitting the net.

RETIRING
SALE

Don't miss the Bargains we are offering on Suits and Overcoats. Made to your order. Also tweeds and worsteds by the yard. Some blue serge suits for men's shirts, boys' trousers at very low prices.

O. H. A. JUNIOR
Belleville 10, Napanee 1
Aurora 2, Newmarket 1
Hagersville 4, Simcoe 3.

Y. M. C. A. BOWLING

In Junior League game the Ontarios took all four points from the Metropolitan Stars. This bunch will be hard to beat from now on. Mr. Raynor was high for the Ontarios. The honor roll is as follows: Lake 216, L. Mason 221, Barlow 257, 221, Raynor 209 and Miss Lynch 181 and 173.

In the weekly prize rolls things are warming up in great style, as to numbers, trying for the beautiful prizes, but they are not doing anything sensational, as to scoring as yet. Miss Holway and H. W. Leavitt are leading to date but will have to watch themselves tonight and tomorrow.

Ontarios—R. Hardwick 456; F. Lake 545; H. Hardwick 454; L. Mason 577; E. Barlow 624; total 2656.
Metropolitan Stars—Miss Lynch 503; Miss Emmerson 283; Mr. Raynor 522; Mr. H. Mason 443; Mr. Williams 421; total 2182.

MAROONS MEET
OSHAWA TONIGHT

Team Left at Full Strength This Afternoon for Motor City.

Belleville's luckless Maroons left this afternoon for Oshawa where they engage with the team from that thriving city in a senior "B" fixture tonight. The Maroons must win to stay any where near a play-off berth, and the boys will all be out there to win and win they should.

There is very little to choose between the teams, and if the Maroons forget their little enemies and play together they will yet be heard from this winter. It is likely that Alex Weir will team up with defence with Stan Hagerman, Bob Scott, Dave Whalen and H. Canning will likely make up the forward line, and Jack Canning, Rorke and M. Green will be used as alternates. Next Wednesday the Maroons go to Queen's again to face their seniors and if they can pull out just that confidence, necessary to do the same to Queen's.

COLLEGIATE AND
ALBERT TO PLAY

Basketball Game at College Gymnasium Tonight at 8 P.M.

Belleville Collegiate and Albert College meet tonight at the Collegiate gymnasium in a scheduled Bay of Quinte basketball game, and the fun is sure to fly as neither team has much love for the other. Both teams are adept at the short passing game and both have been practicing faithfully, so a good game is in store for those who make their way to Albert College tonight. Army Armstrong of the Intermediate O. B. A. A. team will referee.

BOXING AT THE
MEMORIAL HALL

Several good bouts were seen last night at Memorial Hall when the Belleville Boxing Club held their smoker, and although there were no decisions handed out, those present were able to tell in most cases who won. Jack Johnson acted as referee, and following the fights a pleasant hour was spent in social activities.

15 TO 30 YEARS

Detroit, Jan. 24.—The hold-up and robbery of a 13-year-old schoolgirl, which netted him a profit of 15 cents sent Jack Bennett, aged 22, to the State prison today for a period of between 15 and 30 years. He was convicted of robbery while armed.

TRENTON OUTFIT
LOST TO LOCALS

Maximite Emerge From Game at Trenton on Long End of Count.

Belleville Maximite Battery team defeated the Trenton All-Stars in a fast game in the latter town last night by a score of 3-1. It was the best game played in Trenton to date, fast ice being provided, although only a small crowd turned out. The teams were tied at the end of the first canto but the visitors rammed home a goal in the second and another in the third period. George Filion and Shennel were probably the pick of the home team and they kept up a constant bombardment on the Maximite's net. Graham Cook, in the nets for the winners, turned in a sparkling game and frustrated almost every effort to score. Every member of the winning side was in good form and no individual star could be picked out. Belleville's defense composed of Art Young and Jack Arnott bounced all and sundry and afforded Cook good protection. The forward line of Gibson, Buck and Baker combined well and played the best hockey of the season. Day and Simpson did the subbing. Stenburgh played well in the nets for the losers while Parnell turned in a flashy game on the wing. Parnell and Arnott both scored in the opening period and Day sent the Maximites into the lead with a well-directed shot in the next skimmer. Buck made the victory sure by driving home the third goal in the final canto. Trenton—Cook, Stenburgh; defense, Anderson and Beale; center, Filion; wings, Shennel and Parnell; subs, Larry Martin.

Belleville—Goal, G. Cook; defense, J. Arnott and Art Young; center, Gibson; wings, Buck and Baker; subs, Day and Simpson.
Referee—Frank Filion.

GRANT GOES TO
MINOR LEAGUES

Leaf's Sub-Goalie Will Find Berth With Western Squad.

Toronto, January 24.—Benny Grant, substitute goalie of the Maple Leafs, appeared on local ice for the last time this season last night in the benefit game for the Poppy Day fund, as he has been loaned to the Minneapolis Millers of the American association for the remainder of the season and will leave for the Minneapolis city this morning. Grant is a former member of the Owen Sound Junior Canadian championship team and since turning pro, played with London in the Canpro league before joining the Leafs last season. He has played in three N.H.L. games this year for the Leafs and then was loaned to the Americans when Roy Worters was ill. During that time he saw more rubber than in almost his entire previous career. Grant is a most promising player and when the Leafs were asked if he could be secured Manager Sayre decided to let him go, as he will profit by the experience. Timmins, the Minneapolis goalie, is retiring from the game. Grant will be a teammate of two other former Toronto players on the Millers, Red Stuart and Corbett Denney.

Mr. and Mrs. Jacob Braun, of Carleton Place, celebrated their golden wedding recently.

Sixty-third annual convention of Dairymen's Association of Western Ontario ended in London.

Reduction of from 17 to 26 per cent will be made on rural hydro rates in Waterloo County.

BOSTON DEFEATS
N. Y. AMERICANS

Cooks Combine to Defeat Ottawa in Fast Exhibition.

Boston, Mass., Jan. 24.—The Boston Bruins closed their season's account with the New York Americans here last night by defeating the star-spangled hockey outfit, 2 to 1 in an overtime contest that was far from being an exciting affair. These teams have clashed four times, three games ending in victories for the Stanley Cup champions.

Nothing much happened until the third period. The Bruins tried many a furious rush, but the great Roy Worters held them in check. The New York goalie spoiled every trick in the Bruins' scoring bag until early in the third session, when Dutch Gahm hooked the rubber in his own zone and ambled easily down the middle. He dodged Rabbit McVeigh, slipped through Conacher and Burch and fooled Worters for a score with a change of pace. Ten minutes later Simpson and Boyd charged and squared the contest, the former shooting a fast, high drive past Goalie Tiny Thompson.

Cooks in Form
New York, Jan. 24.—With the Cook Brothers and Frankie Boucher passing and shooting in their best form, the New York Rangers took a fast and brilliantly played National Hockey league game from the Ottawa Senators here by a 6 to 3 score.

The victory lightened the Rangers' grip on second place in the American group, making their margin over Chicago three points.
The second period, in which Ben Cook scored three times on passes from Brother Boucher, and the victory. Bill Talbot came in the first frame and Boucher counted in the last. The sixth Ranger goal was an accidental affair when Gagne deflected Goldsworthy's pass into his own net.

Maroons in Tie
Montreal, Jan. 24.—Detroit Cougars,

showing a better turn of speed and more aggressiveness than during last week's appearance here, held the section-leading Montreal Maroons to a two-all overtime tie in their National hockey league match at the Forum last night.

Detroit forced the Maroons to come from behind to tie the count twice, and while the heavier team had an edge in the last part of the overtime, they could not batter down the Noble-Hicks-Beveridge combination.

LAWLOR WANTED
BY AMERICANS

Kingston, Jan. 24.—What is believed to be the largest offer ever made to an amateur player was yesterday received by "Chummy" Lawlor, star centre player of the Queen's senior O.H.A. team, according to the Kingston hockey star. The New York Americans of the N. H. L., anxious to obtain Lawlor's services offered the player \$4,000 to finish the season.

Apparently impressed with Lawlor's performance in the game against Nationals here and against Varsity at Toronto, scouts of the Americans became convinced that he was of N.H.L. calibre and that he would be of help to Conacher's team.

"They offered me \$4,000 to finish the season, as well as the assurance of a good contract for next year," Lawlor said when interviewed. He also stated that he was undecided as to what course he would eventually take—whether he would accept the offer or not.

However, Lawlor will be at centre for the Tricolor in their game against Varsity here Friday night. For several seasons professional teams have been after the services of the Kingston star.

The Oshawa team's defence appeared to be weak down here and if the locals adopt the policy of boring in closer on the nets they may meet with better success.

SPORT-O-GRAMS

The Maroons invade Oshawa tonight and will attempt to avenge themselves for the two previous defeats suffered this week. It is a tough job but the team is strengthened since the appearance here on Monday night and they may surprise the motor boys.

The Oshawa team is a well-balanced aggregation and the forward line works like a well-oiled machine. They are fast on the attack, are not afraid to pass the puck and when they hit the defence they are travelling like a well-oiled machine. Jack Bond is the pivot of their attack and he feeds his wings unselfishly and plays an all-round smart game.

Providing Jeffery keeps his eagle eye on the puck and the local defence affords him some protection, there is an outside chance that the Maroons might snatch a victory.

Hagerman was a slight casualty down at Kingston and he may not be in the line-up tonight. However, all of the other players came through without any serious injuries.

The Queen's team was just a little more accurate around the nets than the Maroons and that little added finish meant the difference between victory and defeat. The Maroons simply lacked the punch to score.

Here's how the Kingston Whig-Standard saw the game:

"Belleville's forward line of Canning, Whalen and Bob Scott, played the wildest games individually, but neglected any attempt at combined attack. Bob Scott was a shining

light, and was dangerous on every rush. The ancient Mr. Whalen, brought out of retirement for the occasion, showed that he is still capable of a game or so of hockey and that he is the same fiery scrapper as of other days. Green and A. Weir were good defensively, but was not markedly dangerous on the attack. Jeffery, in the nets, had a busy night and acquitted himself creditably."

And further he says:—"Belleville weren't quite as hot as they thought they were last night. The Maroons again showed that they like to have things their own way or they might take their marbles and go home."

The Juniors had a soft time of it down at Napanee last night and they showed the home team under an avalanche of goals. At that, the Trenton team scored more on the Napanee team than did the locals. It will be a real battle when Ed Thomas' kids step into Charlie Allure's proteges the next time.

The fans do like to see these Juniors do their stuff. They simply sat in, losing caution to the winds and there's always plenty of action for the blood-thirsty pew-holders.

"Chummy" Lawlor has been given a juicy offer by the New York Americans. The flashy Kingston player is ready for the "Pro" ranks and doubtless he'd make good although his stature might be an impediment. There are no players hereabouts quite as shifty as the Kingston centre and the Amerks would make a wise choice in signing him.

FIRE PROTECTION AND FIREMEN.

Chatham News pays a tribute to the fire departments of the country, to their courage and self-sacrifice. Referring to an instance where the firemen battled under a forty below zero temperature to save property, The News says:

"The most striking part of it is that fire brigades and fire fighting equipment are paying the biggest dividends to the municipality when they are idle. Fire loss is a complete loss, and the municipality and its people are farther ahead in the matter of contentment and prosperity, when the members of the brigade are passing away the time in checkers and dominoes, and their equipment shined like a mirror, standing idly by for exhibition purposes only. The firemen compose one body of civil servants, which it pays the municipality to maintain up to the highest point of efficiency, even though their services are never required. When they are working the city is losing money. But they are there constantly on call. When they are needed, they are badly needed; and upon many occasions they are required to display the utmost energy and heroism in the conduct of their duties."

SKILFUL DETECTING AT MILTON.

Up at Milton there are shrewd constables who can rival Sherlock Holmes and Dr. Watson. Several cords of fresh wood had been delivered to Georgetown by a man who lived beside a lot from which wood had been cut and stolen. They secured a number of the butts of the wood, took them to the lot where the trees had been cut down, and found they fitted exactly into the stumps from which the wood had been taken. The offender did not deny the charge when it was laid at his door, and paid ninety-nine dollars and costs for fine, costs, and trees. The offender was the man who had delivered the wood.

Constables every now and then have to put their wits to such tasks as the above. It is strange what clues men leave when they commit offences. All cannot be covered in every detail. Some little spot remains bare which a shrewd detective can utilize with the result of the discovery of the man who is wanted.

Many criminals are exceedingly clever, but their fate is generally determined in advance. They cannot forever prevent the light of investigation finding a clue which can be linked up with other facts and start the detectives off on a chase which runs them down. The spirit of life is adding the detectives find out the villains.

TOO MUCH INTEREST IN MONEY.

Clarence Hatty and two associates in the collapse of the Hatty interests in Britain, were yesterday sentenced to prison for fraud. Hatty was given fourteen years' penal servitude.

The terms are heavy, but in this work-a-day world of finance the law has to make an example of these who offend against the property or interests of others. What suffering follows such crashes may be guessed. But the saddest crash is the crash of man's high principles.

Not long ago there were two men sentenced to prison for fraud in connection with real estate deals. There have been a number of instances of prosecutions of men in positions of trust who have been charged with fraud. Some have been proven and the men "sent down", and in others the accused men await trial.

The unusual interest in these days in these matters indicates what undue stress is centred and has centred in finance.

Men do not deliberately set out to break the law in most cases but there lurks temptation and swifter to his fate than an arrow to its mark flies the man who has once yielded. He who once lets the members of the brigade are passing away the time in checkers and dominoes, and their equipment shined like a mirror, standing idly by for exhibition purposes only. The firemen compose one body of civil servants, which it pays the municipality to maintain up to the highest point of efficiency, even though their services are never required. When they are working the city is losing money. But they are there constantly on call. When they are needed, they are badly needed; and upon many occasions they are required to display the utmost energy and heroism in the conduct of their duties."

There is the temptation to gain that power which money can bring, while the peace of mind which fairness and honesty can preserve in the mind is driven out. When men who make the mis-step fail to maintain the more genial aspects of their nature and often become cruel, relentless in the pursuit of the money power over the minds and bodies of peace-loving patient laboring men, they have lost, the better sense of the world would say, everything that is worth while.

The present age is paying too much attention to money, and that charge is not only to be made against big business and individuals but also it may even sometimes be levelled at churches. It is not safe to stress money unduly. Better far if the absorbing topic of money were supplanted by one of the scores of much better things in life!

Yet the best thing remains to be told—most men and women are honest. Opposed to the hectic pursuer of pelf is the patient, plodding man who represents the great mass of the people, the man who labors for his family and who does not seem to have altogether a fair share of the good things of life. Also opposed to him who deceives his fellows are the men blessed with wealth who are striving to use that talent they possess for the improvement of the status of society and the amelioration of social wrongs.

PASSING YEARS

From The Intelligencer
 Of This Day
 Years Ago

It is dangerous to drive across the bay especially after dark. This morning a horse belonging to Mr. Belmont went in but was rescued.

Clarence Pettigall, a former well-

Klenzo Tooth Paste

—the kind you enjoy your breakfast after

35c

McKeown's
 DRUG STORE

known young resident of this city, died in an hospital at New Orleans. Clarence was twenty-one years of age. For three years he was a clerk in J. S. McKeown's Drug Store in which position he was engaged until about two years ago when he went down south. He had many friends and his demise will be sincerely regretted.

ETCHING

Far down the hill where the shadows athwart are framed by the sentinel cedars, Intricate tree-patterns, etched by DAME MOON, are lavishly flung on the snow. Where by the path runs a silver-laced stream to ice-spangled Falls down below.

Daintily drawn as a rope of fine pearls strung on a chain of bright silver. Artfully shades each pearl a footprint, leads down to the stream's frozen brink—Each pearl a footprint, marking the pathway where erst while a fawn paused to drink.

Where giant pine trees, limned on the sky, guard the beacon lights of a dweller. Shadows en masse give a new chiaroscuro to finish the story—Marvelous handiwork wrought by DAME MOON, sitting afar in her glory.

Far down the hillside the shadows athwart are framed by the sentinel cedars—Wonderful patterns of trees and of lace-work etched by DAME MOON on the snow. Where by the path runs a silver-laced stream to ice-jeweled Falls down below.

—Florence A. Houdelette.

HAVE YOU HEARD THESE?

Car Salesman—"Our cars no good? Why, we are selling them by the dozen!"

Prospective Buyer—"I'm not surprised. How much are they a dozen?"

Auntie (to Tony who has come to see baby)—"What do you think he is saying, Tony?"

Tony (with an eye on the table)—"Sounds like 'Give Tony a piece of cake'."

The employer called his secretary, "Here, John, look at this letter. I can't make out whether it's from my tailor or my lawyer. They're both named Smith."

And this is what John read: "I have begun your suit. Ready to be tried on Thursday, Smith."

Professor, going over examination papers, to student: "How do you account for your observation that nitrogen is unknown in Ireland?"

Student—"The textbook distinctly says that nitrogen is not found in the free state."

"I hear you got a big raise from the fur company you're working for?"

"Yes, I invented five new names for rabbit."

A road hog, known for his determination never to be overtaken, was going at a good speed one day when he heard an insistent "honking" behind him. He turned and saw just on his hind wheel a baby car driven by a wild-looking individual.

He turned to his wheel, down went the accelerator and up rushed the speed indicator. Seventy-eight miles an hour, but still the hooding continued. At last, worn out, the speed indicator slowed down and drew to the side of the road.

"Gone now, then, if you must pass," he exclaimed.

"I'm sorry," said the driver of the baby car, "but I honked on you."

"On the first night of your play."

THAT BODY OF YOURS

By James W. Barton, M.D.

NOISE TIRES

The reason that your brain and body get tired is that they are sensitive to their surroundings, and noise, by actually striking the brain and nerves, little or large repeated knocks, actually exhausts them.

In other words if our brains could be free from excessive jars or knocks during the day, we could get along with seven or eight hours of sleep and keep efficient.

That this noise business is a serious menace to health is being recognized in Europe and Great Britain.

It is certainly refreshing to see what the British minister of transport is doing to reduce motor noises. The new regulations apply to all heavy motor cars and motor cycles.

It is an offence to use a motor car or a motor trailer drawn by a motor car, which causes excessive noise owing to defect in design, lack of repair, or faulty adjustment. If the loud is not packed properly and is thereby noisy, this constitutes an offence also.

Sounding a motor horn when the car is standing, except when necessary on grounds of safety, is also an offence.

As you know the three essentials to health are food, rest, exercise, and as I frequently talk about food and exercise, I want to say a word about rest.

Rest is really food. When an increase in weight is needed, the treatment is not only good food but rest, which allows the tissues to store a little fat. A little fat is essential to health.

One of the first things to cause a "breakdown" is lack of rest or sleep. The tissues need these precious hours of rest to get rid of wastes and rebuild themselves.

Accordingly all of us should get from 6 to 10 hours of sleep according to our age, and what we have learned that our bodies actually need.

However, with our modern civilization with the tremendous amount of noise everywhere present, it would seem that if we are to keep efficient we must have rest during the day as well as at night.

I do not mean that there should be couches or beds everywhere, but that our brains and nerves should not be subjected to unnecessary noises.

Horns with an unpleasant or strident note, are now being investigated and will be the next thing prohibited.

Noise tires and nothing is gained.

If you and I are to keep efficient we must do all in our power to see that unnecessary noises are prohibited.

ALIVE ON ROCKS

Tampico, Jan. 24. (C.P.)—After being thought dead for a full day, the captain and six of the crew of the schooner Jose Luis, which foundered off Tampico Wednesday, were taken off the rocks to which they swam when their boat sank.

where did you go when you couldn't find the knocking of the actors behind the scenes?

"I joined the critics in the lobby."

"Oh, boy! Out of the frying pan into the foyer!"

Visitor to little Johnnie, who has been told to entertain her: "What nice furniture you have in your house!"

Johnnie: "Yes, but I think the man I bought it from is sorry he sold it now. He's always calling."

"Pat," said Mrs. Maloney, "that bye Diddy avers is getting to be such a duce, yer soon'll have to buy him a monocle!"

"A monocle is it?" agreed Pat. "Sure he'd be too lazy ever to learn to read it."

Here and There

(450)

The new north wing of the Empress Hotel, Victoria, western outpost of the Canadian Pacific Railway chain of hotels, recently opened recently at a luncheon presided over by Hon. S. E. Talmie, Premier of British Columbia, and attended by over 1,000 visitors including civic officials. It represents more than 200 additional rooms and a number of beautifully decorated suites including vice-regal, Jacobean, Italian, Spanish and flower, and was built at a cost of approximately \$3,000,000.

Progress on the Princess Joan and Princess Elizabeth, Victoria, Vancouver, might survive bouts of the Canadian Pacific Railway, has been so rapid that Captain C. D. Nevenhouse, manager of the B. C. Coastal Steamship service, has announced that the trial trip of the first vessel to be ready will be March 25. Each ship has five decks and berthing capacity for 431 persons.

In the great Chinese province of Manchuria, equal in area to Germany, Marshal Chang (Chang, 29-year-old war lord is experimenting with education on a colossal scale to bring his war-ridden people to peace and progress, is the statement of John Nelson, former publisher of the Vancouver World, who recently landed from the Empress of Russia at Vancouver on his return from the Orient.

Great industrial development throughout western Canada which in the last two decades has brought the annual gross value of manufactured articles produced in the western provinces to \$600,000,000 was described recently by John F. Swetling, industrial commissioner of the Canadian Pacific Railway, in an address to officers of the company, many Winnipeg. "Those of us who have lived through and watched western Canada developments during the last 20 years are assured as to the future of that part of the Dominion," he said.

"Railway conditions as they exist in Canada to-day are readily comprehensible and we are in the fortunate position of being able to assure our shareholders that the decreases represent the result of an extraordinary combination of conditions and that the railways have not failed in efficiency or otherwise," stated E. W. Beatty, chairman and president of the Canadian Pacific Railway, in an address recently at the Royal York Hotel, at the annual meeting of the Commercial Travellers' Association of Canada. Mr. Beatty added that the situation in 1929 was exceptional and not likely to be repeated in subsequent years.

The North German Lloyd Company of Montreal is arranging for a trip of German farmers to the next summer with a view to investigating Canadian conditions and agricultural opportunities. The trip will commence with a visit to the Annapolis Valley, stopping at Kentville to view the Experimental Farm and the orchard country of Nova Scotia.

The Department of Lands and Forests reports that 1,072 moose and 1,255 deer were killed in Nova Scotia during the hunting season of 1929.

New Brunswick's potato crop for 1929 will have an official valuation of at least \$3,000,000 placed upon it, according to intimations of the Provincial Department of Agriculture officials, when the final report on agricultural conditions for the crop season was issued recently.

TOLD TO QUIT

Reeve W. E. Wilson and his four councillors of Hastings, received notification that their election to the council of the village of Hastings was not legal in so much as a breach of the Municipal Amendment Act 1929, part 1, section 76, had been made.

Notice to resign which came into effect last evening, was served upon each individual member of the Hastings council by Messrs. Gordon and Elliott, solicitors, acting on behalf of certain of the village ratepayers, but the Reeve and his council were still in office yesterday awaiting eventualities.

Restless Children

Children will fret, often for no apparent reason. But there's always one sure way to comfort a restless, fretful child. Castoria! Harmless as the recipe on the wrapper, mild and bland as its tastes. But its gentle action soothes a youngster more surely than some powerful medicine that is meant for the stronger systems of adults.

That's the beauty of this special children's remedy! It may be given the infant inasmuch as often as there is any need. In cases of colic, diarrhea, or similar disturbance, it is invaluable. But it has everyday uses all mothers should

understand. A coated tongue calls for a few drops to ward off constipation; so does any suggestion of bad habits. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed to set everything to rights. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

CHOOSE IDEAS INSTEAD OF PERSONS

By Lucy Lowell

Did you ever try the interesting experiment of considering your friends and acquaintances not as persons but as ideas?

It may seem a complicated process at first inasmuch as no human being is the expression of a single idea unless he happens to be a genius. Nevertheless everyone is dominated by some central thought; it may be a conviction, an ambition, a compelling purpose either elevating or futility. All his other ideas are subsidiary to this one—less planes circling about a central sun—and taking on color and life from the main and most forceful thought.

Haekel made this device a philosophical hypothesis of successful living as he explained it in a statement: "I regard ideas only in my struggles: to the persons of my opponents I am indifferent, bitterly as they have attacked and slandered my own person."

The point is, that by arriving at the detached viewpoint which sees ideas instead of persons it is possible to find freedom from much of the human emotion which lays chains upon the spirit. To regard envy merely as an idea—an erroneous idea—is to draw its claws in large measure, whereas to see instead of the impersonalized mental attitude an envious person is to put your self in some degree, at least, at the mercy of that person and multitude of his attendant upon his envy of you.

Another angle of this method of thought worth considering is this: that by separating in your mind the person and the idea you eliminate from your consciousness a great deal of resentment and dislike.

It is easy enough to resent and dislike one who dislikes you. It is almost impossible to feel anything but indifference toward resentment or dislike as mere qualities of thought.

THE BEAUTY BOX

By Helen Follett

Women with thin feet are more likely to have blisters than men. Ladies whose little toes are plump. Especially at the heels. If the feet are particularly rebellious against heavy shoes, the counters at the rear can be removed. Shoes that are too large and slip continually will do almost as much damage as those that are too snug, packed too full of feet, as it were.

The heavy meat-eater gets no muscular exercise takes more calories into her system than her system can utilize. As the skin is an eliminating organ, overeating has a bad effect upon it. Glands become over active, pores relax, the texture of the epidermis becomes coarse and lacks tone or elasticity. For beauty's sake eat plenty of fruit, vegetables, green salads and cereals. Drink buttermilk and lemonade.

HOUSEHOLD HINTS

Before cleaning out the fireplace sprinkle a handful of tea leaves on the ashes; it saves a lot of labor and prevents the dust from flying about the room.

Remember when cleaning black wall nut furniture to use a piece of flannel moistened with paraffin. Rub the wood with this until it is dry.

ALL ABOARD SAVED ON MONTE CERVANTES

Buenos Aires, Jan. 24.—The ministry of marine last night announced a dispatch from the naval headquarters at Ushuaia, Tierra del Fuego, stating that the 1,100 passengers and the crew of the steamer Monte Cervantes had been saved from the wreck of the Hanburg Sub American liner.

The ship struck a rock in the Straits of Magellan yesterday afternoon. The telegram to the marine ministry said that the steamer would be a total loss.

Mr. and Mrs. Jack Stuart of Pincher Creek, Alta., who are honeymooning by hiking across Canada. They have already travelled more than half the distance on foot, having walked every foot of the distance to Montreal, Ont. The journey was halted at that point when Mrs. Stuart became ill.

CHAPTER XXXV CONSPIRATORS

"What ho, the black pirate. Is it Captain Kidd himself?"

Ralph, lounging on the verandah at "Fairfields," stared at the new man-of-war, who was directing the activities of old Tony in the garden. The latter was sulky and resentful of a boss cut Rod handled him with the ease of one accustomed to directing workmen.

"He does rather look as though he'd stepped out of a romance of the Spanish Main," Stephanie conceded. "But I think he's going to be very useful. We actually haven't heard the ghost since he arrived—or perhaps Rita and I have slept too soundly. Just having somebody in the house is a comfort. And he's found us a staff of servants from the little colored settlement over the hill."

Ralph had ceased to listen. With peculiar intensity, he was watching the progress of a car on the road. After a time, it turned in the narrow, uneven drive that led to the old stone house.

"It's only Platt," he said, with what sounded to Stephanie curiously like regret.

He emptied his pipe and rose reluctantly.

"His cool up here—much nicer than my place, where there isn't a breath of air at noon," he said. "I suppose you wouldn't let Platt come up here? Why the deuce did you have to fall out with him, Stephanie? He's an awfully good sort and he says you've got a deep-seated grudge against him."

Quite evenly, Stephanie said: "Signal him to come here."

She had made up her mind that it was time to show Platt that he was tolerated. It hurt her conscience to keep him slinking around the boundaries of "Fairfields." After all, she need not fear being left alone with him. With Rod around, she could always invent some bit of work that would keep him within hearing distance, and so would seriously handicap Norman Platt's attempts at wooing.

Platt answered Ralph's hail with alacrity. He came striding across the meadow that separated the two houses and leaped up the steps of the verandah. His coolness was remarkable, considering that the last time he had seen Stephanie, he had been told never to

show his face again at "Fairfields."

Stephanie, since she had made up her mind to be magnanimous, offered him an acid drink. While she went to prepare it, he loitered in a comfortable chair and looked over the rolling lawns and lush meadows of "Fairfields" with an approving eye.

"Have you seen Stephanie's find?" inquired Ralph, with a wave of his hand toward Rod, who was in the garden, bending over a rose-bed.

Platt lit a cigarette.

"That the chap you've been telling me about? He looks rather wild and woolly to guard two lone women."

"Oh, Stephanie swears by him. Seems he can cook when the regular help fails."

Platt got to his feet.

"Think I'll go over and say a word to the fellow. Either you or I ought to find out if he's reliable. Women take queer, irresponsible fancies."

"He's rolled over to the garden, and Rod lifted an inquiring gaze as he approached."

"My name is Platt," the young man said. "I understand Miss Hall has engaged you as farm superintendent."

"Yes," the man's eyes met Platt's momentarily. They were singularly blank. Platt chuckled inwardly.

"Better than I hoped," he thought. "You'll find it pleasant working here, he said aloud, with an airy gesture. 'This is one of the finest estates in Virginia. My uncle's owned it, you know—in fact, it's been in the family for generations.'"

"Yes," said Rod, without interest. "Has Miss Hall told you about the house?" asked Platt.

"Yes," said Rod, for the record. "I time Platt owned. The man was not easy to fathom."

"When you wish me job in the garden," said Platt, as he bowed away.

Are your hands shaky?

THE nerves are fed by the blood. Poor blood means starved nerve tissue, insomnia, irritability and depression.

Dr. Williams' Pink Pills will enrich your blood stream and rebuild your over-worked nerves. Miss Josephine M. Martin, of Kitchener, Ontario, testifies to this:

"I suffered from a nervous breakdown," she writes. "I had terrible sick headaches, dizziness, felt very weak and could not sleep; had no appetite. I felt alone as if something terrible were going to happen. After taking other treatment without success, on my sister's advice, I tried Dr. Williams' Pink Pills, and now all these symptoms are gone, and I am strong and happy again."

Buy Dr. Williams' Pink Pills now at your druggist's or any dealer in medicine or by mail, 10 cents, postpaid, from the Dr. Williams' Medicine Co., Brockville, Ontario.

Mrs. Ruth Bryan Owen, representative from Florida, and daughter of the late William Jennings Bryan, recently appeared before the House committee of the United States Congress to defend herself against charges that she forfeited her citizenship through marriage to Franklin D. Roosevelt, a British army officer. Mrs. Owen's mother, Mrs. Mary Bryan, widow of the late congressman, died on January 14, at Hollywood.

MERIT ALONE LEADS TO SUCCESS

By Lucy Lowell

An illustrious statesman remarked the other day that there is but one straight road to success—merit. "The man who is successful is the man who is useful," he says. "Capacity never lacks opportunity. It can not remain undiscovered because it is sought by too many anxious to use it." I am aware as I write this that it will be disputed by many. It will be disputed by numbers who have worked hard and long and have not arrived within hailing distances of success; and it will be disputed by some who have reached success not through merit but by devious methods, ways which are looked upon as legitimate in today's scramble for fame and fortune.

I admit that on the face of it there appears to be injustice—plenty of life in the world; that some appear to reap where they have not sown, while others spend all their lives sowing and never come to harvest.

Yet the rule is sound; it is true that merit wins the success that is permanent. It may seem like a long time—a very long time indeed—before merit is recognized. But there is a basic justice governing cause and effect. One may have merit, and still sit in full expression of it. He may work with an eye to the reward instead of giving his best to the day-by-day duties. There is any number of ways in which he may be expressing short sightedness or indifference instead of capacity. The rule assumes, of course, that merit always is at its fullest in order to attain recognition.

As for those who win by methods other than merit—by intrigue, flattery, bluff—their success is short lived. It may extend over several years, but there always is an end.

"Come down to the old stone house and I'll give you a drink. I dare say you drink?" he remarked, with a fleeting smile.

"Thanks," said Rod, with a nod, and returned to his work.

Platt went back to the verandah. Stephanie had brought out a tray of tea and glasses, each decorated with a sprig of mint.

"The original concoction is mine," she announced, "but Ralph asked me to turn my back while he added something to his glass and yours."

"Good for Ralph," remarked Platt. "Where's Rod, by the way?"

"He's left for a walk in the woods a little while ago."

Platt rose, emptying his glass.

"I'll go and meet her. You can stay here and keep Stephanie company."

He spoke meaningfully and Ralph, who had started to rise, sank back obediently.

Half an hour later, Platt and Rita Garstair strolled slowly from the cool woodland and stopped at the old stone house.

When they entered the living room, Rod rose to greet them.

"Young Dunn is staying to lunch with Miss Stephanie," he said. "You can say what you like, without fear of interruption."

CHAPTER XXXVI OUT OF THE NIGHT

Ralph was fidgety.

It was one of the nights when he did not go to Washington to join Norman Platt at the little gambling club, or at the bootlegging restaurant which had succeeded the unfortunate "Jinx."

"Such a nuisance!" Jean had said, when it was learned that Jim was in all and the place over the garage permanently closed. "Just when they learn to know you, they pinch and go and get themselves arrested. And each time, we're moved on to worse quarters than before."

Jim's successor was a fat, swarthy Italian, who had a place in a damp basement. The paper was peeling from the walls, the rooms were small and gloomy, and the liquor was only half fermented. But the crowd that had frequented Jim's flocked to "Pierro's."

Ralph went there every night—except when his part in a prosperous industry kept him on watch in the old stone house.

On this particular night, when he glanced at his clock and saw that it was just past midnight, he reached to turn out his lamp.

But as the flame flickered and died, a knock sounded at the door.

Ralph started, his heart beat a huge more rapidly. Very guardedly, he went to the door and asked:

"Who is there?"

An easy laugh answered him.

"It's I, Mr. Dunn," said Rod's voice. "I'm making a last round of the sun and I saw your light. Thought I'd come in for a smoke, if you don't mind."

Ralph hesitated, thinking quickly. He had come to know Rod rather well. No man Platt seemed all in favor of the fellow, and Rod had entertained him on several occasions with tales of his adventures in South America. "I'll bet my hat he's a fugitive from justice," Platt had confided to Ralph.

Clearance of DRESSES

Flocks of flat crepe, georgette and canton, celanese crepe and velvet, all wool jersey and covert cloth. A big choice of fabrics, in a big range of styles and colorings. Dresses, formerly marked \$19.95 to \$24.50, are included at this Money Saving Price.

\$14.95

Fine Wool Hose

Plain cashmere, silk plated cashmere, and silk and wool mixed hose, offer a choice of a full range of shades, in a variety of styles. All sizes to 10½. Excellent value, at

98c

Sinclairs'

"Sorry, but I'm off to bed right away," he told Rod. "I've a beastly headache—too much reading—and I've got to get up early and go to town. Come down tomorrow night, won't you?"

There was a chuckle in the smooth voice that made Ralph say involuntarily, "I've wondered how much 'on' the fellow was!"

For an hour after the old stone house was dark, Ralph sat in his living room listening intently. He could hear the clucking and the frogs on the edge of the pond. Far away, in the direction of the Potomac, a whippoorwill called plaintively. There was no moon and the night was a velvet mystery.

Ralph, remembering the ghost of "Fairfields," stirred uneasily. It was supposed to haunt this very house.

With all his heart, Ralph wished that the business at hand was over. It gave him the shivers to sit in the dark. He hoped, too, that Rod had gone straight to the manor, instead of lingering in the rose-garden for a last pipe. On a sudden impulse, he scrawled a tiny note—without salutation or signature—warning of the possibility of such a warning, but on a second thought he tore it up. Handwriting was evidence. Wasn't it Platt who had told him that?

At last he heard a tiny sound, as if a stealthy little animal of the night were going through the woods. Ralph waited, tense. A soft, muffled knock came from the outer door. Very quietly, Ralph opened it. A bulky object in a sack lay there. He hurriedly picked it up and closed the door. When he opened the sack a fat little demijohn was revealed. Withdrawing the cork, he drew a deep, appreciative breath.

Whisky—raw moonshine—but whisky! He carried the demijohn into the half-bath and placed it in a row with several others. The earth showed the imprint of several demijohns that lately had been withdrawn.

Ralph went back to his living-room, took from his desk a sealed envelope that bulged with currency, and inserted it in the sack. He also wrote on a slip of paper: "3 for 1000."

Then, opening the door softly, he laid the sack on the sill, closed the door, and went to bed.

When he awoke in the morning, the sack and its contents had vanished thickly, mysteriously, in the night.

Copyright, 1928, Metropolitan News, Paper Service, New York.

COMMANDER BROWNS

Buenos Aires, Jan. 24 (C.P.)—Radio advices from Ushuaia today reported

that the German steamer Monte Cervantes which went aground off that place Wednesday sank last night. Commander Dreyer went down with the ship.

FOX WILL FIGHT TO LAST DITCH, HE SAYS

New York Jan. 24.—Hummed about by demands from stockholders and creditors that he retire, and faced with advice from his most confidential counselors that he make at least partial surrender, William Fox, a lone but determined figure, resolved dramatically to fight to the end rather than relinquish voluntarily one fraction of his control over the vast interests that represent his self-made career of 30 years in the motion picture industry.

DO YOU KNOW—

Where street accidents are concerned, the most dangerous age is between fifteen and twenty-five. The decrease in the number of accidents to children between ten and fifteen years of age corresponds with the teaching of "safety first" lessons in schools.

Among the stricter Egyptians women are not allowed to go to the movies, the film audiences in Cairo being composed of men, with occasional few European women.

Six woolen scarves knitted by the Prince of Wales and Prince George have been on show at the exhibition of Queen Mary's Needlework Guild in London.

A church for the deaf and dumb, where all the service, including the sermon, is carried on in sign language, exists in Deptford, England.

DISTRICT GLEANINGS

BROKE ARM

Mr. J. H. Blakely, postmaster and general merchant at Thompkinsburg, suffered a badly fractured arm on Tuesday, resulting from a fall on the ice. Less than a month ago, Mr. Blakely had his arm broken whilst cranking a car.

TEST WELLS

Mr. Redfern, water works engineer, was in Tweed last week and tested out the wells at Richardson's pump works. Pumping at the rate of 35 gallons per minute for 1-1/2 hours without apparently exhausting the supply in any way. Mr. Redfern thinks the well is capable of producing 60 gallons per minute and feels sure the town now has a satisfactory source of supply of water, but further and severer tests will be made.

BROKE ARM

A young son of Mr. and Mrs. Oscar Creighton, of Bancroft, fell off a chair fracturing his arm above the elbow. Dr. Embury was summoned and reduced the fracture.

PAUDASH LAKE DAM

Work has commenced on a new dam at the foot of Paudash Lake. This has been found necessary to conserve water for emergency purposes for the power plants on the Trent River.

60 FOOT SEAN

A number of men, bridge builders, left Bancroft this week to erect the bridge over the narrows at Paudash Lake. A sixty foot steel span will be placed on cement abutments.

SHIPPING LUMBER

U. A. Hubbel, of Bancroft, has a force of sixteen teams and five motor trucks delivering lumber to the siding here for shipment to the large lumber concerns in the cities. He has nearly a hundred men engaged in the woods getting out a cut for the coming season.

NORTH CHEESE INDUSTRY

The cheese industry in North Hastings will soon be extinct, says the Bancroft Times. "With the winding up of the Raglan and Mayo Cheese Co., by disposing of the plant and equipment by public auction, only one other factory north of the Mudoc boundary now remains. An industry which flourished only a few short years ago in North Hastings has given way to the manufacture of butter instead. The motor truck and the centralization of butter-making plants in various districts throughout Ontario, have not only been the means of disorganizing the cheese industry in North Hastings, but in other sections as well. Competition in these allied industries is essential and we believe the dairy-men of the north are making a big mistake in not endeavoring to keep the cheese factories functioning."

WANTS FLOWERS

It has been suggested that an effort be made to reorganize Marmora Horticultural Society again this year. As the reports of the annual meeting of various societies appear in the press of neighboring towns and villages, nearly all tell of a prosperous year and of a good deal accomplished in the way of beautifying the community.

OPEN HIGHWAY

The value of making a complete job at once when opening the highway has been demonstrated recently. From Marmora to Harold, the section for which Mr. William Wright is foreman, the road has been good and the recent snow has had little effect on it. From Firling to Belleville, the road is also good, but from Harold it is in bad shape, and every little snow storm about blocks it. The trouble appears to be that the road was not properly cleared after the first big storm.

BELL HONORED

At a meeting of the Ontario Postmasters' Association, held in Toronto, Mr. D. Bell, of Bonarlaw was elected a member of the executive.

JETT IN MADOC

The Anglican Commission, which is making a survey of the Church in Canada, will meet the Hastings Rural Deanery Chapter in Madoc, on Wednesday, January 29th.

FELL FROM LADDER

Mr. Samuel Moffatt, of Marmora, suffered a very serious accident when he went up a ladder on the outside of his stable to get into his hay loft. In stepping from the ladder to the door of the loft he slipped in some way and fell to the ice below with the result he fractured his right leg above the knee. He also bruised himself severely and in falling brought his nose on a hook splitting it right up the center. The man managed to crawl into the stable where he was found a short time after. He was taken to Peterborough Hospital where he is reported to be doing as well as could be expected. His age makes the accident all the more serious.

CATER FOR TOURISTS

The annual meeting of the North Hastings Board of Trade is to take place on Monday evening January 27, at Bancroft. This is an organization composed of businessmen who are working in the interests of the north. Catering for the summer tourist traffic is a subject to which we as a Board have not given due attention. As an interesting and instructive business it is of considerable amount. "The Old Home Week" idea is going, says the Bancroft Times, and in a few years we can entirely for the tourist traffic, the visits to the old home have become a more regular occurrence and are spreading throughout the summer of each year.

FRACTURE OF LIMB

Mrs. Harry Farnsworth, who lives at the south end of Henry street, Stirling, met with a painful accident while on her way to the hen house. The path to the poultry house was icy and Mrs. Farnsworth slipped and fell, and in the tumble her right leg was broken about three inches above the ankle. Dr. Alger was summoned and reduced the

Needless Pain!

Nowadays, people take Aspirin for many little aches and pains, and as often as they encounter any pain.

Why not? It is a proven antidote for pain. It works!

And Aspirin tablets are absolutely harmless. You have the medical profession's word for that; they do not depress the heart.

So, don't let a cold "run its course." Don't wait for a headache to "wear off." Or regard neuralgia, neuritis, or even rheumatism as something you must endure. Only a physician can cope with the cause of such pain, but

you can always turn to an Aspirin tablet for relief. Aspirin is always available, and it never fails to help. Familiarize yourself with its many uses, and avoid a lot of needless suffering.

fracture.

LEG BROKEN

Mrs. R. P. Coulter, of Stirling, had the misfortune to fall and break her right leg below the knee. Mrs. Coulter was proceeding to the arena with her daughter, Mrs. Earl Lucy, to witness the hockey game, when in front of Mrs. A. Conley's residence, Henry St., she slipped and fell, with the above result. Dr. Potts reduced the fracture.

CHURCH MERGER NEARS IN STATES

New York, Jan. 24.—The Reformed Church in America yesterday moved a step toward a proposed merger with the Presbyterian Church of the United States of America when the Permanent Committee on Clerical Relations With Other Churches, adopted a resolution favoring union of the two organizations.

The resolution, as announced by Rev. Dr. Malcolm J. MacLeod, former President of the General Synod of the Reformed Church, was as follows: "Resolved, That it is the sentiment of this committee that the union between the Reformed Church of America and the Presbyterian Church of the United States is desirable, provided substantial unanimity of all sections of the church can be obtained."

Miss M. Luffman has returned to her home in Belleville after spending the past three weeks with Mrs. J. Luffman.—Tweed News.

Telling Fortunes By the Tea Cup

Interesting Book sent FREE

Interest in this form of fortune telling has increased enormously during the last few years, until now you find people everywhere indulging in this pastime and eager to learn what the tea leaves will tell them of the future.

Telling fortunes by the Tea Cup is an interesting feature of Dr. Chase's Almanac for 1930. There has been printed a copy of this popular almanac for every home in Canada. If you have not received yours, ask your postmaster for a copy or send in your name and address and another copy will be mailed to you free of cost. The person who can tell fortunes is most popular at tea parties and helps to pass many a pleasant half hour at the dining table after the cups have been emptied. Just mention this paper and send your name and address to The Dr. A. W. Chase Medicine Co., Limited, Toronto, Canada.

MINERVA CHAPTER

Minerva Chapter, 138, O.E.S. held the installation of their newly elected officers for 1930, as follows:—

Worthy Matron — Mrs. Edith V. Robson.
Worthy Patron — Garnet E. Dobbs.
Assistant Matron — Miss Ella T. Bleeker.
Assistant Patron — Robt. Andrews.
Secretary — Mrs. Laura Hyde.
Treasurer — Mrs. Annie Fleming.
Conductress — Miss Shirley Rainbird.
Assistant Conductress — Mrs. Gret Domman.

Chorus — Mrs. Lucy Cole.
Marchal — Mrs. Victoria Simmons.
Organist — Mrs. Lillian Singer.
Adale — Miss Grace Simmons.
Ruth — Mrs. Grace Vanner.
Esther — Mrs. Esther Follwell.
Martha — Mrs. Myrtle Andrews.
Bleeker — Mrs. Lucilla Roblin.
Warder — Mrs. Margaret Crozier.
Sentinel — Fred Grey.
During the installation Mrs. Muriel Joss presided at the piano.
The pretty tribute to Mrs. Stuart.

Ottawa, took the form of a table scarf of lawn lace, and to Mrs. Nugent, D.D. G.M., a centre piece, from Minerva Chapter, also of lawn lace.

Gratifying acknowledgments were paid Mrs. Singer, Mrs. Hinchey and Weymark, Mrs. Follwell, Mrs. Ingram, Mrs. Gardner, Mrs. (Dr.) Reed, Mrs. Clapp, Mrs. Wilkinson.

Bro. W. C. Mickel, (P.W.P.) in his happiest vein, complimented the officers.

Mrs. Carrie McGuire, retired Matron, spoke of the harmony and co-operation of the members. Her activities in the past year leave the financial end in a flourishing condition—which augurs well for a prosperous year's work.

There is talk of inaugurating day light saving time in Waterloo during July and August next.

Thomas Sampson, veteran C. N. R. man for Stratford division, who for the past four years has been stationed at the Kincardine, Goderich, Southampton and Newton sub-divisions, is being retired on pension.

MEXICO BREAKING WITH SOVIET RUSSIA

Mexico City, Jan. 24.—Foreign Minister Genaro Estrada announced last night that the Mexican government has broken off diplomatic relations with Soviet Russia.

This action has been taken, a formal statement issued from the foreign office here states, because of recent demonstrations before Mexican embassies in the United States and South America by communists.

"The government of Mexico," says

ECLIPSE Y. W. C. T. U. HELD MONTHLY MEET

The regular monthly meeting of the Belleville Eclipse Y.W.C.T.U. was held at the home of Mrs. George Gub, Chalmers street. Mrs. Kenney, the president, occupied the chair. The meeting opened by devotional exercises. The regular routine of business was transacted, after which plans of work were discussed.

Reference was made to the passing away of the late Mrs. A. R. Thompson, what a power for good she had been, her wonderful influence, her prayers, how real! One could not be without feeling that she truly lived very near her God. The president spoke of two red letter days of the W.C.T.U. The Lullaby Yountans day, Jan. 3rd, and the Frances Willard day, Feb. 15th.

Mrs. Lockyer gave a paper on the early days of Mrs. Lullaby Yountans, of Pictou Centre. It was at Chautauque that Mr. Yountans received the inspiration to enter upon the work of temperance organization and at Pictou in 1874 he founded the temperance union of Canada shortly after, that of Owen Sound was started. The first efforts of the Pictou Union were directed against the licensed grocery stores and this menace to the family was one of the first strongholds of the traffic to yield in the greater part of Canada to the attacks of the Woman's Christian Temperance Union.

In October, 1875, in Shattsbury, Pa. she organized the Central Union, the Mothers' Union of Toronto, forty societies. The work spread rapidly to other cities of the province. She also organized unions in the provinces of Quebec, Alberta and Saskatchewan. After eighteen years of active temperance work, Mrs. Yountans was seized with inflammatory rheumatism in August, 1888, and from that time became a helpless invalid. On July 18, 1896, Mrs. Yountans was released from her sufferings, for God called her home. She died in Toronto and her remains were taken to Pictou, the scene of her early labors. "Her works to follow her" a poem from the Canadianization corner of "The White Ribbon Tidings" was read.

Dainty refreshments were served.

he formal statement, upon which the foreign minister declined to enlarge, knows perfectly that this propaganda against our institutions and national evolution was prepared and directed from Russia."

THE RESPONSIBILITY OF A FOND MOTHER

Her child is a never-ending source of joy and a never-failing responsibility to the fond mother. It not infrequently happens that minor ailments of the child distress and puzzle her; she does not know just what to do, yet feels them not serious enough to call a doctor. At just such times as these it is that Baby's Own Tablets are found to be mother's greatest help and friends.

Most childhood ailments arise from a derangement of the stomach or bowels. Baby's Own Tablets will immediately banish them by cleaning the bowels and sweetening the stomach.

Thus they relieve colic, correct the digestion, banish constipation and make teething pains disappear.

Baby's Own Tablets are guaranteed to be free from injurious drugs such as opiates and narcotics and may be given to the newborn babe with perfect safety and beneficial results. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

WOOD'S PHOSPHORINE.
The Great English Preparation. It cures and overcomes the whole nervous system, makes new blood, drives out old blood, restores vitality, debility, mental and brain weakness, dependency, loss of energy, pallor, the heart, failing memory. Price \$2.00 per box, 1/2 for \$1.00 by all druggists, or mailed on plain paper on receipt of 50 cents. Name of druggist desired.

Indigestion Immediate Relief!

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use the best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless—any drugstore.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions, so efficient.

Before and After Installing the Iron Fireman Automatic Coal Burner

BEFORE
Large quantities of high priced coal.

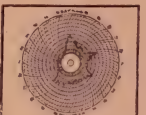

AFTER
Much less coal at a less cost per ton. (The fuel saving is from 15 to 50 per cent.)

BEFORE
Smoking stacks, a menace to the neighborhood and a sign of waste.

AFTER
Clean stacks, a credit to your city; no waste for which to pay.

BEFORE
Uneven heat or boiler pressure; you cannot keep it steady!

AFTER
Steady, even heat or boiler pressure automatically maintained.

BEFORE
Heavy labor costs and hard, continuous work for the fireman.

AFTER
Reduced labor costs and light work for the attendant.

HAND FIRING
Wasteful—fuel fed from above, notice smoky flame and wasted fuel.

IRON FIREMAN
Scientific—fuel fed from below, clear, bright flame, no smoke, no wasted fuel.

J.B. Boyce

348-350 Front St. DISTRIBUTOR. Belleville, Ont.

The IRON FIREMAN Automatic Coal Burner

Please have an engineer check up on my (.....) boiler (.....) furnace and render report as to possible savings by an Iron Fireman. I understand this involves no obligation on my part.

Please mail literature.

Auctioneer.**

VISIT THE LAND OF SUNSHINE

Some people travel extensively—
ocean cruises to far countries, Europe
etc. Why not spend a few months
this winter in California—the land of
sunshine and play, where climatic
conditions are unexcelled the year round?
A fascinating country of much charm,
mountain scenery of great grandeur,
colorful deserts, splendid cities and
beautiful beaches where bathing is the
universal pastime.

Golf, tennis and polo are also very
popular, while yachting, fishing and
hunting can be enjoyed to the full—
dancing in the warm moonlight nights.
When visiting California travel one
or both ways via the Canadian Rock-
et and stopover at Vancouver and
Victoria. Superior hotels, fine golf
courses and magnificent scenery en-
route make this well worth while.

Full information, literature, etc.,
will be gladly supplied by any Cana-
dian Pacific agent.
Mr. J. W. Davidson, C. P. A. C. P. R.,
Belleville, Ont.

On The Air

Reports concerning the reception on
the London Five-power Naval Parley
which has been broadcast all this
week by the American and Canadian
stations have been very good. The
lucky people who did not have to be
at the parley were able to hear it
at the same time and week have indeed en-
joyed something; we think by its in-
fluence on this subject of nation-wide im-
portance. The broadcast of this parley
will be continued next week. It will be
heard through CKGW at 1:15 p.m.
every day but Saturday. Try and take
advantage of this wonderful opportu-
nity to hear the greatest men in the
nation discuss one of the biggest issues in
history.

Despite the bad weather including
snow-storm and wind-scraps every-
thing in the radio world have been be-
having very well. It is satisfying to
have the reception so good with the
weather so bad for then instead of de-
ploring the fact that we have to stay
in we can sit down and enjoy an eve-
ning at home listening-in and be glad
of it. Last night the air was full of
good things and each little movement
of the dial brought something worth
listening to.

Tonight at 10:30, Alfred Cohn, WTIC
violinist will offer his interpretation of
the famous Mozart's Sonata in E
Minor in honour of the latter's birth-
day. He will be accompanied by Doug-
las Bailey of the WTIC staff. A real
treat is in store, tune in.

What can be more lovely than an
organ recital? Tomorrow afternoon,
Eino Tidsmark, musical director of
Union College at Schenectady will give
a recital in the beautiful memorial
chapel of the college. Hundreds of
Schenectadians will fill the auditorium
but thousands outside enjoy these pro-
grams in the city of Schenectady.

Mr. Tidsmark will offer four groups,
opening with two Bach compositions.

TO-NIGHT

SPORTING SECTION

NINETY - MINUTE BATTLE ENDS, 3-3: MAROONS STRUGGLE AT OSHAWA

Brilliant and Unselfish Play by Belleville Players Last Night.

GOALIE'S BUSY

No Score in Overtime as Teams Work Severe into Exhaustion.

Wow, what a hockey game! Ninety minutes of the fastest game on earth without a dull moment was all that could describe last night's fixture at Oshawa between the Seniors of that city and the Belleville Maroons. The game ended in a tie 3-3, but not because the players of both teams did not try hard. They went at it hammer and tongs, and the only goal they saved more counters.

Both teams worked themselves into a state of exhaustion, and in the last overtime period it was all they could do to carry the puck up the ice, and neither team was strong enough to score. The Maroons never looked better than they did last night, playing before a hostile audience of close to two thousand people, and in a strange rink. They certainly put up a game display in every respect, coming from behind in the third period to tie up on two of the most sparkling plays of the night, and then hanging on by sheer grit to the end. Every man on the team deserves all the credit going for the work they did, and a bumper crowd should be here when this team comes to Belleville again.

Ernie Parks, of Toronto, handled the bell, and he did it in an absolutely impartial way, and letting nothing get by him as well. All of which goes to show that Mr. Worley, also of Toronto, who handled the game here Monday night, did as much as anyone to spoil the game for both spectators and players as well as the most of the fans will say he did more.

It would be hard to pick out an individual star on the Maroon team last night, as they all played fine hockey, and were most unselfish with the puck. Only one of the Belleville goals was the result of combination play but on many other occasions combination took them into scoring position and only Old Man Hard Luck and Mr. Leveque, the Oshawa goal keeper, kept them off the score sheet.

In the first period, Leveque saved three different efforts which were labelled absolutely sure goals, the first being when Jack Canning after working his way through the defence, coasted in on the Oshawa guardian with only him to beat. And Jack shot right into his pads. Then the usually reliable Daw Whalen did the same thing on an almost identical play a few minutes later, after which Henry Canning joined the list. But it took good playing to get in those scoring positions, and finally their hard work was rewarded, for Daw gave Bob Scott a pass at the goal mouth which Scotty made sure of, and this tied the score, the first period ending 1-1.

On the whole evening's play, Belleville looked the better team and were much improved over their last appearance. If they play the same kind of game against Queen's at Kingston on Wednesday night, there will be a big surprise handed out to the Tri-county. And there is no reason why they shouldn't, for they seem to have learned when to pass the puck, and when not to, and it has made all the difference in the world in their playing.

Derby Jeffrey in the Maroon goal and Eddie Leveque in the other end, were called upon to make some hard saves, and honors were about even between them. Both turned back attack after attack, and the shog that did beat them were well earned, with the possible exception of the third Oshawa goal, when Jeffrey's view was blocked by his defence men.

The Belleville defence of Murney Green and Alex Weir was much better than the Oshawa pair, most of the Oshawa attack being broken up at the blue line, while the Belleville forwards managed to get in close more often, but could not score. Oshawa has the happy faculty of being masters at the art of "covering" an attacking player in front of their own nets, and several

serious situations for them were relieved by this method. The forward lines were most evenly matched, there being little to choose between them, although the Maroons seemed fresher at the end than their opponents.

The game had scarcely started before Curly Lane, husky Oshawa defenceman, was ruled out for throwing the puck, but Murney Green soon followed him for tripping. Jack Boyd came in for the same offence almost as soon as Green left and Jack Canning almost scored on a wonderful effort before he returned. Midway through the period, Bond went alone, crossed over in front of the defence and backhanded the puck into the first counter. One minute and ten seconds later Daw Whalen and Bob Scott went through, and Daw gave Bob a nice pass for the winning goal. Whalen was right through, and Lane threw his stick, and got a three minute penalty. The period ended 1-1.

Leveque brought the crowd to its feet by a wonderful save from Bob Scott, who was the only player that the Maroons defence looked bad on all night. Play ranged about even for the rest of the period, although Bob Scott was penalized twice and Lane once, all for tripping. The period ended 2-1 for Oshawa.

The third period started rather slow, with neither team taking any chances, on making a mistake, but six minutes after the start Murney Green went through the whole Oshawa team and scored from close in. It was a pretty goal. Three and a half minutes later Henry Canning did the same trick to put his team one goal up. Alex Weir got a penalty, and Oshawa, by a one man advantage, pressed hard, but failed to score. Murney Green then was sent off and while he was in the penalty box Houch shot from the blue line and scored the third for Oshawa, and the last goal of the game. Jeffrey's view was obstructed on that shot, as otherwise it was an easy one.

In the first overtime period, Alex Weir missed a nice chance to score when H. Canning passed out in front, and with the exception of one other play there was little danger of a goal being scored. That occasion was when Rowden went down his wing, got right through, and had only Jeffrey to beat from close in. Jack Canning threw his stick and saved the goal and the game, but he had to take a three minute penalty for doing it. The Maroons managed to stave off the furious Oshawa attack, however, and weathered the storm.

Both teams were tired in the second and third overtime periods, and in the second the goalies were called upon to stop only two shots apiece. Things roughened up a bit in the third, and Green and Rowden were sent to the cooler to forget their differences. Before they returned, Bob Scott got another penalty, and Oshawa did their best to score with the one man advantage, but failed, and the game ended 3-3.

Summary
First Period
Oshawa—J. Bond, 9, 45.
Belleville—Scott, (Whalen) 1, 10.
Second Period
Oshawa—Rowden, 4, 25.
Belleville—M. Green, 6, 00.
Belleville—H. Canning, 3, 40.
Oshawa—Houch, 5, 20.
No score in overtime.

Penalties—Lane (4), Green (4), Bond, R. Scott (3), A. Weir, J. Canning.

Line-ups.

G. Scott G. Jackson

Referee—Ernie Parks, Toronto.

Y. M. C. A. BOWLING

In the Teachers' League game yesterday, O. S. D. succeeded in taking all four points from King George School who were away below their usual good form. Mrs. Blanchard was high lady for O. S. D. and Miss Lounsbury for King George. High gentlemen were Mr. Blanchard for O. S. D. and Mr. Kells for King George.

In the prize competitions things are warming up in great style this week and the rivalry is very keen in both the ladies' and gent's divisions. However there are no sensational three game scores to date and it is still anybody's race in both divisions.

Shamrocks and Freshies had a real argument in their league game which was close all through. Shamrocks took their only point in the third game, but a little short on total for another point. However, the Freshies earned their 3 points taking the first game 503 to 545 and the second 670 to 631.

losing the third 583 to 608. High singles were H. Horrigan 188, V. Holmes 152, 139, V. Oster 145, Peggy Burke 215, Mr. Mahan 180.

Houston Company were just a little too kind-hearted and let the ladies romp home with four counters in their junior league fixture. The ladies were a little better in all three games, but Houston Company made it real interesting in the last two games and little extra would have spilled them though.

Top notch singles were V. Wheeler 193, D. Belnap 195, S. Ford 214, E. Whalen 191, Bert Houston 205, H. Rollins 219.

BELLEVILLE WON FROM NAPANEE, FIRST IN YEARS

Curlers of Local Club Are Victors in First C.O.C.L. Game

For the first time in many years Belleville won a curling match in Napanee. Last night four rinks journeyed to Napanee to play the same number from their club and won by 25 points, the score being Belleville, 63; Napanee, 43. This was the first game of a two-game series in the Central Ontario Curling League, and if the local winners can hold the margin when Napanee returns a week from Monday night, the Central Ontario trophy will come back to the lockers of the local club. Belleville out-curlered the Napanee rinks in all the matches but one, but their lost margin was not enough to reduce the winning percentage. Some excellent matches were witnessed and a large gallery followed the play. T. E. Ketcheson was pitted against C. I. Maybee probably one of the best curlers in Eastern Ontario, and the score was never more than two points difference in the game until the tenth end, when Ketcheson scored a three to put him five ahead. Maybe reduced the margin to two when the game finished.

Davey Davidson had an easy time of disposing of Fred Vanalsine, winning by 18 to 6. At one time Davidson was further ahead, but Vanalsine's rink

struck their strides and with a couple of breaks materially reduced the score. Bob Wray was second best, about last night, some of his shots being un-savvy. At one end Mark Graham was lying three and Bob, with a perfect wrist shot, took out all three of Graham's rocks and was lying four when the smoke cleared. Harold Hufman won from Stock 17 to 12. Harry Stock counting a four on the last end to bring his total up. The ice was in perfect condition, excepting it was tricky on one and four sheets.

After the match was played all retired to the banquet room where steaming hot baked beans, cheese, biscuits and coffee was awaiting the players. The Napanee curlers were always noted for their hospitality and last night was no exception. Coming home the Belleville rinks were snowed a couple of times but made the journey after a little hard work. The rinks and scores were:

Y'S MEN'S TEAM WILL WORK OUT

Prepare to Meet Queen's Basketball Team Wednesday Night.

At 6:45 tonight the Y's Men will hold a strenuous basketball practice in which all the intermediate players are expected to be in attendance. With a hard game facing them on Wednesday evening next, against the Queen's University Quint, the local ball players cannot afford to rest in their reputation or past performances. The University boys are reputed to be one of the fastest aggregations which have represented the college since Queen's entered the E.O.A.B.A. and although the club men will have the advantage of playing on the home floor, they will need to be at their best in order to register a win at the expense of the outsiders.

Both Queen's and the Y's Men have a win to their credit, gained in either case at the expense of the R.M.C. Quint, and if the local players are successful in turning the trick against the University, sound they will be very much to the front in the race. Rumor has it that all three of the Limestone City E.O.A.B.A. teams are stronger than usual this year and if Belleville's representatives hope to make a showing they will need to play high class ball, and that in every game.

RECREATION BOWLING

There were two games played in the C. N. & L. Ladies' Recreation League at the Recreation Alley, yesterday. The Lucky Five had more luck than the Lucky Sticks and took all four points. Mrs. Rowden, with a single of 237 and a three string of 575 was high for the Lucky Five. Miss Loran with 299 and 420 was best for the Lucky Sticks. The Beavers took three points from the Maple Leafs in the second game. Mrs. R. Morgan with 389 rolled the best for the Beavers, while Mrs. P. Kerr with 332 was the best for the Maple Leafs.

In the Men's Junior League the Moher Garage took three points from the City Battery in a very close game.

SPORTING SECTION

Maier took the first point by four pins the second by 25 pins, and for the third by ten pins. They got the total up 25 pins.

In the weekly prize contest in the ladies' section there is a very close race. Miss H. Reddick is leading with 624 and Mrs. Benip is second with 622. No doubt there scores will be beaten either tomorrow afternoon or night as there are several ladies right behind them.

Liberty is leading the men's section with 722, but better scores than that have been beaten on Saturday night, so watch out.

LUCKY STRIKE—Miss Loran 432, Mrs. Morgan 228, Mrs. Loran 255, Mrs. Fisher 365, Miss Dow 272 Total 1482

LUCKY FIVE—Mrs. Loran 499, Mrs. Loran 491, Mrs. Benip 375, Mrs. Cooper 282, Total 1833

UNITY ESSENTIAL TO WELL BEING OF THE EMPIRE

**Sir William Clarke Pleads
For Principles Of
Democracy**

New York, N.Y., (Day Canadian Press) — The guiding principles of the British Empire are the principles of democracy applied not to a single nation or to a group of nations, but to the whole of the world. This was the message delivered by Sir William Clarke, British High Commissioner to Canada, speaking before the Canadian Society of New York.

"In matters of high moment such as the issues now before the nations of disarmament and of policies leading up to the pacification of the world," Sir William said, "the Empire, speaking with the separate but united voices of its member-states, speaks with far greater force than in earlier days when Great Britain spoke alone on behalf of the world."

Sir William subscribed to the language of General Jan Christian Smuts, former premier of South Africa, who, speaking a few days ago in Canada had said that while for the last 10 years the task had been to elaborate the freedom of the dominions, the next 10 years would be devoted to perfecting the unity of the commonwealth.

"Unity is essential to the well-being of the Empire," Sir William continued. "There can be no misconception now as to where, when critical issues arise, each and every member of the autonomous Empire stands. But if the voices were not united, if our several powers followed each their own ways without regard to the other members of the commonwealth, only weakness would ensue."

First and foremost in the endeavor to preserve unity was the need for a large measure of inter-consultation. With this in mind, the British government decided to send their first High Commissioner to Canada.

"I can only say," Sir William went on, "that my experience of a very happy year suggests that this is indeed a means of closer union. A representative continuously in Ottawa is in no sense a token of separation, but is significant rather of a fuller and richer relationship which has come into being between the metropolis and her daughter states now that the daughters have attained to their maturity."

Turning to the situation in India Sir William said it presented perhaps the most difficult of the problems before the British Empire today. "But at least the goal of British policy is clear," he pointed out. "The British parliament has declared that its policy is to provide for the gradual development of self-governing institutions with a view to the progressive realization of self-government in British India as an integral part of the British Empire."

The speaker took occasion to pay tribute to Sir E. B. Howard, reliable British ambassador at Washington. "I am sure," he said, "you would agree me to voice the hopes that one who has rendered such splendid services to his country and to Canada alike and has done so much to promote friendship between the peoples of the British Commonwealth and the people of the United States, will now very soon be leaving the scene of his labor and bringing a long and honorable career to its close."

STUDY CAUSE OF MOLAR DECAYING

New York, N.Y., January 23 — A three-year study to seek the cause of tooth decay will be made by the Columbia School of Dental and Oral Surgery under a grant of \$165,000. The study will be made in co-operation with a group at Yale engaged in similar work and also with other research workers in this country and Europe.

Dean Alfred Owe declared discovery of a means to prevent dental decay would be of the highest importance to health. He said the old theory that decay was due solely to acid films formed on the surfaces of teeth by the fermentation of food deposits was inadequate. He pointed out that some persons who never use a tooth brush do not suffer from tooth decay while others who brush their teeth five times a day do.

Sir Maurice Hankey, who was elected secretary-general of the naval conference in London, England.

All Set for Banff Winter Carnival

A Paradise for skiers is a fair description of the Banff Winter Carnival at this time of year and the dates for the winter carnival at Banff have been set with a view to getting the best possible weather results. February 1-3 skiers will be turned to this beautiful mountain resort. Wonderful scenery and perfect runs are to be found in every direction and there is a special attraction for skiers in the Mount Norquay Ski Camp which can be reached in thirty minutes but from Banff by skis and a dog sled, taking it easy. Pictures show (1) Banff from the Ski Camp; (2) the camp with a group of enthusiasts; (3) the Mills, famous mauler, with his "hunkieboiler"; (4) a typical long ski run near the camp.

Fourth Annual Convention of Church Society

Missionary Society of Belleville
Presbytery Meets At
Napanea

The fourth annual convention of the Missionary Society of the Belleville Presbytery of the United Church in Canada which convened in Napanea on Wednesday and Thursday came to a close yesterday afternoon with the election of officers. The following executive was appointed:

President—Mrs. S. C. Gay, Foxboro Section. President—Mrs. E. Farnsworth, Belleville; Mrs. J. L. Ross, Wellington; Mrs. W. H. Hicks, Madoc; Mrs. P. H. Hooper, Napanea; Mrs. T. H. P. Anderson, Newburgh.

Recording Secretary — Mrs. E. L. Fraser, Trenton.

Corresponding Secretary — Mrs. George Switzer, Napanea.

Treasurer—Mrs. E. J. Corkill, Napanea.

Secretary—Christian Stewardship and Finance—Mrs. M. M. Seymour, Napanea.

Secretary of Work for Young People — Mrs. W. S. Gordon, Tweed.

Secretary of Missions and Baby Band—Mrs. Bruce Finlay, Strathcona.

Associate Helper Secretary—Mrs. John Moore, Belleville.

C.G.I.T. Secretary—Miss Winifred Pearce, Wellington.

Supplies Secretary — Mrs. N. J. McNair, Trenton.

Strangers' Secretary—Miss Alice Fume, Stirling.

Literary Secretary—Mrs. J. E. Mayne, Odessa.

Missionary Monthly Secretary—Mrs. Harry Hill, Belleville.

Press Secretary—Mrs. Percy MacMullen, Stirling, B. R. 3.

Temperance Secretary—Mrs. A. D. Way, Picton.

Delegates from Belleville

Those present as delegates from Belleville were Mrs. Wilfrid Smith, Mrs. H. P. L. Seymour, Bridge Street United Church, Mrs. Yeomans and Mrs. Bell, Tabernacle United Church, Mrs. G. A. Ferguson and Mrs. (Dr.) Moore, John Street United Church, Mrs. J. W. Cooke, Mrs. Harry Hill and Mrs. Farnsworth also attended in official capacity and many from Belleville motored down to be present at the sessions.

Initial Session

Over one hundred were present the initial session convened at 2:15 p.m. Wednesday the president, Mrs. S. C. Gay, presiding. Devotional exercises were conducted by Mrs. Crews and Mrs. Graham of Trenton.

Mrs. P. L. Hooper on behalf of the Women's Missionary Society of Napanea extended greetings to the visiting officers and delegates.

Rev. G. W. Rivers of Madoc, on behalf of the Ministerial Association, extended cordial greetings.

A very suitable reply was given by Mrs. William Haggerty of Cherry Valley.

Brief reports were presented on behalf of the Mission Band and Baby Band by Mrs. Bruce Findlay, of Strathcona; supply by Miss Alma Thompson, Napanea; strangers, by

—Third Floor.

WAIT! IT'S COMING WATCH IT!

CANADIAN DEPARTMENT STORES LIMITED

Miss Alice Hume, Stirling; Missionary Monthly, by Mrs. Harry Hill, Belleville; temperance education by Mrs. A. D. Way, Picton.

A significant statement in Mrs. Way's report was that fifty-four per cent of the voters in the provinces of Ontario are women and if the women had stood united in the recent provincial election the temperance banner would be floating in Ontario today.

Holy communion was observed and was conducted by Rev. A. J. Wilson of St. Andrew's Church, Rev. W. H. P. Woodford of Grace Church and Rev. H. Foley of Selby.

Greetings were extended to the delegates on behalf of the Missionary Department of St. Mary Magdalene Church by Mrs. Shore Loynes.

The last item on Wednesday afternoon's agenda was the meeting of the nominating committee.

There was a large attendance at the evening session Wednesday when Rev. A. J. Wilson of St. Andrew's Church who spent the past summer in the far east gave a very interesting address on "Missions in the Orient," the address being illustrated by many lantern slides.

Treasurer's Report

The report of the treasurer, Mrs. J. D. Mills of Stirling was given, a few of the interesting features being:

Money raised during the year, \$22,186.08; the allocation was \$25,398.00 and although the amount did not come up to the allocation it exceeded the previous year. This amount was made up as follows:

Auxiliary, \$18,608.00; Young Auxiliaries, \$543.70; Circle, \$1,665.18; Mission Band, \$144.33; Baby Band, \$33; C.G.I.T., \$63.50; interest, \$14.33.

Of the 95 auxiliaries in the Presbytery 30 reached their allocation.

The report of the secretary, Mrs. George Switzer was then taken up.

Mrs. Harry Paxon and Mrs. Harold Denison contributed vocal solos, he choir also contributing an anthem.

The Presbytery concluded its sessions yesterday.

**HUMANITY STRESSED
AS INDUSTRY'S NEED**

Ottawa, Jan. 24—Statistics placed on the records by the chairman, William H. Moore, showing among other tendencies a large and increasing fluctuation of seasonal employment in the automobile industry; an address by Rev. Dr. Charles W. Gordon of Winnipeg, better known as "Ralph Connor," the novelist, on the subject of "Humanity and Industry: The Relationship of Employer and Employee"; and a number of concrete suggestions by Thomas A. Russell, manufacturer, of Toronto, to promote the standardization of parts and to distribute more evenly through the year the employment in the industry, featured yesterday's sittings of the Tariff Board.

Mr. Moore placed figures on the records to show some of the causes and the tendencies of seasonal employment, and then called upon Rev. Dr. Gordon, who for three years was chairman of the Council off Industry in Manitoba.

Dr. Gordon commented the constitution and operation of the Tariff Board, and the chairman for the manner of his conduct of the hearings. In dealing briefly with some of the problems presented by the relations of employer with employee he declared that "it is easy to pass a law sometimes, but hard to get it in operation."

Piano Tuning

J. R. MORAN IS IN THE CITY

Mr. Moran has had 25 years' experience—is one of the best Piano Tuners and Regulators. Piano actions built over, worn parts replaced, recommended by all leading music stores and Orchestras' left at Jennings & Sherry's.

**Would not be Without
Zutoo Tablets
At Any Cost**

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great "booster" for Zutoo Tablets. He suffered from headaches from childhood and when he found Zutoo Tablets stopped these headaches in a few minutes and left no bad effect, he began recommending them to his family and friends. In an unsolicited letter, Mr. Norton says in closing: "My family use them when ever needed with equally good results. I have frequently given them to friends who were suffering from headaches and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

35 cents per box—at all dealers.

News of Quinte District

TWEED FAIR BOARD'S ANNUAL MEETING

Tweed, Jan. 25.—The annual meeting of the Tweed Agricultural Society was held in the Council Chambers.

The Treasurer's report showed receipts of \$1,934.39, and expenditures of \$2,004.39.

A committee was appointed consisting of the President, S. McCrea, Dr. Bowley and T. C. Graham, to wait on the Park Association and endeavor to secure a reduction in this figure, and failing in this to enter into negotiations for the purchase of the property.

The President and M. Coulter were appointed delegates to attend the annual meeting of the Central Fair Association at Belleville, on Wednesday, January 29th, and the delegates appointed to attend the Ontario Fairs Association at Toronto on February 6th and 7th were S. McCrea and C. J. Brown.

Officers for the year 1930 were elected as follows:

Hon. President—A. H. Mouck.
President—S. McCrea.

Directors—Dr. Bowley, G. Brown, W. E. Timmon, M. P. W. H. Craig, M. Coulter, C. Rush, D. Fleming, W. H. Sayers, J. W. Kingston, D. H. Morrison, T. C. Graham, George H. Stokes, S. B. Rollins, W. K. McCaw, H. Varty, W. H. Hicks and John Quinn.

Lady Directors—Mrs. J. W. Kingston, Mrs. George H. Stokes, Mrs. Drinkwater, Mrs. A. H. Mouck, Miss M. Johnstone, Mrs. George Brown, Mrs. J. L. Newton, Miss A. Rayburn, Mrs. S. McCrea, and Mrs. A. C. Blakely.

Auditors—A. Yule and T. C. Graham.

J. L. McGowan and D. H. Morrison were appointed a committee to make a canvass of the district for new members.

STIRLING

Mr. and Mrs. J. W. Hulin, of Madoc, were Stirling visitors for a couple of days this week.

Mrs. J. D. Mills and Marjorie, of Allston, were the guests of Miss Lucy Williams over the week end.

Mrs. C. A. Farrell, of Grimsby, is visiting her parents, Mr. and Mrs. R. P. Coulter.

Mr. and Mrs. Bencock, of Toronto, spent last week with their son, Mr. C. Bencock.

Miss Gertrude Callaghan spent the week end with Mrs. J. S. Walbridge.

Mrs. R. Girdwood has returned home after visiting her son at Barrie.

Mr. and Mrs. J. B. Hough and Douglas, spent the week end with the former's parents, Mr. and Mrs. A. L. Hough.

Mr. and Mrs. R. W. Wense were Belleville visitors on Wednesday.

Mrs. E. W. Rowland, Mrs. H. C. May and Miss A. Hume are attending a Presbyterial meeting in Napanea this week.

Miss M. Harrington, of Campbellford, spent the week end with Mr. and

Banish that Backache!

Get prompt relief from that nagging backache by rubbing it vigorously with Absorbine Jr. This famous liniment speeds up the circulation, scatters the congestion and quickly banishes the pain or ache.

Each succeeding treatment of Absorbine Jr. will reduce the frequency of the attacks and take that annoying stiffness out of your back.

Though a powerful antiseptic liniment, Absorbine Jr. is quite harmless, pleasant to use, stabilizes and greases, \$1.25—at your druggist's.

PROBS—Light snow or rain.

May Modify Globe Tonnage Contentions

MODIFIED GLOBE TONNAGE THEORY MAY AID PARLEY

Form of Limitation of French View May Be Adopted.

HEADS TO MEET

British and French Delegates Meet for Conference Late Today.

London, Jan. 27. (CP).—At least one phase of the French naval desires which threatened trouble to the Five Power Conference has been reached. The French have reached a possible solution with a modified form of limitation of global tonnage theory. The French had throughout contended for a limitation of war vessels by the total tonnage scheme which would allow them to build as much as they wanted in whatever class they wanted, providing always the total limits were not exceeded. This proposal would allow shifting from one category to another within limits providing due notice were given the other powers concerned in the limitation treaty.

The French delegation will meet the British this afternoon for conference.

Following official communique was issued today at the conclusion of a three hour meeting of the heads of the delegations to its naval conference: "The heads of the delegations met at Number 10 Downing street this morning to conclude their discussions on the programme of work to be submitted to the conference. At 1 p.m. the meeting adjourned until Tuesday morning when it will resume at St. James' Palace."

London, Jan. 27. (CP).—The Conference at St. James Palace between British and French delegates for late this afternoon was cancelled when Premier MacDonald decided to attend the debate in the House of Commons on the ratification of the optional clause of the world court recently signed by Great Britain.

EIELSON PLANE WRECK IS FOUND

Shattered on Ice Island or Lagoon Near Coast of Siberia.

Seattle, Wash., January 27.—On an island of ice in a lagoon near the coast of Siberia, 9 miles southeast of North Cape, two fliers, Saturday, found the scattered wreckage of the airplane of Carl Ben Eielson and his mechanic, Earl Borland, missing since November 9. The wreckage, lying in the Angliema river valley, where recent despatches from Moscow reported a plane wrecked.

With its cabin split wide the wreckage of the plane was strewn over a wide area.

The craft had fallen apparently from a high altitude. The motor had been torn from the fuselage and hurled more than 100 feet from the ship, the right wing was demolished and the tail was torn off. A search of the deep snow, which was drifted over the wreckage, revealed no trace of the fliers.

Pilots Joe Crosson and Harold Gilliam, who made the discovery, said Eielson and Borland must have been killed at the moment of the impact.

Details of the find were communicated to Seattle today in radio messages from Marion Swenson, marconist on the fur trading ship "Nanuk" at North Cape. Eielson and Borland left Teller, Alaska, November 9 for North Cape to transport passengers and furs from the "Nanuk" to Nome. They were never seen again.

EX-KAISER OBSERVES HIS 71ST BIRTHDAY

Dorn, Holland, Jan. 27. (CP).—The former Kaiser Wilhelm, who has been eleven years in exile, celebrated the 71st anniversary of his birthday quietly today. He attended the divine service with his family, his staff and servant also were present. Later he received their congratulations. During the day the Kaiser's zodiac sign floated on the Cayle and over the entrance gate.

THE WEATHER

Cloudy and somewhat milder today and Tuesday, with some light snow or part rain.

A FAMILY TREE.

This unique example of family history was designed and executed by John H. Brown, and presents a striking illustration of the manner by which one of Ontario's oldest families has multiplied during the past century and a half, since its founding in

Canada by the Irish-immigrant John Brown, who left County Cavan, Ireland, in 1776. The photographs here show: (1) John Brown, who compiled the tree; (2) the tree, and (3) Mrs. John Brown.

2 CRUISERS UNDER CONSTRUCTION CANCELLED BY BRITISH GOV'T

Surrey and Northumberland Were to Be the First of "County" Class.

London, Jan. 27. (CP).—The British admiralty today announced it had cancelled orders for the construction of two new cruisers, the H.M.S. Surrey and H.M.S. Northumberland. On July 27th Premier MacDonald told Parliament work on the cruisers would be suspended temporarily. No information was forthcoming immediately as to the reasons why or circumstances under which the cancellation order was issued. The Surrey and Northumberland were both to have been 10,000-ton cruisers of the "County" type. Officials of the Devonport and Portsmouth dock yards stated in July that although neither cruiser had been laid down, preliminary work had been carried out in connection with them. The Surrey would have been the first warship in the history of the British navy to be called after that county.

HOIST IN INDIA NATIONAL FLAG

India Celebrates Independence Day in Various Centres.

Bombay, India, Jan. 27.—Sunday was celebrated in various parts of India as "Independence Day," in accordance with the decision of the all-India congress at Lahore last Christmas. A great meeting in the Bombay headquarters of the congressional committee opened the independence day programme by hoisting the national flag amid cries of "Long live the revolution." "Up with the national flag" and "Down with the Union Jack" speakers urged the crowd to carry on an unceasing but non-violent campaign to free the country from foreign domination and make their independence a reality.

Sale of Beer By Glass In All Provinces Labor's Aim

Ottawa, Ont., January 27.—Sale of beer by the glass in all provinces of the Dominion remains as one of the planks in the programme of the Trades and Labor Congress of Canada, according to president Tim Moore. Mr. Moore pointed out that a resolution dealing with this phase of the congress policy had perhaps been over-emphasized when the Trades and Labor group ap-

6 BLINDED?

Gary, Ind., Jan. 27. (CP).—Six men were found groping their way along a Calumet City street last night. They had been drinking alcohol, they told the police. All may be permanently blinded. One member of the group whom the police found national, said the men had purchased alcohol from a Hammond druggist, explaining that they wanted it to remove varnish.

BROWN HAD GOAL OF MILLIONAIRE

Mania for Wealth and Parties Blamed for Situation.

Stratford, Jan. 27.—When today closes, Alderman Tom Brown will be ex-almayor, officially expelled from the city council of which he was once mayor, as a bankrupt and a fugitive from justice. But he remains one of the most popular men in Stratford. The special meeting of the council called for Monday night to declare his seat vacant is inspired mainly by legal necessity and the obvious inappropriateness of having on the roster of the council a man who stole, it is alleged, more than \$200,000 from his clients and spent it in high living or lost it on the stock market trying to be a millionaire.

But it could hardly be said that the meeting is born of a wave of public sentiment, of vindictive bitterness, or of a desire to humiliate or disgrace former a man who has humiliated and disgraced himself as thoroughly as could be done. With the natural exception of those whom he robbed and left destitute, Brown is "poor Tom" to the majority of people in Stratford.

Mercury registered in below zero early Sunday in Belleville.

OVERCOME WITH GAS IN HOUSE; FOUND IN TIME

Miss Lois Thompson Had Been Busy Baking at Time.

FOUND BY SISTER

It Is Believed Gas Failed to Ignite and Escaped Unnoticed.

Miss Lois Thompson, 125 West Bridge Street, had a narrow escape from death Saturday afternoon at her home when she was overcome by gas. The young woman was alone in the house at the time and had turned on the oven of the gas stove, preparatory to baking. It is thought that the gas failed to ignite and quickly flooded the room, overcoming Miss Thompson before she was aware of what was happening. She was found by her sister, Miss Margaret Thompson, when she returned later in the afternoon.

Dr. Stobie was immediately called, and today the gas victim is resting as easily as possible under the circumstances with every prospect of complete recovery, although had she not been found when she was, there is little doubt but that she would have succumbed.

According to Mrs. P. P. Thompson, her mother, she is feeling much better today although still weak and ill. When Margaret Thompson arrived home she was just in time to prevent a tragedy, as she noticed that the house was full of gas as soon as she entered the front door. She immediately ran to the next door neighbour, Mr. S. S. Finkle, who returned with her and threw open the doors and windows. In the meantime Miss Margaret Thompson had found her sister lying on the floor in the kitchen, and had gone to phone for a doctor and her mother, who was at the Thompson Ladies' Wear Store.

Miss Lois Thompson is a teacher at Queen Mary School, and is a daughter of the late Frank C. Thompson, well-known Belleville business man, who passed away a year ago. Her many friends wish her a quick recovery.

POLICE ASKED TO WATCH BROKER

Printed in big black capitals and neatly posted on the bulletin board of the local police station is a notice bearing the heading "\$10,000 reward for the arrest of Tom Brown, wanted for theft of bonds." Beneath this interesting notice is a picture of the Stratford lawyer and broker and a full description of him as follows: age 36, height, 6 feet; hair, black, and complexion, dark. It also says that "He is a good dresser" and that the accompanying picture "is a good one." A list of bonds, running the full length of the sheet, follows, which he is alleged to have stolen.

GOSPEL MOULDS LIFE OF PEOPLE

Rev. Canon Gould Speaks of Changed Outlook in Many Fields.

Among the many fine opportunities for spiritual uplift yesterday which the city was favored with, great honor was also conferred in the visit and addresses at St. Thomas and Christ Churches by Rev. Canon Gould, D.D., D.C.L., M.D., General Secy of the Missionary Society of the Church of England in Canada. Thirty years ago he labored in Palestine and observed the effect of Kaiser Wilhelm's tour there and to Constantinople. After the war Canon Gould noticed the change in attitude of German residents and their dejected demeanor. In a year and a half facilities for travel were tremendously improved. The Canon witnessed then the first motor car to enter Assyria. Out the General Synod of Anglicans held in 1927 a new departure was made so Canon Gould claims in church programs in Canada. For a committee of bishops executives, ministers and laymen was appointed to make a survey of the problems and needs to be faced in the work of this denomination and the report to be submitted this year will be as a window of outlook for the General Synod. Canon Gould along with two others of the General Synod, the Rev. Canon Gould, D.D., D.C.L., M.D., and the Rev. Canon Gould, D.D., D.C.L., M.D., persons of Bishop Owen, of Niagara. Losses in Brown Smash May Total Half Million

Stratford, Jan. 27. (CP).—Official list of victims and their respective losses in the Tom Brown case, a copy of which has been sent to the Attorney General's Department, was given out today by the police here, setting the total loss from vault and safely deposit boxes at \$233,296. This figure does not include losses reported from altered mortgage deals and theft of cash given to Brown for investment purposes. It is thought here that the total loss may reach half a million dollars when proofs of claim are all

\$250,000 FIRE
Montreal, Jan. 27. (CP).—Fire early today partially destroyed the Montreal Automobiles Limited Garage on Sanguinet Street. The damage estimated at about a quarter of a million was done to the building and contents which included one hundred and fifty automobiles, damaged by cold the fire under control. Loss was partly covered by insurance.

TO PICK WARDEN AT SHIRE HALL

Interesting Opening of January Session of County Council.

Tomorrow morning at 10 o'clock the Hastings County Council will meet for their first meeting of 1930. Organization will be completed tomorrow and the first business to be conducted will be the selection of a Warden for 1930. There are two names mentioned for this post of honor, these being Col. Roscoe Vandervander, reeve of Sidney, and C. E. Laycock, reeve of Marmora township. The Warden this year will be a Liberal, according to custom, the Warden for the past two years having been a Conservative. There will, it is expected, be a close vote, as there are only nine Liberals in the council, they being the only ones with the right to vote.

There are 31 members of the Council, they being as follows: Thurston Reeve, R. M. Mitchell; deputy reeve, W. Gray, Sidney; Reeve, Col. R. Vandervander; deputy reeve, W. Rogers, Tyndinaga; Reeve, J. S. Meagher; deputy reeve, J. A. McKinney, Rawdon; Reeve, F. W. Brown; deputy reeve, W. S. Stiles, Hungerford; Reeve, G. H. Stokes; deputy reeve, Geo. E. Jordan, Madoc Village; Reeve, W. Whylock, Madoc; Deputy Reeve, C. Thompson, Elzevir and Grimsby; Reeve, Jas. Moore, Frankford; Reeve, George W. Arnott, Stirling; Reeve, T. Montgomery, Tweed Village; Reeve, W. S. Gordon, Deseronto; Reeve, C. W. Malley, Marmora Village; Reeve, P. N. Martell, Marmora; Reeve, T. Laycock, Bancroft Village; Reeve, L. E. Reid, Montegale and Herschel; Reeve, John Anderson, Mayo; Reeve, James Bronson, Limerick; Reeve, R. C. Brett, Dunganston; Reeve, F. Adams, Wollaston; Reeve, W. N. Girty, Bangor, Wicklow and McClure; Reeve, Chas. Burlingame, Huntington; Reeve, W. Morton, Tudor and Cassel; Reeve, Jas. Spracklet, Carlow; Reeve, H. Hargett, Deloro Village; Reeve, S. B. Wright, Parady; Reeve, U. E. Hubbell.

Wardens of Hastings
The following have been Wardens of Hastings County from 1872 to 1929: 1872-84, P. Wood, Madoc; 1873-84, Billie Flint, Elzevir; 1874-84, P. Wood, Madoc; 1875-84, Thos. Em, Huntington; 1876-84, R. Stiles, Sidney; 1877-84, Thos. Walker, Rawdon; 1878-84, W. R. Aylesworth, Deseronto; 1879-84, P. Pearce, Marmora Village; 1880-84, Harford Ashely, Thurlo; 1881-84, W. R. Aylesworth, Deseronto; 1882-84, Robert Gordon, Hungerford; 1883-84, E. O'Flynn, Madoc Village; 1884-84, W. Faulkner, Stirling; 1885-84, T. Wilnot, Sidney; 1886-84, J. A. Deigan, Dunganston; 1887-84, C. Hanley, Tyndinaga; 1888-84, H. G. Blecker, Sidney; 1889-84, Matthew Robinson, Huntington; 1890-84, N. Vermilion, Thurlo; 1891-84, Jas. Duncan, Rawdon; 1892-84, Thos. Cross, Madoc Village; 1893-84, P. J. Thompson, Elzevir; 1894-84, J. M. Parley, Sidney; 1895-84, J. S. Martin, Stirling; 1896-84, P. Clark, Limerick; 1897-84, S. Dench, Sidney; 1898-84, J. K. McCargar, Thurlo; 1899-84, James Elgie, Madoc; 1900-84, James Elgie, Madoc; 1901-84, J. W. Pearce, Rawdon; 1902-84, J. A. Deigan, Sidney; 1903-84, W. J. A. Deigan, Sidney; 1903-84, W. J. A. Deigan, Sidney.

SNOW REMOVAL EXPENSIVE, BUT STREETS BETTER

Heavy Storms Make Test Clearing Snow Quite Costly.

\$4,000 TO DATE

Late December Storm Was Costliest of Season's Blizzards.

While city workmen have been given almost steady employment during the past two months, and the emloyment problem in this city has hardly been a problem at all, the snow removal which has created this happy situation has cost the city a much larger sum than in the past few years when the snowfall was comparatively light and the number of men required for its removal in the Spring in the form of ice, consid- erably less.

The year 1921 holds the record for the lightest snowfall, only several hundred dollars being spent during the entire season for snow removal. Records of the amounts spent in 1925 and 1926 are also also small when compared with the sum spent during the past two months, which can be approximately said to be close to \$4000. This amount will be considerably increased before the winter is over.

The heavy snowstorm which hit Belleville on December 20th and which will long be remembered by Eastern Ontario cost Public Works Department approximately \$2,500. Of this amount \$1,427.25 was spent in drawing the snow from the streets and \$533.30 for the removal of the snow on Front street. During the month of December alone close to \$3,500 was spent for street ploughing and drawing of snow from city streets, removing snow from Front street, opening gutters, and catch-basins and removing ice. The amount spent during the same period last year was under \$100.

The Works Department are to be congratulated on the conditions of the streets, since snow removal was inaugurated approximately \$2,500. It has made heavy demands on their resources they have put forth every effort and have succeeded in keeping the roads in good shape for automobile traffic. It can be truthfully said that the local situation is second to that in no other city along the line.

WOMAN IN BRASS CASE IS JAILED

Man Makes Appearance in Court Room and Is Remanded.

Miss Mabel Graves, charged with the theft of a quantity of brass from the Canadian National Railways was sentenced to six months in jail by Magistrate Miles this morning, while John Way, who was shot in the leg by Police Constable while fleeing, it is alleged, at the time of his arrest, was remanded in custody until a week from today. Way walked with a decided limp, his wound apparently not being completely healed yet. Mr. C. A. Payne, counsel for Way, withdrew from the case when he saw what purported to be a signed confession given by the accused man to the police, as it would have been impossible for him to act for the accused owing to the fact that it mentioned it is said, two prior clients, who were charged with receiving stolen goods, were named, not guilty, and then asked for enlargement for a week. This was granted in both cases, bail being set at \$2,000 apiece. It is alleged by the police that these men bought the stolen brass from John Way, who is said to have stolen it from the C.N.R. Way was shot in the leg by a C.N.R. Constable three weeks ago when he ran after being warned to stop. At the time of his arrest a bag containing brass was found in his possession.

TWEED WATERWORKS

Tweed, Jan. 27.
Tweed's Waterworks and Sewer System is almost completed. We have a splendid supply of good well water, sewers are working fine. Will prove to be a great asset to Tweed. The net cost was about \$60,000.

BLISS CARMAN'S VALEDICTORY.

Bliss Carman has given his last message to the world in "Sanctuary: Sunshiny House Sonnets". The Hamilton Herald speaks of his qualities as a student and lover of nature, in these words:

"Bliss Carman was a walker on the earth. He was not a tramp in the ordinary sense who makes a continent his playground. He was at home in his own district and he made that his garden plot. There he communed with the sweet influences of the fields and woods; the enchantment of the birds was strong upon him, and the yearly mystery of flower and plant and tree in their returning life, taught him 'that all the old earth magic is renewed.' He recognized the implicit promise of this returning life and its 'impassioned ecstasy,' but he was slow to place its meaning on human destiny.

"There is perhaps a clearer expression of his faith in the Life of Nature in this than in any of his earlier books. It is not such an expression as the so-called orthodox would welcome.

"In the Wild Geese lines he returns to the source of all experience in 'some deep immemorial past' for the solution of the enigma of the present, and in the Buddha sonnets accepts the faith of the never-wearying life. Which takes new forms yet keeps its fervor pure, And out of darkness into light returns.

"Bliss Carman does not omit to distill the essence of this all-abounding life for those whose hearts are not yet wakeful enough to understand all the mystery. Heaven is no larger than Connecticut, he tells us. One firelit room is large enough for heaven, For all we know of wisdom and of love, And the eternal welfare of the heart.

"These thoughts spring unobtrusively out of his intimate love of nature and his study of the seasons as they pass. It is a last sheaf gleaned from a field of beauty where he wandered untrammelled, and whose marches lie open for all who would follow."

NEW (OLD) STYLE WINTER IS BEST.

The style of winter we are having this year is of a kind to satisfy the agricultural class. With plenty of snow as blankets for the roots and seeds sown in the autumn, it guarantees protection against the cold or killing by exposure or by the formation of ice. It means the wells and streams will be filled in the spring.

The farming class as said before, enjoy this weather. It does little or no harm to the

city class and accordingly it ought to satisfy all, for it brings the almost certain assurance that if the winter is moderately severe, the spring will not be delayed.

LIQUOR AND DRIVING OF MOTOR CARS.

Drivers of motor cars who mix their gasoline and drink ought to listen to the words of the Hamilton Spectator commenting on the case of a man who was sent to the reformatory for two years less one day for negligence in killing a man with his car. The judge had said:

"When you come out, if you wish to drive a motor car and you wish to drink, be sure that you do not try to do the two things at the same time." We wonder how many motorists who are given to the practice of mixing booze and gasoline, readings that judicial charge, said to themselves: "There, but for the grace of God, go I?" The piloting of an automobile these days, even when strictly sober, is an exacting operation. One's judgment is continually being tested. There is sympathy for motorists who make honest mistakes of judgment that result in the injury or death of their fellows, but neither courts nor public sympathize with drivers who kill while being fuddled with liquor. Mr. Justice Logie, sentencing the defendant to the reformatory, said he took into consideration the fact that the man was in no sense a criminal, but the public would not be satisfied nor justice done if he was let off with a light sentence. It will be interesting now to see what effect, if any, the disposition of this case will have on those whose habit it is to make alcoholic whoopee in automobiles."

A KINDNESS CREED

A little round of duty,
To do from day to day,
An eye for all the beauty,
We see upon the way.

A hand to help a brother,
Or a creature in distress;
A smile to greet another,
And a word of friendliness.

A tongue to intercede,
For the fallen and the weak;
A kindly act to those in need,
Whose lives are dull and bleak.

A heart so filled with gratitude,
No room therein for guile,
A kind forbearing attitude,
To those not "just our style."

A mind to grasp the best
In others that we see,
Content to leave the rest,
To a higher power than we.

These comprise some simple things,
Not very hard to do,
And each, a ray of sunshine brings,
To help, in smiling through."

—C. P. Culliford

PASSING YEARS From The Intelligencer Of This Day Years Ago

The authorities of Albert College are very much concerned over some thing which has been going on there lately. Some of the resident pupils had their trunks broken open and clothing etc. taken.

Mr. David Price for twenty years a traveller for the large wholesale hardware firm of Frothingham and Workman, Montreal, has severed his connections with that firm and accepted a position with the Abbott-Mitchell Co., rolling mill of this city.

DRUG STORE

HAVE YOU HEARD THESE?

She was giving an order to the grocer.

"And I require some cheese," she said.

"Yes, miss," replied the grocer, smiling amiably. "I have some lovely cheese."

"You should not say 'lovely cheese' said the woman severely.

"But why not, miss? It is lovely cheese."

"Because—" she tried to combine modesty with an air of learning—"because lovely should only be used to qualify something that is alive."

The grocer's smile broadened as he glanced at the Gorgonzola.

"Well, miss," he said. "I'll stick to lovely!"

Lady at Door: Aren't you the man who was here 10 minutes ago?

Tramp: Yes, missus. You said you'd give me somethin' next time I called.

New Lodge in Hamilton: You look like an educated woman.

Landlady: I am if you pay regularly but if not, I can be very uneducated.

"Why, that steak must weigh three pounds, at least. Surely, you're not going to eat it all alone."

"No, I'm just waiting for the vegetables."

Teacher: Now, Willie, if James gave you a dog and David gave you a dog, how many dogs would you have?

Willie: Four.

Teacher: Now, dear, think hard? Would you have four if James and David each gave you one?

Willie: Yes. You see, I got two dogs at home now.

Hostess: Why, William, I never saw you stuff yourself like this before!

Little Son: You never had a meal like this before.

"How do you like me in my new gown? I got it for a ridiculous price."

"You mean you got it for an absurd figure!"

It was a bitter cold morning when nurse went in to take little Martha up and give her a bath. The little miss demurred, and drawing the cover close about her head:

"Nurse, please go and as Mother if I mayn't have a 'dry-cleaning' this morning."

THAT BODY OF YOURS

By James W. Barton, M.D.

WATER WITH MEALS

One of the theories that was accepted years ago was that the drinking of water before, during, or immediately after meals was unwise as it so diluted the stomach juice—made it so thin—that it lost some of its power to digest food.

As a matter of fact a little fluid before, during and after meals is really helpful as it has been found that, the digestive juices, in fact all the juices of the body need plenty of fluid and do their work better if given a good supply of fluid.

This was first noticed when it was discovered years ago that the amount of urine thrown off by the kidneys varied with the amount of water taken.

Now an over supply of water at one time, say three or four glasses, in an individual with a nervous body, which so often means a "cropped stomach," or in an individual whose stomach is placed low, causes the stomach to drop still further. This means an extra long climb up for the food before it can get out of the stomach into the intestines. This bulk of water also interferes to some extent with the muscular action of the stomach.

However a Russian research physician, Dr. W. H. Gant, has been able to show that when the water intake is insufficient the amount of stomach digestive juice becomes greatly lessened.

Now this means that a little water should be taken regularly aside from meals.

Dr. Gant points out that babies should be given a little more water than is usually given, because the needs of the youngster are determined by the allowance of the parent or nurse rather than by the instincts of the baby.

A point to remember is that when you see food that you like the digestive juices in the mouth and stomach

RELATES STORY OF MOOSEHEART

Local Organization Hears
P. A. Shanor of
New York.

Friday night in Moss Auditorium an event of importance took place when the Belleville Lodge, No. 1004, held its Chapter 430 and 18th Division No. 31 held an open meeting with a large number in attendance.

Mr. Pat Donohue, deputy grand master of Mooseheart Lodge, Quinze Division No. 187 acted as chairman. The guest speaker for the evening was Mr. P. A. Shanor, of New York who has been detector of U. S. New York Lodge for the past nine years.

Mr. Shanor is thoroughly conversant with Mooseheart and Mooseheart work and his talk last night was along this subject. He gave much valuable information concerning these two great institutions. Miller of all the splendid work done by them, Mooseheart explained the speaker was entirely for the children, and here hundreds of youngsters were looked after, taught the religion of their parents and given a good sound training for whatever profession they wished to follow.

Mooseheart is the refuge of the older people, and here those who have no relatives or friends they can go to, are taken care of. It is not wholly a charitable institution, although those without means are taken care of. Anyone who has the means can have the comforts of the home by paying a small sum towards their board. Mr. Shanor concluded his instructive talk by urging that all the lodge work together for the development of a great fraternal organization. The speaker was extended a vote of thanks, moved by Mr. Dutton, for his interesting discourse.

Other speakers of the evening were Mrs. J. Fullman, Grand Recorder, of Peterboro Lodge, who brought greetings from her division and spoke of the work being done in her part of the country.

THREE FOREMEN INJURED

(By Canadian Press)

Toronto, January 25.—Three firemen were injured early today when the wall of a garage collapsed. Two suffering fractured legs and the other an injured shoulder. The firemen were Capt. David Ferguson, William McMillan and Sam Cowan. The firemen had been called to a fire in a private garage. Two motor cars were badly damaged while the garage was gutted.

and even of the pancreas also, begin to flow and the food thus gets a really good start towards digestion.

With food that you do not like there is not such a flow of juice. Therefore it would be wise to drink a little more water with that particular meal. The water helps you in a mechanical way by softening the food and making it more liquid, but also because it really stimulates a greater flow of stomach digestive juice.

In overweight individuals whose tissues hold more water than the rest of others, the water intake should be guarded. They should drink when thirsty but take only a quarter or half a glassful of water, instead of two or three glassfuls.

English Comedians Like Canada

Dan Leno Jr. left and George Wood right, English comedians of the Birmingham Pantomime company, photographed at Montreal prior to their departure for Europe in the Canadian Seythia from Halifax. Their successful appearances before large Canadian audiences during an extensive tour of the Dominion have made them enthusiastic over Canada and Canadians' sense of humor.

WEEK END CLUB DANCE

A dance was held in the "Moss" Academy on Saturday night by the Week End Club and proved a success of the most successful to be held in the season. "Charlie" Cochrane and his piece New Bon Ton Orchestra played for the occasion. A special treat to find the floor and enchainé dancers immensely to the rhythm of the tunes played from nine o'clock until the town clock struck the midnight hour. These Saturday night dances are proving even more popular.

Madame Nevada, Palmist and Medium at Hotel Crystal, Friday and following week. 27-119

TO PLAY ON WEDNESDAY

The V's Men's basketball team will have a league game with the Queens University team at the local Y gymnasium on Wednesday night. The locals will play a close game from the Royal Military team in Kingston last week. The narrow margin of one point in a game will be played in connection with the league game and a time evening of sport is promised.

HEAVY SNOW-FALL IN CALIF.

According to word received by Mr. Edward Tickell, the state of California is experiencing more snow this season than for some years. In two communities, one from his brother, Dr. Alfred Tickell, of Nevada City, California, and the other from William, of Berkeley, the fall is decidedly heavy, although it melts within a few hours.

SOCIETY BANQUET FRIDAY

Christ Church Men's Society have secured a talented and well-known speaker for their banquet at the parish hall on Friday night. Professor Bain, of Toronto University will make his first appearance here and the officers of the Christ Church body are extremely fortunate in securing a man of Professor Bain's calibre. These banquets are open to anyone who wishes to attend and Mr. Fred Chamberlain, president, stated that all will be made welcome.

LADIES' NIGHT AT "Y"

The Y's Men's Club will hold their regular Ladies' Night at the Young Men's Christian Association building tonight. This event is looked forward to by the members and special features have been arranged. Dinner will be served in the lecture room while the guests will adjourn to the gymnasium at the conclusion of dancing. Mr. P. C. MacLaurin, principal of the collegiate will be the chief speaker.

BARN WAS BURNED

Some excitement was created in Stoney Lonesome shortly after midnight this morning when flames were noticed shooting from a frame barn owned by Isaac Hodgins. The structure was an easy prey to the flames and was quickly consumed. There was little of value in the barn excepting a buggy and a small quantity of harness and Mr. Hodgins' loss will not be heavy. The origin of the fire is unknown. It is understood that the small loss was covered by insurance. The building was erected only a short time ago.

FORTY HOURS' DEVOTION

What is called the Forty Hours' Devotion began at St. Michael's Church yesterday morning at the 8 o'clock Mass. The opening of this devotion was marked with beautiful ceremonies and singing by a boy's choir. The altar was resplendent with many candles and masses of flowers. The evening service began at 7 o'clock and the church was filled to capacity. The Forty Hours Devotion continues until tomorrow closing with services at 7:30. Rev. Father Kinlin and Rev. Father Baker are the officiating priests.

REHEARSAL PROGRESSING

"Through the Ivory Door" the annual school play which will be staged next week by the Belleville Collegiate Institute and Vocational Schools, is progressing rapidly under the capable direction of Miss Madeline Young, English teacher at the Collegiate. The cast is holding practices three and four times a week and the scenery is being prepared. This promises to be the best play ever attempted by the Collegiate.

GAVE ORGAN RECITAL

Following the Sunday evening service at Holloway Street United Church, last night, Mr. Alex Gordon, organist, gave a delightful organ recital, which was greatly appreciated by the congregation, all of whom stayed following the regular service. Mr. Grant Maidens rendered a baritone solo: "I shall not Pass again This Way," which was also well received.

LECHURE PARTY

Mrs. J. C. Lancaster was hostess at a delightful lecture party on Thursday night under the auspices of the Christ Church Scout Mothers' Auxiliary. A nice crowd turned out and a good sum was realized. Winners at cards: ladies' first Mrs. Delina; second, Mrs. Lauder; consolation Miss Alexander. Gentlemen's first Mr. Lunnis; second, Mr. Louis consolation Mr. York. Refreshments were served and a pleasant time was spent in social discourse.

SATURDAY AT ARENA

Send as the rink Saturday night attracted a splendid crowd of skaters. The ice was all that could be desired and the band supplied a snappy programme of music Saturday night is a popular band night with the largest crowd of all the week turning out. Matches and exhibitions on Wednesday night provided it doesn't interfere with the hockey schedule.

VISITORS WHO COME

AND GO
Miss Milton Delina, Catherine 28, who has been ill at present, arrived in the city from the west and with her parents in the city.
Mr. Albert Miller, who is taking a training course in radio work in Toronto was in the city for the week end.
Mrs. Thomas Alexander, (Belleville) who suffered a stroke last week, is reported in a favorable condition.
Mr. Earl Shandland, recuperating at his home on Alexander Street following a recent operation at the Belleville General Hospital.
Mr. Arthur Cole, Standard Bank apartments will be able to resume his duties at the Canadian National Railways shortly. Mr. Cole injured his foot some weeks ago when he fell from the top of a box car.
Mr. John W. Fox, Colborne Hill, is visiting his sister, Mrs. Arthur Jones, Tweed.

Miss Beatrice Searles, of Trenton, leaving for Toronto on Tuesday to attend the Bank of Commerce bill which is being held at The Royal York Hotel, on Tuesday night.
Mr. J. L. R. Gorman, who has been ill for some weeks is still practically confined to the house, though he has recovered sufficiently to take occasional short walks.

VIVIAN IS SOUGHT IN EASTERN ONTARIO

Mr. George Tellefson, Immigration officer was in Kingston on Saturday conducting a search for William Vivian who escaped from his custody on Thursday night when on a train near Trenton, while being taken east to board a steamer for overseas. It is understood that the man has relatives in the Kingston district and believing that he may go there a special watch is being kept for him.
Vivian, alias Kennedy, was being deported to England on account of illegal entry into the United States.

DEATHS AND FUNERALS

T. BYRON EMMONS

T. Byron Emmons, farmer, and a resident of Tyendinaga, passed away last night at his home in the 2nd ward of Tyendinaga. Mrs. Margaret Emmons was a resident of Belleville, residing here by her daughter, Mrs. (Rev. L. S. Wicht). He is survived also by his wife and one son, Thomas, and one daughter, Marla, at home.

MRS. A. A. HAZELTON

Mrs. Annella A. Hazelton, widow of William Hazelton, died on Sunday in Peterborough, where she had been living for a short time. She had been ill for some weeks with a severe cold which brought about a heart affection which was the cause of death.

Mrs. Hazelton was born on February 9th, 1857, and was in her 73rd year. She was a daughter of Mr. and Mrs. David Ketcheson of the fifth concession of the township of Sydney, and spent her

to the town of Sydney, where she spent a good many years. Some time ago she came to Belleville, where she resided for some time. Last autumn, after living here with her brother, Mr. Richard H. Ketcheson, she went to Peterborough.

Mr. D. H. Ketcheson is the only surviving member of the family. She was a faithful member of the United Church.

The body was brought to this city today and taken to the home of her brother, 24 Victoria Avenue, where the funeral will be held tomorrow afternoon to White's cemetery.

Mrs. Hazelton was very well-known in Belleville and had many friends here, who will regret her passing. She was of a kindly disposition, possessed a very fertile mind and had the quality of making and retaining friendship.

Mrs. Hazelton was very well-known in Belleville and had many friends here, who will regret her passing. She was of a kindly disposition, possessed a very fertile mind and had the quality of making and retaining friendship.

There passed away at Toronto on Sunday morning, Jan. 19th, Mr. Mac-

the deceased was the son of Mr. and Mrs. Archibald Thompson, and had lived in Thurlow for some time. He was a farmer and 48 years of age. He is survived by his widow, two sons, Edmund and Allan, at home, two sisters, Mrs. George McCullough, of Toronto and Mrs. Walter Thornton, Trenton Road and four brothers, Gilbert of Ravenna Township, Parry of Ameliasburg Township and Ernest of Murray Township.

Mrs. Hannah Garry, an aged inmate of the House of Refuge, died last evening. The deceased had been staying at the home for the past two years and was in her 84th year. The funeral took place this afternoon. The services were conducted by Rev. J. S. McMullen. Interment took place in Belleville vault.

VIEWS OF BIBLE ON TEMPERANCE

Education Campaign Begun
By W. C. T. U. of
This City.

Rev. Dr. Bell, of Bridge Street church was the special speaker in the Y. M. C. A. Assembly Hall for the first of a series of educational meetings sponsored by the Royal Templars of Temperance and West Hastings Prohibition Union. An select council of the first named organization and secretary of the latter, Mr. Fred Henry acted as chairman. Pleading music selections were rendered by Mr. Jack Greene, cornetist and Mr. Alex Gordon pianist.

Prayer was made by Rev. A. H. Jones, of Victoria Ave. Baptist church. The following appropriate hymns were sung: "Come Ye Disciples," "Tell Me the Old Story," and "Holy Bible, Book Divine." In animated manner and by his clear expository style, Rev. Dr. Bell dealt with the significance of the Bible and its relation to Temperance. Man's conception of the meaning of Holy Writ said Dr. Bell should not be simply as that of a ritual, Old Testament law is superseded by the New Testament spirit of action based upon love which supersedes and corrects all evil desires. Moody has stated that mortals make sort of an excursion into that marvelous writing of St. Paul, the 13th Chapter of I Corinthians, but that live in it. They need to be of the mind of Christ and to get into the spirit of the Bible. Its temperance attitude will not bother them then. The sainted W. C. T. U. leader, Francis Willard, has defined temperance clearly as moderation in things legitimate and total abstinence in things harmful. Some people said Dr. Bell, want moderation with liberty to do just as they please. "If other people stumble by our example that should guide our future career, provided we are truly Christians."

John B. Gough, the renowned apostle of temperance endeavour, once declared that moderation really means excess for it leads to drunkenness. Liquor interests are concerned about people getting started in the habit, light liquors begin easy with appetite and soon the human system demands the stronger liquor with a stick in it or with more "kick." The prohibitions of the Word of God were cited for mankind's benefit. In these days we are tempted to still forget the Divine warnings. Who can conceive of the Bible as God's voice contrasting strong drink as new wine and the Lord's Prayer sanctioning the nefarious traffic? asked Rev. Dr. Bell.

Temperance from the ethical standpoint it was announced will next be taken up on Friday evening, February

On The Air

Many, many new things are in store for us this afternoon and tonight. Beginning with the rebroadcast of the Naval disarmament conference at 1:15, a fine programme is offered, including the Canadian Wrigley Hour from 9 to 9 and "An Evening in Paris" at 9:30.

"Evening in Paris" has won a huge audience. Music, Peaches, Bill and Jacques, performers in this group invite you to come with them to a cafe in Paris to which they are taking themselves tonight and listen in with them to the French songs and music they will hear at this cafe. The musical program in order of presentation will be as follows: "Serenade from 'Pagliacci' sung by Ludovic Hunt, French tenor; "Tve Got A Feeling In My Palm" by the orchestra; "Jalouse" orchestra, a French ditty. "Chanson de Marie Antoinette," by Delphine March, contralto, "Delirium" by the orchestra and several other bits of fine musical productions. Program begins at 9:30 over WABC. Don't forget this.

The Canadian Wrigley Hour tonight begins at 8 o'clock and will feature the Wrigley Dance Band, and assisting artists. The program arranged is an outstanding one. We would like to have published it for you but the space was limited. We can vouch for it, however, so tune in on station CKNC and see if we are right.

Mac and Lennie, a team which made its reputation through the singing of comedy songs, has entered a new field that of straight comedy. The vehicle they will use is called "Impossible Detective Stories" which will be in the nature of burlesque. They will appear weekly from WOR each Tuesday night at 10 o'clock.

TO-NIGHT

6:30 — WEAF, American Home banquet.
7 — CKGW (NBC) Amos 'n' Andy.
7:30 — CFIB, Royal York Concert orchestra.
7:30 — CKNC, Bulova concert.
7:30 — WEAF, Piano twins.
7:45 — WEAF, Back of the news in Washington.
8 — CKGW, Voice of Fliverton.
8 — CKNC, Canadian Wrigley hour.
8:30 — WJZ, Ingram troubadours.
8:30 — WKBW, Theatre frolic.
9 — WJZ, Edison programme.
9 — CKAC, Hour of music.

21st, by Mr. A. D. Archibald, B. A., of Belleville Collegiate staff, and also superintendent of John Street Church Sunday School.

The weather last evening somewhat mitigated against the attendance of present temperance folk, but was sufficiently cold enough to cool the enthusiasm of many. Rev. Dr. McTavish closed the meeting with the benediction.

FRACTURED HIS LEG IN TUMBLE

Samuel Moffatt of Marmora Suffered Peculiar Accident.

Marmora, Jan. 27.—Rev. W. Terrell, of Brockville, is visiting his mother, Mrs. E. Terrell and other relatives in Marmora.

Mrs. M. E. Carvelan is visiting her son, E. M. Gladney in Toronto and daughter, Mrs. James Lodge in Oakville.

Mrs. Manley Lavender who has been very ill for some time is improving nicely and it is hoped she will soon be able to be around again.

Mr. and Mrs. John Gifford returned this week from visiting friends in Toronto.

Rev. C. J. Beckley and Messrs. R. Boyd and M. Sanderson attended the Boy's Work Board Conference in Trenton on Tuesday evening.

Mr. E. McGarvey, of Toronto, is visiting his sister, Mrs. James Gray who is ill at present.

A very successful Box Social was held in the White Hall on Tuesday evening under the auspices of St. Paul's A.Y.P.A. The hall was well filled and an enjoyable evening was spent.

Mr. Horace Leonard who has been ill at the home of his sister, in Deseronto for the past couple of weeks is rapidly improving and it is hoped he will soon be able to return to his home here.

Mr. J. P. Martin, of Belleville, was in Marmora on Tuesday. Mr. and Mrs. Martin expects to leave about the end of January on a trip to Nogales, Ariz., and other points in the South-western States and Mexico.

At a meeting of the Ontario Postmasters' Association held last week in Toronto, Mr. D. Bell, of Bonarlaw, was elected a member of the executive.

Mr. Samuel Moffatt, of town, suffered a very serious accident on Saturday afternoon. He went up a ladder on the outside of the loft he slipped in some way and fell to the ice below with the result he fractured his right leg. He also bruised himself severely and in falling caught his nose on a hook splitting it right up the center. He managed to crawl into the stable

9:30 — WABC, An evening in Paris.
10 — CKGW, Imperial Tobacco Joy-casters; English music hall revue.
10 — WEAF, Anglo Persians.
10 — WJZ, Rochester orchestra.
10:30 — WJZ, Strings and bows.
10:30 — WJZ, Empire builders.
11 — CKOC, Orang secial.
11 — WEAF, New Yorker orchestra.
11:30 — WABC, Hollywood orchestra.
12 — WABC, Will Osborne's orchestra.
12:30 — WABC, Midnight Melodies.

PICTURE LESSON IN TEMPERANCE

Junior Branch of Belleville Given Scientific Instruction.

Schools of the city were in attendance at the Y.M.C.A. for the first of a series of scientific temperance instruction classes, under the auspices of the Y.C.T.U. and Royal Templars.

This plan has been arranged to allow ample time for study of the book "Temperance and Life" published by Miss Isabel McGorke and now being reprinted as lessons each week in "The Northern Messenger" in connection with this year with an essay competition all over Canada throughout the churches.

Mr. Tom Robertson, of Hamilton, Dominion Secy and Editor of The Royal Templar presided and led in the hearty singing of "Suffer The Little Children to Come Unto Me." He urged the youth to profit by needed lessons for sterner days of life.

Entertaining pictures kindly loaned from the Famous Players Corporation were shown and harmonica selections from West Belleville (Queen Mary) School Band also proved interesting.

Mr. Fred H. Henry, of the local Royal Templar organization dwelt upon slides and data regarding water and health. It was shown that in the animal kingdom, not human, that many do not partake of, and get along well without, stimulants. Water quenches thirst, alcohol creates thirst.

The misuse of food substances such as grapes into wine and barley into beer was dealt with as well from the harmful effects and lamentable waste.

Before dismissal by a benediction it was announced that another such meeting will be held in the same place and time two weeks hence that is on Friday, Feb. 7th and will be addressed by a prominent S. S. worker.

GOSPEL

Continued from Page One

and Chancellor Gishborne, of Ottawa, travelled throughout the length and breadth of our Dominion at intervals during these three years.

Speaking from the passage in Genesis "Go, tell my brethren," Canon

Could told of the remarkable contrast in Indian life upon the Alaskan coast where in 1900 a chief led to his canoe the heads of his enemies and today the son of that same hunter is an Anglican church member in a building the size of Christ Church here. Goods built entirely of wood constructed by natives, whose choir and instrumental music are Indians and who can compete favorably with others in the production of the Hallelujah chorus.

Such is the accomplishment of missionary effort in a generation, said Canon Gough, and the trophies of fatherly love are so different. Now there is integrity, sobriety and the beauty of holiness in that far northern civilization. The pioneers of the frontier along Lake Ontario have likewise built into the fabric of other futures that which was never dreamed about in significance. They left to their survivors material possessions trivial in comparison.

Touching upon the outcome of the world war, Canon Gough attributed victory to the British characteristic of confidence, faith, sense of reliability and dependability, courage and perseverance. Today the Empire is banking upon the fellowship and force of the Christian church. South America is an example by the desolating effect of lax leadership in religious responsibility.

PETERBORO TOLD TO BUILD PLANT

Litigation Over Sewer Disposal Threatened Against Peterboro.

Peterboro, Jan. 27.—Acting upon a complaint from the Township of North Monaghan and Otonabee, Dr. W. J. Bell, Deputy Minister of Health in Ontario, issued an order directing the City of Peterboro to undertake within thirty days the preparation of plans for the completion of the sewage disposal plant.

This official notice requires also that a contract be let for the construction of the equipment called for in the mandatory order dated Sept. 28, 1928, and apparently the Deputy Minister requires that the contract shall be let within the prescribed thirty days beginning Jan. 22.

Dr. Bell threatens legal proceedings against the city for failure to comply with this order, and it is understood that the township are contemplating similar appeal to the court.

Mayor Dennis's response to this ultimatum from the Provincial Department of Health was a decision to test a deputation of the City Council to Toronto on Monday to protest against this latest order on the ground that the city has not been neglecting the completion of the sewage disposal plant nor ignoring the department's mandatory order of September, 1928.

that the township are contemplating similar appeal to the court.

ntice Mrs. H. Crawford.

During the five years that the
Canada Colonization Association has
been under the control of the
Canadian Pacific Railway, it has
settled 4,270 families on 844,288
acres at a purchase price including
equipment of more than \$33,000,000,
was the statement of W. J. Hall, gen-
eral manager of the railway's
western lines, speaking at the first
annual meeting of the Saskatche-
wan branch of the Association held
at Regina recently.

A vast amount of serious work
is being done along constructive lines
in oil development in Alberta, G. G.
Ommanney, director of the Cana-
dian Pacific Railway's department
of development, stated in a recent
interview at Winnipeg. A million
barrels of oil had been taken from
the Canadian Pacific land and spec-
tacles were good for greater pro-
duction in 1930, he added.

Seven Canadian Pacific special
trains will be required to carry
some snowshoers, members of clubs
in Quebec and the lower part of New
England, who are coming to the con-
vention of snowshoe clubs to be
held at Ottawa February 1-2. Two
special trains will be needed to
carry the delegation from Maine
centres and two more for that from
Montreal.

Another new Canadian Pacific
steamer took to the water recently
at Glasgow when the "Princess
Elizabeth," 5,000-ton vessel for the
British Columbia Coastal Service,
was launched from the yards of
the Fairfield Shipbuilding Company
at Govan by Mrs. R. B. S. Reford,
daughter of W. R. MacInnes, vice-
president of the Canadian Pacific
Railway. The ship can reach a
speed of 16½ knots, will have
sleeping accommodation for 465
passengers and day accommodation
for 1,200.

Fish caught in the inland lakes
of the Province of Saskatchewan
have an annual value of over \$500,
000. Among the principal kinds of
fish caught are gold-eyes, herring,
pickering, pike, white sucker, trout,
tullibee and white fish.

Stock in trade of Quinte Electricians
and C. H. Brook, 279 Coleman St.,
Jan. 30th, at one o'clock sharp.
Stock consists of Chandeliers, Wall
and Hall Fixtures, all Electrical Sup-
plies, Irons, Radios, Batteries, etc.
Lamps, also Tastes (new and used)
Air Compressor, Oil, Greases, All
must be sold—no reserve. Be there
and on time. Terms Cash. Sale will
continue on Friday, if not all sold.

There is a huge market in Europe
for breeding silver foxes which
will absorb all that Canada has to
offer for many years, is the view of
J. S. Wedlock, of St. John, passen-
ger on the Duchess of York, who has
been spending some time in
Sweden where he established a fox
farm stocked from his farm on
Prince Edward Island.

Sponsored by Hon. R. Randolph
Bruce, Lieutenant-Governor of British
Columbia, and under direction
of Harold Gaudin, K.C., minister
of the Interior, the Canadian Pacific
Railway, the second annual sea
music festival has just been held
at the Empress Hotel, Victoria,
with great success. Artists of in-
ternational repute took part in
the revival of the sea chanteys that
were sung by the wooden ships
manned by iron crews sailed the
Seven Seas.

FORT CHURCHILL
FACES ITS TEST

Feasibility of New Seaport
Will Be Shown After
Shipments Started

Winnipeg, Man.—(By Gills Purcell
Canadian Press Staff Writer)—At
Churchill, the spirit of the pioneer
loves proudly out over Hudson Bay.
Manitoba's musk bayons have been
subjugated by the 51-mile railway
from The Pas to the sea. The next
achievement is to be the conquest of
the 3000 sailing miles between the port
of the prairies and the harbors of Brit-
ain and Europe.

But there are terrors to take up the
task.
Additional dock-work, which cannot
be completed entirely until 1932, must
be done. An elevator must be built
next summer, more terminal track-
age must be laid, a town must be con-
structed. Most important of all—the
northern sea route must give proof of
its practicability from the point of
view of profit.

Two and one-half centuries ago, sailing
craft from over the seas were ply-
ing through Hudson Strait into the
Bay. In spring they awaited break-
up of ice in the narrows between Bel-
lue Island and Quebec's desolate north-
ern shore; as autumn days shortened,
they braved gathering bergs before the
freeze-up and rushed their rich
cargoes from the new land to the
west. The captains of the 17th cen-
tury left a legacy of venturesome bravery
that persists today.

In 1931, the Bay route will undergo
its first new-era test. A few wheat
cargoes, perhaps, may leave Churchill
before winter clamps its lock on the
harbor; some ship-loads of machinery
for the department of railways and
canals—maybe a load or two of coal
from Wales—will make the incoming
trip. And by 1932, the Manitoba sea-
port's trial of value will be well under
way. Admittedly, hundreds of miles
of rail transportation can be elimi-
nated by the Churchill route to Europe
and Britain; how profitably the sea
path can be traversed—how safely and
how often—in a season will be demon-
strated in 1932.

Train after rumbling train of prairie
wheat will roll north-east from The
Pas, Manitoba, over the Hudson Bay
railway. Hundreds of loaded cars will
shunt into storage in the Churchill
yards, where a million bushels can be
held on track. A new two-million-bu-
shel elevator will disgorge its contents
time and again into gaping ship holds;
and waiting grain-cars in four-track
elevators will refill the depleted
bins. Captains will bark out orders,
deckhands will scurry to their tasks,
and a new western fleet will start
its dash to Liverpool.

For four months or more, if condi-
tions are perfect, the Bay route will
be open. In waning June, the year's sea-
son will open. The tide will carry away ice
frozen four miles out from shore. Not
till late October, if modern aids to
navigation accomplish their task, will
ice bar entrance to the harbor. Last fall,
for instance, the first dog team crossed
the Churchill river ice on Nov. 25.
Four months of navigation, observers
believe, if off-shore winds in late June
carry ice-blocks out to open water,
and if vagaries of sailing in the straits
do not delay entry to the Bay or pre-
vent egress.

But even less than four months' sail-
ing, it is believed, should justify the
prairie port by a prodigious saving to
the west. Navigation time is but a re-
lative time; the absolute factor is the
number of incoming boats and clear
ing cargoes.

If the wheat movement from
Churchill proves successful, incoming
commerce will make Churchill a new
distributing point for the west as it is
already a distributing point for the
north. To the western provinces and
states, through Saskatchewan, Regina

Play Trenton Here Tuesday

SPORTING
SECTIONBELLEVILLE HOCKEY TEAMS FACE
ACID TEST OF SEASON THIS WEEK

Juniors Play Trenton Here
on Tuesday
Evening.

TWO GOOD GAMES

Maroons Will Cross Sticks
With Queens at
Kingston.

Belleville hockey teams face two hard games this week and on the result of each hinges a great deal. The juniors will go into action against the Trenton team here on Tuesday night and this should be a real struggle. When these kids meet, the fun is always sure to fly and a capacity audience is almost assured for tomorrow night. Charlie Allard's kids are still cock of the walk following their defeat of Ed Thomas' boys down here two weeks ago. They made the home-brews look like a bunch of novices that night and they are coming down to repeat the dose tomorrow night.

Trenton lost several of last year's players due to the age restrictions but the management plugged the holes with capable performers and the people in Belleville's town think they have a team good enough to go well in the O.H.A. play-offs. This boy Dillon is one of the best looking hockey prospects in this neck of the woods and he is flanked by a smart pair of wings. Bohan is another youngster who has showed promise and this chippy player will bear watching. Steenburgh in goal has three years' experience behind him and he is almost as good as any senior goaler around here. The Trenton team always bring plenty of supporters down here and there is bound to be lots of excitement.

The Belleville team have not got the sting of the last loss out of their systems and they are out to hand the visitors a real trouncing. Runners has been showing up well in the late workouts. MacDonald from Point Anne was one of the chief figures in the last encounter and he stepped in and gave the fans an eye-full. Ab Young was the big point-getter at Napanee and the busley defence man is due for a good season. Jim Elhier will pair off with Young and the Trenton team will have a tough time getting through. "Dimp" McKinnon will guard the nets and the rest of the team will be the same. The tickets are going fast as the fans like to see the Juniors in action and it looks like a packed house on Tuesday night.

On Wednesday night the Maroons will step into Kingston to tackle the Queen's team. The tricolor defeated the local Senior B entry last week and while there was no distinct advantage either way the Belleville team just lacked a little finish around the nets. The Maroons had a great game in Ottawa, holding the homesters to a tie score and in doing so they put up their best hockey of the season. Tom Jeffery was in super-form while Bob Scott was an easy stand-out on the forward line. The Belleville outfit are quite confident that they can tighten Kemptonville the race by handing the Collegians a Thomas Church, Belleville, as a young trouncing right in Kingston. It is student.

quite likely that a number of fans will accompany the Maroons to the eastern metropolis.

CHAPMAN BEATS
EDWARDS SECOND
IN BOSTON RACEPolish Star Captures Two-
Mile Run From Weak
Opposition.

Boston, Jan. 27.—Heavy-running Stanislaw Petkiewicz, of Poland, Europe's outstanding contribution to the current indoor track season, made his American debut here Saturday night and won the two-mile race in a feature event on the K. of C.'s Proulx memorial games, from a mediocre field in slow time.

The Polish runner, who gained international fame last summer when he defeated the great Paavo Nurmi in a handicap 2,000 metres race at Berlin, had 16 opponents but only one of them, Russell E. Jellison, of the Boston A.A., gave him any kind of opposition. Petkiewicz trailed him until the second last lap, when he uncorked a terrific burst of speed and ran Jellison into the ground.

The Pole had a good quarter-mile lead when he broke the tape. His time was 9 minutes 39.2 seconds and these figures shocked the Boston track public, which remembered the 9:05.4-5 two miles that Edwin Wide, of Sweden, turned in on the same Boston garden track last season.

BISHOP ANDERSON IS
CRITICALLY ILL

Chicago, Jan. 25.—The Most Rev. Charles P. Anderson, Primate of the Episcopal Church in America, is critically ill following a heart attack. The Primate was taken home Tuesday from a meeting of a diocesan council and ordered to bed by his physicians.

Friday he was reported to have suffered a relapse. Bishop Anderson is 67 years old and became head of the Episcopal Church last November.

Bishop Anderson was born at Oxford Mills, Greenville county, and received his early training there and at St. George's. He was curate at St. George's and then at St. George's, Toronto. He was curate at St. George's, Toronto. He was curate at St. George's, Toronto.

RETIRING
SALE

Don't miss the Bargains we are offering on Suits and Overcoats. Made to your order. Also sweaters and sportswear by the yard. Some blue serge suits for ladies' skirts, or boys' trousers—at very low prices.

BOSTON DEFEATS
CANADIENS, 2-1

Ottawa Senators Blank
Montreal by 4 to 0
Victory.

Montreal, Jan. 27.—Slaving off a fighting, desperate attack in the last minutes of the game, Boston Bruins just managed to eke out a win over Montreal Canadiens in a fast, keenly contested National Hockey League match here Saturday night by two goals to one. The Bostoners were without Eddie Shore, their spectacular defence man, but Owen played like a veteran in his stead and Tiny Thompson was in masterly form in defeating many Canadian rushes that broke through the Hitchman-Owen defence.

It was a hard game for Canadiens to have to lose and one that the league champions may be proud of winning. Boston's superior forward line strength with their front lines, all good, working an excellent passing attack, gave them a goal in each of the first two periods. Clapper and Gainer netted and each received an assist.

Towards the end of the game, with Howie Morenz going at his most blazing pace, Joliat whipping in his short rising shots regularly and Pete Lepine sweeping his polished rushes right to the goal-mouth, Tiny Thompson was in constant difficulties. He rose to the occasion, however, being beaten only by a tricky shot from Joliat, after that player whipped Larochelle's pass-out from behind the net.

Ottawa, Jan. 27.—Using the section-board, the Ottawa Senators jumped into a tie for second place in the Canadian section of the National Hockey League here on Saturday night. The locals won 4-0 in a brilliant game, which they dominated throughout. Montreal Canadiens allowed the Senators to catch up to them by losing to Boston Bruins while Toronto Leafs dropped back to three points behind the locals by bowing

COUGARS TURN
BACK LEAF TEAM:
GOAL DISPUTED

Score Is 2 to 1 as the Leafs
Miss Chance to
Win.

Toronto, Jan. 27.—Spotting the Detroit Cougars a two-goal lead in the first 35 minutes of the game was too great a handicap for the Maple Leafs on Saturday and although they got one of the counters back two minutes after the Cougars scored their second goal, the invaders managed to protect their one-goal margin until the end of a ragged National League fixture at the Arena Gardens. Combined with certain circumstances, the defeat was a bitter dose for the Leafs and their supporters, who did not turn out in the numbers of recent games, to take. While the locals were losing their opponents for the third place rung in the Canadian group ladder, Ottawa was blanking the Montreal Maroons by 4 to 0, and thereby increasing their lead over the Leafs to three points.

In addition, the first goal of the winners, scored by Belleville in the first period, should have been disallowed but the officials in charge refused to give way before the protests of the locals although Odie Cleghorn, who was farthest from the play, acted as if he was willing but when he saw that his associate, Alex Romeril, was letting the counter stand he swung in behind him.

Several goals have been called back here this season because an opponent has partially blocked the vision of a goalkeeper, but never before has there been occasion for an official to make a ruling regarding the legality of a goal when one of the attackers is sitting on top of the opposing goalie while a team-mate flips the rubber over the two bodies into the twine. The most followers of the game this is greater interference than skating across the goal mouth but the play was allowed to go.

Ottawa looked better Saturday night than they have at any time since their startling opening rush of the season, their front-line combination of Kilrea, Lamb and Finnigan worked like a charm, while Frank Clancy and Alex Smith formed an almost impenetrable bulwark before Alex Connell, who stopped them from all angles with ease. Although the second line of Bagnie, Touhey and Cox seemed weak in the first two periods of the game, they brightened in the third and a Gagne pulled off a lone goal that was a masterpiece.

ELORA BOOSTS LEAD
FOR GROUP TITLE

Elora, Jan. 27.—Elora Rocks continued their winning ways here Saturday night by gaining a decisive victory over the Guelph Aggies in an O.H.A. intermediate. Five hundred local fans were on hand to see the Rocks score their fifth straight win. The battle was thrilling and extremely fast in every period with the College aggregation putting up a real fight, only to be beaten by their faster-skating and more smooth working opponents. Referee Hillman kept the game extremely clean, handing out only a few minor penalties.

This game gives Elora intermediates undisputed first place in the group. It is conceded that Elora will meet Paris for the group championship. Both netminders played spectacular games. Deacon for the O.A.C. with little support, kept the score down against the locals by his successful goal-tending.

RECREATION BOWLING

As usual Saturday is a day of upsets in the weekly prize competition at the Recreation Alleys, when generally the bowlers who have been leading all week are knocked off their high perch and some one else steps into their place. In the men's class G. Cook' topped off the prize with 874 with Jack Darvell second with 744. The following players were right on their heels, F. Liberty, R. Phillips, P. Cornell, W. Ewing, W. Jackson, M. Jackson, H. Ryan and J. Simpson. These bowlers will no doubt be heard from this week as they will have a better chance.

In the ladies class M. Carmichael was first with 647 and H. R. Rich second with 624. D. Belnap, M. Pomeroy, G. Pomeroy, H. Little and M. Saylor were also very close. This week non-prize winners will have a better chance as all those bowlers who have won a prize will be eliminated, also on Saturday there will be special prizes for the Belleville Hardware League only.

Eston B. Fletcher, Rochester, deputy imperial potentate of the Shriners of America, is conferring with members of the executive in charge of preparations for the great Shriners' convention to be held in Toronto next June, which will be attended by Shriners from all over the continent. Mr. Fletcher was born in Ontario, near Barrie. At the convention he will be elevated to the position of potentate, the first Canadian-born Shriner to hold this position.

HOCKEY SCORES

Ohio school children will listen in on American School of Air as part of their classroom studies starting Feb. 4.

PLAN NOVEL ICE
CARNIVAL HERE

Arena Directors Propose to
Stage Event February
Seventh.

Plans are under way for a big ice carnival to be held under the auspices of the directors at the new arena on Friday night, February 7th. A large part of this affair has not been held in Belleville for some years and the arena directors propose to make this one a high-class affair. The initial meeting was held on Saturday night and Mr. W. I. Rowsome was named in charge of the committee. Some splendid features, including speed races, a novelty hockey match, special prizes for those taking part and fancy skating are planned.

It is expected that the Rotary, Kiwanis and Y's Men's Clubs will be behind the movement and the ticket-selling campaign will open within the course of a few days. The directors feel that the merchants of the city will assist and an imposing prize list will be offered. Several other organizations, including the medical and legal societies, have promised to assist and silver trophies will be offered for speed skating with local and district talent taking part. Mr. Rowsome believes that Stirling, Tweed, Campbell and the Pictou will send along speed skaters while several well-known local artists of the blade have signified their intentions of entering. The formal plans have not all been completed but a meeting has been called at the arena on Tuesday night at seven o'clock. The committee is composed of W. E. Rowsome, chairman, Beverly Gribble, Claude D. Tice, Sam Curry, Percie Cole and Ken Colling. These will work in conjunction with the arena directors in laying the carnival plans.

SPORTOGRAMS

Those Belleville fans who braved the snowdrifts to go to Ottawa last Friday night, will be right on deck on Wednesday night when the Maroons meet Queen's in the Kingston arena. And if the aforementioned Maroons do not take a fall out of the students, we will be greatly surprised.

They played real hockey on Friday night, as did Ottawa, and the weak sister looks to be Queen's now. With Daw Whalen in better shape every day, and the team playing a passing game, they will be hard to beat when they come down the home stretch.

TANKARD SERIES ON
AT TORONTO, FEB. 4

A week tomorrow the Ontario tankard group winners will commence play here for the silver trophy. The semifinals and finals this year will be played at the Granite Club. The group

Y. M. C. A. BOWLING

Well another big weekly prize competition has passed into history and it surely has provided some keen sport in the two divisions.

In the ladies' division the main battle was between Miss Holway and Mrs. Ednap, and how these two can smack "em" down. Last week was again the reverse of the week before as Miss Holway won the three game prize with 733 and Mrs. Ednap with 253. This time, incidentally Miss Holway had a nice single of 312 in her third string, but could only win the one prize. Mrs. Ednap also had a nice three string of 716. Others with good three strings were: Miss Wheeler 685 and Mrs. Lander. Miss Simmons, Mrs. James, Mrs. Lent and others not far back. Others with fine singles were Miss Donaldson, Miss Horrigan, Miss Burke, Miss Wheeler, Mrs. Lander, Mrs. Simmons and dozens of others.

In the gent's division the main battle was between Pat Behnap and Geo. Darvell. This ended with Darvell 682 and Pat Behnap 680, but as Darvell had the high single 281 he took the single prize and Pat took the three string, and won the beautiful "gavahave" known as the "Meagher Trophy." Others very much in the running in both single and three string competitions were C. E. McMullen, H. W. Leavitt, E. Currie, C. Darrah, Wrightmeyer, Shorey, C. I. Frederick H. C. Taylor, C. Keegan, Graham, Kells, H. Mason, Doc. Halfer, J. Alexander, Bert Adams, Jack Darvell, Andy Kennedy, Garsline and numerous others. These contests sure were "hot," but watch them go this week with the new system.

Starting today a new system is being used for prizes to practice game bowlers. The competition during the past few weeks has been real keen between the heavy hitters but the weaker bowlers were on the outside of the prizes. The new sensational offer until February 28th gives all the trundlers a chance. Weak bowlers can bowl among themselves and win prizes. Groups have their chance and the selection of prizes will surprise those who have not seen them. The high bowler on each sheet can take a prize or coupon. Coupons later can be applied on the many larger prizes. This should create much interest in the five pin games, and although it entails a lot of extra work the Y. A's expect to get graded the game with their presence.

THERE IS NO SET RULE
FOR INVESTING MONEY

THERE are certain classes of securities which are always sound but, in most cases, the desirability of an investment depends upon the circumstances of the investor and existing money conditions.

THE sensible course in money matters, as in legal matters, is to obtain careful judgment, based on study and experience.

IT is part of our business to submit advice and opinion regarding the selection of investments, and our readiness to do so is not influenced by the smallness or largeness of the sum involved.

We recommend these as sound securities which might be included in any investment list:

Province of Saskatchewan
5% Bonds, due Dec. 2, 1959
Price: 100, yielding 5%

Beauharnois Power Corporation
6% Collateral Trust Bonds
Price: 100, yielding 6%

Mayor Of Picton Dies Of Pneumonia

EARLY ELECTION IS PREDICTED BY W.E. TUMMON, M.P.

Member for South Hastings Attacks Trade Record and Tariff Policy.

OFFICERS ELECTED

Ald. Gilbert H. French Succeeds C. A. Payne as President.

Ald. G. H. French was elected President of the Belleville Conservative Association at an enthusiastic meeting of the organization held in the party club-rooms last night. Ald. French succeeds Mr. Chas. A. Payne, who is retiring after three years of conscientious service. Mr. Payne was again offered the post but he retired and Mr. French, who served as Vice-President last year was selected.

Mr. Payne, in declining the nomination, said he appreciated the co-operation given him but felt that someone else should share in the honors. The new president was nominated by Mr. E. L. Hyman, while Mr. H. F. Ketcheson seconded the motion.

Other officers are: Vice-President, Russell White, proposed by Mayor G. A. Reid, seconded by William Hurst. Three were nominated for Secretary, E. H. Ketcheson, by Chas. Hyde and Jack Alag; Tom Wills by B. L. Hyman and F. W. Wiggins, and Col. Eric Keeler, by O. W. Southworth and Chas. Payne. The latter two promptly withdrew and Mr. Ketcheson was again offered the position.

Poll chairman were named as follows:—

Poll Chairman
Foster Ward — David Rollins.
Samson Ward — R. Goudy.
Ketcheson — B. L. Hyman.
Baldwin Ward — H. B. Stock.
Bleeker Ward — James Patrick.
Coleman Ward — Charles Reid.
Murray Ward — F. W. D. Wiggins.
Mr. W. E. Tummon, M.P., and Mr. W. H. Ireland, M.P., were named Honorary Presidents of the association.

Mr. Chas. Payne, in his concluding remarks pleaded for loyal financial support and said, had it not been for the liberality of W. E. Tummon and W. H. Ireland, the association would have found it impossible to carry on. He expressed his appreciation for the

NEW AND PAST PRESIDENTS

ALDERMAN GILBERT H. FRENCH
Elected president of Belleville Conservative Association last night.

CHAS. A. PAYNE.
Retiring president of Conservative Association, who declined re-election at annual meeting.

LAD'S SYMPATHY FOR AGED POOR LED HIM TO HELP OLD MAN TO FISH

A FINE RECORD

Stratford, Jan. 28.—Alex. Lefevre, retired Canadian National Railways veteran with 45 years of service to his credit, has established a record which he thinks will take a lot to beat.

"Unc," as he is better known, on the morning of his wedding, nearly 45 years ago, purchased a set of collar buttons and cuff-links.

Today the old veteran is well up over 70 and the buttons and links are still in his possession.

Dramatic Movement in Front of Front Street Store.

Belleville has at least one young man who is impulsive and kind-hearted, at least, as can be seen by this little yarn which is perfectly true, even though names are not mentioned.

The incident was witnessed by a well known business man and he thought it too good to keep, so passed it on to the reporter. Here it is:

One morning recently an aged man, not very well clad and showing signs of poverty, was noticed by a young man of town to be taking a great deal of interest in some herrings displayed outside a local meat shop. The young man watched the older one's manoeuvres for a short time and finally came to the conclusion that some of the herrings were going to be missing if action were not taken.

Accosting the supposedly would-be filcher, the young man asked him what his intentions were.

"Well," the man made answer, "I have a loaf of bread at home for tomorrow and nothing else to eat, and I thought perhaps a herring or two would help out the family."

The young man possessed a kindly heart and the sad story affected him somewhat.

After thinking a minute, he answered, "All right, I'll watch and see that nobody's looking and you take two herrings."

The deed was quickly done and citizens perhaps wondered at the happy smile which showed on an old man's face as he walked up Front Street, little knowing that a tasty Sunday dinner was reposing beneath his ragged overcoat.

The youth, 's it said, did not think it his duty to pay for the fish, and the possible influence towards wrong of his aiding the elderly man's trick.

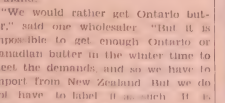

DIG FOR BODIES

Teller, Jan. 28 (CP).—Far north today awaited reports from the searching party near North Cape, Siberia, which has been digging into the ice and snow about the wreckage of Carl Ben Eielson's aeroplane expecting to find the bodies of the noted Arctic aviator and his companion, Earl Borsland.

May Bear Local Brands But Butter is New Zealand's

Toronto, Jan. 28.—Thousands of households in the city buy and consume New Zealand butter without knowing that the product is from outside Canada, according to brokers and retailers interviewed.

It was explained that New Zealand butter must not be sold as Ontario butter but can be sold under any brand name. The reason why the butter is not sold and advertised as coming from New Zealand is that while the thousands of pounds are forced to buy from outside of Canada in order to supply the market, they are not forced to give publicity to a product from another country even under a better dominion. It is stated that 75 per cent of butter sold in Toronto now comes from New Zealand.

W. E. Tummon, M.P.
for South Hastings, who last night, told the annual meeting of the Belleville Conservative Association to be prepared for a general federal election!

EDMUND PEELING, PICTON'S MAYOR, DIED ON MONDAY

Had Served Seven Years in Council; Had Just Become Mayor.

WARDEN IN 1927

Had Been Ill But Five Days With an Attack of Pneumonia.

Mayor Edmund Peeling, of Picton, died late Monday afternoon following an illness of five days.

He had presided at the inaugural meeting of the town council a week ago, when he discussed plans for the coming year. On Thursday he was taken ill with pneumonia and his condition had been grave for the past three days.

Mayor Peeling was elected to the highest office in the gift of the town by acclamation at the last election. He had served on the town council for seven years previously, one as councillor, three years as deputy reeve and three as reeve. His elevation to the mayor's chair was a well-merited promotion.

Mayor Peeling was a native of Athol township being born in the village of Cherry Valley 47 years ago. He spent the first 21 years of his life on a farm there. Coming to Picton, he entered the meat business, and had been engaged in that line since. Mr. Peeling was a Conservative, a politics, an Odd Fellow and a member of the United Church. The funeral services will be held Wednesday afternoon in Picton United Church, with interment in Cherry Valley cemetery.

At the funeral services the pall bearers will be five ex-wardens of Prince Edward County of which he was warden in 1927, and ex-Mayor Fraser. All town and county council members and public officials will attend in a body.

JOSEPH P. HANLEY LEFT \$160,000

Canadian National Railways Agent Passes Away.

Kingston, Ont., Jan. 28.—(Special)—The late Joseph P. Hanley, agent of the Canadian National Railways who died early in the morning, left an estate of over one hundred and sixty thousand dollars. He left his son an annual income of five thousand dollars during his lifetime, and the estate, kept intact, is left to his fifteen year old grandson, Joseph Hanley, on his reaching his thirty-fifth birthday. All his brothers and sisters are bequeathed annuities of five hundred and six hundred dollars each. His nephews and nieces and their children, his church, and all public institutions in the city are remembered with bequests. All bequests are effective one year hence.

PREDICTS ELECTION.

Denver, Colo., January 28.—Raymond Crawford is a Jonah yet, he came out of the whale, O.K., except that he was sent to the housewife. He had an idea that he could get a free trip back to his home in Los Angeles by hiding in an embalmed leviathan, which has been exhibited here. He went to sleep in the whale on a railroad car. When he woke up, and emerged much to the astonishment of the spectators, he found the car had been moved merely to another part of Denver.

C. K. Walton, Ontario, successful fox-breeder, exhibiting a prize pet, which a Canadian fox authority has described as the best pet of its kind that he has ever seen. He declares the breeding of foxes is one of the most profitable branches of the livestock industry, if good stock is raised and given proper attention.

JOHN R. DARGAVEL DIES AT 84; FORMER MEMBER OF LEGISLATURE

Hip Had Been Injured Recently; Collapsed on Saturday Night Last.

Brockville, Ont., January 28.—John R. Dargavel, former member of the Ontario Legislature for Leeds riding, and actively identified with the agricultural, mercantile and legislative life of the district for many years, died this morning at his home in Elgin, aged 84. He sustained an injury to his hip on the last day of December and experienced a collapse on Saturday night last since when he gradually sank.

Born in South Crosby, in 1845, a son of Robert and Miriam Dargavel, both Scotch, he was educated in the public schools of the vicinity and entered business at Elgin, in 1868. For 57 years he had been clerk of the township of South Crosby and for 55 years had never missed a meeting of the municipal council. After having served as president of the South Leeds Conservative Association, he became the party candidate in Leeds in 1905 and sat in the Legislature until 1910. He was regarded as an authority upon dairying, having been a director and president of the Eastern Ontario Dairymen's Association for some years, and was a member of the Provincial Commission to investigate the milk question in 1909 as well as chairman of the standing committee of the legislature on agriculture. In 1923 he was tendered a complimentary banquet by the people of South Crosby in honor of his completion of 50 years service as township clerk.

A past D.D.G.M. of the Frontenac District of the Masonic craft, he had been a Free Mason for more than 50 years and he had repeatedly served as a lay delegate to the diocesan and general synods of the Anglican Church. He was predeceased by his wife Mary Jane Hopkins, of Newboro, in 1918, and is survived by two daughters, Mrs. Ernest Teskey, Lyn, Miss Helen Dargavel, Elgin; one son, J. S. Dargavel, Elgin, and a niece, Miss M. H. McGowan, Tign.

Modern Jonah Sleeps In Embalmed Whale

(By Canadian Press)
Denver, Colo., January 28.—Raymond Crawford is a Jonah yet, he came out of the whale, O.K., except that he was sent to the housewife. He had an idea that he could get a free trip back to his home in Los Angeles by hiding in an embalmed leviathan, which has been exhibited here. He went to sleep in the whale on a railroad car. When he woke up, and emerged much to the astonishment of the spectators, he found the car had been moved merely to another part of Denver.

PLENARY MEET IS CALLED FOR NAVAL PARLEY

Thursday's Session Will Be Open to Public, Is Decision.

CHIEFS SATISFIED

Italian Delegates Make Reservations to Decision by Heads.

(By Canadian Press)
London, January 28.—The third full session of the Five Power Naval Conference was called today to meet Thursday in the old drawing room of Queen Anne, at St. James' Palace. The call for the session was issued after another meeting today of the "Big Five" or heads of the national delegations at which further progress was made in arranging the agenda of the conference, a matter which has occupied the delegates during the first full week of conference life. The session, Thursday, which will be open to the press, will appoint a committee to consider the order named: The French Global Tonnage Proposal, French-Italian Naval Parity, and the British plan of Limitation by Categories. Delegation chiefs appeared satisfied as they left the meeting today that they had already gone far toward clearing away obstacles to real progress. Delegation heads decided in principle to admit press representatives at Thursday's plenary session, but the subject was to be further considered in the meantime. Following the meeting today, it was stated the Italian delegation had made reservations to decisions reached by the heads of the national delegations. The exact nature of the reservations was not stated.

RALSTON PLEASSED

(By Canadian Press)
London, January 28.—"I am very much pleased," said Col. Hon. J. L. Ralston, Canadian Minister of National Defense, and Canadian delegate to the Five Power Naval Conference, when the Canadian press today asked him how he regarded the progress of the conference.

Progress seemed to be evident as a result of the informal conversations which are taking place between the various delegations, the Canadian minister added. Naturally, he said, work had to be approached piecemeal. "In other words, two powers have to discuss problems which particularly concern them and afterwards communicate the result to the others interested," he explained.

A. BLAKE CHOWN GETS PROMOTION

Began Career in Belleville Office of Grand Trunk Railway.

According to word received from Chicago Mr. A. B. "Blake" Chown, a former Belleville boy has been appointed passenger traffic agent for Chicago of the Grand Trunk-Canadian National system. Mr. Chown's photo recently appeared in a Chicago newspaper. Mr. Chown is a son of Mrs. Chown, formerly of Belleville, now of Hamilton, and he was a nephew of the late Ex-Mayor W. H. Chown, formerly of Belleville. Mr. Chown is a rail roader of long experience and began his career as a ticket clerk for the Grand Trunk at Belleville, going to Pittsburgh in 1911 as travelling passenger agent, and in 1918 to New York as general agent of the passenger department in that city. In 1923 he went to Chicago as acting general passenger agent of the Grand Trunk western lines, becoming general passenger agent in 1923, which position he held to the present.

COL. VANDERWATER, WARREN

Col. Roscoe Vanderwater, D. S. O. Reeve of Sidney, was elected Warden of Hastings County, by the County Council, this afternoon.

Montreal and Toronto.

PREMIER LEADS GRAMMARIANS.

Teachers who to the literary phrase, "It is us", were probably nonplussed the other day to read that Premier Ramsay MacDonald said in his momentous speech, on the occasion of the opening of the naval parley, "The British Navy, it is us".

That means that the phrase "It is us", which has been condemned in schools, will pass in parliament and in literature for good English. Custom is the law of language.

There are yet many phrases which are in the throes of a correct evolution. It seems to be so difficult to say, "It is I". Most say, "It is me", even the scholarly make the concession with a slight sense of shame, perhaps, but they use it in order not to be thought pedantic.

The great master of all in the use of the tongue, Shakespeare, shocks even moderns with his acceptance of colloquialisms. He knew how the mass of the people looked upon language.

Some may feel that the classic Greek would not have allowed such a change. But that does not make any difference. Classic Greek has been chiselled and crystallized, but like Latin, it is a dead tongue as far as a spoken language is concerned. English is living and while it lives it will change. The trend is to the easier pronunciation.

This language has changed immensely. Just such changes took place before the style became somewhat crystallized in the time of Elizabeth. Why should the language be allowed to become inflexible? Many a horrid colloquialism had worked its way into language before there was much bookwriting and the grammarians would not even if they could, go back to the old.

The theatre and the novel are the best signs of the times in regard to the trend of idioms. They know "the street".

Many will yet feel some what afraid to use, "It is us", even if the premier set the stamp of his approval upon it. Perhaps it would be well to have premiers set the stamp of approval on such phrase when there is a general consensus of opinion in favor of a change.

Shakespeare, the best use of English, tried to use French word of one syllable "sans", for "without", but the people would not have it. It is more poetical and more amenable to metre than "without", but Englishmen prefer "without" to the important.

ART STIMULUS FROM RAILWAYS.

Canadian railroads are doing good work for music. Railroads are considered the

most matter-of-fact institutions quite materialistic in their aim, but that cannot be charged to the railroad builders of Canada. They have developed Canada, but they have not stopped with this. They were quick to seize upon the opportunity to serve art. The Canadian National lines have been pioneers in broadcasting via railroads and results are pouring in in the form of increasing demand for these entertainments. They do more than entertain for they cultivate art and they knit the people of all parts of the country together.

French-Canadian singers have singing over the air of the C. N. R. broadcasts which reach from coast to coast, all making for unification of the Canadian ideal. The Canadian Pacific Railway has been fostering music by its great festivals in various parts of Canada where music of many racial origins has been preserved and will be handed down to the generations of the newer Canadians as a heritage from their old homes. There is also the great series of programs which have been held in The Royal York which have helped to build up a music sense in the Dominion in bringing the best of English art to Canada.

The railroads have been accordingly doing a good work for the musical art. Their work is not yet done for fertile minds will find more ways of serving.

TESTING BELLEVILLE'S ROAD CLEARING.

Five weeks of hard snowing has done its best to put the public works department to the test on the advantage of road clearing. It has cost about four thousand dollars to get rid of the snow which would in other years have reached the stage of ice in the spring time to be then "picked" up and carted away. The work is continuing. The council will decide whether or not it is in the public advantage to take measures after every storm to get rid of the snow fall.

It is a good year for a test. The public works department is facing it manfully and squarely.

FRIENDSHIP

By Mary Matheson

The kind of friendship I would give—
And I of others claim—
Shall never let the tongue defile
Or mar another's name.

It falls like oil on troubled seas,
Another's weakness, and with holds
The hasty reprimand.

It helps another when one sees
And tries to understand
Him burdened on the road,
And though it cannot bear the cross
Will share the heavy load.

It finds the good in everything
And speaks of it alone,
And still will tell to me my faults
Nor evil will condone.

Such friendship is akin to love
Its ways the Master tread,
It is a flower plucked from out
The garden-plot of God.

Sypher: "It must be wonderful to be popular—to have a large following."
Sypher: "Well, it's easy! All you have to do is to buy a lot of things on the installment plan!"

PASSING YEARS From The Intelligencer Of This Day Years Ago

At 12 o'clock, McMillan, formerly of the Merchant Bank, of this city, who has been in the Winnipeg branch for several years, is to be married to a young lady, formerly of the same bank, in this place. The celebration is warmly welcomed here again by numerous friends. He will leave for Winnipeg in a day or so.

HAVE YOU HEARD THESE?

Try It Some Time

No longer do long-whined individuals accuse me on train and vehicle into conversation. I've found an unfailing way to cut short would-be gossipers. For instance, take the way I handled one of the type the other day.

He came into the club car where I was seated and sat down beside me and said: "Well, I see Ruth knocked the old apple again this year pretty well."

"Ruth?" I said, looking at him with amazement. "What's her last name?"

"That alone was enough to floor him, but with a certain bulldog tenacity he kept on."

"Grover Whalen's been pretty quiet lately, hasn't he?" he ventured.

"Whalen? Grover Whalen? Never heard of him," I said.

"My newly found friend took a deep breath and was silent for a while. Then he tried again."

"What's Lindbergh doing with himself now?" he asked.

"Lindbergh?" I replied. "Lindbergh? Well, he's been."

"For some time," I said.

"Say," he said, "have you ever heard of George Washington?"

"Pleased to meet you," I said sweetly, "my name's—"

But with a yell my friend had grabbed his hat and left the car. Try it yourself some time. It always works.

"I really feel I have quite a literary bent."

"Hm! Well, just stick to that long enough and you'll be quite literally broke."

"I've been watching that mechanic for the last 15 minutes. There's a man who knows his business. He didn't spill a drop of oil on the ground."

He put down the book gently, listened to the sounds, and left no fingerprints on it. He wiped his hands on clean white cloth, and then the dust spread clean data over the upholstery, which he wiped carefully, and then drove back into the street.

"Yeah, that's his own car."

Why is Murray Rime looking so sad?

He sent his poem, "The Memory of Death," to an editorial friend for revision.

"Well, what happened?"

The editor changed the title—mutated it into verses, and rewrote the others.

He wrote: "Nothing you may do, dearest, can still the ocean of emotion in my heart."

She wrote: "Inclosed herewith, dearest, please find my last but bill."

THAT BODY OF YOURS

By James W. Barton, M.D.

STUDYING A YOUNGSTER'S BEHAVIOUR

You will remember as a youngster how differently parents acted, when their youngster got into trouble with the school authorities, his playmates or others.

Some parents investigated the matter thoroughly and if their boy was in the wrong he was punished, and if in the right he was upheld.

Other parents always took the side of the youngster; he was always right.

Other parents apparently took no interest in the matter, and the youngster fought his own battles, right or wrong.

What happened some youngsters would go and tell the parents of the one who had injured them, others would go to their own parents, and others would just keep quiet and bide their chance to get even in their own way.

Now there is the youngster who is cruel, cunning and selfish, vindictive, another youngster who will give and take—willing to give others what they are entitled to, and expecting to get the same.

Others still are just a little too kind hearted, and still others who are so soft they will let anybody take advantage of them.

Some youngsters have more strength of body than others, some more strength of mind.

WANTS TO TELL ALL OF SARGON

Altho I heard that I did not know much about the new Sargon, I was surprised at how much I did.

I simply just how individual act as behave in their manner of relation to other people, to work, play, vote, home, the theatre, music, etc., in fact.

Instead of waiting until individuals grow up to be men and women and then trying to study why they say and do things under certain circumstances, this Institute will devote a lot of time and money to the study of children.

The idea is to study children and find out why some of the most likely to become mental patients in the years to come.

The individuals selected to study will include some who are normal and some who are abnormal mentally, and even some of a higher type mental than the average.

Thus the department of the Institute for studying children will resemble as much as possible a private residence. It will have a large nursery with a concealed observation room for parents, and doctors, a wading pool, garden, photographic laboratory, and mother's rest room.

You can see what will happen.

The "natural" behaviour of a youngster can be seen by parents, and studied by the physician. Parents will not have to take the word of their own youngster nor his playmates; they can see him as he is.

SEEK BODIES OF KILLED FLIERS

Eielson and Borland Likely to Be Found Under Cases.

(By Canadian Press)

Nome, January 27 — Mushers from North Cape, Siberia, today headed their dog teams toward the spot where the wrecked aeroplane of Carl Ben Eielson, noted Arctic flyer, and his companion, Earl Borland, was located Saturday, expecting to find the bodies of the two long missing aviators. Belief that two were killed when their plane crashed and their bodies would be found jammed under the engine cases of the plane in the cabin, was expressed here after a more detailed report of the wreckage was received.

J. A. POGSON

"I'd gotten in such a rundown condition I could hardly muster up enough strength to get myself out of bed mornings and always felt fagged cut before the day was half over. The trouble was I had indigestion so much my food wouldn't do me any good—just soured on my stomach and caused gas and heart palpitation—and constipation helped pull me down, too."

"Sargon made a new man out of me. I've got the strength and endurance to get through the day's work now and never have the slightest trouble with indigestion. The Sargon Pills, that go with the tonic, are without a doubt the best laxative I ever used and regulated me perfectly. My appetite is so good that I've already picked up five pounds, and I'd go out of my way to tell others about this remarkable treatment."

— J. A. Pogson, 190 Snowdon Ave., Toronto.

Sargon may be obtained in Belleville from Dolan The Druggist.

crushed and their bodies would be found jammed under the engine cases of the plane in the cabin, was expressed here after a more detailed report of the wreckage was received.

SCARLET CHAPTER'S OFFICERS INSTALLED

At the adjourned meeting of the Scarlet Chapter held at Springfield, the following officers were elected for 1930 and installed:

President — Mrs. J. A. Pogson

Worshipful Commander in Command — Mrs. H. G. Pelt

Excellent Commander in Command — Mrs. Knight

Companion Chaplain — Sir Knight J. A. Pogson

Companion Scribe — Sir Knight W. J. Morrison

Companion Treasurer — Sir Knight J. Morrison

Companion Herald at Arms — Sir Knight W. R. Bonter

Companion First Lecturer — Sir Knight J. Courtney

Companion Second Lecturer — Sir Knight P. Bateman

Companion First Conductor — Sir Knight W. G. Kerr

Companion Second Conductor — Sir Knight C. Jeffrey

Inward Herald — Sir Knight T. Webb

Outward Herald — Sir Knight J. Baker

RIFLE COVERS YOUTHS UNTIL POLICE ARRIVE

Toronto, January 28 — Three boys were arrested here yesterday and charged with attempting to break into a local gasoline station. The youths are Elmer Libby, Harvey Farhall and fifteen-year-old companion, W. J. Lacey. The proprietor of the station told the police he saw the three at a gasoline pump and fired at them with a hunting rifle. They fled but returned later and he covered them with a gun until the police arrived on the scene.

WRIST FRACTURED.

Mrs. Anna Taubman, 39 Albion St., fractured her wrist this morning when she fell on the ice on Front St. near James Cooke's office. The woman was taken to Dr. Robertson's office where the fracture was reduced. Mrs. Taubman was later taken to her home.

CARNIVAL AT PT. ANNE.

Under the auspices of the Canada Cement Company a skating carnival will be held at the rink at Point Anne on Thursday night of this week. The event is popular with the employees of the company and their friends and a large attendance is expected. A valuable prize list has been offered. Mr. William Strachan is in charge.

ICE CREAM MAKERS MEET.

A meeting of the Central Ontario ice cream manufacturers was held at the Quinto Hotel yesterday afternoon. Manufacturers were present from as far west as Toronto and as far east as Ottawa. Among the firms represented here were Nelson's City Dairies, Ottawa Dairies, Wellington Dairies and E. J. Dickson and Son. Many topics of interest were discussed during the course of the convention.

SMITH TO REFEREE.

Joe Smith has been named as the referee for the Belleville-Trenton Junior O. H. A. game here tonight. Smith is a capable official and the match will be well handled with this veteran puck-chaser in charge.

HAT OR NO HATS.

Lately people have noticed a number of followers of the "hatless craze" in the city. While no one has any objection to these individuals who brave the cold of winter still one feels sorry for them if they should happen to visit Wilkesbarre, Pa. for the city council there is considering the matter of passing a resolution that the hatless be pronounced insane. The resolution was submitted by the mayor who thinks that not to wear a hat in winter is an insult to the intelligence of "God-fearing citizens."

A fainting spell caused William McCready, aged 80 years, to fall to his death downstairs at Brockville.

SUFFERED SHAKING-UP

Mr. George Laneman, 216 Station Street, suffered a bad shaking-up when he fell from the roof of the Cobourg railway station on Saturday. Mr. Laneman, who is attached to the heating and building staff of the Canadian National Railway, was repairing the roof of the depot when his foot slipped and he was thrown to the ground. Fortunately he did not fall on the pavement that fronts the station and sustained no fractured bones. After remaining at his home for the past two days he was able to resume his duties today.

NO TRACE OF MEN

Although circulars have been broadcast all over the country giving particulars regarding Archie Mulligan and Charles Woodruff, who in connection with a fatal accident that occurred in Kingston the forepart of October of last year, no trace whatever has been found of the two young men. It will be recalled that Woodruff and Mulligan were wanted in connection with an accident which occurred on the night of October 14th at the corner of Albert and Earl Streets, when a car driven by E. L. Mooney, plant wire chief of the Bell Telephone Company at Belleville, formerly of the Bell Telephone Company of Kingston, was hit by another car, alleged to have been driven by Mulligan, who was accompanied by Woodruff. Mr. Mooney suffered a fractured skull and died in the General Hospital on October 19th. The coroner's jury investigating the case implicated Mulligan and Woodruff and since that time the search has been continued in an effort to locate the young men. Several likely clues were followed up but with no result.

ON THE AIR

Parties at home without going to the expense of engaging musicians can easily be engineered nowadays. The air is full of dance music and although some of the older folk do not appreciate it, certainly is popular with the younger set. The best programmes start about ten and continue until the wee sma' hours.

Prolicking to the syncopations of Rudy Vallee, Ben Bernie and the rest of the masters of melody in the privacy of your own home is much better than visiting the public halls any way you look at it. Parents act wisely when they encourage parties at home and incidentally they can join in the good times themselves.

Little Jack Little is one big artist. He can tickle those ivory keys. He is certainly THE radio idol and his programmes are eagerly looked forward to by thousands of music lovers. We heard him perform both Saturday and Sunday evening and were struck anew at his extraordinary skill. Fans would like nothing better than to listen-in on his performances every night.

Tonight

DEATHS AND FUNERALS
Mrs. D. W. Lidster died at her home in Brandon, Sask., yesterday. She is survived by two sons, Walter T. Thorpe, and M. W. Lidster, of Brandon, Sask. The body will arrive here tomorrow on the 11.55 train for interment in Belleville Cemetery.

BIRTH NOTICE
VENN-At St. Michael's Hospital, Toronto, on Saturday, Jan. 25th, to Mr. and Mrs. Carol W. Venn (nee Mabel Summers), of Belleville, a daughter.

POLICE COURT
Hazel Anderson, charged with being a vagrant, was given three months in jail on this charge, while another charge of theft was laid over for a week owing to the absence of a mail.

EARLY ELECTION

Continued from Page One
Co-operation given during the past three years. Mr. Payne announced the expenditures during the past year as \$175 while the receipts were \$188. R. D. Panton received a vote of thanks to the retiring officers and the chairman for their efforts and the motion was supported by R. J. E. Graham. Mr. H. P. Ketcheson referred to the death of the late E. Cus Porter, an honorable member of the association. He moved that a resolution of condolence be forwarded to the bereaved family. Major R. D. Panton and Chas. Payne will frame the document.

Bought Entertainment

At intervals during the course of the evening, Duncan Cowan, entertaining of Toronto, rendered novel sketches, which made an instant hit with the crowd. He was accompanied by Mr. Leo Riggs. Mr. Cowan was brought to Belleville at the personal expense of Mr. Tummon for the sake of the entertainment.

Mr. W. E. Tummon, M. P., in a short address warned the party followers that the Conservatives must be prepared for an election. Mr. Tummon said that Premier Mackenzie King will go to the country either late this year or early next year and he remarked that the Premier will likely wait until after the Economic Conference, in order that he may name a tariff policy suitable to him.

Praises Association
Mr. Tummon thanked the officers of the association for their support and congratulated the new officials and said he trusted they would render the same efficient service. "The chief issue in the next election, will be one of tariff," he declared, "and the Conservatives are for a Canada First policy."

Unfavorable Balance

"The Conservatives want to give the Canadian laboring men a chance," said the member. He launched an attack on the unfavorable trade balance shown in the recent figures released by the Department of Trade and Commerce. During the year ending November 30, 1929, \$1,309,000,000 worth of goods were imported and \$1,210,000,000 worth of goods were exported in the corresponding previous 12 months. There was \$98,000,000 worth of goods more imported in 1929 or an equivalent of \$325,000,000 more per working day. In the period ending November 30, 1929, \$1,224,000,000 worth of goods were exported while \$1,349,000,000 were exported for the same period ending November 30, 1928, \$124,000,000 less than the previous year. Mr. Tummon noted that there was \$418,000 less per working day in exports and \$325,000 per day more in imports and he assailed this fact as a most unfavorable trade balance.

"What does such a condition mean to a personal business?" asked Mr. Tummon, "nothing more than an unfavorable trade balance and Canada had an adverse balance of \$84,000,000 in the period ending November 30, 1929."

Why Men are Idle.
The Federal member attacked the report of the Department of Trade and Commerce further, and stated that \$309,000,000 worth of goods were sold to the United Kingdom, while \$529,000,000 worth of goods were disposed of to United States in the same period. He noted that \$902,000,000 worth of goods were bought from United States during the same time. "Is it any wonder that our men are walking the streets jobless under these conditions?" he said.

"Thus we not only sent back to United States every dollar that we received from them for goods sold to them, but we sent also to United States every dollar that we received for goods sold to the United Kingdom, and \$64,000,000 additional."

Farm Situation
Turning his guns on the farm implement situation, he stated that in 1924 the King Government reduced the tariff on farm implements from approximately 12% to 6 per cent, and in doing so the Premier said the money would go back into the pockets of the farmers.

"They have not been purchased one cent cheaper after the tariff reduction," Mr. Tummon observed. "In 1923 we manufactured 70 per cent of the farm implement requirements right here in Canada while we imported the rest."

The accused is alleged to have stolen a watch from a gentleman friend.

Harry Bechling appeared charged with a very serious offence against a relative, and was remanded in custody for one week. The alleged offence is said to have taken place in Stirling Bechling having just come from Alberta a few weeks ago.

John E. Bursaw was charged with theft of coal from the C.N.R. and on pleading guilty was given a suspended sentence of a year. As well, he was ordered to pay the costs of the case. He was arrested by C.N.R. Constable George Foster.

NAMED SECRETARY.

Mr. R. H. Ketcheson

who was honored last evening by the Conservative Association of Belleville with the Secretaryship.

ported 30 per cent. Two years after the reduction only 52 per cent of farm implement requirements were manufactured in Canada, while 48 per cent were imported. Tracing the history of the manufacture of such products of the Federal member said that in 1927 48 per cent were manufactured at home while 52 per cent were imported and in the following year only 37 per cent were made at home while 63 per cent were imported. Mr. Tummon deplored this state of affairs and challenged the statement by the Government that more men are employed in the making of farm implements than ever before.

"When the election comes, Hon. R. B. Bennett will be standing four-square on a 'Canada First' policy and not for dependence on other countries but an independence of our own," said Mr. Tummon in conclusion.

Mayor Reid.
Mayor George A. Reid congratulated Mr. French, the new president, on his election. "You are the leader of half the voting strength in South and West Hastings and a heavy responsibility rests upon you," he said. "To be a true citizen you must be a booster not a knocker, and Mayor Reid said he intends to devote more of his time than ever to the city of Belleville."

"The plans for the local filtration plant must be completed before the end of the year and we expect W. H. Ireland to bring an engineer here to look over the lower bridge to see what can be done," Mayor Reid invited co-operation from citizens as well as new ideas on different points.

Ald. Dr. Kinnear and Ald. Harold Armstrong made short addresses, the latter remarking that Sir John A. MacDonald provided Canada with its first tariff system and now it is time for a change in order to benefit all classes.

Letter of Condolence
A letter of condolence was forwarded to Mr. R. H. Ketcheson, the secretary of the association on the death of his sister. He was absent last night and David Fleming kept the minutes.

A motion was made that the Municipal Act be amended to entitle the younger element to vote on by-laws at the annual municipal elections. A resolution will be forwarded to the Government urging this change. It was sponsored last night by Messrs. Clarke and Allan.

WOMEN WORKERS OUT ON STRIKE

Twelve hundred Employees of Garment Factories Seek Redress.

Toronto, Jan. 28 (C.P.)—As a result of a vote taken at a mass meeting last night, more than twelve hundred ladies garment workers went on strike at ten o'clock this morning in effort to force their employers to agree to their demands regarding wages and working conditions. Though it could not yet be learned how many companies would be affected by the strike, it was stated industry, which is now operating overtime on spring dresses and cloaks, would be seriously dislocated.

The strikers immediately repaired to the labor bureau, the scene of last night's meeting, where committee appointed pickets. At a meeting last night the workers voted to demand a wage of one dollar an hour, proper working conditions, elimination of "sweat shops" and a working week of 44 hours, with no work Sundays.

Toronto, Jan. 28.—Wilbur H. Funk, accountant for the firm of Homer L. Gibson, stock brokers, was arrested today as a material witness in connection with the charge of conspiracy to defraud against William J. Smart, president, who was arrested last night. Funk later appeared in court and was remanded to February 4. He was released on bail of \$20,000.

LADIES GUESTS OF LOCAL CLUB

Y's Men Entertain at Happy Function at Y.M.C.A. Building.

Y's Men held their third annual Ladies' Night at the Y.M.C.A. last night and the event eclipsed any previous attempt along this line by the club. The lecture room was appropriately decorated for the occasion and a splendid program was offered by the committee in charge. Members of the club are to be congratulated on their enterprise and on the success of last night's meeting. Mr. Robert Brown, president, was in the chair and International President Newton Thompson welcomed the guests. Jack Andrews rendered two solos while Leo Riggs in his inimitable style contributed a piano number and Ross Hunter followed with a violin selection. Mr. Riggs was made an Honorary member of the club and replied fittingly to the honor bestowed upon him.

Albert Armstrong introduced the speaker of the evening, Mr. P. C. MacLaurin. The Colleague Principal is always welcome at the club and his address last night was particularly enjoyable. He opened by comparing the mottoes of the Rotary, Kiwanis and Y's Mens clubs and pointed out that the chief aim of each is service. He stressed the idea of leadership, of sending men out to carry on the work of service, action and duty. "Have we a part in producing such leaders as Ramsay MacDonald, and Herbert Hoover," observed the speaker, "they are not leaders because they had an inborn gift, because the greatest leader the world has ever known came from a carpenter's bench. If money were the big factor, we would have big men today and small men tomorrow."

He complimented the club for its efforts to promote leadership. He went on to show what the essential elements in successful leadership are. "The Rotary Club brings them back to health, Kiwanis keeps them healthy, while the Y's men's club look after the physical life of the boy, interesting him in hobbies and this training should produce a happy confident, noble spirit and not despairing souls," he said.

Mr. MacLaurin pointed out that Service clubs remove any suspiciousness that exists among them. The speaker dealt with three other points, vision, well-balanced common sense and the policy of making leaders in which he

lauded the work now being carried on. He was roundly applauded at the conclusion of his address. Following the dinner the members and guests adjourned to the gymnasium where dancing was enjoyed.

Personals

VISITORS WHO COME AND GO

Mr. Charles T. Smith, Station St., left for Toronto today where he will undergo treatment for an injury suffered two years ago near Kingston, when he was thrown between two freight cars.

Mr. William Cooke is recuperating from a recent illness at the home of Mr. and Mrs. Beers, 115 Lingham St.

Mr. Elmer Wilson, of Hamilton, who underwent a serious operation at the Belleville Hospital on Sunday is resting easier today. He is under the care of Dr. Paulsen.

Mr. William Gilbert Albert Street, underwent a minor operation at the Belleville Hospital yesterday. His condition is causing some concern.

RAILWAY CREW BADLY INJURED

London, Ont., Jan. 28 (C.P.)—The condition of Harry Davis, engineer, and Fireman B. McFarlane, both of London, who were injured in a Canadian Pacific Railway wreck at Glenside last night, remains unchanged. They are both resting comfortably. Davis was badly scalded and burned when his passenger train crashed into the rear of the freight train. McFarlane was thrown over the telegraph wires and received painful injuries. R. J. Patterson, Toronto passenger, suffered from bruises and shock.

**SAY! I DIDN'T GET
MY PAPER TO-DAY!
WHAT'S
THE
MATTER?**

"HELLO! Circulation Department? Why didn't we get our paper to-day? Can't you see to it that I get my paper every day?----Well----all right----but it certainly upsets things when you miss us---even if it is only once."

"Even if it is only once"---and that expresses in a nutshell the unique place which daily newspapers occupy in the everyday life of the 2,112,605 Canadian families who read them. They demand their paper regularly every publishing day of the year---and they get it. Very rarely is a paper missed---so efficient is daily newspaper distribution.

To these families---and they occupy most of the homes of Canada---there is no substitute for their favourite daily newspaper.

In its pages each day is unfolded the ever-changing panorama of happenings that grips their interest.

It tells of the world's joys---and oft-times its sorrows.

It announces the arrival of the life just born---and the passing of old and esteemed citizens.

It records what takes place in church, in home, in business, in society, in sport and in politics. From nearby suburbs to the

ends of the earth it gleans all that is new. Nothing else can even begin to take its place.

And this is why daily newspaper advertising pays so well. Daily newspapers enjoy an intensity of reader interest that applies to no other medium. They are part and parcel of the daily life of practically everyone in Canada --- irrespective of income or social standing.

And just as they excel every other medium in the service they render their readers, so, without doubt, do they produce greater results for the advertiser in return for the money expended.

Totals 706 788 661 2155
In the other league game a Junior
League fixture, the Peaches, were just
a little too good for Manager Wil-
liams and his Metropolitan Stores
crew and annexed all four points at
their expense. Notable singles were:
V. Wheeler, 208; D. Belnap, 273; S.
Ford, 204; M. Lynch, 216 and 215,
counted upon to put just as much
a little to get in the select singles for
next week.

THE PRICE ROLLING STARTED OFF WITH
a bang. Mrs. C. Lent, Leavitt, Miss
Stella Ford and Harry Post, Kennedy,
won prizes. Every bowler has a real
chance and as there is only one league
game scheduled for tonight, several
will no doubt get in the prize circle.

IN THE LADIES' LEAGUE GAME, FRESH-
ies took 3 points, Mooshearts 1. The
first string went to the Freshies, 706
to 607, and also the second, 788 to
590, while the Mooshearts took their
only center in last by 5 pins, 666 to
601. H. Langman, 182, H. Rowbotham
173, Peggy Burke 162, Mildred Gra-
ham 160 and 245, were real fine efforts
in the single scores.

Table Damask, in check pat-
terns, 54 in. and 58 in. wide;
on sale at, yard, 35c. 123-017

CHOOSING HYMNS WHEN CALL CAME

Rev. Dr. McKenzie Had
Complete Plans for
Service.

Brockville, Jan. 27.—A deep tribute of respect was paid to the memory of Rev. Dr. William Alexander McKenzie, former minister of the First Presbyterian church, and until November last a resident of this town, who passed away suddenly at New Carlisle, Que., recently, at the funeral held Friday afternoon at 2:30 o'clock, from the residence of his brother-in-law, Mr. R. L. Wright, 10 Sherwood street, to the First Presbyterian church where the service was held.

Rev. Mr. MacOndrum read the following extract from a letter written by Rev. Dr. Andrew S. Grant, Toronto, to secretary of the General Board of Missions of the Presbyterian Church in Canada: "I would like very much if you would represent the Board and convey to the relatives and friends our sincere sympathy and our great appreciation of the service that Dr. McKenzie has rendered on behalf of the Presbyterian Church in Canada, even to the very last."

How the deceased served "even to the very last," as stated in Mr. Grant's letter, was shown by the reading of the following letter, received by Mr. and Mrs. Wright, from James S. Sitar, New Carlisle, Que., as follows:

"We are all feeling so sad about Dr. MacKenzie's sudden death. He seemed to us in his usual health, and up to the date of his death, never missed an appointment. He reached every Sunday evening at seven o'clock and at Sunday School at 2:40 o'clock in the afternoon, taught a class of young men and boys. Sunday evening he was on time and there was only one lady, Mrs. Beebe, and two or three young folks there. He was talking with them and smiling when he said, 'Now I must pick up my hymns.' He suddenly sank to the floor. Mrs. Beebe caught him and held his head and he passed away in less than a minute, without a struggle, or without speaking a word."

Continuing the letter stated that medical aid failed to be of any avail, and death was caused by a clot of blood reaching the brain.

Among the mourners, from a distance were R. A. C. Henry, Deputy Minister of Railways and Canals, Ottawa, nephew; Dr. Boyce and son, of Belleville.

A large number of beautiful floral tributes rested on the casket and at the close of the service the cortege proceeded to Brockville cemetery, where the remains were placed in the vault.

BACK OF BEYOND
By
N. Florence Leach
Copyright, 1929, International
Features Service, Inc.

The sun was bright in a cloudless sky, the air was sweet with the fragrance of June roses. High-school commencement was over and Carol Tremont and Ed Dole sitting shoulder to shoulder in the old porch swing, were planning their lives. Visionary and idealistic, in their hearts burned the clear, hot flame of sacrifice.

"I want to be a missionary, a foreign missionary, Ed," she said softly. "Me too, and you know it." His hands, large, with square tipped fingers, closed over her thin, sensitive ones. "I want the world to be better for my having lived!"

"We'll go to China, or Africa, or somewhere back of beyond," she continued, her brown eyes bright with

dreams. "But wherever they send us, we won't be afraid, will we, Ed? For we'll be together."

"Always together," he answered, his young voice thickened with honest passion.

Phychemates from babyhood, child sweethearts, neither could imagine a future that did not include the other. "I will do this," "we" will do that. Now they were almost grown; it was time to begin materializing the dreams and plans of adolescence.

"We'll go to college, then study for one year at the seminary," Ed decided. But as busy, interesting months passed, that plan was modified.

"The hearts of heathen folks are

best reached through their bodies," Ed said to Carol, his voice vibrant with youthful enthusiasm. "Heal their bodies, and you have paved the way for saving their souls." She nodded vigorously.

"What do you say to my taking up medicine as soon as I have enough credits to enter Medical College?"

"Oh, that's a fine ideal! But when you stop college, Ed, I shall stop too."

"What'll you do?" he asked in sudden alarm.

She laughed. "I'll secure a position and learn all about business. There should be one practical member in every family."

"You—practical!" He shouted with laughter, in which she good naturedly joined.

When Ed entered Medical College a year later, Carol began working as stenographer in the biggest bank in their home town. The state Medical College was in Tidewater, 100 miles distant. Ed's little friends said, soon knew the way there and back without any direction from its owner. But Ed had so much outside work to do in his senior year that he could not go home. Carol was considered the best nurse in the hospital and ended: "forever your lover," had to take the place of visits.

Ed did remarkably well in medicine, and mentioned Dr. Corey more and more frequently in his letters. Dr. Corey, a specialist in the state Medical College was in Tidewater, 100 miles distant. Ed's little friends said, soon knew the way there and back without any direction from its owner. But Ed had so much outside work to do in his senior year that he could not go home. Carol was considered the best nurse in the hospital and ended: "forever your lover," had to take the place of visits.

Ed did remarkably well in medicine, and mentioned Dr. Corey more and more frequently in his letters. Dr. Corey, a specialist in the state Medical College was in Tidewater, 100 miles distant. Ed's little friends said, soon knew the way there and back without any direction from its owner. But Ed had so much outside work to do in his senior year that he could not go home. Carol was considered the best nurse in the hospital and ended: "forever your lover," had to take the place of visits.

Carol's reply was a fiery denunciation of Dr. Corey who tried to turn a man aside from his chosen work. "Missionaries, too, are born, not made," she wrote. "You dare not disregard your call." But the letter was never sent. She read it over, then tore it into little pieces. "The decision rests with Ed," she thought unhappily. "I have no right to interfere."

In July Ed came home for a brief vacation. He was alternately gay and moody, and Carol, who could read his heart as she read her own, knew that he was being torn between conflicting decisions. Love, duty, sacrifice, they were not words, abstract nouns; they were the biggest, most compelling facts in life!

They tried to talk the matter over calmly, but always ended by arguing. "It wouldn't be right to refuse such an offer as Dr. Corey has made me," he insisted. "A physician ministered to suffering humanity at home or abroad."

But Carol, her eyes bright with unshed tears, her lips crimson with the fever that burned her, could only answer: "You are wrong, and sometime you will realize how wrong."

"Another thing," he admitted finally. "I've always been uneasy at the thought of your living in a heathen land. I can take better care of you in America."

She looked at him, startled incredulously, then she jumped and landed until she found that she was crying. "Dr. Corey is not calling me," she answered bitterly.

And Ed could not shake her determination though he tried desperately. She loved him better than her own life, she admitted, but not better than her call to service. Finally he returned to Tidewater, angry, hurt and baffled, and Carol justly continued her preparations for her year of special training.

She was white and spent when she boarded the train. It wasn't only that she had given up the man she loved, but her confidence in him had been shaken. She had been so proud of Ed and now she felt ashamed. She realized suddenly that she was very young, and helpless and alone.

She would reach Louisville at midnight. The train passed through Tidewater at eight o'clock. She opened a magazine and tried to read. She did not want to think of Ed just now. Ed busy in Dr. Corey's office, fitting himself to become a famous neurologist. People were moving about in the coach. Several passengers got off, red caps were hurrying in with baggage. Someone sat down opposite her and the porter arranged the newcomer's bags under the seat. She glanced up, annoyed, then half rose.

"Ed!"

"Why, howdy do!" he chuckled, reaching for her hands.

She held them away from him tightly clasped in her lap. "Where," she asked, and her voice was shaking, "where are you going?"

"Me? To Louisville, of course. How else could we sail together June?"

"But—Dr. Corey, and the brilliant future he promised you?"

Ed's lips smiled, but his eyes were brimming. "What could he offer that would take the place of us, working together, back of beyond?"

Carol made room for Ed beside her. "Nothing," she answered with conviction. "Nothing at all."

WILL WAIT ON C.N.R. DIVISION OFFICERS

Campbellford, Jan. 27.—For the special purpose of deciding whether or not a change of train service was desirable to the town and vicinity, the municipal council met. As a result of nearly two hours' discussion, a special deputations will wait on the C.N.R. officials in Belleville at as early a date as an appointment can be arranged. Although a change was requested by the municipalities along the line, the proposed change does not appear to be quite what was asked for.

The council appointed the Mayor and councillors Wiggins and MacColl, a deputations to wait on the C.N.R. officials in Belleville as soon as an appointment could be made.

GLIDER CRASHES, KILLING NAVY FLIER

Oakland, Calif., Jan. 27. (CP).—Lt. Norman Goddard, former navy flier and recently operator of Palo Alto aviation school, is dead as the result of the collapse of the glider in which he attempted to execute yesterday over the airport at Alameda.

ASKS UNCLE PRINCE FOR BIG ELEPHANT

London, Jan. 27. (CP).—Just before he departed on his trip to Africa, the Prince of Wales presented his tiny niece, Princess Elizabeth, with a calm letter. The Prince prefers calm to any other breed and has for years gone in for them exclusively. The puppy played the four year old royal lady but when she learned her favorite uncle was departing in the hopes of finding some elephants, she tried to persuade him to bring one back for her. The Prince compromised by promising her a pair of tusks from the first elephant he shoots.

Man's home is his castle, and as such should be inviolate, ruled judge

E. J. PYEAR HEADS STIRLING FAIR BD.

An enthusiastic meeting of the members of Stirling Agricultural Society was held in Stirling with President E. J. Pyear presiding. As M. W. Sine, the secretary, has been ill-health, Mr. Clayton Tucker was appointed secretary. The following officers were elected for 1930:

President—E. J. Pyear.
1st Vice President—D. Thompson.
2nd Vice President—Wm. Pittchett.

L. S. S. — Bro. Hilarid Murphy.
R. S. N. G. — Bro. J. F. Baker.
L. S. N. G. — Bro. Ernest Eastwood of Piqua, Ohio.

Humanitarian Code Drafted For Subs?

SECOND FIRE AT TWEED IN THREE DAYS; LOSS LIGHT

Fire Started in Living Room
Over Dry Goods Store of
D. Morrison.

LOSS BY WATER

Insurance on Stock Is Not
Heavy and Loss Will Be
Considerable.

Tweed, Jan. 29. (Special).—Tweed village was visited last night about 11 o'clock with a very serious fire which but for the heroic work of the fire brigade would doubtless have caused much more damage than was sustained. Last night's fire started in a clothesroom in the living apartments over the drygoods store of Duncan Morrison and had made considerable headway when it was discovered.

The brigade responded quickly and did such effective work that the loss to the building will probably not exceed about \$1500. A very heavy drygoods stock had been carried in the store below and tons of water poured into the fire above damaged this stock and the loss will be considerable to Mr. Morrison, as it is understood that there was not a great deal of insurance.

This was the second fire with which the village has had to contend this week. At 4 o'clock on Sunday morning at a temperature of 50 degrees below zero, the firemen were called out to quench a fire in the H. Trumpour property. The electric power was off at the time and the village was in darkness, but the firemen succeeded in confining the fire to a frame building at the rear of the store.

The firemen, according to Tweed residents, deserve a great deal of credit for their effective work.

PIONEER SCHOOL 108 YEARS OLD

Bridge St. United School
Will Celebrate
Foundation.

On Sunday next February 2nd, Bridge Street United Sunday School, the pioneer Sunday School of Belleville, will celebrate its hundred and eighth anniversary in a series of special services in which the scholars will render special music and the addresses for the day will be given by one of the outstanding leaders in Sunday School and Young People's work in America, Mr. Frank Langford, B. A., general secretary of the Board of Education of the United Church of Canada.

Bridge Street Sunday School was organized in the little Pinnacle St. Church in the year 1822, and has continued throughout the years as an important factor in the religious life of the community. The city's first Sunday school divided and sub-divided again and again as other churches were built and Sunday schools were organized.

During the war years one hundred and nine members of this school went overseas to play their part, eleven of whom made the supreme sacrifice. In the history of the school many outstanding men have given leadership in the office of superintendent. The list is as follows:—Hon. Billa Flint; Dr. Kellogg; Mr. M. Sawyer; Mr. Richardson; Mr. Asa Yeomans; Mr. John Booth; Mr. John Elmer; Mr. William Reeves; Mr. G. G. Gorman; Mr. James Ross; Mr. William Johnson; Judge Deroche; Mr. P. S. Deacon; Mr. F. E. O'Flynn and Sheriff J. H. Clare.

The reports presented by the various departments at the annual meeting of the school last week were very satisfactory and the school is now in a flourishing condition.

3 BADLY BURNED

Toronto, Jan. 29.—Badly burned when a fuse blew out in the hydro electric transformer station, A. McDonald, A. Bennett and F. Miller, three employees, are in hospital here in a serious condition. Hydro officials are investigating the cause of the accident.

PENN DOCUMENTS.

Although there has been some doubt as to the authenticity of "the million dollar Penn documents" and "relics" by some sections of the English press, Thomas Ryan, Toronto art dealer, is convinced the collection is genuine. He has stated that experts from New York have pronounced the

relics genuine, declining, however, to divulge the names of the experts. In 1927, Hunter Charles Rogers figured in the "discovery" of Penn and other relics, for which he served twelve months' imprisonment. Mr. Ryan states emphatically that Rogers did not figure in this "discovery." The

photographs here show: (1) Water color drawing of two girls, attributed to Sir Thomas Lawrence and produced by Rogers at the same time as he produced Shakespearean relics at Toronto and sold at auction here, (2) Hunter Charles Rogers, with two old leather folios in which certain docu-

ments which he ascribed to Shakespeare were alleged by him to have been discovered and (3) one of the Penn relics, among which is included a document alleged to be the original draft of the United States Declaration of Independence. This drawing is also said to be by a master artist.

ORIENTAL SETTING FOR MISSION CIRCLE T E A

Under the auspices of the Jubilee Mission Circle the ladies of Bridge St. United Church held an Oriental Tea yesterday afternoon from 4 to 7. The tea room was decorated in Oriental effects, Japanese parasols were suspended from the ceiling and the lights were softened with colored streamers. The walls of the tea-room were uniquely decorated with rainbow shades of crepe paper which completely covered them from top to bottom. A huge palm tree marked the entrance and the charming waitresses were clad in Oriental costumes of three nationalities, namely, Japanese, Chinese and Hindu. The whole effect was cleverly carried out even to the menu which consisted of a Chinese course. The tea scored a huge success.

Mrs. Ralph Morden, president, received the guests and Mrs. Harley Wray was treasurer for the afternoon. Mrs. Glen McKinnon and Miss Norma Clarke with a fine committee of assistants were in charge of the tea room and Miss Nettie Ketcheson and Miss Ethel Morden capably supervised the work in the kitchen.

FAKIRS AT FAIRS HAVE TO DEPART

Supt. J. Lockie Wilson Ad-
dresses Fair Men at
City Hall Today.

Central Ontario Fall Fairs Association met in Belleville this afternoon and to set dates for exhibitions in 1930. Belleville fair dates are from August 26 to Aug. 29.

Mayor George Reid welcomed the fair representatives and told of the progress of Belleville Fair. The farm section, he believed, was the backbone of the exhibition enterprise.

Supt. J. Lockie Wilson, of Fall Fairs, urged clean fairs and the riding out of the fakirs.

W. J. Holl, of Madoc, spoke on behalf of clean fairs and games of chance, and said that much rested with the directors. People should have something for their money. He said, "We must get down to the bare fact that we want to use other people's money as our own."

Mr. R. H. Ketcheson spoke on the elimination of games of chance.

CAPT. KANUDSON MOVES TO CITY

Will Take Charge of Can.
Cement Company's
Ship.

Captain E. Kanudson and family have arrived in Belleville from Sydney Nova Scotia. The captain has taken a position with the Canada Cement Company and will have charge of a new boat propelled by the Diesel electric system which will be put into service about July first. Capt. Kanudson expects to go to Middleborough, England, early in March, where the boat is being built. He will navigate it across the Atlantic and up the St. Lawrence system of waterways to Point Anne. It will be put into commission to carry cement to various points on the Great Lakes and the St. Lawrence. The Canada Cement Company bought a new boat, the "Boat Carrier" last year.

Captain Kanudson is a native of Norway. He has been 21 years at Sydney with the British Empire Steel Corporation and has been in charge of boats of the Black Diamond Steamship lines. He is making his home at 92 Bridge Street west, formerly occupied by Mr. F. G. Brower.

FOOD BY AIR

Evansville, Ind., Jan. 29. (C.P.).—Ninety families reported in distress from lack of food and fuel in the flood-bound territory south of Crawleyville were the immediate goal today of four national guard airplanes engaged in relief work. One hundred and twenty bags of food were ready for the aviators to drop at the homes of these families and others marooned more than a week ago when the waters of the Wabash and White Rivers overflowed.

THE WEATHER

Moderate winds, fair and moderate
ly cold today and Thursday.

COMING EVENTS

Lively musical program. Every citizen invited. Accommodation limited. Phone Chamber of Commerce for reservations. Tickets one dollar. 327-4td

NEW FACES AT COUNTY COUNCIL

Many New Members at Ses-
sions at Shire Hall.
Today.

On the new County Council for the year 1930 will appear a number of new faces. All members elected with the exception of Deputy Reeve J. A. McKinney, who served on the council several years ago, have not yet seen office. Following is a list of councilmen elected with a brief sketch of their occupations and term of office:—J. A. McKinney, Deputy Reeve of Tyndinaga, a well-known farmer in this district who served on the county council several years ago.

W. S. Stiles—farmer in Rawdon township, is a new member to the council, as deputy of Rawdon.

George E. Jordan, a successful lumberman in Madoc village, Mr. Jordan was a member of the township council for two years before being elected Reeve.

W. S. Gordon, Reeve of Tweed, head of the Dominion Foundry and Trough Company of Tweed. His father, Robert Gordon was warden of Hastings County in 1882. Mr. W. S. Gordon ran on a dry ticket for the Provincial house several years ago and was defeated.

F. N. Martell, Reeve of Marmora, proprietor of a general store in Marmora and well-known locally.

James Sprackett, Reeve of Tudor and Cashe, farmer and lumberman.

MANY ATTENDED LAST SAD RITES

Twelve hundred people assembled in Pictou this afternoon to pay the last tribute of respect to the memory of the late Mayor Pictou, mayor but a few days when he was fatally stricken. Owing to the blocked nature of the roads there was many unable to attend from Atjot township where he was best known.

Five former wardens of the county Harvey Stark, Fred Hubbs, Mr. B. Weese, W. H. Montgomery and Chas. Metcalfe with Ex-Mayor Fraser, of Pictou, were the pall bearers.

After a short service at the house the remains were taken to Pictou United Church where Rev. Mr. Woolton officiated. During the time of the service the stores were closed, blinds being drawn.

HUMANITARIAN CODE FOR CONDUCT IN SEA WARFARE MAY BE DRAFTED POSSIBLE TASK OF NAVAL PARLEY

Strong Disposition to In-
clude Discussion on
Humanizing.

PLENARY SESSION

Humanity Code in Submar-
ine Warfare Appears
as Possibility.

London, Jan. 29. (C.P.).—Drafting of a humanitarian code for conduct of sea warfare, with particular reference to submarines, was under consideration today as one of the possible tasks of the 14th Naval Conference. As various conversations between national delegations proceed in preparation for tomorrow's plenary session, it was disclosed that there was a strong disposition in some quarters to include the discussion of humanizing naval warfare in the conference agenda.

CANADA DEMANDING BRITISH HARD COAL

London, Jan. 29.—Facing barrage of questions directed at his efforts to reduce volume of unemployment, Rt. Hon. J. H. Thomas, Lord Privy Seal, expressed hope in the parliament yesterday afternoon that there would be a substantial increase of trade between Canada and Great Britain. He also indicated Canadian demand for British anthracite was greater than British collieries could fill at the present time; declared negotiations were taking place concerning shipment of bituminous coal; and informed house would probably meet representatives of Canadian wheat pool tomorrow to discuss regulation of grain imports, which has important effect on question of ship cargoes from Great Britain.

P. C. MACLAURIN GUEST SPEAKER

Belleville Educationist Is
Guest at Rotary Club
of Napanee.

Mr. P. C. MacLaurin was yesterday afternoon the guest speaker at the Napanee Rotary Club weekly luncheon. His subject was the "Motto of the Three Service Clubs"—the Rotary Club, the Kiwanis Club and the Y's Men's Club. He showed that the principal object of the three clubs was to produce men who would take an outstanding interest and part in community life. The discourse though brief was of great interest to the large number present and a hearty vote of thanks was tendered to the speaker.

The Napanee Rotary Club is reported to be in a fine, flourishing condition. They have weekly luncheons at which local and outside speakers are heard in turn. A visit to the Belleville Club is planned in the near future.

RESCUE SAILORS OF FREIGHTER ON REEF

Bordeaux, Jan. 29.—After many hours of heroic rescue work, life-saving crew from St. Jean De Luz got a line aboard the hulk of British freighter Knebworth, which ran on reef near Biarritz during night and broke in two. Several members of the crew were brought ashore by a breeches buoy, and life savers were rescuing them off this afternoon at rate of one every fifteen minutes under difficult conditions. One sailor was swept overboard and drowned when freighter struck reef.

20,000 People Watch Crew Snatched From Death

Biarritz, France, Jan. 29. (C.P.).—this afternoon while 20,000 spectators lined the shore and watched the rescue. A period of calm permitted crews to reach the wreck and to take off the survivors. The vessel was a total loss.

FATE OF HUNDREDS RESIDENTS UNKNOWN

Evansville, Ind., Jan. 29.—Uncertainty as to the fate of hundreds of Pease County residents isolated by southwestern Indiana flood waters held the attention of relief workers to day. National Guard aviators flying low over many houses, found no evidence of the life where just a day or two before they had been greeted by the hand waving. They expressed belief that the recession of swollen streams may reveal dead bodies in the homes.

LOCAL CHAMBER AND ITS VALUE TO BELLEVILLE

Unsolicited Letters Bring
Encouragement to Local
Board.

The following entirely unsolicited letters, paying spontaneous tribute to the good work of the Belleville Chamber of Commerce, have been received by that organization during the past few days. The kindly and appreciative sentiments expressed are passed on to our readers.

Belleville, Ont.,
January 18, 1930.

J. O. Herby, Manager,
Chamber of Commerce.
Dear Mr. Herby:—I received the report of Tenth Anniversary of the Chamber of Commerce and as one of the original directors of this institution I wish to offer my congratulations to you and to the directors upon the success attained during the past year but more particularly for the ten-year period that has now elapsed since the first organization.

Like nearly all new enterprises or movements the Chamber of Commerce started off under promising auspices. But almost from the beginning and, in particular, during the first year unexpected troubles were encountered which threatened for a time to wreck the entire institution. But it successfully weathered the storm and in the following years it has been a great community-building force to put Belleville conspicuously on the map. Early pessimism predominated in and around the city. Business men and other local citizens were frankly discouraged over the outlook. But when the Chamber of Commerce got into proper working order that pessimism began to fade away. Within the past five or six years a new spirit of optimism has been created and has become a most important civic asset. Everyone is boasting Belleville now whereas formerly the hammers were out continually. This new idea about Belleville has been broadcasted until our city has come to have a reputation throughout the Dominion of being one of the liveliest and most progressive communities between the two oceans.

The past ten years have witnessed not only the penetration of a new, local patriotism but many more tangible evidences of growth and prosperity. There has been a uniform and substantial increase in our city's population. Many fine public buildings have arisen. Among them may be mentioned the new Albert College, King George School, the new Collegiate Institute, the Belleville Arena and that attraction, the Belleville Fair, which has been developed from an unimpressive vacant property and are now among the best of their kind in the whole province. In our educational equipment, in our provision for sports and amusements and in all essential community services

DOUGLAS McPHEE

Montreal and Toronto.

AN OLD MAN, A BOY AND 3 FISHES.

There appeared an unusual story the other day of a boy who watched an elderly man eyeing some herrings outside a store, and of the subsequent disappearance of three of the fish while the boy looked on.

Such according to the story was the impulse of the boy to see the aged man satisfied but the youth should have overcome this desire for thrill with a little thought of a chance to make a little sacrifice for the man. How much better it would have been to have gone into the store and to have bought the three fishes and handed them to the man who at least would have felt that he was entitled to them.

Following his impulse to see the man who had "seen better days" get away he missed a fine opportunity to throw a little light of sympathy into the dreary life of the aged one.

Technically the boy, if the story is true, was an offender as well as the old man, in the sight of the law. There is just this to comment—that the boy is a type of many who like to see a little excitement but he forgot the viewpoint of the merchant who lost the fish although, perhaps, the merchant has not yet missed them.

CONSERVATIVES HOLD ANNUAL MEETING.

Mr. W. E. Timmon, M. P. for South Hastings, in his address the other evening at the annual meeting of the Belleville Conservative Association, stressed tariff and trade matters in particular and referred to the dairy situation to which he has given especial study since he became the member for the riding. In view of the feeling which Mr. Timmon expressed that there is the likelihood of an early election for the Commons, Mr. Timmon's address here has special import.

Alderman Gilbert H. French who has been an active worker in the Conservative interests, was rewarded with the confidence of the association in his election to the presidency. The support which Mr. Timmon, M.P., and Mr. Ireland, M.P.P., is assured for the new president.

WARDEN VANDERWATER.

Col. Roscoe Vanderwater, D.S.O., reeve of the township of Sidney, elected yesterday warden of the County of Hastings for the year 1930, is one of the younger men to reach the chief magistracy. Col. Vanderwater has had, for a man of his years, a great deal of experience as agriculturist, as soldier and as reeve of the township.

His war record and his foresight as a farmer are known to everyone. To Col. Vanderwater, as to many young men in Canada, came the call to serve the flag in the Great War. His record therein is attested by the honours which were shown him and by the promotions which came his way and by his popularity among ex-service men he has been a progressive farmer; with his father Mr. Charles Vanderwater, formerly a member of the county council for Sidney, he launched the first concerted effort among farmers in reforestation. On their Sidney farm on the Stirling road, passers-by can see the beginnings of a fine pine forest which they have planted.

As a member of Hastings Council he has impressed himself upon the reeves and deputies as an open-minded, non-partisan servant of the county. The confidence of the council members, both Conservative and Liberal, goes with the new administrator into the office he is called upon to fill for the present year, for he is a man of fine executive gifts.

THE DREAMS AHEAD

What would we do in this world of ours,
Were it not for the dreams ahead?
For dreams are mixed with the blooming flowers,
No matter which path we tread.

And each of us has his golden goal,
Stretching far into the years,
And ever he climbs with a hopeful soul,
With alternate smiles and tears.

That dream ahead is what holds him up
Through the storm of care and strife;
When his lips are pressed to the worn wood's cup,
And clouds shut out the light.

To some it's a dream of high estate,
To some it's a dream of wealth;
To some it's a dream of true and false,
In a constant search of health.

To some it's a dream of home and wife;
To some it's a crown above the dreams ahead are what make each life—
The dreams—and faith—and love.

PASSING YEARS From The Intelligencer Of This Day Years Ago

The Water Commissioners at their last meeting appointed C. P. Smith, manager of the Waterworks system. His duties are to begin March 1st.

Brig. J. S. Puggillie, the new Provincial Officer for East Ontario and Quebec is visiting Belleville. He will conduct the service in the Salvation Army barracks tonight. He is one of the most prominent and successful officers in Canada. The Brigadier will be assisted by Ensign May Ward, of Kingston.

HAVE YOU HEARD THESE?

"Say," said the prospect who was being given a demonstration in a used car, "what makes it jerk so when you first put it in gear?"

"Ah," the savvy salesman explained, "that proves it to be a real car—it's anxious to start."

DRUG STORE

Rastus: "El yo says anything I see Ah'll make yo' eat yo' words, man!"
Exodus: "Chicken dumplings, hot biscuits and watermelon!"

Piggy: "Is my face dirty, or is it my imagination?"
Wiggy: "Your face isn't; I don't know about your imagination."

Usher (to cool, dignified lady): "Are you a friend of the groom?"
Lady: "Indeed, no! I'm the bride's mother."

Mrs. Blabface: "That new hat makes your face look short."
Mrs. Styles: "That's strange. It made my husband's face look long."

Chinaman: "You tell me where railway station?"
Stranger: "What's the matter, John—lost?"
Chinaman: "No, me here—station lost!"

"There's just a little rattle in the fender. It'll leave the car here and come back for it."

And here's what the young man with the overalls and the monkey-wrench said when the man returned:

"Say, mister, I hate to tell ye, but that car of yours is a wreck. It needs new bushings, the valves stick, it's got to have a new timer, it should be re-bored, etc., etc., etc."

"Well, I'm glad you told me 'cause the man out in front told me to try out the car before I bought it, and he said to come back here in the shop and you'd take the rattle out of the fender before I took it out for a trial."

"Well, skirts had to be longer."
"Yes, to be skirts any longer."

THAT BODY OF YOURS

By James W. Barton, M.D.

KEEPING YOUR MENTAL BALANCE

As a youngster I lived very close to what we called the asylum in our city, a place where "crazy" people were kept.

I often played in the grounds because we were told that the patients walking about there were only the "bally" ones who wouldn't hurt you; the "bad" ones, or the ones who would do you harm were always kept locked up.

This sounds as if it were away back in the past, but as a matter of fact the real sensible treatment of these cases is only at the beginning.

I have spoken before about the infections (from teeth, tonsils, intestines, and so forth) that were shown to be the cause of many of these conditions, and the removal of which removed all traces of any mental ailment.

However, some of these cases have got down so far, that even the removal of the infection has not always brought complete results.

Of course the fact that these patients found that various things were being done for them, and that they were being treated just like any other patient, raised their morale.

After treatment was completed and even during its progress, it was found that patients who were given "some work" to do about the institution made more rapid progress toward complete recovery than others who were idle.

Now you and I who have our mental health like to do work we enjoy, and this is really the key note in the treatment of these cases by means of work.

In one Canadian mental hospital in Saskatchewan, every patient physically capable of working, is kept employed the greatest part of the time. Idleness is dangerous and unbecoming.

Work is therefore the chief form of treatment in this institution. Every nurse is expected to teach some form of work. Consequently the patients are easier to handle, eat better and sleep more soundly. Every patient is studied individually, so that his work can be adapted to his particular personality.

(1) Those who cannot be trusted with tools, and these are taught basket weaving, brush making and chair caning.

The Drama

"The Ivory Door" Minnie's Favorite Play to be Put on Here

"The Ivory Door," which is to be produced by the Belleville Citizens' Dramatic and Vocational School League, Society on Feb. 6 and 7, is the author's favorite play.

Like Shaw, Minnie writes fascinating prefaces to his plays. Here are some excerpts from the preface to "The Ivory Door":

"It is always a convenience to have a writer labelled and card-indexed so that, with the knowledge in front of you that the author is a realist, you can pull open the appropriate drawer and waste no time searching for such words as 'metaphors,' 'sordid' or 'precious.' The next author is Whimsical, and the 'W' drawer tells you at once that his plays are 'sautier,' 'delicate,' 'if you wish to be polite,' 'thin,' if you don't, 'charming' or 'austere,' as you happen to feel. For these are things you say of a 'whimsical play'—but what 'whimsical' means, I, of all people, have the least idea. For I have the Whimsical label so firmly round my own neck that I can neither escape from it nor focus it. It seems to me now that I write anything less realistic, less straightforward than 'The last act on the mat,' I am 'indulging in a whimsy.'"

Here, then, is a whimsical play—or so I was assured by the critics when Mr. Charles Hopkins gave it its first production. There is a child in the Prologue: talk of a Magic Door and a Beautiful Princess. Criticism could safely write itself. Even though the Door turns out not to be magic, the princess not beautiful, even though the child is obliged on for little longer than the child in Macbeth; yet the name of the author tells you all you want to know about the thing. Why do you bother to read it?

However, I hope that you will. For I think (if an author may make these confessions) that it is the best play which I have written; even it reminds me not in the least of my favorite Pooh, but very much of an earlier play, not noticeably whimsical, "The Truth About Blazes."

The Collegiate hopes the citizens will take Mr. Minnie's advice and see the play. The cast is working hard to give them an intelligent and sympathetic presentation. Mitchell Gillen has designed scenery along modernistic lines, and the vocal class under the direction of Messrs. Ferguson, Bear and Greenleaf are busy at its production. Miss Everson and her senior class have played period costumes.

Although the students cannot hope to rival the charm and beauty of Mr. Charles Hopkins' production, they are

giving their amateur best. At one rate it is one of the best plays ever staged here and deserves a packed house.

THE IVORY DOOR
A Legend in a Prologue and Three Acts

(The cast in order of appearance)
Chorus—Fred Forster.

Prologue—Kine Hilary, Barred Smith, Prince Perivale Allen Dawson, Sergeant Albert Bear.

Fifteen Years Later

Third Vice-President—Mrs. E. T. Ward.

Secretary—Mrs. M. W. Sine.
Auditors—H. C. Martin and W. H. Morse.

Directors to retire in 1930—Mrs. J. McGeer, Mrs. (Dr.) J. McG. Potts, Mr. A. Hammond, J. S. Martin, Jos. Wilson.

The following directors were appointed and will retire in 1931: Mrs. M. Nolan, Mrs. G. W. Bailey, Mrs. Annie Bailey, Mrs. R. H. Williams, L. Melkjohn, A. E. Dobbie.

SECOND RETRIAL OF AUGER BEGUN TODAY

(By Canadian Press)
OTTAWA, Ont., January 27—Louis Auger, former member of parliament for Prescott County, sentenced to a nine-year term for criminal assault on Laurence Martel, young Hawkebury girl, appeared today at the winter assizes of the Supreme Court of Ontario for his second retrial. Auger's retrial came as the result of a successful appeal against the nine year sentence, based on the allegation that the jury was incorrectly charged at the first hearing and that evidence which would have weighed in his favor was disallowed by the Court. At the second trial the jury disagreed.

Paris, Jan. 28.—The rumor that Premier Primo De Rivera, of Spain, had resigned his office spread through Paris Bourse today, but could not be confirmed from any authoritative source.

The photographs here show some examples of some of the beautiful costumes that will be seen at the Shunewat convention, Toronto, which will be attended by Shriners from all over Canada and United States. (1) An ancient Princess costume of the needle and thread, (2) costume of the needle and thread, (3) costume of the needle and thread, (4) costume of the needle and thread.

BUSY STOCK-TAKING

This is a slack time of year for most of the Front St. merchants, who are experiencing a busy time with their yearly stock-taking. The inventory of the merchants closes January 31. It is an important job for two reasons, the first because more time is available for the work and the second so as to start the new year with a full inventory of all stock on hand.

BADMINTON ON SATURDAY

The Belleville Badminton club will play hosts to the Kingston Senior and Intermediate teams in the amateur tournament on Saturday night. This is a regular St. Lawrence League game and should create considerable interest.

BIBLE AND CURRENT HISTORY

Last Monday evening's gathering of Bridge Street United Church Young People's organization was alone the line of a review of some of the books of the Bible that have already been taken up by the pastor, Rev. Dr. Bell, as a course of study at the weekly meetings the past few months. Exhaustive analyses and splendid expression were exhibited in the concentration and five minutes' deliberations of each as follows:—Genesis, by Miss Florence Barber; Exodus, by Miss Lorna Ridley; Leviticus, by Charles Earle; Numbers, by Miss Marjorie Moore; Deuteronomy, by Miss Edith Tice. Rev. Dr. Bell then dealt with the book of Joshua in the progression of Hebrew history and Divine relation. In addition to departmental plans for the future it was announced that at each Monday evening service of devotions and particular subject under discussion there will be a five minute address by some speaker upon the current event of the day.

ENTERTAIN NEWS

BOYS AND GIRLS

Seventy-five Piloted Thru
Night Life of Theatre,
Rink and Cafe.

Last night was newsmen's night! Seventy-five boys and a few girls who brave snow and rain to supply the people of Belleville with a daily news paper every night put on their best bib and tucker and stepped out in real fashion last night. They were treated to a triple entertainment and it was an evening that will not soon be forgotten by those youngsters who carry the daily news to their customers in every corner of the city.

Promptly at seven o'clock they commenced to troop into the Intelligence office prepared for the party. Joe Irish and Messrs. Lorne Cooke and Jack Arnold were in charge of the noisy group and after they had been assembled they were marched off to the Belle Theatre where they were given the best seats in the house due to the generosity of George Foran, general manager of this popular play-house. There were big newsmen, small newsmen, fat newsmen and lean newsmen, and altogether it was a jolly party. "This is College" was the feature picture and it was a popular hit with the newsmen. They saw real college life in a fraternity house and watched with breathless excitement the football game between Southern California and Stanford.

The evening was yet young and after the movies the merry party whooped it up to the arena where they witnessed the last period of the Belleville-Trenton game. They are real fans, these lads, there's no fooling them. They knew a hockey player when they see one and they made the rink ring with their applause. They more than appreciated the kind offer of the arena directors and they're going to be real hockey fans now.

And that's not all! No sir, an evening's not complete without the coffee, and Ernie Dickerson was host to the crowd at his parlors. They had their fill and after thanking Mr. Dickerson they turned homeward real tickled with the entertainment.

ed. Campbellford were holders of the trophy last year. In the preliminary round the Ottawa rink skipped by Thompson defeated R. E. Barnes of Cobourg, while Ross of Ottawa won from Mitchell of Cobourg. The Ottawa rink were winners by a total score of 28-21. In the first round, won from Edwards of Cobourg 13-9 while Denike of Campbellford 10-2 to Mayhew of Cobourg 19-14. Cobourg winning the round 28-27. The Belleville rink skipped by P. O. Pitney and consisting of Mac Burgess, E. Vermilyea and R. J. S. Dewar, defeated Thompson of Ottawa 14-11, while Ross of Ottawa lost to the following Belleville rink. W. H. Gerrie, W. Harden, H. B. Stock and R. E. Orr skip by 28-22. In the finals Edwards of Cobourg, by fine curling, defeated Pitney of Belleville 19-6, while Mayhew of Cobourg tied with R. E. Orr's rink 14-14, the visitors winning out 33-20.

LOCAL CHAMBER

Continued from Page One.)

and activities, we have now a well endowed, modern city.

When we look back upon ten years of such conspicuous advancement, we cannot do otherwise than entertain a feeling of pride as we realize the progress that has already been made and the bright outlook that is ours for the immediate future.

In closing I wish to congratulate you, Mr. Manager, since you have been in a large sense, responsible for the guidance of Chamber of Commerce activities and policies and therefore responsible for a great share of our civic development and progress.

With best wishes to you and your Board, believe me to be
Sincerely yours,
(Signed) W. B. DEACON.

The second letter was forwarded at the direction of Mr. W. McL. Clarke, secretary of the Chamber of Commerce, Montreal, Mr. Clarke and Col. J. H. Woods, of Calgary, president of the national organization, were the guests of the Belleville Chamber of Commerce at a banquet at Hotel Quilte on January 17th.

Board of Trade Building,
Montreal, January 29, 1930
J. O. Herity, Esq.,
Secretary of the Belleville
Chamber of Commerce,
Belleville, Ont.

Dear Mr. Herity:—In passing through the city on Sunday, January 27th, Mr. Clarke asked me to write you and to express, on behalf of President Woods and himself, their grateful thanks for the most gracious recep-

Considered in Caucus

COL. ROSCOE VANDERWATER,
D.S.O., V.D.

Who was yesterday elected Warden for 1930 for County of Hastings. Colonel Vanderwater is Reeve of Sidney and comes of a long line of municipal representatives who have served Hastings County.

THOMAS E. LAYCOCK,

Reeve of Marmora Township, who has long been a member of the County Council. He was a candidate for the Wardenship decided by the Liberal Caucus.

HASTINGS WARDEN FOR YEAR 1930

MILITARY AND MUNICIPAL FIGURE

tion afforded them during their visit to your Chamber last week.

Our officers were delighted with their visit to your organization, and Mr. Clarke considered this meeting one of the outstanding events of the President's trip.

Yours very truly,
(Signed) D. F. MORRELL,
Assistant Secretary.

The following letters speak for themselves:
Belleville, Ont.,
January 25, 1930
J. O. Herity, Esq., Manager,
The Chamber of Commerce,
Belleville, Ont.

Dear Mr. Herity:—I have carefully read the report recently published, in which details of the achievements of the Belleville Chamber of Commerce during 1929 are submitted, and heartily congratulate the board of directors and you on the excellent results of your united efforts.

I have had the privilege on many occasions during the past fifteen years of being one of the delegates to the annual meeting of the Ontario Association of Boards of Trade and Chambers of Commerce, and twice represented your Board when the Canadian Chamber met, therefore I am in a position to state that no local chamber is more highly regarded by the provincial and Dominion organizations than the Belleville Chamber of Commerce. In fact, it is considered one of the most active and progressive in Ontario, and I trust it will long continue to be so regarded, while I remain.

Yours very truly,
(Signed) JOHN ELLIOTT,
January 25, 1930
Belleville, Ont.,

Mr. J. O. Herity, Manager,
Chamber of Commerce

Dear Mr. Herity:—Your annual report for the Chamber of Commerce to hand, but it has been lying on my desk for some days and only today have I had the opportunity to write and congratulate you on your report reviewing the history of the City of Belleville since its incorporation, setting forth the particular advantages we have derived from the Chamber of Commerce.

All institutions of this sort centre around one man, and the progress made under your management reflects great credit on you personally.

The one paramount accomplishment seems to me to be the new spirit developed, one of optimism and loyalty, which is necessary in any concerted effort, and I again wish to place myself on record as one who believes your contribution to the Belleville Chamber of Commerce has made possible in Belleville a condition of confidence in our town, which I cannot absolutely necessary before we can hope for industrial development.

Let me again congratulate you on your report which should inspire every citizen of Belleville who has the City's interest at heart.

Yours truly,
(Signed) G. H. HOLTON.

DEATHS AND FUNERALS

MRS. AMABELLA A. HAZELTON
The funeral of the late Mrs. Annell A. Hazelton, who died at Peterborough on Sunday was held on Tuesday afternoon from the residence of her brother, Mr. Richard H. Ketcheson, 74 Victoria Avenue. The service was conducted by the Rev. J. S. McMullen and the Rev. George Marshall, in the presence of many relatives and friends.

Rev. Mr. McMullen made reference to the early life of the deceased when she was a resident of the front of Sidney at Trenton and a member of Grace Methodist Church. He recalled William Gilbert and P. Rathman.

On The Air

Nothing of special interest is scheduled for tonight so everybody can go exploring, there is always plenty of dance music and then of course, we mustn't forget Amos n' Andy, who like the poor are always with us. Reception has left nothing to be desired this past week or so and listeners-in have certainly spent some enjoyable evenings at home.

Oh, say, there is something of interest for tonight too, and we nearly forgot it. This will never do. Another of the famous Westinghouse salutes to industry will be broadcast to-night at 7.30 o'clock over a coast to coast NBC network, and will be heard here over station CKGW. Cesare Seldore, director, has arranged an exceptionally brilliant presentation for this evening. A 50 piece orchestra and a wordless choir of 40 massed and complimentary voices will render suitable numbers by Masters of Music in fitting tribute to the great industry to which it is dedicated. Don't fail to take advantage of this reminder. Tune in at 7.30 and listen in until the end. Glad we thought about this.

Masters of music, including Wagner, Beethoven, Moszkowski and Victor Herbert, will present in the selections chosen for this evening's studio concert from station WTIC at 8.30 o'clock. The orchestra will be directed by Christiana Kriens. The Wagnerian selection will be the overture to "Die Meistersinger" which might be called a romantic idyll depicting the colorful life of old 16th century Nuremberg. A movement from Beethoven's fifth symphony, Moszkowski's "Moorish Dance", and a serenade by Victor Herbert complete the program.

Renee Chemet, considered one of the foremost women violinists in the world, occupies the post of honor at the Barbizon recital tonight. She will be assisted by Mary Catherine Atkins, soprano. Respectively they will be accompanied by Anca Seldore and Helene Tardivel. Both artists will be heard from WOR at nine o'clock.

TONIGHT
7.—CKGW, (NBC), Amos n' Andy.
7.—WEAF, Jeddido Highlanders.
7.30.—CKGW, Westinghouse salute.
7.30.—CHML, Instrumental Trio.
8.—WEAF, Mobolli concert.
8.—WPG, Organ concert.
8.30.—WEAF, Sylvania Foresters.
8.30.—WABC, Forty Fathom travelers.
9.—CKGW, Old Counsellor.
9.—CFRB, Buckingham Boosters.
9.30.—WLAC, Grand Opera concert.
9.30.—CKGW, Joyce Instrumental Trio.
9.30.—WEAF, Palmolive hour.
10.—WOR, Organ recital.
10.—WENR, Minstrel show.
10.30.—WBMB, Concert orchestra.
10.30.—WPG, Neapolitan Knights.
11.—WABC, Hank Simmons's Show Boat.
11.—WEAF, Lew White frolics.
11.30.—WEAF, Casino orchestra.
11.45.—WENR, Music parade.
12.—WEAF, Palais d'Or orchestra.
12.30.—WJZ, Midnight melodies.

When the Council convened for its first meeting of the year 1930 it was moved that Col. Vanderwater be Warden, and this motion was passed unanimously. He was then escorted to the Warden's chair, and the Warden's robe and chain were placed upon him.

In his acceptance speech, Col. Vanderwater declared that this was an honour he would not forget, and that he would do all in his power to deserve the confidence his fellow members had placed in him. The speaker then listed the condition of the county at the present time, the roads, bridges, and general welfare of the people all coming in for a word of mention. Immediately following the Warden's speech, Council adjourned until today at ten o'clock.

Personals

VISITORS WHO COME

AND GO

Mr. and Mrs. Jamieson Bone, East Bridge St., entertained a large number of friends at a delightfully arranged birthday party on Monday night.

Mr. C. W. Malloy, reeve of Deseronto, is in the city attending the inaugural meeting of the Hastings County Council.

Mrs. A. L. McTear, "The Rectory", Wellington, left yesterday for Sandwich where she will visit her daughter, Mrs. C. Fraser Davison.

Mr. J. Edward, of Deseronto, accompanied Mr. Robert Kitchen of this city on a motor trip to Toronto, yesterday.

Mr. Robert Kitchen, of this city, spent a few days recently visiting his parents, Mr. and Mrs. D. Edwards, Deseronto.

Mr. P. C. MacLaurin was a guest at the Rotary Club banquet held in Napamie yesterday.

Mr. Gerald Harrow, Earl St., accompanied his father on a short trip to Oshawa on Monday.

Mr. Tucker, Belleville, is the guest of his daughter, Mrs. Bradshaw, at Moscow, Ont.

Mr. Robert Kitchen, of Belleville, spent a few days last week in Deseronto visiting her parents, Mr. and Mrs. D. Edwards.

Dr. Harvey Clark, Superintendent of the Homewood Sanitarium at Guelph, is spending a day or two in the city visiting his brother, Sheriff J. H. Clark, East Bridge Street, and his sister, Mrs. Ed. Gartley, George Street. Sheriff Clark is seriously ill at home.

A stone, the exact replica of a human foot, has been unearthed by a workman at Stratford. Dr. S. S. Sliock, Normal school principal, believes that possibly the formation was made from clay that filled a flung-away shoe.

NOTICE

Re advertisement in daily paper reading as follows:—Marcelling at 7 Victoria Ave. I wish to make known that it is not the advertisement of Hazel Ramsay, 6 North Front St., that I am still carrying on business at the same place and at the same price.

DANGER AHEAD

A Tale of Love
and
the Love of Money

By MILDRED BARBOUR

"If we were at home, I could give you a better drink than that," Ralph boasted. But Mrs. Carstairs shook her head.

"Strong drink is bad for a woman. It coarsens her."

Ralph stared at her in perplexity. He thought of Jean and the others who had frequented "Jim's" and he began to see them in a new light.

They weren't the "real thing," he decided. They were rowdy and common. Rita Carstairs was the aristocrat to the tips of her dainty fingers.

Shortly before dinner, he left her at the foot of the veranda steps at "Fairfields." Stephanie, dressed for dinner, was sitting on the top step, leaning back against a stately white column. Her hands were clasped idly in her lap and her gaze was remote. She came back to reality and smiled at Mrs. Carstairs and Ralph.

"We're frightfully late," apologized the former, as Ralph drove away to the garage. "Your young man took me for a nice ride. You don't mind, Stephanie? You're not jealous?"

Stephanie laughed softly.

"Of course not! How absurd."

"Most girls in love are jealous," remarked Mrs. Carstairs.

Stephanie's brows wrinkled in perplexity. She wondered why she could not feel more emotion over Ralph.

"Sometimes I believe that you don't understand me a bit, Rita," she remarked. "Sometimes, I even feel that you dislike me. We seem so far apart, even though we're living here together."

"Sch," Rita Carstairs laid a light, admonitory finger on the girl's lips. "Would I be here if I wasn't fond of you?"

She went in to dress for dinner, leaving Stephanie more perplexed and depressed than ever. She was feeling more lonely than she had ever felt in her life. Rita Carstairs—Ralph—Norman Platt—they seemed to be aliens, for all their attentions.

She found herself yearning for sympathetic companionship—the sort of understanding that she felt Jules Hammond would have given her. If he had remained alive and she had ever known him.

Her clear eyes were troubled and her pretty mouth was drooping disconsolately. She was almost in tears alone there in the twilight, when Rod came unexpectedly around the corner of the house.

At sight of her, he stopped.

"Are you in trouble, Miss Stephanie?" he asked.

CHAPTER XII
ALMOST FRIENDSHIP

Stephanie started at the sound of Rod's voice. But his manner seemed so kindly that she smiled and answered frankly:

"I'm just a trifle blue, Rod. I think the twilight, even though I love it,

MOTHER OF TWINS HELPED

Restored to Health by Taking Lydia E. Pinkham's Vegetable Compound

Mitchell, Ont.—"I had little twin babies and for quite a while after I was not so weak I could not do my work because of pains all the way up my legs at the back. I also had headaches and got very little sleep. I took Lydia E. Pinkham's Vegetable Compound, and soon I was able to get up and do my work. I have taken three bottles and I am fine, do my work without trouble and am gaining in weight and strength. I will gladly recommend the Vegetable Compound to anyone."

Mrs. F. STATTON, Box 220, Mitchell, Ont.

Rod seemed to sense her change of manner. He said, matter-of-factly, as if their talk had never taken place:

"I came to ask you about the south field, Miss Stephanie. Do you want it kept for pasture, or shall I go ahead and put in a crop of corn?"

The incongruity of this practical subject, after the preceding confidences, touched Stephanie's sense of humor. She laughed aloud. Rod, after a moment's hesitation, laughed too.

"Do as you think best, Rod," she told him smilingly. She hesitated a moment and then added simply: "You see, I trust you."

He stared at her for a moment, his eyes meeting her frank gaze. A dull flush crept up in his bronzed cheeks.

With a hurried: "Thank you, Miss Stephanie," he turned on his heel and left her.

CHAPTER XIII

FROM A NEW ANGLE

Norman Platt was having a conference with Mrs. Carstairs.

"To date," he said, with a bitter smile, "the result of our combined activities is nil. I can't hold out much longer. Something must happen soon."

"Have you talked to Rod?" she inquired.

"That's your business," he informed her calmly. "I can't seem too friendly with the fellow. If Stephanie happens to catch me with him, she's sure to be suspicious. Remember, she still hates me like poison."

Mrs. Carstairs laughed softly.

"As a sutor, Norman, you're certainly a dismal failure."

He glowered, but made no comment, and she went on:

"It's all very well to leave the handling of this excellent Rod to me, but can't do anything with him. He will barely speak to me. He avoids me like the plague."

Platt shrugged.

"I think he's a woman-hater, judging from some things he's let drop. I wouldn't be at all surprised to hear that a woman was at the bottom of his tumble in the world. He's got an uneasy conscience and a past—or I miss my guess. Well, do the best you can. I'll be off before Stephanie gets back and gives me the frigid shoulder."

Mrs. Carstairs remained in the garden. Ralph joined her presently, still glowing over her recent show of friendship. Then Rod came into the garden, accompanied by old Tony, and asked if he might see the latter to work on the aster beds.

Mrs. Carstairs gave him lazy permission.

Here is shown Jean Sanday and her father's race horse, "The Bezer," who, together, provided one of the most stirring turf dramas at the recent Haydock Park meet. The horse had

fallen and thrown its jockey and was plunging over the course, riderless, when Jean, then standing at the last fence, sprang into the saddle and rode "The Bezer" home to second place.

a whisper, "Don't be stupid! Can't you see that Rod didn't want to see Hawkins? Probably his face is posted on one of those 'Reward Offered' bulletins."

Then she said aloud, for Rod's benefit, lest he suspect them of discussing him:

"Really, Ralph, you're too careless of your fiancée. You leave Stephanie too much alone. You are not my idea of an ardent lover."

Rod, who had been bending over the aster plants, straightened sharply. He sent a quick glance toward Ralph, who was chuckling with a sense of his own importance.

(To Be Continued)

WHEN FRIENDS HAPPEN IN FOR TEA

By Hannah Wing

The 5 o'clock tea hour is the time for relaxation and the exchange of friendship, but what to serve the friends who "happen in"? Here are some simple but new ideas and recipes:

Lemon or Orange Toast
Slice bread one-quarter inch thick. Cut slices in rounds or in fancy shapes with a cookie cutter. Cream together three tablespoons of butter and three tablespoons of sugar. Add slowly one teaspoonful of lemon or orange juice and one-half teaspoonful of rind, grated or shaved very fine. Toast bread on one side. Spread mixture on other side. Toast may then

I rather hesitate to tell you this incident for the reason that it would not work with every type of child.

Bob had been forbidden to go skating on a nearby lake, with good reason being given him that men were cutting ice and it was not safe. He needed and said he would stay away from the place. Then one Saturday afternoon the mother missed him for a long time. She climbed into the family car and drove to the lake. There sat Bob on a dock post, skates on his feet, which were swinging, evidently with the urge to get down and try the black, smooth ice below.

Mother stopped and "tooted." He turned and slid off the post, stooped to remove the skates and sauntered up to her, face very white and eyes beseeching.

"I was just on my way home, mother. Just coming," he announced, as he slammed the door and they drove off.

"I thought you'd just be about ready to come home, dear," she replied. "Well, go down and get Dudley."

They rode in silence until a traffic light stopped them. "Honest, mother I never skated a bit. I just sat there," he offered at length.

"Oh, I know you didn't," replied the mother with a smile, "because you told me you wouldn't."

That was all.

Needless Suffering

The next time a headache malts you stay at home—

Or some other ache or pain prevents your keeping an engagement—

Remember Aspirin! For there is scarcely any sort of pain it cannot relieve, and relieve promptly.

These tablets give real relief, or millions would not continue to take them. They are quite harmless, or the medical profession would not constantly prescribe them.

Don't be a martyr to unnecessary pain. To colds that might so easily be checked; neuritis, neuralgia; to those pains peculiar to women; or any suffering for which Aspirin is such an effective antidote.

You need not hesitate to take Aspirin. It is safe. It is always the same. It never depresses the heart, so use it as often as needed; but the cause of any pain can be treated only by a doctor.

ASPIRIN

The photograph here shows Sir H. P. Dickens, only surviving son of the famous writer, Charles Dickens, and his wife, upon the occasion of his 81st birthday. He is the common sergeant of the city of London and has been

Good Coats Are Real Bargains

Good quality is featured in all this clearing group of Coats. Good furs, good fabrics, and good workmanship, are combined in these warm Coats. Dressy or utility Coats, of imported tweeds, that will give wonderful service. You may select from Coats in all sizes. Formerly priced at \$35.00 to \$49.50.

\$24.50

Clearance of DRESSES

Variety of fabrics and colorings is offered at a very low price, in these frocks. Dresses of silk crepes, printed and plain, jerseys in solid colors and two tone effects, and a few pique twills, in sizes up to 48. There are bargains in these, cut low in price.

\$6.95

Sinclairs'

be placed under flame until butter begins to melt, or may be eaten without further toasting.

Scotch Fane
One cupful of shortening, three-quarter cupful of brown sugar, two and one-half cupfuls of flour, one teaspoonful of salt, one egg yolk.

Cream shortening and sugar together. Add flour and salt and knead until ingredients hold together. Roll out on slightly floured board to one-quarter-inch thickness. Cut with large fluted cookie cutter, then cut each circle in fan-shaped pieces. Brush with egg yolk, diluted with one tablespoonful of water. Bake in a slow oven (300 degree F.) fifteen to twenty minutes.

Skinny gals should take cod liver oil. They should drink milk, plenty of it. The day should start off with the consumption of a bowl of cereal, rich with sugar and cream. Being slender is one condition, being scrawny is something else again, not so nice. The healthy, beautiful body needs a padding of adipose tissue to provide a storage place for reserve energy and to produce graceful lines.

DISCIPLINE FOR "SONNY"

I rather hesitate to tell you this incident for the reason that it would not work with every type of child.

Bob had been forbidden to go skating on a nearby lake, with good reason being given him that men were cutting ice and it was not safe. He needed and said he would stay away from the place. Then one Saturday afternoon the mother missed him for a long time. She climbed into the family car and drove to the lake. There sat Bob on a dock post, skates on his feet, which were swinging, evidently with the urge to get down and try the black, smooth ice below.

Mother stopped and "tooted." He turned and slid off the post, stooped to remove the skates and sauntered up to her, face very white and eyes beseeching.

"I was just on my way home, mother. Just coming," he announced, as he slammed the door and they drove off.

"I thought you'd just be about ready to come home, dear," she replied. "Well, go down and get Dudley."

They rode in silence until a traffic light stopped them. "Honest, mother I never skated a bit. I just sat there," he offered at length.

"Oh, I know you didn't," replied the mother with a smile, "because you told me you wouldn't."

That was all.

DISTRICT GLEANINGS

49TH TERM

Mr. William Moore of Cherry Valley, Ont., has just entered on the forty-ninth consecutive year as Clerk of Athol Township, Prince Edward County. In this long term of office he has missed only one meeting of Council which was on account of a death in family. Mr. Moore is still young in mind and body, and the ratepayers are wishing him many years of active service which has been so acceptable in the past.

\$30,000 INSURANCE

A casualty insurance policy for \$50,000 was placed by the publicity committee of the town of Gannock on the life of ex-Mayor W. J. Wilson to cover him in the case of sickness or accident while on his proposed trip to Florida and other southern states of the American Union. Mr. Wilson, who has accepted the position as publicity commissioner for the town, has arranged to make his trip one of pleasure and business.

105 YEARS AGO

Just 104 years ago, January 27th 1826, Upper Canada was formed into a Roman Catholic diocese with Kingston as its See and Rt. Rev. Alexander Coadmon as Vicar Apostolic. He had been consecrated as auxiliary for Upper Canada to the Bishop of Quebec on December 31st, 1820, and was consecrated as the first Bishop of Regopolis (Kingston) February 14th, 1826. He lived until January 14th, 1840.

OFFICERS APPOINTED

At the annual meeting of the Vegetable Growers' Association held at Redners Hall, Rednersville, Mr. Earl Weese was appointed delegate to the convention in Toronto. Last year's officers were re-elected. These are: President, Roy Wannamaker; secretary-treasurer, G. Ross Roblin.

CHARGE ON N.S.F. CHEQUES

At the annual meeting of the Kingston Bankers' Clearing House it was decided to adopt the practice now common in most Canadian cities, namely that of charging on cheques returned by a bank for the reason of Not Sufficient Funds. Therefore on and after February 1st, 1930, there will be a charge of fifty cents for each and every cheque returned N.S.F. This charge to be borne by the party issuing the cheque.

"MOTHER SANDERS" DIES

Kingston, Jan. 28 — A very well-known and beloved resident of Kingston, in the person of Mrs. Isabella Margaret Sanders, more commonly and affectionately known as "Mother Sanders," passed away on Saturday evening in the Kingston General Hospital after an illness of some months following several years of ill-health, through which she passed with her characteristic cheerfulness and fortitude. This dear old lady was born in Yorkshire and immigrated to this country many years ago and settled with her family in Kingston. She became affiliated with the local Salvation Army Corps and for very many years was a familiar figure on the streets as she passed to and fro on her task of selling The War Cry.

CARUSO'S LAST SONGS RELEASED

Victor Announces Release of Four Selections by Great Tenor.

Slightly over eight years ago, the world mourned the passing of the greatest tenor within the memory of living mankind, Enrico Caruso, victim of the very gift which brought him unrivalled fame.

Enrico Caruso.

Caruso was dead, yet science had wrought a peculiar anomaly. Still alive was the one attribute which far outweighed even Caruso's many other compelling characteristics. The Caruso voice lived. Caruso, the immortal Italian, was permanently immortalized through many recordings of his magnificent voice.

While Caruso was still alive, his records occupied a place apart from the greatest of the contemporary stars. Since his death the interest showed no signs of waning, rather in some cases increasing, for many music lovers desired an even wider selection of the voice which they could no longer hear around the footlights. They were only resigned to the fact that the Caruso repertoire had not been extended indefinitely during his life.

Consequently, much interest centres around the news, recently given out from the giant Victor laboratories, that Caruso's last words have yet to be heard publicly. Shortly before his death, Caruso made several records for Victor, his last appearances before the recording instrument comprising a group of four selections, to three of which he had never lent his talents previously. For years now the matrices of these records have been carefully preserved and only recently have they been released.

It was originally intended, it is said, that they should be kept for distribution among only intimate friends of the singer, but Victor officials finally acceded to the general demands and this posthumous announcement of Caruso records is the result. The group of four numbers represents not only the last songs he sang for reproduction but the only ones remaining to be released — veritably the swan song of a great singer.

Two double-sided records embrace his final performances, on one Tosti's never to be forgotten "Addio" with "Deh ch'io ritorno!" from "Africana."

the other a combining of "Bols Epais" and "Premiere Caresse." All bring to life the superb qualities, the matchless color of the voice which thrilled millions as has no other, before or since.

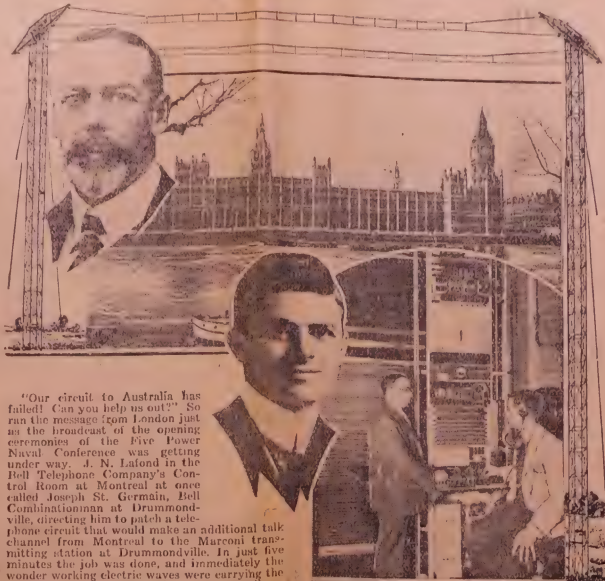

F. H. HENRY SPOKE ON TEMPERANCE ISSUE

West Belleville United Church S. S. under the superintendency of Mr. James Hudgins, paid special attention to the subject of temperance.

Posters and lantern slides on the book "Temperance and Life" were dealt with by Mr. Fred H. Henry of the Royal Templars in connection with the W. C. T. U. essay contest. The speaker referred to the subject as one not at all popular and with some temperance is tiresome, but intemperance is more so. "Politics have involved the question of methods in dealing with such, however, politicians have found it difficult now to dissociate themselves with that which has been made an election football. Of late years many only get warmed up on the question when the exercise of the franchise is at stake on this."

"Total abstinence" contended Mr. Henry, "will solve the matter. The supply of intoxicants will soon cease when demand stops as in other commodities. Aside from appetite the liquor traffic has a grip by reason of the spirit of avarice in profiting out of others' misfortune and leaving it to the church and other organizations to provide for the sad consequences. A dog affected by rabies causing injury or death is soon put out of the way and other games coming in contact with such are banned or muzzled. The results of alcoholic poison are on a

"Can You Help Australia?"

"Our circuit to Australia has failed! Can you help us out?" So ran the message from London just as the broadcast of the Five Power Naval Conference was getting under way. J. N. Laford in the Bell Telephone Company's Control Room at Montreal at once called Joseph St. Germain, Bell Combinationman at Drummondville, directing him to make an additional talk channel from Montreal to the Marconi transmitting station at Drummondville. In just five minutes the job was done and immediately the wonder working electric waves were carrying the broadcast to eager listeners in far off Australia.

Above are pictured His Majesty King George V. Houses of Parliament at Westminster, scene of the opening ceremonies, Mr. Joseph St. Germain, Bell Telephone Combinationman, Drummondville, Que., the control room in Bell Telephone 'Marquette' Desgroselliers.

ONE HUNDRED NAMED IN WALDRON'S REPORT

Ottawa, Ont., Jan. 27.—What action the Government may take in connection with the institution of Prosecutions against a hundred odd individuals named in the report of Gordon Waldron, K.C., Commissioner who investigated the activities of the Amalgamated Builders Council, is yet undecided. It is understood the matter has now reached the hands of the Solicitor General. Law officers of Crown

DENY DE RIVERA RESIGNED HIS POST

Madrid, Jan. 29.—Rumors that Premier Primo De Rivera had resigned were denied here today. The Correspondent for the Associated Press talked with Cadiz by telephone and there was no hint of any revolutionary outbreak. Premier Rivera continued conferring with high army officers regarding their attitude on the continuation or the resignation of the Spanish dictatorship.

COLLEGIATE CHATTER

By J. M. C.

(By J. M. C.)

Friday afternoon Miss Everson took her 2nd technical girls up to the J. J. Cash Company. They were given a demonstration of the process of weaving. The special interest was the working of the Jacquard Loom which weaves any kind of pattern desired. On leaving the factory each girl was presented with a tape of their individual initials. The afternoon was enjoyed by the pupils and the weaving of the cloth helped the girls in the study of textiles.

The boys hockey team are still practicing hockey very faithfully and if they play hockey as well as they do basketball they will have a good chance of winning the league. The boys have played two basketball games in the league so far and have been successful in winning both of them. This is a pretty good start and the games following are sure to be full of interest.

Mr. Hunter was in the auditorium all Monday morning to help the boys who are in the band. Mr. Hunter is a splendid coach for the boys and gives them a lot of encouragement to keep on practicing every spare period when he is in the auditorium.

Nearly every morning Mr. MacLaurin has a list of names of pupils who are careless enough to leave their locker open. Each pupil who leaves their locker open has to pay the penalty and a charge of ten cents is charged to the guilty ones.

A meeting of the Athletic Association was held Monday night. Most of the members were present and a few points were discussed.

Some teachers are getting disgusted with the pupils who leave their locker open and some charge five and ten cents for all the lockers they open. This cures the pupils of leaving their keys home and after the first ten cents is paid they see that they don't forget them again.

101ST BIRTHDAY

Port Hope, Jan. 27.—Still able to be about her home at Church and Baldwin Streets, here, Mrs. Eli Mayhew, fittingly observed her 101st birthday Saturday. She was able to welcome

HON. G. S. HENRY IS ELECTED POTENTATE

Toronto, Jan. 28.—Hon. George S. Henry, Ontario Minister of Highways, is the Imperial Council session potentate of Ramesses Temple of Mystic Shrines. His elevation to this important office in the gift of members of the Masonic Order who have attained high degrees, was made yesterday afternoon at the annual session of the temple, which was attended by 1,500 Nobles from all parts of the jurisdiction.

The session worked itself up to its highest pitch of excitement and enthusiasm when the name of Hon. Mr. Henry was brought forward by Alderman Walter A. Howell. No other name was presented and the election was made unanimous.

All those friends and relatives, legion in number, who came to extend their congratulations, and she was also remembered by telegrams and other messages from a wide circle of friends.

Accept these gifts with our compliments

DO YOU THINK of your newspaper merely as a means of finding out what the famous people in the world are doing, saying, thinking? As an impersonal record of events which do not concern you at all? We have something more than that to offer you. For instance:

Please accept today with our compliments these things, which you'll find in our pages: New and better ways of performing old household tasks... means of saving steps, time, effort... labor-saving devices... short-cuts to efficiency... money-saving. "Why," you say, "you're probably talking about the advertisements!" Just so—we are.

Think of the advertisements—and read them—as news. News of the world of goods and things... news of scientific achievement accomplished for your benefit... news that concerns you far more directly than an account of boundary disputes in Baluchistan can ever concern you.

Read the advertisements regularly, and use them as millions of other people are doing—to save you time, effort, money, trouble, when it comes to buying the things that make life a little easier... a little brighter. Reading the advertisements will keep you in step with the rapidly advancing standard of living in Canada today.

Every day there's something new in the advertisements as well as on the front page. Be informed on all sides!

A happy group of girls ready for an enjoyable day of skiing. This sport has become one of the most popular during the Canadian winters with the younger set. The girls are, left to right: Betty Dond, Isobel Erickson, Molly Bucknell, Florie Walker and Mary Sitwell.

SPORTING SECTION

LOCAL JUNIORS TIE GROUP WHEN THEY DEFEAT TRENTON TEAM HERE

Fast Game Witnessed at Local Arena Last Evening.

VISITORS TRIED HARD

Belleville Team Showed a Complete Reversal of Form.

Reversing their form of two weeks ago, the Belleville Juniors played bang up hockey last night, defeated Trenton 5 to 3 and tied up the local group. It was one of the most exciting games of the season and the thousands or so spectators who turned out were more than pleased with the offering. Every element that goes to make a hockey game was crowded into the sixty minutes of play and none of the cash customers asked for their money back.

The Belleville team exhibited their best hockey of the year and it will be a merry race for the group honours between these two squads. Eddie Thomas trotted out two complete forward lines and with one line traveling practically as fast as the other, a dizzy pace was maintained. The forwards back-checked like fiends, while the defence spilled anyone who came within range. In direct comparison to the last game the defence was one of the strong links and Ethier and Young handed out plenty of bumps although they took a few in return.

Plenty of Thrills

The game lacked nothing in the way of thrills and some real excitement was created in the last ten minutes when the visitors, with defeat facing them, launched a spirited assault on the Belleville net, and they threatened to tie it up. However, one minute before time, Jimmy Ethier and "Pete" Morgan broke away and with only one defence man to beat they scored the prettiest goal of the night. Ethier took the puck into the goal-mouth, drew the goalie out and flipped the boot-heel over to his partner who made no mistake in driving it home. It was an unselfish play on Ethier's part and settled the issue.

Joe Smith, Kingston referee, had the game well in hand and he promptly squelched the threatened outbreaks. Young and Lambert were given major penalties four minutes of full time for starting a fracas. One disputed goal nearly caused trouble both on the ice and off but the referee settled the question. One of the Trenton players batted the puck toward from a scramble and Salisbury played it out of the danger zone. The red light flashed but it was obvious the pismire was not over the blue line and it was disallowed. The Trenton supporters voiced their disapproval of the decision.

These two teams are evenly matched and there was not a great deal to choose between them last night. The locals showed more improvement and the fans were tickled with their exhibition. It would be unfair to choose any stars last night as all the boys were going great.

Young and Ethier were bouncing the invaders all night and the fans filled it. The former laid Filion low with a legitimate check in the second period and it took the starch out of the Trenton star. Ethier was a real stumbling block for the visitors and it was seldom that they managed to enter into his side of the ice.

The two Point Anne boys, Hull and MacDonald were in good form and though the latter played with a patch on his face it did not appear to hamper his playing. Both these lads fit well into the forward line. Ed Thomas made a real move when he picked them up. Morgan played splendid hockey and played a prominent part in the scoring, driving home two goals: one of them unassisted, while the other resulted from a lovely pass. Morgan is a fine prospect.

Runions scored two. The centre ice area with his sweeping hook-check and line and again he snatched the puck from beneath the visiting players' sticks. He scored two goals and was very much in the right whenever he was on the ice. It would appear that he was off balance a good deal of the time and doubtless he would have better success if he timed his passes a little better. He fits in well as a pivot man Salisbury and Hughes make a capable pair of substitutes and both boys will make good with a little training. The former saved one goal when he batted it out of the goal mouth while he was robbed of another when his shot missed a warning net by inches. McKinnon was in

RETIRING SALE

Don't miss this Bargain sale offering on Suits and Overcoats. Made to your order. Also tweeds and worsteds by the yard. Some blue serge, suitable for ladies' skirts, boys' trousers—at very low prices.

Arthur McGie

208 Front St.—Belleville.

RECREATION BOWLING

In a ladies Junior League game played at the Recreation Alleys last night the Breakaways took all four points from the Alemites. Miss V. Hobson with 296, 129, 257 and total 682 was best for the Breakaways while Miss L. McNeil with 464 was a little the best for the Alemites.

Breakaways—V. Hobson 682; J. Grant 496; G. Pomeroy 481; M. Grant 373; Miss Doe 345; total 2377.

Alemites—E. Coulter 396; V. Brown 402; L. McNeil 464; C. Flagler 366; Miss Doe 345; total 2053.

Y. M. C. A. BOWLING

The Ladies Afternoon League game yesterday was between the Proteins and the newly organized Smile & Try. Club team and resulted in the more experienced Proteins taking three points to Smile & Try one. This Smile and Try team will be hard to beat after a couple more games. High bowlers were Mrs. Luffman for Smile and Try and Mrs. Ferguson for Proteins.

The Shamrocks and Steel Store Ladies League game was a real battle each team increasing their points by two counters. Steel's took the first by 749 to 595, lost the second by one pin and the third 658 to 742, winning the total by 69 pins. Hazel Thrasher was high for the game with 530 for three games, including nice single of 226 and 166. Other good single scores were Elsie Cole 202, Lillian Manley 166, Violet Hobson 179, 176.

Ladies Afternoon League
Smile and Try Club—Mrs. Hilchion 308; Mrs. Luffman 349; Miss Kerr 294; Mrs. McConnell 182; Miss Rogers 201; total 1374.

American Golfers to Play Old and Historic Scotland Courses

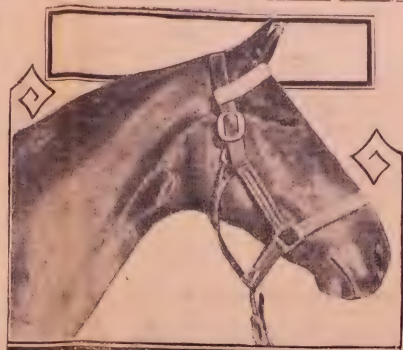

The magnificent golf course at Turnberry, Scotland, which will be the scene in May of part of the "Tourament of the Centuries," a tour of Scottish courses limited to golfers of moderate ability, under the auspices of the Canard and Anchor Lines.

High-Handicap Men in "Tourament of Centuries" Abroad for Tour Prize

GOLF at St. Andrews, most famous of all Scottish courses, is the historic and picturesque Glen eagles, in the Scottish Highlands, at Cruden Bay near Aberdeen, at North Berwick, the beautiful wind swept links built on a peninsula jutting out into the North Sea, and at magnificent Turnberry, the thought behind the "Tourament of the Centuries" being arranged for the high-handicap American golfers.

There are few golfers in these United States who, reading of the deeds of Bobby Jones at St. Andrews, or of the heroes of the "Open" who have won the Claret Jug at Cruden Bay, North Berwick and Turnberry, have not hoped that one day they might play on these great golf courses. Douglas H. Weston, and as well known amateur golfer, understands the desire of the American golfer to visit the links of the "Tourament of the Centuries" and has arranged a tour which will give the high-handicap players the chance of a lifetime. The tour will be a most beneficial trip, a most enjoyable one, and a most profitable one. The tour will be a most beneficial trip, a most enjoyable one, and a most profitable one. The tour will be a most beneficial trip, a most enjoyable one, and a most profitable one.

Bonora, a thoroughbred of rare form and disposition. He was foaled near London, Ont. in 1922 and bought as a yearling by Sir Adam Beck. The sire of Bonora was Ben Hodder, imported, and his dam was Lady Brick, also thoroughbred.

As a three-year-old he was given to Mrs. Strathmore-Hay, daughter of Sir Adam Beck, since which time Bonora has won first in the lightweight hunter class at Toronto's Royal Winter Fair, first at the New York National Horse Show, and first at the Canadian National Exhibition in both open and Canadian-bred hunter classes. In all he has carried away more than 50 ribbons at eleven of the best American and Canadian horse shows. Of these ribbons, twenty-four were for first prize in both performance and conformation.

Problems—Mrs. Torrence 221; Mrs. Ferguson 418; Mrs. Dunlop 299; Mrs. Archibald 328; Mrs. Denike 256; total 1522.

Ladies League

Steel Store—Elsie Cole 468; Hilda Whittam 332; Edna Loadman 322; Hazel Thrasher 530, Marion Murphy 377; total 2047.

Shamrocks—Helen Horvath 344; Violet Oser 265; Lillian Manley 375; B. Horvath 382; Gladys Oser 257; Violet Hobson 355; total 1978.

In the prize bowling the following took prizes: Mrs. Simmons, Frank Lent, Mrs. James, P. G. Denike.

The games will commence this week and it is suggested that the winning team in this league play off with the Trenton Seniors.

The hockey game played between the Dominion Foundry men and the High School team was a very exciting one. There was a good exhibition of hockey, the score resulting in a tie of 2-2.

GREAT WOLF CROP

Sault Ste. Marie, Ont. Jan. 28.—Four more wolves were added to the Algonquin crop today when application was made at the office of District Game Warden W. A. Lyness for the bounty on two wolves killed by Napoleon Martineau at the Forks of the Albany river, one by Edmond Martineau at the same place, and another by John Bluff, at Ghost River.

Here and There

(456)

Running well ahead of schedule steel work on the 21-story addition to the Empire's largest hotel, the Royal York, additional construction is being rapidly pushed forward and the sixth story is now completed. The cable work is expected to be finished early in February and everything will be completed by June 1st, when there will be a total of 1,181 guest rooms in this palatial Toronto hotel.

Hitting a 90-mile an hour clip, a special Canadian Pacific train recently carried two-and-a-half-year-old Delphi Morin, who was thought to be dying of intestinal influenza, from Sudbury to Toronto, for a blood transfusion in the Toronto Western Hospital. Leaving at 1.05 the train reached destination at 6.55, all traffic having been held aside for the special. At 8 the operation was performed and half an hour later the boy was smiling at his friends. He is now well on his way to recovery.

Fighting against Atlantic winter gales the cable ship John W. Mackay has just successfully completed another trip of the seas in effecting repairs to the high speed cable of the Commercial Cable Company over which much of Canadian Pacific cable business is carried to Europe. The cable was smashed in the great quake of November 18, the break being discovered within 36 hours of the arrival of the ship on the scene, raising the cable from a depth of 25 miles and at a point 80 miles from the western end of the break being part of the job to be done.

"Canary Korndyke Alearia" a free-year-old Holstein Friesian cow, which a year ago claimed the world's championship as a butterfat producer with 26,398 pounds of milk containing 1,063 pounds of butterfat in 205 days, has beaten her own record. Following her 1928 record this famous cow was the great champion of that year was much more favorable, says Philip Bishop, of Greenfield (Port William), the largest bee-keeper in Nova Scotia.

With but four to five years thousands of farmers throughout the province of Saskatchewan will have the benefit of all-weather roads running in all directions. The provincial government plans to spend \$5,000,000 annually during the next few years on the construction of six main highways, all-weather surfaced.

Notwithstanding the growing popularity of the motor car and motor power farm implements, the horse is evidently not going into the discard as rapidly as some people might be inclined to believe. In 1919 the number was 1,667,329, a difference of only 200,882.

CARNIVAL TO BE HELD AT ARENA ON FEBRUARY 11

Races, Fancy Figure and Comic Skating; Other Attractions.

The first Ice Carnival to be held in the New Arena will be staged on the 11th of February. It was decided last night at a meeting of the Carnival Committee. Owing to the fact that there were several other attractions staged for both Friday the 7th, and Friday the 14th, it was thought that the next most desirable evening of the week was a Tuesday.

Committees were selected and will commence to function at once, arranging one of the best programmes ever seen in an event of this kind. There will be fancy and comic trick skating here from Toronto, races for both boys and girls, and a Big Speed Skating event open to one or two members of any team in the Trent Valley League, two members from Belleville teams, and so on from the surrounding towns. It is expected that Trenton, Frankford, Stirling, Madoc, Tweed, Campbell, P'ton Deseronto, Napanee and Point Anne as well as Belleville will send along an entry. If all these teams enter their fastest skater, two heats will have to be run and then a final, which should prove of interest to everyone.

A fine cup has been donated for this race, and it is to be competed for every year. There is, however, a smaller cup which becomes the permanent property of the winner. The large cup will not be simply won by an individual, but it will be won by someone representing one of the above named clubs, and wearing their uniform and colors.

To make this Carnival a success, the Committee realizes that good prizes must be offered, and they are prepared to give the best prizes possible. In the Carnival Costume judging, there will be good prizes for Ladies Best, 1st and 2nd, Gents Best, 1st and 2nd, Most Original 1st, Ladies Best Comic 1st and 2nd, Mens Best Comic 1st and 2nd, Best Boy, under 14, and Best Girl under 14. In addition, there will be races for boys under 16 and over 16, and the same for girls.

And to make it even more of a success, the Arena Directors have authorized the Committee to give away two free tickets for every ten which are sold. This offer will undoubtedly be snapped up by Belleville's enterprising youth.

QUEEN'S WON TWO GAMES FROM R.M.C.

Kingston, Jan. 29.—Three games were played in the E.O.A.B.A. series on Monday night. The juniors and inter-collegiate from the Royal Military College played at Queen's gymnasium with the Tri-Color teams and the Kingston "Y" players journeyed to Napanee for an intermediate fixture. The score in the intermediate games were, Queen's 26, R.M.C. 20; Kingston "Y" 52, Napanee 25, and in the junior game Queen's won out R.M.C. by the score of 24-21.

PEEL LANDMARK IS DESTROYED BY FIRE

Norval, Ont., Jan. 28.—Damage estimated at more than a hundred thousand dollars was caused here early today when fire destroyed an old brown brick mill. The mill had been a century. The fire departments of Georgetown and Brampton were called and succeeded in saving the adjoining buildings but could not save the mill. The origin of the blaze is unknown. The loss is partly covered by insurance.

THOUSAND POUNDS TOWARD MEET HERE

(By Canadian Press)
Sydney, Australia, January 28.—Canadian committee in charge of the arrangements for the British Empire games to be held at Hamilton, Ontario in August, has cabled the Australian Amateur Athletic Union, offering to contribute one thousand pounds sterling towards the expense involved in sending an Australian team to Canada. The Australian Union announced last week that owing to cost it would not be able to send a team to Hamilton, but authorized the entry of athletes sponsored by various state associations.

Entering upon its third year of service for the people of Brockville and surrounding district, the community ambulance, purchased through the efforts of the Rotary Club, has made nearly 100 trips.

FAMOUS CASE OF KATES MURDER IS RECALLED

Adages So Long Applied to Killings Proved in Kates' Case.

PART OF FATE

The "Policeman" a magazine devoted to news of detective and police work, carries a story of the famous Kates' case in Western Canada, a result of which Herman Revinsky is condemned to die.

Fate drove a street car past the waiting Nathan Kates and brought under the shadow of the gallows Herman Revinsky, murderer of Kates' son, David.

The Kates murder case proved the adages so long applied to killings. In the fourteenth century Chaucer wrote, "Murder will out," and this case proved it. It also proved the saying that the murderer will visit again the scene of his crime.

In addition to proving the traditions attached to murder cases for centuries, it has shown that Canada has officers capable of dealing efficiently with mystifying crimes.

Early in 1928 David Kates, clothing salesman, set out from his home in Pictou, Ontario, to travel through the prairies of Saskatchewan selling his goods.

With him went Herman Revinsky, employed as an assistant. Revinsky had previously worked for Kates but was charged with stealing from him and was tried and convicted. Sent to prison, he threatened that he would be avenged on his former employer.

Discharged from the prison at the end of his sentence, Revinsky was without money or position and Kates, feeling sorry for his former employee, held out the olive branch of peace and offered to give him another chance. Revinsky seized on the opportunity offered him and apparently forgot his determination to "get even."

Kates kept in touch with his relatives, who received letters mailed in different prairie towns, for some time, then ceased to write.

Mystified by hearing nothing from his son, David Kates, from his home in Pictou, made inquiries, but failed to get any definite information. Then Revinsky appeared in Hamilton, Ont. Questioned, he gave a vague account of his travels with the missing man and was turned over to the Hamilton police, who heard the same story and released him.

Convinced that something was wrong Nathan Kates started an investigation which disclosed that withdrawals by means of cheques, apparently bearing the proper signature, were being made from his son's bank accounts in various towns. Young Kates had been advised by his father to never carry large amounts of money on his travels in his automobile across lonely stretches of the prairie. He had deposits totalling \$15,000 in seven different places.

The withdrawals looked as if Kates was alive and well, as they were of recent date, but the elder Kates was not satisfied. He communicated with the police departments from Pictou to Vancouver.

In January of 1929, the file on the Kates disappearance was turned over to Sergeant James Ellice, in charge of the missing persons bureau of the Vancouver department.

"I believe that this is a case of murder," said the sergeant, after looking over the file. "I am going to work on it from the murder angle." "Go to it," was the order given him by Chief W. J. Bingham and Inspector J. J. Thomson, when he explained his theories in connection with the case.

With the backing of his superiors and aided by their counsel, he "went to it" and in a short time obtained his first "break."

By methods known only to the police he discovered that a wire, purporting to be from the missing man, had been sent from Vancouver to Nathan Kates.

Checking up on the sender of the wire he found that it had been sent by a man well over six feet in height while Kates was described as being much shorter. In no way did the man who signed the wire as David Kates resemble the missing salesman. An-

other man who accompanied the sender of the wire to the telephone office also did not resemble David Kates. Certain that a real lead had been obtained, the Vancouver authorities telegraphed Nathan Kates, asking that he rush to them a picture of his son and telling him of what they found. While awaiting the picture, then endeavored to locate the sender of the wire and his companion, but without result.

Nathan Kates mailed a photograph, then boarded a train for Vancouver. He arrived before the picture and went direct to the telephone office to obtain any information he could for himself.

The manager of the telephone company immediately called Sergeant Ellice.

"Kates is here," he said. "Not the missing man, but his father. What shall I do with him?" he queried.

"Put him on a street car. Tell him to get off at Main and Hastings St. and I will meet him there," were the instructions given him.

Sergeant Ellice went to the appointed corner and waited in vain, and being overladen with many duties, finally returned to his desk at headquarters.

He had been seated but a few minutes when his telephone rang.

"Do you want a man on some kind of a killing charge in Saskatchewan?" queried the voice of Patrol Sergeant George Olmstead over the wire.

"Yes," replied Ellice, before realizing just what the call meant, but willing to investigate anything brought to his notice.

"Well, come down to Richards and Hastings Streets. We have him here," said the sergeant.

Jumping into a police car, Sergeant Ellice drove to the source of the call and there found Revinsky detained by the patrol sergeant and a constable, while Nathan Kates was excitedly hurling threats and accusations at him.

Kates explained. He was led by the manager of the telephone company to the street to be placed on a street car that would carry him to the place where he would meet the sergeant, but Fate took a hand, and the motorman drove his car by, unaware that he was playing a part in solving a great murder mystery.

Just as Kates was moving back to the curb to await another car he saw a familiar figure, that of Revinsky. Leaving the astonished telegraph official, he started off at a fast gait, trailing the man. He kept behind him until he came across Sergeant Olmstead and demanded that he hold him, as he was wanted on a murder charge. Remembering the name of Ellice as the man who had hired him at Pictou, he requested that the patrol sergeant communicate with him.

Revinsky was taken at once to headquarters, with Kates still denouncing him. Taken to the criminal investigation bureau office, he was shown duplicates of the cheques, which had been cashed after the disappearance of the salesman. He denied and Ellice, backing a "hunch" suddenly declared:

"It looks as if we will have to charge you with the murder of Kates!" It was a shot in the dark but it reached its target.

"I stole his car but I did not kill him," was the reply that thrilled the listeners.

No further questioning was indulged in, and Revinsky was put in a cell while the officers of the detective bureau set out to round up two alleged companions of the man.

This was accomplished by Sergeant Ellice and Detectives A. Hann and W. M. Thompson.

These men gave the names of Van-

berg and Spiter. On Vanberg were found the handbooks and identification papers of the missing Kates. Revinsky was freed by Vanberg and Spiter. Vanberg declared that the handbooks and papers had been given him by Revinsky some time previous, but said that Revinsky had received none of the money realized from the withdrawals, which amounted to \$1500. Vanberg also absolved Spiter from any connection with looting of the bank account by means of forged cheques. The signature of Kates on his identification papers had been used as a copy for the forgeries.

Revinsky and Vanberg were then charged with conspiring to rob Kates, as no direct evidence of Kates' death or murder had been developed.

It was on the 9th of February that Revinsky was arrested and on February 12 he asked that Ellice visit him in his cell. Thinking it might be better to keep the man waiting, the sergeant did not respond to the request. The next day the man was insistent and the officer went to him.

"I want to get it off my mind," said Revinsky, and commenced to make a statement. He was stopped by the detective, who suggested that he had better make it in the presence of a witness. The arrested man demurred at first, but finally consented and was brought before Inspector Tisonson.

To his listeners he told his version of the death of Kates. He said Kates had been killed on the highway near Carmichael, Sask., in the month of June, 1928, and his body had been buried in the sand dunes in a lonely spot on the prairie.

The killing, he declared, had been done by a man named Jimmy Brown, who had been traveling with them. It was done with a tire iron following an altercation.

Revinsky said that the body had been placed in Kates' own automobile and had been transported to an unfrequented spot, where he dug a grave with a shovel which had been carried in the car, while "Brown" kept watch. When the body was placed in the grave it was found that the man still lived, so "Brown" battered his victim's head with the shovel until all vestige of life had disappeared, according to the story.

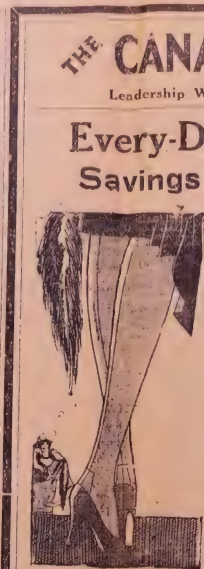

"Brown" then took the dead man's tiepin, his watch, papers, bankbook and shoes, after which the grave was filled in, he concluded.

With this statement in their hands, Vancouver officers immediately communicated with Saskatchewan officials and a warrant was issued by them, charging Revinsky with being an accessory to the murder of Kates. Revinsky expressed his willingness to go to Saskatchewan and face the charge and indicated on a map the spot where the body of Kates was buried.

Sergeant Anderson of the Maple Creek, Saskatchewan, detachment of the R.C.M.P. arrived to take over the custody of Revinsky, and Nathan Kates was sworn in as a deputy and acted as one of the escort that took the accused man to Maple Creek. On the train Revinsky made a similar statement to that given to the Vancouver officers to Sergeant Anderson.

The first move of the Saskatchewan officers on the arrival at Maple Creek was to start out with Revinsky to locate the lonely prairie grave. In spite of the snow lying on the ground, the man led them unerringly to it. Here comes the proof of the charge that the murderer will return to the scene of his crime, for Revinsky admitted that he had made a number of visits there to see that the body was not disturbed.

In the light of the early dawn the police, digging at the spot designated by Revinsky, came across all that re-

CANADIAN DEPARTMENT STORES

The photograph here shows the six-month-old son of the late Rudolph Muespratt, who was born on Saturday, Jan. 28, leaving his brother heir to the baronetcy held by their grandfather, Sir Max Muespratt, Bart. The twins were born

mulined of David Kates, a grinning skull and a few bones and some rotting clothing. In the clothing was found the watch which Revinsky had said was taken by "Brown." No other valuables were found.

With murder definitely established, the R.C.M.P. officers set out to check up on the story told by Revinsky, and in endeavor to locate "Jimmy Brown."

No "Jimmy Brown" could be found, but evidence that a part of the story was not true was discovered. Revinsky had admitted selling Kates' car to a dealer in Regina. Eventually it was discovered in the possession of a farmer and was found to still carry stains of human blood on its top and one of its seats. The position of the stains fitted in with Revinsky's details of how Kates had been killed by "Brown."

Further investigation revealed that Revinsky had disposed of Kates' car for \$200 in Regina, Alta., and that he had borrowed \$10 from his sister in Hamilton, Ont., some time later and had given her the missing money as security.

Search as they would, the investigators could find no trace of "Jimmy Brown," but they did unearth the Revinsky formation that Kates and Revinsky had been alone in the car at the different places where Revinsky declared "Brown" had been their companion. Finally the "Jimmy Brown" angle of the case was given up and Revinsky, alone, faced the murder charge at the spring assizes in Maple Creek.

Witnesses were brought from many points and the case was opened and was making good progress until the defense counsel queried Sergeant Ellice as to whether some words carrying a threat of hanging had not been spoken about the time that the statement was obtained from him.

The officer could have replied that he did not remember and the trial would have gone on, but back in his memory he could recall that some words that might have been construed in that way had been uttered. He answered truthfully that he did recall some remark of that nature.

The defense immediately appealed to

the bench and the trial was stopped. Revinsky was then remanded to the full assizes.

On November 12 at Maple Creek the new trial opened and the case went on as before, only Sergeant Ellice's evidence stopped at where Revinsky had declared, "I stole his car but I did not kill him."

The defense was basing its case on the "Jimmy Brown" theory, so in cross-examining the detective, the counsel brought out the statement as made by Revinsky. This evidence was then followed by the statement made to the R.C.M.P. officer on the train and the other evidence resulting from the R.C.M.P. investigation and the vain search for "Jimmy Brown."

When the Crown's case was closed Revinsky did not take the stand and on November 15 was found guilty and sentenced the following day to hang.

The threat may be explained by the statement of Nathan Kates, said to have been made to police after the trial. "It was I who said I would put

a rope around his neck and hang him."

Kates had been present during some of the interviews with the arrested man.

The Kates murder case is an outstanding one in its display of good detective work by all officers who took part in it, and is also rated as one of the most expensive in recent years, as it cost \$87,000. It is reported. Most of the money was spent in sending officers throughout the country following various threads of evidence and in transporting witnesses.

BELIEVED MURDERED

Niagara Falls, Ont., Jan. 29.—With a bullet wound in the back of the neck, the body of Louis Carl Miller, 32, was found in the kitchen of the cabin of his camp on Chippawa Creek in Montrose, few miles from here Tuesday. Authorities said they believed Miller had been murdered during the night as no revolver was found near the body.

MANY NEW COUNCIL MEMBERS.

An unusually large number of new members among the county councillors are to be seen this year. Casualties in the elections recently held numbered a few of the well-known members of the 1929 county council. Among the newcomers this year are: W. S. Stiles, George E. Jordan, W. S. Gordon, F. N. Marrett and James Spackell. These are well-known figures in municipal life and they will be heard from before their year of office is completed. J. A. McKinney, of Tyendinaga, a former member is back in one of "the seats of the Mighty" at Shire Hall.

DEATH OF PICTON'S CHIEF MAGISTRATE.

Death struck down suddenly Mayor Peeling, of Picton, one of the outstanding men in municipal life in the neighbouring county which has numbered many well known figures in its various councils. The esteem in which the late mayor was held was indicated by the large attendance and the universal signs of mourning at his obsequies yesterday.

His passing was particularly sad in view of the fact that he had assumed office but a few days, when he was stricken with deadly pneumonia.

CANADIAN NEWS ON SOUND REELS

Canadian news is to play a greater part in the talkies shown in Canada in future. The opinion that there ought to be one Canadian or British reel per week shown in Canadian houses is meeting with favor. There is a possibility of legislation being enacted in Ontario to make this a quota in the week's showings in this province.

Canadian news is good news to Canadians in the theatre. When they go into a talking picture house they do not want to feel like strangers in a strange land, listening to foreigners speaking in foreign lands to the almost complete exclusion of Canadian news.

Canadian and British news on the sound reels is what every Canadian ought to demand.

Incidentally it may be noted that news reels help to mould opinion and Canadian audiences listening and seeing foreign stuff all the time have little encouragement to resist the temptation to think along the lines of outside peoples.

NO ROOM FOR THE FAKIRS.

The fakir man who gathers a crowd around him and sells the people nothing but a joke and a sad experience for good cash, must not cast his shadow on the gates or lawns of the fair grounds of Ontario.

So said Superintendent J. Lockie Wilson, of the Fall Pains Branch of the Ontario Department of Agriculture before the Central Ontario Fairs Association, at Belleville, yesterday.

The fakir is a clever fellow whom one cannot but admire for his knowledge of the weaknesses and gullibility of men and women. But that ends that. Of course, his only appeal is his ready wit which covers the spirit of gambling, the prospect of gain ninety nine per cent, the model which is at the real seat of the fakir's game.

Fakirs do not come to fall fairs to give away goods or drain their pockets dry. They have another principle. Fair boards which allow them on their grounds to fleece their patrons are worse than mere gamblers for they are selling the fakir a chance to trim the public.

Fairs, said the well known William J. Hill, veteran fair man, of Madoc, must give the people something for their money. That is true there must be amusement and entertainment, but the board which does not protect its crowds from this class of gentry who fly by night over the country is false to the trust imposed in it.

Fakirs have no place in a fair. They might be put in as an exhibit a century hence of the type of "stray human" who preyed upon his fellows when they were feeling happy and good natured but they have no place in a fair today.

Surely enough good entertainment can be provided without submitting to the presence of these folk. Why give prizes for good stock and exhibits and then offer crooks rewards for proving human ity silly and weak? Fairs are not to exploit human gullibility but to reward and display progress in all the branches of agriculture.

GIFTS

The flash of a diamond, or ruby's fire,
 The gold of the topaz seen
 Truly noble gifts, yet me thinks of higher
 Than these: gems of bright or sheen.
 For these are the gifts my friends to me bring,
 These gifts costing naught, yet worth
 Far more than jewels or crown of a king,
 Great gifts of which there's no dearth.

The true gift one brings, to my wearied heart,
 Is of rest with calm content,
 While yet another would court age impart
 That strengthens when trial is sent;
 Happiness rare, their pleasures all sharing,
 From those who are friend allway,
 While each one comes the greatest gift bearing,
 True love that lasteth for aye.

MARY G. EARLE

PASSING YEARS

A large and enthusiastic political meeting is being held in Shannonville tonight by the Conservatives of that vicinity. Addresses by W. B. Northrup, ex-M.P.P., of East Hastings; A. A. Richardson, candidate for the legislature.

Mr. J. P. Madden of this city, is among those who received medals tonight for being in Her Majesty's army.

THAT BODY OF YOURS

By James W. Barton, M.D.

EPILEPSY AND DIGESTION

I have spoken before of a series of 55 cases of epilepsy that were all cured temporarily—by having a portion of the large intestine removed. Unfortunately at intervals varying from a few months to a few years the epilepsy returned again in all of these cases.

I spoke also of a case I had kept free from epilepsy for 15 months by the washing out of the patient's stomach nearly every other day. Now although epilepsy is thought to be due to some little trouble in the brain nothing has ever been found about the structure of the brain in epileptics that would give a positive clue to the cause of epilepsy.

However, if removing a portion of the large intestine and washing out the stomach prevents attacks then there must be some relation between the digestive tract and epilepsy.

Some one has said that it is the stomach and intestine—some digestive disturbance—that is the match that lights the fire in the brain and epileptic attacks follow.

trouble, in the small intestine.

This would seem to complete the case against the digestive tract. And yet as the brain controls the activity of the digestive tract whether it moves its contents along slowly or rapidly, you can see how closely the two are related.

It has been found that in epileptics the processes of the body work a little slower than in others, and can be made to work even more slowly under certain conditions.

The thought then, aside from any drug treatment is that these individuals should eat a little less food than others, that they should spread meals well apart, that they should cut down somewhat on meals.

The fact that where a starvation treatment has been used no attacks have occurred tells its own story.

These individuals should be outdoors as much as possible, and have employment suited to their particular abilities, when possible.

Dr. Davis advises the use of an extract of one of the ductless glands which has the effect of strengthening the natural processes in the body.

I talk frequently about epilepsy because it is the cause of much misery in many homes.

Letters to the Editor

(To The Editor of The Intelligencer)

TWEED WATERWORKS
 Dear Sir:—I notice a letter in your Monday's issue, signed "Leader," regarding Tweed Waterworks, which I consider very misleading. There is a great deal yet to be done before the work is completed and the cost \$60,000 only means waterworks for one half of the town. Even this will cost a great deal more than the above amount when finished. Only a portion of the sewers have been installed. The water supply is only being tested out. I wish to correct the misrepresentation that has been made.

(signed) W. S. GORDON,
 Reeve of Tweed.

RESCUED!

Buenos Aires, Jan. 29 (C.P.)—Fourteen hundred persons were marooned on the bleak Tiers del Fuerte when their ship, the Monte Cervantes, went ashore last Wednesday, today were homeward bound, no worse for their adventure than suffering from colds or other minor inconveniences. (A sister ship, of the Monte Cervantes, picked up 1100 tourists and 300 crew members at Ushuaia yesterday.

ATTENDS FRIGIDAIRE MEETING AT BUFFALO

John Hibbard, of Hibbard Bros., local Frigidaire dealer, is one of more than 250 selected members of the Canadian sales organization who will attend the Frigidaire convention in Buffalo, February 1, as special guests of the United States salesmen. The Canadian men have been invited to the annual meeting as a tribute to their excellent record for 1929, which was the finest since the company's organization.

"The Canadian Frigidaire organization has just closed the most successful year in its history," Mr. Hibbard said, "and the entire organization is optimistic as to business in 1930."

The map reproduced here shows the route the Canadian National "Prince Henry" just launched at Liverpool, England, will take in the trip to Victoria, B.C., where it enters the Pacific service.

After an illness of many weeks, Dr. Charles P. Johns, Thomhill, died at the age of 51, in Wellesley hospital, Toronto, from blood poisoning which he contracted in the care of a patient. He was famed for his work as a narcotic specialist at the jail farm, Langstaff.

NAME COMMITTEE ON STANDING COMMITTEES

Hastings County Council entered the second day of the 1930 session this morning, with Ex-Warden Henry Hurrett in the chair, in the absence of Warden Roscoe Vanderwater, who was attending a pension board meeting. Minutes of yesterday's meeting were read and adopted, and many accounts were passed on to ways and means by the council.

An invitation was read from J. O. Herity, manager of the Belleville Chamber of Commerce, to a get-together banquet to be held in the Hotel Quince on Thursday evening, to which all the councillors were invited. The invitation was accepted and the clerk instructed to write a letter to Mr. Herity, thanking him.

It is moved by James A. Moore and seconded by George A. Stokes, that Thomas Montgomery, Charles Thompson and Henry Hurrett, be appointed a committee to strike the standing committees for the year 1930. The resolution carried and council then adjourned to meet again at 2 o'clock.

REEVE KINNEAR IS P. E. CO. WARDEN

Charles H. Kinneare, reeve of Hillar, was elected warden of the County of Prince Edward for 1930, without opposition, at Picton on Tuesday afternoon.

DETECTIVE DIES

Detective Thomas John Mullinger of 165 Clergy Street, Kingston, a member of the Kingston police department for over twenty-five years, and one of the best known men on the local force died on Monday afternoon.

DIVER REMAINS IN WATER 48 HOURS

Fate of Peter Trans, Caught in Crab Work Is Not Known.

Montreal, Jan. 30 (C.P.)—Owing to poor communications, no word had been received here early today as to the present fate of Peter Trans, a diver who is still tangled in the crab-work of the dame at Riviere des Outardes on the north shore of the St. Lawrence. It was hoped that two aero planes which are attempting to take Trans has been under the water since Monday afternoon. While air has been pumped to him continually it is not known if he is alive or dead. While he is a man of courage and stamina it was feared that the extreme cold of such long immersion would be fatal. However, the Ontario Paper Company officials have not yet given up hope of rescue alive.

FRONT OF FILIPINO MANSION BLOWN OUT

Stockton, Calif., Jan. 30 (C.P.)—A terrific explosion blew out the front of Filipino Centre, an old mansion used as a clubhouse here, early today. Although dozens of Filipinos were sleeping in the structure, no one was reported injured seriously. Police viewed

ONTARIO IS DIVIDED UP IN DISTRICTS

One of the biggest gatherings of ex-servicemen in Eastern Ontario is expected to take place in Napanee on Saturday evening on the occasion of the visit of the Dominion President of the Canadian Legion, B.E.S.L., Colonel L. R. LaFliche, D.S.O.

It will be recalled that at the last provincial convention of the Ontario Command it was decided to divide the province into "zones" for the purpose of advancing organization, especially in Eastern Ontario. The zone which includes Kingston, extends from the Brighton-Colborne branch on the west to Brockville on the east, with Napanee the exact geographical centre, the branches included being Brockville, Gananoque, Kingston, Napanee, Picton, Trenton, Belleville and Brighton-Colborne, with Charles Hicks, of this city, representing the zone in the Provincial Command.

In addition to the Dominion President the Provincial President, Colonel C. H. Ackerman, of Peterboro, and Lt.-Col. Keller McKay, K.C., the Provincial vice-president, will be in Napanee on Saturday to confer with representatives of all the branches at a round-table gathering during the afternoon while all ex-servicemen of the district are being invited to gather in the evening.

ed the explosion as an aftermath of the recent anti-Filipino disorders in many central California cities.

THE BULLETIN BOARD

Mainly About People You Know

COL. PONTON NAMED

Colonel W. B. Ponton, Honorary Colonel of the August 1st Infantry, has been elected vice-president of the Queen's Own Rifles Association of Canada, of which he is a member. He served in that regiment during his University and Osgoode Hall courses.

NET ANGLICAN LADY

The Field Commission of the Anglican National Commission of the Church of England in Canada, consisting of the Bishop of Niagara and Chancellor Osborne, of Ottawa, met in conference in St. Thomas' Parish Hall last evening with the lady of the Deanery of Prince Edward. Despite the condition of the roads in the rural sections, the meeting was well attended. At the conclusion of the meeting, the members of the W. A. of St. Thomas' Church served refreshments.

ROY CLARKE INJURED

Word was received in the city that Roy Clarke, formerly Sergeant on the Provincial police force here, suffered severe injuries to his legs when he ran through a plate-glass window at Sault Ste. Marie where Mr. Clarke is now residing. Damage of \$500 was done to the store while Mr. Clarke was taken to the hospital suffering from his hurts. He gave the reason for the accident as frozen brakes while he was trying to steer his car out of a rut. Mr. Clarke was hurt while taking exercises at the Sault some weeks ago.

PALMISTRY

Madame Nevada, Palmist and Medium at Hotel Crystal. Here till Saturday.

NATIVE IS ACTIVE

Mayor Aubrey L. Lott, of Gananoque, a native of Belleville, has just formed a Chamber of Commerce of Gananoque, of which Ex-Mayor Wilson is secretary.

AUXILIARY HOSTESSES

The Ladies Auxiliary of the Brotherhood of Railroad Trainmen consisted of the ladies and wives of the B. of R. T. at the home of Mr. and Mrs. Gordon Miller, Front Street. An enjoyable time was spent in playing cards. Refreshments were served later in the evening. Mr. and Mrs. Miller proved ideal hosts.

ROMES BURGLARIZED

Provincial Inspector Wm. Louchie received a circular from Chief of Police Carey, of Newmarket, this morning conveying the information that homes occupied by Rev. Scott Howard, Thos. Jackson and Mrs. Jane Richard were entered by unknown persons on the night of January 27th. The Chief was unable to furnish any definite description of the thieves. Among the articles taken was a box containing \$12.00 in church money from Rev. Howard's home.

TWO CASES AT MADOC

Magistrate Cusment heard two cases this afternoon at the village of Madoc. A man named Bannister was charged with failing to provide the necessities of life for his family while another individual named Young faced a vagrancy charge. Crown Attorney Dougan was present while Constable Smith represented the Provincial police.

BIG DEMAND FOR TICKETS

Mr. J. O. Herby, Manager of the Chamber of Commerce, stated that the demand for tickets for the big get-together banquet at the Quinte Hotel tonight is the greatest in the history of the organization. Hon. E. C. Drury, former Prime Minister for the province of Ontario, arrived in the city this afternoon and will be the chief speaker at the dinner while the members of the County Council will be honored guests.

TWEED WELL-BEATEN

Stirling "Red and White" handed Tweed a sound beating last night by a score of 6-0 in a Trent Valley league fixture. The home team were by far the best throughout and the Tweed team were out-classed. The visitors were unable to break through Stirling's powerful defence while Don Morton played a sensational game in goal. "Bunny" Frechette of Belleville, handled the ball.

CHRIST CHURCH BANQUET

The men of Christ Church are holding one of their regular banquets on Friday evening, Jan. 31st, at 7.00 p.m. Professor J. Watson Bain, of the University of Toronto, will be the guest speaker of the evening and will speak on "Some developments in modern Science". While here Professor Bain will be the guest of Mr. and Mrs. J. F. Musgrave at Corbyville.

MOOSE EUCHE

An enjoyable euchre was held last night under the auspices of the Moose lodge at the Front Street auditorium. A splendid time was had by all and the winners of the prizes were: Ladies' 1st, Mrs. Slaughter; 2nd, Mrs. B. Ainsworth; 3rd, Mrs. Callaghan; Gentlemen's 1st, Mr. Hogan; 2nd, Mr. W. Graham; 3rd, Mr. John Yenes. Dancing commenced at ten o'clock with Reg. Brockhurst's Serenaders supplying music for the affair. The door prize, a one hundred pound bag of sugar was won by Mr. Jack Murphy.

ARM WAS FRACTURED

Max Drury who resides near Foxboro was brought to Dr. Robertson's office last night suffering from a fractured arm. It is understood that the young man was cranking his car when the accident occurred. He was brought to Belleville and Dr. Robertson, after reducing the fracture allowed him to return to his home. He will be incapacitated for some weeks.

TEAM ENTERTAINED

Queen's University Basketball team and the local Y.M.C.A. basketball teams were entertained last night to luncheon following their games. Afterwards members of the party furnished music for dancing.

BROKERS

Continued from Page One
able to seven years' imprisonment.

The Section reads: "Every person guilty of indictable offence and liable to seven years' imprisonment who conspires with any other person by deceit or falsehood or other fraudulent means to defraud the public or to effect the public market price of stocks, shares, merchandise, or anything else publicly sold, whether such deceit or falsehood or other fraudulent means would or would not amount to false pretence as herein before defined."

Five Big Firms

With the axes today officials and representatives of five large brokerage houses, all of whom are members of the Standard Mining Exchange, are now awaiting trial on charges of alleged irregularities in connection with the operations of their firms.

HURT WHILE PLAYING

A youngster by the name of Hill, Chatham Street, was injured while playing during the recess hour at Queen Victoria School today. The lad was in the yard playing games with his schoolmates and he fell on a sharp piece of ice injuring his thigh. He was taken to Dr. Faulkner's office where the wound was dressed. He was later taken to his home.

PROGRESS

Continued from Page One
made mention of the fact that contributions had increased \$1,100 over the previous year. The Church was in a very healthy financial condition, the net assets amounting to \$76,000.

The Treasurer, O. Church Schemes, Mr. Tompkins, in his report, pointed out that the Missionary gifts were \$300 over the objective.

The Sunday School attendance is steadily increasing under the capable guidance of Mr. A. D. Archibald. Under the expert direction of Leo Riggs, the Choir is among the city's best. During the evening Mr. Riggs entertained the gathering with selections on the new organ. Miss Leona Riggs and Mr. J. D. Banker delighted all with solos. This music was conveyed from the body of the Church to the Assembly Hall by means of an amplifier wired up by Mr. Carl Read.

The members returned to the Board of Managers were: R. H. Fulton, R. W. Adams, H. A. Ross and J. H. Legate. New members added to the Board were, Geo. Ferguson, Ross Robinson and Granville Sinclair.

The meeting closed with the Doxology.

DEATHS AND FUNERALS

SARAH CATHERINE WAY
Sarah Catherine Redner, beloved wife of R. G. Way, died Tuesday, Jan. 28th, at her home, York Road, near Trenton. The deceased was born in Rednersville 76 years ago and had resided in Murray Township for over 50 years. She is survived by her husband, one son, Malcolm, of Murray Township, one daughter, Mrs. Chas. Young, of Trenton and one brother, David Redner, of Rednersville.

MRS. LOUISE VANTASSEL
Louise Roy wife of J. Bruce Vantassel, of Trenton died in Kingston Hospital on Saturday. The deceased had resided in Trenton for some time. She is survived by her husband. The funeral took place from her late residence Tuesday afternoon. Services were conducted at the home by the Rev. C. B. Brethen, of Grace United Church. Interment took place in Evergreen Cemetery, Trenton. Bearers were, K. McKenzie, E. Derry, H. Sager, A. Sager, N. Woodward, A. Coombs.

MRS. HARRIETT LIDSTER
The funeral of the late Mrs. Harriett Lidster took place yesterday afternoon. Services were held at the Belleville Funeral Parlours with Rev. Mr. Merick, of Camilton, officiating. Bearers were C. D. Crosby, C. D. Wood, Morley Phillips, F. Walker, R. Peacock and W. Reynolds. Interment was made in Belleville Vault.

PERCY ALEXANDER THOMPSON
The funeral of the late Percy Alexander Thompson took place yesterday afternoon at 2.30 from the home of the 2nd Concession of Thurlow. Rev. Mr. Lyons conducted the funeral service. The bearers were T. Edson, A. Grentrix, Ted Howe, A. Babcock, C. Howard and W. Gray. Interment was made in Belleville Vault.

BISHOP

Continued from Page One
and his friends thought him well on the way to recovery until the news of his death was received this morning.

His Career

In more than a quarter of a century Bishop Charles Palmerston Anderson was chiefly concerned with the problem of enlarging his church and keeping pace with advances made in civic improvements.

Evidence of Bishop Anderson's success stands in more than a half a hundred new churches in Chicago and as many new rectories and parish houses, and more than double the number of communicants. Givings quadrupled.

He was keenly interested in church unity. He was president of the World Conference on Faith and Order and in 1929 made an extended tour of Europe. He was known as a builder and organizer, a man of excellent business sagacity but of a modest and retiring disposition always disdaining self advertisement.

Loved By All

A biographer said of him that he made little or no response to the pomp and mystery of priestly ceremonial. With perhaps more of force than gentleness in his make-up, he was loved especially by children and all who knew him. He attached great importance to preaching, which he did pre-eminently well and though making little appeal to the emotions he was deeply concerned with moral questions. He was democratic and kindly and a dominating yet self-effacing figure in any group or gathering.

Lover of Nature

He felt a great call to the outdoors spending his summers at his lodge at Wisconsin woods, tramping, reading fishing and studying out of doors. Frequently he conducted services in a chapel he built in the forest. He was a broad reader and deeply studied all world problems. He was a gifted writer, his "Letters to Laymen," "The Religion of Our Lord," and "Religion and Morality," were widely quoted. He regretted that pressure of work pre-

SMALL SUNFISH LOST LIFE IN INTAKE VALVE

A plug-up of the intake at the pumping plant a few days ago required the services of a Kingston diver. A small sunfish had got under the valve. It cost some money to find the cut, but it Chairman Delfor of the Water Committee has his way the valve will be movable so that anything that may work into it may be removed by simply raising the intake out of the water.—Comments the Kingston Post.

HARRY B. STOCK

Continued from Page One
eliminated. He deplored the state of affairs that exists at many fairs, and while he was in favor of legal games, he said it required for the directors to take a hand in keeping others off the grounds.

Mr. William J. Hill, of Madoc, spoke briefly on the necessity of satisfying the patrons of the fair. Mr. R. H. Ketcheson said that certain games of chance should be investigated and if illegal, the operators should be taken into custody. Mr. H. B. Stock moved a vote of thanks to Mr. J. Lockie Wilson for coming to Belleville for the meeting.

Honorable Billa Flint Took Charge of Service on 1st Sunday

One hundred years ago last summer a young man by the name of Billa Flint came up to the growing settlement at the mouth of the Mohr and settled down and made it his home. The story of his life is the story of the settlement known as Thurlow or Meyer's Village and eventually the City of Belleville. Mr. Flint was born in Brockville of New England stock and he and the Holtons and Holtons were the pioneer settlers of this fair city and district. The First Sunday Mr. Flint was found in the little meeting house on Pinnacle Street that had been started or built in the year 1818. He found a gathering of young people

one that the smallest exhibition not only were it not for act as a larger fair in proportion," he said in a question by a Hill, of Madoc, Mr. Wilson said, "considerable work had been accomplished in this regard since a committee reached the federal government years ago. Continuing he spoke of benefits from the ploughing match held at Kingston last year announced more of these events. He ended his remarks in order to make a game of their fair to prepare these lists early.

Midways are a deterrent why not imitate them from Toronto Fair asked Mr. Boyes, of Nanapan, "and do not think a fair could prosper without a midway of some kind." Mr. Wilson explained that he was not opposed to midways but rather the illegal form of entertainment. He said some games of chance should not be allowed. Mr. Wilson also said that the big Ontario exhibitions did not imitate them from Toronto.

A vote of thanks was passed to the Belleville City Council and the meeting adjourned.

TWO FAIR MAY PURCHASE PARK

Much Business Discussed at Annual Meeting of Tweed Agricultural Society

OFFICERS ELECTED

At the annual meeting of the Tweed Agricultural Society, held in the Council Chambers recently, a committee was appointed to advise the president, S. McCrea, Bowly and T. C. Graham to wait the Park Association in an endeavor to secure a reduction in the amount charged for the use of the grounds two days of the Tweed Fair, and that they were instructed to go into negotiations for the purchase of the property.

The treasurer's report showed total receipts to be \$1,934.34, expenditures \$2,004.39. There was a slight falling off in the sale receipts last year and the price had lowered an increase over 1928, this reflecting the balance on the work of the ledger.

This year an effort will be made to have all goods, intended for exhibition in the hall brought in on the first day of the Fair in order that judging may be commenced early on the second day and the hall open to visitors at noon. It was decided to again employ departmental judges.

The amount charged for the funds is \$200 and it was felt by some that the Society was paying too much for the Park Association for this privilege.

The President and M. Coulter were appointed delegates to attend the annual meeting of the Central Farmers Association to be held at Belleville January 29. Delegates to attend the Ontario Fair Association at Toronto on February 6 and 7 are S. McCrea and C. J. Brown.

The following are the officers for 1930: Honorary President, A. Mouch; S. McCrea, president; E. Manes, first vice president; J. L. McGowan, second vice president; treasurer, John Kingston; C. J. Brown, secretary; Directors: Dr. Bowly, G. Brown, W. E. Tammam, M.P., W. H. Craig, M.

J. L. McGowan and D. H. Morrison were appointed a committee to make a canvass of the district for new members, with a view to stimulating increased interest in the work of the Association.

FLIGHT SUCCESSFUL

Cardington, Jan. 29 (CP).—The dirigible R-100 returned to her home port shortly after 2 o'clock this afternoon after a successful endurance flight lasting 5½ hours.

THE ELOPEMENT

Bertha R. McDonald

Copyright, 1929, International Features Service, Inc.

Patience Crane was an incurable romantic. Her pretty head was all cluttered up with what Peter Robertson, her fiancé, was pleased to term "romantic nonsense." Peter himself was as devoid of the frills of romance as a problem in Euclid.

Peter, in his quiet way was very much in love with Patty Crane. He bore with her romanticism indulgently, much as he would have regarded a case of measles or mumps or any of those minor diseases from which one recovers quickly.

With all Patty's love for Peter, his matter of fact attitude toward everything bothered her not a little. He was in business for himself and doing very well. His people had a great deal of money, all of which would one day be Peter's and they idolized Patty. Patty's parents also, were financially well grounded and already regarded Peter Robertson as their son.

All of this prosaic, humdrum manner of heading straight toward an old fashioned, conventional wedding was almost more than Patty's romantic soul could endure.

"Peter," she said suddenly, one evening when her fiancé came to discuss the manner of their setting up house-keeping, "will you elope with me?"

"For the love of Mike why?" returned her astonished fiancé.

"Because I'm afraid if you don't we'll be torn from each other's arms," she replied, gazing soulfully into Peter's honest gray eyes.

"Well," sighed the girl, "Dad and Tom further have been closeted together securely for ever so long on several occasions lately. You know I once was engaged to Tom. What if Dad should force me to marry Tom after all?"

"How ridiculous! You're the best ever, Patty. When it comes to thinking up impossible situations. You ought to write. You know your father is Tom's guardian. They've plenty beside you to discuss. Has either of them said anything to justify your suspicions?"

"No," admitted Patty somewhat reluctantly, "but something tells me there is conspiracy in the air. Oh Peter! Listen to me just this once—please! Do let us take our destiny into our own hands and fly to some sweet, sequestered nook, where we can plight our marriage vows away from the howl and roar of all its tiresome conventions."

"Great Scott, Pat!" protested the bewildered Peter. "What in the world ails you? We're to be married in less than two months—you set the date yourself. When did you get this elopement bug anyway?"

Patty began to weep softly. "It's just as I feared," she choked. "You don't love me any more and my heart is broken!"

In the manner of true love, Peter and Patty adjusted their differences and Peter left, expecting to hear no more about an elopement to some sweet, sequestered nook but he reckoned without his Patty. For weeks afterward this betrothed pair never met that Patty did not bring up the subject in some way. There were more tears, more suspicions, more reproaches until finally, when the day of their wedding was only a few weeks off, Peter agreed that perhaps it would be best for them to elope.

This Great Healing Oil Must Banish Eczema and Skin Troubles

or your money back

Make up your mind today that you are going to give your skin a real chance to get well. Never mind what caused it—you've probably been like a lot of other people, convinced that the only thing to use was an ointment or salve (some of them are very good), but in the big majority of cases these sticky salves simply clog the pores, and the condition primarily remains the same.

Go to Dolan, The Druggist, or any good drug store to-day and get an original bottle of Moore's Eucalypt Oil (full strength).

The very first application will give you relief, and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past.

One bottle we know will show you beyond all question that you have a last discovered one sure way to restore your skin to perfect health.

Remember that Moore's Eucalypt Oil is a clean, powerful, penetrating, antiseptic oil that does not stain or leave a greasy residue, and that it must give complete satisfaction or your money cheerfully refunded.

"What date will you set for the adventure?" he asked, with his customary matter-of-factness.

"Oh, don't let's set a date!" said Patty. "Let's just elope can't we?"

"Can't be done," replied prosaic Peter firmly. "I've been studying up on this elopement business and I find there's always a definite date set for the lover to appear under the young lady's window—a high window—and catch her as she falls down a rope ladder or something. I hope you aren't going to insist on the attic window, however, nor a rope ladder. Your dog Buttons might suddenly decide to consider me an interloper instead of an eloper and interfere with my holding the ladder for you."

Patty could have sworn she heard Peter chuckle but she looked up, he appeared to be as sober as a judge. "I say, Patty," he went on thoughtfully, "won't you let enough modernity into this affair to fly with me in new roadster I'd like to give you for a wedding present? I know a dandy place in the hills where they serve the best fried chicken you ever ate. We'll start early and stop for the license and—"

"Peter Robertson! How like you to think of prosaic things like fried chicken and licenses and things, just when I was beginning to get a thrill! Oh well—I suppose I can't have everything and a new roadster—all my own—and—"

"All right then," interrupted Peter. "We'll be married by some convenient, available person near this inn, and have our wedding breakfast there while we wait for parental forgiveness. Meet me at the drug store down the block at half past nine sharp next Tuesday morning."

Peter's brisk, business-like manner had a way of denaturing the most romantic proposition but when he added, "Now don't let a soul, it's a dark secret, let anybody find out and we're lost!"—then Patty brightened up and rewarded his excursion into romanticism with a deluge of kisses.

The day and hour of Patty's elopement arrived; she was at the drug store in time and Peter was waiting for her in a stunning roadster which warmed the cockles of her girlish heart at once. She insisted that for this first trip he do the driving. At first, as they bowled along the pleasant country roads, Patty was an animation but as the city was left farther and farther behind, she began to grow thoughtful.

"Peter," she ventured at last, "do you think we are doing right?"

"Why not? It was your own idea."

"I know it was," admitted the girl, "but come to think of it, perhaps we'd better not go on after all."

"We can't disarrange things now. I've ordered the parson and the wedding breakfast by telephone. We'll have to go on, that's all."

"Oh but I can see now just what a wicked, silly girl I am! Please take me back, Peter dear!"

In spite of her commands, her tears her pleading, Peter remained obdurate, insisting that they must go on with this elopement. When they finally reached the inn, Patty was red-eyed from weeping and very rebellious as well as unromantic as to temperament. She had not spoken to Peter for several miles back, except to assure him that as soon as she came in contact with a telephone, she would call her father to tell him she had been abducted by a villain. Peter assured her that that was perfectly all right with him and sank into a silence all his own.

When they got out of the car, Patty proceeded at once to the inn, while Peter remained behind for a moment or two to see that everything was all right. As Patty ascended the steps of the broad veranda, she noted a man arise from a comfortable rocking chair and come rushing toward her. He was almost in front of her before she recognized that it was her father.

"Everything is all right, but darling, the parson is here and the breakfast will be ready by the time we are," the good man told her. "Your mother and Peter's folks are right over there and we've brought along your chum and Peter's cousin for bridesmaid and best man. Everything is so romantic it makes me want to be young again."

"Just a minute, Dad," she said in a hard, dry tone. "I've got to see Peter." Back down the steps she hurried out to where her fiancé was still fussing with the new roadster.

On The Air

We are sure that everyone who lis-
tened in last night thoroughly enjoyed
the program. First there was the
Westinghouse salute and the musical
selections were certainly outstanding.
Then the Palmolive Hour, which in-
cluded a varied program came up to it's
usually high standard. The reception
was excellent and left nothing to be
desired. Let's hope it's the same to-
night.
Now let's see what can we recom-
mend for to-night's enjoyment. Well
first of all come Amos 'n' Andy. We
won't linger to discuss this part of the
evening's entertainment for we are
sure you are good friends with the
two coloured comedians. Next come
the Canadian Eveready Hour which
will be heard over Station CKNC at 8

WES. GRAY HEADS
AGRICULTURE BD.
IN COUNTY BODY

James A. Moore Named
Chairman Roads
and Bridges

N. HASTINGS SCHOOLS

Yesterday afternoon's session of the
County Council was taken up for the
most part by reports of reports and
the appointment of the Standing
Committees for 1930. Several insur-
ance men were heard by the Council
with regards to the placing of Road
Liability Insurance and also with the
changing of the bonding system as at
present provided to a qualified fidelity
bonding company.

The Finance Committee for 1930 it
made up of the following, W. Morton,
Chairman; Ernest Brown, C. W. Mal-
ley, J. M. Anderson, W. H. Rogers, T.
E. Laycock.

Roads and Bridges—James A. Moore,
Chairman; R. M. Mitchell, George
Stokes, A. McKinney, N. Gilroy.
House of Refuge—U. A. Hubbell,
Chairman; G. E. Arnot.

Agriculture—W. Gray, Chairman;
Chas. Burlanget, Wm. Stiles, J. J.
Bronson, Chas. Thompson, F. N. Mar-
rett, G. E. Jordan.

Publicity—R. C. Brett, Chairman; E.
L. Reid.

Administration of Justice—Walter
Whytock.

School Inspector McGuire of Center
Hastings then gave his report, which
is, in part, as follows.

In the inspectorate of Centre Hast-
ings there are 70 rural schools and 5
of public schools, 8 of the rural schools
are two room schools. In all the vil-
lage schools there are 22 class rooms.
There are 100 teachers in the public
schools of Centre Hastings. Fourteen
teachers have first class certificates
and all others have second class cer-
tificates.

Each school during 1929 was twice
visited and made efforts to meet the
trustees to discuss matters relative to
the schools and all welcomed any dis-
cussion.

On November 6th a convention of
all the trustees and secretaries of Cen-
tre Hastings was held in the United
Church at Madoc. Reeves of munic-
ipalities were invited also all school
officers. The sessions in the after-
noon and evening were largely attend-
ed. Mr. V. K. Greer, chief inspector

of public schools, and separate school
and Dr. McDougall, Provincial school
attendance officer gave addresses. A
trustee Association for Centre Hast-
ings was formed and officers elected.
In September 1929 a forward step
was taken in the schools of Centre Hast-
ings by the introduction of the teach-
ing of music by a special teacher who
visits each school once a week. This
is carried on in only 23 schools. To
encourage the teaching of music in
rural schools the department of edu-
cation gives a grant of \$30 to each
school where music is taught by a
special teacher.

Two new schools should be built in
certain sections this year.

In regard to 5th class work twenty
pupils are taking fifth class work in
four schools. All of these schools will
be eligible for the grants given by the
department of Education.

Some irregular attendance in some
school sections and it is a hindrance to
good progress in the school.

Last June 235 candidates wrote on
the entrance examination and 190
secured certificates or in other words
80 per cent of the number of candidates
were successful.

A total enrolment in all classes last
June was 2512, hence 75 per cent of
the number of pupils enrolled passed
the entrance examination.

School Inspector James Colling of
North Hastings also gave his annual
report to the Council yesterday after-
noon.

He noted several encouraging fea-
tures, among them being that salar-
ies for teachers in the northern
schools are getting better each year.

Some formerly. The average length of
service at present is three years, while
five years ago a teacher usually stay
only one year.

The school buildings compare favor-
ably with those of Centre and South

McINTOSH BROS.

Hastings, most of the schools having
been remodelled without too much
den on the ratpayers. Several schools
are fitted with chemical closets, which
are a great boon to the kiddies.

At the end of 1929 there were 10
first class teachers, 47 second class
teachers, and 2 permanent third class
certificates. Not so long ago, 75%
of the teachers were on temporary cer-
tificates, so it can be seen that a won-
derful change has taken place.

One thing in which Township Coun-
cils could help greatly would be in at-
tendance. Many attendance officers
still look on their position as merely
honorary, with resulting discourag-
ements to the teachers.

A letter was read from the govern-
ment that the County Council has not
the authority to prohibit the setting
of snares in the County, but the Coun-
cil can make representation to the pro-
vincial department to have Hastings Coun-

ty included in the counties which are
covered by the Provincial law.

Another communication was read
from the Canadian National Institute
for the Blind asking for their regular
donation increased by twenty-five dol-
lars. This was passed on to be dealt
with in committee later. Another let-
ter was read from the Hospital for
Sick Children also asking for aid.

Three former Wardens of Hastings
County, Dr. A. T. Embury, M.P.; C.
Rollins and W. E. Wiggins, as well as
Clem H. Ketcheson and Arthur Burke
who are former members, were invited
inside the bar, along with Mr. Charles
Vanderwater, a former reeve of Sidney.
All spoke briefly, congratulating the
new Warden, Col. Roscoe Vander-
water, on his success, and wishing the
County Council all success for the
year 1930. Council then adjourned
until this morning at ten o'clock.

Vishnu Kareendek admits taking
a report on the Simon's Commission
which he sold to a London paper.

R. M. Moore, of Ridgeway, recent-
ly celebrated his 90th birthday.

No More Piles

Pile sufferers can only get quick,
safe and lasting relief by removing the
cause—bad blood circulation in the
over bowel. Cutting and salves can't
do this—an internal remedy must be
used. Dr. Leonard's Hem-Roid, a
harmless tablet, succeeds because it
relieves this blood congestion and
strengthens the affected parts. Hem-
roid has a wonderful record for quick
and lasting relief to Pile sufferers.
It will do the same for you or money
back. J. S. McKewen and druggists
anywhere sell Hem-Roid with this
guarantee.

SPORTING SECTION

MAROONS FADED BADLY BEFORE A SPIRITED ATTACK BY QUEEN'S TEAM

Locals No Match For Students in Game at Jock Hart's Arena

SCORE WAS 6-1

Morris Played Very Brilliant Hockey—Jeffery off Color

Belleville Senators broke in front in their game with Queen's University last night in Kingston by scoring a goal in less than a minute from the commencement of play and immediately their offense and defense collapsed and Queen's ran in six counters through the hour's play. By the Queen's is still in the running for group honors and Belleville will be lucky if they can arrive at a play-off position. That game last night meant a great deal to either team and Belleville was outplayed on the night. At no time after the first minute were they to be reckoned with. The score would not have been as large had it not been for the fact that Belleville sent all players excepting the goalie and a defense man to the attack starting the third frame and once they beat the cordon out in front it was an easy matter to work in close to Jeffery.

The first period of the game was the best of the three and had Belleville showed the same aggressiveness in the middle chukker as they did in the third, the result might have been different. No alibi is needed for the defeat but certainly Morris. In goal for the Tricolor, was lucky in the third frame that no goals were scored against him. For minutes at a time the Maroons bombarded him from every angle, on some he made nice saves and on others the rabbit paw in the back pocket saved the bacon. The defense of the Tricolor beat Belleville last night. T. Squires and Murphy recently graduating from Junior hockey are big strong lads with a fine burst of speed and particularly brilliant defensively. Squires is crude in his method of stopping the play and is also a little hot headed and this fault took him to the penalty box for three trips in the third frame. Murphy is

shoot at Gibson scored the last counter when he went in all alone after breaking from his own area with Belleville players all clustered about. The game was rough in spots but McLenhauer held it well in check.

THE LINE-UPS

Belleville	Goal	Queen's
Jeffery	Defense	Morris
A. Weir	Defense	Squires
M. Green	Centre	Murphy
H. Canning	Centre	McDowall
Hagerman	Wings	Patterson
Scott	Subs	Gibson
Rorke	Subs	Atchison
Whalen	Subs	Morin
J. Canning	Subs	Sheppard
Referee	A. Mollenhauer	

SUMMARY

First Period:	Belleville, Hagerman, 55	Queen's, Gibson, 4:40
Penalties:	Belleville, Whalen, M. Green; Queen's, Gibson	
Second Period:	Queen's, Gibson, 9:10	Queen's, Patterson (McDowall), 4:20
Penalties:	Belleville, Scott, Whalen	
Third Period:	Queen's, McDowall, 18	Queen's, McDowall (Murphy), 17:30
Penalties:	Queen's, Gibson, 1:00	Queen's, McDowall, Squires, 2
	Belleville, A. Weir, Hagerman and Scott	

DOUBLE-HEADER IN CITY LEAGUE

Two Real Fast Games Are Promised at Arena on Friday Night

Two games will be played in the City Hockey League tomorrow night and the fans are due for a splendid evening of sports. In the first encounter the Alemites will clash with the Corbyville squad. The Alemites boys are favorites to win this game although it is reported that the Clacoe are quite confident that they can take the east-enders into camp. The Alemites is represented by a strong team including Graham Cook, late of Brockville in the nets, and Art Young hard-hitting defence man. Stan Hagerman, Harold Buck, "Hoo" Gibson and a number of others. The Clacoe got off on the wrong foot but they are out to make amends for that defeat on Friday night.

In the second game of the double-header with the Canada Cement and this bill the Finkle Electric will hook game shapes up as one of the tit-bits of the season. The Cement team lost their first engagement but they are out to hand the Finkle team a good trimming on Friday. The Electric boys look almost good enough to take the laurels in the City League but the Point Anne crowd hope to put a crimp in their aspirations. Fans who want to see some real action should not miss these City League games tomorrow night.

QUEENS LOST TO "Y" BASKETEERS

Score was 46-34 at Y.M.C.A. Association Building Last Night

Queen's intermediate O. B. A. A. basketball team went down to defeat last night at the hands of the Belleville Y's Men's Club on the local floor by a 46-34 score. The Belleville team was superior on the night's play, and clearly deserved the verdict, although they were four points down going into the second period.

Queen's started out with a rush, scoring their first basket within ten seconds of the tip-off. The teams came back strong, however, and basket after basket came with monotonous regularity as the teams battled it out. When Queen's reached the sixteen point mark, however, and Belleville was at fourteen, the Y's club opened up a scoring barrage, and while Belleville was getting two points, they got six. The first period ended 16-16.

The Belleville forwards got their eyes on the basket in the second, and from then on, Queen's slowly faded until they were twelve points down at the end.

Hamlin and Findley were outstanding for Queen's, while all the Belleville team played consistent games. Davidson, White and McFee showed up well, while Armstrong, Weir and Faulkner, the real forward line, looked good while they were out. Al Waters and Harold Buck held down the defensive end of the postgame in fine shape. Dr. Gibson, of this city handled the whistle.

Line-ups:

Queen's—Farnum, Tuck, Hallett, Findley, Hamlin, Teffer, Jamieson, Muir, Rose.

Belleville—White, Davidson, Walters, Buck, Armstrong, Faulkner, Weir, Referee—Dr. Gibson, Belleville.

Y. M. C. A. BOWLING

The Ladies' Afternoon League game resulted in a real battle between the Hustlers and Arenas, before the latter, a new team in this league, succeeded in taking three points out of four. Nice singles were Mrs. Campbell 175, Mrs. Gossline 160, Mrs. Dorman 174, Mrs. McFee 170. High bowlers were Mrs. McFee, for Arenas, and Mrs. Campbell for Hustlers.

Last week's lucky number winners, omitted Monday were ladies: Miss Frances Scott; and gent: Mr. E. Darrach.

The Teachers' League game brought Albert College and O. S. D. together, and on what a tussle before O. S. D. came out with four points. The only string in which they had a comfortable margin was the first which they won 695 to 536. The second they took by only 4 pins and third by 14 pins.

The photographs here show R. F. Seyd (left) and B. S. Lillie (right), senior art students, of McMaster University, who upheld the resolution "That this house deplores the granting of conventions in a debate at Orie Memorial Hall, Toronto, with mem-

HOLSTEIN CLUB WILL HOLD SALE

April 2nd Consignment Sale of About Fifty Five Head

Belleville District Holstein Breeders' Club, at the annual meeting held in this city on Wednesday, decided on a consignment sale to be held in this city on Wednesday, April 2nd when it is expected fifty-five head of cattle both male and female, will be offered on the auction block. Thomas Weiser, agricultural representative for the County of Prince Edward, urged the breeders to have their stock in first-class condition, to eliminate any culls from their herds. He pointed out that buyers have always looked to this sale for high standard stock, and he advised the consignors to keep up the

Miss Hitchen.

All the reports for the Christmas exams should be handed in to the form teachers before Thursday so that they will be ready to hand in to Mr. MacLaurin before the end of the week.

The hockey match between the Collegiate and Albert College that was to come off at seven o'clock Wednesday night at the Arena was postponed indefinitely. This will give the boys a chance to do some more practicing.

Wednesday morning at the opening exercises Mr. MacLaurin made a slight change in the programme. Instead of sitting down at the reading of the text the pupils are to stand and to remain standing until after the morning hymn and to sit down when the announcements are read.

Mr. MacLaurin read out a list of names of all the pupils who failed to pay the fee for having their lockers opened. All the pupils whose names were read out had to report to Room 301 at four o'clock.

The second debate in the series of debates was held in the Library at four o'clock on Wednesday. A large number of students were present. The subject of the debate was "Resolved that the Air offers more hazards than the Road." The debate was between two vocational classes. The debaters on the negative side were Marjorie Hudson and Martin La Rue and on the affirmative side were Sidney Samuels and Percy Marvis. There was quite a discussion about the subject and the judges finally decided on the affirmative side. The judges were Mr. Hill, Mr. Ferguson and Mr. Bense.

Collegiate Chatte

(By J. M. C.)

Tuesday morning Mr. MacLaurin read out the names of the pupils on the Elevator staff. A meeting of the staff was held Tuesday night and a number of important points concerning the Elevator, the school magazine, were discussed.

Prizes for the best articles and stories were decided on at the meeting of the Elevator staff and Mr. MacLaurin read the list out in the Assembly Wednesday morning. The stories, etc., are to be handed in to

CANADIAN PORTS UNDERGO CHANGE FOR MORE TRADE

Exports Exceed Imports By \$50,000,000; Trade Necessitates Expansion

Toronto, Ont. (By The Canadian Press)—With facilities taxed during the past year to the very utmost, and prospects that the volume of Canadian trade will continue to increase, tremendous activity is now going on in Canada's major seaports. Plans for increased capacity and for the complete remodelling of some of the harbors are being carried out, and the next few years will see still greater steps being taken.

The improvements now under way are more than necessary, for in 16 years the Dominion's trade expansion has far surpassed the most optimistic estimate of 10 years ago. During 1929, imports from the port of Montreal reached the stupendous figure of \$245,517,933, as compared with \$145,629,791 in 1913. Exports for last year were \$235,287,995, while for 1913 they were a mere \$73,157,247.

Through Canada's five principal gateways Montreal, Vancouver, Saint John, N.B., Halifax, N.S. and Quebec, goods valued at \$378,846,792 were brought into the country. Meanwhile, the balance of trade in favor of the Dominion, a total of \$430,824,204 was shipped out.

Montreal, in the total of business handled, now ranks second to New York among American ports, although the harbor is open only eight months in the year. Vancouver, on the other hand, has made still greater strides and is now the leading port of the Pa-

cific Coast. Naturally, with the tremendous improvements necessary to bring the Canadian seaports up to their proper place expenditures have mounted up very importantly. In 1928, a total of \$14,000,000 was voted by parliament for harbor commissions in Quebec, Saint John and Halifax. Quebec received \$8,500,000 at that time, while \$5,000,000 went to Saint John and \$500,000 to Halifax. All this money is not yet spent, but is being expended upon programmes of improvement and enlargement. More recently, \$27,000,000 was voted, of which \$8,000,000 is for Vancouver, \$10,000,000 for Montreal, \$5,000,000 for Halifax, \$2,000,000 for Three Rivers, and \$2,000,000 for Chicoutimi. Two years ago, this last port received \$2,000,000 for improvement.

Programmes have been drawn up for the expenditure of these moneys, but it is clear this will by no means carry out the complete plans, and each year further appropriations will have to be made to provide for handling of increased traffic.

At Montreal, the greatest program of expansion in history is now under way.

Before the 1930 season opens, the east end of the harbor will be completely changed. Three new piers, larger than any at present existing will be constructed. Three shipping berths will cost \$2,000,000. The electric railway system in the harbor limits will be extended at a cost of the same amount. Grain conveyor systems, berthing facilities and other improvements will cost in the neighborhood of \$4,000,000 before they are finished. Already, 15,000,000 bushels of wheat can be stored in the tremendous elevators which form an imposing skyline, but still more additions are planned.

Quebec has ceaselessly sought a greater share of the handling of general Canadian business and anticipated for a revision of the railway tariff which it felt discriminated against it. In the fall of 1927, the Board of Railway Commissioners remedied this condition by according Quebec the same rates on grain for export from Georgian Bay ports as to Montreal, and on all traffic from Toronto and points west for export.

As a result, a decided improvement has been recorded in recent years. In 1928, imports declined slightly, but exports went up nearly 50 per cent. In that year, 11,063,761 bushels of grain were handled. Elevators there now can accommodate 4,000,000 bushels, with conveyors, marine towers and grain galleries. In addition, a cold storage warehouse, with the main building having a capacity of half a million cubic feet, and a fish house equipped for the freezing of one million pounds of fish, has been constructed. By fall of this year, four berths for the largest type of passenger steamers; two additional berths for large ocean freighters, and two berths for canal sized vessels, will be completed. Canada's principal winter port on the Atlantic, Saint John, ranks third after Montreal and Vancouver in the

HOME OFFICE Newark, N.J.

total volume of traffic. Fifteen coast-wise lines and twenty overseas steamship companies operate from the New Brunswick City. Direct steamship service from Canada to the British West Indies has contributed a considerable share of the traffic.

Ten million dollars will be spent on the port. Among the improvements scheduled are the construction of a grain conveyor gallery; a grain jetty; a pier equipped with fireproof sheds and shipping offices; one grain elevator of 2,400,000 bushels capacity; and

the necessary railway tracks, roads, ways, sewage, and water supply.

Halifax has increased its shipping tonnage by 100 per cent, and that in the last five years. Out of the latest appropriation, a million-bushel grain elevator will be built, the construction programme is one of very general nature, and some sorely needed improvements are planned.

The greatest stride of all, however, is that made by Vancouver. The west coast city has progressed by leaps and bounds; and ceaseless activity has been required to cope with the increasing trade. Elevators at this port will now hold 12,000,000 bushels of grain, and the harbor commission is planning to add 7,500,000 capacity to its own three elevators. A new ocean pier will cost \$3,500,000; wharves for vessels in the coastal service will add \$1,500,000 to the bill.

Fifty steam ship lines ply out of Vancouver. Imports from 35 countries pass through, for distribution in Canada and the United States. In seven months

years, 1921-1928, Vancouver's export increased by 200 per cent and its vessel tonnage by 160 per cent. In 1919, not one bushel of grain was handled there; in 1928, slightly less than 100,000,000 bushels were handled.

The appropriations voted for Three Rivers and Chicoutimi are typical of what is happening on both coasts of Canada. Greater exploitation of raw resources and growing industrial activity have made improvements at these points necessary.

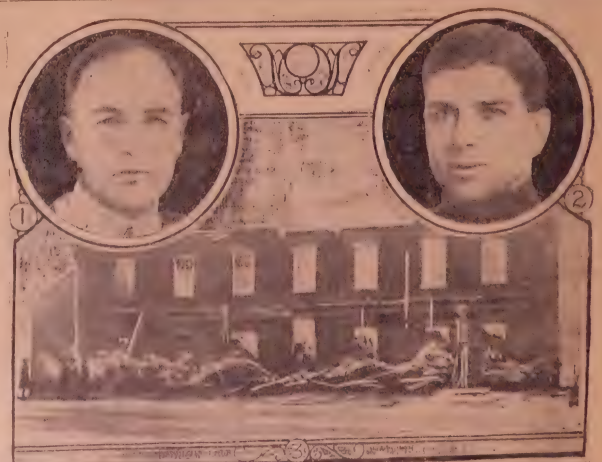

The tremendous increase in exports and imports during the past 16 years has not been spectacular. It has come about through the steady, consistent expansion of trade, and soon Canadian ports will occupy a much higher place in world ranking.

UNMARRED RECORD AT DELORO PLANT

Marmora, Jan. 27.—Having passed through a year marked by no compen-

sable accidents and with only eight minor accidents on the plant's safety record, it was only natural that high spirits should prevail at the fifth annual meeting of the Deloro Safety Committee which was preceded by a sumptuous banquet and the regular monthly meeting at the Hub Dining Room.

The regular monthly meeting followed with R. A. Elliott presiding. Correspondence was read from the Workmen's Compensation Board, the Department of Mines, and the Ontario Safety League, congratulating the committee on their work as revealed in the prize-winning papers submitted in the contest held a few months ago. J. Rice reported one suggestion being received in the month. J. H. Hemphill reporting for the competitive committee mentioned an award being given for the suggestion received. He also mentioned that the flag had been awarded to the Silver Plant while the star is retained by the Oxide Plant.

four mills, Norval, Ont., whose history dates back over 100 years, were completely destroyed upwards of 100,000 bushels of grain stored in the plant fell prey to the flames. The loss on building and contents may run to \$200,000. The pictures show: (1) Norman Brown, who rushed through a window in the office and rescued the manager of the plant, W. G. M. Browne, after he had collapsed in a dramatic attempt to save the office records from destruction. (2) W. G. M. Browne, 35-year-old manager, and son of the president of the plant, who rushed through 200 yards of ice and snow in his bare feet and, after shaking off five men who tried to hold him back, dashed into the blazing building. In smothering the glass in the window with his bare hand, he recovered a deep gash on the left wrist. (3) The ruins of the main plant after the flames had gutted it.

"Oh, I don't have to worry about Stephanie. She'll be true to me to the last ditch."

Mrs. Carstairs' lip curled with contempt for Ralph, but she was watching Rod. His startled movement, the glimpse of his face, as he darted that glance at Ralph, set her wondering. Was it possible that Rod didn't know Ralph's status at "Fairfields?"

Had Rod dared to lift his eyes to Stephanie? Was Rod, the hired man, smitten with Stephanie's youthful charm and prettiness?

She said, with a shrug:

"You know, of course, that Norman Platt proposed to Stephanie—before you came here, naturally?"

Ralph stared in astonishment.

"Oh, I say. No, I didn't know. But why it's awfully sporting of him to be so nice to me, after I spoiled his chances, isn't it?"

Mrs. Carstairs thought: "You stupid fool! You deserve all that's coming to you!"

CHAPTER XLIII ILL-WILL

Stephanie had gone to the woodland with Rod to transplant ferns for the winter fernery. She loved the cool, fragrant shadows; the long aisles of hickory, elm, oak, and maple; the pungent scent of the rustling leaves that covered the ground like a crisp, brown carpet.

The afternoon was still warm, but the crispness of autumn was in the breezes that stirred the leaves overhead; one or two, already yellowed, drifted down and settled on Stephanie's shining head. Her cheeks were prettily flushed as she bent to her task, cooping slender, feathery plants into

her basket.

Rod, who was clearing aside dead leaves and vines to facilitate her work, paused now and then to give her a surreptitious glance which he was careful she did not see.

A sudden dustling in the leaves caused them both to look up. A slouching figure, carrying a shotgun, was visible through the trees. It shied away quickly at the sight of them, but Rod, with a muttered exclamation, strode after it.

"Hi, you!" he called to the trespasser.

In a few yards, he had caught up with the other man, who waited sulkily.

Stephanie could not catch the words that passed between them, but their voices were raised angrily.

Finally she saw Rod turn away impatiently, calling back over his shoulder:

"It's my last word. You can't say I haven't warned you. You'd better watch out!"

He returned to Stephanie, an angry flush on his face.

"I hope I didn't alarm you, Miss Stephanie. He is Tony's worthless son-in-law. He's a poacher. We've had words before. If I catch him shooting out of season again, I'll have him up before the game warden."

"What does he do for a living, Rod?" asked Stephanie.

Rod shrugged.

"Nothing—as far as I can see. Looks to me like he lived off of Tony."

"He's a disgusting brute!" declared Stephanie indignantly. "He whips poor little Carlotta until she is black and blue. I don't see why her mother doesn't do something about it."

Rod shook his head.

"He's got the girl eating out of his hand. I don't know whether it's love or fear. She won't listen to a word against him. Funny, 'cause he's nothing but a selfish, lazy bum. And he has a fiend's temper."

"I've tried to befriend little Carlotta," said Stephanie, "but they seem to resent it."

"Better leave them alone, Miss Stephanie. They're bad trash."

"That's what Mrs. Carstairs advises," laughed Stephanie, "but I'm not in the least afraid of them. If old Tony hadn't been here during Mr. Hammond's time, I'd send the whole bunch of them packing."

"I wouldn't get their enmity, if I were you, Miss Stephanie."

"But you have it already, haven't you? That man looked as if he'd like to kill you."

Rod shrugged indifferently.

"I've made a good many enemies in my time. It doesn't worry me any."

"You're a strange character, Rod," said Stephanie thoughtfully. "You talk like a man who has ceased to live, who has no ambition, no hope of the future."

Rod bent over his work. He made no reply. After a moment Stephanie found herself flushing. She felt that she had met with the curtest rebuff of her experience.

Rather haughtily, and in silence, she gathered up the last ferns and returned to the house.

"You deserved it, you little fool!" she told herself furiously. "What's come over you that you show such curiosity about him—a hired man?" But she knew in her heart that Rod

An Announcement Of Interest to BELLEVILLE MOTORISTS

A new and important service to the discriminating motorists of Belleville and vicinity
... with four great General Motors cars grouped under an experienced management...
is announced in the appointment of

MAJOR MOTORS

125 Front St. Belleville

Authorized Dealers for Oldsmobile & Viking Cadillac & LaSalle

A special display of three fine motor cars will open in the showrooms of Major Motors Saturday, February 1st, and continue for one week. You are cordially invited to come and see these models which exemplify today's highest standards of craftsmanship... beauty... and value....

Mr. N. S. Jones, proprietor and general manager of Major Motors, has previously been associated with General Motors of Canada, Limited. His expert knowledge and experience... backed by modern and adequate service facilities... should prove of direct benefit to the motoring public.

The widespread preference for the Oldsmobile Six has been one of the outstanding features of the automotive industry. In the 1930 Oldsmobile are retained the proved fundamentals of skilled engineering and added to them are refinements which emphasize Oldsmobile leadership.

Viking has introduced a V-eight engine which makes possible exhilarating performance hitherto confined to much more expensive cars.

For those who demand superlative excellence, the 1930 Cadillac and LaSalle fully answer every motoring requirement. Beauty is emphasized in a wide range of brilliant models. The ultimate in craftsmanship is reflected in the coachwork and unusual appointments. And no engineering is more skilled... more advanced... than that of Cadillac built cars.

Special Display at the Showrooms of Major Motors February 1st to 8th

FASHION FLASHES

By Alice Alden

The Eternal Triangle is again to the fore in the form of triangular-shaped chiffon handkerchiefs for evening wear. These are of black, red and white, or brilliant prints stencilled on a black ground. The three-cornered shape is especially welcome because when one corner is tucked into a brace belt or tied about the wrist, all bulk and untidy ends are eliminated.

Bags contain the newest conceits of fashion. The latest bags for Spring are of soft pastel shades. Designed for sports wear is a pouch bag of pale blue handknitted angora with a matching suede frame. The handle is of metal with matching knobs. The same metal is used for the pendant monogram. Another bag of blue felt has a crystal frame and matching monogram.

HAPPINESS IS BEST WHEN SHARED

The best thing that life can give us are the things we share. The very best of all things are those which must be shared in order that they may exist at all.

There appears to be a notion that

was no servant. Fugitive from justice; adventurer with a disgraceful past; soldier of fortune—whatever he was, he had once been a gentleman.

"If it wasn't my own fault for deliberately courting a rebuff," she thought, "I'd discharge him and have done with it!"

But how could she retaliate? She had brought the thing on herself.

Later that night, however, she chanced to see something which made her decide definitely to give Rod his notice at the end of the month.

THE OTHER MAN'S LIFE

The other man's life looks always bright
And fair as a Summer sky.
For every choice he may make seems right
To the casual passer-by.

The other man's steps are timed to mirth
And set in a sunny path;
Little he knows of the cares of Earth,
Its envy and hate and wrath.

So each man cherishes secret trust
In the joy of the other's way.
And each one feels life is wholly just
To his brother, day by day.

And each brother clings to the self-same thought.

Holds the other man free from pain,
And thus is the magical circle wrought.

Swinging back to its source again!

—Alice Michaels.

giving is liable to impoverish. This, however, is true only when the giving is unwise, for there is an art in giving, just as there is an art in receiving.

Not all receiving incurs obligation. When receiving is accomplished with understanding of motive and spirit as well as with gratitude it acts as fulfillment to the impulse of the giver and thus a graceful, beautiful action is accomplished whether the gift of itself happens to be a thing of material value or a helpful word or a smile.

"Love that is hoarded moulds at last. Until we know some day
The only thing we ever have
Is what we give away."

"And kindness that is never used,
But hidden all alone,
Will slowly harden till it is
As hard as any stone."

Love and kindness—the two qualities which are behind and around and through every good gift and which are of themselves the greatest of all gifts!

How many times have you treasured some little token which was in itself of no value whatever because of the wealth of love and kindness it brought you?

And how often have you put aside some costly thing because it lacked both love and kindness?

Remember the vision of Sir Launfal: "The gift without the giver is bare." When the giver gives himself in love and kindness the gift will be rare indeed.

THE BEAUTY BOX

By Helen Follett

That woman who disapproves of almost everything that any other woman says or does, reveals her disposition in the severe lines of her mouth, by pulling the lips close to the teeth, drawing down her chin, holding her head rigid. She develops the kind of a face that one loves to push, though as a matter of fact one doesn't do it; one just wants to. Ladies of a critical trend should be careful and not carry an expression of condemnation and superiority. The expression dignifies, it sticks, and it is not pretty. Not

Start the baby daughter along the beauty way. It will mean a lot to her when she's a bonnie lassie. See that she brushes her teeth nightly and morning. Cultivate in her a fastidious regard for cleanliness and fresh garments. Select for her the style of shoe that won't cramp her little toes.

Skin has business to attend to. It sends off poisonous vapors of which the body must be free. It pours forth oil to keep the epidermis soft, smooth and pliable. It has a good deal to do with retaining the normal heat of the body. All the time it is casting off used cells and building new ones.

CHINESE CELEBRATE CANADIAN YEAR.

Belleville Chinese have no desire to celebrate old time Chinese new year, said a story yesterday in the press.

In some cities the Chinese population marked the event but Belleville has the quality of making its newcomers feel that they have added to the enjoyment of the city. So many sessions of the council, much for the appeal of Belleville that even the Chinese get together, and in addition from faraway China prefer their own year to their ancient festival.

WEEK'S BOARD AT HOUSE OF REFUGE.

House of Refuge inmates cost \$2.88 each per week to maintain according to the annual statement for the year 1929.

The County Home is efficiently managed, otherwise these elderly folk could not have been kept so reasonably.

The House Report for the year just closed is an interest former-Premier Ernest C. Drury, who spoke on "The by-yeomen with a great deal of benefit to themselves. Mr. Drury developed this subject in a broad manner and his ten all over the statement.

The County Home is the oldest aggregation of any group in the district.

Refuge inmates generally live long. They are also hearty and they are given opportunity to regale themselves on plenty of food.

DEATH OF BISHOP ANDERSON.

Bishop Anderson's death is mourned in many parts of the continent. His early days in Belleville are recalled with interest who remember the young student of the eighties when he was preparing for the calling in which he rose to be primate of all the Protestant Episcopal Churches of legislators in Belleville, for the United States. His qualities of mind were brilliant and they did not overshadow those of his heart for he was loved of all who knew him.

SALVATION ARMY'S WORK IN 46 YEARS.

The Salvation Army in its forty-six years of service in Belleville has rendered a good service in Belleville. No estimate can be placed upon it for the results are both tangible and intangible. Without the Salvation Army a different story would have to be written of Belleville's past forty-six years.

SCHOOL 108 YEARS OLD.

How time is moving is indicated by the celebration which is to be held tomorrow at Bridge Street church when the one hundred and eighth anniversary of the foundation of the school is to be marked. When a school and a community get beyond the century

mark, they have made history. That is what Bridge Street School has done.

PROGRESS OF CHURCHES.

It is a healthy sign in a community to see that the churches are progressing. During the month of January a number of the congregations of the city held their annual meetings and favorable conditions in finance and in the spiritual life of the churches were reported. The churches in Belleville have always played a great part in the community life as they have everywhere.

GET-TOGETHER IDEA PROVES ITSELF.

The tenth get-together banquet of the city and county council and chamber of commerce proved how the gatherings of the past ten years have proven their value. They have helped to mould the feeling of goodwill between city and country, they have added to the enjoyment of the January session of the council, much for the appeal of Belleville that even the Chinese get together, and in addition from faraway China prefer their own year to their ancient festival.

An audience of all political shades of thought, outstanding men in the life of the Province and the Dominion. The reason is that political feelings simply do not exist at this time and the speeches maintain according to the annual statement for the year 1929.

Thursday night's meeting was a happy one when high these elderly folk could not have been kept so reasonably.

The House Report for the year just closed is an interest former-Premier Ernest C. Drury, who spoke on "The by-yeomen with a great deal of benefit to themselves. Mr. Drury developed this subject in a broad manner and his ten all over the statement.

The County Home is the oldest aggregation of any group in the district.

Refuge inmates generally live long. They are also hearty and they are given opportunity to regale themselves on plenty of food.

DEATH OF BISHOP ANDERSON.

Bishop Anderson's death is mourned in many parts of the continent. His early days in Belleville are recalled with interest who remember the young student of the eighties when he was preparing for the calling in which he rose to be primate of all the Protestant Episcopal Churches of legislators in Belleville, for the United States. His qualities of mind were brilliant and they did not overshadow those of his heart for he was loved of all who knew him.

PASSING YEARS From The Intelligencer Of This Day Years Ago

Cadet Johnson, a son of Mayor Johnson of Belleville, was among the seven cadets of the Royal Military College, Kingston, who have been offered commissions in the Imperial Army.

Mr. P. J. O'Rourke, barrister of Trenton, was in town today attending court.

Mr. Geo. Elliott of Ottawa, was in the city today.

HAVE YOU HEARD THESE?

"Mummy! Mummy!" called little Peter from the garden.
"What is it, darling?" answered his mother.
Putting her head out of the window, she saw that Peter had climbed on top of a stack of planks and seemed unable to come down.
"Try to come down the same way you went up," she advised.
Peter remained a few seconds in profound thought. Then he shouted to his mother:

"But Mummy, I went up head first!"

The material called the nearest mummy, "Hello," he said, "I've turned turtle. Can you do anything for me?"
"I'm afraid not," came the sweet, feminine reply. "You've got the wrong number. What you want is the zoo."

Bus Driver: "How old are you, my little girl?"
Five-Year-Old: "If the corporation doesn't object, I prefer to pay full fare and keep my own statistics."

"Did you give your wife that little lecture on economy?"

"Any results?"
"I've got to give up silk shirts."

Sales Manager: "That new salesman is a wizard. He could sell anything."

Member of Firm: "Good! Send him around to some of the colleges with our new hat-tracks."

He: "When I dance with you I feel as though I were treading on the clouds."
She: "Don't be mistaken. Those are my feet."

"Foul!" shouted the umpire.
"Humph," said the sweet young thing. "I don't see any feathers."
"You must remember," replied her escort, "these are picked teams."

"Did Berenice describe her new evening frock to you?"
"Not completely; she only spent the afternoon with me."

EXALTATION

We lived under a hill so long; Bearing our burden we grew strong.

Out of the darkness there shone a light, Leading us forth from the seeming night.

And we said, "We will climb and never stop, Until we have gained the mountain top."

"We will gaze on lands quite far and strange, And mount to the summit range on range."

And we were happy climbing together, Happy and gay in all sorts of weather.

Happy were we in storm and sun, Knowing the race we had set to run.

Happy were we and happy still, Now we have come from under the hill.

—Nan Rodas.

THAT BODY OF YOURS

By James W. Barton, M.D.

WHAT ANGER DOES

Something has occurred that has aroused your anger, and it is some time before you become calm and collected again.

You feel uncomfortable afterwards, and are not interested in food for one or more days, and your skin may assume a yellowish tint.

You feel that the "fit of anger" has certainly left its mark upon you despite the fact that it was all over in a little while.

Why should your digestive system be so upset, when as a matter of fact your anger is "up in the mind" or the brain?

Now emotions of joy, sorrow, anxiety and anger can all interfere with the movements of the stomach and intestine so that food material lies in these organs without any digestion taking place, but anger has a special action on the flow of bile from the liver, that is most extraordinary.

Dr. E. Wittkover, by means of the duodenal tube, conducted twenty experiments in which the bile was collected in test tubes, at five minute intervals, during emotions of joy, sorrow, anxiety and anger.

It was found that while the movements of stomach and intestine might be interfered with by these emotions that the flow of bile was actually increased for a short time during a joyful emotion, and even during sorrow and anxiety.

However, anger had an entirely different effect. It did not increase but

almost completely stopped the flow of bile.

Now it was found the liver still manufactures the bile even when one is angry, but the effect of the anger was to cause a spasm and a closing of the tubes that carry the bile away from the liver to the intestine. Hence this bile got dammed back into the liver and some of it went out into the blood from the liver to all parts of the body. That is the reason why there is often a yellowness of the skin after you are angry.

Sometimes there is an ache or oppressive feeling in the upper right part of the abdomen when you are angry. It is due to this spasm which contracts or closes the tubes carrying the bile from the liver and gall bladder. Dr. Wittkover is of the opinion that these fits of anger may be one of the causes of jaundice, and of the formation of gall stones.

The lesson for all of us is obvious.

If There is a Baby In Your Home

There Also Should be a Box of Baby's Own Tablets

To keep her little ones well is the constant aim of every mother and to help her in this task she should always keep a box of Baby's Own Tablets in the home. These Tablets have saved many little lives when illness came on suddenly.

The majority of troubles which afflict little ones are those which arise from a disordered condition of the stomach and bowels. It is in quickly correcting these disorders that Baby's Own Tablets show their value. They banish constipation and indigestion; correct colic and diarrhoea; break up colds and simple fevers and allay teething pains. Concerning the Tablets Mrs. E. Roberts, Cap. aus. G. Que., writes: "I always keep Baby's Own Tablets in the house as I know of nothing to equal them for little ones."

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

HONOR ROLL

QUEEN VICTORIA SCHOOL
Senior Primer—Eva Juby, Olive Markie, Marjorie Jackson and Douglas Welch, equal; Shirley Wood.

Junior Primer, Class I—Gwendolyn Toms, Phyllis Barlow, Meria Goodfellow, Roy Coxon, Arthur Young, Penny Doucette.

Class II—Walter Steenburgh, May Frost, Vernon Welch, Margaret McLean.

HYDRAULIC SHOCK RESISTERS

Four Delco-Lamp lamps, hydraulic shock absorbers on all passenger models eliminate road shocks and increase comfort.

50-HORSE-POWER MOTOR

A great 50-horsepower, six-cylinder motor gives smoother, quieter operation and increased power.

NEW HOT-SPOT MANIFOLD

A larger hot-spot manifold, ensures complete vaporization of fuel improving performance and efficiency.

NEW ACCELERATION PUMP

A new automatic acceleration pump gives quick pick-up for modern traffic needs.

ELECTRIC GASOLINE GAUGE

The instrument panel carries a new grouping of the driving controls including an electric gasoline gauge.

NON-GLARE WIND SHIELD

The new non-glare wind shield deflects the glare of headlights approaching from the rear.

WEATHER-PROOF BRAKES

Fully enclosed, internal expanding, weather-proof brakes with 11" drums, and an entirely separate internal expanding emergency brake assure positive brake action at all times.

ADJUSTABLE DRIVER'S SEAT

All closed models have an adjustable driver's seat—a turn of the regulator gives the proper position.

SELF-ADJUSTING SPRING SHOCKERS

New self-adjusting, spring shockers take up wear and give longer life.

HARMONIC BALANCER

The harmonic balancer neutralizes torsional crankshaft vibration.

THESE are the features of the sensational NEW CHEVROLET SIX

The sensational value of the Greatest Chevrolet in Chevrolet History is based on definite points of superiority, which you can easily check for yourself. From its improved 50-horsepower, six-cylinder, valve-in-head engine, to its beautiful new bodies by Fisher, it sets a new standard of quality for the low-price field. A few of Chevrolet's extra-value features are listed on this page.

THE BULLETIN BOARD

Mainly About People You Know

FORTY BABIES PRESENT

A remarkably large attendance of the V.O.N. Well-Baby Clinic held in the city hall yesterday afternoon was witnessed by the most popular of the babies. A total of forty babies attended. Four new members were received and six pre-school children were given attention.

BADMINTON MATCH

A team of Badminton players from the Kingston Badminton Club are in the city today and will play a St. Lawrence League tournament with the local club.

SECOND ACCIDENT

Misfortune seems to be following the footsteps of Thomasburg's genial postmaster, J. H. Blakely. Just before Christmas he broke his right wrist while cranking his car, and a few days ago had the splints taken off. The following day, he fell on the icy sidewalk and broke his left arm below the elbow. Mr. Blakely is the father of Harry Blakely, who has played shortstop for the Belleville baseball club for the past several years, and who is a final year student at Queen's University.

HELEN ROSE'S POPULARITY

Mamma's popularity contest is over. Helen Rose, with 12,185 votes, won the contest. She was by a wide margin. The next three finishing in the order named: Miss Mildred Frutkin, 7,740; Mrs. H. McVillie, 7,440; and Miss Myrtle Potts, 6,925.

JANUARY CHICKENS

There are early chickens at Stirling. At Thomas Cranston's poultry farm 1000 chicks broke their shells on January 28th. There are still about 3500 S. C. white leghorn eggs in the incubator. This year's record is 3 weeks in advance of that of 1929.

RAWDON ELECTRIFIED

Rawdon township farms will be electrified within the next year or so. A meeting of rural hydro enthusiasts was held in the Rawdon township hall this week. Hon. J. R. Cooke, M. P., and Mr. Millholland, engineer of the Hydro, addressed the gathering and explained the cost, installing, etc. Already several contracts have been signed and the power will be supplied through Stirling sub-station.

SPOKE AT MOUNTAIN VIEW

A splendid crowd attended the annual meeting of Mountain View Women's Institute held at that place last night. Mr. J. O. Herby, of Belleville, was the chief speaker and he delivered a short address touching chiefly on the value of co-operative community spirit. Mr. Post was chairman of the affair and a fine programme of dialogues, recitations and songs preceded the speaker. Brief addresses were delivered by Mr. J. H. Parliament, of Prince Edward and Miss Beatrice Jones, of Belleville.

LEGION LUNCHEON

A luncheon was held under the auspices of the Women's Auxiliary of the Canadian Legion in the Mount St. Lawrence Hotel last night. Fourteen tables were in progress and at the conclusion of the cards dancing was indulged in with music supplied by Brockhurst's Serenaders. The funds derived from these luncheons are used to assist needy veterans and their families. The winners of the cards were: Ladies, Mrs. Simpson, Mrs. Hinton, Mrs. St. Louis, Gentlemen, W. Edwards, W. M. Parry and M. Wade.

LIBERAL SMOKER

The Liberals of this district will hold a smoker at the party club rooms on Bridge Street on Monday night. Several well-known speakers, including Mayor Fraser of Trenton, Charles Hanna and Warden Wardenwater are expected to be present and deliver short addresses. Plans will be made for the complete reorganization of the party, locally.

100TH ANNIVERSARY

Bridge Street Sunday School will celebrate its 100th anniversary tomorrow and special speakers have been secured for the occasion. The scholars will receive their diplomas for graduation from the various classes at the morning service in the church while special features have been arranged for the Sunday school in the afternoon.

INQUEST ON TUESDAY

The inquest to inquire into the death of the late Albert Edward Shepherd will be resumed at the police court rooms in Tuesday night. Shepherd was found dead on the roof of the Belleville arena on Thursday afternoon lying across two live wires. Major R. D. Ponton will conduct the hearing before Coroner Dr. Tennant. It is not believed that many witnesses will be heard.

NOTICE

To all members of L. O. B. A. 350 The members of L. O. B. A. 350 requested the pleasure of your company at a social evening in the Orange Hall, Tuesday, Feb. 4th, at 9 o'clock.

Signed Mrs. Savage, W.M.,
Mrs. Buck, Rec.-Sec.

PLANT LIFE AND SOIL ENRICHMENT THEME

Christ Church Men's Club held one of their popular monthly supper meetings last night in the Parish Hall, and a large crowd turned out, the place being filled to its capacity. Professor Watson Bain, of Toronto, was the guest speaker for the occasion, while C. J. Symons acted as Chairman. The speaker was introduced by J. E. Musgrave, and a vote of thanks moved by Mr. George Weymouth. Several selections of Old Time Tunes, while Percy Cole rendered solos, accompanied by Mr. Ross Hunter, who also played for community singing. Mayor George A. Reid and the Rev. George Marshall each talked for three minutes, while Mr. A. T. Leggett moved a vote of thanks to the entertainers, and Mr. R. A. Backus a vote of thanks to the ladies.

Plant life and the mode of production of nitrates for the enrichment of the soil was the subject of an illustrated address by Prof. Bain. His address was of particular interest to those engaged in gardening and agriculture. Chemistry he said, plays a great part in the world today. Weeds or plants, when burned produce an acid. Plants like humans must have food from the soil or air. Three things are essential to plant life, potash, phosphorus and nitrates. Virgin soil is very rich but gradually loses its productivity owing to the soil food having been used up. The required elements must be restored to the soil. Clover and alfalfa aid in that restoration. A number of slides showed how nitrates were produced.

CLAIMS QUEBEC WORLD EXAMPLE

Hygiene of Neighboring Province is Enough to Entire World

Quebec, Que. The hygiene of the province of Quebec could well be the world's example to other parts of the world, according to Dr. J. A. Lussier, director of hygiene at a dinner given by Hon. Athanasius David, pres-

SHORT COURSE IN AGRICULTURE

Prince Edward County Course Will Be Held at Rednersville

The Prince Edward County Branch of the Department of Agriculture is holding a short course in agriculture next month, which will start on February 4th. The course will be held at Rednersville, and as there is no age limit and the fee is small, a large number of students are expected. The course will be as practical as possible and should interest every farmer of that district.

Whenever possible the afternoons will be spent at nearby farms, judging horses, cattle, sheep, swine, grains and roots. There will also be identification of common weed seeds and impurities in grain seed and clover. Poultry will be culled and judged for egg production, and there will be demonstrations on pruning, grafting and packing.

On February 13th, Dr. J. B. Spencer, of Bowmanville, is to speak on "Veterinary Science." On the 14th, James McLean, of Richmond Hill, will address the school on "Plows and Plowing." and on February 17th, J. A. Goldie, Vineland Station, will talk on fruits and vegetables. All lectures and demonstrations on orcharding will be given by Spray Supervisor, Leslie Smith.

The three month course in agriculture and home economics, which started in December and which ends on February 28th, at Foxboro, is so far, proving to be a success, there being a large number of students in attendance. The schedule for February is as follows:

February 4 to 14 - Needlecraft; Miss M. V. Powell, instructor.

February 17 to 23 - Millinery; Miss M. E. McDiarmid, instructor.

February 3 to 14 - Poultry; Mr. Francis, instructor.

February 10 to 23 - Farm management, civics, marketing, business, finance, and farm dairying; Instructor, Mr. Hart.

February 17 to 23 - Veterinary Science; Dr. Sinclair, instructor.

Technical secretary, to the heads of the sanitary units. The affair was attended by Premier Tachereau, members of the Cabinet and of the Lower House, Hon. Athanasius David, under whose regime sanitary units were organized in this province, made a review of the good work which had been executed in this province through the medium of sanitary units. He said that after all the national health was the national wealth of any country, and what had been done to get the rural districts under the influence of sanitary units had proved wonderful. Today this province was an example to other sections of the world.

Dr. Lessard said that while a few years ago there were only 300 beds available for tubercular victims, this year there were 1,700, and within two years he expected that about 3,000 beds would be placed at the disposal of victims of the white plague.

Dr. Emile Nadeau, Assistant director of the service, spoke of the co-operation obtained from the Rockefeller Institute in the organization of sanitary units.

GOING STRONG ON 104TH BIRTHDAY

SCOTSVILLE, Inverness County N.S. Feb. 1.-Mrs. Flora Collins recently celebrated her 104th birthday at the home of her son here. Her parents came from Scotland and she was born at Broad Cove, March 2, 1825. She has been a widow for 50 years. She has four children, ten grandchildren and fourteen great grandchildren. Her husband died at the age of 80 in 1888. Despite the hard work of her early days, Mrs. Collins never had a serious illness. Her hearing and sight are still good.

MAINE POTATO GROWERS SEEK CREDIT SYSTEM

After Nation-Wide Merchandising Organization - State Colleges

Bangor, Me., February 1.-The formation of a nation-wide farmer-owned and controlled marketing system, the necessity of production credit, and adjustment of credit, were the essential features of recommendations made to the United States Federal Farm Board by the potato committee, as outlined by W. M. Thompson, of Carleton, a member of the organization committee.

The potato group believes its interests can best be served by having potatoes treated as a major commodity of the Farm Board. The Co-operative marketing system would be founded on community locals grouped into regional organizations and through them into a national system.

Other recommendations included a system of production credit under control and management of farmer's co-operatives, "replacing the present credit extended by the speculative potato interests."

There is no help for the farmer through the present unco-ordinated system of production and distribution. The committee set forth, declaring that production could be adjusted to a profitable level only through organization, and that effective merchandising could only be carried out through co-operative marketing.

It was suggested that extension of the state colleges of agriculture and the Department of Agriculture be brought into the programme, and that production be maintained, so far as possible, to meet the consumer's demands.

BATTLED POLICE AS HE GOES TO PRISON

Ottawa, Ont., Feb. 1. (C.P.)-Yvon Mousseau, Eastview youth, convicted of attempting a serious offence against a young girl was sentenced to six years in Penitentiary today. Mousseau put up a terrific fight as he was being led to his cell. He claimed Charles McCarthy, county police chief, had "framed him". The chief overpowered him, but at the jail he assaulted another constable before he was finally locked up. Donat Pelletier, sentenced to five years on a similar charge collapsed in the dock. His father and sister both fainted.

HARRY BEECHING GETS INDETERMINATE TERM

Harry Beeching, twenty-one, was convicted of a serious charge by Magistrate Mikel and sentenced to twelve months' term indeterminate and six months' indeterminate in the Ontario Reformatory yesterday, at the Court House.

Beeching's sister, Nora, was given a suspended sentence of two years. The girl, who was a ward of the Barnardo Home, made a confession to the nation and a warrant was issued. Beeching was arrested in Toronto a month ago and charged with a minor offense. He was released by the police but Inspector Loughed, of this city, immediately took steps for his arrest and he was taken into custody in Toronto. Beeching came to Canada about five years ago, while his sister came at an earlier date. She is sixteen years of age and was employed as a domestic.

HELPING HAND CLASS

The Helping Hand's Class of Bridge Street Sunday School with their teacher Miss A. Morton spent an enjoyable evening Friday January 31st when they met in the Sunday school rooms and reorganized their class. The following were elected for the year 1930: President - Daisy Munro; Vice President - Kathleen Tobin; Secretary-Treasurer - Alice Craighead; Soloist - Lorna Ridley; Pianist - Marjorie Moore and Edith Baldwin.

All enjoyed a social hour with games and refreshments. All present had a most enjoyable evening.

SEE HIS SHADOW OR NOT ON SUNDAY?

An early spring or not? This question will be answered tomorrow when Brain comes out of his long winter sleep to investigate the weather conditions. If the sun is shining brightly at the noon hour and Brain sees his shadow it will mean another six weeks of winter, if on the other hand he fails to see his shadow we will have an early spring.

VISITORS WHO COME AND GO

Miss Sisson, 57 Queen St., has been confined to her bed for the past week through illness.

Miss Edith Rainbird, of this city, is the guest of Miss Buddie Caldwell Brockville, for a few days.

Mrs. Jack Lattone, Bellevue Apts. 5 Patterson St., has returned to her home from the Toronto General Hospital. She will return to the hospital at a later date. Her many friends will be sorry to hear she has not fully recovered.

Mrs. W. Huffman, of Athens, Ont., is the guest of Mr. and Mrs. Topping, Anne St.

Mrs. Ruth Huffman, teacher at the Kingston Collegiate, will be the guest of Mr. and Mrs. Topping, Ann St., over the week-end.

Little Miss Gertrude Sager was removed from her home, 80 South Front Street, Friday morning, to the Belleville General Hospital and was operated on for her tonsils.

BASKETBALL

Belleville Collegiate boys won their third basketball game last night by defeating the Nanapan Collegiate by good margins. Two games were played, the junior beginning at 7.45 and the senior encounter starting at 9 o'clock. A large crowd turned out to support the local basketballers. Belleville are now well at the top of the league and look to be the coming champions.

The junior game was a little one-sided with the Belleville Collegiate well in the lead at all times. Some remarkably fine shooting was displayed in this fixture and the final score ended 28-13 for B.C.I. The senior game featured fast playing with the home team well divided until the last period, when Belleville started a rally and left Nanapan far behind in the scoring.

A demonstration of either or both of these sets will convince you of their marked superiority over others.

We are offering special terms for the 2-10-15-20-25-30-40-50-60-70-80-90-100-125-150-175-200-225-250-275-300-325-350-375-400-425-450-475-500-525-550-575-600-625-650-675-700-725-750-775-800-825-850-875-900-925-950-975-1000-1025-1050-1075-1100-1125-1150-1175-1200-1225-1250-1275-1300-1325-1350-1375-1400-1425-1450-1475-1500-1525-1550-1575-1600-1625-1650-1675-1700-1725-1750-1775-1800-1825-1850-1875-1900-1925-1950-1975-2000-2025-2050-2075-2100-2125-2150-2175-2200-2225-2250-2275-2300-2325-2350-2375-2400-2425-2450-2475-2500-2525-2550-2575-2600-2625-2650-2675-2700-2725-2750-2775-2800-2825-2850-2875-2900-2925-2950-2975-3000-3025-3050-3075-3100-3125-3150-3175-3200-3225-3250-3275-3300-3325-3350-3375-3400-3425-3450-3475-3500-3525-3550-3575-3600-3625-3650-3675-3700-3725-3750-3775-3800-3825-3850-3875-3900-3925-3950-3975-4000-4025-4050-4075-4100-4125-4150-4175-4200-4225-4250-4275-4300-4325-4350-4375-4400-4425-4450-4475-4500-4525-4550-4575-4600-4625-4650-4675-4700-4725-4750-4775-4800-4825-4850-4875-4900-4925-4950-4975-5000-5025-5050-5075-5100-5125-5150-5175-5200-5225-5250-5275-5300-5325-5350-5375-5400-5425-5450-5475-5500-5525-5550-5575-5600-5625-5650-5675-5700-5725-5750-5775-5800-5825-5850-5875-5900-5925-5950-5975-6000-6025-6050-6075-6100-6125-6150-6175-6200-6225-6250-6275-6300-6325-6350-6375-6400-6425-6450-6475-6500-6525-6550-6575-6600-6625-6650-6675-6700-6725-6750-6775-6800-6825-6850-6875-6900-6925-6950-6975-7000-7025-7050-7075-7100-7125-7150-7175-7200-7225-7250-7275-7300-7325-7350-7375-7400-7425-7450-7475-7500-7525-7550-7575-7600-7625-7650-7675-7700-7725-7750-7775-7800-7825-7850-7875-7900-7925-7950-7975-8000-8025-8050-8075-8100-8125-8150-8175-8200-8225-8250-8275-8300-8325-8350-8375-8400-8425-8450-8475-8500-8525-8550-8575-8600-8625-8650-8675-8700-8725-8750-8775-8800-8825-8850-8875-8900-8925-8950-8975-9000-9025-9050-9075-9100-9125-9150-9175-9200-9225-9250-9275-9300-9325-9350-9375-9400-9425-9450-9475-9500-9525-9550-9575-9600-9625-9650-9675-9700-9725-9750-9775-9800-9825-9850-9875-9900-9925-9950-9975-10000-10025-10050-10075-10100-10125-10150-10175-10200-10225-10250-10275-10300-10325-10350-10375-10400-10425-10450-10475-10500-10525-10550-10575-10600-10625-10650-10675-10700-10725-10750-10775-10800-10825-10850-10875-10900-10925-10950-10975-11000-11025-11050-11075-11100-11125-11150-11175-11200-11225-11250-11275-11300-11325-11350-11375-11400-11425-11450-11475-11500-11525-11550-11575-11600-11625-11650-11675-11700-11725-11750-11775-11800-11825-11850-11875-11900-11925-11950-11975-12000-12025-12050-12075-12100-12125-12150-12175-12200-12225-12250-12275-12300-12325-12350-12375-12400-12425-12450-12475-12500-12525-12550-12575-12600-12625-12650-12675-12700-12725-12750-12775-12800-12825-12850-12875-12900-12925-12950-12975-13000-13025-13050-13075-13100-13125-13150-13175-13200-13225-13250-13275-13300-13325-13350-13375-13400-13425-13450-13475-13500-13525-13550-13575-13600-13625-13650-13675-13700-13725-13750-13775-13800-13825-13850-13875-13900-13925-13950-13975-14000-14025-14050-14075-14100-14125-14150-14175-14200-14225-14250-14275-14300-14325-14350-14375-14400-14425-14450-14475-14500-14525-14550-14575-14600-14625-14650-14675-14700-14725-14750-14775-14800-14825-14850-14875-14900-14925-14950-14975-15000-15025-15050-15075-15100-15125-15150-15175-15200-15225-15250-15275-15300-15325-15350-15375-15400-15425-15450-15475-15500-15525-15550-15575-15600-15625-15650-15675-15700-15725-15750-15775-15800-15825-15850-15875-15900-15925-15950-15975-16000-16025-16050-16075-16100-16125-16150-16175-16200-16225-16250-16275-16300-16325-16350-16375-16400-16425-16450-16475-16500-16525-16550-16575-16600-16625-16650-16675-16700-16725-16750-16775-16800-16825-16850-16875-16900-16925-16950-16975-17000-17025-17050-17075-17100-17125-17150-17175-17200-17225-17250-17275-17300-17325-17350-17375-17400-17425-17450-17475-17500-17525-17550-17575-17600-17625-17650-17675-17700-17725-17750-17775-17800-17825-17850-17875-17900-17925-17950-17975-18000-18025-18050-18075-18100-18125-18150-18175-18200-18225-18250-18275-18300-18325-18350-18375-18400-18425-18450-18475-18500-18525-18550-18575-18600-18625-18650-18675-18700-18725-18750-18775-18800-18825-18850-18875-18900-18925-18950-18975-19000-19025-19050-19075-19100-19125-19150-19175-19200-19225-19250-19275-19300-19325-19350-19375-19400

When BABIES are upset

Baby ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea—a condition it is always important to check quickly. How would you meet this emergency—tonight? Have you a bottle of Castoria ready? There is nothing that can take the place of this harmless but effective remedy for children; nothing that acts quite the same, or has quite the same comforting effect on them.

For the protection of your wee one—for your own peace of mind—keep this old, reliable prepara-

tion always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria; the genuine bears Chas. H. Fletcher's signature on the wrapper.

LOOK BACK AS WELL AS AHEAD

By Lucy Lowell

Resolutions come and go just as each year comes and goes.

Those of us who are wise turn an inquiring eye backward every now and then and size things up. Easy enough to pick out the blunders; they stand up like towers on a distant city skyline, towering the triumph. That is they do if we're just average persons who don't expect too much and do the best we can with the material at hand. Easy enough to say we'll avoid those mistakes in time to come; that there will be no more follies, short-sightedness, evasions.

And some of us map out a definite course for ourselves—a straight and narrow path which would lead straight to glory if ever we kept to it.

It occurs to me that the trouble with those wonderful resolutions is that they are too elaborate; they exclude too much. After all life is made up largely of mistakes and corrections. Perfection never yet had been attained perhaps it never will be.

Why not a single resolution, so simple that it cannot be lost sight of and yet so reasonable that it must accomplish at least a major portion of what we truly wish of it?

A resolution to eliminate non-essentials from our actions, our conversations, our thoughts.

Non-essentials such as amusements which neither relax nor amuse; idle gossip; worry; wasted time; effort which accomplishes nothing useful.

These are the small things which so clutter daily living that big things are pushed out of being. All of us make too much of these non-essentials—let's rule them out.

at her work, recalling the excitement of the afternoon. "That pore white trash is skeer ter def."

Stephanie wondered if she would have fired at the man, if he need had actually arisen. Little Carlotta was still at the manor. She was white and silent with fear.

The cook, seeing Stephanie's distress over the child's terror, descended to the cellar and reappeared with a litter of very new kittens, the latest contribution of the "Fairfields" cat. They created a diversion. The child forgot her terror.

When Rod returned, late in the day, Stephanie sent for him and related what had happened.

He listened gravely. "It's bad business, Miss Stephanie," he said, when she had finished. "I'm sorry to see you get mixed up with those people, but it—well, it is mighty fine and brave of you."

She caught herself flushing under the sincerity of his tone.

"But what shall I do now? How can I give the child back, without assurance that they won't torture her again?"

"Leave that to me," he told her quietly. "I'll take charge of the man."

"But please don't quarrel with him, Rod. He's dangerous."

He smiled strangely. "You weren't afraid, Miss Stephanie?"

When Mrs. Carstairs heard about it, she shrugged.

"What did I tell you? Now, they're likely to burn the house down for spite. Haven't we enough trouble around here, without getting that man down on us?"

Old Tony came the following morning and asked to speak to Stephanie. He was very uneasy. In his poor English, he put forth something that Stephanie took to be an apology for the conduct of his son-in-law. It was evident that Tony was fearful of losing his job at "Fairfields" and the privilege of occupying the tenanthouse.

Stephanie reassured him. But she made a bargain. Each day his little grandchild was to be brought to her. She intended to see for herself that there were no more bruises, no more beatings.

The affair blew over, and Stephanie had almost forgotten the incident, when, a few days later, Tony came to see her, bringing the child, as usual.

After a few hesitating words about the baby he said with an uneasy grin:

"He gone."

"Who is gone, Tony?"

"Carlotta's man. He no come home las' night."

"You mean that he has gone away?" Tony nodded.

"Carlotta, she wait all night. He no come. This morning he no come. She crazy."

"How curious!" Stephanie wrinkled her brows. "Has he done that often?" Tony shook his head.

"Carlotta crazy," he insisted. Stephanie's smile was scornful. How could that half-wild girl really love the man who tortured her child?

"Oh, he'll show up," she said with a shrug. "He's probably somewhere drinking."

Stop that pain in the back!

It is a warning of kidney trouble

INFLAMED or clogged kidneys should never be neglected. Take Gin Pills—immediately. Save yourself hours—days—weeks of agony.

Cruel backache, pain in the side, dizzy spells, spots before the eyes, painful, scanty or too frequent urination, are danger signals. If ignored, Rheumatism, Sciatica and Lumbago quite probably will follow—allments that make life miserable.

Avoid these ills. Let Gin Pills soothe your kidneys and gently aid them to throw off accumulated poisons. Gin Pills are a splendid kidney remedy. Get a box to-day. 50c at all druggists.

GIN PILLS FOR THE KIDNEYS

Tony was looking at her craftily. It made her uncomfortable. Did he suspect her of carrying out her threat to have the man arrested?

"I'm not responsible, Tony," she assured him. "He's kept the peace for several days. I haven't reported him to the authorities—yet."

Late that afternoon, she was startled by a wail of anguish. She sprang up and dashed to the window, looking in the direction from whence the sound came.

What she saw made her heart race with a sense of calamity.

CHAPTER XLVII

TRAGEDY AT FAIRFIELDS Stephanie, standing at the library window, saw a little group of men coming across the meadow from the direction of the woodland. They moved slowly, as if they were carrying something—something dark and limp that sagged like a dead weight.

Stephanie identified the men as workmen from an adjoining farm. Old Tony followed them. They were going toward the tenanthouse.

Tony's daughter, Carlotta, was standing near the entrance to the garden of the tenanthouse. She was screaming and wringing her hands. Stephanie touched the bell and told the maid to find Rod. When he came, she said:

"There seems to be trouble at the tenanthouse. I wish you'd go and see, Rod."

Ten minutes later he was back, looking grave.

"I'm afraid it's bad business, Miss Stephanie. Tony's son-in-law has been found—in your woodland—dead. He died from a bullet through his heart."

She cried out.

"Oh, no, Rod! What is it—suicide?" He shook his head.

"No gun's been found yet. The bullet went clean through. Looks like

somebody settled a grudge in the prime five way. They've sent for the police."

In less than an hour, "Fairfields" was in turmoil. People were coming from all directions. They hurried up the beautiful old drive, paying no attention to the residents of the manorhouse. They trampled the lawns. They even invaded the rose-garden.

"Who did it?" was the question on every tongue.

The police came—or rather, the sheriff and two deputies, looking very important and shouldering the curious onlookers out of the way. Then the coroner arrived, "Fairfields," the peace full, had become a bedlam.

SO WING MY THOUGHTS

The birds wing southwards towards the sun Where Summer's golden nets are spun While each day smiles.

Swift southward winging, far behind They leave the snow.

To seek the sun-sweet lands and kind Where no storms blow.

So wing my thoughts. They turn to you As birds in flight; They seek your smile, your eyes of blue.

Your glances bright.

So wing my thoughts; they seek your hands.

Your voice, your mouth, For in my heart's uncharted lands You are the south.

FASHION FLASHES

By Alice Alden

Fashion Takes a Bow in response to the applause that greets the bow fashion. Every dress must have its bow, as witness an all black evening frock of transparent velvet without embellishment save for a lace bow of ermine placed at the side back of the deeply flounced skirt.

Youth Will be Served with the girlish and lovely dance frocks now on display. The sub-dub will revel in a frock of white chiffon with appliques and ruffles of black net embroidered with white. Bows on black velvet accentuate the full skirt with its many ruffles; and also the high waistline or the molded bodice.

The Once Over is Given to a hat of brown felt by a layer of diamond mesh shiny straw that is placed over it. The straw is of beige, and the hat is trimmed with a cluster of straw and felt flowers.

THE BEAUTY BOX

By Helen Follett

Growing in popularity is the fad for tinting the (fingernails to match one's jewels. Green nails with emeralds. Deep red for rubies. Blue for sapphires. Doesn't matter whether the jewels are from the family gem casket or not; synthetic ones serve as well these days. For the frock of gold these are gold polishes for those little pink-pink finger sheaths, and silver glints for silver robes and bodices. It is only when bright green polish is used that the gipping onlooker gets a dizzying shock. It is as if the lovely one were starting to misbehave.

Onlined is an excellent substitute for soap and a sweet salve for the girl who has a tender skin, easily wind-burned and inclined to moult in flour-like particles. Mix the oatmeal half and half with almond nect. Moist on the washcloth, sprinkle on the meal and have the face gently. Corn-

Knitted Suits for Girls and Boys

Girls up to 14, and small boys will find these suits very comfortable, and they are very good looking as well. Girls' Dresses and Suits in 2 and 3 piece style, with Bloomers, in Knit to Fit make. Boys' Suits in cute styles, in sizes 2 to 5 years. Fine qualities.

Sinclairs'

meal, which is cheaper, is good enough for hands that don't like soap. It not only cleanses, but it heals a tender surface.

Combs and hairbrushes should be scrubbed thoroughly at least once a week, certainly always before they are used on the glory-top that has just been shampooed. Use a strong scrubbing powder and a firm brush. If soap scum clings to the bristles of a hair brush, touch them lightly with a liquid dry cleaner.

A Sure Relief For Women's Disorders

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead matter in the congested region is expelled giving immediate mental and physical relief, the blood vessels and nerves are toned and strengthened and the circulation is rendered normal. As this treatment is based on strictly scientific principles and acts on the actual location of the disease, it cannot help but be good in all forms of female trouble, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price \$2.00 per box, which is sufficient for one month's treatment. A Trial Treatment, enough for 10 days, worth 75c, will be sent to any suffering woman who will send me her address.

Enclose ten cents and address Mrs. Lydia W. Ladd, Windsor, Ont., Dept. 2.

DANGER AHEAD

A Tale of Love and the Love of Money

By MILDRED BARBOUR

"I come for Carlotta. You give me!" he said, with an ugly look.

"Not until you promise me that you will never beat her again," said Stephanie steadily.

He took a step nearer.

"She mine. You give. I keel her, I like. She mine."

"You shan't have her!" declared Stephanie, her temper rising.

He laughed insolently, coming nearer. His eyes swept the empty garden, the windows of the house. He seemed to be listening.

Stephanie was conscious suddenly of the silence.

The brute knew that she was alone. He came on steadily toward the kitchen door. Stephanie retreated. He looked dangerous.

At that moment, little Carlotta, having disposed of her feast in the pantry, trotted into the kitchen.

She uttered a piercing shriek of error and clutched Stephanie's skirts.

The man made a lunge for her. But Stephanie was there before him.

Rod's rifle stood in a corner of the kitchen. She snatched it, faced the man on the threshold, the gun in her hands, its muzzle pointed at his breast.

"If you try to enter this house, if you dare to harm this child, or me, I'll shoot you."

He hesitated. For a long minute they stood facing each other. Stephanie's finger was steady on the trigger.

"George is a changed boy,"

says

TORONTO mother

DON'T neglect a child's constipation. It is the cause of so many ailments: biliousness, headaches, feverishness, sallow, broken-out skin; a general run-down condition.

The first signs of sluggish bowels are usually bad breath or coated tongue. Then it's time for good old California Fig Syrup. Children need no urging to take it. They love its flavor. And it works every time. It cleanses the little system of all souring waste. It gives tone and strength to lazy bowels and stomach, so they continue to act naturally.

ly. A child's digestion and assimilation improve when it is used. Meals are eaten with zest instead of indifference.

Mothers all around you know its quick benefits. Mrs. A. Gresham, 7 Currie Ave., Toronto, Ontario, says: "My little son, George, is a changed boy since I have been giving him California Fig Syrup. It regulated his bowels in a hurry. He had no appetite or energy; now he is always hungry, full of life."

The genuine, pure vegetable product endorsed by doctors for over 50 years, always bears the name California.

Roads, Bridges Committee
Presents Report to
County Council

Hastings County Council closed its January session yesterday afternoon in good time, following a busy afternoon spent in passing accounts and in giving various bylaws their third and final reading, and in numbering them. The roads and Bridges Committee brought in a report on the proposed expenditure for this year, which is as follows:

Shire Hall, January 31st, 1930.
To His Honor the Warden and Members of the County Council:

Gentlemen:
Your committee on Roads and Bridges herewith submit a report on the estimated expenditures and etc. for the year 1930.

We have 382 miles of County Roads classified as follows: 85 miles of heavy, 134 miles of medium and 163 miles of light traffic roads. For the proper maintenance of these roads it would require 250 yards, 150 yards and 100 yards per mile or a total of 57,650 yards of crushed stone or gravel.

There are various types of roads which have their place in the County system namely, Asphaltic concrete, Amesite, mixed McAdam, Retread, Mulch Traffic bound McAdam and crushed or pit-run gravel costing from \$18,000.00 per mile down to \$1,000.00 per mile. On account of the great mileage of roads and the number of wooden bridges and culverts, as well as our very limited source of revenue we of a necessity have to confine our program to the later classes.

We shall endeavor to practise economy and confine our activities to the works of necessity with due regard for "Safety First" and a fair and impartial distribution of the expenditures throughout the County.

We would recommend that a levy of 5 mills be provided for the County roads and bridges and the distribution of the expenditures be as follows:

Road	Mileage	Construction	Maintenance
No. 1—Foxboro to Madoc (Sec. No. 1)	20	8,700.00	6,500.00
Madoc to Millbridge (Sec. No. 2)	15	8,000.00	2,200.00
Millbridge to Maynooth (Sec. No. 3)	50	13,200.00	11,900.00
No. 2—Suburban to Tweed (Sec. No. 1)	18	10,000.00	7,000.00
Tweed to Kalarad Bdy (Sec. No. 2)	13	4,500.00	3,000.00
No. 3—Marmora to Cordova	9	2,500.00	1,000.00
Foxboro to Plainfield R 2	5	6,000.00	1,000.00
No. 4—Trenton to Stirling	14	4,500.00	2,000.00
No. 5—Foxboro to Murray Bdy	10	3,500.00	2,200.00
5-9—Con. No. 5, Sidney to City	7½		
No. 6—Corbyville to Marlbank	29		5,500.00
No. 7—Shannonville to Roslin	13	3,500.00	2,500.00
No. 8—Seymour Bdy to Tweed R 2 via Stirling	25	5,100.00	2,400.00
8-A—Minto Road Con No. 8 to R No. 8		2,500.00	3,400.00
No. 9—Harold to Sulphide via Tweed	27½		2,500.00
9-A—Wellman's Corners Road	27		
No. 10—Marmora Bdy to Actinolite	12	2,000.00	2,500.00
No. 11—Deloro to Road No. 1, via Malone	20	3,000.00	2,500.00
No. 12—Madoc to Cooper and Hazards R 10	18	3,500.00	2,700.00
No. 13—Chapman's to Bdy, South to Marlbank	35		5,000.00
No. 14—Millbridge to Purdyville via Gilmour	9	2,000.00	1,500.00
No. 15—Con. No. 6 Tyendinaga to Bdy via Marysville	2	1,000.00	1,000.00
No. 16—Deseronto to Terry	2	1,500.00	500.00
Point Anne		13,000.00	1,200.00
Miscellaneous		12,000.00	
General Acc't, Supt., Mach. & Workmen's Comp.			
Total		110,000.00	70,000.00

This is a decrease of ½ mill from the levy of 1929 but with the proper equipment, economical management and the co-operation of every member of the Council, this program can be successfully carried through.

The following by-laws received their third and final reading and were numbered.

That the Warden and treasurer be

authorized to borrow a certain sum to meet the necessary expenditure before the collection of taxes is made.

A bylaw to authorize the expenditure of certain sums upon the County high way system, said sum to be \$110,000.

A bylaw to appoint members of the Roads and Bridges Committee, namely, J. A. Moore, R. M. Mitchell, C. H. Stokes, A. McKinney and N. W. Gilroy.

A bylaw to appoint an old age pension board, namely, C. Thompson, R. M. Mitchell, H. Harty, C. A. Bailey and J. W. Haggerty, county treasurer.

A bylaw to appoint a Corn Borer Inspector, namely, J. Miller Carl.

There being no more business for the January session of the Council, Warden Vandewater declared the session closed, to meet again at Shire Hall in June.

COL. HERON WILL ADMIT CHARGES

Former Stock Broker Will
Plead Guilty on
13 Counts

(By Canadian Press)

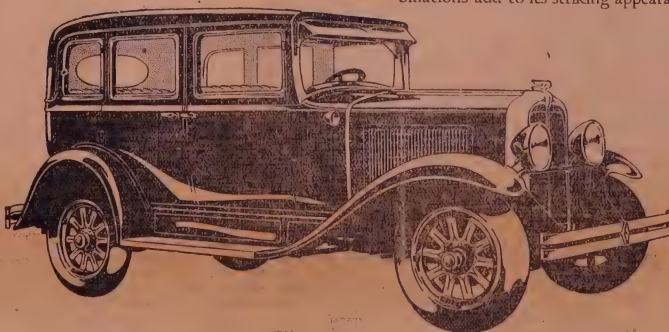

Toronto, Ont., January 31 — Colonel Orlando Heron, former head of the stock brokerage company bearing his name, was arrested at a meeting of the creditors, following an assignment of his company last March, will on Monday next, plead guilty to thirteen charges of theft and false pretense, arising out of the operations of his company. This announcement was made by Col. R. H. Greer, counsel for Col. Heron, when charges against Heron were brought up for trial in the assize court today. Twenty-seven charges against defendant will be dropped.

CARD OF THANKS

Mrs. Byron Emmons and family sincerely thank their friends and neighbors for kindness and sympathy during their recent sad bereavement.

11-1td

On display today The New Series PONTIAC BIG SIX A famous name A finer car

WHEN an announcement regarding Pontiac is made, it carries a message of great importance to everyone interested in low-priced six-cylinder cars. This has been true from the very beginning of Pontiac's career. The announcement of the first Pontiac in 1926 brought to the low-price field a new order of beauty, performance and reliability. Each Pontiac announcement since that time has introduced a car which represented still further improvements.

IMPORTANT IMPROVEMENTS

Now comes the New Series Pontiac Big Six—an even finer car with a famous name. It retains all those excellent qualities which have been responsible for Pontiac's success in the past. And in addition it introduces many new features that improve performance and increase comfort and safety.

New bodies by Fisher make this latest Pontiac Big Six more beautiful than ever. A new belt moulding, which encircles the car, emphasizes its length and lowness. Attractive new color combinations add to its striking appearance.

The smoothness of Pontiac's 60-horse-power engine is further increased by the use of improved type rubber engine mountings. Pontiac's large weather-proof four-wheel brakes have been made even more efficient. A new sloping non-glare windshield also adds to its safety. Greater-than-usual handling ease is accomplished through the use of a new type of steering mechanism. Improved Delco-Remy Lovejoy hydraulic shock absorbers bring about a notable increase in riding comfort.

In speed, power and pick-up the New Series Pontiac Big Six continues to uphold the Pontiac reputation for spirited performance.

Pontiac's economy and long life remain, as ever, the pride and satisfaction of all who drive the car.

When Pontiac is improved upon, the resulting car merits the careful consideration of everyone who is interested in a low-priced six. Come now to our showroom; inspect this finer car with a famous name—the New Series Pontiac Big Six—and find how easy it is to purchase the model you prefer through the G.M.A.C. Deferred Payment Plan.

IT'S BETTER BECAUSE IT'S CANADIAN

Reduce the Acid

In sick stomachs—instantly

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Grude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Mr. and Mrs. S. B. Palmer Saturday night.

Mr. Best, of Wellington, visited at Mr. Gilliam Hardy's Saturday.

Mr. Monroe, of Rose Hall, was drawing coal from Mr. John Rupert's shed on Saturday.

Mr. and Mrs. Lewis Wright and family spent the dinner hour Sunday with Mr. and Mrs. S. B. Palmer.

Mr. James McConkey went to Toronto on Monday.

Mr. Gerald Fritz has returned from Montreal.

home from a visit with Mrs. Harry Dufco.

Mr. J. D. Campbell attended the funeral of Mr. Allan Haight in Wellington on Wednesday.

Mrs. Simmons is ill since her return from visiting her daughter, Mrs. Payne in Toronto.

Mr. and Mrs. George Alexander and Miss Emma Macdonald spent Sunday with Mr. and Mrs. Levi Palmer.

Mrs. Vernon Smith and baby are with Mrs. Smith's mother, Mrs. Jean Stokers. Her friends are glad that she is able to be out of the hospital.

There was a sale at Hillier's on Wednesday. The contents of the hotel and cottages were sold.

Mr. Bill Ross, of Belleville, spent Wednesday at Mr. C. N. Palmer's.

The swamping is good and the men are taking advantage of it and getting out wood.

The burial was held on Thursday of the late Mr. Matthew Arthur in the Pleasant Day cemetery. The remains were brought down from Toronto by highly respected resident of Hillier but friends, Mr. Arthur was one time a resident in Toronto for some time.

Zutoo Tablets
Do Three Things

—stop Headache in 20 minutes
—break up a Cold over night
—stop Monthly pains of women.
There is one thing they will not do—they won't hurt you.

were brought down from Toronto by highly respected resident of Hillier but friends, Mr. Arthur was one time a resident in Toronto for some time.

On The Air

Last night another fine reception
was enjoyed. If this keeps on places
of amusement will surely suffer. There
is nothing like staying at home these
cold winter evenings and enjoying the
fine entertainment given by the
world's master artists over the radio.

Listen a minute and we'll tell you
something that you'll like. Tonight
when the clock points her hand to the
midnight hour tune in on station WE
AF. Be sure and have your friends
in for this because good things shared
are much better than when enjoyed
alone. What will be the attraction?
Rudy Vallee and his Connecticut Yan-
kees. Here, we knew you'd be pleased
especially when Thursday night's per-
formance by these artists is still fresh
in your memory.

Tomorrow you can tune-in to your
heart's satisfaction. We must remind
you not to forget to go to church. This
little duty attended to, you may dis-
tend in every other minute of the day
if you so desire. In the afternoon be-
tween five and six o'clock Lucille Col-
lette, gifted violinist and pianist will
be the guest artist during the C. N.
Railways Symphony Hour, which will
be broadcast across Canada from To-
ronto. The Toronto Symphony Or-
chestra under Luigi Von Junitz will play
the Meistersinger overture; among
other outstanding numbers.

And here's another little bit of radio
enjoyment. On Sunday evening dur-
ing the Imperial Oil hour, Richard
Bouell, principal baritone of the Chi-
cago Civic opera will be the guest ar-
tist. His program will open with the
dramatic "Prologue" to "Pagliacci" by
Leoncavallo in which he will be accom-
panied by the Imperial Symphony Or-
chestra under leadership of Reginald
Stevart.

Danderine

The One Minute Hair Beautifier
At All Drug Stores - Thirty Five Cents

I have been asked by some of my patients to let
the public know just what we have in a health service for
them. We have always been telling you about
Chiropractic and naturally you think that is all we have
in our office. We will now enumerate our methods
and qualifications for using them:

DRUGLESS THERAPY
METHODS
HIGH FREQUENCY
DIATHERMY
AUTO-CONDENSATION
SINUSOIDAL
PNEUMATIC VIBRATION
BIERS HYPEREMIA
OZONE GENERATOR
ULTRA VIOLET (SUN RAY)

The combination of the correct Drugless Therapy
Method for your particular case and the latest scientific
adjustments of your spine will bring back your health
more quickly than any other method known. This
complete service costs you no more than a single service
elsewhere.

William P. Redick

Licensed Chiropractor and Drugless Therapist.

Now you can protect her lovely hair!

Millions of men and women know
how Danderine helps stop falling hair
and dissolves the worst crust of dandruff;
how easily it changes dull
lusterless, brittle hair into hair that is
soft, sparkling, vigorous.

With Danderine it is so easy to
"train" a child's hair; to keep it or-
derly, sparkling, clean. Danderine
accentuates the natural curl of a
child's hair. A girl's "waves" look
more natural when "set" with it.
And they stay in "loose".

Use Danderine with children to
overcome the evils of frequent wash-
ing. It puts back into hair and scalp
the natural oils removed by soap and
water.

Danderine isn't sticky or oily;
doesn't show. It is no trouble to use.
Just put a little on the brush each
time the hair is arranged. That will
keep the scalp healthy and encourage
the growth of long, silky and abun-
dant hair. Five million bottles used
a year is proof of Danderine's effec-
tiveness.

NOTICE

I have been asked by some of my patients to let
the public know just what we have in a health service for
them. We have always been telling you about
Chiropractic and naturally you think that is all we have
in our office. We will now enumerate our methods
and qualifications for using them:

DRUGLESS THERAPY
METHODS
HIGH FREQUENCY
DIATHERMY
AUTO-CONDENSATION
SINUSOIDAL
PNEUMATIC VIBRATION
BIERS HYPEREMIA
OZONE GENERATOR
ULTRA VIOLET (SUN RAY)

The combination of the correct Drugless Therapy
Method for your particular case and the latest scientific
adjustments of your spine will bring back your health
more quickly than any other method known. This
complete service costs you no more than a single service
elsewhere.

William P. Redick

Licensed Chiropractor and Drugless Therapist.
Graduate of

International College of Chiropractic, 1912
Palmer School of Chiropractic, 1916 (X-Ray)
National College of Chiropractic, 1926 (Drugless
Therapy)

Close Games in City League

SPORTING SECTION

CANADA CEMENT TEAM LEAD CITY LEAGUE BY DEFEATING FINKLE'S

Luckless Alemitte Team Got Tied by Fighting Ciacos

REAL FAST GAMES

Fair Crowd Witnessed Last Night's Fast Double-Header

Hockey fans were treated to another hectic double-header in the City League at the arena last night. Lots of excitement was packed into the hundred and twenty minutes of hockey and the patrons went away talking to themselves. The big surprise was the Alemitte team's feat in holding the fast Finkle Electric in the lead. The Alemitte team looked good enough to clean up the city championship, but they have failed as yet to break into the win column. The Corbyville crowd's chances of defeating the east-enders were not considered the best but they had the crowd with them and by a last-period attack, they managed to tie it up, held the barber-poles at bay until the final bell and earned one point in doing it. The final score was 3 to 3.

Most of the fans came to see the second game and they saw a repetition of the first with plenty of excitement crammed into the pastime. The Finkle Electric had previously held the league leadership, but they were displaced by the Canada Cement team, who have won two games to date, having disposed of the Y's Men in their first fixture of the season. The Cement boys are out to retain the trophy, emblematic of the city league championship which they now hold. The Finkle's tried hard last night but the best they could do was to hold the villagers to a 2 to 1 score.

One or two unfortunate occurrences marked the second game and the climax was reached with five minutes to go when a free-for-all fight threatened. The police were directly behind the scene and prevented much trouble, although for a minute it was just a milling mob of players on the ice with the spectators surging toward the spot. Frank Goyer was in the penalty box serving a minor penalty and play centered at the north end of the rink. "Bunny" Frechette became aggravated when he was cross-checked by Tommy Black and turning pushed the player into the boards with some force. The two were becoming disengaged when Goyer, out of sympathy for Black, tore out of the penalty box and pitched into Frechette.

May Suspended Players

Some action will likely be taken by the City League officials in regard to last night's delinquency and some suspensions may follow. Spectators do not attend the game to witness such scenes as occurred last night.

Canada Cement 2, Finkle Electric 1. Bob Redner's Canada Cement team gained the undisputed leadership of the group when they turned back Ernie Finkle's "Hot Points" in a fast encounter, by a score of 2 to 1. Like the first it was real exciting, but the flying fist at the conclusion marred an otherwise perfect game. Goyer admitted his error when the teams took to the dressing-room and it was only in the heat of battle that he forgot himself.

Jamieson Bone, Manager
Belleville Office

Goyer is not regarded as a dirty player and he offered his apologies to all concerned when it was all over. On the other hand Frechette lost complete control of himself in piling into young Black and he was given a match penalty for the offence by referee Percy Cole. If the league is to maintain its reputation, players who stain such franchises must be taken to task. So far as the game was concerned it left nothing to be desired. The first period ended in a tie 1 to 1 there was no scoring in the second canto while the Cement lads notched the winning counter in the last frame. Colling played a stellar game and a dozen times in the first period he saved beautifully on close-in shots. He certainly was one of the stand-outs for the winners. There was a dispute about the only goal scored by the Finkles, the goalie claiming that it went through the side of the net. "Happy" Day was going great guns last night and should have been rewarded with one or two more goals. Boland was good in goal while Frechette, Jack Canning and Sam Symons were all effective. Murney Green and Goyer were both dangerous at times and they form a stone-wall defence.

Hull was the pick of the forwards for the winners and accounted for both goals. This boy plays his position, skates fast and knows how to accept a pass. Mc Donald also was in good form, while Black was a regular hornet. Perce Cole handled both games.

FINKLE — Goal, Boland; defence, Frechette, Canning, centre, J. Canning, wings, Simpson, Day; subs, Symons, Wickerson, Riggs and Ethier.

CANADA CEMENT — Goal, Colling; defence, Green, Goyer; centre, Black; wings, McDonald, Hull; subs, Hedger, Matthews, Maracle.

The next games will be played on February 6th with Y's Men playing Alemitte, and Canada Cement facing Ciacos.

Alemitte 3, Ciacos 3.

This was the surprise game of the night and the Ciacos, in coming back to score two goals in the last period, gained the support of the crowd. The luckless Alemitte had the game well sewed-up but the green shirts came back with a spirited attack and bloomed the works. Period scores were 2 to 0 and 3-1 for the Alemitte.

Stanley Hagerman and Henry Canning turned in smart games for the Alemitte while Art Young tried hard and engineered some nice rushes only to earn the booing of the crowd for no particular reason at all. Art is not the dirtiest player in the league by any stretch of imagination, but people certainly hand him the raspberry every time he steps on the ice.

Young Hughes turned in a smart game for the Corbyville team. Hughes had all the ear-marks of becoming a fine player, skates fast and knows what to do with the puck when he gets it. He counted a pretty goal when he went in fast after Scott's rebound in the last chucker, to drive it home.

Pointer attracted attention with his clever stick-handling and is one of the fastest skaters in the league. He brought the fans to their feet by scoring the tying goal on a perfect solo effort.

Harold Buck scored the first goal for the Alemitte when he batted one in from a mix-up. It appeared as though the referee's bell should have been rung before the red light flashed and there was some dispute. Henry Canning picked up a loose puck in centre ice and went through to score all alone half a minute later.

In the second period George Scott fooled Cook with a long duffer, but the Alemitte were not to be denied and Art Young sauntered through to drive another into the hemp. The Hughes and Pointer duo retaliated in quick succession and the game ended in a deadlock and Manager Bill George was quite pleased with the rally by his home team.

ALEMITTE — Goal, Cook; defence, Young, Hagerman; centre, Canning; wings, Pointer, Gibson; subs, Hibbard, Rumlion, Buck.

CIACOS — Goal, McKinnon; defence, Hunter and Pointer; centre, Baker; wings, Hughes and G. Scott; subs, Mott, Hurley.

NEW HANDMASTER

Stirling Band has a new leader, in the person of Mr. Floyd Ketcheson, of Frankford. Mr. Ketcheson, who succeeds Mr. Penison, of Campbellford, is a talented musician and is leader of the Frankford band. The Stirling band has reorganized.

JUNIORS FACING TWO GAMES AT TRENTON ARENA

Maroons Must Win From Oshawa, Monday Night

Belleville Maroons must win from Oshawa here on Monday night in order to remain in the running for the local Senior B group. Fans remember the last game when the visitors came down and the arena will likely be packed full for Monday's game. The directors are expecting the largest crowd of the season. Belleville should have beaten Oshawa right at home but they fell down badly at Kingston the other night. They simply must send Oshawa home on the short end of the score or fall into the discard. The same line-ups will face each other. The O. H. A. has appointed Ernie Parkes to handle Monday night's game.

Ed. Thomas will take his juniors to Trenton on Tuesday and Thursday nights, which means two tough games. The kids will have to be on their toes to take these games and doubtless a large number of fans will accompany the squad to Bill Fraser's town. Those who are planning on making the trip are urged to order their seats early as the reservations in the Trenton arena are limited. The rivalry between S-350 two teams is bitter and two great struggles are promised. The Juniors have a large band of loyal supporters. Mollenhauer, of Toronto, will handle both engagements.

The Trenton team made short work of Napanee last night, defeating them 11-1 with the period scores 5-0 and 11-1. Each team was handed four penalties by referee Clarke Devlin, of Kingston. Lambert was the star, notching five goals while Fillion, Parnell and Begin each scored two. A fair crowd was in attendance. Fillion counted the rettiest goal of the night.

Absorbine Jr.
THE ANTISEPTIC LINIMENT

THE soreness and stiffness that usually follow the strenuous use of active muscles are quickly banished by rubbing the affected parts with Absorbine, Jr. And it restores the tired muscles to normal—ready again for work or play.

A powerful antiseptic and germicide as well Absorbine, Jr., is also invaluable in the treatment of cuts, bruises, wounds, lacerations, insect bites and burns. It takes out the pain and guards against infection. At your druggist's—\$1.25.

Rub Away Aches and Pains with Absorbine Jr.
THE ANTISEPTIC LINIMENT

Y'S MEN HAVE HARD SCHEDULE IN BASKET BALL

Local "Y's" Will Engage Kingston at Home on Tuesday Eve

Tuesday, February 4th:—
Y's Men at Kingston Y.M.C.A.
Saturday, February 9th:—
R. M. C. at Y's Men.
Wednesday, February 12th:—
Y's Men at Napanee.
Friday, February 14th:—
Y's Men at Queen's University.
Wednesday, February 19th:—
Kingston Y at Y's Men.
February 24th or 26th:—
Napanee at Y's Men.

The above schedule of games in the intermediate section of the Eastern Ontario Basketball Association has been received by Physical Director Morden and it can be seen at glance that the Y's Men, the local entry in the Eastern Ontario series, are in a busy time ahead of them for the next two weeks. The Belleville representatives have been very fortunate in that they have been very fortunate in that to date. However, some of the hardest games are ahead of them and they will have to play basketball of a high order to keep in the running for the Eastern Ontario championship.

Their game next Tuesday evening at the Kingston Y. M. C. A. will prove a severe test for the club men. The Y team of the Limestone City were only beaten by the Queens quint by a single point and they also have to their credit a decisive victory over the Napanee team. Although the next game in which the local players figure is away from home, the fans will have an opportunity of witnessing a good exhibition of the indoor pastime a week from tonight when the Cadets from the Royal Military College will oppose the Y's Men in a league fixture. The Club Men were fortunate in winning their opening game at the R. M. C. Gym by the close margin of one point; the score being 20-19. As this score would indicate, the two teams are very evenly matched and when they play the return game at the local Y gym next Saturday evening the fans can be assured of a battle royal.

Preparatory for their game in Kingston the first of the week, the Y's men will workout against the Albert College basketball team early this evening. The boys from west hill institution are coached by Jimmy Gimmion, another member of the Y's men's club, and will be able to give the clubmen a good, hard practice game, just the thing needed to keep the Y players up to form.

RECREATION BOWLING

The C. N. R. Ladies continued their battle at the Recreation Alleys yesterday afternoon with the Lucky Strike breaking even with the Maple Leafs. Mrs. Shaddock with 249 and total 440 was high for the Lucky Strikes. High for the Maple Leafs was 405, Mrs. Graham being the lucky one.

In the second game the Lucky Five had too much luck for the Beavers and took all four points. Mrs. Repard rolled the best for the Lucky Five with 185 and total of 462. The Beavers best bowler was Mrs. R. Morgan who rolled 437.

There was one Ladies' Junior League game played at the alleys last night, the Lucky Strikes outlocking the Hydro for three points. Miss V. Gibson 409 being the highest for the Lucky Strikes. Miss R. Stevens rolled 214 and total 440 to be high for her team. Miss M. Symons also had a nice single of 218.

In the Mens' Junior games at the alleys last night the Tykes took four points from the City Battery. S. Symons rolled 159, 248, 294 and total 701 to be high for the Tykes. T. Law was best for the City Battery with 273, 170, 150 and total 693.

In the second Junior game the Mother Garage took all four points from the Arnolds Market. Bob Mohr was high with 256, 212, 227 and total of 695. For Arnolds, M. Smith was high with 441.

Lucky Strike—Miss Logan 331; Mrs. Shaddock 440; Mrs. Callaghan 285; Mrs. Logan 293; Miss Flaxler 364; total 1713.

Maple Leaf—Mrs. Ingram 405; Mrs. Moon 330; Mrs. Kerr 384; Mrs. Graham 215; Mrs. Storms 328; total 1702.

Lucky Five—Mrs. Italian 423; Mrs. Lorimer 302; Mrs. Clapper 390; Mrs. Repard 402; Mrs. Cooper 392; total 1929.

Beavers—Mrs. R. Morgan 437; Mrs. G. Gibson 387; Mrs. Buck 250; Mrs. P. Morgan 389; Mrs. Young 412; (off)

1755.
Lucky Strikes—V. Gibson 489; P. Wadden 406; I. Thrasher 433; L. Fummers 345; H. Rowbottom 427; total 2032.

Hydro—K. Cooke 438; D. Foltz 345; R. Stevens 400; M. Symons 481; M. Doe 345; total 2007.

Tykes—F. Austin 533; H. Baldree 592; F. Revell 517; T. Revell 529; S. Symons 701; total 2872.

City Battery—T. Hutchinson 504; H. Payne 461; T. Law 603; T. Heffernan 404; A. Huchon 544; total 2541.

Mother Garage—T. Lynch 384; G. Nunn 449; Corigan 590; Mohr 095; White 529; total 2557.

Arnolds—H. Mason 435; N. McFarquhar 412; M. Smith 441; E. Babcock 344; E. Currie 432; total 2064.

Y. M. C. A. BOWLING

Yesterday's Teachers' League game resulted in Queen Mary taking all four points from King George, who were a bit off color, while Queen Mary's representatives were right on edge, rolling 2078, which is some score for a four player mixed team. Mr. Kells was high for King George and Mr. Frederick for Queen Mary. High lights were Miss Ketcheson 178, 172, Miss Styles 204, 168 and 150, Mr. Law-

son 173 and Mr. Frederick 178, 274 and 100 for 642.
In the Senior League Five Aces took all four points from the Tip Tops, who made their start in this league and although not suspiciously, they no doubt will be heard from before the league schedule is completed. High singles were Drumm 240, 251, Deacon 190, Meagher 250, Adams 210, 201, Yerex 308, 225, Dickens 201. Prize winners were Dr. McFullen, J. Grimmon, H. W. Leavitt, C. J. Frederick.

Teachers' League
King George—Miss Lunenburg 453; Miss Watson 308; Miss Christie 310; Mr. Kells 448; total 1517.
Queen Mary—Miss Ketcheson 462; Miss Styles 522; Mr. Lawton 422; Mr. Frederick 682; total 2078.

Senior League
Five Aces—Drumm 601; Deacon 525; Meagher 582; Widdick 437; Adams 631; total 2840.

Tip Top—Yerex 613; Darvell 489; Liberty 451; Dickens 644; Atkins 423; total 2620.

MASSASSAGA

The Tuxis boys entertained the C. C. I. T. girls to a delightful party on Tuesday evening. A broad smile was seen on all sides when the snow storm ap-

peared to complete the evening.
Mrs. Huff spent Friday night and Saturday at Mrs. Osborne's.
Alma Ackerman is still confined to her bed. Many more who were sick are able to be around again.
Mr. Norman Wallbridge left on Sunday to resume his duties at Whitby bank.
Mr. Gordon Anderson left for Athens on Monday.
Claribel and Ruth Salisbury, of Belleville were week end guests of their parents.
Mr. and Mrs. Nightingale and Mrs. Valieu Sundayed with friends in Belleville.
Mr. and Mrs. W. F. Osborne celebrated their 25th wedding anniversary by inviting a few friends in to tea.
Miss Marjorie Broad entertained quite a number of her friends on her 18th birthday, Jan. 24. Both the party and snow storm was enjoyed by all.

MARGIN TRADERS WITH "BIG FIVE" NOW IN QUANDRY

Marginal Traders Caught as Police Seize Collateral Held by Brokers

Toronto, Feb. 1.—The arrest Thursday of leading broker members of the Standard Stock and Mining Exchange, together with seizing the companies' books, refusing their representatives the trading privileges of the floor and throwing at least one house into the hands of the receiver, has left thousands of margin holders of mining stocks all over the country wondering precisely where they stand.

Holders of mining stocks purchased outright appear to have but one point of worry, and that is the direction the market may take as a result of it all. Some indication of public sentiment with regard to that phase of the situation was furnished during the day's trading on the Standard Exchange when practically the whole list sold off rapidly. About the only stocks which gave evidence of ability to hold against the tide were Noranda and International Nickel, both of which had the supporting movement of the Toronto, Montreal and New York Exchanges to hold them to fairly normal levels.

But while the holders of mining stocks purchased outright have some idea where they stand, it appears to be quite a different matter with the mining margin traders. It has been estimated that there are scores of thousands of such traders scattered from coast to coast, for the brokerage houses whose active heads are now faced with legal proceedings were among those which were carrying on the heaviest trading and whose wire services covered the widest territory.

Margin Stock Seized
The difficulty of the margin trader as it could be observed Thursday night, was that his stocks purchased on margin as well as the collateral put up to cover the margin portion of his purchase had been seized by the raiding officials along with the books of far as can be observed for the present, the brokerage house concerned. So both stock and collateral are now tied up until such time as the government officials see fit to release them. The holders, accordingly, appear to be out of the market for a time at least. And while they are out of the market, they are not in a position to take advantage of whatever swings may take place in the mining market in general.

Stock Held by Province
Yesterday the assets, including thousands of shares of mining stock, of Stobie-Furlong and Company, D. S. Paterson and Company, Arthur E. May Company, Homer L. Gibson and Company and Soloway-Mills and Company are held by the Government of the province. Practically all these assets are the property of clients of the affected firms.

Late Wednesday and into Thursday night the question was: "If I pay up my margin, can I collect my stock?" Hundreds of clients are in the position of having deposited collateral to cover margin. Some, a minority it is likely, own the stock outright that stands in their names.

Anaemia Weakness of the Blood

Pallor of the lips, gums and eyelids is proof that the blood is thin and watery. Anaemia is the name given to this condition.

Anaemia is most prevalent among girls and young women. The school girl often suffers as the result of an anaemic condition of the blood and the consequent upsetting of the nervous system.

The remarkable success of Dr. Chase's Nerve Food in cases of this kind is perhaps the best proof that it goes directly to the formation of pure, rich blood. And pure, rich blood is the foundation of the health and strength of the whole human body.

Dr. Chase's Nerve Food

The greatest of restoratives for the blood and nerves.

Their problem is: Do I or don't I get it?

Late Thursday night Attorney-General W. H. Price stated: "It is not our position to decide just what is done with this collateral. We stepped in, seized everything and prevented the possibility of transference. All these assets are now held by us. Tilley, Johnston and Parmenter, one of Canada's outstanding legal firms, and Messrs. Clarkson and Edwards, two of the most competent accountants in the province, will study the conditions of the firms and the action that will be taken in the interests of the clients."

"If there are persons, as there undoubtedly are, who state they own certain stock or collateral, let them make their claim. These claims in due course will be investigated and the claimants delivered their property."

The position is that the government, with a swiftness and precision that is taken the study and application that has been given the brokerages, stepped in and confiscated all the effects of the five brokerage houses whose books they state they have audited. Criminal charges of conspiracy were laid against the heads of the brokerages. If a panic has been created among the clients of these houses, it is regrettable but necessary.

Rush on Brokers
The question however, that affects marginal trading is this: Will marginal traders with other houses, fearing similar action against their brokers, rush within the next few days to cover the balance on their holdings and claim immediate delivery of their stocks?

Further arrests might be made. The attorney-general states that he does not wish to comment on such a possibility because of the natural effect. But if audits are still proceeding and houses should be taken under the government's present course such a possibility still exists.

PIRATES RUNNING IN HARD LUCK

Fans Quitting Team—New Arena Is Probable Now

The old story about a new rink for Pittsburgh is again in the air. Duquesne Garden is a terrible place for hockey and a terrible place to ask the public to go. If proof is needed for that statement then it can be said the fans don't go. The talk is now that the City of Pittsburgh is anticipating putting up some sort of a building and it will include space for hockey.

"Benny" Leonard, who is President of the Pittsburgh Club, though it is said he doesn't own a cent of stock, has offered \$35,000 a season in rental for twenty-two home games, which is slightly over \$1,500 a night. With a decent rink and a decent team Pittsburgh might not be a bad proposition. But it will never be a real hockey town. It has been killed because of the fact that the owners to date have never made an effort to strengthen the team to any extent.

When Pittsburgh played Rangers the other night, Manager Frederickson, in desperation to stop the flow of losses, sent young Spooner into the nets in place of Miller, used Miller on the defence with McKinnon and used Gordon Fraser, a defence man, as relief centre. For one period it worked and Pittsburgh ran in three goals.

Then in the second session Rangers started to click and four goals oozed by Spooner. That was enough. Out came Spooner and in went Miller. Smartly did Pittsburgh come back and take the lead. But just as smartly did the Rangers come back and pull out a victory. Now "Preedy" doesn't know just whether his strategy worked or not. But he does know he lost another game.

O. H. A. BULLETIN

The sudden-death game between Hesper and Guelph O. A. C. will be played Monday, Feb. 3, not to-night, as previously announced. The winning team then meets Elora for section honors, Tuesday, Feb. 4, and Thursday, Feb. 6, with the last game at Elora. The winner for this series will play Paris for the group title Feb. 8 and 10, with the first game at Paris.

Bellefonte juniors play at Trenton Tuesday, Feb. 4, and Thursday, Feb. 6. To decide the group championship, Bracebridge intermediates will play at Coldwater on Monday, Feb. 3, with the return game at Bracebridge on Wednesday, Feb. 5.

Games Monday, Feb. 3.
Games and referees for Monday, Feb. 3, are as follows:

Senior B Series
Oshawa at Belleville—Ernie Parkes, Toronto.
Preston at Port Colborne—George Pernie, Niagara Falls.
Woodstock at London East (at Woodstock)—Tee Hillman, Kitchener.

Intermediate Series
Bracebridge at Coldwater—Clarence Simpson, Midland.
Guelph O. A. C. v Hesper (at Preston)—Georges Karges, Kitchener.
Dunnville at Simcoe—Ernie Wortley, Toronto.

Ward at Forest (at Watford)—Charlie Slater, London.
Walkerton at Durham—H. H. Jacob, Toronto.
Bowmanville at Port Hope—Mac McCarthy, Toronto.
Burlington at Grimsby—John Mitchell, Hamilton.
Goderich at Clinton—A. R. Oliver, Galt.
Camp Borden v Stayner (at Collingwood)—Norm Cooke, Orillia.

Junior Series
Varsity at Parkdale (Arena Gardens 8:30)—Harry Balesone, Kingston.
Kitchener at Stratford—Earl Balkwill, Brantford.

Bowmanville at Oshawa—Norman Alberts, Toronto.
Niagara Falls at Hamilton—Guy Smith, Hamilton.

Gananoque at Queen's—Frank Bellringer, Kingston.

U.C.C. at St. Michael's (Varsity Arena, 4 p.m.)—Bert Hedges, Toronto.
Bolton at Brampton—W. Walsh, Toronto.

KI-Y HOCKEY

KI-Y GAMES LAST NIGHT
On the Arena ice the Wolves met the Moose in a junior fixture. The teams were evenly balanced and put up a fine brand of hockey. The game was handled nicely by Jack Trautman. The game resulted in a tie one-one. In the Juvenile Section on Simpson's Rink the game handled by Ab Young's Five Wolves won from the Second Boy Scouts. These boys are certainly improving in their hockey and developing some nice players.

THE CANADIAN DEPARTMENT STORES LIMITED

Leadership Won and Held By Right Goods, Right Prices, Right Methods, and Reliability.

BROADCAST SALE OF PICTURES AND MIRRORS

Monday

The second broadcast sale brings an immense selection of attractive pictures and mirrors at prices that leave no doubt as to the saving opportunities provided by the broadcast. Descriptions do not do justice to the merchandise. See the windows—then prepare to be on hand, Tuesday, at nine o'clock sharp!

Needless Pain!

The man who wouldn't drive his motorcar half a mile when it's out of order, will often drive his brain all day with a head that's throbbing.

Such punishment isn't very good for one's nerves. It's unwise, and it's unnecessary. For a tablet or two of Aspirin will relieve a headache every time. So, remember this accepted antidote for pain, and spare yourself a lot of needless suffering. Read the proven directions and you'll discover many valuable uses for these tablets. For headaches, to elastic colds. To ease a sore throat and reduce the infection. For relieving neuralgia, neuritis, rheumatic pain.

People used to wonder if Aspirin might be harmful. The doctors answered that question years ago.

It is not. Some folks still wonder if it really does relieve pain. That's settled! For millions of men and women have found it does. To cure the cause of any pain you must consult your doctor; but you may always turn to Aspirin for immediate relief.

BRIDGE STREET CHURCH MARKS STEADY ADVANCE

Reports From Various Departments Show Growth

SPIRITUAL ACTIVITY

Evidence of Congregational Life in Work of Departments

The congregation of Bridge Street United Church assembled last night in the Sunday School rooms to attend the 15th annual meeting of the church and to hear the reports from the officers of the different departments. The past year has been one of progress and spiritual blessing. The many departments reported increased interest in the work of the church, the study of scriptures, the requirements of the local needs in our community such as ministering to the sick and afflicted, the claims of the home and foreign missionary work. All these claims required study, time, effort and means, but they were gladly furnished by the membership.

It is 150 years since Christ died and finished the work he came to do. He came to reveal to the world the great love of God. Under the guidance of the Holy Spirit the churches are trying to carry on His work. The vine that was planted in Belleville 115 years ago grew and has brought forth abundant fruit. The explanation of this growth is that Christianity is not a mere creed or philosophy—it is life. That life is real, but supernatural. The supernatural has its source in God. The ordinary man needs a teacher, for "Faith comes by hearing." The churches train men to teach and to preach. There is prayer and music but the sermon really draws the audience. The average man in this day and generation will not take time to study the Bible therefore there is need for the Church in every community.

In Rev. Dr. Bell, Bridge Street Church has one of the outstanding teachers and preachers of the Christian Church and under his leadership we hope to serve well the community and extend its influence through the lives of its individual members to the world wide activities of the church.

Mr. F. S. Deacon, secretary of the church, acted as chairman, and referred to the great heritage left by the early pioneers and the splendid positions on the Scriptures from time to time by the present pastor, Rev. Dr. H. H. Bell.

For the Canadian Girls in Training, Miss Clara Ostrum gave a comprehensive outline of this important feature of juvenile endeavor.

Miss Grace Kenny reported upon the various achievements of the Young Ladies' Mission Circle in their studies and financial raising of over \$250 toward missionary support and embracing Christmas boxes packed for needy fields.

S. R. Report

The Sunday School report compiled by the Superintendent, Mr. Joseph Shortt, was, owing to his call out of the city, given by the secretary, Mr. J. O. O'Flynn. It showed an enrollment of over 500 scholars and 50 officers and teachers. Missionary, Bible service and Bible study was shown to be occupying much attention. The receipts of this branch of the church during last year were about \$800.

Mrs. Ernest Dickers read the report of the Women's Association of the church under the presidency of Mrs. Blakely. Many ladies had been welcomed into the church during last year and their financial achievement as an organization was over \$100.

Please Turn to Page Three

MEXICAN PRESIDENT WOUNDED IN JAW

(By Canadian Press)
Mexico City, Feb. 6.—Two hours after Pascual Ortiz Rubio had taken the oath, Wednesday, as president of Mexico, amid the cheers of 50,000 of his countrymen, an unsuccessful attempt to assassinate him was made at the gates of the national palace here. He was wounded in the jaw by a bullet.

E. ST. GODDARD STILL CHAMPION

Wins Gold Challenge Cup Purse of Thousand Dollars

Ottawa, Feb. 6.—"The greatest sled dog race that ever happened," was the way Dr. H. A. Souther, of Boston internationally known judge who has officiated at all the leading meets, described the Ottawa International Dog Derby which finished Wednesday afternoon with Emile St. Goddard of the Pas, Manitoba, winner of the Chateau Laurier Gold Challenge Cup. The purse of a thousand dollars and a new glory to his already brilliant history as a musher.

"There never was a faster race or a keener finish for the distance," said Dr. Souther, describing today's run.

Second to St. Goddard 20 minutes 22 seconds behind the winner was another Manitoba boy, Earle Brydges, of Canberry portage. An extraordinary feature of the Derby was the keen fight for second place between Brydges and the famous Alaskan, Leonard Seppala. The Manitoba lad beat Seppala by a scant 28 seconds.

St. Goddard's aggregate for the three days, three times around a course of approximately 33 miles, was eight hours, 13 minutes and 23 seconds. In yesterday's race however, he was beaten by both Brydges and Seppala. A bad start, caused by his dogs getting confused by the crowd, had something to do with St. Goddard's adding time to his round. He completed the course the first day in two hours and 37 minutes. The 2nd day in two hours, 40 minutes, 20 seconds. Today his time was two hours, 56 minutes, three seconds. The fastest time today was made by Seppala who did the 33 miles in 2 hours, 45 minutes and 20 seconds. Brydges time was 2 hours, 55 minutes and 35 seconds a matter of fifteen seconds between the two of them, in fact, there were only 43 seconds between the 1st man in today's heat and the last.

PICTON EDITOR MAY BE MAYOR

A. E. Calnan of Gazette Resigns From Council To Be Candidate

Pictou, Feb. 6.—A. E. Calnan has resigned as councillor on Pictou town council to offer himself as mayor and successor to the late Edmund Peeling. As yet no other candidate has announced his intention of causing a contest. Councillor Calnan, who is the editor of the Pictou Gazette, has served on the Town Council for several years and this year is chairman of the Street Committee. He would make a popular and efficient mayor.

Mountains No Barriers To Aviation Progress

Calgary, Feb. 6 (C.P.).—How from a daring flight from Calgary to Vancouver across the highest peaks of the Canadian Rockies, during which W. E. Rutledge, co-pilot of the Gascoigne monoplane, to earth last night. He missed the landing that a forced landing in mountains.

OPENING OF LEGISLATURE

B.C.I. TEAM 2ND. IN CADET SHOOT

First Belleville Team Scored 953 and Second Made 838 Points

Belleville Collegiate Institute cadets possess some line talent in the shooting line and in the recent Laura Second Competition for Collegiate and high schools in Military District No. 3, which takes in Eastern Ontario and part of Quebec they were successful in taking second place in the district, being beaten by a small margin by Ottawa Collegiate Institute. B. C. I. entered two teams in the competition, the first team made a score of 953 and the second team a score of 838 out of a possible 1,000. The first team which took second place in the contest is composed of Angus McFee, A. Lazier, S. Goodman, F. Churchill, J. White, C. Mott, H. Little, H. Potter, Don Dalrymple, F. Hitchen, F. Hitchen made the highest score for his team, gaining 100 points. The second team was made up of J. Hitchen, G. Fisher, C. Burnett, B. Proctor, D. Campbell, A. Nokes, G. Chalmers, William Lynch, W. MacLaurin and C. McKenzie. Prizes are awarded to the winning teams by the Laura Second Chocolate Company, the team coming first received 20 pounds of Laura Second Chocolates.

MINSTRELS SING AT MOIRA LODGE

Historic Night at Masonic Fourth Degree at Temple

An historic night was celebrated at Moira Lodge when one of the largest gatherings in history turned out. The fourth degree was exemplified in pleasing style. The big feature was the minstrel show, and the affair presented last night created an instant hit, and it will be reproduced at the big Cacao dinner tomorrow night. Members of the cast are: Eddie George, Ernie Monck, Fred Chamberlain, Geo. Dulingge, Morley Day, Bob Brown, Dick Arnold, Jack Marsh, Ab Wheeler, and Jack Gordonier. The minstrel show is complete in every detail and will be presented at a later date at other entertainments.

Two little girls, daughters of Howard and Walter Asselstine gave a pretty tambourine dance. An orchestra, with Leo Stiggs at the piano, dispensed the music for the occasion.

TO PLAY BADMINTON

A number of players from the Belleville Badminton Club will take part in the tournament which opened at Kingston today. Two hundred players will take part in the tournament for the Ontario championships and all the little holders will be in Kingston to defend their laurels.

Jack Purcell, Canadian champion, and holder of the Ontario championship title, took part in the draw with T. H. Havle of Oakville, last year's runner-up at the bottom. There are 28 entries including C. Armstrong, Oakville, seeded in Purcell's quarter; Colonel G. Grant of Kingston, winner last year of the St. Lawrence district title; and Jack Cameron of Ottawa, noted Olympic hockey goalie, in the second quarter.

GENERAL AMNESTY

Madrid, Feb. 6 (C.P.).—A Royal decree was issued today declaring a general amnesty for all accused or convicted of rebellion or sedition against the Spanish government during the dictatorship of General Primo De Rivera who was overthrown last week.

COMING EVENTS

SUBMARINES TO STAY BUT WILL BE RESTRICTED

Five Powers Agree Upon General Outline of French Plan

ITALIAN RESERVATIONS

French Purpose Light Cruisers and Destroyers For One Category

(By Canadian Press)

London, February 6.—What virtually amounts to a Five Power agreement by which submarines will not be abolished although their activities will be restricted, was said in conference circles today to have already been achieved.

The Five Power Naval Conference, sitting as a committee of the whole, this afternoon, agreed provisionally on the general outlines of the French plan for limiting naval tonnage, the conference spokesman announced. Italians still entered reservations on all points. A sub-committee of two experts and one advisor from each delegation will be named to adjust certain technical differences between the two groups, namely British and United States delegates on the one hand and the French and Japanese on the other. The sub-committee will also draft resolutions summarizing the progress which has been made in the original French proposal; blank spaces were left for global or total tonnage figures of each nation. The meeting decided that these figures should be inserted before the plan is finally accepted. It was understood the French proposed that light cruisers and destroyers should be placed in one single category. Japan supported this but the United States and Great Britain opposed it. It finally was decided to leave this for further discussion by experts.

London, Feb. 6 (C.P.).—French Naval Conference circles declared flatly that France would not in any way consider now the abolition of submarines. This pronouncement was in answer to the announcement of the United States delegation head, Col. Henry Stimson, that at next Tuesday's plenary session he would propose the abolition of underwater craft.

With this issue before it, Tuesday's session promises to be one of the most outstanding of the conference. Nations will be aligned about as follows: Great Britain and the United States for total abolition of the craft, France and Japan insist upon retention, while Italy probably will adopt a rather non-committal attitude.

With this issue before it, Tuesday's session promises to be one of the most outstanding of the conference. Nations will be aligned about as follows: Great Britain and the United States for total abolition of the craft, France and Japan insist upon retention, while Italy probably will adopt a rather non-committal attitude.

With this issue before it, Tuesday's session promises to be one of the most outstanding of the conference. Nations will be aligned about as follows: Great Britain and the United States for total abolition of the craft, France and Japan insist upon retention, while Italy probably will adopt a rather non-committal attitude.

DETECTIVE FREED

Courtland I. Kelly, Toronto private detective, who was acquitted in Hamilton court upon charge of subordination of perjury. The case was one of country-wide interest it having been alleged that Kelly attempted to influence by witnesses.

GETTING EVEN

Policeman Who Ticketed Car Will Win Bride

Evanson, Ill., Feb. 6 (C.P.).—"I'll get even with you," said Miss Florence Steiger to Policeman George Bein when he gave her a ticket for overtime parking. "I'll get even, if it takes the rest of my life." That happened last June. There is little more to add, save to mention that Bein and Miss Steiger have announced their forthcoming marriage.

QUEEN VICTORIA SCHOOL CADETS LEAD E. ONTARIO

Douglas Anderson of Q.V.S. Wins Special Prize With Possible

In the Cadet Orders of Military District No. 3 received at the Public Schools this morning, Queen Victoria Public School leads all the Public Schools of the Eastern District in the recent Laura Second Competition. Queen Victoria came second and was defeated only by a continuation school, which are classed in the Public School series putting the Public Schools under a handicap.

In coming second Queen Victoria defeated such schools as the "Ottawa Normal Model School", who came third and also schools from Kingston, Peterborough, Ottawa and other cities much larger than Belleville. Douglas Anderson, a member of the team, made the highest score of any member of any team and he receives a special prize, his score being a possible 100.

The prize which the team receive is 10 lbs. of Laura Second Candy. Mr. J. E. Bateman, cadet instructor at Queen Victoria School under whom the team was trained deserves great credit for the success of this, his first entry in this competition.

The team consists of: D. Anderson, J. Stewart, B. Steiger, H. Hope, J. Hunt, H. Hannett, H. Ridley, V. Row, Nathan, J. White, N. Woodcock.

THE WEATHER

Cloudy and becoming somewhat milder tonight and on Friday with some snow.

WAS TWENTY-SIX BELOW ZERO IN SUDDEN DECLINE

Unexpected Drop of Temperature Found Some Unprepared

COLDEST IN 5 YEARS

Winter of 1925 Saw Three Degrees More Frost Than Last Night

The bear and the groundhog certainly must have seen their shadows last Sunday, and gone back to their winter sleep for another six weeks, judging by this cold spell. The lowest temperatures recorded yet this winter were marked up last night, 26 degrees below zero being the temperature at the pump house at five o'clock this morning.

And with this cold spell comes back again the spectre of a flood of the Mohr River in the Spring. The ice heaved and cracked all last night as the frost got in its work, and this morning the channels which had been left open after the ice push of a month ago were rapidly closing. There is more snow on the ground right now than there was when the soft spell came a month ago, and there was plenty of damage done then. If warm weather comes suddenly, Belleville seems sure to be in for a ducking.

Frozen radiators were a common sight on the main streets today, some mixtures of alcohol and water proving too weak for the elements. Plumbers reported a rushing business chasing out waterpipes, and every coal dealer seen was wearing a broad smile. (Please turn to Page Three)

BRIDGE ST. CLUB MEMBERS GATHER

"British Empire Twilight or Dawn" Theme of Mr. J. O. Herity

Bridge Street Men's Club met for "the second time in the Sunday School parlors last night with a splendid attendance featuring. This is a new organization in the church and is a move in the right direction, allowing the male members of the church an opportunity to fraternize together. Mr. W. B. Deacon, was in the chair, while Howard Clarke and Bill Pinkle acted as Sergeants at arms, with Mr. Tom D. Ruston, soup-leader. The musical selections, Ernie Monck rendered a solo with V. P. Hunt acted as accompanist. Percy Cole gave two selections while Bill Colough was also heard in one number. Ross Hunter and Bert Houston presided at the piano. Rev. Dr. Bell, pastor of the church, in a short talk congratulated the men on their new organization and said that every indication pointed to its success.

Mr. J. O. Herity, the speaker of the evening was introduced by Mr. Chas. Reid. Mr. Herity who is always a welcome visitor at Bridge Street, spoke on "The British Empire, Twilight or Dawn."

In his opening remarks he pointed to the triumphant event in London, thirty-two years ago which marked the jubilee of Queen Victoria's ascension to the throne. "That pageant was a remarkable illustration of the infinite powers of the British Empire and in the hour of the event a new postage stamp was inaugurated, bearing a miniature map of the world showing the British possessions prominently." The speaker observed, in this connection he made reference to Rudyard Kipling's poem: "Let Us Forget," which appeared in the London Times which has become immortal in English literature. Mr. Herity traced briefly the reign of "King Edward the Peacemaker" and King George, the present sovereign.

"The British Empire has withstood the shock of many wars and her navy still rises powerful and triumphant; she owns one-quarter of the land surface of the world and four hundred and fifty million people live under her flag," he said.

"For thirteen centuries we have been a nation," he said.

CRITICISM OF WARBOOKS.

So many warbooks are being published that protest has arisen against a flood of what is accused of depicting "the lowest and most degraded aspects of humanity in its wretchedness and nakedness." Ian Hamilton, author of "The First Hundred Thousand," says:

"We are being flooded, though not with correct metaphor, with an epidemic of war books, depicting the men who fought for us as brutes and beasts, as living like pigs and dying like dogs, disillusioned, drunken and godless. Even 'Journey's End,' which dealt with a certain rather exceptional case of war strain, has been claimed as a representative picture of the average British soldier keeping up his courage by drink."

The Hamilton Spectator, in a comment on these war books, says:

"It is quite true that in every man there are diabolical as well as godlike elements, and that war brings these diabolical and belialistic qualities to the surface to an unusual degree, but it does not stifle the godlike virtues nor submerge them altogether, and the man who knows himself at his weakest as war reveals this side of his nature to him, and who conquers it and subjects it to his better self, is a stronger and a greater man than one who has not had such an experience."

"It classifies a man at one when he chooses rather to revel in filth than to follow the struggles of those who rise out of and above the filth into the province in general which they have been compelled to plunge. War is a horrible necessity at times, but it is in the possibility of things to make it unnecessary, and it is only by giving the godlike in man an opportunity to manifest itself that man's true strength can be seen."

"It is a subject upon which there is great debate, and the extreme proficients who will sacrifice nothing, even for the highest aims and ideals, will not be found to agree with Ruskin; but if they do not, they set themselves on the side of these painters of depravity and ignoble living, rather than with those who see in unselfish sacrifice for the highest good a reflection of the divinest life."

BENEFICIAL LEGISLATION PROMISED IN ONTARIO.

The healthy condition of the finances of the Province of Ontario which were announced in the Speech from the Throne at the opening of the eighteenth legislature on Wednesday, proves what a careful guardian of the public is the Ferguson Government. The surplusses which have been reported in the past couple of years have placed

this province in an enviable position. The credit of Ontario has been in the words of the address, "noticeably enhanced and the government will be able to meet the cost of old age pensions and other engagements without the necessity of seeking new sources of revenue." This is a proof of the careful stewardship of the government.

The close attention which the cabinet is giving the mining development of Ontario is indicated in the promise of a bounty on iron ores, mined and smelted in the province. The intention of the government is to foster the iron and steel industry of the north. What this means to the province may be judged from the immense developments which have taken place in the "iron" states of the United States. A recent speaker in Belleville said that one quarter of the people of the United States depended upon this mammoth industry built on the iron ore deposits in Michigan and the northern states. Ontario's fortunate position may best be imagined. The government believes that with proper aid Ontario's iron ranges can be made the source of untold wealth.

Another sign of interest in Ontario mining is the determination to proceed with the development of the lignite in Northern Ontario. There is also likely to be an interesting amendment to the Security Frauds Act which will protect investors, this amendment being of special interest in view of the recent investigation into trading practices on the Standard Mining Exchange.

Legislation is to be enacted enabling loans to be advanced for farm installation and permanent equipment.

News of the Government's intention to extend the provincial highway system through rural and northern Ontario will meet with welcome from all parts of Ontario.

The Speech from the Throne speaks of reports on automobile insurance rates and social welfare, hospitals and charitable institutions.

The Ferguson Government shows on every hand its intention to devote itself wholeheartedly to the development of the province in general and especially to the carrying out of the promises made some months ago in regard to readjustment of service charge to rural power users and to other matters.

The legislation which is forecast in the speech is constructive, it evinces sincere effort on the part of the cabinet to keep a close watch on the needs of the people and to satisfy these wherever and whenever possible.

The people of Ontario must be pleased at the forecast of the present session of the eighteenth legislature.

PASSING YEARS From The Intelligencer Of This Day Years Ago

Mr. H. Corby, M.P. has contributed \$100 to the fund initiated by the Veterans' Association for insuring the lives of the gallant fellows who have gone from Belleville to the South African War.

Mr. H. F. Ketcheson went to Toronto to-day on business.

Handel Hastings is a native of Belleville, a young Canadian of rare and versatile talent; a dramatist, poet, musical composer, a singer and a journalist. He has done good work in each of these capacities. He is now playing an engagement in Hamilton with a Symphony Orchestra.

HAVE YOU HEARD THESE?

It was the day of the school concert, and the audience consisted mostly of proud parents anxious to see their children perform.

No. 8 on the program was Master William Adams, who was going to recite Shakespear's bold attitude this young gentleman began as follows: "I am a Roman, countrymen, lend me your ears."

At this point a mother turned to the woman sitting beside her, who was a neighbor.

"There, that's the Adams boy for you," she said tartly. "He wouldn't be his mother's son if he wasn't trying to borrow something."

"Auntie, kin I have some strawberries?"

"Strawberries are out of season." He hesitated for a moment and then asked: "Is cookies?"

Owner: "Hey, there, don't you see the sign? It says 'No fishing on this ground.'"

Fisherman: "Sure, I see it. I ain't fishing on the ground."

"How much for that bust of Danton?"

"\$50."

"But the head has been stuck on again."

"Of course — he was guillotined."

"What is the difference between a specialist and a philosopher?"

"A specialist is one who starts out with an intense interest in some one thing, and he continues to learn more and more about less and less, until finally he knows all there is to know about nothing. A philosopher is one who starts out with a casual interest in a great many things, and he continues to learn less and less about more and more, until finally he knows nothing at all about everything."

"So you have just got another parrot, Mr. Jones?"

"Yes, my wife had one, so I thought I would get one."

"Do they talk?"

"Rather! My wife says: 'You have dropped some ash on the carpet' and mine says: 'The bacon is burnt again!'"

Querro: "I see you have put a headlight on your baby buggy; why not a horn, also?"

Invento: "With a baby like ours, the horn is not necessary."

THAT BODY OF YOURS

By James W. Barton, M.D.

TREATING SMALL WOUNDS

One of the distressing things that occurs only too often is death from a small wound such as the prick of a pin or a knife. Sometimes it is only a small scratch.

Now, when a severe wound occurs one might expect that there would be considerable dirt get into the tissues, and infection follow.

As a matter of fact it is found that infection starts in a small wound more often than in a large wound and as often in the upper as in the lower part of the body.

Unfortunately also, these small wounds that become infected and some times cause death occur for the most part in vigorous persons in the best years of life.

Now why do small wounds cause so much trouble? Because the average person simply puts something on it, gauze and adhesive tape, and gets the bleeding stopped as soon as possible.

Now if a small instrument or something sharp has caused the wound, then the edges close back almost immediately and there is very little bleeding.

sure is often a wise procedure. The use of iodine after a has stopped bleeding is likewise good treatment and first aid kits are now supplied with this valuable antiseptic.

Don't neglect a small wound. It is not much trouble to safeguard your limb or perhaps your very life.

COMPROMISED

London, Feb. 7. C.P.—Compromise proposal on the unemployment insurance bill, which the House of Commons agreed the House of Lords last night, has been accepted by a majority in the Upper House. This is averted the crisis which for a time threatened a political upheaval with a possible dissolution of parliament and new elections.

Bad Legs Can Now Be Treated at Home

A new treatment which releases less suffering during its use has been discovered in the treatment of the ordinary.

This new treatment is known as Moore's Emerald Oil. Various diseases yield to this powerful penetrating oil and together with various venous diseases, swollen and painful legs are reduced and inflammation and irritation become things of the past. Those who have received this treatment should get a bottle of Moore's Emerald Oil and start the treatment at once. All good druggists have it.

MISSING 32 YEARS NOW WEALTHY MINER

CRANFORD, N.B., Feb. 5. — It proved to have been right in the South African War, to which he went as a boy from South Lake, P.E.I., 32 years ago, John Angus Macdonald, now a wealthy gold miner in South Africa, has written to his relatives here for his birth certificate, which he needs for his purpose.

Every effort to trace Macdonald after the war was in vain, and his money deposited in a bank in 1908, was never claimed. It was not until though over age, he went through the Great War.

Mainly About People You Know

TO ORGANIZE CLUB

The Belleville Y's Men's Club will go to Kingston on Friday night of this week where steps will be taken to organize a new club among the young men connected with the Y. M. C. A. in that city. Mr. Newton Thompson, of this city, international president of Y's Men's Clubs, will be the chief speaker and he will present an outline of the club activities. The local members will leave the Y. M. C. A. here at five o'clock by bus.

SCIENTIFIC PALMIST AT QUINTE HOTEL

Have your hands read. Know yourself. Room 54, ten till ten, \$1. 15-16d

APPOINTED CASHIER

Mr. William Green, well-known hockey player with the Maroons, who has served in the capacity of relief clerk at the Ontario Government Liquor Control store for the past year, has been permanently appointed cashier here. Mr. Green succeeds Mr. Beverley Gribble, who has been named local manager for the Conger Coal Company. Mr. Gribble succeeds Mr. Cecil Fraeek. Both of these young men are popular here and their friends will wish them success at their new posts.

Change in business, stock must be sold. Ladies Fur Coats at cost and less than cost. No reserve.

The Hyman Fur Co. Ltd., Belleville, Ont.

DEDICATE PIPE ORGAN

The new pipe organ recently installed in Bloomfield United Church is now complete and will be dedicated at a service Sunday when Rev. McCutcheon, of Belleville, will be the preacher. The new organ which was supplied and installed by L. Downing of London, Ontario, is 15 feet high, 14 feet wide and 8 feet in depth. It fits the organ chamber as perfectly as

though it had been designed for it. The new instrument has two keyboards and pedals, 10 speaking stops and about 600 pipes. The wind is supplied by an electric blower. The tone and appearance is very fine. The church, therefore, is now equipped musically as well as in the furniture. The former organ was a hand-blown one.

Change in Business, Stock must be sold. Every Fur Coat must go by February 15th, 1936. No reserve.

The Hyman Fur Co. Ltd., Belleville, Ont.

PHOTO HUNG

A group photo of the 1935 City Council has been hung in the council chamber. The photo has been given an honored place in the gallery already gracing the room.

MISSED FUNERAL

Mr. Percy Moore, of Deseronto, was unable to attend the funeral of his father, owing to the late arrival. It is said, of the telegram conveying the sad news. He spent the night with his mother, leaving on Thursday for his home in Fort Erie.

MINSTER GOT THROUGH

When the storm prevented the mail carrier from making his trip from Cherry Valley to Picton, the Rev. L. B. Smith, of Belleville, was called upon to deliver the mail. He made good, too. Smith, a veteran of the war, has made himself solid in his community over the exploit, commends the Deseronto Post.

GOT THROUGH ICE

It is reported that a horse broke through the ice near the ferry at Deseronto. As a consequence the road from that part of Prince Edward to Deseronto follows the bay to a point back of Forester's Island, across to the North Fredericksburg shore, up the shore, and then straight across the bay to Jewin. It makes it a long trip but it is much safer. At the present time there is considerable water on the ice between the old iron works dock and the dock at the end of Forester's Island, and one hole (that the Deseronto Post Editor knows of).

25 PER CENT

Belleville School boys and girls banking in the Penny Bank has a record of 25 per cent depositors for November and December. The figures for Belleville are: King George 34, Queen Alexandra 25, Queen Victoria 25, Queen Mary 21. The total amount on deposit at end of December, 1935 was \$6990.16. Comparative figures of a year ago were \$6928.66.

MOOSE EUCIRE

The Moose eucire and dance held last night in the Moose Auditorium was perhaps the most successful held this season by that organization. The many fine prizes given for the eucire attracted many, there being twenty-four tables in operation. For the ladies, Mrs. A. Lloyd won the first, Mrs. G. Ives won the second and Mrs. R. Morgan carried away the third. For the men, Mr. S. Christie was the winner of the first prize, Mr. G. Mossman won the second and Mr. R. Hogan the third.

SATISFACTORY YEAR

The annual meeting of The H. P. Ketcheson Co. Ltd., Insurance Agents, was held yesterday at the office of the Company, 30 Bridge Street, Belleville. They report a very satisfactory year's business for 1935.

TO BOX IN KINGSTON

A number of boxers from Belleville will engage a number of Queen's multi-pushers in the Limestone City next Tuesday night. One of the most promising of local amateurs, Bentley will stack up against Art Boyne, the Inter-collegiate champion while "Chuck" Cline will be among the contingent to invade Grant Hall in search of ring honours. Most of the local boxers have been practicing faithfully at the Canadian Legion Hall and they will provide plenty of competition for the students.

TWENTY-SIX

Continued from Page One

The thermometer at the pump house this morning registered twenty-six degrees below zero at five o'clock and this is the lowest record since 1925 when the mercury dropped to twenty-nine below on one occasion. Mr. E. T. Austin, manager of the Waterworks Department states that he has made a study of the antics of the mercury since 1921 and finds that the records show that after an extremely cold snap the subsequent periods of cold weather are short. Every indication points to an early Spring this year. The following records of the lowest temperatures in Belleville since 1921 are furnished by Mr. Austin.

Record of Cold

Jan. 19th, 1921, 17 below zero.
Feb. 17th, 1922, 12 below zero.
Jan. 17th, 1923, 19 below zero.
Jan. 27th, 1924, 15 below zero.
Jan. 28th, 1925, 29 below zero.
Jan. 29th, 1926, 16 below zero.
Jan. 15th, 1927, 16 below zero.
Feb. 25th, 1928, 8 below zero.
Jan. 14th, 1929, 17 below zero.
Feb. 6th, 1930, 26 below zero.

BRIDGE ST. CLUB

Continued from Page One

ying to build up a Chinese civilization and a Democratic form of Government and we find that it is the best system ever devised. In Canada we have a third party, non-religious and non-Christian, which is trying to undermine this system of government. Diabolically cunning, it has secured a strong foothold, and for twelve years has been carrying out its policies. That party has put to death two million people in the world and is trying to destroy that great institution of home," he deplored. "Its members have grown to great proportions, the party has become international in character and its adherents are carrying on an insidious campaign of propaganda."

Mr. Herby pointed to the great Communist movement in Winnipeg in 1919 when the party took possession of the city and held for six weeks, forcing courts of law to cease functioning and silencing the press. The speaker, in referring to the recent outbreak in the city of Toronto expressed the opinion that the situation was not handled with wisdom. He attributed the troubles in India directly to Communist influence and said that the uprisings were largely fomented by this party. "China is combatting the same influence and its leaders are carrying on in the dark," he noted.

"That is one of the greatest dangers that is threatening the Empire," warned Mr. Herby, "and the Christian Church is passing through the most crucial period in history."

Including, he said: "The situation calls for courage and stamina but there are many signs of encouragement and out great men of vision will save the Empire."

PRODUCE PASSION PLAYS THIS YEAR

Oberammergau Village is Scene of Marvellous Production

In the summer of 1933 the Passion Play comes again, for this unique and marvellous production, which has made the little Alpine village of Oberammergau famous throughout the world, is produced every ten years by the inhabitants. The Passion Play derives its name because the story of the play deals with Christ's Passion Week.

Three hundred years ago a plague was raging in Bavaria and many people died. The survivors made a vow to God that if the plague abated, they would, thereafter, every ten years, portray in dramatic form the story of Christ's life and suffering. At once the ravages of the disease ceased, and ever since that time the villagers of Oberammergau, a small village lying in a valley of the Bavarian Alps, Germany, have carried out the promise of their ancestors as a sacred obligation. Only twice, as far as is known, has this ten-year programme been interrupted. In the year 1870, when the Franco-Prussian war broke out, the play was in progress, but with the drafting into service of Joseph Maier, who then was portraying the character of Christ, the play was stopped.

Again in 1920, after the ravages of the World War, the play was not presented. At this time Anton Lang, the Christus of 1900, 1910 and 1922 saw service in the German army, but in 1922 the play was again enacted. During the summer of 1930, it will be the privilege of millions from all over the world to see this magnificent spectacle and it is predicted that there will be a greater attendance than ever.

The auditorium is a large structure seating eight thousand people with additional room for several hundred to stand. A roof covers the seats, but the stage, on which sometimes appear eight hundred players, is open to the sky, adding greatly to the realism of the stupendous performance. Neither furniture nor scenery is used. Most of the action takes place out of doors, and the stage represents the main thoroughfare of Jerusalem.

Only the townspeople of Oberammergau may participate in the presentation. Only single women are given parts and the lives of all players must be blameless. This sacred play is not alone the central feature of the history of the village; it is the one great event in the history of their individual lives.

Each scene and tableau is marvellous hose taking part presenting to the vast crowds these great characters with wonderful enthusiasm and faultless portrayals. Many of the acts are marvels of gentleness, kindness, sweetness and very effective.

All the lines of the play are presented in German, but this does not detract from it is the acting, after all, which is the great feature of the Passion Play.

The players receive only a small remuneration for their long summer's work. The play starts at ten-thirty in the morning and is over by six o'clock in the evening, taking in all six and one-half hours. The play opens in May is presented some weeks as many as five times and continues throughout September, often throughout October, so great are the crowds which come to see it. At the end of the season, the proceeds are divided into four portions. One-fourth goes to the poor of the community; one-fourth is for the upkeep of the attractive little church; one-fourth is set aside as a village improvement fund and only one-fourth of the whole is left to be divided among eight hundred or more actors.

BRIDGE STREET

Continued from Page One

The Women's Missionary Society work was dealt with by Mrs. (Judge) Derocle in which connection she paid tribute to the benefit of educational and spiritual uplift in their meetings as well as accomplishing around \$1000 in money, part of this in behalf of the Besse Ketcheson fund work in the China Mission field.

Master James Ketcheson reported upon the activities of the Mission Band under the direction of Mrs. Besse Ketcheson, and others.

M. and M. Fund

The Maintenance and Missionary Fund of the United Church in Canada was reported upon by Mr. Geo. P. Stewart, treasurer of the fund. The local congregation has been assisting this mission fund over \$1000 contributed by Bridge St. members last year.

The general treasury of the Bridge St. United congregation, Mr. H. W. Ackerman, presented, this 15th annual statement of receipts and expenditures, which means as Mr.

Personals

VISITORS WHO COME AND GO

Mr. L. A. Thompson, of Toronto, in the city visiting for a week. Miss C. H. Hardy, in Burton Street, Miss Mabel Rodgers, Cedar Street, has resumed her office duties at Belleville. Oberammergau after three weeks' vacation, Miss Rodgers visited relatives at Thurlow, Holloway and Stirling.

Mrs. Rosalind Brockhurst was rushed to the Belleville General Hospital, yesterday afternoon at 6 o'clock, suffering from appendicitis. She is reported to be resting comfortably after the operation.

Mr. Maurice Waterbury of Belleville is now relieving on the Deseronto section of the Canadian National.

Mr. and Mrs. Lora Clement of Deseronto, attended a meeting of the Goodyear Tire dealers held here recently.

Mr. and Mrs. J. P. Hill, of Tyndinaga, have taken up residence in Toronto, in connection with the session of the Ontario Legislature.

Miss Gwendolyn Huffman, of Belleville, visited Mr. and Mrs. St. Peter, Deseronto, recently.

Ackerman stated voluntary expression of church membership and endorsed the sum of about \$14000 for local purposes and a grand total of over \$20,000 in contributions to various causes.

Miss Dorothy Diamond spoke for V. P. Hunt, on behalf of the church the Young Peoples' League and Prof. choir.

The spiritual significance in many types of christian education, spiritual motive and blessing was enlarged upon and emphasized by the pastor, Rev. Dr. Bell. He stressed attention upon the Canadian Standard Efficiency tests program for boys, the linking up of adult activity in the church to the extent of devoting at least one hour during the week days, also to church enterprises in which God's claims will have first place and call upon the membership time and financial support. Then a spirit as of Pentecost will prevail in not only living up to tradition but going beyond the touching possibilities, was the vision of Dr. Bell.

For another year of endeavor, the following were elected representatives of the Board of the Church: Chas. N. Sullivan, F. Russell Wooten, Chas. L. Hyde, J. R. Smith, J. H. P. Young, Fred Sprague, M. R. Duff, Ernest Dickens, F. H. Herby, Howard J. Clarke, John Houston, Glen McKinnon.

DEATHS AND FUNERALS

JOHN FLEMING AGNEW

The death occurred this morning of John Fleming Agnew at his home 207 Bridge Street East. The deceased was the son of Mr. and Mrs. James Agnew, and was born in Ontario 75 years ago. He leaves to mourn his loss his widow, one daughter, Mrs. H. D. Ponton, one sister, Miss Jean Agnew, Buffalo, two brothers, George and Simon of Seabro, Michigan. Another brother Herbert Agnew died in Owen Sound three weeks ago. Interment will take place in Owen Sound.

DAVID BELNAP

One of the oldest residents of the district was removed yesterday with the death of David Belnap of Rossmore. The late Mr. Belnap had spent practically all his life in this vicinity and was engaged in the fishing business until some years ago. Mr. Belnap has been in retirement for many years. Eighty-three years of age he was well-known in Prince Edward and Hastings Counties. Mr. Belnap was a member of Rossmore United Church. Interment will be made in Simonds cemetery. He leaves one daughter, Mrs. J. L. Simmons, Thorold and three sons, William, Walter and Manley all of Rossmore.

MRS. ELLA BLANCHE THOMPSON

The funeral of the late Mrs. Ella Blanche Thompson took place yesterday afternoon from her late residence, Third Concession of Ameliasburg, at 2 p.m. Rev. J. D. P. Knott conducted the impressive funeral services. The bearers were J. M. Waterhouse, A. Mastin, F. Brooks, D. Sprague, B. Anderson and J. Black. Interment took place in Mountain View Cemetery.

LOST CHANNEL

Mr. V. Perard motored to Belleville and found the roads in bad condition. Mr. and Mrs. Dalton Clark spent Sunday calling on friends. Miss Lavina Hendrick and Miss Betty Quinn have returned home where they are to spend a few days with their parents. Messrs. Eddie Lewick and Ernest Buffalo, two brothers, George and Simon of Seabro, Michigan. Another brother Herbert Agnew died in Owen Sound three weeks ago. Interment will take place in Owen Sound.

DEATH NOTICE

AGNEW—Died in Belleville, Thursday, Feb. 6th, 1936. John Fleming Agnew, son of the late William and Jessie Agnew, of Kitley, Ont., in his 75th year. Funeral will be private. Owen Sound papers please copy.

BELNAP—Died in Rossmore, Wed., Feb. 5th. David Belnap, aged 83 years.

The funeral service will be held at Rossmore United Church on Friday, Feb. 7th, at 2 p.m. Interment will be made in Simonds Cemetery.

ALBERT COLLEGE AND B.C.I. WILL PLAY CAGE GAME

Royal Military College Cadets to Face Y's Men's Club

Besides the R.M.C. vs Y's Men E.O.A.B.A. Basketball game which takes place at the Y.M.C.A. Gymnasium next Saturday night, there will be another game of interest to the fans in the meeting of the Collegiate Senior Basketball team and the Albert College Quint. Both of these teams have registered at least one win from each other and in the case of the Collegiate, it was in a league fixture. Consequently there is considerable speculation as to which team will come through with a win Saturday night, when they will be playing on a neutral floor. Although this is an exhibition fixture the boys can be counted upon to put just as much in it as if the league championship were at stake. The game will be handled by capable officials and as much care taken as charge.

Nothing daunted by their loss at Kingston on Tuesday night, the Y's Men were right back on the job last night, when almost the complete squad turned out for a strenuous workout in preparation for their game with the R.M.C. Cadets this coming weekend. Although the boys from the military college have three straight losses charged up against them in the league to date it was not by reason of them being anything in the nature of a set-up for the opposing teams. In their game at R.M.C. the Y's Men were very fortunate to win by the score of 20-19. Queens were able to defeat the Cadets by only six points on their own floor, the score in that instance being 26-20. Against the Kingston Y's Men the Collegiate Quint went up in the air in the closing minutes of the game and allowed the Y's to pass them for a 23-16 win. Every game in which the Cadets have participated, they have put up a real battle and the game here against the Y's Men on Saturday night may be counted upon to prove not exception to previous contests in this respect.

BROKERAGE OFFICE

A branch of S. A. Taylor and Co., Nanawee with Lloyd Leonard in brokers, Toronto, has been opened at charge.

Tonight! Limber Up That Stiff Joint

Now you know what to do when pain tortures your joints and they are inflamed, swollen and stiff. Here's a soothing, pain subduing emollient called Joint-Ease that is made right here in Canada and sold by every druggist in the Dominion. Rub it on that stiff joint tonight—the one that causes you so much agony and loss of time—rub it in good and away it goes thru the skin and flesh right down to the tendons and ligaments of the joints—right where all the trouble starts. Joint-Ease limbers them up—that's what it's made for—it brings them back to normal—it penetrates and out comes the soreness—the pain ceases—the swelling is down—you're immensely pleased—a good job done and done for 60 cents a tube at Doyle's Drug Store, Doan the Druggist and druggists everywhere with a positive guarantee of satisfaction or money back.

Here's something more—put Joint-Ease to work on that poor, lame, aching back—all better by morning!

STIRLING DEFEAT FRANKFORD TEAM

Campbellford Out-Class Madoc—7 Penalties for Barkey

Stirling defeated Frankford in Stirling 2-0 in a fast and clean game of hockey witnessed by a good crowd. The game was exciting from start to finish. In the first period there was no score but both teams played good hockey. Only the work of Morton and Bowen in the nets was too much for the sharpshooters of both teams. In the second period Stirling scored when Harry Ingram made a lovely rush and was skated into the corner but recovered from Massecar to beat Bowen for the first counter. Stirling again scored when F. Ingram rushed the length of the ice to beat Bowen from close in. This period was exceptionally fast as both teams seemed to be getting warmed up to their work. Master Bill Morton, Mascot of the Stirling team open ended the game by calling the boys to the centre of the ice when he dropped the puck between the sticks for the opening of the game. For Stirling F. Ingram, Davis and Moton were outstanding and for the visiting team B. Bowen, Massecar and Bowen at centre and Legault played good game.

The line up of the teams follows:
Stirling goal Frankford
F. Ingram defence Massecar
H. Ingram centre Bowen
K. Davis centre Bowen
H. Ackers wings Legault
J. Ackers wings O'Malley
Wallace subs. Smith
Ibey, Fraser Shaw, McLean
Reference—Leo Barrett, of Belleville.

In the other game played in the north town last night the Campbellford team defeated Madoc 4-1. This game was played at Campbellford. "Buster" Whittion was one of the stars for Campbellford, scoring two goals and turning in an all-round smart game. McKay and Blue accounted for the other two counters. Johnson was the marksman for Madoc and was also the pick of his team last night. He gave Irwin some anxious minutes and is now playing better hockey than he has this season. Thirteen penalties were handed out by referee Jack Rooney, of Belleville, eight of these going to Madoc. Barkey, given seven others and he spent sixteen minutes in the penalty box. A big crowd witnessed this engagement.

Campbellford goal Irwin
Hulin defence J. Cowie
Barkey defence K. McArthur
Caveley centre Whittion
Wenzel wings McKay
Johnson subs. Blair
Rupert subs. McPherson, LaBresh
Tutts Reference—Jack Rooney, Belleville.

PORT HOPE LOST TO BOWMANVILLE

Tiremen Will Meet Royal Military College on Friday Night

BOWMANVILLE, Feb. 6.—In the second game of intermediate O.H.A. hockey group played, Bowmanville Shells handed Port Hope a white

wash score 3 to 0 to win the round 5 to 4. The locals had the edge of the play throughout. On Friday night, Bowmanville met R.M.C. Kingston, in Kingston in the first game of the first round. The first period resulted in a close hard-checking contest with teams making plenty of end-to-end rushes and starting both ends.

With about five minutes of the first period to go, Hooper made a nice lone rush, split the defence, drew Mikes out and got the first counter. Port Hope tried hard to even it but the period ended. The second period showed much faster hockey, the visitors included to rough it up, both teams tried hard but neither could score.

The final stanza proved to be entirely the locals, Port Hope still continuing to play heavy hockey which proved to their disadvantage. About ten minutes elapsed by and Sidney Mosey got the second counter a few minutes later. Dub Piper got the third. The visitors tried hard but all attempts were in vain. Teams:

Bowmanville—Goal, Colwell; defence, Denson and Charlan; centre, Hooper; wings, Mosey and Piper; subs, Cameron, Jackman, Chandler.
Port Hope—Goal, Mikes, defence, Crossell and Sherry; centre, K. Ware; wings, R. Ware and Woods; subs, Hagerman, Bowden, Hills.
Reference—Brite Parkes, Toronto.

Arthur McGie
208 Front St., Belleville.

SPORT-O-GRAMS

The Belleville Juniors will have their
buck's light up against the wall when
they tackle Trenton over in Ernie Al-
ton's igloo to-morrow night. They
must win or sail the stick away in the
north-halls and the kids will be in
here fighting every minute.

Belleville will be without the services
of Douglas Runion, who was injured at
the Atlantic plant while Hughes ef-
fective little relief man will not be
available owing to the fact that the
College play is being staged this
week.

This leaves two big holes for Man-
ager Thomas to fill and he may secure
two fast players from Albert College for
the emergency.

The locals must play better hockey
on Friday night than they did on
Tuesday, if they hope to tie up the
series.

It is reported that Lambert Tren-
ton's smart right-wing player will not
be in the line-up tomorrow night. Lam-
bert ranks as one of the most effective
players on the team.

Don't be surprised if the same boy is
sporting a Belleville uniform next year.
He's eligible for one more year.

Belleville haven't made a very im-
pressive start in senior O.H.A. and
have one to the conclusion some-
thing has to be done — Kingston Whig-
Standard.

Eddie Thomas probably realizes that
for next year the Maroons will have to
have some new players. And according
to reports, he won't have to look far
for them. — Whig Standard.

Lou Marsh in his Kick and Trouble
column, claims that Kingston will be
the headquarters for a new pro hockey
club next winter, and that Belleville
Oshawa and other towns will be in the
loop. Perhaps Lou is right; at any rate
it ought to go over if operated right.
— Whig Standard.

This leaves two big holes for Man-
ager Thomas to fill and he may secure
two fast players from Albert College for
the emergency.

The locals must play better hockey
on Friday night than they did on
Tuesday, if they hope to tie up the

TRACES CURRENT ENGLISH NOVEL

Mr. Kyte of Queen's University Dwells on 18th Century Novelists

Eighteenth century novels were the subject of Mr. F. G. Kyte of Queen's University, Kingston, speaking before the Library Study Group in this city last evening. The eighteenth century in literature especially in the novel is utterly unmanageable said Mr. Kyte, for it bursts out like an oil gusher. Reasons for this condition included the low state of the drama which was not considered seriously by the people and did not deserve consideration as its quality had declined so low. Mr. Kyte mentioned "Robinson Crusoe" which for its simplicity and lifelikeness exerted a powerful influence. Its presentation of the life of the average people whom Defoe, its creator, knew intimately from a life of experience was potent force. Defoe had been a pamphleteer and had suffered in the pillory for his attacks and had turned to writing "Robinson Crusoe" as a safety valve. Its simplicity and realism together with the lucid style of the spectator offered a great incentive to novel-writing.

Mr. Kyte touched on Richardson author of "Pamela" and "Clarissa Harlowe." His novels were in the form of letters a style which finds it difficult to represent the whole of life but which gave Richardson an opportunity for amazing demonstrations of analysis of the human heart.

Dr. Samuel Johnson was the dictator of letters in this age. He helped Goldsmith and Richardson and made efforts to check Fielding. Johnson made the novel more and more a literary organ and he made it more analytical and sentimental.

Considerable attention was devoted to Fielding whose "Joseph Andrews" announced a new novelist of greatest gifts. His "Tom Jones" is one of the greatest of novels. His hero did many things he should not have done but Tom was no better and no worse than absolutely lifelike. Fielding was a others of his time. The character is romantic moralist; he turned the shafts of ridicule on the hypocrites and he introduced all the varied forms of common life with the freedom of the great artist.

An interesting point was brought out that Fielding in writing "Joseph Andrews" had at first the aim of caricature of Richardson's "Pamela" but his characters attracted his interest and he went forward as the creative artist to the completion of the work.

There had been no professional novelists until the time of Richardson and Fielding but, their success opened the way for the professional novelist. Fielding's sister attempted a novel. Then came Smollett who had a tremendous knowledge of the darker elements of life and who had fine descriptive powers. His "Humphrey Clinker" is a great work. Lawrence Sterne, gentle, humorous, delicate, secured exquisite effects of mingled pathos and humor. Goldsmith's "Vicar of Wakefield" is practically a perfect work, its conversation and style are seemingly heartless. Perhaps he overdoes it when he lays so many burdens on the vicar but he wants to make a hero of the father of the family.

Minor novels, "John Banele," "Zeluco," "The Man of Feeling," "Adventures of Mr. Geoffrey Wildgoose" and Johnson's "Rasselas" were also referred to by Mr. Kyte.

The lecture was a second of a series of five.

MAMMOTH INCUBATOR ARRIVES IN TRENTON

Trenton, Feb. 6.—A 16,000-egg capacity electric incubator arrived this week for W. Gainforth, owner and manager of the Trent Electric Hatchery, on Spring St. This machine was made by the Ira M. Petersime Co. of Gettysburg, Ohio, and is a very efficient and advanced type of incubating equipment.

The incubator was ordered by Mr. Gainforth at the International Baby Chick Convention at Minneapolis after thorough comparison with many other types of incubators on display there. At Peoria, Ill., where nearly 3,000 baby chicks were entered in a competitive show, the Grand Championship Cup and the Sweepstakes Cup, were both won by chicks hatched in a Petersime incubator.

Mr. Gainforth will now be operating three machines of this make, having a total capacity of 38,000 eggs and will be able to set over 10,000 every week.

TOO MUCH WORK

Paris.—Mme. Marie Curie, co-discoverer of radium, has told a government commission that school children have too much burdensome work. She has copying and so on. She favors the cutting out of detail.

Suitable for the living room, bedroom, etc. In attractive oval sizes—also about 27" x 48"—and reg. at 3.99. While they last—3.19

—Third Floor.

ADDED BURDENS FOR PROVINCES?

May Have To Undertake
Administration of Laws
Governing Fish

HALIFAX, N.S., Feb. 4.—(By Charles Bruce, Canadian Press Staff Writer).—On an interpretation by the Canadian Department of Justice of phraseology used in a decision by the Imperial Privy Council depends the future administration of laws governing the preparation of fish taken from Canadian waters. As a result of that decision the separate provinces may find themselves responsible for the shore regulation of their own fisheries. This is the point of view held by J. J.

Black Douglas was foaled at Listowel, Ont., eleven years ago, and purchased as a six-year-old, by T. A. Crowe, who promptly took the slashing black gelding out of harness and trained him to saddle work. "He surely was a beauty those days," said the old-time horseman, and right from the start took naturally to jumping. He always had a wonderful mouth and was as tractable as a Newfoundland pup. "We named him Black Douglas, because of his courageous way of going and his sound reliability," Mr. Bredin.

sr. bought him and used him for some time before Mr. Gordon Perry took him in hand. That was in 1927, I think.

In the hands of Mr. Perry, Black Douglas won many ribbons, in both eastern Canada and the United States, including first in the five-foot class at Rochester, September 5, 1929. At this time he met and defeated 49 of the most outstanding American horses. He repeated this success two days later at the same show, winning in the five-foot class with amateurs to ride.

Cowie, Federal Fisheries Supervisor, on the situation following the Privy Council's decision in October, which dismissed an appeal from a Canadian Supreme Court judgment that the Dominion Fisheries Department lacked power to grant or revoke licenses for the canning of fish. Concurring with the Supreme Court judgment, their Lordships held that under the British North America Act, such provisions fell under the heading of "Property and Civil Rights" and hence were a provincial matter, ultra vires the Canadian parliament.

"Trade processes by which fish when caught are converted into a commodity suitable to be placed upon the market cannot upon any reasonable construction be brought within the scope of the subject expressed by the words 'Seacoast and Inland Fisheries'."

Whether this sentence from the Privy Council's judgment refers narrowly to the licensing case under review, or whether it is to be taken as indicating jurisdictional concern with all fish the moment they are taken from the water is the question that has been left to the Department of Justice by the Fisheries Department, which holds no official view. Among laymen of the industry, according to the Federal supervisor, there is a difference of opinion.

Should the phraseology of the clause and its relation to the context of the judgment be construed to include the whole field of fish processing and its inspection, two courses would be open: (1) The provinces would set up staffs of fishery officers to take over the work of advertising and organizing the fishermen and inspecting and grading their prepared product after its landing, as at present conducted by the Dominion; or

(2) An arrangement would be entered into between the provinces and the Dominion under which the provinces waived their rights and agreed to Federal supervision.

Quebec is the only province now administering its own fishery. In any case Mr. Cowie pointed out, the Dominion would continue to exercise jurisdiction over seasonal restrictions and all matters concerned with the catching of fish. The interests of the industry as a whole, he thought, would best be served by keeping both sea and shore regulations a Federal matter.

In the meantime the Department is continuing in its usual stride, and at a conference of fifty Maritime officials which concluded in mid-January, presided over by Mr. Cowie, a resolution was adopted under which even more power than is at present theirs under the Fish Inspection Act would be granted the inspectors. They ask the power to condemn fish which in their judgment is unfit for human consumption. At present an inspector's authority ends when he has placed a "below quality" mark on such a product.

Brine-Freezing and Co-operation
Mr. Cowie is enthusiastic about the spirit among Maritime fishermen and their chances for the development of the industry. In particular he endorsed Dr. M. M. Condy's plan for local and Maritime organization and spoke hopefully of brine-freezing and the manufacture of fishmeal.

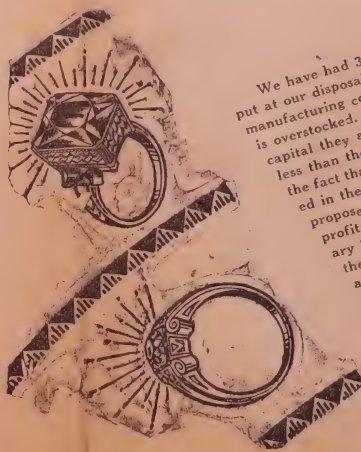

In the freezing of bait by the brine method he saw a distinct advantage to the shore and line fishermen. Bait thus frozen returns naturally to its original state of thawing, with all the native juices preserved for the delectation of the fish pursued, while bait frozen in the old way is soggy and colorless.

Money in Fishmeal

High grade fishmeal as food for stock, and low grade meal as a fertilizer, Mr. Cowie believes opens a new avenue of profit for the fisherman. He outlined plans of the Fisheries Experimental Station at Halifax to grade the meal turned out by plants along the coast and develop a standard product, at the same time creating among the farmers a demand through publicity and demonstration. The higher grade meal, made from fish with a low oil content, such as cod, has proved eminently successful as a stock grower when mixed with other feeds, and brings as high as current dollars a ton. From four to five tons in twenty-four hours is the capacity of a plant costing from \$12,000 to \$15,000. Such

Let Us Give Them Mountings
Worthy of Their

WILL FLY FROM STRANDED NANUK

Miss Marian Swenson, Her
Father and Captain
Leave Vessel

Point Barrow, Feb. 6 (C.P.).—Provided weather permits, Miss Marion Swenson, her father, Olaf, and the captain of the fur-trading ship Nanuk, will take off from North Cape, Siberia for Teller in a plane piloted by Capt. Pat Reid, Canadian aviator. Swenson's and the captain have been aboard the ice marooned ship since early last autumn. Miss Swenson radioed the announcement of the flight plans, and said that after reaching Alaskan mainland, Capt. Reid planned to return to the ship with a plane load of gasoline for aircraft operating in search for the bodies of Carl Ben Eielson and Earl Borland.

LONE BANDIT REMANDED

Toronto, Feb. 5 (C.P.).—Arnold Peters, the lone bandit who was captured yesterday after he had attempted to hold up the Logan and Danforth Avenue branch of the Dominion Bank, was remanded one week.

Plans, purchased and operated co-operatively, would prove a steady source of revenue to Maritime fishermen.

"Through continuous research, the organization of co-operative societies and the school of fisheries," said Mr. Cowie, "the costs of the Maritime provinces are being reduced with fishermen who see about their work with method and assurance."

Y. M. C. A. BOWLING

In the Teacher's League the O. S. D. took three points and won Mary L. Queen Mary rolled a nice game but O. S. D. were exceptionally strong especially in the last game when they rolled 18 points short of a thousand, which is nice going for two ladies and 3 men in this league. High singles were, men, Blanchard 232, 189, 201; Lilly 227; ladies, Miss Bart 254, Mrs. Blanchard 168, Miss Ketcheson 201, Miss Styles 181.

An event worth celebrating took place last night when the Metropolitan Store hung up their first points in the Junior league and they did it all with a splash taking three out of four at the expense of Houston Lamb or Company who rolled below the first two games. They took one point in the third by rolling 541, 31 more plus in this frame would have given them an even break, but it was Metropolitan's turn and they did that. Marge Lynch's 237 and Harry Rolin's 235 were the top notch singles.

Another new team took the mark last night in the Senior League when Perry Demick's Gypsy Kings met the Rollers in a scheduled league game. Needless to say the Rollers took all four points as was expected but as the Gypsy Kings' are in to get experience and for some real sport they will no doubt improve accordingly. High singles for the Rollers were Ken nedy 236, 209, Catton 218, 201, J. Oster 214, 208, 242, Legault 265, 260.

For the Gypsy Kings, Donnie 168, Marge Lynch's 237 and Harry Rolin's 235 were the top notch singles. In the second game, Dags' prize winners were: C. F. McMillen, Frank Lent, Andy Kennedy, Teachers' League.

ex N. D.—Mr. Clark 485; Miss Bart 485; Mrs. Blanchard 358; M. Blanchard 358; Mr. Lull 328; total 2477. Queen Mary—Miss Ketcheson 455;

Miss Styles 450; Mr. Lawson 376; Mr. Frederick 483; Doc 331; total 2099.

Junior League
Metropolitan Store—M. Lynch 571; H. R. Williams 454; L. O'Neill 485; B. Emerson 393; H. Mason 451; total 2354.

Houston Co.—G. Bradshaw 475; E. Barry 461; G. Sagar 392; H. Rollins 535; J. Houston 461; total 2324.

Senior League
Rollers—Dixon 391; Kennedy 695; Catton 562; J. Oster 722; Legault 641; total 2911.
Gypsy Kings—Denike 363; Fulton 327; Duncaie 322; Torrence 331; Archibald 336; total 1679.

GIFTS TO SHELTER DURING JANUARY

Donations to the Shelter for January were:
Roslin Women's Institute—clothing, apples, candy, fruit.
Mrs. W. Burrows—skates and boots, clothing.
Mrs. Sillman—clothing and jam.
Mrs. Rollins—apples.
Mrs. Turney—clothing.
A friend—clothing.
Mrs. Ashton—clothing.
Mrs. Earl Wesse, Rednersville—apples.
Mrs. F. E. O'Flynn—pail syrup, 2 pairs mittens, baby rattle.
Mrs. Chesher—clothing.
Mrs. Gazeley—apples.
Mead Johnson Co.—Dextre Maltoes.
Mrs. I. L. Moore—clothing and jam.

HOCKEY SCORES

Hockey games played yesterday resulted as follows:
O.H.A. Senior I.
Stratford 4, Port Colborne 2.

Preston 7, Galt 5.
London East 2, Western 0.

O.H.A. Intermediate

PER CAPITA POWER DEVELOPMENT

With a water-power development of 554 horse-power per 1,000 of population, Canada stands well to the fore in respect to availability and utilization of hydro-power resources. The enormous water-power reserves still untouched form a substantial foundation for the progressive exploitation and development of other natural resources especially if properly co-ordinated with the development and utilization of the well known fuel resources of the Dominion.

"SALADA" TEA

'Fresh from the gardens'

INVITING VEGETABLES FOR WINTER

By Hannah Wing

These winter vegetable dishes are easily concocted and take but little time to prepare.

Carrot Fritters

Two cups of cooked carrots, 1 teaspoonful of sugar, 1-2 teaspoonful of salt, 1 egg, well beaten; 1-10th teaspoonful of white pepper, 1-2 cupful of flour.

Combine the hot, finely mashed carrots with the sugar, salt, pepper and egg. Stir the flour in thoroughly. Shape by dropping tablespoonfuls. Fry in deep fat—375 degrees Fahrenheit two minutes. Drain on soft paper. Served with melted butter, they are most acceptable.

Florida Slaw

One quart of cabbage finely shredded 1 cupful of green pepper, mixed; 1 cupful of sweet pickles, iced; 1 tablespoonful of sugar, 1-2 teaspoonful of salt, 3 tablespoonfuls of vinegar, 1-4 cupful of cream, sweet or sour; 2 tablespoonfuls of prepared mustard, black pepper to taste.

This is a salad easy to prepare and well flavored. Mix the cabbage with the green pepper and pickles. Combine the sugar, salt, vinegar, cream, mustard and pepper, and pour over the cabbage. Blend carefully but well and serve at once.

Salad au Grand

One cupful of boiled oyster plant, diced; 1 cupful of lettuce, diced; 1 cupful of French dressing 6 stuffed olives lettuce.

Scrub and steam or boil the oyster plant, or satisfy, then scrape and dice. Marinate, let stand in dressing—the oyster plant and the celery in the French dressing for half an hour. Pile lightly on the lettuce, garnish with the sliced olives.

Carrots with Bacon

4 slices bacon, 1 quart carrots, cubed, 1-2 teaspoon salt, 1 tablespoonful of parsley, minced, 1 cupful of meat stock or water, 2 tablespoonfuls of flour, 1-2 tablespoonful of sugar.

Cut the bacon into narrow, cross-wise strips and brown it slowly until crisp. Add the carrots, salt, sugar and parsley and just enough boiling water to cover. Cook until carrots are just tender and the water is nearly evaporated. Stir in the paste made of the flour and cold meat stock or water, and cook five minutes until clear.

Spanish Horse-Radish Sauce

1 cup whipped cream, 3 tablespoonful of grated horse-radish, 1-2 tablespoonful of Worcestershire sauce, salt and pepper, 1 tablespoonful of prepared mustard.

Combine thoroughly the horse-radish, mustard and Worcestershire sauce with the stiffly beaten cream. Add salt and pepper to taste. Let the mixture chill one hour before serving. This sauce adds new interest to cold meats.

DANGER AHEAD A Tale of Love and the Love of Money By MILDRED BARBOUR

CHAPTER LIV A FRESH ACCUSATION

Ralph was feeling exceedingly happy and at ease in fact, he was decidedly pleased with himself. He believed that he had been very clever.

It was a state of mind not at all foreign to him. But, on this particular night, he believed that he had surpassed himself.

During the drive from Washington with Rita Carstairs, he had endured inward turmoil. He had been tortured by the fear that his ill-gotten cache in the old stone house would be discovered.

There was a good deal of it there, he remembered. For some unaccountable reason, the mysterious visitor who left jugs on his door-sill and both gave and received soiled bank-notes, had failed to pay a visit for several nights past. He had made Ralph uneasy; it would seem to argue a slip-up somewhere along the line in that dark and devious traffic with which he was engaged.

The news that "Fairfields" was over run with officers of the law had sent Ralph into a panic. Even when the first fear—the fear that the authorities had discovered his cache—was removed, he was still frantic.

Mrs. Carstairs, on the return journey, had mentioned that they were searching for the weapon that the murderer had used. Ralph, in his mind's eye, saw them entering the old stone house and turning it upside down!

But, even while she talked, his mind was seeking a way out of his difficulty. He mustn't allow himself to be caught with goods in his possession—that is, if it were not already, too late.

He must get rid of the stuff somehow. He wished he dared confide in Stephanie and beg her to hide it in the manor. He didn't dare destroy it merely on the chance of danger, for it was worth money. His employer would hold him to account.

Suddenly, a way opened to him. He recalled something he had seen at "Fairfields" the afternoon before, something that would suit his purpose admirably.

He almost chuckled aloud. He told himself that he was indeed a genius. Only of genius could such an inspiration be born in the stress of the moment!

So, while Stephanie and Rita Carstairs were dining, and the sheff was occupied with Norman Platt's blood-stained handkerchief, and the hangers-on were still gawping curiously at the tenant-house where the body of the murdered man lay, Ralph carried out his scheme.

It was quite dark, and he didn't dare risk attracting attention by using a flashlight. But he managed the job somehow, even without proper implements. He wished he could see how well his job stood the test of daylight. He resolved to rise early and reassure himself on that point.

Meanwhile, he sustained his earliness and his tired nerves with frequent libations from his own private store. By the time Rod had been taken up to jail by the sheriff, Ralph was congratulating himself on being such a clever fellow.

Then he decided to go up to the tenant-house to see what was happening. There still seemed to be a crowd there. He could hear loud voices. The day house was lighted from top to bottom. It did not look like a house of mourning. Curiosity prompted him to enter.

The little kitchen was crowded. A number of men were sitting around the stove and the air was blue with smoke.

Ralph's step was unsteady. His face was flushed and his eyes glittered. The deputy sheriff, who was standing around on the outskirts of the group eyed him thoughtfully.

Ralph began to question about the details of the murder. He told about murders he had "covered" as a reporter. He grew bolder of his accomplishments as a newspaper sleuth.

Liquor always made him talkative. "Say, do you mind staying here for a little while and keeping an eye on these chaps?" the deputy suggested. "I want to run over to the big house and telephone my chief. I won't be long."

"Sure" said Ralph. "Don't hurry. I'll take care of things."

The deputy made for the old stone house. He supposed he had been around the place for some time. He made a thorough search but found nothing. Very quiet, and a little nervous, he took a look at the clock. It was 12:02 p.m.—Canadian Daily. He was startled by a ground.

having seen a workman digging a shallow trench there that afternoon. Tony had explained that an addition to the hatchery was being constructed. The deputy now hesitated before the mound. Had some one, knowing that this part of the premises had already been examined, hidden something there?

The deputy dropped on one knee and began pawing aside the loose earth. Ralph had not been as clever as he thought. A few minutes of digging revealed a brown jug, and there were others.

The following morning, Stephanie was formally accused of having a large supply of liquor cached on her premises.

CHAPTER LIV SELF-ACCUSED

Stephanie sent for Hawkins, her attorney. She was indignant, rather than frightened, at the charge of having liquor hidden at "Fairfields."

Hawkins arranged bail for her and pooh-poohed the whole incident—to her—but it was plain to others that he regarded the situation at "Fairfields" with gravity.

Stephanie asked him to do all he could to extricate Rod from the danger into which he had plunged himself to save her from embarrassment, or worse. But Hawkins reported that he made no progress with Rod.

"The chief wouldn't even listen to me, Miss Hall," he said. "He stood with his back to me, staring out of the window, and answered my questions curdly. He seems a surly fellow and he certainly acts guiltily. The sheriff tells me that he flatly refuses to give an account of himself before he came into your employ."

"What did I tell you?" demanded Rita Carstairs indignantly. He: dislike for the lawyer had been overcome by her curiosity and her anxiety to know what Rod had said. She wanted reassurance that he had not betrayed her and Norman Platt.

"What did you say?" asked Stephanie icily.

Mrs. Carstairs flushed and bit her lip. She realized that she had again displeased Stephanie. She had been doing that rather often she recalled. "I mean that Rod may have a past that won't bear looking into," she said. "He—rather avoids people."

"If you mean, to imply that Rod is an escaped criminal, or something like that, it's disproved by the fact that he voluntarily put himself into the hands of the law," said Stephanie quietly.

"That's the curious thing about it," declared Mrs. Carstairs. "I can't understand it in the least."

No could she! Ever since Rod's admission that he had been hunting in the woods at the time of the murder, she had been trying to reconcile his action with her opinion of him. It wouldn't fit at all.

She wished Platt would show up and give her advice. She was getting more and more nervous every minute, and the situation became increasingly involved. Where on earth was Platt?

Meanwhile, Ralph was enduring of panic and shame. When he had heard of Stephanie's arrest, on the charge of having a quantity of liquor stored on the premises, he had been beside himself. He knew that, if he had a spark of decency, he must go at once to the sheriff and make the facts known.

But he hadn't the courage to face the inevitable. He argued that the best course was to leave things as they were. If he confessed, it would mean jail. In the twinkling of an eye, he would be linked with the biggest bootlegging business in Washington. Everything would come out.

But with Stephanie as the offender—well, a pretty girl would always set off, he told himself. She'd have to pay a fine, but she could afford that. The whole affair would blow over in a little while. Nobody would be the worse for it.

(To Be Continued.)

LOVE MUST BE WON TO LAST

By Lucy Lovell

It love seems to be made tangible. I believe it could be like those exquisite roses, which appear toward the end of June after the Spring rains have crossed the earth and the warm sun has melted open the buds of such a soft, sweet, smooth, or fragrant.

with beauty and fragrance.

Delicate, glowing things, these roses, they fade and droop beneath a careless touch, and no amount of harshness, however, scientific, will force them to grow.

And so with love, which must be won—loved into being—and which recognizes no "must."

I know a young woman who is mystified by the attitude of her associates. Friendship of a sort they give her and a rather reluctant respect without one particle of affection.

"I'm square with them all," she told me. "I'm easy to get along with. They ought to love me."
But they do not. They do not love her because she does not love them; as a matter of fact she loves no one but herself and selfishness is the blight on the rose. Love is mutual or not at all; unlike the rose it does not live impersonally to give out its sweetness upon the air.

I know a wife and mother who keeps her home neatly, serves her husband's meals on time, sees that her children are properly cared for—and makes their lives miserable day after day, week after week.

She nags her husband constantly so that he has taken to spending as little time as possible within sound of her voice. She frets at her children, prying and bossing till they have grown into sulky, nervous youngsters who disobey her whenever they can and deceive her always.

"They ought to love me," she wails. "I'm their mother!"
But love is not a thing which exists because of relationship—or because it ought to exist.

Love must be won and then kept with the tenderest care and once lost it almost never is found again.

FASHION FLASHES

By Alice Alden

Huddle in Your Shawl! It is the latest fashion for the crumpled shawl—the very newest concept. A lovely crumpled shawl is bordered with bands of black and cherry velvet with long silk fringe to match. It is enfolded about the neck and arms and is designed for outdoor wear.

Back to the Fashions come many dresses that are being the latest and one that is most the garments. Check those of a dress of soft cotton the body of which is a soft, smooth, or fragrant.

ANIMAL RELICS
MILLIONS YEARS
OLD ARE FOUNDImportant Discoveries by
U.S. Museum Agents
And Expeditions

FOOTPRINTS ON SLABS

NEW YORK, January 31.—Tracks which animals left in Alabama 250,000,000 years ago; a petrified crocodile which succumbed in New Mexico 60,000,000 years ago; dinosaur bones at least 80,000,000 years old; the petrified skeleton of a man who settled in Florida perhaps as much as 20,000 years ago, and the frozen bones of animals which roamed Alaska about the same period, were among the important scientific discoveries announced by the American Museum of Natural History.

These finds, with a few exceptions, are the results of work done by museum representatives and expeditions

This is the latest portrait of Prince George, youngest son of the King and Queen. — Photo by Dorothy Wilding, London.

during the past year. Some of the material already has been received at the museum for study, and a few of the Alaska discoveries have just been put on exhibition.

The age of the ancient Florida man who is now experiencing his first winter in New York in the laboratory of the museum has not been determined but the find is being studied carefully for information as to the antiquity of man in North America. Hitherto there has not been much evidence to indicate that man inhabited North America earlier than 4,000 or 5,000 years ago according to Dr. George Simpson, associate curator of vertebrate paleontology at the museum.

The skeleton was found last winter by J. E. Moore, of Sarasota, Fla. This month Dr. Simpson went down to Florida to examine recent discoveries by Mr. Moore and visited the locality in which the skeleton was found, as well as other localities to look for fossil animals.

Further work in Florida by Walter W. Holmes field associate of the museum, is planned for this winter.

The most important result of Dr. Simpson's recent southern trip, according to the museum was in obtaining slabs with fossil footprints from a coal mine in Alabama, and examining the conditions under which they occur. "The tracks," the museum disclosed, "occur in hard shale or slate two or three feet above the coal seam.

When these deposits were being formed in the Pleistocene period, about 250,000 years ago, this country was flat and low, and covered periodically with black mud. Across this mud walked numerous individual animals of that time.

"New layers of mud buried their footprints and preserved them so that with the passage of these millions of years they are still preserved as clear impressions in the solid rock. They are among the oldest known traces of land animals.

"The animals that made the tracks generally walked on all fours, sometimes dragging their tails, which have made a distinct mark, but a few tracks seem to show only hind feet, indicating that some of the animals were bipedal. They varied in size from tiny creatures with feet about half an inch across to big ones with feet ten inches or more in length. These tracks were made during the age of amphibians, before there were any birds or mammals, and when reptiles were just evolving from their amphibian ancestors."

A series of representative tracks was obtained and will be exhibited by the museum after they have been studied and classified.

Important Discoveries

The museum's discoveries in Alaska have proved important in furthering more nearly complete knowledge of Pleistocene fauna and the route of migration, according to Barnum Brown, curator of fossil reptiles. The Pleistocene period is estimated as some 20,000 years ago. These finds come from the area worked by miners during the gold rush to Alaska. Now this section has become a virtual gold mine for scientists.

Opportunity for scientific study of fossil remains in this locality was offered to the Alaska College at Fairbanks and the American Museum of Natural History by the United States Smelting and Mining Company, which has bought the land and is carrying out hydraulic mining operations. The collecting of fossils here, which was planned to extend over several years, has just started and already the scientific results surpass expectation," according to the museum.

The New Mexican petrified crocodile found by Dr. Simpson is regarded by the museum as perhaps the most important discovery of last summer's expedition to the San Juan basin, which collected more than 200 new specimens, belonging to the most primitive animals. The crocodile

LOBLAW'S LEADERSHIP
WON and HELD BY
Modern Merchandising Methods

OUR aim when we opened our first Groceteria in 1919 was to lead the way to better grocery merchandising. Thanks to continued patronage, Loblaws' leadership is being maintained today. Firmly entrenched on the established principles of fair dealing—cleanliness in airy sanitary stores—selling of only selected and tested merchandise—and the cash and carry prices that have resulted in saving thousands of dollars to the buying public. From one Groceteria eleven years ago to ninety-four today is proof positive that our leadership has won and is being held.

OUR EMPLOYEES' HALF HOLIDAY

Co-operate with us and arrange to do your mid-week shopping Tuesday afternoon or Wednesday morning. By doing so you will avoid disappointment by finding the stores closed at 12.30 p.m. Wednesday.

PROTECT CHILDREN

AGAINST THE

4
HARDEST HOURS
OF THE DAY

He leads his class... checks 100% in health tests too. His mother says that he has his Quaker Oats breakfast every morning.

Quaker Oats—the breakfast of lasting energy
fortifies the child for work or play

Morning doubles the strain on your child's physical and nervous strength. Nutritionists state that 70% of the day's work comes before noon.

A child whose breakfast lacks in food energy must show nervous energy instead, whether at school or play. This is why nutritionists consider breakfast the child's most important meal. Why urge the hot Quaker Oats breakfast that protects nerves and health by supplying sustained food energy.

Quaker Oats contains 16% protein—the "growth element"; 65% carbohydrates—the "energy" food. Abundant body-building minerals and the important vitamins. Roughage, too, for digestive purposes.

A dish of steaming Quaker Oats tempts young appetites. Quaker selects only the plump, firm full-flavored oats, then roasts them in open pans, by an exclusive Quaker process, to zesty flavor that no other oat can imitate. This pre-cooking makes long home cooking unnecessary. Quick Quaker cooks readily to serve in 2½ minutes.

Order Quaker Oats today. Your grocer has both the Regular and the Quick Quaker. Please do not confuse Quick Quaker with ordinary quick oats. Only Quaker can give you the incomparable Quaker flavor and rich nutrition. Large household packages and small 10c. size. All Quaker packages contain coupons with which you can get valuable premiums.

China in Every Package

A surprise in every Quick Quaker package marked "China"—a piece of attractively patterned genuine English chinaware. As pretty as you could buy. Beautifully coloured... distinctively shaped and bordered.

QUICK QUAKER OATS

dile was thought to have existed in this locality during the Paleocene epoch (approximately 60,000,000 years ago), and a tooth of one had been found. The present specimen is almost complete. Fragments of the tail were discovered in a dry wash. By following these up the scientists came upon the remainder of the skeleton, still imbedded in the rock. This was complete, even to the bony plates of the skin, and lay just as the animal died and was buried.

Mr. Brown made two reconnaissance trips for the museum in 1929 to the southwest to determine whether mountable skeletons of dinosaurs were to be found in the Jurassic strata. Yesterday he announced that on the first of these trips he had discovered in Utah the skeletons of a diplodocus, an animal of a somewhat lizard-like nature 60 or 70 feet long, which lived

some 80,000,000 years ago, and the skeleton of a brontosaurus, of about the same period. Both skeletons were covered again, since the process of removal from the stone is more arduous and expensive than the expedition was prepared to undertake last summer.

On a second trip to the southwest under the auspices of the University of Pennsylvania, Mr. Brown said yesterday, he was prevented from removing some dinosaur tracks he had discovered near Cameron, New Mexico, by a sheriff. The law of that state prevents the removal of fossils from state lands by representatives of other states, except with permission of the governor. Mr. Brown said. He had found some 300 dinosaur tracks.

SKI-JUMPING RECORDS

Mount Revelstoke national park in

British Columbia has one of the finest ski-jumps in America, considered by experts to equal the famous Blumendal hill in Norway. World's records have been established here as follows: Professional standing jump, 329 feet, Henry Hall, Detroit, 1921; Amateur standing jump, 240 feet, Nels Nelson, 1925; Boys under 17 standing jump, 148 feet, Ernest Field 1925; Boys under 15 standing jump 115 feet, Arnold Stone, 1925; Boys under 11 standing jump, 43 feet, Baby Arthur Johnson, 1925; Boys under 9 standing jump, 31 feet, Joe Farnsworth, 1923; Girls under 17 standing jump, 81 feet, Isabel Courcier, 1923.

MAPS OF MINERALIZED AREAS

Prospecting and mining in the mineralized areas of northern Ontario and

Quebec, and in northern Manitoba and Saskatchewan are being greatly assisted by the use of the sheets of the National Topographic map of Canada published by the Topographical Survey, Department of the Interior. As the country is wooded and cut up by almost innumerable lakes, the information shown on these maps sheets is invaluable for prospectors, enabling them to reach and work over regions which would otherwise be left untouched.

INMAN LINER IS 60 YEARS GONE

January 28th Marks Sixtieth Anniversary of Sailing From Halifax

Halifax, N.S., (By John W. Maher, Canadian Press Staff Writer). — On January 28, 1930, sixty years will have passed since the Inman Line steamer City of Boston left this port for England with passengers, mails and cargo. The ship was never heard from again, and to this day the story of how she was lost remains a secret of the sea. In all probability the hurricane arising a few days after the steamer sailed, accounted for her disappearance, but how long she fought, the vicinity of her surrender and other details of the drama have never been told. The absence of any wreckage following an exhaustive search made the mystery more perplexing. Two possible clues to the tragedy were reported, but the authenticity of these could not be verified.

It was at noon on Friday, January 28, 1870 ("a bad day to go to sea," as one veteran phrased it), that the City of Boston sailed down Halifax Harbor enroute to Queenstown. In addition to a number from New York, forty-one cabin and ten steerage passengers embarked at Halifax. The list included many leading business men of Halifax who were going to the Old Country to make their annual purchase of spring and summer goods.

Reports from the troopship Orontes, which survived the storms encountered by the City of Boston, gave a good idea of the latter ship's experiences. The Orontes, carrying the 16th Regiment, left here on January 27, one day before the City of Boston's departure. On January 30, the Orontes ran into a northeast gale, which steadily became worse, ending in a hurricane lasting five hours on the night of February 5.

All the regimental horses on the ship were killed during the gale, and the ship was saved only by changing the position of the men. One writer later pointed out that the "dead" cargo of the City of Boston could not be shifted if the steamer developed a list, and that she had not been built properly, as there were spaces of six feet between the deck-houses and the bulwarks, which would hold a great deal of water. When laid to, the ship would take in water on one side, and then more on the other, before she could recover. "drowning herself."

The first intimation that all was not well with the City of Boston was published as follows under the head of "disasters" in the British Colonist of Halifax, February 16, 1870.

"At last accounts the mail steamer City of Boston had not arrived in England. A cable telegram from Mr. Inman, dated Liverpool, February 15, says: 'I have no fears for the City of Boston. She cannot get on with these

Pile Sufferers

You can only get quick, safe and lasting relief by removing the cause—congestion of blood in the lower bowel. Nothing but an internal remedy can do this—that's why cutting and salves fail. Dr. Leonhardt's Hem-Roid, a harmless tablet, is guaranteed to quickly and safely banish any form of Pile, hemorrhoids or money back. J. S. McKeown and druggists everywhere sell it with this guarantee.

Mighty Bridge Spans Saskatchewan

Faith in Canada's northern areas of resource becomes reality in the Canadian Pacific Railway bridge now nearing completion at Nipawin, Saskatchewan. Designed to take the heaviest locomotives likely to be built, this magnificent structure, a little more than 1907 feet long, spans the Saskatchewan River at a point leading from the more definitely agricultural section into mining and timber districts of recognized magnitude. It will afford ready access to still unexploited farm lands and direct transportation possibilities for those who will explore and develop mineral areas rich in promise. This new

gateway to the North required more than 812 million pounds of structural steel in its construction. Vehicular traffic will be carried in the space between the ironwork and Canadian Pacific trains will travel on the top. (1) shows the pile-driver at work in 1928-1929. (2) In picturesque setting, the main piers of the structure are viewed from Ferry Hill in August 1929 before the steel arrived. (3) The west towers almost finished, December 18, 1929. (4) Looking across the completed bridge on the vehicular roadway which meets the Government highway at either end.

strong east winds. The New York mail boat, due last Friday, not yet reported."

Some re-assurance was given on February 19 by a passenger who had come to Halifax on the last trip of the City of Boston from New York. The steamer's fan had broken in her voyage to New York and a new one had been installed there. On the trip to Halifax he thought he had heard this work loose. The fan was lost enroute to England, he believed, and the ship was making a slow passage under sails against head winds.

As late as March 10 City of Boston was still believed to be making slow progress due to engine trouble, but on April 8, according to the British Colonist, the case was acknowledged to be "all but hopeless."

Soon after anxiety was first felt for the ship, a pathetic incident was furnished in a false despatch: "City of Boston arrived Cork. All well." Church and fire bells began ringing all over Halifax, men and women joyfully shook hands, and the entire city was jubilant. Then it was learned that the ship had not arrived and the message was a canard.

The steamer City of Durham zig-zagging the course between Cork and Halifax, and the City of Antwerp performed a similar service between Halifax and Cork, but no sign of the missing ship or any wreckage could be found.

On February 11, 1870, a board bearing a message that the City of Boston was sinking, was found in Cornwall. On the night of January 31, south of Sable Island, the master of the schooner Charles Tupper saw rockets shoot up three times from a steamer which shifted her position to all points of the compass. This steamer never was identified. The weather at the time was "terrible." These two reports were all that was ever offered to shed light on the mystery of the fate of the City of Boston.

CENTRE

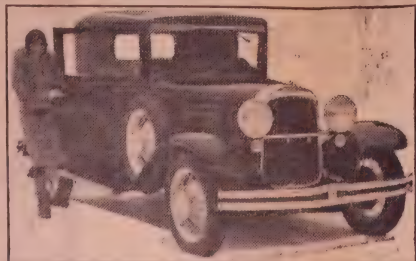

"Did Old Bruin see his shadow? That is the question of the day. It certainly keeps the men busy with shovels and snow ploughs and 'Dobbin' and the shay are 'it' at right.

Several of the young men are planning to take the short course in Agriculture which starts tomorrow at Rednersville under the tuition of Mr. Webster.

Mrs. B. L. Redner went to Bloomfield yesterday for a few days' visit with her parents, Mr. and Mrs. Pearson.

Mr. and Mrs. Ralph Redner visited at Stanley Barber's of Mountain View on Sunday.

Community Club meeting at Victoria was well attended considering the weather and condition of roads. A good programme was enjoyed consisting of community singing, music and songs. The feature of the evening was Sunday with Miss Ethel McLeod.

In appearance and is a remarkable for professional, business or social performer. It is claimed by the manufacturer, the car is particularly desirable that a speed of 72 miles per hour.

HANDICRAFT OF ALBERTA TRIBE

Rochester Museum Obtains Valuable Collection of Relics

Rochester, N. Y., February 4. Obsolete handicraft of the Sarsi Indians of Alberta, Canada, forming a collection which cannot be duplicated outside of the United States, Bureau of Ethnology at Washington, has been obtained for the Rochester Municipal Museum by Director Arthur C. Parker, former state archaeologist.

The Sarsi, according to Dr. Parker, are related to a central Alaskan tribe, but unlike their northern relatives, they are plainsmen. In recent years they have been successful in raising cattle and tanning skins and hides. They are about 150 members of the tribe left.

Some months ago the University of Cambridge, England, sent a collector to gather Sarsi material for the University museum. The collector was unable to find much of value so left for England, according to Dr. Parker, with the impression that the Sarsi had no culture worthy of mention.

An astute Sarsi, was inspired by the collector's visit, however, to gather together all that was left of the ancient handicraft and when the collection was completed it was offered to Dr. Parker through a member of the tribe who speaks and writes English and is in business in Calgary.

One of the most notable items in the exceptionally rare and priceless collection is a buffalo robe, on the reverse side of which is drawn a history of the Sarsi tribe in pictorial language. It has been translated by ancestors of the tribe and verified by Dr. Parker. There are few such robes in existence and chiefs of the tribe said: "It will be the last."

Medicine bags, clothing, hand embroidery, and war costumes are included in the collection.

One of the peculiar superstitions of the tribe, according to Dr. Parker, is

KEEPS YOU FIT!

Just a well-balanced food to keep you fine and fit—carbohydrates for heat and energy, proteins for good muscle, mineral salts for bones and teeth—and all so easily digested. Eat Shredded Wheat with plenty of milk—hot milk is best in Winter as it brings out the delicious flavor of the crisp baked wheat—and supplies the warmth the body needs. Delicious for any meal. It's ready-cooked, ready-to-eat.

PROBS: Fair and Mild

Britain's Policy On Navy Announced

18 MINERS DIED FATE OF OTHERS NOT DETERMINED

Utah State Mine Reported
Fatal Accident at
Standardville

5 RESCUED ALIVE

Eight Missing Men Thought
to Have No Chance
of Escape

(By Canadian Press)

Salt Lake City, February 7.—Eighteen mine workers were dead today and the fate of five others was unknown as rescue crews delved into the lower pockets of a coal mine at Standardville, Utah, following a terrific explosion which rocked the mountainside last night and crumbled the walls of the mining tunnels. Of the eighteen bodies located in various slopes of the mine, sixteen have been identified. Four men escaped alive. The bodies were not immediately taken from the mine, rescue crews leaving them to search deeper in the workings in the hopes of finding additional men alive. The cause of the blast was not determined but the men who escaped and mine officials believed that deadly gas made it virtually impossible for any of the remaining eight men in the mine to escape, unless by accident.

One of the rescued workers said that in the flight from the mine, four men were compelled to crowd between piles of debris shaken from the walls of the cavern by the blast. He said gas fumes immediately filled all parts of the mine. Rescue crews, recruited from day workers, immediately rushed into the mine to search for those entombed and five of the ten entombed miners in the Standard Coal Company's mine at Standardville, were rescued alive today.

IMMIGRANT BOY TAKES OWN LIFE

Seymour Township Tragedy
Is Mystery to
Police

Campbellford, February 7.—Getting up from the supper table at 6:30, Clifford Drew, 19, an English immigrant boy, seven months in this country, walked out to the summer kitchen and shot himself in the right temple with a .22 calibre rifle. He died instantly.

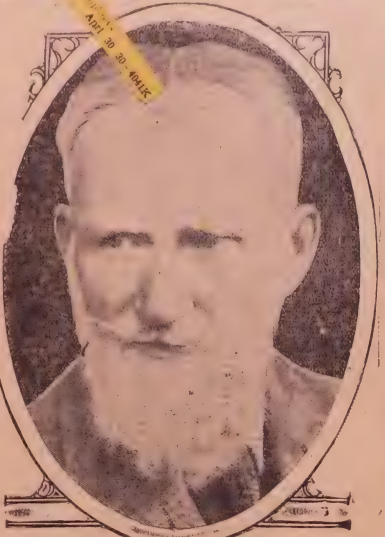

Police, the coroner and friends of the youth are at a loss to explain why he ended his life. He was of a cheerful disposition, not subject to any periods of despondency, and was apparently well contented and happy in Canada.

The fatal shooting occurred at the home of Cyril Stillman, a farmer on the 8th Concession of Seymour Township, who employed the boy. Young Drew had sat at the supper table with the family as usual, and he had apparently enjoyed a good meal. He left the table leaving Stillman's chatting after the supper, and walked into the summer kitchen.

A few minutes later a shot was heard and the Stillmans hurried out to the summer kitchen in some alarm. They found the boy slumped on the floor, dead. Blood poured from a neatly drilled bullet wound in his right temple, and the rifle lay at his hand. He had apparently fallen from the chair on which he had been sitting when he held the rifle up to shoot himself.

OPENING OFFICES AT TRENTON FOR DEPT.

The Federal Government has opened offices at Trenton where business in connection with the new Dominion Air Camp will be conducted. Work is progressing in splendid shape at the air camp and several more men are engaged in clearing away the last acreage for the new site. Trenton citizens expect some real activity when the land and sea base for Canada's aircraft forces is placed in order.

DEMANDED PROOFS

George Bernard Shaw, famous author, who upon hearing that Maurice Colbourne's book, "The Real Bernard Shaw", was

OFFICERS' MESS BURNS

OTTAWA, Ont., Feb. 7.—(C.P.)—The building housing the officers' mess at Camp Borden, Ontario, the training centre of the Royal Canadian Air Force, was destroyed by the fire today, according to reports to the Department of National Defence here. Advances to headquarters did not contain further information.

Camp Borden, Feb. 7. (C.P.)—Later, officials communicated with the camp by telephone, and it was reported the fire department prevented the flames from spreading to hangars. The blaze was disastrous from a sentimental standpoint, as it destroyed practically all the historical relics of the camp.

MINOR ACCIDENT AT VICTORIA AVE. CORNER

A motor accident occurred near the corner of Victoria Avenue and Front Street, early this afternoon, but little damage was done. A truck driven by Walter Wallbridge of P. R. No. 7, Belleville, was proceeding north on Front street, while a car operated by Samuel Applebaum, 87 Lakeshore Road, was backing out from the curb on the right side. The truck driver attempted to stop the car, but he struck the Applebaum car, doing damage to the rear fender. The affair was settled between the two parties after Constable William Evans had investigated the circumstances.

JOHN F. AGNEW

The funeral of John Fleming Agnew took place this morning from the residence of his daughter, Mrs. (Major) R. D. Ponton this morning. Services were held in the home at 10:45 while the body was shipped at 11:45 to Owen Sound for interment.

Truck Strikes Car and Crashes Into Building

Losing control of the truck he was operating, Reginald O'Dell, Trenton had a narrow escape from injury himself and averted serious property damage by veering this morning about eleven o'clock. O'Dell who is a youthful immigrant had been hired by the Derrin Motor Truck Company to drive the motor to Kingston and he was en route to the Limestone city when the accident occurred. The truck had been used in connection with the work at the Dominion air camp for some weeks past.

O'Dell passed by the light at the corner of Bridge and Front Street, seeing the empty truck to the left heading it up Front Street. He saw a hydrant by inches and then the big vehicle veered across the road to the opposite side. Bruce Bottom was proceeding down Front Street and not the driver's sight, he jammed on his brakes. His car was struck and damaged was done to the front fender, head-lights and bumpers. Running amuck the truck came to grief against the door was leading to the Ontario Business College, missing the plate-glass window of Chas. Symon-Haberdashery store by three inches. Sergeant Arthur Booth and Constable William Evans were called and O'Dell was held for investigation. He carried no driving permit.

CHAMBER DRIVE FOR MEMBERSHIP MEETS SUCCESS

Applications Received From
Citizens For Membership

CORDIAL RECEPTION

Appreciation Shown of
Work of Chamber of
Commerce

An energetic campaign for new members for the Belleville Chamber of Commerce was inaugurated this week and is progressing most successfully. The directors and those composing the membership and finance committee are each interviewing a number of citizens and the results achieved are very encouraging. There in the canvass report that they have everywhere been received with the utmost cordiality and have heard nothing but expressions of good will and appreciation for the work of the Chamber of Commerce in bringing about improved conditions in Belleville.

SPLIT C.P.R. STOCK

Montreal, Feb. 7. (C.P.)—Announcement that the Canadian Pacific Railway common stock will be split four for one was made formally today by E. W. Beatty, K.C., president of the company.

"BIG BEN" STOPPED EARLY THIS MORNING

"Big Ben" the city hall clock grew tired of his monotonous routine of tolling off the hours and went on strike this morning at 6:30. Early-risers on noting the position of the hands wondered if they had been driven from the downy quilts too soon. However, John Roblin, the efficient superintendent of "Big Ben" soon set him in motion again and he was operating as usual this afternoon.

SPLENDID SOCIAL AT QUINTE AUXILIARY

Quinte Auxiliary No. 3 L.A.P.M. and Canton Belleville No. 8, held a social evening in the Oddfellows' Temple last night. The event was featured with a large attendance, cards being played during the early part of the evening while dancing followed. Refreshments were served at the conclusion. The winners of the cards were: ladies' first, Mrs. Kelleher, second, Oeonia Way, third Mrs. G. Kerr; gentlemen, first Mr. J. Naylor, second Mr. A. Cooper, third Mr. Arthur Cole. Mr. Cole also captured the door prize.

Dominion land surveyors ask that there be a limit to skyscrapers in Canada.

OSHAWA AT HOME TONIGHT TO THE QUEEN'S TEAM

Belleville Have Possible
Chance to Tie Second
Place

Queen's Senior "B" team go to Oshawa today where they play their second game in the Motor City, and the fixture looks like one of the really "crucial" games of the series. By virtue of their win over Belleville on Monday the Oshawa team went into first place, but only by a slim margin. They have won no more games than the Tri-Color, but they have been beaten only once. To date the standing is—

	W	L	T	F	A
Oshawa	3	1	1	20	15
Queen's	3	2	0	15	9
Belleville	1	4	1	16	27

In addition to tonight's game, Queen's come to Belleville on Monday and play Oshawa in Kingston on the 12th while the schedule winds up when Belleville visit Oshawa on the 14th. With only two more games to play Belleville have scarcely a chance to get into the play-offs, though it is possible for them to tie for second place.

Ex-Premier Baldwin has refused to resign leadership at urging of peer.

Chicago may form "Scotland Yard" to clear city of criminals.

Must Make Transfers At Once After Sale of Motors

Belleville Traffic Officers, Wesley Smith has called attention to the fact that owners of automobiles are, in many cases, neglecting to transfer the license. Owners neglecting to attend

NAVAL PARLEY SHOULD PUT END TO RACE IN ARMAMENTS MACDONALD SAYS TREATY SHOULD RUN TILL 1936

ANNUAL VALENTINE DANCE IS PLANNED

Invitations have been issued for the annual Valentine dance at the Belleville Club which will be held on the night of Friday, February 14th. These affairs are looked forward to with interest and the directors are preparing for a larger crowd than ever before this year.

CHAMPIONS OF 7 COUNTIES COME

Young Orators Will Engage
in Contest Here Next
Tuesday

Extensive plans are under way for an interesting programme under the auspices of the Ontario School Trustees and Raters' Association which will be held in the auditorium of the Belleville Collegiate on February 11th, next Tuesday, at one-thirty o'clock in the afternoon. The programme will be free to everyone. Champion orators of the Counties of Prince Edward, Lennox, Addington, Peterborough, Durham, Northumberland and Hastings are eligible to contest for prizes awarded by the Toronto Association, while the champion of this district will be eligible to represent the district at the provincial contest to be held at Toronto next Easter.

In 1928 Miss Elsie McNeely of Lanark County, was the winner of the provincial contest, and in 1929 Miss Marjory Allen of Middlesex County, carried off the prize. There will be eight contestants for the prize, four of whom have already been selected. They are Alex McLean, of the Kempenfelt district, Jack Atkinson, of the Guelph district, Marjory Sutherland, of Port Arthur, and Martin Tuomala, of Marmora, represented the Belleville district last year.

All persons interested in education and public speaking, and who are desirous of hearing these youthful orators are welcome to attend next Tuesday afternoon.

BADMINTON PLAYERS MET KINGSTON TEAM

Belleville Badminton players at the Provincial Tournament at Kingston played very well and in most cases succeeded in reaching the second or third rounds before being eliminated. This tournament embraces the best players in the Province and all of the title-holders of last year were on hand. Jack Purcell, Dominion champion, walked through to the finals in easy fashion. Mrs. Hanna defeated Miss Lamb in the first round of the ladies' singles, taking three straight sets. E. Phillips of Oshawa, Mrs. Martin of Belleville, was not so fortunate, being eliminated by Miss Mitchell of Kingston. In the second round Mrs. Hanna lost to Mrs. Whittington of Oakville while Miss Ross had the misfortune to be pitted against Miss Bauld of the district champion and lost out. In the first round of the ladies' doubles Mrs. Herrington and Miss Henshaw of Kingston defeated Mrs. Gooderham and Mrs. Martin while Mrs. Hanna and Miss Ross drew a bye. In the second round Mrs. Hanna and Miss Ross lost to Miss M. Robertson and Miss Hall. In the men's singles A. Martin was defeated in the first round by R. Turner of Toronto. The tournament is proceeding today.

A police dog at Barrie seized Police Chief Stewart by the coat and when he resisted clutched his leg.

British Government Looks to Cut in Building Program

MACDONALD'S VIEW

Step Towards Elimination of
Causes of War
Outlined

London, Feb. 7.—Twenty-four hours after the United States had submitted the first concrete proposals before the Great Five Power Naval conference, Prime Minister Ramsay MacDonald issued a memorandum giving the British Government's policy. The memorandum had been submitted to and approved by all Dominions delegations and therefore represented policy of the entire British commonwealth. It proposed:

1. That general agreement resulting from the present conference should run till 1936, and a further conference should be called in 1935 to review the situation.

2. That the agreement should be not only on global tonnage, the entire tonnage allotment for each power, but also upon the size of individual ships in various categories and also upon the total tonnage to be used by each nation in each of these classes.

3. That clauses should be—
(A) Capital ships.
(B) Aircraft carriers.
(C) Cruisers.
(D) Destroyers.
(E) Submarines.

4. That an agreement by categories is necessary in order to obtain the elimination of competitive building and to secure the maintenance of equilibrium of fleet against fleet.

5. That it might be convenient to allow a percentage of tonnage assigned to various categories to be transferred to other categories, but the British Government does not favour the general right of transfer from one class to another. It is opposed to transfer in regard to capital ships, aircraft carriers and submarines.

6. That the number of capital ships for each signatory fixed by the Washington treaty should be reached in actuality within eighteen months of the ratification of the treaty, resulting from the present conference instead of by 1936.

7. That no replacement of existing ships should take place before the existing limits in 1935.

8. British experts favour reduction in the maximum limit of capital ships from thirty-five thousand tons to twenty-five thousand tons and reduction in maximum guns from sixteen inches to twelve inches. They favour lengthening the age of battleships from twenty to twenty-six years. The British Government would like battleships to disappear altogether.

9. The government proposes a reduction in aircraft carrier tonnage for British commonwealth navies from one hundred and thirty-five thousand tons under the Washington treaty to one hundred thousand tons. It proposes further maximum size of aircraft carriers should be twenty-five thousand tons. Their age limit should be 26 instead of 20 years.

10. The British Government proposes to limit limit of eight inch cruisers should remain at ten thousand tons and there should be tonnage limits for smaller cruisers at between six and seven thousand tons.

11. The present British building programme of destroyers can be reduced if submarine programmes of other powers are reduced.

12. The British Government proposes abolition of the submarine. But it abolition cannot be agreed upon, it will continue to build submarines rigidly to defense requirements in any event British will press for limitation of the submarine to the lowest possible limit.

THE WEATHER

Fair with not much change in temperature tonight and Saturday.

BRIGHTENING AND LIGHTING COUNTRYSIDE.

The effort of the Ontario Government to add to the happiness and attractions of life on the farm is clearly indicated in the Speech from the Throne read at the opening of the Legislature on Wednesday afternoon. Among these benefits which are being given are those which cheaper Hydro power will confer on the farming community. The Hon. Robert Cooke, Minister of Hydro, has championed the cause of those who live on the farm and has often said in Belleville as well as elsewhere that the efforts of the government and the commission will be directed to enhancing the appeal of rural life. Mr. Cooke knows what the sturdy agricultural class means to the province whose backbone it is largely as a survey of the riding shows. He represents a rural community. North Hastings, which he has benefitted times without number by his strong championship of their cause in the way of road construction and by grants.

Hon. Mr. Cooke, like Premier Ferguson, knows that Hydro is one of the means to bring to the farm those benefits which the city-dweller has been enjoying. Hydro brightens the roadsides, it lights up the homes, and then goes to work to lighten labor by turning machinery of all kinds. It takes much of the drudgery out of life and when the power costs are reduced the advantages are open to more and more of the people. The fair attitude of the government is what the people look upon with so much favor in the Ferguson administration. It has brought advantages to the city and it has brought them to the country side; it strives to serve all.

PLAIN SPEAKING AND REAL THINKING.

The world is in earnest at the Five Power Disarmament conference. There is bound to be plain speaking and little pussyfooting.

Plain speaking smacks more of the idea of the present age than the mealy-mouthed diplomacy of some decades ago when nations did not trust one another and when diplomacy seemed to be a means of international trickery, and when words did not mean just what they were intended to convey.

A new idea of diplomacy has come into being as a result of the carnage of the great war, which sickened the nations of the old form of statecraft and international plotting and race of armaments. Diplomats are guided by a new principle.

Nations are speaking bluntly enough, because they are sincere. Yet there is more likelihood of this being a successful means of entrance upon a solution of the en-

anglements of the ages. The cards are on the table. The diplomats are sincere and outspoken. The result is seen already. Likelihood of a general agreement as to reduction of the armaments of the submarine. That means something.

HIGHWAY BUILDING TO CONTINUE.

Roads and highways are not forgotten in the Speech from the Throne in the Ontario Legislature. They remain one of the most powerful agencies for the development of the country and so acquire a large amount of attention under the Government.

Ontario has felt the burden of roads but they had to be built. And they are going to be built until every portion of Ontario is served with ready access to the main highways of commerce.

GUESSING AT THE TEMPERATURE.

Who can guess the weather? Few would have dared to tell that Thursday morning would find the mercury lingering around twenty-six below zero.

But even therein lies hope. It cannot get much worse. Records show for the past ten years that the coldest has been 29 below. The cold dip is like a dip in prices, when it becomes very marked it is almost a herald of a change.

The weather records at Belleville over a period of years indicate that cold spells like the present one do not last long and that coldest winters bring early springs.

People hereabouts think they have deserved an early spring in the year 1930 for the winter has been unusually severe with intense cold and heavy snowfalls.

Meanwhile the sun steadily is mounting the sky and gaining in power.

PASSING YEARS From The Intelligencer Of This Day Years Ago

Mrs. Lynn and Mrs. J. R. Large today reached through the mail their feathers from their sons in South Africa. They came encased in bamboo tubes.

J. N. London left this morning for Toronto to attend the annual meeting of the Press.

HAVE YOU HEARD THESE?

Visitor: "Well, well! What a fine little man! Sitting there so nice and quiet!"

Junior: "Yes, ma'am! I always sit still until someone puts some money in my bank, and then I say, 'Thank you.'"

Officer: "Flag of truce, Excellency?" His Excellency: "What do the revolutionaries want?"

Officer: "They would like to exchange a couple of generals for a can of condensed milk."

Little Bobby: "Must I really wash my face, Mommy?"

Mother: "Yes, You're terribly dirty!" Bobby: "Why can't I just put some flour on my face like you do?"

Husband: "I can't make out which is the top and which the bottom of these socks." Wife: "The big hole is the top and the collection of small holes is the bottom."

Junior: "Daddy, I'm going to give the monkey all the rest of my pocket money." Dad: "Well, that's very generous." "Yes, they're kind of stale."

"I think Napoleon was a greater field marshal than Bonaparte." "But Napoleon and Bonaparte were identical." "But Napoleon was more identical."

It was afternoon tea; the two women were discussing a mutual friend. "How's Patricia?" asked one. "Has she got another job yet?"

"I don't know, but what ever made her give up that marvellous position she had at Cadman's store?" asked the other.

"Well, as a matter of fact," went on the first, "she was employed in the jewellery department as a special detective and the silly thing simply could not stand being known as a plain-clothes woman."

Wife: "Remember, now, meet me at the Biltmore for lunch at twelve." Lawyer: "Very well, dear, but please be there by one, as I have an appointment with a woman client at three and can't wait any longer than two, if I am to meet her at four."

Dicky kept asking his mother for an ice cream cone.

Mother: "But it really is too cold for ice cream this morning."

Dicky: "Oh, I'll put my coat on to have it, mummy."

IN THE SLEET STORM

How fearfully he lifts his shaggy feet. The work-horse as he slithers down the street. In deeply-bitten wind and driving sleet.

What does his strongly quivering heart forbode? While desperately he hauls the straining load?

Fears he a crash upon the icy road?

But kind the driver to his clumsy friend. Knowing him at his mercy to defend;

Feeling with him the common dread of pain. And so, alert, he sits upon his cart.

Whistling encouragement to his heaving heart. And careful is with ruling bridle-rein.

The world likes men who're kind to helpless things: Adown the streets of life they leave no slings.

Their gentle hand the patient creatures bless. Not all are born to fill in splendid feuds.

Winning the plaudits of great multitudes. Some are brave knights to horses in distress.

—Anne Merrill.

THAT BODY OF YOURS

By James W. Barton, M.D.

THE TEMPERATE CLIMATE As a youngster reading Robinson Crusoe, Swiss Family Robinson, The Mysterious Island, and Twenty Thousand Leagues Under the Sea, I thought how wonderful it would be to live on a tropical island where there was always the water, the trees, the birds, the fruits and the warm climate. I thought that life would be a daily round of delight.

As I grew older and welcomed the Autumn after Spring, the cold and buoyant weather of Winter, and the sunshine and warmth and signs of early growth in Spring again, I realized that in living in a temperate climate

ate, a climate with a real change of seasons. I was really more fortunate than the inhabitants of a tropical island.

Physically there is not much to do, because there is no need to labor; everything is easily to hand and with no physical labor or desire to work there will be a softening of your whole muscular system. There is not the inclination to work that you find in the cooler climate.

Further, the warm, moist air of the tropics does not stimulate the making of rich blood, blood rich in haemoglobin or iron.

In the dryer and higher climates the air has a little less oxygen, and this seems to serve notice on your blood-making machinery to turn out more and richer corpuscles.

Thus you get the benefit of this extra supply of rich blood if you remain in the temperate climate.

And as to food; although you can get the tropical fruits and vegetables, succulent and nourishing as they are, the diet nevertheless becomes monotonous.

In the temperate climate you get a variety of food because all the world's produce is brought to your door, and this variety, this tempting of the appetite by change of food, is the greatest stimulant to the flow of digestive juice as has been abundantly demonstrated by Dr. W. N. Boldyreff.

The monotony of a life on a tropical island would also affect you mentally. Human nature needs and so demands a change. There is no demand upon your mentality. You do not have to do work that demands mental effort. Your work is not of a constructive nature to interest your mind.

Now, why am I writing about the advantages of a temperate climate?

Because sometimes we get our childish ideas and dreams again, and wish that we could get to the great land

SEE HANDICRAFT OF ARCTIC FOLK

Toronto, Ont. (By The Canadian Press)—The Women's Canadian Club of this city arranged a very successful lecture and afternoon tea when the films of the Arctic ship of the Canadian Government Steamer "Beothic" were shown for the first time. George MacKenzie who was in command of last summer's expedition in his lecture praised the good nature and intelligence of the Eskimo very highly.

Judging by some articles recently given to a museum in Edmonton the skill of these people of the far north is very great, especially where tools

are so crude. Pins of ivory, snow spectacles carved from a piece of hard-wood; a copper pointed fish gaff; dishes and utensils of ox-horn; a stone lamp dish, a rounded "sparkling iron," stone, used for striking sparks to light fires, etc., quivers for arrows, made from caribou hide; Eskimo slip pers of raw hide, and one pair made from the pelt of the ground squirrel; chopping knives with steel blades; ivory skinning implements; a raw-hide belt decorated with carved ivory; beautifully carved ivory ornaments of various kinds.

One queer combination, a household utility set, contains a thimble, and a long-narrow-scoop to enable the fair owner to extract the last bit of succulent marrow from the bones after all the meat has been picked off.

"SARGON WAS A REAL BLESSING"

I am so happy over the way Sargon restored my health and strength that I want to let others by telling them about this splendid new medicine.

MRS. GLADYS PROUT

"For three years, indigestion and biliousness kept me so sick and nervous I wouldn't sleep over two or three hours at night, and usually got up with such a headache that I couldn't do my housework. A sluggish liver kept me badly constipated; I had to take laxatives all the time, and often had dizzy spells.

"Sargon has made me feel like a new woman! I can eat anything I please now without a trace of indigestion or biliousness, and my appetite couldn't be any better. The Sargon Pills, that go with the tonic, regulated me perfectly and I no longer have headaches or dizzy spells. I'm not nervous any more, sleep fine all night and feel so much stronger my housework is a pleasure.

"My husband is also taking Sargon with splendid results and it has been a blessing to our home."—Mrs. Gladys Prout, 301 Caledonia Road, Toronto.

Sargon may be obtained in Belleville from Dolan, The Druggist, Front St.

duled to commence at six o'clock sharp and a large number of the under writing fraternity are expected to be present.

CAR WAS DAMAGED.

Damage to the body of an Essex coach was done this afternoon on Front street, near the corner of Victoria Avenue, when the car in charge of the owner, Sam Appelbaum, of Toronto, came in contact with the side of a motor truck driven by Walter Wallbridge, owner, who was proceeding up the street. A dint was made in the body of the coach by the raising of the truck Constable W. Evans investigated.

THE PLAY

Collegiate and Vocational School Give Fine Production of "The Ivory Door"

"The Ivory Door"—A. A. Milne's legend of the Middle Ages, or, as it was so aptly put, "Once upon a time," was presented for the first time in Belleville last night, at the new Collegiate by the Belleville Collegiate Institute and Vocational School's Senior Literary Society.

As usual, the annual play, under the direction of Miss Medeline Young, is an event, both in the lives of the students and in the lives of those who appreciate the better class amateur stage production. "The Ivory Door" was well managed, well staged, and well acted. Some thirty odd players took part, and even with such a large cast, there was little of that confusion so often seen in amateur plays.

"The Ivory Door" is a worthy successor to the many other Collegiate and High School Plays which have gone before and which are only recalled on occasions such as last night. "She Stoops to Conquer" and "The Admirable Crichton" were two of the best yet produced by amateur talent in this city, and the presentation last night comes up to the standard set by these. It will be repeated for the last time tonight.

A unique and pleasing feature of the 1930 play is the fact that all costumes worn and all scenery used were both designed and made in the Belleville Collegiate. To Miss Everson and the Upper School Household Art Class goes credit for the designing of the costumes, while Mitchell Gillen, who played the part of Bruno, Captain of the Guard, so well, also designed the scenery, which was built in the school under the direction of Messrs. Ferguson, Greenleaf and Bell.

As the events of the play took place as we said before "Once upon a time," and extended over a period of about 125 years, the costumes were chosen from those of the late 14th, 15th and early 16th centuries.

The story centers around what is behind the mysterious Ivory Door, from which none returned who had ever entered. Little Prince Perivale was curious, even as a young boy, as to what fate befell those who passed through the door, and when he came to the castle he was in no way abated. Finally on his wedding morning, despite the protests of the door followed a narrow passage for some distance, and finally, safe and unharmed, found himself outside the castle walls.

In the meantime, word had spread through the castle that the King had passed through the Ivory Door, and to the superstitious minds of the retainers and officials, it followed that he was dead. When King Perivale entered the castle a few hours later, he was accused of being an impostor—a devil which had taken the King's form after waiting for him inside the Ivory Door. At this juncture, Princess Lilla, King Perivale's betrothed, arrived. She and the King had never met, according to the custom in those days, and she accordingly failed to recognize him as the king, he being underground at the time. On hearing the fate which had befallen Perivale, however, she immediately decided to follow through the door, and as none were brave enough to follow, she went alone. She, too, made the trip in safety, but found, on her return, that she was also accused of being an evil spirit which had taken the true Princess' form. The King and Princess are bound, and sentenced to death, but due to the help of Brand, the King's body servant, both escape through the Ivory Door and make their way to safety.

The play must be seen to be appreciated and those who missed it last night should not fail to see it to-night. Allen Dawson, as King Perivale, Louis Maraskas, as King Perivale, Ralph Ashton, as the Mummer and Mitchell Gillen, as Bruno, captain of the guard, were exceptionally good in their parts and deserve credit for their fine performance.

Catherine Smith, as Anna, the King's old nurse, acted well as did also Betty Burrows, who played the part of the Princess Lilla.

LATE MRS. BRUCE BOTTUM

The funeral of Mrs. Vera Bernice Bottum, wife of W. Bruce Bottum, took place yesterday afternoon from her late residence, 214 John Street.

There were a large number of little friends and immediate relatives present and the services were conducted by Rev. C. E. Clarke, Rector of Christ Church, assisted by Rev. Knox, of Ameliasburg United Church. Rev. Clarke and Rev. Knox spoke of the many fine qualities of the deceased and the sympathy that was manifested throughout the city in the loss of a bright young woman. Her activities in various organizations was stressed. The bier was banked with flowers many being sent from a distance. Entombment was made in Belleville Mausoleum. Rev. Clarke officiating at the last rites. The bearers were: Charles Thompson, Claude Thompson, Grant Crosby, William Canning, Ted Gerow and G. L. Gerow. A list of floral tributes included: Gates-A-Jar—Father, Mother and husband.

Anchor—"Dad" and "Mother" Bottum.

Wreaths—Uncle Will, Theresa, Halcy and Ethel; Uncle Ab and family, Kwanis Club, Mrs. and Mrs. Robert Givens, The Whistle Company of Canada, Ladies Auxiliary Y.M.C.A., Women's Christian Association, William Hogan, Quebec; Mr. and Mrs. Jack McIntosh, Mr. and Mrs. Russell Smith, Mr. and Mrs. A. H. McConnell, Aunt Jen and family.

Basket of Roses—The Bowlers, Mrs. J. A. McFee, Mrs. (Dr.) Morgan, Mrs. B. C. Donnan, Mrs. Hawkins, Mrs. H. J. Clarke.

Wreaths—Laurel, Charles, Claude and Aunt Flossie, Maura Chapter No. 7 R. A. M., Minerva Chapter O. E. S. 138, St. Julian Chapter I.O.D.E.

Sprays—Mr. and Mrs. Morris Callaghan, Mr. and Mrs. P. S. Anderson, Mr. and Mrs. Lionel Train, Mr. and Mrs. C. E. Gurnet, Toronto, Mr. and Mrs. W. J. E. Musgrave, Mrs. Richard Arnold and family, Mr. and Mrs. William Kelly, Mrs. Forward, Miss Helen Cather, Mr. and Mrs. Ed. Thomas, Mr. and Mrs. Harold and Mrs. R. Bate, Mr. and Mrs. Carl Crosby, Mr. and Mrs. J. E. Cather, Mr. and Mrs. Tom Law, Staff of Poy and Irwin, Ameliasburg Ladies Aid.

BIRTH NOTICE

MCCREARY—Born at Belleville General Hospital, Feb. 6, 1930, to Mr. and Mrs. Arthur McCreary (nee Marion Jones, Ivanhoe), a son, (Arthur Edgar).

ASHWORTH—Born in Belleville, Feb. 5th, at 285 Pinnacle St., to Mr. and Mrs. Harry Ashworth (nee Hilda Fry), a son, (Herbert Wilfred). Stirling papers please copy.

FORDYCE—Born on Feb. 7, 1930, to Mr. and Mrs. George Fordyce, (nee Jennie Adams), 61 Cedar Street, a daughter, Frances Jean.

PEACHES BROKE ALLEY RECORDS

Both Single and Three String Records Established at Y.

Extra special two records were broken at the "Peaches" last night when the Maple Spillers were spilled by the "Peaches," formerly the Ladies All Star team, for the whole four points, in a junior league game. Miss Wheeler's Peaches went on a heavy scoring jamboree and not only snowed the Maple Spillers under but broke the Alley single game record for a ladies team of 987, held by Excelsior, when they scored 1003, for their third game. Not content with this, they also broke the Rinkley Dinks old three game record of 2726, by rolling 2836, for their total. We do not know if they broke the Maple Spillers hearts or not. Nifty singles in the big doings were: Miss Wheeler 227, Mrs. Belnap 181, Miss Holway 216, 233, Miss Ford 214, and Miss Whalen 204 and 217. Nice singles for the Maples were Sherry 190, Palmer 184 and Good fellow 187.

Several more added to their collection of coupons in the prize bowling.

On The Air

Reception last night left nothing to be desired and listeners enjoyed a pleasant evening. The programme was varied and good, with Rudy Vallee as a special attraction. Even though he does more, grind his teeth and has other human habits, we like him just the same. His performance last night was certainly splendid.

TO-NIGHT

7—CKGW (NBC), Amos 'n' Andy.
7—WEAF, New York State Aviation Commission dinner.
7:30—CKCL, Maximize trio.
7:30—WJZ, Dixie Circus.
8—CKGW (NBC), Cities Service concert.
8—WJZ, Ben Bernie and his minute men.
8:30—WOR, Kinney orchestra.
8:30—CKCL, Studio programme.
9:00—CKGW, Billie Jones and Ernie Hare.
9:30—WEAF, Broadcasting Broadway.
9:30—WJZ, Armour Programme.
10:00—CFRB, Royal York Dance orchestra.
10:00—CKGW, Alpha-Omega Opera Company DeLuxe.
10:30—WABC, Curtiss Institute of Music.
10:30—WEAF, Mystery House.
11—CKGW, Vincent Lopez and his orchestra.

A NEW IDEA IN CHOCOLATE CAKES

It's a new idea in cake, but a useful and popular one of this varying the usual frosted chocolate cup cakes by scooping out some of the center and making a filled cake, which becomes a delicious confection. And by using different fillings, a variety may be had that is unique.

We sometimes fill them with lemon cheese, or with chocolate, nut or raisin filling, with whipped cream, covered with powdered almonds or macaroons, and with marmalade. Other fillings, such as mocha and caramel, are good and blend nicely with the chocolate. Such cakes may be covered

with either white or chocolate icing and decorated to make a brave appearance at the tea party. And one doesn't need to worry about the bits of centers that are removed. They are excellent in a chocolate bread pudding.

Chocolate Cup Cakes

One-half cupful of shortening, 1 cupful of sugar, 1-2 cupful of milk, 1-2 cupful of flour, 2 eggs, 3 squares chocolate, 1 teaspoonful of vanilla, 1-2 teaspoonful of salt, 2-1/2 teaspoons of baking powder.

Melt chocolate. Proceed as for any cake, adding chocolate before milk and flour.

Chocolate Filling

Yolks 2 eggs, 1-2 cupfuls of sugar, 1-2 cupful milk, 1 tablespoonful of butter, 4 squares chocolate, 1 teaspoonful of vanilla.

Melt chocolate. Beat yolks thoroughly, add sugar, milk and butter. Cook over fire, stirring constantly. Bring to a boil and boil for about a minute. Take from fire, add chocolate and vanilla and beat until thick. One-half cup seedless raisins or chopped nuts may be added. This makes one of the best of chocolate fillings, as it spreads and stacks perfectly. Remains soft, and has a beautiful gloss.

Lemon Cheese

Four tablespoonful of butter, 1 cupful of sugar, 2 lemons, juice and grated rind; 3 eggs, well beaten. If a cooked filling is desired, add a tablespoonful of cornstarch dissolved in a little cold water and cook in the double boiler until thick. Cool. Beat before using. Orange or apricot make nice variations.

THE BEAUTY BOX

By Helen Follett

There are four causes of excessively oily hair—over activity of the glands of the scalp, improper shampooing, which leave a deposit of soap scum on the hair shafts, an atmosphere in which floats the soot from chimneys, and the wearing of snug hats of thick felt that keep the scalp overheated.

Cleanliness, neatness and order belong to this efficient, modern life of ours. Order helps a woman to do her work more quickly, and it has a better effect on the mind than scattered, unsystematized effort. In the matter of dress and appearance, neatness and order are essential. The applicant for the job is looked over with a seeing eye, which notes if hair is tidy, fingernails shining, clothes spick and span.

EAST WINDOWS

A room I choose that opens to the east.
Because, when night is gone,
From sombre bonds of shadows late released,
I need the dawn.

I need the quickening tides of light
That lift
Above night's shades forlorn,
When all the doubts and darknesses admit.
Are merged in morn.

A room I seek that opens to the east
And all Earth spins on
My grateful eyes again with gladness feast
Upon the dawn.

When up the budding sky rise floods
Of light

To exercise night's spell,
For me anew the world is set aright
And all is well.

—Aline Michaels.

HOLLOWAY ST. W.M.S. HELD MONTHLY MEET

Holloway Street Church women's missionary society held their monthly meeting yesterday afternoon in the league rooms of the church. Forty-five members and visitors made up the unusually high attendance. Miss Hall, first vice-president took charge of the meeting which opened by singing the hymn "Whosoever Heareth" followed by the Lord's prayer in unison. Minutes of the last meeting were read and reports given by the various secretaries. Hymn 91 was sung followed by prayer led by Mrs. Hall. Mrs. Hubbs gave a splendid recitation and Mrs. Mason read the scripture lesson and devotional lesson. Hymn 111 "In Harvest Field There is Work to do" was sung and Mrs. Barnesworth gave a short report of the Presbyterian Conference held in Nanaimo recently covering the whole year's work. A vote of thanks was moved to the speaker by Mrs. Hubbs and seconded by Mrs. Mason. Mrs. Parrish was named in aid of the mission. The closing prayer was read by Mrs. Hall. The Scripture contest conducted by Mrs. Hubbs was won by group one and two. A fine luncheon was served by group number two with Mrs. (Rev.) Wright as leader. A pleasant social hour followed.

DANGER AHEAD

A Tale of Love
and
the Love of Money
By MILDRED BARBOUR

Accordingly, he compromised with his conscience. And he swore that he was done with the whole crooked business. Never again—once he was safely out of this scrape!

But at the inquest, Rod exploded a second bomb. When he learned of the finding of the liquor and the accusation against Stephanie, he announced that the stuff was his. His employer knew nothing of its presence on her property, he said.

The sheriff was triumphant. He had dislaid Rod, because the latter made him feel blundering and futile. He had an idea that his prisoner was laughing at him.

When Rod made his second confession, the sheriff congratulated himself on having landed both a murderer and a bootlegger. But the silent, ferret-faced deputy sidled up. He whispered something to his chief. The latter cleared his throat importantly and ordered Rod to lead them to the place where he had hidden his liquor supply.

On the way, he remarked to his deputy:

"This liquor business cooks that fellow's goose all right. It shows a real motive for the murder. He and the dead man were probably bootlegging and fell out over something. So he croaked him."

The deputy smiled, but said nothing.

CHAPTER LV

A TEST

The sheriff and his deputy followed Rod.

He led them confidently to the old stone house, walked half around it, and stopped at the entrance to the cellar, which Ralph had found so suitable to his needs.

"That's where I kept the stuff," announced Rod. "It was pretty safe, as you can see. Nobody suspected me, not even Mr. Dunn, who lives in the house. I used to come for it when everybody was in bed."

The deputy had gone down on his hands and knees to peer in the dark, musty interior. He rose grinning.

"This is the only place where you ever kept any."

"Yes," said Rod. "The stuff you found here was all I had."

He looked at the two men in puzzled fashion, for the sheriff was registering amazement and the deputy was snickering.

"Look here, what's the idea?" demanded Rod. "Why did you ask me to show you this place? You know where you found the stuff."

"We know better than you," said the deputy softly.

He touched Rod's arm significantly. "Come on own up that you're lying. We didn't find anything here. It was buried in the ditch which had been dug near the hen-house. The workmen had filled in the trench, and some one came along later and buried the stuff there."

Rod's stammered expression made the deputy grin again. He looked momentarily routed, but he managed to stammer:

"Then—somebody moved it—now—"

"Yes," agreed the deputy. "Somebody it belonged to. It's no use, Rodman. You're lying to save some one, but the name's up."

The sheriff came out of his trance. "It will go hard with you," he said. "I'll see that you're punished for trying to make a monkey out of an officer of the law. You'll be an accessory on a bootlegging charge, and after you're indicted for murder—"

"Chief," said the deputy, "I'm ready to bet that we've got the wrong bird. I never saw a fellow so anxious to get arrested for something he didn't do."

"They were on their way back across the field when the second deputy came tumbling to meet them, panting with exertion and excitement.

"Chief, we located the bullet that killed the Italian. It's in the trunk of a sapling, straight in line with the spot where the body was found."

The sheriff turned to Rod. "This will either clear you—or hang you."

Rod shrugged. There was an amused light in his eyes. The deputy was secretly envious of a man who accepted things with such indifference.

Several days later the sheriff was questioning murder suspects. The bullet found in the tree was traced to the Doyle Store and every drugist worthy of the name sells them—60 tablets—60 cents. Any man or woman can put on five pounds of healthy flesh in 30 days or your drugist will willingly refund the purchase price.

One woman put on 15 pounds in six weeks. Children grow robust and strong—feeble old people feel younger in a few weeks.

Later investigation revealed the fact that the missing man had been a doctor of Carolina's. She had rejected him in favor of the murdered man. It also developed that the two men once had engaged in a bootlegging partnership which ended in a bitter fight.

Stephanie drew a sigh of relief when the trail of the murder led away from "Fairfields." She was still more relieved when the suspicion arose that the missing man might have been responsible for the liquor found on her property.

She snatched at this idea, but, in her heart, she suspected the truth about the ownership of the liquor.

It was Platt who gave away the situation. He drove out to "Fairfields" on the evening of the day that Rod was cleared of all suspicion. He expressed surprise and dismay to learn of the distressing events of the past few days. He explained that he had been called suddenly to New York on business or he would have been on hand to offer assistance.

"It might have been much worse," Stephanie said with a shrug. "Rod came to my rescue in both instances."

"Very gallant of Rod!" Platt said warmly, but he was inwardly raging. He intended to have an accounting with Rod, but that would have to wait until he had accomplished another purpose.

Now was the time, he felt, to put the finishing touch to one of his schemes.

"Of course you know the truth about the liquor?"

"The truth?" She was startled.

"You know that it was Ralph who hid it."

She was silent. Yes, she told herself, she had known it.

"But why?" she said to Platt.

"He used the old stone house as a depot for stuff that was later taken over the river to Washington. It paid him well. He needs money badly."

Stephanie felt sick at heart, weary, disillusioned. She also felt a renewed contempt for Norman Platt. He saw it in her scornful glance.

"Of course, Stephanie, you think I'm being very disloyal to Ralph. But—well, you ought to know the truth. He let you in for a pretty serious charge."

"I suppose I must believe you," she answered wearily.

"And about the handkerchief of mine that was found in the woods, I confess I don't understand. I did lose it here that afternoon. I may have dropped it as I was leaving Ralph. But there was no blood on it. Some body must have planted it for evidence against me."

Stephanie accepted the explanation without comment.

Platt went away confident that he had killed any feeling she had for Ralph. Her engagement would, he felt sure, be broken.

He was both amazed and chagrined when Rita Carstairs told him later what had happened.

CHAPTER LVI

A GALLANT DECISION

When Platt had gone, after informing Stephanie of Ralph's bootlegging activities, she remained in the library, staring for a long time into the fire.

After a while she looked up at Hampton's portrait. Some impulse always drew her to it in moments of stress. The master of "Fairfields" was as alive to her as the people around her. He seemed nearer to her than Rita Carstairs, Platt, or Ralph.

"I know now that I never loved Ralph," she said, with a look toward the portrait, "but he has been my friend since childhood. Our mothers

were friends. I brought him here and I am responsible, in a way, for his disgrace. If I don't save him, he will ruin himself completely."

She caught up a wrap and went out of the house. The day was cold and dazzlingly clear. She shivered, but it was not because of the chill breeze that swept across the dying rose-garden.

Rod was coming toward her. Stephanie had not seen him since he had been cleared of the charges against him. She held out her hand, and he took it, glancing quickly at her troubled face.

"I want to thank you, Rod—although it's very hard to find words to express my gratitude."

"It was nothing, Miss Stephanie."

"It was everything. You shouldered guilt which might have been very hard to disprove."

"It was nothing," he repeated. "I had no fear of the consequences. For you, it would have been another matter. And you had taken me here on trust. I had that to thank you for."

She flushed, remembering how near she had been to dismissing him. Now she owed him a debt. Whatever he was, whatever he did, she could never dream of sending him away.

"Tell me, Rod, did you honestly believe I might have been responsible for the death of Tony's son in law? Is that why you put yourself under suspicion?"

"No, Miss Stephanie. But there was our threat against him. Two witnesses

NAME MRS. COON PRESIDENT OF MISSION CIRCLE

Annual Meeting of Agricultural Society held at Frankford

FRANKFORD, Feb. 4.—(Special)—The January meeting of the Frankford auxiliary was held at the home of Mrs. D. Acton.

The president opened the meeting with hymn "Come Spirit Come." After which three of the members led in prayer.

Secretary read the minutes of the last meeting and also gave a report of the work of the executive meeting which was held at Mrs. Windover's home early in the New Year. At this meeting the groups were planned and delegates appointed to attend the Presbyterial to be held at Nanapan.

Treasurer's Report

Corresponding Secretary read a note of thanks from Mrs. Geo. E. Sine for cards sent her at the holiday season. Mrs. Sine is a shut-in member.

Some time was spent in hearing the yearly reports of the secretaries of the different departments. There was a correspondence to Mrs. Acton, secretary of the Circulating Library from the headquarters describing the books to be sent out.

Mrs. James Johnson convener of the group called upon Mrs. Acton, who responded by a Victrola selection. Scripture lesson, the first seventeen verses of the second chapter of Acts was read by Mrs. Coon, who made a few remarks on the same.

Following this was a prayer by the president for the consecration of the members for the coming year with a wish that they would all unite in prayer at a stated hour each day for the help of the Holy Spirit in the work.

A talk was given by the pastor in which he emphasized the prayer life as equipment for service.

He then on behalf of the society presented Mrs. Coon with a life membership certificate. The latter was very much surprised and expressed her appreciation in a few broken sentences. Mrs. Hendricks gave a temperance reading entitled "Save the Young People." Mrs. Gunter read an Aged Woman's Prayer.

Mrs. Wessie gave a short talk on the Cree Indians and their hymn books. After the roll call, Rev. Mr. Dog-

gett closed the service by prayer. January meeting of the Mission Circle was held at the home of Miss Lillian Pollard.

The newly-elected officers were as follows: Hon. Pres., Mrs. Coon; Pres., Miss Z. Potter; Vice-Pres., Mrs. J. M. Daffoe; Recording Secretary, Miss Anna Stewart; Treasurer, Miss Gunter; Corresponding Secretary, Mrs. P. Ketcheson; Mile Box Secretary, Lucie Moyer; Missionary Monthly Secretary, Lillian Pollard; Strangers' Secretary, Rita Badgley, assisted by Doreen Loney; Press Secretary, Miss Hareyett; Pianist, Ruth Hendricks.

The opening exercises were conducted by the President. Minutes of the previous meeting were read and adopted, after which meeting was thrown open for discussion of several questions of interest to the Circle in general.

Business concluded. Miss Lillian Pollard, convener of the January Committee, took charge of the meeting.

The interesting programme which followed consisted of several numbers: Hymn 95, and the Scripture reading, Psalm 67 being the first two followed by a reading, "For Better China," by Miss Hareyett, showed clearly the deplorable need for intelligent aid in our mission fields. Truly the harvest is great and the labourers few.

A vocal duet rendered by the Misses Nan McKinley and Lena Patrick was much enjoyed by all. "Watch Tower" readings by Beulah Montgomery and Hilda Davidson followed by a piano solo by Ruth Hendricks were next appreciated. The programme closed by Hymn 346.

Roll called showed an attendance of twenty-two members and sixteen visitors.

The meeting closed with the benediction. A dainty lunch followed and a social half hour was spent to the advantage of all.

Don't—To Mr. and Mrs. James Reid on January 24, 1930, a son.

Mrs. Edna Munn and Arthur spent the tea hour on Thursday with Mr. and Mrs. Fred Munn.

Miss Harrison of Thomsbury, is a guest at the home of Mrs. Ed. Prentice.

The annual meeting of the Agricultural Society was held in the Council Chambers on January 15th.

Mrs. Geo. Wilson and Little Ruth are spending sometime with her father Mr. F. Clarke at Camilton. Mrs. W. B. Simmonds spent a few days last week in Toronto on business. Mr. and Mrs. W. A. Ketcheson celebrated their 51st wedding anniversary on January 22nd.

The district quarterly meeting and Christian Workers' Convention was held at the Free Methodist Church here from January 23rd until January 26th with three meetings daily.

Rev. Mr. and Mrs. Sedor and Miss Doris of Campbellford, stayed during the convention with Mr. and Mrs. W. T. Carter.

Mr. Noral Loney has been appointed to represent the Continental Life Insurance in Frankford and vicinity.

TUXIS BANQUET A BIG SUCCESS

(Special To 'The Intelligencer')
Tuesday, February 7.—The father and son banquet which was put on by the Tuxis Club, Friday evening, in the United Church was a real success. The speakers were Premier McMillan Jack and Rev. David Wren, D.D., of Trinity Church, Peterborough.

Mrs. Ruben York has returned to her home at Marlbank after visiting her sister, Mrs. J. Millikan.

M. C. Mills had the misfortune to fracture his foot which required medical attention.

Miss Clara Moon who has been confined to her home through illness, is improving favourably.

Mr. Borden Rollins, of Kingston, spent the week end with his parents.

Mrs. John Kingstone was at home to a number of friends Saturday evening.

Mrs. Myles has returned home after spending a few days in Belleville.

Miss Beate Gordon, of Toronto, spent the week end with her parents.

Mrs. D. Johnson, of Belwood, is visiting her daughter, Mrs. (Dr.) Dales.

Miss Jennie Thompson has returned to her home in Queensboro, after visiting friends here.

Mr. and Mrs. C. H. Kerr entertained a number of young people Sunday evening.

Mr. and Mrs. D. Bailey has returned home after spending a week in Peterborough and Toronto.

The monthly meeting of the Women's Christian Association met in the Council Chamber of the City Hall, on Tuesday, Feb. 4, with the president, Mrs. W. B. Mikel in the chair.

Mrs. S. D. Lader was appointed lady on duty at the Home for February.

Donations to the Home of the Aged for January.

Mrs. T. Ketcheson—Mince pie, Minerva Lodge 138 C. E. S.—\$10.00 and sandwiches.

Mr. D. M. Waters—\$5.00.
Mr. Tannabill—\$50.00.
Mission Church—Social evening cake, tarts and coffee.

Mrs. Lloyd—cakes and meat.
A friend—Literature.

Mrs. Kelso—Pumpkin pie.
Mrs. Pitney—3 jars fruit.

Baptist Church S. S.—Papers.
Mrs. Denyer—Tobacco.

Mrs. Vundervoort—2 tins jelly.
Christ Church Girls' W.A.—Scalloped potatoes and rolls.

Mrs. Riley—White and brown bread.
Mrs. Pearce—1 doz. oranges.

St. John's Chapt. I.O.D.E.—Candy and tobacco and 2 doz. loaves.

Tabernacle Church Ladies—Box to each containing candy, oranges, apples and cakes.

Mrs. Leach—Roast of beef.
W. C. T. U.—Box of sandwiches.

STUDY PROBLEMS
New York, N.Y.—Soviet Russia will be the new objective of the business and professional women of the United States, in their third good will tour next summer.

RECREATION BOWLING

Last night was Hardware night at
the Recreation Alleys and four real
good games were played. Team No. 4
and team No. 8 put on the first battle
of the night. Team No. 8 taking 3
points. Capt. Simpson led his team
with a nice score of 687, his singles be-
ing 224, 200, 261. Other team single
for this team were Post 233, 190. Dur-
ant 183. Capt. Anderson showed his
team how the game should be played
by rolling 716. If they all rolled
scores like that it would be just too

Terms reasonable, satisfaction guar-
anteed. E. D. Graham. 331-614

For the other teams. His sin-
gles were 225, 251, 240.
Team No. 2 and Team No. 9 had a
pretty even game in the second bat-
tle. No. 9 taking the first and third
while No. 2 took the second and to-
tal. For No. 2 Capt. Whelan tried
to carry his whole team but he
could only bowl his own game and no
body else, it didn't work. He rolled
a nice score of 707 just 9 pins short of
Anderson's. Capt. of No. 4 team, his
singles were 185, 266, 256. Other good
scores for No. 2 were Wims 172, Has-
lip 175, Barriague 189, 179, Clarke 167.
For No. 9 Turner showed his Capt.
up by taking the lead away from him.
He rolled 627, singles being 277, 161,
189, good singles were Horne 147,
Grant 159, Murphy 186, Barnett 193,
218.

In the third Team No. 3 took all
four points from Team No. 6 who
were not hitting them so good last
night. Stratton was high for No. 3
with 139, 223, 150 and total 521. Sin-
gles for this game were Brook 177,
For No. 6 McGuire was high with 428.
Singles being 120, 173, 135. Vechter
had 184, Logue 161, 153, Harris 163.
In the last game Team No. 7 took
three points taking the last game by
just one pin. O'Brien was high for
Team No. 7 with 134, 253, 209 and 596.
Good singles were Semaine 181, 228,
Doran 168, 172. For Team No. 5
Ryan was high with 161, 264, 151, to-
tal 546. Good singles were Stewart
195, Keating 154, Johns 112.

BOOK WEALTH IN
COUNTRY HOUSES
OF OLD ENGLAND

Prof. E. C. Kite of Queen's
University Tells of
English Libraries

Professor E. C. Kite, librarian of
Queen's University, and well-known
lecturer was the guest speaker of the
Women's Canadian Club at an open
meeting held in St. Thomas' Parish
Hall last night. A large gathering
filled the hall to hear this delightful
opening discourse on "English Coun-
try House Libraries." It was a subject
which he is intimately acquainted
with his work as "restorer of
books."

Professor Kite's talk was not on
libraries in general but on four or five
old country libraries with which he
had had some dealing. He classed
himself as a "hearer of libraries." It
was his work to examine the books,
give advice to the family on which to
keep and which to sell, and in this
way he gained much valuable knowl-
edge. His lecture took the form of
charming reminiscences and the audi-
ence were privileged to obtain an in-
imate glimpse of England's old coun-
try home life, as well as a peep at
rare treasures of art which they would
otherwise never have heard of.

Two Old Libraries

In the first visit Professor Kite
took his audience to two rare old li-
braries in Hertfordshire. Up a steep
hill, through a quiet little market
place, a turn to the right through a
rambling streets and then through a
gateway to a large grey stone house
almost hidden away in a grove of
trees. The hall of this house the
professor described as being cool and
quiet with beautiful pictures of an-
cestors on the walls. The furniture
is of a priceless nature, beautifully
blended, and in the house are many
relics, among them the first carpet
ever made in England, the work-box
of Mary Queen of Scots, rare pieces
of Chippendale and other treasures
too numerous to mention. The li-
brary in this old house is approached
from the hall and is a homelike room
with open bookshelves on the four
walls. The collection there is truly
fascinating, and includes a first print
edition of Euclid with 18 volumes,
manuscripts of Vellum, a set of
Bacon's works, first editions, and
other priceless volumes. The speak-
er expressed his consternation when
upon being invited to go downstairs
with 400 to a smaller room in the house
found two original copies of Shake-
speare's plays which had never been
known to exist, under ordinary pam-
phlet coverings. Professor Kite es-
timated that the art contents of this
house could be conservatively esti-
mated at one and a half million dol-
lars.

Grey Quiet House

The speaker took his audience
to a little town 20 miles away in the
same county. He described the ap-
proach to the house as being much
the same as the first one mentioned,
and the house itself as also quite sim-
ilar, a grey, quiet house. "You go in
as before" said the Professor, into a
large hall, the walls of which are
hung with the most beautiful pic-
tures, but here instead of portraits
were the continental school, original
masterpieces of Raphael, Rembrandt
and other great masters." The li-
brary is in six great rooms, a genuine
collection of treasures and slightly
classified. It contains a first edition
of Fairy Queen, Captain John Smith's
Journey to Virginia, several Homer
first editions and an autographed edi-
tion of Byron." First editions of the
classics were also discovered by Pro-
fessor Kite, all wonderfully bound,
which he lovingly put into order. The
great house is unoccupied 45 weeks in
the year the owner and her husband
living in a charming home on the
Thames. Three sons, one of whom
would have been the owner of the
beautiful old home, were all killed in
the war.

In Oxford

The next library chosen was one in
Oxford. This is in great contrast to
the foregoing homes, and the house is

Team No. 7—Semaine 597; McGuire
403; O'Brien 506; Baker 404; Doran
491; total 2481.

described as one of the palaces of
Great Britain. The front of the build-
ing is in the form of a great E and
is approached through a large arch-
way leading into the courtyard up to
the house. The rooms are light and
airy, fitted with beautiful furniture
with columns of sparkling Italian
marble. On the extreme right of the
corridor is found the library which is
the largest private library in England.
When first entering the room the
speaker told of feeling as if something
in it was unexplained. The collec-
tion was a great one but somehow
didn't fit. He told of later finding an
old catalogue of the real library, a
treasure trove, which had all been
sold a century ago and which had
been replaced by more modern works.
He explained that this was the reason
the books in the library seemed to
have the air of newcomers. The
collection contained only two origin-
als, also some wonderful French 18th
Century colour prints.

Bedfordshire

The County of Bedfordshire was
the next point of interest. The home
here, Professor Kite described as a
real family home, with high stand-
ards of comfort. The house was
displayed Gainsborough and Lan-
cashire at their best. The library had
a magnificent collection of sporting
books, a few rare French Revolution-
ary documents, works of the great
Italian architects and a few Cromwell
letters, and a wonderful collection of his-
tory volumes.

The County of Yorkshire, the speak-
er described as a place of comfort.
He came to visit this library because
repeatedly asked to do so, and with the
firm conviction that the books there
were not worth mentioning. He was
not disappointed in the library prop-
er, but when he visited what was
termed the book room he received a
great shock. The long room was shel-
ved to the ceiling on three sides with
black oak bookshelves crowded and
cramped three rows deep with all
sorts of rare volumes and manu-
scripts. He explained that the owner
had been a book fanatic and had
spent four thousand pounds a year for
forty years on his collection. He
found eleven thousand novels in an
other room, and a wonderful collec-
tion of history books in still another
room.

No other Orange Pekoe is

BLEND
TEA
'Fresh from the gardens'

It took the Professor two weeks there two real treasures, two black-
letter Chaucers one of which was later
sold for 132 pounds. Mrs. Ponton, president of the Wo-
men's Canadian Club, extended a sin-
cere vote of thanks to Professor Kite
for his splendid lecture.

YOUNG "CONNY" IS BIG SCORER

Toronto Leafs Hold Speedy Habitants To A Tie Score

Toronto, Feb. 7.—Nearly everyone who was at the Arena Gardens last night to witness the last appearance of the Canadiens here in the regular National League schedule went away with the firm conviction that the Leafs should have won but the best that the locals could do against the Flying Frenchmen who held second place in the group standing was a tie. Each team scoring a goal in each of the three regular sessions and being held scoreless in the ten minutes over time. The Leafs had more scoring chances than had the visitors in the first two periods and should have been far enough ahead to emerge with the two points that would have cut well into Ottawa's margin, over the Leafs, but they didn't capitalize on them while each one of the visitors' three counts could have been prevented. The goals that the Leafs did score were pretty efforts, all being on nice combination plays with Charlie Conacher as the finishing player in each one.

Chicago, Feb. 7.—A desperate Montreal Maroon rally in the final period last night was just shy, and the Canadian group leaders in the National Hockey League bowed to the Chicago Black Hawks 3 to 2. It was their third straight beating by the Hawks, all of them by one goal.

For two periods Chicago skated the heavier Maroons off their feet, and had a 2-to-0 lead in the third period. The Maroons, using their great power, opened up at that point and the Hawks had all they could do to prevent themselves absorbing a beating.

The Hawks scored once in the first period, March counting on a pass from Ripley. They accomplished the next one in the second session, when March and Adams collaborated near the close of the period.

ZAM-BUK
HERBAL OINTMENT & MEDICINAL SOAP
Complete treatment for Rheumatism, Gout, Neuralgia, Sprains, Bruises, Burns, Itch, Eczema, Psoriasis, etc.

New York, Feb. 7.—The Detroit Cougars ended a four-game losing streak by playing their second tie game of the National Hockey League season, score, after 70 minutes of close and sometimes exciting hockey, was 1 to 1.

The Cougars outplayed the Rangers when they hit their best strides, but they could not hold it. The New Yorkers displayed the same weaknesses. The result was a spotty game, fast at times and slow at others.

FABRE CAPTURES SNOWSHOE EVENT

Joie Ray of Chicago, Finishes First In Indoor Foot Race

Montreal, Feb. 7.—Edmond Fabre, 45 year old veteran snowshoe racer, tramped to victory last night in the Quebec-Montreal race, finishing the last mile on the snow-covered track in the Forum a few minutes before Joie Ray, Chicago distance runner, flashed to the tape a victor in the 15-mile indoor track race also staged in the Forum in conjunction with the finish of the outdoor event. Ray's time was 1:41.50. Arthur Newton of South Africa was just over a lap behind the winner, and Johnny Salo, New York policeman was third.

Fabre was given a tremendous ovation as he entered the rink smiling brightly through a week's growth of snow and ice covered whiskers. He seemed fresh and strong in spite of the nearly 200 miles of snow-covered waste he has covered on foot in the last six days in zero weather.

Phil Granville, Hamilton, Ont., entered the arena shortly after Fabre and for a few minutes the two were trotting around the inside track together. When Fabre had finished the last mile he was some three and a half hours ahead of the field in elapsed time. Henri Clusson, Montreal, was third, with Frank Hawer, also of Montreal, fourth to arrive. Joseph Carrier, Price, Quebec, was fifth man to enter the rink.

COBOURG WINS BURDEN TROPHY

Toronto Victorias Lost to O'Connor's Curlers by One Shot

Toronto, Feb. 7.—Judge Larry O'Connor, the hero of many a hard-fought curling game, was again in the limelight yesterday afternoon in the final of the Burden trophy, when he scored a five on the last end to finish that many up on Col. Morris to win the round and Burden Trophy by one shot for the second year in succession when the bapen tankard finalists won the secondary competition, the beaten club of yesterday being the winners a year ago.

For a stage late yesterday afternoon it looked as if Toronto Victorias were going to repeat, for after trailing in the early stages, they went into the lead on the 14th and when the Chisholm rink scored a big six, incidentally on the 12th end the same rink came within an ace of scoring another six, for if the last stone of the end had been two inches either way it would have passed out Cobourg's only rock. The Chisholm-Potts game ended an end ahead of the other game with the locals getting two—the only stones on the rinks—to finish four up.

Col. Morris scored two on the second last end to tie the score at the hoo-doo 13. Going home the Cobourg rink only lost one rock, while the first three rocks of the Toronto players were perfect. Then the fireworks started and to make a long and sorrowful story short when Col. Morris went to play his last rock, Cobourg was living five. He had a chance, with a perfect stone, which rarely comes under such conditions of taking out three Cobourg rocks, but he only wicked out one and then went out himself, leaving Cobourg living four, and Larry O'Connor drew the fifth for the game and trophy. It was a great finish.

The Box of Quinte Conference of the United Church will meet in Trinity Church, Cobourg from May 28th to June 2nd. About four hundred ministers and laymen will be the guests of the church.

AMERICANS SELL REISE TO RANGERS

New York, Feb. 7.—The search of the New York Rangers for a defence star to replace the injured Ching Johnson ended last night with the purchase from the New York Americans of Leo Reise, defence star of the Americans, joined his new teammates in time for the game with the Detroit Cougars here last night.

The Rangers, former champions, now fighting for a place in the playoffs for the National Hockey League title, lost the services of Johnson when the latter suffered a broken jaw in a game with Boston last week. Efforts to purchase Du Chapper from Boston, and other league stars met with failure until last night.

Reise, whose home is in Pembroke, Ont., came to the Americans in 1926, from Saskatoon in the Western Canada League.

J. DAVISON WINS THE JITNEY SPIEL

Four Rinks Compete at Curling Club, R. E. Orr Second

A jitney bonspiel of four rinks was held last evening at the curling club on the point system. J. Davison won with a score of ten points. The summary:

J. Hendon
C. D. Tice
W. Harden
W. N. Belair

J. Young
W. H. Gearlie
T. J. Huxley
J. W. Davison

W. Davidson
H. E. Orr

W. Davidson
H. E. Orr

The box was played on points:
J. Davison 10
H. E. Orr 7
Belair 5
Wray 5

SPORT-O-GRAMS

Despite any rumors to the contrary Lambert, Trenton's smart Junior wing man will be in tonight's game against Belleville.

Dame Rumer had it that Lambert stated that he would not play but authentic word from the Management of the Trenton team today states that he will be at his accustomed position tonight.

The local juniors will have a tough job on their hands and they must win to create a tie in the series. Belleville will be without Rumber.

HOCKEY SCORES

Hockey games played yesterday resulted as follows:

National League
Maple Leafs 3, Canadiens 3.
Rangers 1, Detroit 1.
Chicago 3, Montreal 2.

International League
Detroit 2, Niagara Falls 1.

O. H. A. Intermediate
St. Elora 8, Guelph 3.
St. Elora wins round 11-4.
Camp Borden 3, Layner 2.
Camp Borden wins group.
Acton 2, Milton 1.

O. H. A. Junior
London 5, Brantford Lyons 0.

Hughes and their positions will be filled by Yull and Boyd of Albert College and the locals will be sure to put up a strenuous battle.

While local fans are dubious as to the result many of the close critics of the game believe the kids will pull the fat out of the fire.

Trenton have a clever team and they will take some beating. The game will likely be witnessed by a large crowd and Trenton fans believe their team is good enough to go a long way in the O.H.A. play-downs.

Joe Smith of Kingston, has been appointed referee in place of Clare Devlin and both teams must play clean hockey with Smith handling the bell.

Should Trenton win they will stack up against the winner of the eastern series, Kingston Juniors, with the first game in Trenton, Wednesday, February 10th. The return fixture will be played in Kingston on Friday, February 12th. The winner of this half of the group should defeat Kingston.

Many think that Trenton is represented by an even faster team than last year. Lambert, Pilon and Parnell must be watched closely if the locals are to capture the bacon tonight.

Eddie Allan's rink, the Toronto Victorias were defeated by Lawrence O'Connor's Cobourg rink for the Burden trophy in the big bonspiel at Toronto yesterday. Eddie is Sports Editor of the Toronto Mail and Empire and he is a curler extraordinary. The Vics were holders of the Burden trophy last year.

According to all reports a real old-fashioned fist fight marred the Intermediate game between Queen's and Royal Military College at the Hartley arena on Wednesday night. Here's what the Whig-Standard says about the debacle:

One more game like last night's Intermediate fixture and they might as well drop hockey as a winter sport locally. "Disgraceful" is the only word that adequately describes the affair. It might have been all right for those cadets and students who piled into each other on the ice, but the fans who went to the rink to see good hockey were given little for their money. And anyway, the boxing bouts are always staged in the gymnasium or Grant Hall, not at the Arena. It's hard to understand why there should have been such an outbreak as seen last night. As far as the spectators' part was concerned, both the cadets and Referee Joe Smith had an extremely difficult game to handle, but he clamped down on the would-be batters after the first period. In all Referee Smith handed out twenty-five penalties, of which the Tri-Color got thirteen and the cadets twelve.

NOTICE

Belleville Old Boys' Reunion 1930 TO EVERY ONE IN BELLEVILLE

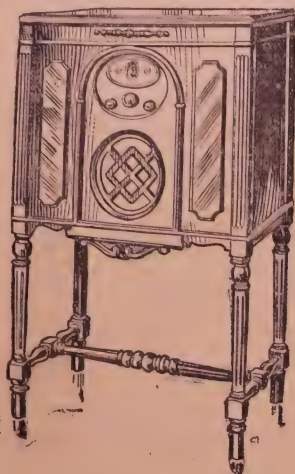

In order to make the Re-Union of 1930 a Bigger, and, if possible, a More Successful affair than its predecessors, the General Committee ask the hearty co-operation of ALL BELLEVILLIANS and others who have the success of the Re-union at heart.

To reach our Old Boys and Old Girls it is necessary to have their addresses at once—and you are asked to send the names and addresses of all former residents that you know of.

Kindly do it TODAY, that the Committee may get an early start at compiling the new 1930 list.

Send Names to Hope McGinnis
Chairman Invitation Committee, Police Buildings, Belleville.

Cash Dealing gives you full value for your money every day at the C. D. S.

News of Quinte District

FRANKFORD NEWS

Mrs. Thomas Vance, of Cherry Valley, is spending a few days with her daughter and husband, Mr. and Mrs. Jas. Reid.

Mr. and Mrs. A. R. Whitelaw and family left on Tuesday to reside in Toronto. Mr. Whitelaw was manager of the Can. Paper Board Co. here, for the past four years. Both he and Mrs. Whitelaw will be missed by a host of friends, but we wish them good success.

A very interesting family birthday party was held at the home of Mr. W. T. Carter on Tuesday evening 28th, in honor of Mr. Carter's 74th birthday. Also his sister, Mrs. Wm. Goodfellow, of Plainfield, who celebrated her 71st birthday on the same date. The event was perfectly carried out with nineteen of their family including grandchildren being present. Both Mr. Carter and Mrs. Goodfellow received nice gifts from the family as well as from friends. Their friends wish them both many more happy birthdays.

On Tuesday evening Frankford played hockey in Madoc with the score being 2-1 for Madoc in 20 minutes overtime.

On Monday evening a surprise was held at the home of Mr. and Mrs. Lochhead in honor of Mrs. Lochhead's sister, Mrs. McKinley with a large number of friends and neighbors present. The evening was much enjoyed by all present. A presentation was made of a Club bag and umbrella to Mrs. McKinley who thanked her friends and said how sorry she was to leave them. Mrs. McKinley left for Toronto on Tuesday.

Many from town attended the sale of cows of Mr. Harry Osterhout, held at Mr. Lorne Hubble's on Tuesday afternoon. Mr. Osterhout had both house and barn on his farm destroyed by fire a short time ago.

Mr. and Mrs. P. Rose, Miss Olive and Earl, spent Tuesday evening with Mr. and Mrs. C. Garrison.

Miss Lillian Osterhout R.N., of

her mother, Mrs. John Osterhout. Mrs. R. Hogg spent Tuesday with Mrs. Geo. Nicolson.

Mr. Geo. Bell is feeling much improved and able to be out again.

Mr. Wilmont Rose's store is closed now for repair and decorating before putting in the new stock.

Mr. Ralph Eymor, of Toronto, spent last week here with Mr. and Mrs. R. Cameron and other friends. Mr. and Mrs. D. Ketcheson spent the dinner hour on Wednesday with Mr. and Mrs. P. N. Bell.

Mr. N. Reid is spending a few days with his son, Charlie, at Glen Miller. Married on Sunday evening, Jan. 26th, 1930, Miss Adelaide Nichols to Mr. George Wannamaker, at Bay Side United Parsonage, by the Rev. Mr. Butler.

Mr. D. W. Gullett and two children of Picton, are the guests of her mother, Mrs. W. E. Windover.

Mr. James Sullivan is on the sick list.

Mrs. Hughes, of Marmora, in the guest of Mrs. (Dr.) McMullen.

On Tuesday Mr. William Arthur Roschub passed away at his residence, between Trenton and Frankford, in his 45th year. The funeral took place at Frankford United Church on Thursday afternoon at 2 p.m., thence to Stirling Cemetery. Mr. Roschub will be greatly missed by a number of friends.

Mrs. M. Donahue and family, of River Valley, were the guests of Mr. and Mrs. Wm. Mills on Sunday.

Mr. and Mrs. Brock Thompson and little Miss Doris Jean spent the week end of last week with relatives at Deseronto.

Miss Helen Welbourne was successful in winning the prize for Friday's dollar day in town.

A shower was held at the home of Mr. and Mrs. Charles Cannings on Thursday evening in honor of Mr. and Mrs. Geo. Wannamaker. They received many beautiful and useful gifts.

Frankford hockey team sure turned over a new leaf on Friday evening

John Benne, featured player with the Twin Bables, who double for one, another in "Three Live Ghosts," the greatest all-talking feature comedy yet

when they defeated Tweed 3-0. Joe Jagault scoring all 3 goals. Everyone of the boys sure did their bit and there sure is a good look out for the boys in the play-off.

THOMASBURG

The daily snow storms are responsible for the poor condition of the roads at the time of writing.

Thomasburg United Church held its annual congregation meeting on Wednesday, Jan. 29. Reports of the W.M.S. and Sunday School, also the quarterly official board all were satisfactory. After the business meeting was over a dainty lunch was served and a social hour spent.

A number from here attended the party given by Mr. and Mrs. W. Sills, of Plainfield and report a good time. Mr. and Mrs. Newton Foster, of Kingston, and Mr. Harry Blakeley, of Queen's University, motored to Thomasburg on Saturday, Mr. Blakeley remaining at his home here over Sunday, while Mr. and Mrs. Foster motored to Mrs. Foster's home at Chatham to visit Mr. and Mrs. Fred Blakeley.

BELLEVILLE, ONTARIO, THURSDAY, FEBRUARY 13, 1930

PROBS: Winds, Color, Snowflurries

Will Reduce Cruisers from 70 to 50

HOLIDAY TO 1936 IN BATTLESHIPS FAVORED BY JAPS

Would Reduce Tonnage
25,000 Tons, Says
Statement

SIZE OF GUNS

Agree to Maximum Calibre
Reduction to Four-
teen Inches

London, Feb. 13 (C.P.)—The Japanese delegation in a statement given out this afternoon declared that Japan was ready to accept holiday in battleship construction until 1936, to reduce the tonnage of the battleship to twenty-five thousand, and to reduce the maximum calibre of guns to fourteen inches.

London, February 13.—Great Britain bases her hope for world peace on the Briand-Kellogg pact, and "looks forward to the period in which armed conflicts need not be expected," and on these grounds can limit her cruiser fleet to fifty instead of seventy, Prime Minister MacDonald told the House of Commons today.

London, February 13.—Japan has reiterated her demand for seventy percent cruiser ratio with the navies of Great Britain and the United States, but it is not expected that she would adhere so steadfastly to this demand that a compromise would not be possible. The statement of the Japanese demands has been handed to the United States delegation. The statement, among other things, was understood definitely to have rejected the proposal of the United States that the island empire satisfy itself with a cruiser ratio of sixty percent.

LINDSAY HYDRO COM. ASKS TO PAY TAXES

Lindsay, Feb. 13.—Feeling that they are piling up a surplus faster than they should and that they should pay something for the benefits they derive from the town, the Hydro Commissioners at their regular meeting decided to inform the town councilors that they want to pay some taxes. Under the present laws their buildings and equipment are not subject to taxes, but they will petition the town council to tax them for something or other. In this way they will be able to return to the ratepayers a little of the surplus and will help to pay for the roads their employees use and for the fire and police protection they get.

W. J. Green, Peterborough's tax collector was 82 years old yesterday and his main interest was in the Peterborough-Lakefield game last night.

TODAY'S MARKET

BIGGAR AND CRAWFORD

Morning wire Toronto market again quiet. B. A. Oil Stock seems to have lost speculative interest and is selling off. Some activity in Canada Oypsum. Understand good sized orders to buy this stock under the market. Some of the mining stocks, Hudson Bay, Minifin Corporation, Base Metals reached new highs for the year. New York market strong. U.S. Steel, Westinghouse Electric, Consolidated Gas at peaks for 1930. The utilities generally strong.

EIGHTY MILLION OF INSURANCE IN COUNTY HASTINGS OUTSIDE TRENTON

Mayor Reid Presents Inter- esting Facts to Masonic Banquet

Members of Eureka Masonic Lodge were privileged to listen to a highly interesting address last night at their regular monthly meeting when Mayor George A. Reid spoke on "Thrill." The master of the lodge, Mr. Howard Assel stine, acted as chairman for the evening and Messrs. Herby, Clarke and Cook, all spoke briefly to the large gathering.

Mayor George A. Reid's address dealt largely with the great benefits of life insurance to the modern family. The speaker quoted some highly interesting figures in connection with this subject. He stated that the amount of insurance carried in the City of Belleville and County of Hastings, not including Trenton totalled \$80,000,000.00. In the township of Sidney there are 63,400 acres, each 100-acre farms and equipment valued at \$7,000, making a total of \$4,788,000 in Sidney. This amount would buy 17 townships. Mayor Reid stated that there were 15,334 homes in Belleville worth \$6,000 each. Taking \$5,000 for each boy and girl it would educate 10,000. The population for the County of Hastings given as \$4,607 and the population for the City of Belleville at 13,413, which makes a total of 49,050 people. The approximate amount of insurance carried by each person in the County and City amounts to \$1,066. \$80,000,000 at five per cent interest amounts to \$4,000,000. Assuming that it costs \$1,500 per year per person it would keep 2,666 people without touching the principal. The amount of insurance paid out in Belleville district in 1929 was quoted at \$136,800.

The total life insurance in force in Ontario is \$2,405,157,437.00 about one

FILM OPERATOR AND FIREMEN USED BRAINS

MONTREAL, Feb. 13.—CP.—When fire broke out in the projection room of a local theatre, last night during the performance, firemen removed helmets and rubber coats so that they might enter building without creating panic. They made their entry and exit without the audience knowing of their danger, but by the quick-witted operator who had arranged for their inconspicuous entry had already put out the flames.

14th. BOMB

(By Canadian Press.)
Chicago, February 13.—The fourteenth bomb of the year exploded today in the Elston Avenue factory district, doing twenty thousand dollars' damage to the Right Welding and Boiler repairing plant and nearby structures.

The Post Editor wants a stopping place for tourists in Deseronto.

half the total carried by all of Canada. The number of policies averaging \$1,000 each are 2,405,157. The total premiums for Ontario at \$25,000 a policy are \$60,139,250.00. The number of farms it would buy at \$7,000 is 343,593, the number of homes it would buy at \$5,000 per home is 400,850, and the number of boys and girls it would educate at \$5,000 each is 481,031. The total amount of life insurance in force in Canada is quoted as \$6,000,000,000.00.

A vote of thanks was tendered to the mayor for his instructive talk.

Mrs. Helen Luscombe pleased the gathering with a delightful solo and luncheon was served at the conclusion of the program.

Third and Last Heir To Baronetcy Dies In Hospital

Toronto, February 13.—Within the short span of one year death has removed the son and twin grandson of Sir Max Murrat, prominent British financier and industrialist, and within that period has twice claimed their inheritance of the baronetcy in the House of Commons. Children were born of his twin brother for almost a month, the last heir to the baronetcy, died today after a lengthy illness.

Children had been sick since their birth in Liverpool, England, last month. Shortly after they were born, Rudolph Grestford Murrat, then heir to Sir Max, was stricken with appendicitis and died in a hospital. Following the death of her husband, and the birth of her children, Mrs. Rudolph Murrat, nee Constantine Lloyd Davies, returned to live with her parents in Toronto.

WOMAN DELEGATE FOR 1ST TIME AT U.C. PRESBYTERY

Mrs. L. E. Reid, of Bancroft,
Wife of Reeve, Sets
Local History

MEMBERSHIP GROWS

Statistical Report Shows
Progress—Temperance
Education

An unique circumstance in connection with the Belleville Presbytery of the United Church of Canada which met in the Tabernacle church in this city today was that a lady representative was present being the 171 lady to attend such a gathering. This lady was Mrs. L. E. Reid, of Bancroft, wife of the Reeve at that village.

Rev. L. S. Wright, pastor of Holloway Street church in this city made the announcement of Mrs. Reid's presence, which was applauded by all present. Ministers and laymen were in attendance in large numbers.

Rev. G. W. Rivers, of Madoc, chairman of the Presbytery, presided. The proceedings were opened by devotion at exercises. Rev. G. C. H. McQuade, of Odessa, Secretary, read a scriptural lesson and prayer was offered up by Rev. Robt. Hall, of John St. Church, city. Minutes of the last Presbytery meeting were read and summarized. Reports presented were of an encouraging nature.

Rev. Mr. Wilson, Napanee, presented the statistical report, which showed an increase in membership, also that there were 179 women officers in the Presbytery, and 14,651 in the Sunday School, this embracing teachers and scholars.

Temperance Plans
In speaking of the report Rev. Mr. Wilson stressed the necessity there was of Temperance education among the young people in the Presbytery, especially so as under present conditions the government allows liquor.

HONEYMOON BY AIR

Wed on February 11, Mr. and Mrs. Clayton E. Purdy left in the mail aeroplane from Mount Dennis, Ontario, for Montreal on their honeymoon. They are shown in photograph here ready to start on the air trip after their friends wished them good luck. Mrs. Purdy was Miss Gladys Bennett before her marriage.

EXPLOSION IN BROOKLYN SCHOOL INJURES SIXTY CHILDREN TODAY

KAYE DON IS GIVEN SANCTION IN RACE

Washington, Feb. 13. (C.P.)—Official sanction for the attempt by Kaye Don, British racing driver, to shatter existing speed record of 231 miles an hour, now held by Major Sir H. O. D. Seagrave was issued today by the contest board of the United States Automobile Association. Don will probably make his try for records around middle of March.

VEN. D. WOODCOCK DIES SUDDENLY

Archdeacon of Kingston and Prominent in Orange Order

BROCKVILLE, Feb. 13.—Ven. F. Deatly Woodcock, Archdeacon of Kingston and rector of Trinity Church, Brockville, since 1902, died at his residence here at 6.30 o'clock tonight after a brief illness.

Archdeacon Woodcock was born in England 78 years ago, and was engaged in business in Western Ontario before studying divinity at Trinity University, Toronto, and being ordained to the ministry in 1898. He was stationed throughout in the Diocese of Ontario, in succession as curate at Prescott, incumbent at Bath, and rector of Trinity Church, Brockville. He was also in succession Rural Dean of Leeds, a Canon of St. George's Cathedral, Kingston, and finally Archdeacon of Kingston.

Fraternally he was known for his close connection with the work of the Orange Association, being Deputy Grand Chaplain of the Grand Lodge of British America and one of the Deputy Grand Chaplains of the Grand Lodge of Ontario East. He was also actively identified with various community undertakings.

Besides his widow, he is survived by four sons and two daughters: Rev. Canon H. P. D. Woodcock, Toronto; George D. Woodcock, Toronto; Maurice Woodcock, Kingston; Edward Woodcock, St. Paul, Minn.; Mrs. W. E. Kidd, Lancaster, Ont., and Mrs. J. G. Hayward, Ottawa.

One of these days, "Big Bill" Tolpman of Chicago may have to take his hat out of the ring in order to pass it around.

Girl Will Stop Her Sobbing In 24 Hours Doctor Says

Althorpe, Mass., Feb. 13 (C.P.)—Sobbing which began at 8.30 p.m. Sunday, still spontaneously shudders Mrs. Violet Mielon, seventeen, but her attending physician said today he would be entirely cured in 24 hours. Mrs. Mielon slept three hours last

Thousands of Parents Rush to Scene To Seek Children

New York, Feb. 13 (C.P.)—Ten school children were rushed to the hospital suffering from cuts and bruises and forty or fifty others suffered light injuries today as a result of explosion which wrecked the bulk building and shattered windows in the public school in Brooklyn. The blast, heard over a wide area, caused rumors to spread that a bomb had exploded at the school and thousands of anxious parents rushed to the scene to seek their children.

LEGACIES LEFT TO CHURCH

Kingston, February 13.—Legacies of one thousand dollars each are made in the will of Anna Gertrude Campbell of Kingston to the General Hospital, St. James Anglican Sunday School and the Missionary Society of the Church of England. The estate is valued at \$26,686.

SLIPSLOP WALKS DUE TO THAWING

If wet pavements, puddles of water and sloppy roads are a harbinger of Spring then spring must surely be on its way. To make up for the above uncomfortable conditions, today has been beautifully mild, with a smiling sun, and a true hint of Spring in the air. Today has been the first intimation in many a long week, that summer is really on the calendar and not many months away. In spite of the poor conditions of the sidewalks, citizens could not resist the lure of the bright sunshine and more shoppers visited Front street this afternoon than for several weeks past. City officials took advantage of the thaw to remove a large amount of the ice from the Front street section. A gang of city workmen started operations with pick and shovel at an early hour this morning and this important part of the spring cleaning is now well under way.

Owing to the city condition of March's hill in the early part of the morning the Rowsome bus was unable to make the grade for some time. Subsequent to this was placed upon the incline which was appreciated by motorists.

George Oliver Dixon, who was arrested yesterday in Oshawa and brought back to Belleville to face a charge of theft, appeared before Magistrate Mielon this morning but was remanded for a week. He is, it is said, also wanted in Toronto and Trenton for alleged similar offences.

It is understood that he is at present on parole from Kingston Penitentiary, having been sentenced to serve ten years there for robbery, the offence having taken place about six years ago. He still has close to four years of his parole to put in. After he is tried here he will likely be taken to Toronto.

THREE IN FAMILY DIE IN ONE DAY IN RAWDON HOME

Mr. and Mrs. W. Spry and
Latter's Mother Taken
in Few Hours

VIRULENT TYPE

Influenza and Pneumonia
Says Coroner Cause of
Deaths

Word was received in this city today of three deaths inside twenty-four hours in one family, and of the serious illness of a nurse who attended the sick people as well as of a neighbor woman who had been helping out. The dead are Mr. Walter Spry, farmer, of Rawdon Township, who died on Tuesday afternoon, his wife, who passed away from the same malady at midnight on Tuesday, and Mrs. Spry's mother, Mrs. J. Kirken, who passed away on Wednesday morning.

Mrs. M. Keene, a nurse from near Peterborough, is seriously ill at the Spry farmhouse, while a neighbor woman, Mrs. J. Mouck, is also suffering from the malady. Three doctors have been working on the case. It is understood that in many ways it is like pneumonia. The three deceased were all members of the one household and up until a week ago seemed to be enjoying the best of health. Mrs. Kirken was about seventy years of age at the time of her death, while Mr. and Mrs. Spry were between forty-five and fifty. There are no children in the family.

A triple funeral will be held privately at Springfield, late this afternoon, and the caskets will not be opened. Owing to the condition of the roads, which are impassable for cars, owing to the recent thaw, the funeral cortege will be made up of cutters, and the caskets will be carried on sledges.

Flu-Pneumonia

In conversation with Dr. H. H. Alger, of Stirling, this afternoon, the Intelligencer was informed that the deaths were caused by a most virulent form of influenza and pneumonia. Dr. Alger did not agree when it was suggested that the cause may have been the much-talked-of "Parrot Disease." He declared that he had seen many cases of influenza both during the epidemic of some years ago, and during the war and that the symptoms in this case were much the same, with pneumonia added.

Dr. Beatty, of Madoc, who the doctor in charge of the case, while Dr. Carleton, of Stirling, was also called in on consultation. Mr. Spry was the first one to take sick, and he had been in bed about five days before his death. Both of the deceased women attended him, and they were forced to take to their beds two days later. Although Mrs. Keene, the nurse, is ill with the same disease, she stands a good chance of recovery, according to the doctor.

Dr. Alger, in his capacity as coroner, advised that the funerals this afternoon be direct from the home to the cemetery, instead of to the church, as was the arrangement made at first. The disease is very contagious, and in his opinion, the welfare of the community was being better looked after by making it a private funeral.

REMANDED DIXON ON THEFT COUNT

George Oliver Dixon, who was arrested yesterday in Oshawa and brought back to Belleville to face a charge of theft, appeared before Magistrate Mielon this morning but was remanded for a week. He is, it is said, also wanted in Toronto and Trenton for alleged similar offences.

THOUSAND STARS WERE MEASURED

Professor Mitchell Completes Task of Measuring Distance

Charlottesville, Va., Feb. 13.—Dr. Samuel Alfred Mitchell, professor of astronomy at the University of Virginia, and director of the Leander McCormick Observatory, has announced he had completed measuring the distance to one thousand stars.

The McCormick Observatory, on top of Mount Jefferson, measures stellar distances by the parallax method. With 1000 published parallaxes it is more than one hundred ahead of the Allegheny Observatory at the University of Pittsburgh.

The Yerkes Observatory of the University of Chicago, the Mount Wilson Observatory of the University of California; the Sproul Observatory, of Swarthmore College, and the Greenwich Observatory in England, have measured distances to some 300 stars. And all the stars will add about 300 more, making a total of a few more than 3,200 stellar measurements now completed.

This university officials say, does not mean that direct distances have been measured from the earth to 3000 stars, for there is purposely much duplication. This was done in order that observers might maintain a constant check on each other. The actual number measured, Dr. Mitchell said, is about 2,000.

The trigonometric method used at the McCormick Observatory is the only direct way of measuring stellar distances, Dr. Mitchell pointed out. He explained it is done by carefully making photographs of the star from opposite ends of the orbit of the earth as it moves around the sun. This gives the astronomer a known base line from which he can compute the stellar distances.

At the University of Virginia half an hour is required to secure a suitable exposed plate. The parallax depends upon the measurement of about 20 plates. When the photographic work was started at the University of Virginia in 1913 the measurement of a single parallax required a total of approximately 50 hours but by using more efficient methods recently the time has been considerably shortened. When Professor Mitchell came to the McCormick Observatory 18 years ago the distances of not more than 100 stars, were reliably known.

Astronomers express distances not in miles but in light years, the distance of space through which a beam of light will travel in one year. Because the direct trigonometric method cannot be used with stars of more than 300 light years away several indirect methods of measuring stellar distances have been worked out.

In speaking of the stellar universe astronomers refer in terms of millions of light years. These conceptions of enormous distances rest upon the foundation work done by Professor Mitchell and others who have measured the direct distances to stars by the trigonometric method.

TAX 2,400 BELGIANS ON \$7,000 INCOMES

BRUSSELS, February 13.—Only 2,400 Belgians were taxed on incomes of more than \$7,000, according to figures just published. There were 9,300 people with incomes ranging from \$3,000 to \$7,000 while 3,348,700 had incomes of less than \$750 a year.

Felt Tired and Miserable

"I took Lydia E. Pinkham's Vegetable Compound for miserable and tired feelings and it gave me strength to do my work. My nerves are better and I feel well and strong and have a good appetite. I sleep well and am in pretty good spirits and able to work every day now. I recommend the Vegetable Compound and you may use this letter as a testimonial."—Miss Delena Wallace, Union Street, North Devon, New Brunswick.

Lydia E. Pinkham's Vegetable Compound

WILL MOTORSHIP END STEAMSHIPS

Question is Now Being Argued by Marine Engineers

Toronto, Feb. 3 (CP).—Is the day of the steamship passing? Is the Diesel-driven vessel forcing the steamboat out of commission, just as the steamboat years ago virtually forced the sailing vessel from the sea?

These questions are now being argued by that sturdy race of marine engineers, most of whom come from the banks of the Clyde. The reason for the discussion centres mostly around the fact that, within the past few years, the motor-driven ship has become increasingly popular. At the present time, on the seven seas and inland lakes, more than 1000 motorships are in commission. In one year, 1927, 269 motor ships were under construction, while only 30 steamships were being built. For the first time in history the motor tonnage exceeded that of steam.

During the Great War, the Diesel engine made tremendous strides. It was used for surface travelling by the submarines, while it generated electric power for use below the surface at the same time. This principle is rapidly being adapted, and many vessels are being built which are either of Diesel drive, or have Diesel engines to generate electricity.

Not only has this type of power unit been adapted on water, however, Railway companies are building engines which are operated by the same units; recently an automobile with a Diesel engine was driven for 400 miles at a cost, the owner claimed, of just under \$150. A new British dirigible is equipped with semi-Diesels.

Dr. Rudolf Diesel patented the type of inter-combustion engine which is now associated with his name, in 1892. Three years later, the first real engine was built. The first public exhibition of the new plant was held at Munich in 1898. Since that time, there have been many improvements

SUN LIFE ASSURANCE COMPANY OF CANADA

A TOWER OF STRENGTH

1929

New Assurances Paid for	654,451,000
An Increase of \$213,207,000	
Assurances in force, (net)	\$2,401,237,000
An Increase of \$504,322,000	
Total Income (net)	172,857,000
An Increase of \$28,110,000	
Surplus earned during the Year	42,863,000
Payments to Policyholders and Beneficiaries	69,174,000
Surplus and Contingency Reserve	72,807,000
An Increase of \$5,869,000	
Total Liabilities	495,390,000
(Including paid up Capital)	
Assets, at December 31st, 1929	568,197,000
An Increase of \$79,239,000	

Rate of Interest earned on mean invested assets 7.02%

The high rate of dividends allotted to participating policyholders is continued and the special dividend on maturing policies extended and increased.

EXTRACTS FROM DIRECTORS' REPORT

New policies paid for numbered 161,391 for a net amount of \$654,451,143.27, an advance of \$213,206,752.36, or more than forty-eight per cent., over the previous year. This marked increase and the fact that the average policy, for the first time, exceeded \$4,000, affords impressive evidence of the ever-growing popularity of the Company.

After deducting amounts reassured, the total assurances in force amount to \$2,401,237,036.94, an increase of \$504,322,102.37. This advance is notable not merely for its magnitude, but because when allowance is made for terminations by death and maturity, it represents a remarkably high rate of continuance and evidences great satisfaction on the part of our policyholders.

The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by \$139,290,474.03.

The rate of interest earned on the mean invested assets has risen to 7.02 per cent. This figure includes a certain amount from bonuses and stock privileges accruing on many of the Company's holdings; but if these were entirely eliminated the rate would still be 6.60 per cent.

A net profit of \$13,077,284.62 was realized from the redemption or sale of securities.

The surplus earned during the year, based on the values entered in the accounts, amounted to \$42,863,578.59, but from this substantial appropriations have as usual been made to further strengthen the position of the Company.

An additional \$10,000,000.00 has been deducted from the market values of our securities as a provision against possible market

fluctuations, raising the amount thus set aside for this purpose in the accounts to \$30,000,000.

A further \$1,000,000.00 has been written off the Company's buildings.

\$931,000.00 has been appropriated to raise the annuity reserves to the Rutherford table of valuation, with interest at 3½ per cent. This exacting standard requires reserves \$2,656,000.00 in excess of those of the Dominion Government standard.

\$1,200,000.00 has been set aside as additional provision for claims arising from total disability, death claims as yet unreported, and possible claims under cancelled policies on which a surrender value or reinstatement might be applied for.

\$22,606,265.67 has been paid or allotted as profits for the year to policyholders.

The special amount entered as a liability to provide for unforeseen contingencies has been maintained at \$12,500,000.00.

After making all these deductions and allocations, \$5,868,899.96 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts, and capital stock to \$60,307,762.44.

In accordance with our usual conservative practice the securities owned by the Company have again been valued at figures much below the market quotations current at the close of the year. This undervaluation represents an important element of strength to the Company additional to the specific provisions in the statements.

Your Directors are pleased to announce that the high scale of profits at present allotted to participating policyholders will be continued during the ensuing year, while

the Special Dividend on maturing policies, introduced last year, has been extended to include policies maturing after having been in force five years or longer, and the scale of benefit has been increased.

The business of the Company has always been conducted under the exacting provisions of the Canadian Insurance law and the rigid supervision of the Insurance Department of the Government of Canada. Ever since we entered the United States in 1895, the Company has been under similar supervision there and is now subject to the regulations of thirty-eight States of the Union which require periodical examination of the affairs of all companies licensed in their territory. In the discharge of their regular duties a committee of twenty-two examiners, representing the States of Michigan, Massachusetts, Minnesota, Ohio, Tennessee, Washington, Virginia, West Virginia, Florida and the District of Columbia recently completed an exhaustive examination into every department of the Company's affairs. The report of this committee makes gratifying reference to the liberal treatment accorded to our policyholders, and provides authoritative testimony to the Company's strength. Even adopting the low valuations placed by us on our securities, the committee still reported a surplus at the close of last year \$1,333,921.71 in excess of the figure claimed by the Company.

SUN LIFE ASSURANCE COMPANY OF CANADA

Earle and Cook Co.

Sale of New Crepe Dresses \$7.95

NEW GINGHAMS 19c

250 yards New Gingham, in plain chambray and check pattern or colors, 32 inches wide. On sale at 19c yard.

made, and many different models, all based on the same principle, but modified, are on the market. The operation is comparatively simple. The engine may be of many cylinders, or it may be of just one. Crude oil is injected in a fine spray near the end of the compression stroke. The compression of gas heats a "hot plate" to such an extent that it acts on the same lines as the spark plugs of an automobile. Thus, the charge of fuel is ignited, and otherwise the operation is very like that of an automobile engine.

The tremendous saving in fuel is the reason for the growth of Diesel operation. One of the largest land installations is that of the Hamburg Electricity Company, in Germany. The motor is of 15,000 horsepower, of nine cylinders. Each cylinder has a bore of 33.86 inches and a stroke of 10.03 inches. The normal speed is 64 revolutions per minute. The engine is 77 feet long, 14 feet wide and

COUNT DE VAULX TO TOUR THE AMERICAS

New York, Feb. 13.—Count Henri de la Vaulx, founder and president of the Federation Aeronautique Internationale, world governing body for aircraft contests, will make an extensive tour of North and South America next month. He will do most of his travelling by air. While his itinerary has not been completed it includes a flight

W.C.T.U. PARLOR MEETING IS HELD

The second of a series of the local W.C.T.U. group parlor meetings was held at the home of Mrs. W. H. Finkle, 185 Foster avenue on Tuesday afternoon February 11th. Mrs. Parley's group was responsible for the large number of ladies in attendance and much interest was shown by all present.

The program committee consists of Mrs. G. S. Cronk, Mrs. W. Stoneburn to Toronto and visits to most of the countries of South America.

The Federation was organized in 1905 and shortly after that the Count paid his last visit to this continent. All world records in aviation must be confirmed by the Federation before they are officially accepted.

and Mrs. R. Wotten. Mrs. Cronk conducted the meeting and in her opening remarks stressed the fact that the Temperance question was not a political but a moral issue and urged all church members to mix it into their church work as one of the first and foremost ingredients.

Mrs. Fairfield gave a numerous reading entitled "The Exercise Book" which was well rendered in Scottish dialect and thoroughly enjoyed by all. Mrs. P. Houston sang a beautiful song which was much appreciated. Mrs. Miller of Nanaimo the County President then addressed the meeting.

She said that the women of U.S. hold meetings twice a month to create new interest and strengthen their cause. Surely it is a time for us to be diligent. We can instruct the youth in form ourselves and others of the facts and create Public Opinion. This is no small part of our work and can be done through the womanhood of our land and with God's help will lead on

to greater things. In the recent victory of the U.S. it was the Federated Woman's Clubs, founded together that gave the triumphant position to the Temperance candidate and gave to Mr. Hoover six million more votes than wet Governor Smith.

Anxious prayers go up for the man who said "I believe in Prohibition and if elected will do my best to enforce it."

There is a movement on foot in which liquor interests will spend millions to secure abolition of Prohibition and boast of their purpose. They say we have 100,000,000 people behind us and untold millions of dollars which we will spend in the merciless fight to destroy Prohibition in the United States.

Dr. Taft said every good result of Prohibition has been belittled every failure or evil result has been magnified.

THE BULLETIN BOARD

Mainly About People You Know

BUILD SEVERAL VILLES

It is reported that in addition to building several pea vines at several points in this district, the Associated Quality Canneries, at Deseronto, will move their siding back on the west side and add some twenty-five feet to their buildings. The work will be done as soon as possible.

Change in business, every five years must go by February 18th, 1930. No reserve.

The Hyman Fur Co. Ltd., Belleville, Ont. 111 & 13

FILE UP GRAVEL

Teams and men are piling up the gravel on the site of the new Eastern Cannery factory at Deseronto. They will be done this week when it is understood they will undertake a similar contract for J. A. Dawson at his new resort east of the town in Richmond township.

VALENTINE PARTY AT Y

A delightful Valentine party is being arranged for this evening by the Business Girls' Class of the Y.M.C.A. They will be hostesses to the Senior Boys' group and their friends. The lecture room on the second floor is being used for the enjoyable affair, and the girls have transformed it into a charming place with Valentine decorations. Music will be supplied for dancing and a luncheon will be served at eleven o'clock.

CIVIC MEETING

The City Council will hold a committee meeting in the council chambers this evening at 8:00 o'clock. The regular meeting of the council will be held on Monday next when several important issues, which will probably include the proposed new bridge, will be under discussion.

50 ADDITIONAL FAMILIES

The industrial committee of the Women's C. A. took care of thirty new families last month besides doing their ordinary work. While it meant considerable expense to the city the amount spent did not exceed the amount spent in the same month last year. A number of old people are being taken care of by the Old Age Pension Board thus relieving the association. It is difficult to provide clothing for children of all ages. Shoes, stockings and underwear are especially needed and a generous response from the citizens is asked in this matter. For any donations, tele. call Mrs. Lynch, 263 George Street, or Mrs. W. C. Mink.

RETURNS FROM HOSPITAL

Mrs. Margaret Horton, who injured her back and neck severely on February 1st, when she fell down a winding staircase at her home in Deseronto, was able to return to her home from the Belleville Hospital, yesterday. Although not completely recovered, she is feeling much better and her many friends will be glad to hear of the improvement.

PENSION BOARD MEET

The Old Age Pension Board in connection with Hastings County Council was in session today in the County Treasurer's office. Several matters pertaining to pensions were dealt with.

FIREMEN'S GOOD WORK

The Fire Department made a quick run to the home of William Holland, 159 Pineville St., at eleven-thirty this morning, and due to their good work what might have been a serious fire was quickly quenched. Damage was confined to a few hundred dollars covered by insurance, and most of the damage was done by water and smoke. How the fire originated is not known, but it started under the flooring in the kitchen.

WOMAN DELEGATE

(Continued from Page One)

to go into the home. We must readjust our methods in this line to meet the new situation of today. Everything should be done for our young people and every effort made to make them total abstainers," he said.

Evangelism

Rev. H. W. Foley, of Frserville, presented a report on Educational Evangelism. The speaker referred to the fact that educational evangelism does not take the place of conversation but tends up to that important phase in a person's life. In early life, religious teaching should be imparted. A child may not understand all that is said along this line, but it can absorb and the surrounding atmosphere the child is placed in can do much to make that child grow up a Christian. Christian work in the home and home influence, was enlarged upon by Rev. Mr. Foley.

Several present spoke briefly to the paper presented by Rev. Mr. Foley, referring especially to what evangelism meant to the young people.

Child Commission

Just before adjournment a brief discussion arose as to how young a person should be to participate in communion. There was some diversity of opinion as to age but all agreed that it meant much in a child's life to take communion at an early age.

Presbytery adjourned until 2 o'clock and previous to that hour several committees were in session.

TWO-MILLION FIRE

Capetown, South Africa, February 13.—Damage estimated at two million dollars was caused by fire in the main shopping centre of Kimberley today. Theatre Royal and a number of shops were burned.

6 WHEEL VEHICLE MUCH IN DEMAND

Designed For Use on Road or Cross-Country is Adopted Here

Ottawa, Ont., (By Canadian Press)—Imports of automobiles from Great Britain into Canada are almost negligible but showing a tendency to increase. It is particularly noticeable that freight automobiles far outweigh in number the passenger cars imported from the Old Country. For the first six months of the current fiscal year there were only 10 passenger automobiles brought in from Great Britain as compared with 20 in the like period of 1928 but in freight automobiles the number increased from 57 to 68.

The basis for the increasing popularity of British made freight automobiles was explained today by Capt. N. G. Duckell, of the Department of National Defense, in a paper which he presented before the Engineering Institute of Canada at the annual conference here. These freight automobiles, trucks or lorries, have been used to a considerable extent by the Department of National Defense and lately attention has been particularly directed toward testing under the most severe conditions of the Canadian climate and terrain that most interesting product of the War Department known as the "rigid six-wheeler." This vehicle is a product of the War Department in the same sense that it was designed by the military authorities and has patented features. But commercial performance was aimed at as well as filling the needs of a rugged cross-country military transport and the patented features are permitted to be used free of charge by all British manufacturers.

One of the most interesting statements made by Capt. Duckell was that under certain conditions the use of the War Department rear suspension has now been extended to include manufacturers in Canada, and other parts of the Empire. This is the feature which is especially the key to the successful performance of the six-wheeler through Canadian mud, sand and clay and also in snow drifts. It is the feature which has "sold" the British vehicle in various parts of the world and is spreading its use rapidly throughout India, Egypt, South Africa and Persia, countries where roads are comparatively few, and also in Europe.

DIED

THOMAS GREEN

The death occurred at the home on Grant street, Deseronto, on Sunday evening of a well-known resident in person of Mr. Thomas Green. The deceased was taken ill only a few days ago, pneumonia being the cause of death. Mr. Green was an employee of the Cement works, Point Anne, for many years but made his home in Deseronto. He was born on the Reserve, 60 years ago and was a member of the Anglican church. Funeral service was held at the residence on Wednesday afternoon by the Rev. Herbert Pringle. The remains were conveyed to the Deseronto Cemetery to await burial. He leaves to mourn his loss four sons: Thomas, Jr., Detroit; Gordon, Leo and Everett, at home; also one daughter, Lorella, at home, and one sister, Mrs. J. D. Fletcher, Deseronto.

Personals

VISITORS WHO COME AND GO

A very delightful afternoon tea was given by Mrs. Robinson and Mrs. McArthur, of the Corns Club, at the former's home, 16 Catherine Street, Wednesday. The tea room was very pretty in a color scheme of yellow and pink. Mrs. Whittell of Brighton, point tea and Mrs. Binney acted as Treasurer. Miss Josephine of the club, Mrs. McBride, Mrs. Wonnacott, Mrs. Palmer, Miss Gress and Mrs. Whittell very ably assisted and helped of the terrific down pour a goodly number was realized for the Club.

Miss Carrie Parks of this city was the guest of her parents, Mr. and Mrs. W. Parks, Plainfield, over the week end.

And America where roads are for the most part good.

The speaker emphasized that the British War Department wished to create a motor transport vehicle which would combine speed with cross-country performance. In the right-angled wheel these objectives were attained—speed equal to the four-wheeled usual type and cross-country performance equal, if not superior, to many of the semi-track or caterpillar types of vehicles which are at present performing Canada's difficult transportation jobs in mining, water power development and forestry operations.

Six-wheelers are as yet a rare sight in Canada. Then opportunity for service this type of vehicle would appear to be a valuable one for Canadian automobile manufacturers. Captain Duckell stated that the British manufacturer failed to realize the great initial advantage he held in Canada and that if he were alive to the possibilities this market could be exploited with considerable success. In various other countries the British War Department's approved type of six-wheeler is being put to commercial use in connection with railroad and road construction, as feeders to railways in districts where roads do not exist, for logging in virgin country and for general farm work.

VARNISH WORTH \$1,200 STOLEN; GANANOQUE

GANANOQUE, Feb. 13.—In December last a truck belonging to the Windsor Varnish Company met with a mishap on the highway just west of this town, and, as a consequence, was forced to cache 20 40-gallon drums of varnish on the farm of Robert Lenkey, three miles west of Gananoque. On Saturday night it was found that five of the drums were missing and Mr. Lenkey at once reported the matter to Chief Chevis. The latter secured the services of Provincial Constables Frank of Kingston and Robinson of Brockville. As a result of their investigation Charles Grant, and George Baldock, farmers and Smithson Morton of this town, were arrested and are now lodged in jail at Brockville. The constables found five drums of varnish, a small quantity removed, in a boathouse here, which is owned by Morton. The total value of the goods would amount to about \$1,200. Marks of paint from the varnish drums were allegedly found on a sleigh belonging to Grant and that sleigh tracks were plainly visible in Lenkey's yard, where the load of varnish had been stored.

KING'S MESSAGE SENT TO CHURCH

London, Feb. 13.—A message from the King, expressing the hope that continued exercise of patience and forbearance would make it possible to find a solution of the grave and perplexing problem associated with revision of the forms of public worship was read by the Archbishop of Canterbury at the Canterbury Convention.

"I fervently join in your prayer for the increase of the influence of religion by renewal of faith and the strengthening of the spiritual consciousness of the members of the Church," His Majesty's message added. "The progress being made in promotion of Church unity is very gratifying, and I trust the Lambeth Conference (of Bishops) will contribute a further advance."

Studio of the Dance

In preparation for our Spring Recital we want sixteen girls from 14 to 18 years. Technique and dancing taught at a very special rate. Girls wishing to take advantage are advised to enter these classes immediately. For particulars Phone 1044 or inquire at Y.M.C.A. Studio 6 p.m., Saturday.

NEW ATTITUDE TO CANADA IS SEEN

Swedish Authorities See Opening for Settlers in Dominion

Montreal, February 13.—The attitude of the government and people of Sweden towards Canada as a home for future Swedish settlers has vastly improved during the past year or two, and there is every reason to hope for a continuance and a possible increase of the flow of fine settlers from that country to ours," stated Emil Hallonquist, of the Canadian National Railways' colonization department, Winnipeg, who has just returned from a visit of three months to Sweden.

Mr. Hallonquist, although of Swedish parentage, was born in Winnipeg, and this was his first visit to the land of his fathers. He went overseas particularly to review the situation with respect to immigration from Sweden and to confer with the Swedish authorities in company with the Canadian National Railways' resident representative in Gothenburg.

"The changing attitude of the Swedish authorities towards emigration to Canada was what impressed me most," said Mr. Hallonquist. "It has been well-known that these authorities have not been too well disposed to activities of Canadian immigration agencies in their country, but there is a different story now. Through the fact that we have conducted a sound and sensible immigration campaign, telling nothing but the truth about conditions in Canada, and laying all our cards on the table with the authorities, we have been able to establish confidence in our activities and to bring about a different attitude on the part of the authorities. The action of the Canadian National Railways last summer in voluntarily closing down on the recruitment of farm laborers in Europe when it became apparent that the western crop was going to be greatly reduced, made a deep impression upon the Swedish Government, and convinced them of the sincerity of our efforts in tempting to recruit only those who had every chance of making good, and settling them only under conditions where they would have the best possible opportunity of success."

"There is in Sweden a class of people who make excellent settlers in Canada, and fit in admirably with our customs and methods. These come particularly from the northern parts of Sweden and here there is a fertile field for immigration efforts, though the difficulty at present is that many of those who wish to emigrate have not sufficient capital to make the move."

"Another thing that impressed me greatly during my trip was the fact that Sweden is becoming much better informed regarding Canada. The number of enquiries being received in our efforts in Gothenburg for information on this country has increased enormously in recent months, and a better understanding of Canada, and its modern conditions and rapid development, is coming about."

"The text-book on practical Canadian farming issued by the Canadian National Railways, and which has been used as the basis a correspondence course in agriculture for some years throughout Great Britain, has been enthusiastically received in Sweden, where many copies in the Swedish language have been distributed at a nominal cost. The book is commented upon by the authorities there as the most practical book on Canadian agriculture ever introduced into the country."

Interest in the methods of Canadian railroading was also very keen in Sweden, said Mr. Hallonquist, who

DEATHS AND FUNERALS AERIAL BREAD WAGON IN PETERBOROUGH CO.

LATE MRS. R. J. WRAY
The funeral of the late Mrs. R. J. Wray took place yesterday afternoon from the family residence, 11 Highland avenue and was of a private nature. Rev. Dr. Bell, pastor of Bridge Street United Church, and charge of the service. The entombment took place at Belleville Mausoleum. Burial was in the cemetery. The deceased was Mrs. N. Belair, Geo. Bonisteel, G. N. Simmons, Herb Smith, J. G. Galloway and Bert Tidale.

REV. CHARLES L. NEWBOLD
The death occurred this morning at the residence of his daughter, Mrs. (Dr.) Hinkley, Victoria avenue of Rev. Charles L. Newbold, of Manassett, Long Island. Deceased was born in Bristol, Pennsylvania, and had been visiting in this city since last December. He was rector emeritus of Christ Church, Manassett, L.I., and is survived by three daughters and four sons.

MRS. FLORENCE MYLES BOOTH
The funeral of the late Florence Myles Booth who died in Boston, Mass. took place yesterday afternoon from the Tickell and Browne Funeral Home. Rev. Robert Hall, pastor of John St. United Church conducted the service. A large number of beautiful tributes were in evidence and many friends of the deceased were present at the last rites. Interment was made in Belleville Cemetery. The bearers were Leo B. Riggs, Don Bleeker, Robert Brown, William Leslie, Sam Anglin and Charles Symons. Mr. James Booth, son of the deceased, accompanied the remains to the city.

MRS. MARY MARSH

The death occurred on February 12th of Mrs. Mary Marsh at the home of her daughter, Mrs. R. J. Roach, 25 Alexander street, a former resident of Napanee. The late Mrs. Marsh was born in Ireland 41 years ago and came to this country at an early age, with her parents who settled near Adolphustown. She was married to the late Peter Marsh who predeceased her 26 years ago. A family of eight children are left to mourn her loss, namely, five sons and three daughters. The sons are James P. of New York; Thomas J. of Burwood, La.; Joseph B. of Canmore, Alberta; Frank D. of Napanee; and Edward, of B. C. The daughters are, Mrs. E. H. Embury, of Napanee, and Mrs. P. J. Roach, of this city, with whom she resided for the past seventeen years. Mrs. Marsh was an ardent Catholic and was highly respected by all who knew her. The funeral will take place on Friday morning, February 14th, at 9 o'clock from her late residence to St. Michael's Church.

DANCE HALL HOSTESS AND ESCORT SLAIN

(By Canadian Press)
New York, February 13.—A woman identified as a dance-hall hostess and her escort were killed early today by four gunmen, who alighted from an automobile, chased them when they fled in opposite directions, and shot them down. The killers escaped in their automobile. The woman was May Smith, 24, and the man Carmine Barilli, 30, known as a gambler.

stated that a part of Swedish railroad officials were planning on visiting Canada shortly for the study of Canadian railway systems and their operation.

Peterboro, February 13.—Peterboro has an aerial bread wagon these days as the result of the decision of a local bread company to supply its customers in the Waresy district through the medium of an aeroplane. A test trip was made when a plane of the Northern Airways Company of Peterboro, piloted by Norman Millar, transported 800 pounds of bread to Waresy, making the journey in eleven minutes. Warsaw, as the crew flies, is some eleven miles away. This morning a regular daily plane service was inaugurated and it will be maintained until the snow-blocked roads are open to motor trucks. So far as is known this is the first regular air delivery of bread in Canada.

Humane cars for food animals have been decided upon by the railways in Canada.

DIES AT AGE OF 82
PETERBORO, Feb. 13.—Daniel Whetung Sr., aged 82, of Curve Lake, one of the best known Indians in Central Ontario, died Thursday afternoon at his home on the Curve Lake Reserve, near here.

There Is Always Something New In Cooking

By Hannan 'Win'

For instance when I make desserts, frozen or otherwise. I sometimes find that the recipe calls for macaroons. These I seldom have on hand but I have discovered an easy and inexpensive substitute. I take a cupful of dried bread crumbs, of which I always keep a supply, one-half cup of sugar and two teaspoons of almond flavoring, mix them together and put in the oven to get very brown. No one eating the desserts has ever been able to detect the fact that real macaroons were not used.

For making casserole dishes I always keep an extra supply of canned soup on hand. A can of the soup mixed with one of lima beans, baked beans or sweet corn, with cracker crumbs, sliced tomato or butter, baked in the oven, makes a dish that is easy

to prepare and pleases the family. Left-over potatoes mixed with a can of vegetable soup and two cups of milk, and baked in a casserole is also good.

For an unusual flavor in candied orange peel add a little cinnamon, cloves to serve instead of tea in the afternoon.

Hot grape juice flavored with a few cloves to serve instead of tea in the afternoon is "different" and very refreshing.

Chicken and waffle suppers are very popular with us and are often given by church societies. The mixing of the large quantity of waffle batter which is necessary is simplified by putting all the ingredients into an ice cream freezer and turning the crank until a fine, fluffy batter results. It is not necessary to beat the eggs before adding them. Cooking oil which does not have to be melted makes a convenient shortening. After the batter is mixed we put it into pitchers from which the iron can be easily filled.

A tunnel turned upside down is an excellent device for holding the in-the oven, makes a dish that is easy

DANGER AHEAD

A Tale of Love and the Love of Money

By MILDRED BARBOUR

CHAPTER LXIV

ALONE—WITH ROD

At sight of Stephanie, Rod's hands dropped from Norma Platt's throat. Both men cried out: "Stephanie!" In the excitement of the moment, no one noticed Rod's use of her first name. He stepped outside the circle of candlelight. Platt got to his feet, fingering his throat.

"Well!" said Stephanie, with a world of meaning in her tone. "Whatever were you two doing?"

Platt directed a baleful glance at Rod. He would have given everything he possessed to denounce him, to demand that Stephanie discharge him on the spot. But he dared not. There was too much at stake. Above all, Stephanie must not guess what had led up to Rod's attack.

So he said, with an effort at a rueful smile, and a gesture toward the cards on Rod's table:

"Rod and I were playing poker. I tried a trick on him, I only mean it as a joke, but he seems to have no sense of humor."

Rod remained silent. Stephanie sank into a chair. She had an air of weariness and defeat. It had deepened since her entrance into the room.

"What luck, Stephanie?" Platt was asking.

She shook her head.

"None at all, Mr. Hammond is as dead as ever he was." She sighed.

"The letter was a trick—directed against me. Evidently, I have more enemies than I suspect."

"A trick?" Platt's surprise was cleverly simulated. "By Jove, do you mean to tell me that that dastardly Mexican—"

"I'm not sure that it was a Mexican," said Stephanie wearily. "In fact, I rather think not. But, if I hadn't changed my plans, if I'd followed the route you mapped out for me—"

is cooling. The small end of the funnel fits into the tube and elevates the pan so that the top of the cake does not come in contact with the table.

A corn popper may be used when crisping puffed rice, puffed wheat, corn flakes, and other breakfast foods. Just a few shakes over a very low gas flame is sufficient and the time and expense of heating the oven is saved. It is easy, too, for the late comer to have freshly crisped cereal.

When cracking ice put it in a wooden chopping bowl which cannot be damaged by the ice pick.

SLOW BUT SURE BEATS ERRATIC QUICKNESS

By Lury Lowell

I suppose it is the wish of all of us to appear quick. There is something enchanting in quickness; something fascinating about the mind which grasps any given theory easily and accurately and about the body which performs a task expertly and without unnecessary motion.

The man who nurses a wish to be efficient above the ordinary degree of efficiency will strive for quickness. He will consider ways of eliminating from his thought and action those non-essentials which slow his efforts and he will work for the perfection of routine which makes for speed.

The danger of all this, however, is that he is rather more than likely to become superficial—to form the habit of gliding over the surface of his duties.

Everyone must be willing to be slow before it is possible to be efficiently quick. One must master the fundamentals of craft with such painful, thorough-going care that they are as familiar as the tips of one's own fingers before one can hope to make them save time and labor by speed.

And even then quickness does not always consist of rapid movement; sometimes the brilliant facility which seems to be quickness is only certainty.

I am reminded of a student who attempted after two or three lessons in French to speak that language with the rapidity which seemed to characterize the speech of the instructor.

That person, a wise little woman from Mansfield, immediately called the student to a halt. "I have spoken French all my life," said she. "And I doubt if I could speak it that fast. So then repeated the phrase and so made it plain that she did not speak quickly at all but with a sureness which made her words seem to race.

Do not be afraid to take your time. Quickness is a result, never an end in itself.

shrugged. Platt didn't glance at Rod, who was leaning against the table, but he was acutely conscious of Rod's gaze upon him.

"Do you mean to say—?" he was beginning, with a great deal of bluster but she interrupted him:

"Just before I left Mexico, I learned that an attempt had been made to kidnap a young woman who crossed the border at the same time and at the same place. I had expected to cross—if I hadn't changed my plans."

Platt took the news with admirable calm.

"Great Scott, what a lucky escape. You might have had a beastly experience. But how did you get over the border?"

"By airplane, from San Antonio."

"Airplane?" He was obviously taken aback. "Whatever made you think of that?"

"On the train, I met a mining engineer who had lived in Mexico for years. I told him the purpose of my journey, and he was very much interested. He advised me that the quickest and easiest way to get over the border was to engage a plane at San Antonio. He very kindly got off the train with me and attended to getting the plane and finding a doctor to accompany me. I don't know what I should have done without him."

She didn't deign an answer, but went on with her story:

"There isn't much more to tell. We flew safely over the border. It was very thrilling. At another time, when I wasn't in such a desperate hurry and so anxious for Mr. Hammond's safety, I should have enjoyed it immensely.

But, at the end of the journey, I met with the disappointment of my life. There wasn't a trace of your uncle, dead or alive. He'd never been heard of there. No injured man had been cared for by any native family. There were no such people as were mentioned in the letter you received. Neither was there any trace of your uncle's Mexican servant, who is supposed to have written the letter. So you see, it was a hoax. A cruel hoax!"

She closed her eyes against threatening tears.

"And I had so hoped that it was true. I did so want Mr. Hammond to be alive!"

The tears spilled over, and she put her handkerchief to her eyes.

"Please forgive me. It's—it's very foolish of me to cry. I guess I'm more tired than I realized."

She went up-stairs soop after. The house was cold, and she felt very forlorn. She slipped off her frock and put on a warm dressing gown. She was hungry, but too weary to think of preparing food and there was no maid.

She heard Platt's car going down the drive. Finally, the sound of it was lost in the distance. There was a knock at the door. She opened it to find Rod standing there. He looked very big and formidable.

For the first time since her return, he realized that she would be alone in the house that night with this mysterious man, whose past was a closed book to her.

The hand of fear clutched at her fluttering heart.

Copyright, 1926, Metropolitan Newspaper Service, New York.

CHAPTER LXV

CONFESSION

Stephanie clutched the knob of her bedroom door, hoping that Rod would not see how her hand trembled. She was momentarily terrified of the cold, silent, empty house; of the man who loomed there in the dark hall.

To her infinite relief, he said, in a matter-of-fact way:

"I've lighted a fire in the library. Miss Stephanie. I think you'll find me more comfortable there. And I've made tea and sandwiches."

He turned away, not waiting for her faltering.

"Thank you, Rod. It was very thoughtful of you."

The library was warm and cheerful. And the lights were on. It would have puzzled Stephanie if she could have heard Rod's statement of the burned-out fuse.

The tea-table was drawn up close to the cheery fire. The tea was hot and fragrant. The sandwiches made Stephanie smile. They were so typical of "Ma's" sandwiches. Good, healthy fires of cold meat between generous mounds of bread!

She ate and drank and felt rested. Curled up in a fire-side chair, she went over the strange experiences of her dash to Mexico. The disappointment. The danger which she had escaped by her change of plans. The unknown enemies who plotted against her.

Dependancy again swept over her.

SOME HELPFUL HINTS FOR BUSY HOUSEWIVES

Damp sawdust sprinkled on a dusty floor before sweeping will prevent the dust from rising. It may be used also as a protection when a room is being painted and it is not convenient to take up the linoleum. A thick layer of sawdust will absorb any paint that may be spilled.

Turpentine added to the water in which cut glass is washed gives the glass a brilliant polish. Use one table-spoonful of turpentine to two quarts of water.

Sheets and tablecloths are best hung over the line by folding six or seven inches over the line and then pegging up the two lower corners so as to form a bag.

To prevent chills from becoming moldy wrap it around with a piece of thin muslin wrung out in vinegar. As the cloth dries, moisten it again.

"Snoring can be cured by means of an operation on the air passage," says a celebrated scientist.

FASHION FLASHES

Weighty Matters do not include the new fur lined coats that are neither heavy nor bulky. The latest is the fur lined ensemble suit. A well known society woman wears one of bright blue wool trimmed and lined with creamy galayak. The coat is three-quarter length and has a deep mushroom collar of fur. With it is worn a blue felt hat with the same fur trimming.

Ignore the Compass and wear a smart suit of Kasha wherever you may be suitable for wear at home or in Florida is a suit of striped Kasha in beige and brown, the stripes used in two directions. With it is worn a blouse of beige angora jersey, tied with a large Windsor tie in front.

Travel begins with the clothes and with the new little travelling case designed by Worth. It is a folding affair—like a little camera with a strap, handle and fastener. Of pigskin lined with velvet, it has two little mirror lined doors and included in its fittings are a tiny mouline case, a drawer of jewels, powder, soap and perfume containers and ivory teeth and hand brushes.

Snow Won't Bother You if you go to a Winter sports resort with one of the new play outfits. Smart and practical is a navy blue cardigan with attached hood of blue and yellow wool. With it go navy blue gabbardine knickers and yellow knitted puttees.

From Beach to Boudoir come the little wooden clogs that were popular last summer at the shore. For the house these clogs are of colored wood studded with rhinestones. The sole and ankle straps are of colored elastic with silver kid insertions and encrustations.

BEAUTY BOX

Girls with circular figure must remember that exercise is necessary if they would woo the slender slim-like shape. Muscles produce heat and heat burns up fatty tissues. The more muscular exertion, the swifter the process of evaporation of adipose cells. With a diet from which fats, sweets and starches are deleted to a certain extent, measurements and weight will lessen. Ordinary calisthenics don't reduce, they merely create a sense of well-being. Exercise must be vigorous, with strong pull on fibers.

Strong soaps will darken blond hair. Only the blandest soaps should be used for the shampoo, and the sudsings and rinsings should be followed by a lemon rinse. The juice of two lemons added to two quarts of water. Only hair tonics give the golden halo a dull finish. Fair hair should be

never had she felt quite so forlorn, so alone, so friendless. It was hard to maintain her composure. She would have liked to put her head down on a broad, strong shoulder and cry and be comforted.

But, curiously enough, she did not think of Ralph in the role of comforter!

After a time, Rod tapped at the door and came in with an armful of fresh firewood. She detained him with questions about his latest purchasing trip. She wasn't afraid of him any more. She was even a little ashamed of her momentary panic.

Whatever he had been, whatever he was now, she felt, that she was safe with him. His relationship to Platt had seemed upon which she had come unexpectedly at this was bewildering and apparently inexplicable. But she should not doubt Rod's loyalty. He had proved it at the time of the tenant-house murder.

SINCLAIR'S

HUGE BOMB BLAMED FOR LATEST FIRE

Chicago, Feb. 12.—The north side was shaken shortly before midnight by a terrific explosion which was at first ascribed to a boiler blast but which battalion Fire Chief Frank Brabant early today believed was due to a huge bomb.

Two people were injured, and damage estimated at more than \$25,000 was caused to a building housing the North Western Laundry Company.

Several hours later, far across the city on the South side, a second bomb was exploded beneath the bedroom window of William Roberts, trucking contractor. The house was damaged and nearby windows shattered.

land dried after the washing. Continued water-waving may have a disheartening effect upon the flaxen crown.

Some girls still regard the lipstick as the flamingo's feathers. Those who march at the head of the beauty parade are tending down the vermilion power. Darker colors are being used, ranging from deep geranium to raspberry. When applying any coloring, the lips should be stretched flat, so the entire surface will receive an even application.

An excellent face pack can be made by mixing enough oil of sweet almonds with powdered rice root to form a paste the consistency of whipped cream. Bathe the face, pat in the mixture, cover with a layer of cheesecloth and then apply steaming hot towels for five minutes. Remove and rub the flesh with ice. Grand!

ACTUAL PARITY IS APPROACHED

Fleets of United States and Britain Approach Parity

London, Feb. 13 (CP).—The official return of fleets of the seven principal naval powers of the world is issued by the First Lord of the Admiralty at a highly opportune time. The return affords a basis for understanding of the strengths of the fleets which the five leading powers are now discussing in the naval conference.

The return shows Great Britain has 20 capital ships, including four battle-cruisers, while the United States has 18. Japan, with a ratio of three to five, has 10 capital ships, or slightly tawdry her ratio. The return shows no capital ships are under construction anywhere in the world except a vessel for Russia and a 10,000 "battleship" for Germany. The following lengths of life are assumed for vessels: Battle-ships, battle-cruisers, aircraft-carriers, and cruisers, 20 years; destroyers, 16 years; submarines 12 years; other vessels, 20 years.

The total for each power must be considered in relation to such matters as the size of ships, calibre of guns, age, and other factors of war-worthiness. In the British cruiser total, for example, are 24 ships of the "C" class, small lightly armed vessels of pre-war or early war designs, built chiefly for North Sea work, and sometimes described as "fleeted destroyers." These have no contemporaries of similar design in other navies. On the other hand, Japan has 23 cruisers of post-war designs, completed in the years 1920-29, and all of 33 knots designed speed, a rate of which only two British cruisers, the Enterprise and Emerald are shown in the return to be capable.

The list of battleships of the Powers is similar to that of last year, construction in that class having been suspended as a result of the Washington Treaty, except in the case of Germany, which is allowed to replace old battleships by new, so long as they conform to special limits. The ship now being built is the Ersatz-Preussen, of 10,000 tons, with Diesel engines of 54,000 horsepower and a designed speed of 26 knots. Her armament will consist of six 11-inch guns, eight 5.9-inch guns, four 3-inch anti-aircraft guns, and four torpedo tubes.

No new cruisers have been begun for the British navy since the last return was issued, but the United States has begun 10, all of 10,000 tons; France, one of 10,000 tons, to be named the Duplex; and Italy, six, of which four are of 10,000 tons, carrying eight 8-inch guns and two of 5,000 tons, carrying eight 6-inch guns. No cruisers have been laid down for Japan. The United States cruiser total in completed ships shows a big reduction owing to the passing of the list of certain classes of the old armoured and protected cruisers, completed between 1894 and 1906. For some years, the

The photographs here show the widely known men in the affairs of the world who have recently been the victims of ill-health. Left: Sir Arthur Conan Doyle, noted spiritualist and author and creator of Sherlock Holmes, who is reported to have been confined to his bed for the past few weeks. Overwork during a spiritualist campaign in Scandinavia is said to have weakened his heart. Right: William Howard Taft, who recently resigned as chief justice of the United States on account of ill health, is reported improved and able to sit up for a few minutes every day.

total was 36 ships; the removal of these obsolete vessels has brought it down to 14, of which 10 are post-war vessels of the Omaha class, of 7,500 tons, armed with twelve 6-inch guns. The weakness of the Royal Navy in torpedo craft has been accentuated during the past year. The total of destroyers has declined from 140 to 134, while that of the United States remains at 309, of which 61 are shown in the body of the return as "listed for disposal"; that of Japan has increased from 101 to 106; and that of France from 54 to 58; the other Powers remaining about the same. There is a net gain of one in the British total of submarines, but it is still less than half that of the United States and 11 below that of Japan. A particularly large submarine program is being executed by France.

Very little information is given in the return concerning the particulars of new ships. In the fleet leader class, however, it is shown that M. S. Keith, laid down in 1929, will be smaller and more lightly armed than the Codrington of the previous year. This displacement is reduced from 1,530 to 1,330 tons, the horsepower from 39,000 to 34,000, and the armament from five to three 4.7-inch guns. This move has an interest connection with a possible agreement at London Conference to reduce the size of ships. Similarly, in the list of submarines, it is shown that the six authorized in the British program for beginning in 1930 (work on which is at present suspended), two will be large vessels of 1,700 tons and four small ones of 640 tons. Some very large submarines are being built by the United States, Japan and France, but, according to the revised particulars in this return, the French submarine-cruiser Surcouf will not be as heavy as was formerly indicated. Her displacement of 2,880 tons is not much more than the 2,760 tons of the United States V-5 and V-6, which carry two 6-inch guns and six torpedo tubes.

The naval forces of the Soviet union continue to appear in the return, although there seems to be much doubt concerning some of them, and it would evidently have been more useful to have inserted details of the post-war fleet of Spain, in which there has been a revival during recent years.

TEDDY OKE IS ANGEL OF SPORT

Toronto Millionaire Sportsman Backs Munny Enterprises

Toronto, Feb. 13 (CP).—Prospector, soldier, business man and "good angel of sport," F. G. "Teddy" Oke, of this city, has perhaps more irons in the sporting fire than any other man in Canada. Not even Teddy himself knows just how many clubs and athletics he is backing, but hundreds of embryonic record-breakers in every line of sporting activity, have been equipped with the necessary staves, spiked shoes, baseballs, basketballs, swimming equipment, etc., by the never-failing Teddy Oke.

Oke knows his sport, and his influence extends widely. Himself, has been and still is an athlete. At 16 years of age, he was the star with a Northern Ontario baseball team. He played lacrosse and hockey, and he was good at all three. Many years ago he drifted to Halesbury and was a member of the famous Tecumseh hockey team which later came to Toronto and turned professional in the city. In the summer he divided his allegiance between baseball and prospecting, and the latter, while not considered sport by any means, has much to do with the physical condition he still maintains.

In the fall of 1915, Teddy entered the bigger game of war. He received a commission as lieutenant with the famous 180th (sportsmen's) Battalion. Until late in 1917 he was in France. Some years later he went into business for himself, buying a seat on the Standard Mining Exchange.

Three years ago, Oke bought the franchise of the Kitchener Millionaires, in the Canadian Hockey League, now the International League. Later, he bought the franchise of the Toronto squad, and moved the Kitchener team here. Last year, Harry Holmes took the Kitchener franchise to Cleveland, Ohio, and at the same time took the Toronto Millionaire players.

This was a big blow to Teddy. However, he started out with a brand new team, which is in the cellar position of the league. Oke isn't discouraged about it, however. He believes next year the Millionaires will be a lot better. He backs his faith with money, too, for 100 players have been on and off the roster of the local team so far.

Teddy saw one of his dreams come true this winter. He had for some years anticipated for the formation for

a second professional league in Ontario, where players could be "farmed" from International League clubs. This league materialized in the present season, and is going strong. "Better to have International players in the Can-Pro than sitting on the bench in the International," Oke says.

Perhaps his greatest sporting effort, however, was the formation of the Parkdale Ladies Athletic Club, for which he is now building a new clubhouse. The P. L. has perhaps 300 members and if there is one person in it who is not a star she will be hard to find. The club holds more records than any similar organization in Canada, and Canada's Olympic teams are largely recruited from this club. Swimmers, divers, runners, jumpers, and girl athletes from every line of sport wear the colors of the Parkdale Ladies' A. C.

AGED LADY IS LOVELY PERSON

Ninety Years Old and Still Does Her Own Shopping

Oshawa, Feb. 13 (CP).—To be 90 years old and still possess all the powers of mind and body with which we are gifted in youth, is something that very few of us even dare to hope for, but Mrs. Robert McLaughlin has attained this age and retained along with it that something which fortunate people possess, of making themselves everybody's friend. Every Sunday morning sees her in her pew at St. Andrew's Church. She does her own shopping down town, and is very fond of taking drives in her automobile and still goes out to visit at the homes of her friends. She remembers anyone who is ill or unfortunate and takes a great deal of pleasure out of doing helpful things. In the spring and summer anyone passing in the morning would find her in the garden, one of the best in the city.

YUKON STORIES TOLD TO CLUB

Told of Claim Bought for \$800 and Sold at \$100,000

Edmonton, Alta., Feb. 13 (CP).—Stories of the Yukon in the days following the big gold rush were told to members of the Edmonton Lions' Club by Hon. Milton Martin. The speaker

UNITED EUROPE HAS BEEN DREAM FOR MANY AGES

Rulers, Princes, Statesmen and Writers Have Foreseen Day

Paris, Feb. 3.—Wide-spread discussion of the plan for an United States of Europe, as advanced by Aristide Briand, foreign minister of France, has brought to light that statesmen have been talking about the idea for centuries.

The first serious project for such a confederation was put forward in 1603 by Henry IV of France and his minister of finance, the Duc de Sully. This went so far as to gain the support of Queen Elizabeth of England. Known as the "Grand Dessein" (great project), its authors described it as "Laws and statutes calculated to cement the union of all the members and to maintain amongst them order once established, mutual assurances and reciprocity as regards religion and politics, for the liberty of commerce."

Europe was to be divided into fifteen principal states, each to send representatives to a council in some central city, but not a capital. There the delegates were to be "constantly assembled as a senate to deliberate on affairs as they arose, to occupy themselves with discussing different interests, to pacify quarrels, to throw light upon and oversee the civil, political and religious affairs of Europe, whether internal or foreign."

"The decisions of this council were to have 'the force of irrevocable and unchangeable decrees as being considered to emanate from the united authority of all the sovereigns.'"

The first task in bringing about this much to be desired state of things, was to be a war on Austria, for only when that kingdom had been split up, it was expected, would general peace prevail.

Queen Elizabeth of England was in favor of the plan. Sully, Henry IV's minister, wrote from London:

"I found her keenly occupied with the means of bringing this plan to success . . . and she appeared to me not to doubt that the plan could be carried through successfully, but she wished, however, it could be done without recourse to arms in the first place."

The assassin's knife was the end of Henry's life and his project.

The seed had been sown, however, and in 1623 the scholars and diplomats of Europe were discussing a scheme put forward by another Frenchman, Emeric Cruce, which was really only a slight modification of the great project, but extended it to Asia. Cruce makes a criticism of his own plan which has a very modern ring about it.

"Suppose that peace is signed today, and that it is published to the whole world, how do we know that posterity will ratify the articles?" Cruce foreshadowed a system of reprisals so that the majority opinion should prevail.

Charles, Duke of Lorraine, in 1688, again tackled the problem. He proposed a council of 13 members, meeting once a week. Each of the 13 countries who were to own Europe was to maintain a member of this council for at least a year.

Abbe St. Pierre, a French priest, in 1740, proposed a union of kings of Europe. "That sovereign who shall take up arms before the union has declared war shall be declared an enemy of the union and it shall make war on him until he be disarmed"—is his way of dealing with a ruler who refuses to abide by common rules. The council was to have 24 members and sit in a specially created town to be known as the "City of Peace."

Jean Jacques Rousseau, whose teachings did so much to bring about the French Revolution, contributed a not very convincing essay on the "Union of the United States of Europe." As in most of his writings, the innate goodness of man was to work the miracle of peace.

Immanuel Kant, the great German philosopher, at the age of 71, brought forward a plan for a "Perpetual Congress of Nations." He foresaw the Republican form of government, in every state as the main hope of salvation and peace for the United States of Europe.

told of one man who bought a claim while he was drunk for \$800 and when he could not get his money back when sober went out and worked the claim and made \$100,000. He celebrated by marrying a girl and took her to the "outside." She divorced him and he returned and married her sister. The same thing happened until he had been married and divorced from four sisters in the same family.

PROPERTY MAN AMazes STUDIO

Drapes Inflated Inner Tube Around Neck and Imitates Brake

Chicago, Feb. 13 (CP).—Urban Johnson, property man for the Columbia Film Network, recently appeared in the studio with an inflated inner tube draped around his neck. Accustomed as are radio attaches to the ways of property men, there were gasps of amazement. When the production was started the mystery was solved. The radio play at hand was a dramatization of the invention of the air brake. Johnson, standing near the microphone, thrust a match stick against the valve stem. The escaping air sounded exactly like the applied brakes on a railway train.

Jersey, chasing the closing of the tunnels to traffic and forcing thousands of commuters to wend their way Jerseyward by devious routes. The "Muenchen" was tied to pier 42 in the Hudson River at the foot of Morton Street when the fire, of as yet undetermined origin, was discovered in the aft hold No. 6, in which was stored nitrate of potash and naphtha.

The blaze, the most disastrous marine fire in the harbor in thirty years, claimed two lives and injured seven persons before it was finally brought under control. Damage to ship and cargo was estimated at from \$3,000,000 to \$5,000,000.

Considerations When Building

Even in countries like Canada, where serious earthquakes are rare, it is worth while, in designing large and heavy structures, to pay some attention to design in relation to the nature of underlying terrain and the possibility of slight, or even in some cases serious, earthquake shocks. Had this been done in the regions affected by the 1925 earthquake, according to investigations by officials of the Dominion Observatory, the resulting damage would have been much less than it actually was.

POUNDING CRAFT MENACING TUBES

Hudson River Tubes Closed Because of Danger From Flooding

New York, February 12.—Raked by a fierce fire which followed a series of explosions in her hold, just after 349 passengers had been discharged, the North German Lloyd liner "Muenchen" lies wrecked at her pier.

Her stern, buried in the mud of the river, prodded dangerously close to the Hudson River tubes leading to New

Old Home Week in Ottawa, Ont., might inspire Hon. Peter Veniot to build an Old Home Week for postmasters who once worked for His Majesty but have been "rejoiced."

EYESIGHT SPECIALISTS
210 FRONT ST. BELLEVILLE

Northumberland and Durham Apple Growers Annual Convention

will be held in the TRENT THEATRE HALL, Trenton at 10 o'clock sharp

Wed., Feb. 19, 1930

Special Talks will be given by prominent growers and marketing experts. Dr. G. H. Berkeley and Professor L. Gieseler will give talks on disease and insects, as well as spray mixtures, while Mr. G. H. Cornell, Dominion Fruit Branch, will speak on the apple situation and marketing. Special banquet at noon at the Gilbert House, Trenton.

This is your meeting. Do not fail to be present!

W. E. HARE, President.

J. Y. KELLOUGH, Secretary-Treasurer.

What Are You Doing For That Stiff Swollen Joint?

Did you ever stop to think that more times the inexpensive remedies are best? Think a man has lost a week's wages with a slow-acting remedy when one or two good rubbings with a penetrating JOINT-EASE would have kept him on his job. Now just bear in mind that a genuine JOINT-EASE made right here in Canada costs but one cent and when JOINT-EASE gets in

joint agony and other aches and pains get out! Give your ailing, pain-tortured joint a joyful treat tonight—give it a good rubbing with JOINT-EASE and tomorrow morning if you don't say that the 10 cents you paid isn't the greatest investment you ever made get your money back from any drug-gist in Canada. Doles' Drug Store knows all about the goodness of JOINT-EASE.

On The Air

***** Fannie Brice, that gifted entertainer with the lovely voice will be heard over WEAP chain tonight. She will open with the song that made her famous, "My Man." Her second will be "Cooking Breakfast for the Man I Love," written by her song writer husband, Billy Rose, from her new talkie "Be Yourself." Her third selection will be full of her characteristic comedy and we know you will love all three.

Rudy Vallee and his orchestra will be heard over the same chain and in addition to his usual popular song, "Guess What," and "Talkie Medley, his own Sigma Alpha Epsilon. Eight o'clock is the time.

Reception last night and this morning left nothing to be desired. The programs came in beautifully with no interference and the varied entertainments were, we are sure, enjoyed by all those radio fans who listened in. We hope tonight's reception will be the same.

Geoffrey Waddington, conductor of the Jersey Milk Chocolate hour, a leader with many years' experience in orch. of national distinction, known in the realm of music for his directing of radio and concert presentations has made a number of special arrangements for tonight's Neilson Hour. Roland Todd, eminent organist and pianist, one of the chocolate boys, accompanies the vocalists in a style all his own. "Connecticut Yankee," written by Rogers will be offered by the Neilson hour featuring orchestra and singers. The selection opens with the orchestra playing the stirring "Marching Song" and Jean Haig, soprano, follows with the verse of "My Heart Stood Still" whereupon the trio picks up the chorus, followed by the orchestra rendering a sprightly prelude, closing with the trio and Gordon Calder tenor, offering "Thou Swell" CKNC between 9 and 10 o'clock.

TONIGHT

7.00 - CKGW (NBC) Ames' H. Andy. 7.00 - WABC, Commodore orchestra. 7.30 - CFBF, Royal York Concert orchestra.

10.30 - WABC, National Radio Forum. 10.30 - CKNC, Auction bridge game.

11.00 - CKGW (NBC), National Grand Opera. 12.00 - WABC, Guy Lombardo.

THE WORLD'S LARGEST WHITE LINER.

The new Empress of Britain (now building) above, will be the world's largest white liner. This is a radical departure from former practice, white vessels usually trading in sub-tropic and tropic waters. Plying between Quebec, Cherbourg and Southampton, will be the Empress of Australia, France and

Scotland will be metamorphosed before the opening of their new season and the fleet when repainted will out rank in individual tonnage all other white fleets in the world. The ships are to retain the familiar buff-yellow funnels and ventilators, and will have white upper works and a white hull

relieved by a blue stripe. Shown above is a marine artist's conception of the new liner as she will appear when completed. The picture is from the brush of Lieut. O. F. Pennington a marine artist of note and an officer in the Canadian Pacific service.

COUNTRY TRIBUTARY TO PACIFIC GREAT EAST. RAILWAY SURVEYED

Should Tap Peace River Country to Make Road Success

Ottawa, Feb. 13 (CP).—A detailed survey of some 2,000 square miles of undeveloped country in British Columbia tributary to the Pacific Great Eastern Railway was made during 1929. T. S. Nash announced at the annual meeting of the Dominion Land Surveyors here today when making a report of the land surveyors committee. "The success of this railway," he said, "the present terminus of which is at Quesnel on the Fraser River, though it has been graded as far as Prince George depends upon the development of the country tributary to it and its extension to tap the Peace River country. The railway is owned and operated by the people of British Columbia."

In all the provinces of Canada there was an increasing public demand for topographical surveys and the resulting detailed maps which were so essential to the proper development of our natural resources, said Mr. Nash.

Town sites in the far north were surveyed, settlements on James Bay mapped out, oyster beds surveyed at Prince Edward Island, the boundary fixed between Ontario and Manitoba, 100,000 acres blocked out in the Peace River district. Mr. Nash's report was an impressive summary of the activity of this country in charting its resources. With the prospect of making possible the development of the country tributary to the P. G. E. surveys were made in co-operation with the government of British Columbia, the Canadian National Railway and the Canadian Pacific Railway. For the purpose of ascertaining the extent of natural resources as well as the best route for the extension of the railway, 12 survey parties, as well as geologists, foresters, and waterpower engineers were sent into the field to collect the required data. The country covered includes a block between Bridge River and Chilcotin River, a block between Chilcotin River and Chilkoot River, both on the west side of the Fraser River in the vicinity of Quesnel Lake. The total area of these blocks amounts to some 12,000 square miles.

"North of Prince George," Mr. Nash said, "a block of approximately 10,000 square miles in the vicinity of the Peace River and Peace River valley was also surveyed and since there was available very little reliable information concerning this area, in the way of accurate maps, it was necessary to make them since the first essential to the proper study of natural resources over a large area of country is a good detailed map to be used as a basis on which to show the resources and information collected by the geologists, foresters, engineers, etc."

"Here the aeroplane was brought into service," said Mr. Nash, "and in co-operation with the Royal Canadian Air Force the Topographical Survey of the Department of the Interior is obtaining vertical aerial photographs covering approximately 5,000 square miles. To this was added another 3,000 square miles by a commercial company."

"From the information collected by the surveyors, aided by aerial photographs, detailed maps are presently being prepared at Victoria to accompany the report on the resources."

"The surveys of the Department of the Interior for 1929 extended over the length and breadth of the Dominion. There was mapping from the Rocky Mountains to the Maritimes. There was townsite work at Fort Smith and at Aklayik on Mackenzie River delta. A settlement was laid out on an island in James Bay, and surveys were made to govern the leasing of oyster beds in Prince Edward Island. The aeroplane was pressed into service and for the first time was the sole means of transport of a party making land surveys on Churchill River and Reindeer Lake, thereby adding many weeks to the effective survey season that would otherwise have been spent in arduous toil on the portage."

"The rush of settlers into the Peace River district necessitated the resumption of subdivision surveys and two parties blocked out over 100,000 acres of farm lands for settlement, much of which was already squatted upon. This side of settlement is largely due to the growing of prize grain in the district a few years ago and to the discussion of an outlet to the Pacific and has grown to such proportions that more extensive subdivision will be required for a number of years, of lands that have been examined and found eminently suitable for farming."

"A preliminary survey was made on the Ontario-Manitoba boundary from the northern end of the meridional portion northwesterly to the eastern end of Island Lake. The geographical position of the former point has been accurately determined from geodetic points in southern Manitoba, but the position of the latter was known only from mapping operations, which were not deemed sufficiently accurate to determine the direction of a trail line 90 miles long, and an accurate astronomical determination of this position was considered necessary. Ordinarily this would have meant delaying the work one year to permit these observations to be made. To avoid this delay, the geodetic survey undertaken, by making use of aeroplane transportation, to make the necessary observations at Island Lake, and to deliver the results of the computations to the party at the other end of the 90 miles line in time to correct the direction of the trail line begun at that point, if necessary. This was done, and the result of the observations of the geodetic survey party was found to be so close to the bearing of the trail line that the latter was carried through to the end, a distance of 90 miles, without deflection and missed its objective by only five feet. This indicates an extremely high degree of accuracy in the taking of the observations, determining the bearing of the line and in carrying the line forward as a truly straight line."

"The statue of Champlain on Nepean Point in Ottawa," said Mr. Nash, "is holding in its outstretched hand an absolute instrument known as an astrolobe, which was in use by navigators for obtaining altitudes of the stars before the invention of the sextant. Within recent years French scientists have developed a new type of instrument for taking star altitudes to which also has been given the name astrolobe." Mr. Nash described this instrument in some detail and stated that the topographical survey of Canada had found it to be superior to various other forms of portable instruments in determining latitudes and longitudes by astronomical observations.

Cleveland families have been coming to Deseronto for fishing and more are expected this year.

SUN LIFE SHOWS LARGE INCREASE

It is only four years since, for the first time in the history of life assurance in Canada, a Canadian Company was able to announce over a billion dollars of assurance in force. The event was properly celebrated by the Company in question, Sun Life Assurance Company of Canada, and evoked much gratified comment from public men, financiers and journalists, as well as creating general satisfaction among the Canadian public. It was regarded as a signal achievement in a little more than fifty years of that Company's history.

President Macaulay upon that occasion expressed confidence that the momentum then acquired would carry the Company to even more surprising achievements in the next decade. But it is doubtful if even the President of the Company, himself, who personifies confidence and optimism, could have foreseen that the second billion would be surpassed within four years. Yet this is what has happened. The annual report of the Sun Life Company published today shows that the total assurances now in force are close to two and a half billion, or \$2,401,000,000. Some idea of the magnitude of these figures may be gleaned from the fact that they exceed the total national debt of the Dominion by more than \$100,000,000.

The new paid-up business for the year shows an increase of \$213,200,000, or 48% of an increase over the preceding year. This increase is greater than the total business written in 1925. The actual new paid-up business was \$654,400,000. This is an amazing showing considering the conditions that prevailed during the latter part of 1929, and reveals what a wide and efficient organization has been created by the Sun Life Company, and how thorough it enjoys public confidence.

The income of the Company \$172,850,000 (an increase of over \$28,000,000 over 1928), is \$15,000,000 more than the entire customs revenue of the Dominion in 1928.

The assets of the Company were increased by nearly \$80,000,000. They now stand at \$669,000,000. The undivided surplus has been increased by \$5,868,000, bringing the total over liabilities, contingency accounts and capital stock to more than \$600,000,000.

In connection with the item of \$69,174,892 paid to policyholders and beneficiaries for death claims, matured endowments, profits, etc., it is interesting to note that not only have payments under this head since organization reached the sum of \$419,673,000, but that this amount, together with the amount of \$69,174,892, for the security of benefit of policyholders exceeds the total amount received from them in premiums by \$139,290,000.

PAPER BOARD CO. IN RECEIVERSHIP

Chartered Trust Sue For Administration, Execution of Trust Deed

TORONTO, Feb. 13.—Justice Middleton upon the application of Chartered Trust & Executor Co., appointed G. T. Clarkson receiver and manager of the Canadian Paper Board Co. of the village of Frankford, Hastings County. Plaintiffs are suing for administration and execution of a trust deed dated April 1, 1922, involving bonds to the amount of \$1,500,000.

The Canadian Paper Board Co. Ltd., which is incorporated under the laws of the Dominion of Canada, has a capitalization of \$4,000,000 in common authorized stock, of which \$2,100,500 is outstanding, and of \$1,900,000 preferred authorized stock of which \$402,500 is outstanding.

The head office is located at 2 Selgnews street, Montreal, and plants are located at Montreal, Frankford and Campbellford.

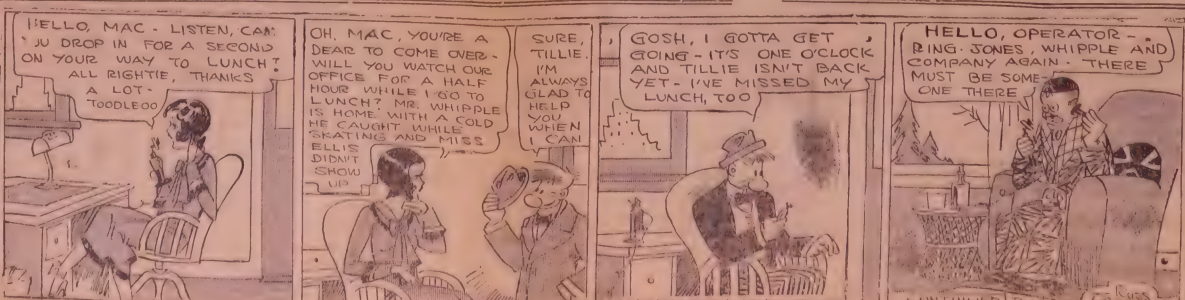

J. G. G. Kerry of Kerry & Chase, consultant engineers, Toronto, is president of the firm.

SPORTING
SECTIONY'S MEN DEFEATED CIACO CLUB
AND ALEMITE WON THE NIGHT-CAP

Good Games Witnessed by
Fair Crowd at the
Arena

DOUBLE-HEADER

Both Were Won by the
Same Score, 3 Goals
... Goals to Two

There was a good crowd at the Arena last night for the City League games, and no one can say that he didn't get his money's worth for two fast games were put on, and each was won by 3 goals to 2, so the score indicates how close the play was. In the opener, the Y's Men's Club defeated the Ciaco Club, and in the nightcap event, the Alemite hung it on the Finkle Electricians.

Led by Vern and Alex Weir, the Y's Men won. But they certainly had to work before they came through with a win, and in one or two ways the Association team were lucky to win. The first goals scored for each team were beauties, one from the stick of Alex Weir and the other for Ciaco from Tommy Pointer, but the second Y goal was pretty lucky. Pointer came from behind his own net, and Vern Weir let drive one of his sweep checks, luckily hitting the puck and knocking it past McKinnon in goal for Ciacos. It was a good check, but Vern was as surprised as anyone when he saw it resting in the net. Twenty seconds later, George Scott sailed through the whole Y's Men's team and scored on Jeffrey, but with about two minutes to go in the last period, Vern Weir checked Jimmie Hunter at the blue line, recovered the puck and drifted one in on McKinnon that he could not see. Although the Ciaco Club tried hard after that they could not score, and the game ended 3-2 for Y's Men. Ken Colling handled the bell.

Alemite 3, Finkle Electric 2.
Gerald Riggs proved to be the star in this game as far as scoring goals was concerned, for he bagged both counters for the Finkle team in the last period. One was on a nice pass from Simpson, and the other was an individual effort. There was no score in the first period and the second was half over before Harold Buck notched the first one. A little later in the same period Pete Morgan made it two for the Alemite, and in the third Art Young scored another. Riggs then started his work, and scored two goals. The Electricians defence looked bad on the first two goals that were scored by the Alemite, they giving Pat Boland little or no protection. Pat played a wonderful game, and on two or three occasions came out of his net to make seemingly impossible saves. Happy Day was the hardest worker on either team, and he skated miles in his efforts to score. Owing to the condition of the ice, which was soft and rough, it was hard to play combination hockey, but the boys all tried hard

and gave the fans some good entertainment.

A little bored but with a good deal of confidence, Phil Scott is in Miami, Fla., where he will meet Jack Sharkey in the semi-final for the heavyweight crown. The photo shows a pensive moment, as Phil Scott, RIGHT, talks

things over with his manager, Jimmie Johnston. Johnston, is familiarly known as "The Boy Bandit of Broadway." He can get more work for his fighters than any other single man in New York.

WIN CAGE GAME
FROM NAPANEE

More Than Double Score on
Their Opponents From
Down East

The Y's Men's Basketball team did not experience any great difficulty in winning a scheduled league fixture from the Napanee Vocational School team at the Napanee Collegiate gymnasium last night. This in spite of the fact that a number of the regular players, including Army Armstrong, Vic White, Vern Weir and Harold Buck, were not able to accompany the team owing to hockey fixtures at home in which they were participating.

Napanee started out promisingly when they registered the first field goal but the Club Men soon retaliated and from then on were always out in the lead. The Easterners give promise of developing into a strong cage team but lack experience as yet and for this reason were scarcely able to cope with the fast young forward line of the Y's Men, while their attackers experienced

much difficulty in breaking through the defense laid down by the Y. Players. Perry and J. Black proved the most aggressive of the Napanee Quint but both of these players were outscored by Faulkner and Davison of the Y's Men. McFee the other forward with the Belleville team registered a perfect average when he sank all four free throws awarded him.

As a result of their win last night the Y's Men are now tied with Kingston Y.M.C.A. for first place in the league standing, each team having won four and lost one game. The local players were to have met the Kingston Y team here on the 19th but this game has been postponed until the 26th at the request of Limestone City players. However the Club Men will have a real test of their skill when they oppose Queen's Quintet at the latter's gym, next Friday night. This game will precede a senior intercollegiate fixture between Varsity and Queen's and is billed to begin at 7.30 p.m. In all probability quite a number of fans will accompany the team on their last eastern trip of the season in the hope of cheering their favorites on to victory. A win from the college aggregation would greatly help the Club's chances for a championship and the team can be counted upon to give everything they have in order to realize their objective.

The teams:
Napanee—McDonald 2, Perry 6, Reid 2, Black 6, Nugent, Clarke; total 16.
Y's Men—McFee 6, Davison 13, Faulkner 19, Walters, Bryant, Alexander, Redfern; total 38.

Y.M.C.A. BOWLING

In the ladies' afternoon (junior) league the Hustlers and Smile and Trys had a real hot game, before the former team took three points to Smile and Trys' one. The Smile and Trys are put up a great game, against their more experienced opponents. High bowlers were Mrs. Gorsline for Hustlers and Mrs. McIntosh for the Smile and Trys.

O.S.D. and King George battled it out in the Teachers' League O.S.D. taking four points. High singles were Cunningham 175.177; Miss Heagle 162.165; Mrs. Blanchard 183; Blanchard 193; Lully 231; Miss Cook 172.167; Miss Lounsbury 183; Brown 178; Kelle 191.

The Gypsy Kings and Five Aces met in the Senior League. Result four points for Five Aces. No further comments. Scores speak for themselves.

Day's prize winners: Mrs. Lauder, Mrs. Symons, Pete Cole, H. Mason, J. Woodley 2.

RECREATION ALLEYS

In a men's junior league game at the Recreation Alleys last night the Tykes won three points from the Hustlers, the latter team being at their best in the second game when they counted their lone point, while the Tykes won the opening game, the final game and the total. Outstanding scores were Baker 668, Boyle 685, S. Symons 651 and T. Revell 638.

Hustlers—W. Baker 668; Boyle 685; Oster 529; Marshall 492; Doe 490; to-

OSHAWA LOST TO
TRI-COLOR "BEE'S"

Ten Minutes Overtime Needed to Settle the Issue
at Kingston

Kingston, Feb. 13.—Queen's O.H.A. senior Bees sprung a surprise here last night when they defeated the fast travelling Oshawa team in a spirited contest by the score of 5-4. Ten minutes of extra time were required to settle the verdict, with Red McDowell, speedy Queen's centre player, snapping the puck past Leveque one minute after the overtime period had opened.

The game was a scrappy one and much body work and a few odd tabs and cross-checks were thrown into the play. Queen's played much smoother hockey than they had displayed in previous games this season and attended to business in much better style.

Nine minutes after the beginning of the first period, Gibson potted a goal on a pass from Patterson. Squires made it 2-0 for Queen's shortly after the second frame opened but Rowden and Conlin came through to tie the count. Sheppard slipped through to get Queen's third goal and Bond netted Oshawa's third counter.

In the last period, Rowden put his team in the lead five minutes after the start and a minute later, Gibson took a pass from McDowell to score the protest goal of the night and knod the score again. The overtime had hardly not under way when McDowell netted his goal. From then on, Queen's played defensive hockey and held all Oshawa thrusts out until the final bell.

Queen's—Goal, Morris; defence, Squires and Murphy; centre, McDowell; wings, Gibson and Patterson; subs, Sheppard, Morin, Atchison.

Oshawa—Goal, Leveque; defence, Conlin and Lane; centre, Bond; wings, Rowden and Black; subs, C. Rowden, Houck, Jackson.

Referee—A. Mollenhauer, Toronto.

VARSITY TAKES
ONE GOAL LEAD

Defeated Owen Sound Juniors 1 to 0 on Soft Ice
Last Night

Owen Sound, Feb. 13.—The University of Toronto O.H.A. Juniors, winners of the Big Four group, collected a one-goal lead in the first game of a series with Owen Sound when they took a 1 to 0 victory at the expense of the Greys here. The weather became decidedly mild early yesterday, with heavy rains falling during the afternoon and evening. Not only did the ice become resultingly soft, but due to many leaks in the rink roof was covered by a thin skin of water. As a result play was far from being fast, while combination play of any description was impossible.

The Greys are anything but downhearted as a result of their slight defeat, and are quite confident of overcoming the single goal lead and taking the series when the second game is played at the Toronto Arena Gardens Friday evening.

Crowd Will Follow Greys
It is expected that a large crowd of local fans will follow the Greys to Toronto, where a fast and exciting battle is certain on the large and hard ice surface.

Dudgeon, Owen Sound's flashy second-string forward man, was out of the game due to an attack of acute appendicitis which laid him low yesterday morning. He was operated upon on yesterday afternoon, and will therefore be out of the game for the remainder of the season. Cameron, a young player recently taken from the City League, filled his position on the alternate list.

The only counter of the evening came one minute after play began in the opening period. The Students pressed the Greys right back at the first, and after several attempts to beat Healey had failed Hetherington finally dented the Owen Sound team when he took Brant's pass from the left corner. It was a pretty play, and Healey had little chance to make a save.

lal-2714.

Tykes—F. Austin 573; S. Symons 651; T. Revell 638; A. Randle 365; H. Robinson 579; total 2827.

In a girls' senior league game the Recreation's No. 2 broke the alley record at the Recreation Alleys when they rolled 1015 in their second string against the Recreation No. 1, as there is another girl to bowl for No. 1 team the score will not be published until this girl plays.

CANADAS WON OVER
ENGLAND BY 11 TO 1

Brighton, England, Feb. 13.—The Canada's hockey team of Toronto, Ont., last night defeated a team representing England by 11 goals to 1.

The Canadians had just come from Berlin, where they concluded a successful European tour by winning the "world's amateur ice hockey" championship. They will to-day meet the combined Oxford and Cambridge University teams.

PERPIGNAN, France, February 13.—A score of convicts escaped from the Spanish prison at Figueras, near the French border, and have taken refuge in the Pyrenees. The French police are guarding passes into France to prevent their entering this country.

Johnnie: "Mother, will you get my watch fixed today, sure?"
Mother: "Why are you in such a hurry?"

Johnnie: "Because I am secretary of the Safety Council and the teacher says I will have to keep the minutes tomorrow!"

CANADA IS ONLY QUARTER MAPPED

Only 73 % of Dominion's Area is Known in Broad Outline

OTTAWA, Ont., Feb. 13.—(By the Canadian Press).—"The mapping of half a continent is a tremendous undertaking, requiring the utilization of all the resources of the science of surveying and mapping," P. H. Peters, Surveyor General, Department of the Interior, Ottawa, told the Engineering Institute of Canada convention today in an address on "The Engineer's work in Surveying and Mapping." He declared that only 14 per cent of Canada was mapped in anything like an accurate scale.

"Today we live in a world built upon engineering work and it would seem that particularly in a great and young country such as our own—rich in so many undeveloped resources—our future growth and expansion must finally depend upon the work of engineers and surveyors," continued Mr. Peters. Mr. Peters characterized the accurate topographic map as a philosopher's stone with which in a sense matter can be created out of nothing, that is, through which resources hitherto unknown and even unsuspected can be made to contribute their quota toward the development and well being of our country. "When Jacques Cartier discovered Canada in 1534, he saw perhaps a few hundred square miles of it and no doubt in some rough way mapped as much. At that time that was all there was of Canada," he remarked.

In looking at the best map available today of Canada, stated the Surveyor General, there were vast blank spaces, some of them the size of the province of New Brunswick, in which the future possibilities can hardly be contemplated. "Canada is far from being sufficiently mapped," he said. "Even today you can, for instance, step into an aeroplane at the city of Ottawa and fly for a period of perhaps an hour and a half and reach a territory of which no reasonably accurate map is available and consequently of which practically nothing definite is known regarding what exists there."

"To realize that Canada is still a young country, one has only to read the reports written from 1840 to 1860, which through lack of knowledge that is susceptible of being properly recorded only in accurate maps, described what are now the great wheat growing lands of the West as an arid or a semi-arid waste and stated that there was no practicable route from east to west through British territory." Surveys made especially for the production of maps, stated Mr. Peters, are now generally carried on by the departments of the Federal Government and also by some of the provincial departments. All lengths measured by Canadian surveyors and engineers are based on the legal standards of the Dominion for the yard and the metre, kept in the custody of the Department of Trade and Commerce. Figures were quoted giving the areas in the various provinces that had been mapped. In the entire Dominion, the third largest country in the world with an area about the size of Europe, only about 525,000 square miles or 14 per cent of the area is mapped in anything like an accurate sense. Maps showing considerable detail but inaccurately cover another 13 per cent; while for 73 per cent of the area only the most meagre outlines of the coast-line and the main inland waterways are presented.

"BOMB" SCOOP WAS COSTLY TO CLERK

LONDON, February 13.—A fine of \$20 or two months' imprisonment was the sentence imposed upon Frank Biggs, 21 year old clerk who placed a "bomb" in the India room of the British Museum ten days ago in an attempt to manufacture a sensational newspaper story and so forward journalistic ambitions.

The bomb, it was brought out, was virtually a dud—a tobacco tin filled with putty except for two and one half ounces of some explosive apparently taken from fireworks.

Biggs, who acted as his own counsel, declared he had no intention of committing an outrage but simply desired to forward his plan to become a newspaper man. He pleaded guilty to a charge of possessing ammunition without a certificate. He was given two weeks in which to find the money to pay the fine.

Deerston Post says they never heard of a newspaperman being locked up for mislaid funds of his clients.

Since Lindbergh's Transatlantic flight \$300,000,000 has been spent on airports in U.S.

A few wives think of their husbands the rest think for them.

SUPERSTITIONS AND MEDICINE

Ancient Practice in China Largely Witchcraft and Incantation

Shanghai, China, Feb. 13.—Describing queer superstitions and belief that made the medical history of China 2,000 years ago one of incantations and witchcraft, some of which still survive, Dr. K. M. Wong, widely known Chinese physician, is confident that China will soon be educated up to the standards of western civilization.

Two thousand years ago the Chinese believed that malaria fever was caused by three devils. One stood by and poured a bucket of water on the victim to give him chills. The second carried a stone to cause fevers while the third trotted along with a hammer to produce a headache.

By the same reasoning, neuralgia was caused by a devil with an iron brand, which, at his whim, he placed on any part of the body, causing the victim terrible agony. A pain in the abdomen was the work of a house god who did nothing but go around and make people sick.

There was only one efficacious way to subdue the wrath of this varied assortment of imps and that was by spells, incantations and charms.

"It usually took some time to ap-

Children's Colds Checked without "dosing." Rub on VICKS VAPORUB OVER 21 MILLION JARS USED YEARLY

pease a devil," Dr. Wong says, "but in the end one either got well or died."

Dr. Wong goes on to explain that this period of superstition in Chinese medical history passed on to make way for a brighter era, which although productive of primitive cures, was far from effective.

"In the next period, a new philosophy of diseases began to spread," Dr. Wong declares. "Sheng Nung, a mythical creature with the head of an ox and the body of a man is supposed to have experimented with herbs for medicinal purposes. It is related that daily he consumed hundreds of poisonous plants in order to test his theories and extract the medicine in which he so firmly believed."

"During the same period, Huang Ti formed his famous diagnosis of the pulse. He believed that any illness, mental or physical, internal or external, could be detected, diagnosed and cured by the pulse and its manipulation."

The Chow dynasty, which followed this period, achieved a great deal in ridding China of many of its old superstitions, according to Dr. Wong, and thereby opened a new era of development in oriental medicine.

"Between the years 960 A.D. and 1644 A.D. great strides were made toward doing away with superstition and the establishing of medical schools. Doctors were compelled to pass examinations before they were allowed to practice medicine and although ignorance was not entirely done away with, witchcraft and incantations grew less and less."

Perhaps the feature event at Ottawa's winter carnival will be the race for those five "icant seats" in the Senate.

DONATION MADE TO RARE EXHIBIT

Basket of Indian Workmanship Given to McGill University Recently

Montreal, Feb. 13 (CP).—An imbricated basket of Indian workmanship has been donated to the Molson collection of baskets in the Ethnological Museum at McGill University by Mrs. Markland Molson, and is the most valuable specimen contained in this large and extremely rare exhibit. This particular basket was obtained by the donor on the Pacific Coast some 40 years ago, and represents a type of work that is almost unknown today. It is a perfect specimen and is in fine condition.

Mrs. Molson who has been kindly interested in basketry for many years, holds the distinction of being the first white person to find out how the imbricated stitch was done by the Indian. From her study of this work out on the Pacific Coast, she was able to give much valuable information to Dr. O. T. Mason, curator of the department of ethnology of the United States National Museum, who has referred to her work many times in various books and publications.

DR. THOMAS SAYS ALCOHOL POISONS

Doctor on Lecture Tour Says Subject Full of Pitfalls

Ottawa, Feb. 13 (CP).—Lifting of the question of the use of alcohol into the realm of pure education by emphasizing the scientific effects of alcohol is the mission undertaken by Rev. Dr. Ernest Thomas of Toronto, in a tour of Ontario's normal schools. He is lecturing at the schools on the request of the Provincial Minister of Education, to instruct the primary school teachers of the future in the methods of best conveying to the children they will teach, scientific information which will enable them to adopt a well-founded personal attitude toward alcohol. Dr. Thomas is attached to the evangelism department of the United Church in Canada.

"All scientific authorities agree that the subject of alcohol is full of pitfalls," Dr. Thomas said in lecturing the Normal School of Ottawa recently. "We are too prone to use technical

Ottawa Derby Winner

Emil St. Godard, winner of the 100 mile dog derby held in connection with the Ottawa Winter Carnival, with the Chateau Laurier Gold Challenge Trophy which he won in addition to the prize of \$1,000. St. Godard's time for the course of approximately 100 miles was 8 hours 13 minutes 23 seconds, creating a world's record for the 100 mile course. Earle Brydges, of Cranberry Portage, won second place from the famous Alaskan musher, Leonard Seppala, by a scant 28 seconds.

—Canadian National Railways Photograph.

cal terms without properly understanding them; for instance, the word 'intoxication' really comes from the word 'toxic' which was a deadly poison used in olden days by the Jews against the Arabs. Alcohol is said to be a narcotic poison in the sense that it induces a general drowsiness and numbness which, in extreme form produces death."

Other subjects of the lecture were: Alcohol and the nervous system; alcohol and emergencies; alcohol and its social aspects. Dr. Thomas after each lecture has the students write answers to six questions touching alcohol. His inquiry so far indicates that everywhere there is a right emotional attitude toward alcohol, but the basis of that attitude in understand-

ing is extremely slight. When he completes his visit to the seven normal schools he plans publishing a bulletin of his findings.

Two years ago Dr. Thomas undertook on behalf of the Social Science Council of Canada an extensive research of the scientific side of the alcohol question. Following publication of this report, certified to by the professors of the University of Toronto, Premier G. Howard Ferguson, as minister of education, requested Dr. Thomas to undertake the tour of the normal schools. His lecture courses do not deal in any way with prohibition or the political side of the question, merely touching upon the scientific angles of alcohol and its use.

UMBRELLA NOT PERSONAL EFFECT

Justice Kelly Rules Umbrella is Not a Personal Effect

Toronto, Feb. 13 (CP).—An umbrella is not a "personal effect," Justice Kelly ruled in distrusting the will of the late Clothilde Lapan, of Walkerville, who bequeathed to her sister, "all my personal effects and the sum of \$1,000."

Why an umbrella was not considered personal was not said. His lordship also ruled out of the bequest a cedar chest, radio, quilts, a mattress and a bedroom suite. He included as personal effects clothing, wearing apparel, a diamond ring, diamond cuff links, a wrist watch, amulet, prayer beads.

"Linen," puzzled his lordship. If they meant bedroom linen, he declared, they did not belong to the bequest, but if they referred to linen garments, they did.

MINISTER LIKES SHORT DRESSES

Rev Wm. Caswell Never Wants to See Long

Toronto, Feb. 13 (CP).—"Be like the women of Jamaica, and you won't have to worry about your waistline," Rev. Wm. B. Caswell advised the women of the York Diocesan Historical Society, in the course of an address. "Women in Jamaica with 30 miles or so with bundles on their heads weigh one 20 or 30 pounds; they sell their produce in Kingston for about 50 cents; spend it on staples, which are quite as expensive as in Toronto, and walk 20 miles home again."

"I learned to like short skirts in Jamaica," confessed the speaker. "The young girls there look so neat and trim in their short dresses. I never want to see the old sweeping things

SIR J. M. HARVEY CLASSIFICATION SAYS "TALKIES" OF MOVIES WILL MOST AMAZING SOON BE ADOPTED

Laments Taste of People Who Prefer Shadow Acting to Real

League of Nations Receive Treatise on Subject With Enthusiasm

Toronto, Feb. 13 (CP).—Sir John Martin Harvey, a leader in the field of legitimate drama, as guest of the Empire Club, heard a resume of methods used in producing his latest rival, the talking movie, by O. R. Harvey, manager of the Research Products Department of the Northern Electric Company. "Most amazing," was his significant comment, "to see all this elaborate machinery and then come upon the result in the talkie theatre."

Sir John Martin Harvey is opposed to the "talkies." He thought the competition would be a good thing for the legitimate stage, but at the same time lamented the taste of people who preferred shadow acting to the real thing.

The animated "talkie" cartoon displayed by Mr. Harvey, showing how the "talkie" gets its voice, and another talkie film taking the guests for a visit through the Bell Telephone Company's sound laboratory in New York City proved interesting. The cartoon showed in detail every process in the recording and reproduction of the sound picture, while the other film illustrated the fineness of technical exactitude which enters into the testing of equipment and work of sound research.

CHILD GUIDANCE URGED BY DOCTOR

Toronto, Feb. 13.—"There has been too much teaching, and not enough guidance," said Dr. W. E. Blatz, child psychologist, in addressing the Parents' Association here the other day. "The functions of a teacher are to provide motivation and beyond this, persistent application, he said. It is probable that 50 per cent of the children reprimanded in school are punished for lack of concentration or laziness. These qualities were the complete reverses of motivation and on. The main essential in the training of the child is that there should be sufficient relative things about any

again," he admitted amid applause. Jamaica has the finest roads in the world, according to Mr. Caswell, and there were cars galore everywhere.

The roads were stone and were kept in shape by women who broke stone for nine hours a day for the princely sum of 35 cents. "They're thoroughly up-to-date," remarked the speaker, "all of them practically nude, the most of them smoking."

A child becomes bored only when you start to teach him, Dr. Blatz went

Winnipeg, Man., Feb. 13 (CP).—For 10 years now Mrs. Valance Patriarche who, since her appointment to the Manitoba censor board, has sent her gifted mind to the study of the inquiry and are of the movies, has advocated classification of films. Her treatise on the subject was received with enthusiasm by the child welfare section of the League of Nations and has formed the basis of legislation in several of the European countries. The idea of classification has now been adopted by the province and legislation will shortly be proclaimed making the announcement of films as "special" or "general" compulsory.

For those designated as "special," no price concessions can be made to children or anyone else; and with the sign displayed at the box office there need to be no occasion for people unwittingly taking their children or allowing them to go to see and hear presentations unsuited to their background of experience. It does not mean that these "special" films will not be required to maintain the standard of decency generally demanded, but it does mean that the authorities will have wider powers of discretion. There are some subjects and presentations quite possible of production for an adult audience that are not suitable for youngsters. In this regard both producer and distributor have been handicapped to some degree and the censor board also has been in a quandary.

In the editorial on the subject, the Free Press says: As to the master of influence upon children there is no doubt of that, and it is an account of this that practically all the nations have some form of restrictive legislation as to their admittance. In Great Britain the classification is "Adult" and "Universal" and to the former only children accompanied by grown-ups are allowed. All the Canadian provinces have some form of legislation, that of Quebec being the most drastic, where children under 16 are not admitted. That law is said to be working satisfactorily and the records in the magazines of the trade indicate that the Montreal theatres are doing quite well, despite it.

The Manitoba law will, of course, apply to all films, talkies as well as others.

central core in order that interest and variation be provided and that at the same time there be a continuity to induce persistent application.

He deplored the situation in schools whereby the child spent a half hour on arithmetic, and at the end of that time jumped to geography, which is in no respect akin to the former.

LET US MODERNIZE YOUR DIAMOND RINGS

By Giving Them Mountings that Express the Last Word in the Designer's Art

Perhaps the mountings of your diamonds are not quite as old-fashioned as that of the demure lady at the left, but still are far from smart. Then you would be well advised to take advantage of this offer.

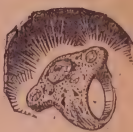

BEAUTIFUL MOUNTINGS \$5 TO \$500.00

Several people have already availed themselves of this unusual opportunity of having their old jewelry made over into up-to-date designs. Why not have your diamonds remounted into new settings while we have such a lovely display at such low prices. Use our deferred payment plan to pay for this work, if you wish. No extra charge.

These settings in white gold, regular colour gold with white gold tops range in price from \$4.50 to \$35.00. Others in platinum with small stones around the sides range from \$75 to \$500. Only four more days left, then we will have to return the balance of the mountings which were entrusted to us by an old established Toronto manufacturing concern.

RAW FOOD CULT IS PROMULGATED

Dr. Charles Ritter Left Civilization for Wild Existence

Berlin, Feb. 13.—When the MacDonald scientific expedition in the Galapagos Islands recently came upon Dr. Charles Ritter and a woman companion stranded there for the past five months, the Chicago scientists, startled upon a raw food, back to nature experiment that has interested Germany greatly.

Dr. Ritter, whose home is in Berlin, was given a year's supplies by the MacDonald expedition and news of the chance meeting was received in the United States on Tuesday.

Dr. Ritter is a promulgator of raw food therapy. The German press to date published details gleaned from friends and relatives, indicating that estranged from his wife, disgusted with European civilization and anxious to try his theories on food and the simple life, he left Hamburg in July, 1929, for Ecuador with a woman disciple of his theories, Frau Koervin. From Guayaquil the couple proceeded to Charles Island of the Galapagos group in a hired sailboat.

A nephew in Wiesbaden told reporters that he had been receiving letters with more or less revealing indications that Dr. Ritter was still interested in his experiment and had no intention of returning to civilization. So intense was the doctor on the experiment, said the nephew, that he even had his teeth pulled and false ones made so as to avoid any possibility of having to come home because of a toothache.

Relatives declared that Dr. Ritter's wife had given full approval to the voyage of her husband and Frau Koervin, who is a Berlin society woman and a former patient of the doctor. Frau Koervin was so enthusiastic over the doctor's raw food theory that she volunteered to accompany as an assistant and to try out the diet to determine its effect on a woman.

Dr. Ritter was said to have sacrificed all his possessions to finance his

Col. John Bruce, who has completed 32 years service as rear admiral of the admiralty court for Ontario.

DISCOVER TOMB OF GREAT AREA

Tomb 320 Feet Long Found in Egypt by Alan Rowe

Philadelphia, Pa., Feb. 13.—One of the largest tombs ever discovered in Egypt has been brought to light by an expedition of the museum of the University of Pennsylvania engaged in archaeological work at Mejdum, according to a report received at the museum from Alan Rowe, field director.

The tomb, known as a Mastaba and constructed of stone evenly laid, is about 320 feet long and 160 feet wide. While the name of the owner is unknown, it is believed the tomb dates from the same period as the great pyramid of Mejdum, in the fourth dynasty, or about 2800 B.C.

"One of the most interesting discoveries in clearing this tomb is that the huge brick retaining walls were honeycombed with intrusive burials

present trip, even liquidating an inheritance before it was paid out to him.

TOLD INDIANS TO BECOME MODERN

Mexico City, Feb. 13.—Francisco May, chief of all the Indian tribes in the territory of Quintana Roo, has announced the formation of a General Indian Council and military commandant of the territory, thus giving new life to the keeping of modern civilization one of the most primitive regions in Mexico.

May announced he withdrew at a meeting of chiefs, urging the Indians in their native Mayan tongue to abandon their tribal government and follow in the path of the new era.

The chiefs accepted, automatically putting an end to friction which has existed for years between the Indians and representatives of the Federal government and permitting the authorities to establish schools for instruction in Spanish and modern ways of living.

This was followed by the abolition of the whip as punishment for law infractions, it having been customary in the past to administer 25 lashes for minor infractions and up to 100 for more serious offenses.

May, who speaks no Spanish, left Quintana Roo for the first time a few months ago and was brought to Mexico City in an airplane to be received by President Portes Gil. He returned home deeply impressed by the wonders of civilization.

dating back from the new empire of 2000 B. C., or later," Rowe reported.

"The individual graves so far found number forty. Many of them comprise carefully wrapped mummies in either mud or of other materials. Some of them brightly painted with elaborate religious symbols and hieroglyphs."

Removal of debris which has accumulated in the last 5,000 years in the original passageway leading to the inner chambers of the tomb presented a long and arduous task, the director said. This was made even more difficult by bad air in the passage, which on some occasions prevented the party from working longer than one hour daily.

Explains How Enlarged Veins Can Be Reduced

Chieftains Veins Burst and Cause Much Suffering, Expense and Loss of Employment

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and banches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at Dolan The Druggist, or any first-class drug store and apply it at home as directed, you will quickly notice an improvement which will continue until the veins and banches are reduced to normal.

Moore's Emerald Oil, which has brought much comfort to worried people all over the country, is one of the

OLD PIONEER IS GUEST AT DANCE

Aged Pioneers Have Good Time at Old-Time Dance

Edmonton, Alta., Feb. 13 (C.P.)—The banquet and dance of the pioneers held here recently was attended by Dan McKinley, aged 92, oldest of them all. He is probably the oldest bachelor as well. In the main room, old-time waltzes, quadrilles, barn dances, mazurkas, polkas, etc., were interspersed with the more modern dances, but in the Palm

wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

room of the MacDonald Hotel the real old-time dances were in progress.

"There, Mother," Calhoun said something, wore down, partner after partner in the Red River, while Calhoun, at a new generation in belt, best hair and silver snows, stepped it with young partners, tripped the merry circle hand-in-hand with some grey-headed old timer, who danced to these same tunes when the world was half a century younger. The man who introduced the first dress suit in Edmonton in 1882, old Jim Pettie, was referred to by General Calhoun in his speech at the banquet, in which he re-lived Edmonton's past.

"We see again the long and winding trails; we hear the squeaking of the Red River carts; we remember the heat, the rain, the flies, the mudholes; we again see the evening camp; we savor again the bannock, the boiling tea, the

roasting snow-belly. "We remember the expeditions of our women, in feeding and clothing their children, we reflect how many a maid and dignified citizen so today come covered in mud from their surface the description "Strong Backers"; the three Rs at our mother's knee; the hurried drive through the bitter cold for the doctor in illness; the simple remedies and the loving care; the marryings, the christenings, the sports, the celebrations—simple joys in the days of simple things."

Returning to the status of a private householder, Calvin Coolidge was fortunate to arrive too late for the heavy snow shoveling season and too early for lawn mowing time, the St. Joseph News-Press says.

WILL STRENGTHEN TOWER OF PISA

Engineers Say Tower Must
Not Lean Too Far,
May Crash

PISA, Italy, February 12.—The leaning tower of Pisa will soon receive extensive strengthening at its base in order to prevent its leaning too far over and crashing.

A meeting of the special commission appointed by the Minister of National Education, including the best engineers in the kingdom, decided that two methods are to be pursued as a result of findings made in last several months.

One consists in making the base from which the tower rises impermeable, so that water cannot seep through and eat at the foundation of the tower. The second consists in the gradual consolidation and strengthening of the ground around and under the monument. This would be done with reinforced concrete.

At the same time, help has been suggested from another quarter. A priest, Father G. B. Picardo, has suddenly

obtained considerable acclaim in Italy by strengthening leaning church towers. He accomplished the feat of securing the tower of the parish church at Montecatini to a vertical position, after engineers had said it was in danger of falling and advised that it be dynamited. This he did in two hours, with the assistance of a number of workmen. The tower was 120 feet high and weighed 700 tons. How he did it remains a mystery. He told an interviewer he used "only a little sand and nothing more." Now his name has been mentioned in connection with the Leaning Tower of Pisa.

The celebrated tower is at present fourteen feet out at the perpendicular. Engineers say its leans because during construction the ground on the south side fell. An inclination in the opposite direction from the third storey up then followed. The tower is 174 feet high, has eight stories, six of which are surrounded by colonnades, and was built between 1174 and 1350.

Two years ago engineers declared that the degree of inclination was increasing, and the tower was in grave danger of falling. Experts then adopted the temporary expedient of shooting cement into the earth under the tower. Now, however, more permanent measures are necessary.

BUONO SEEKS TO ALBANY AGAIN AS HAVE NEW TRIAL GREAT SEAPORT

Oath on Bible Had Been
Refused by Witness
at Trial

Toronto, Feb. 12. (C.P.)—Appeal based on the refusal of the trial judge to hear the evidence of a witness because he would not take the oath on the Bible, was heard by the second division court today on behalf of Frank Buono, Oshawa, who was sentenced to fifteen years imprisonment in connection with the death of Sophie Kopersitz. The woman was drowned at Whitby while boating with the prisoner last summer. The boat was reported to have upset and both were thrown into the water, but Buono clung to the overturned boat until rescued. He was later charged with manslaughter. At the trial, Mr. Justice Wright refused to hear the evidence of Isaac Levine because he would not take the oath on the Bible.

What the Liberal members in the Legislature need is a slapstick arrangement that will multiply the volume of their desk-pounding.

Deepening of Hudson River
Would Thrill Old
Dutch Traders

ALBANY, N.Y., February 12.—Shades of early Dutch traders may chuckle with satisfaction soon as ocean going vessels again leave this city for distant ports.

Less than a century ago, Albany was one of the principal seaports on the western side of the Atlantic, sending its own ships to the Indies, Europe and even China.

With the increased draft of modern vessels it became impossible for many to make the 140-mile trip from open sea up the Hudson River from New York, and in the last 50 years few ocean going ships have been seen here. The Hudson has been turned over to passenger steamers of shallow draft and canal boats.

Now the new port of Albany, farther inland seaport of the United States, is preparing to open its docks to world shipping.

Deepening of the Hudson for 30 miles south of the city, a project authorized by the federal government in 1926, will be completed within a few months at a cost to \$11,200,000.

Keeping pace with the dredging of the river, the Albany port district, composed of the cities of Albany and Rensselaer, has constructed nearly a mile of concrete piers, extending along both sides of the river. Erection of terminal structures, including transit sheds, warehouses, cranes, rail ends and storage warehouses for lumber and grain will be started early in the spring.

Four large railroads converge on Albany and these will have direct connections with the docks. As Albany is the eastern terminal of the New York state barge canal system, and is the centre of a vast network of trunk high ways, the new port is expected to have all the advantages of a natural concentration of land and water transport facilities.

The new depth provided in the upper Hudson 27 feet of minimum low water will amount to at least 30 feet at all stages of the tide. At that depth, near-world can navigate.

The new port will bring Great Lakes shipping 160 miles nearer the sea. Compared with Montreal, the great inland seaport of Canada, will have to travel only 160 miles to reach the open sea, while from Montreal they must travel 1,000 miles.

but in the library, and it is true that all the dramatic writing is beset by a certain shyness of the theatre, a seeming reticence in face of the crowd, which has withheld the poet from the warmth and depth of his undramatic poetry. He does not on the stage communicate his secrets; he writes always at a remove from himself, making acknowledgement of his intention.

"The Humors of the Court" is a highly artificial comedy of gallantry and intrigue and has a Spanish origin in Calderon and Lope. The first impression made by "The Humors of the Court," even before you begin to enjoy its gaiety and its lovely decorations, is an impression of escape. It is glittering with the tricks, the betrayals, the misunderstandings of lovers; its plot is charged—too heavily charged—with worldly complexities; yet it is not a worldly mind. Its creatures live in a rarified atmosphere. Sometimes they are ingenious to the edge of absurdity, but with the winning ingenuousness of a poet come to court; sometimes they are stiff and have not the character to support the beauty of the words they speak; but they are never cynical and, by the grace of Dr. Bridges, which is more powerful than any manner he can impose upon himself, they are never smart. To say that they were lovable would be to say too much, but they have a fairy-like quality which makes their company continuously delightful and raises the play above the level of their contrivances.

GREAT BOOKS TO LOSE IN BATTLE

Month's Best Sellers are
Pushing Off Shelf
Great Books

New York, Feb. 12.—Bunyan, Shakespeare and Dante are being pushed off the bookshelves by the budding writers of the month's best sellers.

This, in substance, was the warning the National Association of Book Publishers heard at their annual meeting recently. The speaker was Joseph W. Lippincott, Philadelphia publisher and the association's president for the past year.

"The flood of new books demanded by the avid readers mounted to a new high of 10,187 titles in 1929 and 'may swamp everything else,'" Lippincott fears, despite the efforts of the colleges and libraries to keep in circulation the classics of the past.

"I am not sure," he said, "that this cry for something new, which has helped stimulate the issuing of so many new titles this year and caused the booksellers such worry on account of the overburdening of their shelves, is not becoming a menace.

"Strangely enough, interest in the great books of the past is showing signs of dying out. The latest thing has the vogue.

"I am afraid this may be carried too far. The 'crude and ephemeral' will always fall by the wayside, yet if all books are going to cease selling and be forgotten after a few weeks or months, who hereafter is going to take pains to prepare great works?"

"Were it not for their present use in schools and colleges what would become of the classics? Is it not possible that books such as the Pilgrim's Progress will be buried in oblivion before another decade?"

More and more the best in literature seems to find its way to the public through the libraries, Lippincott said. "In fact," he added, "the libraries are greatly instrumental in keeping alive the standard books in all lines of reading. Many might otherwise at once go out of print.

LADY LECTURER LIKES TRAVEL

London, Feb. 13.—"Wilhelmina Stutch," (formerly Mrs. Arakle Cohen of Winnipeg, now Mrs. Frank Cohen of London) writes in the "Sketch" of an eight-weeks' lecture tour in Lancashire and Yorkshire: "How lucky you are to get so many lecture engagements! I wish I could travel about like you do."

This is, in effect, what many have said to me. But others have exclaimed: "You poor thing, how tired you must be of travelling. How you must long to get back to your home!" Opposed viewpoints—each with the germ of truth. Of course I'm lucky. It is a great privilege to speak to 18,000 men and women as I have done during the past 50 days. But it was a physical strain to fulfil these 46 engagements while the weather clerk gave me samples of his heaviest rain, thickest fog, most boisterous wind, and most stinging sleet!

But such friendliness all the way! At Bury a woman thrust a box of biscuits into my hand, with, "I baked them for you miles just before leaving home." "When I left London on October 19 for this eight weeks' tour, I did my utmost to minimize my luggage. Two suitcases for clothes and two for books and writing materials. Commendably little, I thought. Imagine my feelings when a secretary of a social society said, 'Is all that luggage yours?' I could have slain him! But the following night the greeting was much more heartening. A Lancashire lad was at the station. "Eee! lass, you've come, then."

"Yes," said I, feeling at peace with the world. "I've come." "Hello Wilhelmina!" called out a sturdy Yorkshireman measuring me with his eyes and I stepped on to the platform. "You're only a three-penny bit after all."

No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the rectum. Cutting and salve can't cure this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds because it cleanses the blood, cures the cause and strengthens the affected parts. Hem-Roid has a wonderful record for quick and lasting relief to pile sufferers. I will do the same for you or my wife. J. S. McQuinn and druggists everywhere sell Hem-Roid with this guarantee.

VALENTINE WEEK!

Friday, February 14th - Valentine Day

Do you remember our Valentine Week last year—the values we offered? This year we are again celebrating with a week of Valentine Specials—a carnival of extraordinary values in Foods of Quality.

MOVIE PICTURE THRILLS WOMEN

Picture of Spectacular Fire
Shown to Women's
Canadian Club

Toronto, Feb. 13. (CP)—Those of the Women's Canadian Club who witnessed the moving pictures of "The Arctic Patrol" must have marvelled over the spectacular fire on the "Beothic," which would seem to have been specially arranged for the operator to give thrills to his audience. Mr. O. S. Finnie, the photographer, was requested by their Excellencies Lord and Lady Willington to show the pictures at Rideau Hall, after the dinner party given in the honor of Sir Esme Howard. He explained that the crew and staff of the "Beothic" were in very serious danger during this episode, as some barrels of gasoline were near the exploding point before the flames were put out. Meanwhile, the audience noted, "the boy stood on the burning deck and took his pictures!"

CRITICS FAVOUR "BRIDGES" PLAY

"The Humors of the Court"
Well Received by
London Press

London, Feb. 13. (CP)—"The Humors of the Court," a play written by Dr. Robert Bridges, poet laureate, about 36 years ago but not performed in public until very recently, has been received by the critics with favor. It is an English imitation of a Spanish comedy, and regret is expressed by one critic that it has not had a place on the stage heretofore.

The Times' critic says: "It is very telling that, soon after the close of the year which was distinguished by the appearance of his greatest work, past and present members of the Oxford University Dramatic Society should do homage to the poet laureate by giving in the Arts Theatre two performances, of one of his early plays, and seldom can an act of homage, which may sound a dull echo of an after-dinner entertainment, have been better rewarded. It has been a custom to speak of Dr. Bridges as if there were no place for them

WHY
SHOULD
HE
suffer from
rheumatism
like this?

If he would accept the advice of thousands of men and women, he would find relief by taking Dr. Williams' Pink Pills. Rheumatism is not a surface ailment that can be banished by rubbing with liniments or oils. Watery, poison-laden blood must be built up and purified before there can be any progress toward permanent recovery.

Time and again, sufferers have proved the value of the treatment of rheumatism, "For some years," writes Thomas Martin, of Nova Scotia, "I was so badly troubled with rheumatism I could hardly walk and suffered great pain. I had medical treatment but did not get much relief. After taking Dr. Williams' Pink Pills for some time the trouble disappeared and has not since shown the least sign of returning."

Start today to relieve your rheumatism. Buy a box of Dr. Williams' Pink Pills at your nearest druggist's or, postpaid, by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ontario.

GATHERING NATALUVE IMPRESSIONS.

Mayor Reid and members of the city deputation did a good day's work on Tuesday of this week when they inspected a number of concrete and steel bridges in towns and cities west of here with a view to securing a good idea of what the requirements of Belleville in regard to the style of the proposed lower bridge will probably be.

Deputations which move with celerity as this deputation did, can do important work in short time by going directly to the scene, and investigating for themselves.

The tour this week of the Belleville civic party was one that cannot help but clarify the minds of the council as to the line which their discussions should take.

Mayor Reid and his council have acted in a very business like manner in facing this problem. They have been in office just about one month and they have already started matters moving.

THE BAR PROFESSION'S CONTRIBUTION.

No idle claim was made by some of the speakers at the Hastings County Law Library banquet and annual meeting, the other evening, when the bar was held up as that profession which more than any other had the honour of making great contributions to the nation and the empire. The law has existed in some form or other from the earliest ages. Its development has been in step with civilization.

Its value in the world today cannot be overestimated. In itself it is important. But the study of law really ought to be undertaken by more than those who intend to follow low law as their profession. Law study gives discipline in thought, in the study of language and naturally in expression, in the art of public speaking. It is a fine training for a business life, for journalism, high executive posts and for statesmanship.

For the number of men engaged in law their influence is far beyond what might be expected. It is not that the lawyers as a class seek to impress themselves in politics and in municipal and other spheres, but it is that they have their talents so well trained that they are ready for almost any post and the public and the business world are only too willing to give them places of responsibility.

Were other callings so firmly rooted in essentials and were the discipline of mind so strict, other professions might almost rival the law as a predominant profession in the world.

Hastings County and Prince Edward County legal practitioners are like the lawyers of other parts, among the best citizens. Without them

 THE NEW WAY
 CLEANS AND
 POLISHES
 YOUR CAR
 WITHOUT WASHING
 1.50 Each
McKeown's
 DRUG STORE

the public life would sink to a lower level, so high have been the ethical standards of the profession.

There is often heard a contention that there are too many lawyers in parliament. There is a preponderance of this profession; the ratio of the number of legal members to the total of practitioners is large comparatively with that of other professions and classes. But that does not prove that the lawyer seeks parliamentary honors, but it proves only this, that on the average the lawyer is better qualified than the member of any other class for the special work of legislator. That offices should be open to all classes, all persons including the legal fraternity agree, but for their numbers they have relatively a much higher qualification for the office of law-making. No one will contend that quantities demand of legislators are restricted to those who have studied law because numbers of great parliamentarians have not been lawyers, but from time immemorial the lawyer has been associated as a class with lawmaking, so that the modern lawyer is really the key to the modern law-making. It is his job.

The law is an honored profession.

NO WORDS CAN REACH
 Today, the world is gay with jewel trees.
 Each tiny twig is decked in crystal light.
 A fairy palace hems me brightly in
 A world of hushed and glittering delight.
 In the long beds that wait the call of spring,
 Dry flower-stems are clung to diamond bars;
 And where the lily-pond waits silently,
 Blue spruce trees glisten with a million stars.
 Colder the day grows as the wind tears by;
 A late sun pushes through the sky's gray wall;
 The world glows into rosy, sparkling light.
 A fairy hush is hovering over all.

Our from some hidden nook,
 a red-bird's wing,
 Streaks swift, warm color on the western sky,
 Beautifully glittering on every-thing.

Oh, lovely, lacy world, I will not try
 To put your icy loveliness in speech,
 It climbs a height that words can never reach!

—Eleanor G. R. Young.

HAVE YOU HEARD THESE?
 "What's the idea?" bellowed the policeman to the stalled motorists. "You've been parked here more than an hour."
 "What's the idea yourself?" rejoined the motorist. "I can't go ahead until the traffic signal turns green."
 "Well, make yourself comfortable for a long wait," said the policeman. "That red light's on a fire box."

Just think, all these things are done for you when you work hard, because the part of your nervous system, seeing the need, notifies all of these processes to get busy.

And this work is just one example of the regulation of your processes by the nervous system.

The next step of course is to find out what interferes with the various processes and their proper rate of working. Because any interference is what you call sickness, illness or disease.

"How did Jinks make all his millions?"
 "Oh, by inventing a road map that doesn't have to be folded."
 "Look here," said a man to the foreman builder, "can you give me a definite date on which this house will be completed? You see—I'm getting married when it is ready for occupation."
 "Right," the foreman replied. "You leave it to me. I'll see the job's spun out as long as possible!"
 Artist: "More interruptions! This is the third time I've had to draw this head!"
 Wife: "Then try a change, darling. I want you to draw me a check."
 "This coal business will take some settling."
 "You're right. I haven't paid for the two tons I had at the end of last winter."
 "Three men go free this morning, warden. That leaves us only one prisoner in our jail."
 It's hard times, turnkey. If nothing better turns up we'll have to make him do another six months."

THAT BODY OF YOURS
 By James W. Barton, M.D.
 HOW THE BODY DOES ITS WORK
 As a student I was satisfied to learn about the structure of the body, about bones, nerves, and blood vessels and about the various organs, and also how in a general way all the different parts of the body did their work.

I learned that the mouth, stomach, pancreas, and bile made digestive juices; that the liver stored up sugar; that the skin regulated the heat; that the heart pumped the blood and the lungs purified it.

And that all these various processes were governed by the brain and nerves. Now just how these various actions took place, how the body stored water, and gave it out to the tissues when needed; how the sugar and other necessary materials were maintained in the proper amounts in the body, and numerous other processes were not taught because they were not known.

But now our patient physiologists are working on these problems in physiology and endeavouring to get at the exact methods by which Nature regulates all our needs in the body.

Dr. W. B. Cannon, of Harvard, says that no matter what is going on about you, the atmosphere, food, clothing, water, the day, the night, the sun, the rain, heat or cold, Nature has to regulate your body, (that is the inside of your body) so that it cannot be influenced or injured by any of these things about you.

For instance you have to do some hard work and what happens? Sugar must be used up by the muscles and more sugar must immediately be given out to the blood by the liver from its storage depot. Perspiration or sweat is poured out by the skin to keep the body from getting too hot. The blood vessels in the lungs enlarge so that the lungs can take in more air to purify the extra blood needed for the hard work. The blood vessels going to the internal organs actually contract—decrease in size—so as not to allow the blood to go there instead of to the muscles and lungs where the blood is needed. The heart beats faster to pump the extra blood needed by the muscles to do the hard work. The spleen sends out more corpuscles into the blood to make up for the ones being destroyed in doing the hard work.

Just think, all these things are done for you when you work hard, because the part of your nervous system, seeing the need, notifies all of these processes to get busy.

And this work is just one example of the regulation of your processes by the nervous system.

The next step of course is to find out what interferes with the various processes and their proper rate of working. Because any interference is what you call sickness, illness or disease.

ONTARIO APPLES HUMPED BURMA MAKE "BIG HIT" BULLS IMPORTED

Normandy People Are Delighted with Ontario Specimens

Toronto, Feb. 13 (CP).—A delightful tale of Ontario apples which found their way at Christmas time into the good graces of Normandy school children is told by Mrs. George Hamilton, formerly of Ottawa, now of Arranmarch, who writes back to the Ontario sender as follows:

"You have done quite a crusading work here. My little daughter told me there were about 20 children in her school, and I thought considering the occasion we could spare that number from your box, although even then my pigmally soul began to resent my promise when I looked at them. But when we got to school 37 red-checked children claimed their share; the teacher and her daughter counted as a child; 39 apples! Those in the school went home and told their parents that they never had tasted such good apples."

Sires Stamp Their Average Weight of 2,100 Lbs on Progeny

Brighton, Feb. 13 (Thirty-two) Burma bulls, the humped animals held sacred by Hindus, have been imported to head the 1,000-head beef cattle herd.

"The enraged fathers and mothers, touched to the quick, demanded to see these marvelous fruits which came from beyond the seas. They also tasted and were convinced. Then I took some to the Compté du Manoir, who is a delightful person and does tapestry. He was amazed, but far from being discouraged claims that he is going to send for some shoots to graft on his trees. I will tell you the progress of your campaign to send sweetness and light in Normandy when I write again. Some of the easters are sullen, some are envious and some are filled with a high resolve to outstrip us. I am still convinced that Canadian apples are the best in the world."

Manslaughter Trial Is Heard Today

FRED INGRAM MANSLAUGHTER TRIAL BEGUN

Evidence Taken
Arising Out of Death
Albert Tearne

COURSE OF CAR

27 Jurors Challenged Before
Jury Panel is
Completed

Seven farmers, two laborers, one mechanic, one electrician and one merchant comprise the jury which is trying Frederick Ingram on a manslaughter charge. The jury was chosen this morning after some difficulty, twenty-seven jurymen being challenged before the twelve "good men and true" were selected.

Frederick Ingram was placed on trial for manslaughter this morning before Hon. Justice Lege, of Toronto. Considerable difficulty was experienced in selecting a jury, the whole panel of thirty-six names being called and only nine jurors were suitable.

The Petty Jury in this case is composed of the following: Earl Maidens, Belleville; Harry Sayres, Hungerford; Edward Phillips, Sidney; John Connors, Marmora; Samuel Elliott, Rawdon; W. J. Potter, Deseronto; William Vassau, Sidney; Peter Stringer, Bancroft; Frederick Soames, Deseronto; Michael Kennedy, Tyndinaga; James A. Rice, Marmora and Mack Rish, Hungerford.

Before the opening of the case, Mr. C. A. Payne, for the defendant, asked that one of the counts be dropped with, as it placed the accused in an unfavorable position, he contended. Ingram is charged with manslaughter and with causing bodily harm, two separate counts. His Lordship ruled otherwise, however, and the case proceeded. The jury had retired while the argument between the Honorable Justice and Mr. Payne was going on. Mr. C. S. Cameron, of Owen Sound is the special Crown Prosecutor, assisted by Mr. B. C. Donnan, County Crown Attorney. Mr. C. A. Payne of the firm of Porter, Payne and Arnot, is acting for Ingram.

Mr. Cameron briefly outlined the facts of the case and then called Mr. Walter Evans, civil engineer, who had (Continued on Page Three.)

SOLDIERS' PENSIONS
Ottawa, March 5.—Provisions for the care of Canadian veterans introduced in the Commons, provide for the allowance of an old age pension, to be paid by the Dominion, five to ten years earlier than under the old Age Pensions Act.

HUNTER KILLED ON CITY STREET

Perils of Highways are
Greater Than Those
of Jungle

Cicero, March 5.—Perils of civilization proved greater than those of the jungle for I. Alexander Barns, widely known English explorer and author, who died last night in a hospital from injuries suffered early Tuesday when he was struck by a street car and a taxi cab.

Barns was returning from a visit to friends in Lincoln Park district when a street car struck him at an intersection and hurled him in the path of the cab.

Barns, who recently came here from London, accompanied the Prince of Wales at one time on a trip to the African wilds. He had located here as American agent for the Benguela Railroad of South Africa. He was a member of the African Society, the American Museum of Natural History and the National Geographic Society and led numerous expeditions on which valuable zoological specimens were collected for American and British museums.

Deseronto Minister Accepts Presbyterian Chare at Amherstburg at Meeting of Presbytery Held in Belleville

\$1350 Damages Awarded Fred Smythe For Injuries

CAPTURED ASSAILANT

William Harron, 21-year-old Irish employee of the Superior Grocery Store, Toronto, who, although struck over the head, chased and captured the man who is alleged to have struck and attempted to rob him.

REV. W. S. IRVINE ACCEPTED CALL TO AMHERSTBURG

Presbytery of Kingston,
Heard Reports of Rev.
Irvine's Acceptance
MEETING IN CITY
Presbytery Considers Many
Important Matters
at Session

At the quarterly meeting of the Presbytery of Kingston, held in St. Andrew's Church, Belleville, on Tuesday, a call from the Presbyterian congregation in Amherstburg in the Presbytery of Chatham, was presented in favor of Rev. W. S. Irvine, pastor of the Church of the Redeemer, Deseronto. Messrs. G. Campbell, A. G. Bogart, H. M. Rathbun, James Fairbairn and F. McCullough appeared in the interests of the Deseronto congregation attached. When the call was placed in Mr. Irvine's hands he accepted it, and Rev. R. J. Craig, a former pastor, was appointed to declare the pulpit vacant and to act as interim moderator of the church and while they would not place any obstacle in the way of Mr. Irvine's promotion they spoke feelingly of their (Please turn to Page Three.)

COURT CASE AFTER MOTOR CAR CRASH

At the junction of Coleman and West Bridge Street last evening a car driven by Mr. Claude Farnham was struck by a car driven by Frank McEachern coming up Coleman Street. The force was such that Farnham's car was driven against a pole at the north west corner with such force as to damage the auto to a considerable extent. McEachern's car was also damaged. The latter drove away from the scene of the accident. It is alleged but was subsequently apprehended at his pool room near the north C.N.R. station. McEachern was it is claimed under the influence of liquor when he was taken to the police station by officers in charge. Subsequently he was accused of being intoxicated while operating a motor car. It will cost a considerable sum to repair damages sustained to the cars.

A charge of being intoxicated while in charge of a car has been preferred against Frank McEachern, this week. Today the case was enlarged for a

Plans For Filtration Plant Ready Within Two Weeks

Plans for Belleville's new filtration plant are rapidly taking form and Consulting Engineers, Chas. Smith and Steve, who are in charge of this end of the work, are making an effort to have the plans ready and to call on tenders within the next two weeks. With the building of this very necessary public commodity, Belleville will take one more step forward in her

Scenes of Horror When Over Hundred Lose Lives in Floods

Toulouse, France, March 5 (CP).—One hundred or more inhabitants of Moissac perished it was feared, shortly after midnight when the Gar River, swollen by floods, broke through the dike at submerged town. The disaster, if confirmed is one of the worst flood catastrophes in France during the last century. Two quarters of the town were almost obliterated in the surge of flood water from a broken dike. Residents were caught unawares. Many perished as their houses collapsed about them, others, fleeing, were trapped and drowned.

The city already was in darkness, the rising waters having destroyed the electric light facilities and cut its gas mains. Sparse reports received here mentioned the intermingled roar of the flood, dull cracking of collapsing houses, and futile cries of the drowning and trapped residents.

The exact number of victims could not be determined immediately, probably will not, indeed, be known until after the waters subside. Hope was expressed that the estimate of a hundred dead would prove excessive. Aside from these at Moissac there were 26 known dead in other flooded districts of Southern France, with a probability the toll would be increased.

Later reports said the property loss would be in the neighborhood of forty million dollars.

NOTED CANADIANS

Lieut. Col. Peter N. Nissen, inventor of Nissen huts used in great war, and a native of Halifax, N.S., who died attending a hockey game at Galt, Ont. He is 74 years of age.

Senator John H. Fisher of Paris, Ont., who suffered a stroke while attending a hockey game at Galt, Ont. He is 74 years of age.

RESOLUTIONS OF LOCAL CHAMBER

Two Presented to Ontario
Govt. Originated in
Belleville

Mr. John Elliott, a member of the Ontario Associated Boards of Trade and Chambers of Commerce, has returned home from Toronto a delegate attending the Ontario Govt. Roads Convention and the Ontario Associated Boards of Trade meeting, held last week.

Mr. Elliott submitted two resolutions from the Belleville Chamber of Commerce, whom he represented, to the Honorable Prime Minister, G. Howard Ferguson, and members of the cabinet, at the hearing held in the Parliament buildings, February 28th, 1930. The two resolutions are: (1) Study and Expedite of Foreign Languages. (2) Trans-Canada Highway. Both these resolutions were adopted at the annual meeting held November 14th and 15th, 1929.

Week and the accused was allowed his liberty by furnishing bail

WHAT A PIECE OF WORK IS MAN!

TORONTO, March 5.—Stating that every man was of the chemical value of 97 cents only, W. Harrison, in addressing the Gyr Club at their luncheon at the Royal York yesterday, listed the elements that contributed to that aggregate value.

Each individual was composed of sufficient iron to make a chicken coop, sulphur to chase the fleas off a dog, sulphur to chase the fleas off a dog, sulphur to chase the fleas off a dog, plus a large amount of wind and water.

Mr. Harrison was telling of the value of "battered sunshine," otherwise, cod-liver oil had been used as food, as was 17th in Manchester, England, when chronicles showed that a hoghead of the oil was consumed every year.

PLEDGED TOAST TO FATHERS AT ANNUAL AFFAIR

Fathers Drink Health of Rising
Generation as Parents and Sons Meet

FATHERS' GUESTS
Drink Toast to Younger
Generation at Y
Banquet

An event of considerable interest and one that is apparently growing in popularity is the annual father and son banquet held in connection with the Y. M. C. A. It took place last evening and the spacious apartment in the building, where the fine spread provided by the ladies, was served. The banquet committee occupied the chair and filled that position in a most acceptable manner. His remarks (Continued on Page Eight.)

AUBURN KEEPER STABBED TODAY AT DINNER HOUR

Murder Came at Height of
Trial of Slayer of
Predecessor

ASSAILANT CAUGHT

Abrupt Ending of Trial of
Man Accused of Murder 2 Years Ago

Auburn, N. Y., March 5 (CP).—Edward Beckwith, principal keeper at Auburn prison, was stabbed to death at the prison today. Beckwith succeeded George Durnford killed in the Auburn riot of December 11 last.

The police who sent an investigator to the prison said a Spanish inmate whose name was not ascertained stabbed Beckwith while the convict was on his way to the mess hall. Police tried vainly to reach the prison. They reported all lines in use. They had been called, the officer in charge said. News of Beckwith's death came at the height of the trial of Max Becker, Brooklyn gunman, charged with the murder of Durnford. A hasty and dramatic adjournment of the trial followed.

Keer Beckwith, in accordance with his usual procedure was walking up and down between the tables during the dinner hour when he was attacked. The assailant was captured immediately.

Beckwith is the third consecutive principal keeper at the prison to meet death at the hands of convicts. Joe Durnford, Durnford's predecessor, was stabbed to death about two years ago.

TELL INTO BASEMENT

(By Canadian Press)
New York, March 5.—Fifteen girls between the ages of eleven and thirteen were injured, seven of them seriously, when a trap door over an ash pit in the playgrounds of the Holy Cross Parochial School in Brooklyn, collapsed, dropping them into the basement.

Seek Whereabouts of Mrs. Martha Terry; Son Is Ill

Mr. T. Ed Ketcheson, city tax collector is in receipt of a letter from Mrs. Lucy Terry, of Kinrossville, Ontario, in which she asks him to locate her for her ill son, Mrs. Martha Terry, last known in Belleville, who is urgently wanted in Kinrossville, owing to the illness of her son. Mr. Ketcheson has been unable to obtain any information regarding Mrs. Terry and any one in the city who can supply the lady's address is asked to communicate with Mr. Ketcheson.

ARCHDUKE SERVED

Archduke Leopold of Austria, allegedly residing in New York for whom a subpoena has been issued to appear in connection with disappearance of \$400,000 necklace sent to America for sale by the Archduchess Maria Theresa of Austria. The archduchess recently received a cheque for \$7,270 for its sale. The vendor, a certain Col. Chas. F. Townsend, retaining the balance for "expenses." Copyright Pacific and Atlantic Photos, Inc.

HALF MILLION IN MORPHINE SEIZED

(By Canadian Press)
New York, March 5.—Morphine valued at about half a million dollars was seized by the U. S. Customs at New York City last night in two large trunks apparently owned by a first class passenger on "Isle de France" who had left the vessel a few minutes before it was learned today. No arrests have so far been made.

PLANE HOVERED THEN WENT WEST

Snow Storm Did Not Daunt
Air Mail Carrier at
Noon To-day

Heavy and thick snowfall at noon today very nearly proved too much for the Montreal-Toronto mail plane, which circled low over the western part of Belleville and then went on west. Residents of the West Hill noted the plane flying at little over a few hundred feet altitude and evidently looking for a safe landing spot. The plane made its way to Ponton's field, where the Leavens Brothers have flown formerly, but it is thought that owing to the patches of snow and the trees this field looked like a poor landing place to the pilot. He finally flew off in a westerly direction, although still a few hundred feet from the ground.

NEGRO PARTY ENDS IN 4 CASUALTIES

Newark, N. J., March 5 (CP).—Two night patrols joined early today to investigate a negro party in a Barclay Street flat. Two negro gunmen shot it out with officers in a running fight downstairs and through city lanes. As a result, Sergeant Anderson and a negro known as "Coke Joe" are dead and a negro policeman and a second negro gunman are critically injured.

THE WEATHER

Moderate wind, clearing tonight, Thursday, fair with slightly lower temperature.

\$1,350 DAMAGES AWARDED FRED SMYTHE BY JURY

\$1,800 Damages Reduced 25
Per Cent. for Contribu-
tory Negligence

SPEED AT CURVE

Sequel to Fatal Accident in
Which Late City Engineer
Was Held

When Clerk of the Court John Kerr asked the Grand Jury, which brought in a True Bill against Fred Ingram at 5:45 p.m. yesterday afternoon, one jurymen dissented, but as only seven need be agreed to bring in a True Bill, the matter was ended. This jurymen explained to His Lordship Justice Lege, that he was agreed on a True Bill on the bodily harm charge, but not on the manslaughter charge.

The first case tried by the Petty Jury was that of Smythe vs. Campbell. In opening the case Mr. Payne explained the events leading up to the death of Charles D. Campbell, late City Engineer, in an auto accident near Deseronto on the 20th of May, 1929. Mr. Smythe is suing the administrators of the Campbell estate for injuries received as he was a passenger in the Campbell car.

Fred Smythe, plaintiff, was the witness called. He told of the accident, that he was asked by Mr. Campbell to go in his car to inspect a sign erected by the city of Belleville east of Napanee to estimate the cost of its repairs.

"After inspecting the sign, Mr. Campbell and myself returned to Napanee, where Mr. Campbell visited Magistrate Graham and others. We then left for home and when nearing Deseronto met a car on a curve. At this time we were travelling 45 to 50 miles an hour, excepting where the roads were bad in one place. When we met the car, Mr. Campbell who was driving went over the curve onto the shoulder, and into the ditch. Mr. (Continued on Page 6)

TRUE BILL AND NO BILL IN SHEA CASE

The Grand Jury returned a No Bill for Thomas Shea of Pembroke, and a True Bill on a second serious charge when they reported this morning.

PARTNERS PLAN CLAIM PAYMENT

Counsel Tells Stobie-Forsling
Shareholders of
Negotiations

TORONTO, March 5.—Creditors of the brokerage house of Stobie, Forsling Company, an international firm which went voluntarily into bankruptcy following the arrest of two partners in the wholesale clean-up of local brokers on January 30, heard news that surprised as much as it satisfied them when it was announced yesterday afternoon that the company shows a \$2,052,400 surplus of assets over liabilities.

The creditors, crowding a meeting called by the Custodian in bankruptcy in the assembly hall of the Temple building, hailed the announcement with applause when it was made to them by N. L. Martin, the custodian, from a statement of the company's affairs.

The meeting brought not only assurance of the stability of the company's finances, but sought to have the situation more secure by appointing Mr. Martin as trustee and a board of five inspectors to handle the estate. Clark of Vancouver, Ryland H. New of Hamilton, E. R. Read K.C., of Brantford, Hon. Manning W. Doherty and R. V. Billewiche.

The statement submitted by Mr. Martin showed the company to have \$7,005,950 assets and \$5,551,016 liabilities.

THE BULLETIN BOARD

Mainly About People You Know

FIREMEN CHALLENGE BARBERS

The City Fire Department hockey team is out to establish a name for themselves as hockey players and hereby challenge the barbers of the city to a game to be arranged between the two teams. The firefighters would like to hear from the "barbers".

TRENTON PLANT

In yesterday's issue of The Intelligencer appeared an article referring to construction of a plant by the Timber Product Company. The plant in question is at Trenton, not Newton, as stated in the paper.

PLAY PRESENTED

The popular play, "An Old Fashioned Mother" was presented by the young people of West Huntingdon in the Orange Hall, Shamondale, on Tuesday evening, as the evening drama of a successful bazaar held by the ladies of the Shamondale United Church. A fine story and novel running through this drama and the excellent way in which the actors presented their part of the story with its rich humour and appealing human interest, held the complete attention of the audience, until the happy climax in the closing act.

BRIDGE ST. MEN MEET

The men of Bridge Street Church will hold their monthly meeting tonight at 6:15 in the parish hall. A supper will be served by the ladies. The most important item on the programme will be a talk by Rev. Mr. Williams, of Toronto. Mr. W. B. Deacon, president, will be chairman for the evening.

LADY TRAINMEN

The lady trainmen of this city held a successful euchre in the Engineers Hall, Pine Street, Monday evening. Winners at cards were as follows: Ladies' first, Mrs. Mott; second, Mrs. Ainsworth; third, Mrs. M. Boyd. Gentlemen's first, Mr. Charles Naylor; second, Mr. Ainsworth; third, Mrs. R. Carr, playing as gentleman. The door prize went to Mrs. Archie Jordan. After the cards a splendid luncheon was served and a social hour enjoyed.

LYDIA LODGE EVENING

The Lydia Lodge enjoyed a very successful evening in the Orange Hall yesterday. Euchre and Rummy was played and the winners were as follows: First, Mrs. Armistead, second, Mrs. Smith, of Trenton; third, Mrs. Ellis. The Rummy prize was won by Mrs. Soules. Luncheon was served after the card playing and a pleasant time spent in social intercourse.

MOOSE AT HOME

The Royal Order of Moose held another of their popular At Home last night in the Moose auditorium. As this was the last social event before Lent a large number attended. Thirty-six tables of euchre were in progress during the evening, the winners being: Ladies' first, Mrs. W. Belsey; second, Mrs. J. Storms; third, Mrs. J. O'Connor. Gentlemen's first, Mr. W. Schreiner.

REBEKAH LUTHER

Under the auspices of Quintana Rebekah Lodge No. 732, a progressive euchre was held last evening after some business had been transacted. Several tables were utilized and the winners were as follows: Ladies—Mrs. Snider first; Mrs. Jordan second; and Miss Reid third. Men's, Mr. Bennett, first; W. Brooks second; and Mr. Price, third.

After refreshments had been served dancing was indulged in for some time music being furnished by Mr. George Robinson at the piano.

WEATHER SIGNS

The weatherman has not treated us to any change of temperature during the past few days. The mercury at the luncheon has kept well around the thirty mark. Today's temperature was 34-20. The snow flurry of this afternoon again covered the landscape with a white blanket and winter still reigns supreme.

ASH WEDNESDAY

Today is Ash Wednesday and the first day of Lent. Ashes were distributed at St. Michael's Church this morning before the eight o'clock Mass. Services will be held during the Lenten period every Wednesday and Friday of each week.

ESSEX ON PARADE

Yesterday afternoon about four o'clock a fine parade of the new Essex models attracted much attention from the local public. The parade wound its way down Front Street and the central section of the city, under the supervision of Mr. Fred Lee, local distributor.

BRUSHING UP 'HALL'

The council chamber and mayor's office at the city hall, with in the new hall, will be undergoing a thorough housecleaning. New furnishings are planned and when the alterations are all made the two rooms will doubtless present an attractive appearance. Tenders for the work are being received by the chairman of market and city property up until Thursday, at five o'clock.

FUNERAL NOTICE

ELWORTHY—In Chesley, Ont., Mar. 4th, 1930, at the home of her sister, Mrs. H. E. Ferguson, Sarah Frances, late W. G. Elworthy. Funeral service Thursday, March 6th, 1 p.m. Interment on Friday, March 7th, Belleville Cemetery from Tickell & Browne's Undertaking Parlors.

The Play

"Salt, Water, Drift," a comedy full of laughs, was presented to a large audience by St. Thomas' Church A.Y.P.A. last night in the Parish Hall. The little play was well acted, each person on the stage performing their parts in a manner which reflected well on the instructions of Miss Helen Potter, who was in charge of the play. The story deals with the love affairs of a young couple. The girl, Charlotte Bancroft, is of a jealous disposition and does not trust her fiancé, Charles Dudley, who is going on a holiday. So that she may be informed of all his movements she persuades the girl friend, Irma Hastings, to take her vacation at the same time as Charles, so that she can keep a watchful eye on him. The funny situations which are brought to a happy ending, provide an amusing and interesting bit of entertainment. Miss Marian Code, as Charlotte Bancroft, was especially good in her part and Miss Ena Potter, as Irma Hastings, also excelled. Mr. F. M. Warren, as Charles Dudley, was one of the best actors of the evening.

During the intermission, Mr. Percy Cole and Mr. Alfred Evans sang a duet, which was well received. At the end of the play, Miss Helen Potter and Mr. Cole jointly directed the performance, which was presented with a wealth of roses. The cast was as follows: Charlotte Bancroft—Miss Marian Code; Irma Hastings—Miss Ena Potter; Charles Dudley—F. M. Warren; Margaret Chant—Billie Flood—Frances Laxler; Charles Dudley—F. M. Warren; Ed. Howley—Don Carman; Jack Beaman—Gus Campbell; Rip Brooks—Harold Carman.

\$200,000 FIRE AT GRAVENHURST

Explosions of Gas Tanks in Forty Cars as Complications

Gravenhurst, Ont., March 5.—The most disastrous fire to strike Gravenhurst since the town was wiped out 43 years ago, destroyed the town early today, causing damage estimated at two hundred thousand dollars. Carried by a high wind, sparks and embers were swept around the surrounding buildings, and for a long time, the whole business section was threatened with destruction. The firemen's task was made more difficult by spontaneous explosions of gasoline tanks of some forty automobiles stored in the Gravenhurst garage, a wooden structure covered with sheet metal. The meat market, confectionery store and brick residence were also destroyed. Short circuit in the electric wiring in garage is believed to have caused the fire.

TODAY'S MARKET

POWER ARMING DEMONSTRATION

Moving Pipes Shown of Massey Harris Implements

Mr. Fred Lee progressive implement dealer, staged a power farm demonstration yesterday afternoon in his show room which was attended by a large number of farmers. Some very interesting moving pictures showing many of the leading farm implements in Canada were shown, also pictures depicting various farm operations performed by tractors and alone prefaced by tractor music.

Mr. J. S. Crawford, Inspector of agriculture, and W. D. Stroud, Inspector for Ontario Branch of the Massey Harris Co., gave instructive talks on power farming and tractor operation. Everyone present expressed gratification to Mr. Lee for arranging this demonstration, as they felt that much valuable information had been given.

DEATHS AND FUNERALS

MIS ELSWORTHY
The body of Miss Elsworthy, who died at Chesley, will arrive in this city tomorrow and will be taken to Tickell & Browne's undertaking parlors from where the funeral will take place on Friday. Deceased was a sister of Mr. Rev. H. E. Ferguson, of Chesley, formerly of this city.

TENDERS

DECORATING COUNCIL CHAMBER AND JAYOR'S OFFICE
Sealed tenders addressed to Chairman of Market & City Property will be received at the office of the City Clerk up to 1 o'clock p.m. Thursday, March 14th, 1930, for the cleaning and redecorating of the Council Chamber and Mayor's Office and furnishings.

Specifications can be obtained at the office of the City Engineer.

The lowest or any tender not necessarily accepted.

J. Wilfred Holmes, City Clerk.

ASSIZES

McTAGGART V. MULLINS
The case of McTaggart v. Mullins is being set off of court. This is a damage action as a result of an auto accident near Holloway, last fall, in which an infant daughter of Mr. Percy McTaggart, of this city, was injured, and the McTaggart car badly damaged.

Mr. Payne asked that the case of Alexander vs. the Waterloo Mutual Fire Insurance Company be traversed. The case of Smythe vs. Campbell was then called.

REV. W. S. IRVINE

(Continued from Page One.)
regret at the thought of losing their minister to whom they were strongly session of Deseronto. Mr. Irvine will be released after May 25th. The following were appointed as commissioners to the General Assembly which meets in Hamilton in June: viz: Rev. Messrs. Scott, Montgomery and MacTavish, and elders from Tweed, Deseronto and Belleville. Rev. Dr. Stephen for the committee on the supervision of students, reported that three students from Queen's University had applied to the home mission board to be employed in mission fields during the summer. It was agreed to certify them.

Mr. D. A. Mitchell, who has acted as treasurer of the Presbytery for the past ten years resigned. The resignation was accepted with regret. Mr. Mitchell was formally thanked for his long service and Mr. W. V. Fairbairn was appointed in his stead.

Grants were voted to the following: Amherst, Deseronto, and Wilton. Mrs. Seymour read a report from the Women's Missionary Society. The Presbytery was impressed with the extent and variety of the activities carried on by the ladies. The report on statistics, presented by the clerk, showed that while there has been a little slackening in some places, yet no whole substantial progress has been made. The Budget has not been supported as liberally as it ought to have been, but the number of church members is increasing, more having been received both by certificate and on profession than was the case in the previous year. In the S.S. the cradle roll is growing satisfactorily.

Personals

VISITORS WHO COME AND GO

Mr. Charles Kilmear of this city, was the week end guest of Mr. and Mrs. Grant, Woodstock.

Mr. George T. Woodley left the city this morning for a short business trip to Toronto.

Mr. Albert English of this city, returned home yesterday after spending the week end with Mr. and Mrs. David Brown, Napanee.

Mr. Arthur Irish, of this city, was a business caller in Napanee on Monday.

Mr. C. M. Hall has returned home from Toronto where he visited his daughter and attended the concert by Harry Lauder at the Royal Alexandra Hotel.

Miss Margaret Belair, of this city, has accepted a position as secretary and bookkeeper at the office of E. A. July & Company, Limited, investment bankers, Bridge Street.

Mr. C. A. Bailey, ex-Reeve of Rawdon Township and ex-Warden of Hastings County, was a visitor in the city today.

Toronto and Kingston which meets in Toronto in May.

The following resolution, moved by Rev. Dr. MacTavish and seconded by Rev. A. E. Cameron was carried unanimously: This Presbytery has learned with satisfaction that the Dominion Government will soon introduce legislation to prevent the granting of clearances to vessels carrying commodities to countries into which the importation of such commodities is prohibited by law and the Presbytery is equally gratified that the Minister of Education has arranged that a series of lectures be given to students in the Normal schools of the Province on the effects of alcohol on the human system.

During the noon recess a delightful luncheon was served by the ladies of the congregation, in the school room. A very pleasant social hour was spent.

FRED INGRAM CASE

(Continued from Page One.)

made a plan of the scene of the accident. The plan was produced, and entered as exhibit No. 1. The plan showed clearly the scene of the accident, including the driveway, house, and the position of the car. Mr. P. Kilpatrick, Mr. Evans in his evidence stated that the road was 66 feet wide with a four foot shoulder on each side, and there was a clear view for over 500 feet. The ditch is hallow at this point and the travelled portion of the road is twenty-four feet wide.

The evidence of W. E. McCormick, Photographer, which was taken at the preliminary hearing, was read to the court, as Mr. McCormick was out of the city. The photographs made the day after the accident were entered as exhibits.

John Sharpe, residing a mile south of Foxboro, laborer, was the next witness. He was working for the Highway Dept. last November, at Marsh Hill gravel pit, feeding the crusher.

Mr. Cameron—"What time did you leave the gravel pit on that day?"
Ans.—"About five-thirty."

Ans.—"Who helped you hitch up?"
Ans.—"Albert Tearme."

Ans.—"Where did he reside?"
Ans.—"At Cobville."

Q.—"Did he make a practice of riding home with you?"
Ans.—"Yes."

Q.—"Was there anything on the buggy that night?"
Ans.—"A light."

Q.—"Was it lit?"
Ans.—"Yes, Mr. Tearme lit it."

Paris Concierge Refutes Caesar

Famous Caesarian Edict Is Disapproved By Lengthy Records

PARIS, March 2.—(By Josephine Hamilton, Canadian Press Staff Correspondent)—The concierges, the hundred thousand keepers of the portals of Paris, have laid Julius Caesar

to rest. A strange army which guards not only the treasures but the reputations of Paris is an old woman. With a broom and dust in her hand, the arms of her order, she sleeps like most of them in a kind of den under the stairs, a myth, a mysterious hole in which a poet like a witch's cauldron boils incessantly. Indeed they seem, some of them, more like witches than human beings. One rare sees them with any human affiliation. They always appear alone. From their vague and mysterious residence they have laid Julius Caesar

to rest. The note read in the Roman Senate late 20 centuries ago, has been cited ever since as indicating a people treacherous and unstable. But it was a few years ago that Madame Mercier, a concierge of the honorable order of concierges, read it for the first time. By thence came one of the quaintest

sources in the city's history. Madame Mercier (like most of the concierges) treats her emigre whips of beating about their eyes, at all times let in the late night revels to let the beaten sleep. It is said of them they have been old. It is said they have been old. One night late in December, Madame Mercier was reading a book when she picked up a book. She had had it for 30 years. It was Caesar's

phrase. Her pride as a Parisian was that in the morning she repaired to the meeting place of the guardians of the doors. There and then it was decided to open an enquiry. Caesar had uttered a libel against Paris. The world must know it. Here are a few facts gleaned in the enquiry. Seventeen hundred concierges have kept the same doors in the same door since before the battle of Solferino in 1871 as in 1917 they have distributed the food ration card of war.

In one of these houses, on the Rue St. Nacre, the famous Ernest Legouve was born, lived and finally died at the age of 86. Madame Mercier, doyenne of the order, is 83. She has kept the door of a 16th century house at the corner of the oldest street in Paris, for 43 years. Several younger than she have exceeded her in years of service. There are those who have been at the same door since before the battle of Solferino in 1871 as in 1917 they have distributed the food ration card of war.

They heard Prussian guns in 1870; they heard the big Bertha in 1917. In both wars, they bore the latest latest of young men who went out but did not return.

Business has improved so much that the business women are no longer getting themselves interviewed on how good it is—San Diego Union. Last year there were 14,088 books published in the British Isles. A few of these were not by Mr. Edgar Wallace—London Opinion.

The Make-Believe Wife

A Tale of Marriage, Suspicion, Jealousy and an Unexpected Ending

by Kathleen Norris

CHAPTER 10

"Hugh," she said, resolutely changing the subject, or rather, reverting to a former one, "do you remember telling me that you'd like to build a whole Spanish village some time?" "I don't mean just detached Spanish houses, but a monastery and a church and a castle, and masses of quarters, all grouped together on a hillside."

"I don't remember saying that," I thought I could do it," he amended, as she paused. "But I think I said that it seemed to me surprising that nobody else does it—that some one of those Western architects doesn't design the thing on a grand scale. Roofs, you know," continued Hugh, warning to the subject as he went along—"roofs all massed together, on a hillside, above the sea, jagged little streets, eucalyptus trees; they grow like weeds."

"Would it be horribly expensive, Hugh?"

"Oh, yes, it would be expensive. None of this five hundred down and sixty-seven-fifty a month!" he said, with his pleasant smile.

"I was wondering how a college like that would be, Hugh?"

"A college, eh?" he asked, not following her.

"Well, yes. Like the Kreuzmann Memorial?"

"Oh, I see," he said, widening his eyes as he looked at her, and returning his gaze to the fire. "I see—" he said musingly, fitting his finger tips together in a fashion that always indicated he was really thinking.

"What about your auditorium and

assembly-rooms, Bee?" he asked presently. Beatrice roused herself from the life-turning of magazine pages and laughed and frowned in a business-like manner as she concentrated.

"Oh, well, oh, well—you'd have them like old village churches, and big Spanish barns, and all that," she explained hopefully, timidly, after a moment's thought. "It isn't to be a very large college, is it, Hugh?"

"No, no, it happens it's going to be a definitely restricted small college," he said.

"Well, then—" she offered, with an eloquent shrug.

Hugh's finger tips were together again; he was still considering it.

"It would be a freak experiment—" he mused aloud.

"That fun!" Beatrice urged.

"Oh, yes, fun. It would be lots of fun!" Hugh agreed.

"Could you do it in the office?" Hugh?

"No," He had evidently thought of that already. "No, I'd do it here. I'd take that table and keep the sketches." His eyes traversed the room; Beatrice's bright green-gray eyes followed their course.

"You mean work on it here, evenings," she asked.

"If you don't mind."

"Oh, mind. Oh, I'd love it. I'd help you," she said boldly.

"You help me? No, I'd be helping you. I'd be working out your suggestion, remember."

"Hugh Chaloner! You were the one months ago—" Beatrice began accusingly. But the delighted color was

scarlet on white cheeks, and her eyes shone.

"No, I thought of a village. I never should have remembered it again or dreamed of applying it to this. If we did this, Bee," Hugh went on, with a most unusual admission in his dark, handsome face—"if we did this, dear, I'd insist upon your having your share of it. Plans by Beatrice and Houston Chaloner, of the firm of Chaloner, Fairfax & Flint, North Underhill—that's the way it would read!"

"Oh, Hugh, no! I don't know one thing about drains and cross-sections, of rear elevations and all the rest of it! I don't know even how doors ought to swing, on those little dotted fans of mine!" she protested radiantly.

"You don't have to. It's ideas—ideas that count. How to manage doorways and steps, and how many rooms to put in to dormitories—all that," he said.

"And where to put Little Della Robbia Madonnas, Hugh, and red tiles and balconies!" Beatrice chanted excitedly.

"Oh, Hugh, but oughtn't you have someone better, like Joe Flint?"

"Let Joe Flint make his own try, if he wants to."

He came over to her couch and, getting down and locked his arms about her slim waist, in the thin, white, fluffed dressing gown.

"Do you know how I love you, Bee?" "I hope you do," she answered, smiling at close range and smoothing up of his eyebrows with a cool finger.

"No, but, my dear—I'm so stupid; I'm so old and stiff and silent for my lovely, lovely girl! Do you know how I love you, Bee? Do you know how I love you, Bee? Do you know that never in my life have I been so happy?"

"Oh, I hope so, Hugh."

"What can I do to make you happier, Bee?" he asked suddenly. "It's such a quiet life for a girl your age; my friends are almost all older persons. What do you miss—what would you like?"

"Well, I miss having to put quarters into the gas meter," she said whimsically, as he hesitated, looking at her with anxious eyes. "And, of course, I miss dishwashing. I miss going to the butcher for three chops, and finding that lamb has gone up, and standing there, with my old shoes wet and my back aching from the office, and seventy-two cents in my purse, and wondering if Mummy and dear would stand for chopped meat again, or whether kidneys—or liver?"

"Then you are happier, Bee?" the

TOMORROW'S GIFTS

Oh, do nothing too closely To joys to pass away. Tomorrow's gifts will be as dear As those prize today!

To-morrow's tasks will bring their fruit Of peace and content In midst just as brimming full As any time has sent.

To-morrow's friends will be as kind, To-morrow's hopes as high, So do not to-day depart With doubt or sigh.

Bid welcome to each good that comes, Each blessing and cheer, Yet learn to hold an attitude. Of all, brings, too dear.

And true-morrow, while you glean Fresh joy on your way; The good things will be as great As their gain today!

—Allie Michaels.

Having absent from school one afternoon, he presented his teacher with a note from his mother.

"Please be the absence of Willie yesterday noon," it ran. "He had to take him to the circus."

On the Air

Don't forget the Palmolive Hour to-
night. This is a popular weekly event
looked forward to by most radio fans.
The hour will be at the usual time of
9.30 and the station broadcasting is
WEAF. The Philco program is an-
other favourite you will like and can
be tuned in on tonight at ten o'clock
over station CFRE.

Several good orchestras are also on
tonight's program. Romanelli's or-
chestra will broadcast over CKGW at
eleven o'clock. St. Regis Hotel orches-
tra over WJZ at ten-thirty and Palais
d'Orchestra over WEAF at twelve
o'clock. Plenty of jazz from these
three stations if that is what you are
looking for.

Thirty minutes of popular and semi-
classical music, played by the White
Ash orchestra will be heard by the
radio audience of WCAU this evening
at 6.30. The program includes "Whis-
pering Willows", "One Never Knows",
"I'm a Dreamer" "When Day is Done"
and several others.

Artemus Jason Thatcher (nee Warren
Wade), manager of the Opry
House announces that the next produc-
tion to play his historic old playhouse
over WTAM tonight at 8 p.m., will be
none other than a thrilling mystery
show wherein Elmer will play the all
ent detective who fathoms the mys-
tery. Elmer goes through the entire
show with a new pair of shoes and
spoils some of his silent prowling in-
much as the "shoes are new and
sneaky. Wade will divert much of his
time between now and the production
to finding a pair of shoes that will
sneak over the microphone. Profes-
sor Pogue Swallow and his Symphonic
orchestra will furnish the mysteri-
ous music for the production.
Lucerne-in-Quebec's program of to-
night from WOR will feature one of
America's most popular radio so-
pranos, Rhoda Arnold, who will be
heard in two groups, or four numbers

\$1,350 DAMAGES
AWARDED F. SMYTHE

Constable James Peter O'Neil
Chapman was killed and I was badly
injured. Witnesses reported two broken
cars and a broken house. Out and away
and he was in the Hospital for
three weeks. He was hospitalized for
the accident and was concerned for three
months.

In the examination by Mr. J. J.
Macdonald, of the firm of Hughes and
Amey, for the defendant, Mr. Smythe
told of the speed of the car, but
could not recall any of the events im-
mediately after the accident as he at-
tended from concussion.

Provincial Constable James O'Neil
of the 101st attending the scene of
the accident on the 21st of May at two
o'clock in the morning.

Mr. Payne "What did you find?"
Ans.—"There was a Hudson car in
the ditch on the north side of the
highway."

Mr. Payne "What did you find
from the tracks?"
Ans.—"The car left the road 164
feet from where it stopped. The
marks left off for a distance of 27 feet
and then continued. The marks dis-
continued where the car had apparently
struck a culvert."

In a cross-examination, Constable
O'Neil stated that there was an abso-
lutely clear view of the highway where

the accident occurred.
Mr. Payne "If you were standing
at a point at this corner about the
time of the accident?"
Ans.—"I think so."

Inspector Traffic Officer Bales of
Deseronto was the next witness.
Ans.—"I think I saw the car. Mr.
Smythe what happened?"
Ans.—"I saw it."

Ques.—"At what time?"
Ans.—"About three o'clock on the
morning of the accident."

Ques.—"What did Smythe say?"
Ans.—"He said he was travelling
very fast."

Ques.—"Anything else?"
Ans.—"I asked if they were meeting
any cars, and he said No."

Edward Down, of the Highway De-
partment, swore that the curve where
the accident occurred was 30 degrees
and that the increase was 10 every
100 feet. The highest rate of speed on
a paved road such as that would be
not over 25 miles per hour. The wit-
ness could not say what the speed
would be on a gravel road.

Dr. McCrory, was the physician
who attended Mr. Smythe following
the accident. He first attended him
at Napanee, and then had him re-
moved to the Belleville Hospital. In
answer to Mr. Payne's questions, he
enumerated the injuries of Mr.
Smythe, as stated above. He was in

the Hospital for 3 weeks, and was un-
able to work for 2 months. Later he
was taken to Toronto for eye-treat-
ment.

Mr. Payne "What is Mr. Smythe's
condition now?"
Witness—"He is practically con-
valescent now and able to do a full day's
work."

Ques.—"Was Mr. Smythe able to do
a day's work on the first of September?"
Witness—"Not in my opinion. He
could about the first of December,
though."

This was the last witness for the
plaintiff, and Dr. Tennant was the first
witness called for the defence. Dr.
Tennant swore that when he examined
the plaintiff he could find little
evidence with him. This was about the
first of September.

Dr. D. M. Galbraith, of Napanee,
Coroner spoke to Mr. Smythe at the
time of the accident. He stated that
Smythe told him the car was going too
fast around this curve. This constituted
the defence, and there was no
reply.

The Jury retired and returned at 6
o'clock. Their verdict awarded the
plaintiff, Smythe, damages to the ex-
tent of \$1800, but as the jury found
that there was contributory negligence
on Smythe's part to the extent of 25%,
Mr. Smythe will receive \$1350 dam-
ages.

SPORTING
SECTIONPT. ANNE WINS
IN CITY LEAGUEY's Men and Finkle's Tied
1-1, in Second
Game

Point Anne were the only visitors returned in the City League last night, this team defeating the Alemites by 3 to 0 and the Y's Men and Finkle's playing a tie game, 1-1. Finkle's put up a good exhibition and only had luck kept them from coming through with a win. That is, Hard Luck and Derby Jeffrey. Derby was too good, and at times the stops he made were phenomenal.

Point Anne lead the Alemites players at the end of the first period by 1 to 0 and had increased their lead by another at the end of the second. Art Young and Stan Hagerman tried valiantly to lodge the little black rubber in the nets but all their efforts were in vain, and when the Pointers broke away in the third with no defence to beat, it was just too bad for young Cooke, and the score went to three nothing for the Point. Half a minute later the game ended.

Play in this game was strenuous to say the least, with the players of both teams giving and taking plenty. Harold Buck on the wing stood out by his consistent back-checking, and few goals were garnered in from his side of the ice. Doug Runlins was right in the thick of the fray too, and next year should be a valuable man to have around.

For Point Anne, Bobby Hull pulled the nicest play of the evening. He took the puck alone at his own blue line, crossed over to the opposite wing, stickhandled his way through three or four players and went close in on Cooke to score, giving the goalie no chance whatever. It was a beautiful piece of work. Young McDonald as usual was in there scrapping all the way, and again had that cut on his chin opened, necessitating him going off for repairs. The defence of Goyer and Green left little to be desired as far as stopping the puck carrier was concerned, and all in all the whole team played a fine game.

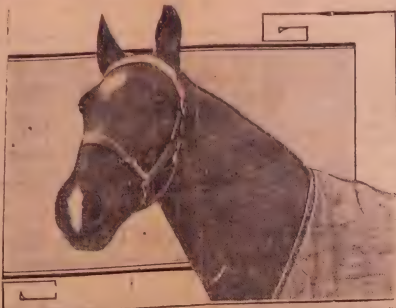

There seems to be little doubt that Point Anne is the team to beat for the championship, but the other teams will have to wake up plenty if they expect to take a fall out of the Cement Men. Right now they are playing the best hockey in the League.

HOCKEY SCORES

Hockey games played yesterday resulted as follows:

National League
Toronto, 1; Americans 1.
Ottawa, 6; Montreal 1.
Boston, 5; Canadiens 2.

Point Anne 3 - Alemite 0

Nibble Dick, twelve-hundred-pound Canadian-bred saddle horse owned by W. J. Northgrave of Toronto.

Nibble Dick has won among the best of his breed that could be found in Canada. Witness—First in the broad jump at Eglington horse show in 1923-24-25-26, with a record of 27 feet, 24-25-26, with a record of 27 feet, 24-25-26, with a record of 27 feet, 24-25-26. This course is made up of 10 of the stiffest leaps anywhere in Canada and is conceded to have eliminated more ambitious jumping talent than any series of hazards known this side of the Atlantic.

In 1927 Nibble Dick won the "Owners Up" ribbon at Hamilton, added to which he carried away the first prize in the "Touch-and-Go" stakes at the same place for 1927, 1928 and 1929. And as if that was not enough for this agile and dependable steed, he won the sweepstakes that same year there and again in 1929.

At home, in Toronto, the husky black took sweetest at the C.N.E. for 1928, the reserve championship for hunters in 1929 and many lesser events against fields of the finest horseflesh that has ever been produced in this Dominion.

Chicago, 2; N.Y. Rangers, 2.

International League

Hamilton, 2; Toronto, 2

Cleveland, 3; Detroit, 3

Windsor, 2; Buffalo, 0

Manitoba Senior

2Elmwoods, 4; Souris, 0

2Elmwoods win round 7-4.

O. H. A. Bulletin

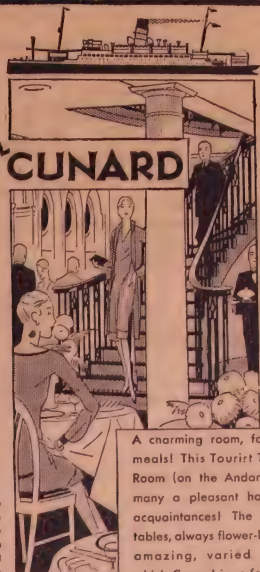

Harry Watson will referee to-night's sudden-death game between Hamilton and Queen's "B" at Oshawa. This game will be played to a finish and the winner will meet Varsity at the Arena Gardens Friday night.

The Iroquois Fall-Paris Allan Cup elimination games, at the Arena Gardens to-morrow night and at Galt on Saturday also will be handled by Harry Watson.

If West Toronto and Varsity Juniors are tied on the round at the end of 60 minutes to-night, overtime, with a 20-minute limit, will be played.

The complete list of officials for the game at the Arena to-morrow night, when Paris and Iroquois Falls will be opponents, is as follows:

Referee—Harry Watson, Toronto.
Goal umpires—Joe Leske, Toronto, and Ernie Worley, Toronto.
Timekeepers—J. E. Patterson, Iro.

CUNARD * TOURIST THIRD CABIN * THIRD CLASS

SPORTO-GRAMS

Point Anne came through with another win over the Alemites last night in the first game at the arena, and Finkle's pulled a big surprise and held the Y's Men to a 1-1 tie in a battlesome game. The second game meant little to the Y's as they were still in second place even though they had lost, as the Alemites tried hard to beat the Cement Men. The final score is 3-0 for Point Anne, but the Alemites missed some beautiful chances, and the final tally is not a true indication of the play. Make no mistake about it, though, Point Anne was the best team on the night, and they certainly are the ones to beat for the silverware.

Injuries galore were seen up last night. In the first game Referee Stuk Barrett for some reason had his foot slip out from under him and he gave his head a jolt. This necessitated a short delay. Earl McDonald again had that in his chin opened, which seems to be getting to be an old story, if the youngster has had tough luck with that cut all winter, and he'll carry his chin in a bandage for the rest of the season now. "Hay" Day, of the Finkle team, was laid out twice, in the game with the S Men, and he was not able to come back the second time. Once he got headbutted into the boards and the second time Vern Weir's stick caught him on the forehead in a scramble for the puck.

There should be a bump crowd out at the Arena tonight for this Port Hope-Belleville Collegiate game. The local students waited right into the Lake Shore town on Monday night and took the verdict from them, but three goals is not so many, and Port Hope may reverse the decision by a larger margin, though this is doubtful. Goals count on the round, and if the Grave-McDonald combination can come through with a win tonight, they will go on into the semi-finals for the Provincial title.

There will be two more games in the City League (tomorrow night, Alemites and Y's Men play while Corbyville and Point Anne meet in the second game). These at the last games of the regular schedule, and the play-off game between the second and third teams, likely Y's Men and Alemites will take place on Wednesday or Thursday night next. The season is drawing to a close and the fans are seeing some real hockey, so don't miss the games tomorrow.

And on Friday night, HWANIS KARNIVAL at the Arena. No fall said.

Stirling and Campbellford meet tonight at the latter town in the first game of the Trent Valley League play-offs. It should be a nifty series, with plenty of excitement for all. Belleveillians who want to see these games can leave for Campbellford at 5:35 p.m. at the north station.

Primo Canera must be weakening. It took him six rounds of mauling to knock-out an unknown Philadelphia negro by the name of "Ace" Clarke last night. The Italian giant knew that he was in a fight, too, because Clarke bounced two hard rights of Primo's left eye, and it was closed and swollen to egg-like dimensions when the next round came along. This is the "Ambling Alibi" eighth straight kayo victory, but in all his other encounters he put his opponent hors de combat before the second round was completed.

Niagara Falls, this season's S.P.A. junior champions, will enter the O.H.A. junior against the winner of the U. of T.-West Toronto series. The Cataracts were picked early in the season to win the O.H.A. silverware, but West Toronto and the Blue and White Juniors were not as good then as they are now, and it is believed hereabouts that they may fall in the finals, although the lads from the Roar City have a great team. It is thought, however, that they will miss the generalship and all-round good playing of Old Heximer, who turned professional with the New York Rangers when the S.P.A. series was completed. This Heximer was the play-maker and star of the sextet.

PICKTON LEAGUE
REACHES FINALS

Kiwanis Defeated Imperial
Oil 10 to 1 in First
Tussle

PICKTON, March.—The first game of the finals in the Prince Edward County Hockey League was played Monday night with Kiwanis and Imperial Oil putting up a mighty battle. Eleven hundred fans were on hand and there was a perfect sheet of ice. The Kiwanis scored ten goals to the Imperial Oil's one. This is the largest score in the league this season and it should have been much more in favor of the Imperial Oil, considering the play. It was a hard fought game throughout, with some very fine solo rushes. Combination was lacking in the Imperial Oil team. Clever stick handling by Roland Rorke and spectacular rushes by Raymond Hudgin and Harry Welsh were features of the game. Harry Campbell in Kiwanis goal saved his team many times David Young in the other goal stopped many hard ones and it was owing to a weak defence that so many got by him.

Ross Burt of Trenton was referee. The final game will be played this week. Imperial Oil need nine goals to tie the Kiwanis and then must win. They look sure winners of the New Public Cafe trophy for 1930.

Y.M.C.A. BOWLING

Springer League regular schedule closed last night. Mechanists and Polishers split even with two points each. They are deserving of better chances to get somewhere in the game than they have been getting in past years. But it does not solve the future of the younger set who are still available for junior ranks. Their interests should be given careful attention, and they will do well if they take steps among themselves to start an active campaign of the possibilities. —Port Hope Guide.

and incidentally lost their chance to tie for second place and play-off position with the Lock Fitters, who nosed in to second place by taking the first point by one pin from the Buffers. This one pin for win point prevented three teams being tied for second place with 14 points each, as Buffers annexed the other three points. Final standing as follows:

Buffers 29, Lockfitters 15, Polishers 14, Mechanists 14. Buffers and Lockfitters now play-off for league championship, losers take second place.

Big noise singles for the night were Gill 211, Westlake 216, Leavitt 205, Woods 231, Curry 226, Hill 209, Wilson 200, Steed 219, Drumm 200, 203, 219, H. Smith 215, J. Garrison 228, 198, J. Graham 201.

Day's prize winners, Mrs. Lauder (2), J. Grimmon, Fraser Paul, G. Westlake.

Entries are now being received for a mixed league, two men and three ladies, as well as for a Spring Junior League. Both should prove very interesting, as new teams are stepping in which means more interest for all.

Springer League

Polishers—Wrightmeyer 422; Gill 559; Westlake 473; Leavitt 494; Woods 545; total 2493.

COMBINED TRAINING
AT CAMP CANCELLED

Kingston, March 5.—There is to be no combined training of Canadian per annum force units at Petawawa camp during the coming summer, it is reported here from Ottawa.

During the last two or three years all the permanent force units available from Eastern Canada have gathered in Petawawa camp for a month of intensive training during August, with a full week of combined manoeuvres and exercises at the conclusion of this period.

In 1929, during the combined training of the permanent force, the occasion was the first upon which air force, artillery, cavalry, engineers and army service corps units had combined in one field exercise.

ARENA BRINGS
C.N.R. MATCHES

Teams From Ottawa, Toronto, Montreal and Quebec Here

Belleville hockey fans have a treat in store for the championship of the Canadian National Railway Recreation League is to be decided here, both finals and semi-finals.

Announcement was made today by Mr. M. P. Duff that the winners of the respective sections of the hockey league, will meet here on Saturday, March 15th, teams being present from Montreal, Quebec City, Ottawa and Toronto. The winners of these games will play off for the trophy a week later, that is on March 22nd.

All games are to be played at the arena.

These teams are first class organizations and have been playing a fine brand of hockey this year. It is anticipated that Belleville will send large crowds to witness the matches.

SPORTING
SECTIONFIGHT SENTENCE
OF HAMILTONIAN

HAMILTON, March 4.—David Robinson, who has been active in the interests of Horner Revinick, former Hamiltonian, now awaiting execution at Regina, will confer with Hon. E. LaPointe, minister of justice in Ottawa Friday morning, seeking to have the death sentence commuted to life imprisonment.

Two weeks ago a reprieve was granted when claim of new evidence of an important nature was made. Questioned regarding developments in this connection, Mr. Robinson said he was not in a position to divulge information at this time. Jews in Toronto and Hamilton have offered support to save the young man from the gallows.

It is anticipated that Belleville will send large crowds to witness the matches.

Kellogg's
PEP BRAN FLAKES
are better bran flakes

IMPORTANT—Kellogg's Pep Bran Flakes are mildly laxative. ALL-BRAN—another Kellogg product—is all bran and guaranteed to relieve both constipation and recurring constipation.

BRINGS BILL IN TO DRY UP RUM RUNNING TRADE

Legislation Introduced in Commons Would Cut Off Legal Sources

Ottawa, March 5.—Government legislation, introduced by Premier King Tuesday, if given effect, will cut off the legal supplies of liquor for rum runners to the United States. There are no discretionary powers left to either the officials of the Government or the proposed amendment to the Export Act makes it obligatory that no liquor to land shall be removed for export to prohibition countries, or that a clearance shall not be given a vessel having on board liquor destined for delivery in such countries. The bill introduced as an amendment to the Export Act, says:

"(a) No intoxicating liquor now or hereafter held in bond or otherwise under the control of officials of the Dominion Government under the provisions of the Excise Act, the Customs Act or any other statute of Canada shall be released or removed for purpose of export from any bonded warehouse, distillery, brewery or other building or place in which such liquor is stored in any case in which such liquor is destined for delivery in any country into which the importation of such liquor is prohibited by law.

"(b) It shall be unlawful to grant a clearance to any vessel having on board any intoxicating liquor destined for delivery in any country into which the importation of such liquor is prohibited by law."

The explanatory note to the bill says: "The purpose of this amendment is to authorize officials of the Dominion Government, having charge of liquor in bond and the granting of clearances to vessels to refuse to release such liquor or to grant such clearances where the granting of such release or clearance in any case would facilitate the introduction of intoxicating liquor into a country where the importation of such liquor is forbidden by law."

Premier's Explanation
In introducing the bill the Prime Minister made the following explanation:

"The purpose of this amendment is to authorize officials of the Dominion Government, having charge of liquor in bond and the granting of clearances to vessels, to refuse to release such liquor or to grant such clearances where the granting of such release or clearance in any case would facilitate the introduction of intoxicating liquor into a country where the importation of such liquor is forbidden by law."

Mr. Cahen—"Is it entirely in the discretion of the officials to refuse the clearance?"

Mr. King—"I do not quite catch the remark of my honorable friend, but I gather that he asks if the bill leaves discretionary powers to officials in the matter of whether it is intended as a measure absolutely to prevent any possibility of export."

Mr. Hon. Stanley Baldwin is called by the London Evening News as a convert to United Empire Free Trade plans.

SONS TOAST FATHERS AT ANNUAL BANQUET

(Continued from Page One)

were brief but appropriate. He referred to the pleasure it was to see so many fathers with their sons present at the gathering and the joy it must be to the boys to go out with their dads.

Rev. A. E. McCutcheon, minister of the Tabernacle United Church, offered

up a prayer after which "O Canada" was sung. Mr. P. Cole was song leader and the various songs were sung in a hearty manner. During the evening songs were given by Master Billy Plunkie and Alfred Evans, come solo by Mr. Jack Green, which were enthusiastically rendered and much appreciated. Mr. S. R. Munro, and other boy-members of the harmonica club rendered selections upon month organs to the delight of all.

Mr. H. F. Jennings, the popular and affable president of the Y.M.C.A., he called upon, made briefly in reference to the aims and objects of the association. It was a pleasure to see so many of the boys out with their fathers at the gathering; the flower of youth was present to do honor to the occasion. The president also referred to the ladies present, who had rendered the song things and on behalf of the board of directors extended to them a hearty vote of thanks.

Mrs. C. H. Scantlebury, president of the Women's Auxiliary of the Association, suitably acknowledged the vote of thanks. The toast to "Our Dads" was proposed in a few well chosen words by Master Walter Gerow and was responded to by Mr. Samuel McGuire, who expressed the pleasure it was for the fathers to be present with their sons. He spoke of the activities sponsored by the Y.M.C.A., all of which were for the benefit of the boys. It was certainly an opportunity of which the fathers appreciated to be able to spend such an evening with their boys.

Mr. Dan Hannah, in proposing the toast to "Our Boys" said the assignment was an important one, and one that he felt incapable of doing justice to. It was indeed fortunate that the boys of the city had such a building as the Y.M.C.A. with its equipment to go to. The speaker referred enthusiastically to Mr. J. Shortt and Mr. R. Jordan, and what they were doing to help the boys. He appreciated much being present upon such an occasion. The response to the toast was made by Roy Henry, who stated that the boys were pleased to be present upon this occasion with their dads. It is, or it would be the desire of the boys and their dads to get together more and by so doing know each other better.

The address of the evening was given by Mr. L. A. Buckley, of Toronto, general secretary of the Metropolitan Board of the Toronto Y.M.C.A. In his opening remarks, the speaker referred to the numerous fathers and sons' banquets he had attended and of their chief functions was to break down any barriers there might be between fathers and sons. The boys shape the destiny of nations, and we think of the boys who are going to be leaders in the world's activities. It is worth while for the dads and boys to get together on occasions like this. Parents sometimes do not show the example they should to their children; they often do not practise what they preach. Boys need parents who will set them an example they can follow. Boys have problems of their own to solve and it was the duty of the father to help them solve these problems. Fathers should show their boys that they have a purpose in life and that purpose is worth while living up to. Boys should be chivalrous and treat all with respect, and especially so their mother, sister and sister's friends. Boys should also be courageous, like the salmon which leaps from the swift current to another point of vantage in the stream. As the salmon swims up against the stream so should the boys swim up against life's difficulties and by so doing they become strong. In concluding his address, Mr. Buckley enjoined upon the fathers the necessity there was for them to put their faith in Him the giver of life and live such a life that their boys can follow.

After Mr. J. Shortt, secretary of the local association had made a few announcements, the gathering was closed by the singing of the national anthem.

Saucepans

Heavy coated, blue enamel saucepans—with clear white linings. With or without lids. Strong handles. No Dues.
Each 50c
—Basement.

Note Paper

2 for 50c

A good quality note paper—packed in box with 24 matching envelopes. White—perfect good size. 50c Day—a real value.
—Main floor.

Britain Strives For 5 Power Agreement

MACDONALD IS VERY HOPEFUL OF NAVY PARLEY

Declares British Government Still Strives For 5 Power Pact

NOT LIMITED
Has Not Yet Given up Hope of Major Agreement at London

London, March 31 (CP).—Premier MacDonald told the House of Commons today that the British Government was still striving for the five power naval agreement. Asked whether the Government was still adhering to its determination "to arrive at an agreement between the whole five powers taking part in the conference and not between two or three of them," the Premier replied laconically, "Yes sir."

STOCK MARKETS

Further strength developed on Toronto market this morning and several specialties moved ahead. Famous Players was up two points while Page Hersey came to life and moved over 100. Last week's favorites, B. A. Oil, Walkers, Ford and Brazilian quiet. B. A. Oil, New York market, opened the week very strong with gains over the week end of from 1 to 3 points. Under heavy turnover market lost ground at first two hours, but strengthened again around noon when U. S. Steel shot up to 105 a new high since Nov. Other strong spots were Radio, Auburn Motors, Utilities and Oils were under pressure while weakness developed in Vanadium and John's-Mandell. Money renewed at 4 1/2.

MRS. SALTER

An Iowa paper reports the death of Phoebe Kirkpatrick wife of Mr. F. P. Salter, contractor and builder in Ottumwa, Iowa. Mr. and Mrs. Salter were former residents of Belleville having resided here for some years and were well known to many. Friends here will be sorry to hear of the death of Mrs. Salter.

Mrs. W. J. Carter and Mrs. W. Yerex of this city are nieces of Mr. Salter.

NECK IS BROKEN BUT RECOVERING

Kingston Case Presents Unusual Condition—Delicate Surgery

KINGSTON, March 31.—The case of George Richardson, son of Dr. A. W. Richardson, who was injured a week ago when struck a blow by a young man during an altercation in a pool room, presents a very unusual condition. The patient is progressing but is not out of danger. His head was jerked back with the result that the neck was practically broken.

The result of this fracture, taking place just above the vertebrae, was that the bone opened up like a clamp in the front to a considerable extent, the "hinge" being at the back. Adjustments had to be made in order to bring the ends together as in setting an ordinary fracture, this operation being described by surgeons as a most delicate one. The adjustment has been satisfactorily made, but hemorrhages followed although hope is expressed that these will be successfully cleared up.

Dr. L. J. Austin, professor of surgery at Queen's University, is in charge of the case.

British Govt. Defeated On Question of Rules Suspension 7 Seamen Clinging to Rigging Succumb, Rescuers Say

CANADIANS ABROAD

The photographs here show five of those Canadians prominent in the affairs of the Canadian Club of Washington. (1) David J. Gilson, past president of the club, was born in Ontario and went to Washington from Toronto. He is managing director of the National Bankers. (2) Dr. Edwin N. S. Barnes, past president of the club, was born in New Brunswick. He is now director of music in public high schools of District of Columbia. (3) Colin Livingston, banker and financier, president of the club, also a New Brunswick boy, and a graduate of McGill University, Montreal, who was for fifteen years organizer and president of the Boy Scouts of America. (4) Dr. Wm. H. Ross, for six years treasurer of the club, native of Nova Scotia, is director of scientific department in U.S. department of agriculture. (5) Mrs. Dr. Cyrus Whitney Culver originally came from Quebec and is organizer and general good angel of the club.

ANNOUNCEMENT

With this issue The Intelligencer ceases to be a separate publication. The same condition rules with The Daily Ontario.

Tomorrow, Tuesday, April 1st these two papers will be united, appearing under name of THE ONTARIO INTELLIGENCER, and issued under the one management.

These two papers have served Hastings and Prince Edward as well as the City of Belleville for upwards of two generations. The Intelligencer having been founded as a daily on May 1st, 1867, by Sir (then Mr.) Mackenzie Bowell, later Premier of Canada, and a member of the Senate. The Ontario was first issued as a daily just sixty years ago, on March 26th, 1870. The histories of the two papers go back far beyond that. The Intelligencer having been founded as a weekly in the year 1834, while the weekly section of The Ontario was, for generations, known as The Chronicle. Its history is almost as old as The Weekly Intelligencer's. Both weeklies were merged with the dailies a number of years ago.

Both the daily papers have been in close touch with the development of the city and the counties for many years. They have had the loyal support of the people of the Bay of Quinte section in their efforts to serve the people as newspapers should serve, by presenting the news of the day and by comments on events local and foreign of interest to the community served by them.

In entering upon the merged publication of The Ontario Intelligencer, the publisher voices appreciation of the support of the readers and of the community in general in the past, and hopes for a continuance of the support in the efforts to make the new paper serve fully the needs of the city and district.

Subscribers of both papers will receive the combined paper, The Ontario Intelligencer, for the balance of their subscription term.

WILL SHOW VIEWS OF MISSION FIELDS

Tonight the Young People's Societies of Tabernacle, Bridge Street and John Street Churches will be entertained at Holloway Street by the Holloway Street Y.P.S. A feature of the program is the illustrated series of "The China, Japan and Manchuria" for four months. While abroad in the mission fields he took photographs, which he has now made into slides. These will be used tonight at the joint meeting of the societies.

Outbreak in Palestine Was Not Against British Rule

London, March 31 (CP).—The Palestine commission which investigated disorders in Palestine last week made public its report today concluding that the outbreak was not intended to be a revolt against British rule, but a revolt against British authority in Palestine. Among the conclusions of the commission was the statement that the outbreak was not intended to be a revolt against British rule, but a revolt against British authority in Palestine. Among the conclusions of the commission was the statement that the outbreak was not intended to be a revolt against British rule, but a revolt against British authority in Palestine.

PRESENTS GIFT TO MR. MCINTOSH

Recently Promoted Manager at Lucknow, Honored By Staff Here

On Saturday night a pleasant event took place at the Walker Stores Limited, when the staff and manager gathered together and presented Mr. John McIntosh with an attractive dress ring case, prior to his departure for Lucknow, Ontario to assume the management of that branch. The following address was read:

On the eve of your departure to assume your new duties with the Walker Stores Limited, we wish to congratulate you on your advancement. At the same time we regret your departure, as we have always found you to be generous and courteous and never find it a trouble to help us in our business life.

We knew you would have to leave us soon, as the organization we work for, believes in promotion for its employees, but now the time has come we regret to see you go.

However we know that you will make a success of your new position and we are glad you will still be with the Walker Stores Limited, whom we are all proud to be associated with. We ask you to accept this small token of our respect for you and hope whenever you use it, you will remember your associates in the Belleville Store.

(Signed)
Gladys Burnett,
Thelma Smart,
Ethel Wheeler,
Mabel Keech,
Emma Reeves,
Elizabeth Burkard,
Jack Juby,
Irene Clarke,
H. Newby.

Mr. McIntosh expressed his thanks for the kindness shown to him by the staff and assured them that he would carry pleasant memories of the Belleville branch of the Walker Stores Limited wherever he went.

PROHIBITION OF BABY BRIDES IS EFFECTIVE NOW

Mature Men May Not Marry Little Girls

OBJECT OF LAW

Nothing to Prevent Marriage of Boys and Girls Under Law

New Delhi, India, March 31. (CP).—Prohibition of baby brides becomes effective throughout British India at midnight. Henceforth it will be illegal for mature men to marry little girls of seven and eight years of age. Specifically no law forbids marriage of girls less than fourteen and boys less than eighteen years of age, but the law was aimed at the greater marriage evil which brought upon its Indian proponents, condemnation of many westerners.

CONSTABLE HERE DISCOVERS CAR

Examination Leads to Arrest of Pair Wanted in Peterborough

Shortly after midnight on Saturday a Chevrolet sedan was reported to the Belleville police to have been stolen at Peterborough at nine-thirty o'clock. Though he did not know that the car was sought, Constable Izard saw the car in question driven up Front street at what he called a rapid rate and watching it he saw that it turned into the curb at the Royal Cafe. Two men jumped out of the motorcar and went into the cafe. Constable Izard examined the car, called Sergeant Booth and they went into the restaurant and detained two men Lee Long, aged 18 and his brother Joseph Long, aged 21. It was learned that the men were going to Gilmore. It is reported that they had seen the owner of the car leave it on Stinson street in Peterborough about nine thirty the night before. The engine had a bad knock in it as if it had been driven fast.

The two Longs were taken with the car to Peterborough by an officer from that city and the owner of the car.

LONG ASSOCIATION WITH THE INTELLIGENCER

Announcement of the death of The Intelligencer and The Ontario which becomes effective tomorrow recalls the long and honored association of this paper with the Belleville family. (Left) Late Hon. Sir Mackenzie Bowell, K.C., M.P., former Premier of Canada and Senator who was connected with The Intelligencer from the time he took an apprenticeship as a young boy with its owner on December 11th, 1877. He was editor, proprietor and publisher of The Intelligencer. (Right) Hon. Sir Charles J. Ross, M.P., who was publisher of the paper in May 1921. Later Mrs. Ross took over the management of the newspaper. Few newspapers have been so long in one family and few families have given so much to the newspaper world as this family.

Struggle Through Gas Laden Shaft to Rescue Miners

Kettle Island, B.C., March 31 (CP).—damaged ventilating system. Work was brought back to a halt and a half dozen men were within two hundred feet of where they believed the mine lay back in the Pioneer Coal Company. They were almost despairing that any alive rescue workers to day toiled desperately repairing the gas masks afforded scant protection.

ATTACKED AT TRIAL

Khan Baladar Abdul Aziz, superintendent of Punjab police, India, an attempt upon whose life at a trial at Jalandhar was made recently when a prisoner drew a gun and fired several shots, wounding one of the witnesses.

MACDONALD GOVT. LOST ON PROCEDURE

London, March 31 (CP).—The MacDonald government was defeated in the House of Commons today, 183 to 170 on the question of procedure. The defeat was on motion for suspension of the rule that the House adjourn at eleven p.m. It was not an added a vital matter of political consequence.

Hon. Neville Chamberlain, for the opposition, immediately moved the adjournment of the House. This motion was defeated 183 to 170. Today's defeat was the second that has been sustained by the MacDonald ministry since its creation on June 7, 1929. When there were indications of the government's defeat on the first vote involving the suspension of rules there were loud opposition cheers and waving of order papers in the air, accompanied by cries of "Resign." When figures were announced there was a renewed uproar and repeated cries for the resignation of the government. By the time the second vote was taken, however, the government had rallied sufficient number of their adherents to save the situation. The adherents to save the government, only tangible effect of the government's defeat, it appeared, was the still further delay in the business of the session.

Wrecking of a house at Niagara Falls, Ont., is attributed to a bomb by police authorities.

FEAR CREW DIED SUCCUMBED IN RIGGING OF SHIP

Trawler Struck Reef in West Shetland Group

VESSEL BROKEN UP

Has Disappeared and Men Evidently Have Succumbed

Lerwick, Shetland Islands, March 31 (CP).—Seven men who had been clinging to the rigging of the Aberdeen steam trawler Ben Doran, which struck a dangerous reef in the West Shetland group Saturday had disappeared with their ship today and it was feared they had perished. Trawlers and drifters which left the mainland today in an attempt to rescue the imperiled crew, returned several hours later reporting that the vessel had broken up and disappeared. There was no sign of life anywhere and it was feared that the crew had succumbed during the night.

MUMMY'S LONG REST IN TOMB

At Last Disinterred By Party at Mejdum, Egypt

Philadelphia, Pa., March 31. — A mummy which with its decorations of amulets and jewelry, lay undisturbed for 4,000 years, has been discovered by the University of Pennsylvania Museum expedition at Mejdum, Egypt, according to a report just received from Alan Rowe, field director in charge of the excavations. The mummy is that of a woman named Sat-Her-em-Hat, who lived about 2,000 B.C.

"Around the neck of the Sat-Her-em-Hat," Mr. Rowe states, "was hung a semi-circular pendant, formed by several concentric rows of faience cylinder beads, has been discovered by the University of Pennsylvania Museum expedition at Mejdum, Egypt, according to a report just received from Alan Rowe, field director in charge of the excavations. The mummy is that of a woman named Sat-Her-em-Hat, who lived about 2,000 B.C.

"The semi-circular end-pieces of the pendant are of bluish-green faience, shaped and pointed on the inner corner to represent hawk's heads. A scarab bore the name 'Her-em-hat, the Elder,' doubtless a relative of the deceased.

"As an evidence of the great care which the Egyptians took with their dead there was found underneath the mummy a pad of folded linen 70 feet long by 4-12 feet wide."

In addition to discovering this mummy considered unusual, inasmuch as robbers have pilaged many Egyptian tombs, the expedition has been continuing its search for a burial chamber in the mastaba lying near the great pyramids of Seneferu who, lived about 2600 B.C. The mastaba was used for the burial of members of the royal family.

"It is probable," Mr. Rowe points out, "that the mastaba was traditionally regarded as a monument of some veneration as late as the New Empire (1550 B.C.). The belief in the saving power of ancient monuments is attested by the fact that the Egyptian people have not succeeded in learning the name of the owner of this mastaba, but the evidence seems to indicate that he was connected with the royal family. We know at present of one person at Mejdum who was venerated in later times, a mastaba named Zed, who lived in the time of Cheops (2550 B.C.).

"We have not succeeded in learning the name of the owner of this mastaba, but the evidence seems to indicate that he was connected with the royal family. We know at present of one person at Mejdum who was venerated in later times, a mastaba named Zed, who lived in the time of Cheops (2550 B.C.).

THE BULLETIN BOARD

Mainly About People You Know

MAD FOURTHS REUNION

This well known overseas Battalion is to hold their annual reunion in Hamilton on the 26th and 27th of April 1930, in commemoration of the Battle of Ypres, when this unit earned for themselves a name that will no down in history by their gallant stand on that day. All members who are interested are requested to write Capt. R. S. Watson, 66 Heath Avenue, Hamilton, who will forward full particulars. It is expected that upwards of six hundred will attend. There are quite a number of the members of this unit in this district.

APPOINTING A CHIEF

At the regular meeting of the City Council this evening it is confidently expected that the long delayed appointment of a fire chief will be made. Who will be selected is only problematical.

ORGAN RECITAL GIVEN

On Sunday evening at Holloway Street United Church, Mr. Alex. Gordon, organist, gave a delightful organ recital at the close of the service which was conducted by the Rev. L. S. Wright. The number were "Rustle of Spring" by Christian Sinding, "Welcome Pretty Primrose" by Ciro Pinsuti, "The Cuckoo" by Darguin, and "Jesu-lem the Golden" by Dr. William Spark.

FIRST FACTORY TO OPEN

The Bloomfield cheese factory will open tomorrow being the first factory in Prince Edward County to commence operations this year.

CAR REPORTED STOLEN

Thomas McCracken, Byron street, Trenton, left his Chevrolet car parked at the corner of Victoria avenue and Pinnacle Street on Saturday evening and later discovered that it had been taken away by some persons without his will. The licence number was ML808 and the serial number 207801. The car was fawn-colored with orange trim.

THREE MEN IN CAR

Charles Penny, of 210 Bleeker avenue, salesman for Arnold Bros., of Toronto, left his Pontiac coupe in a garage to have the brakes tightened and later found three men driving the car along the Trent highway. He reported the incident to the police. The car was later located on Front street. No further action was taken.

MINERVA AT HOME

One of the most important social events of the season will take place tonight when the Minerva Chapter, O. E. S. hold their annual at home in the Moose Academy. A large augmented orchestra has been secured for the occasion and many novelty prize dances will tend to make the affair a most enjoyable one.

SPRING OPENING LATE

Just one year ago, Friday March 26th, the spring break-up in the Bay of Quinte began. There is quite a contrast this spring for although the ice is in a softened condition, as far as the eye can see there is not yet the semblance of a break-up. The beginning of the warm weather will no doubt bring about the break-up in the near future.

SOFTBALL ENTHUSIASM

Warm weather has stirred up enthusiasm in the softball fans and they are impatient to get this popular pastime organized for the indoor league which is held each spring in the premises. A meeting will be held this evening at the Y.M.C.A. and all those interested in softball are cordially invited to attend.

EASTER SIGNS

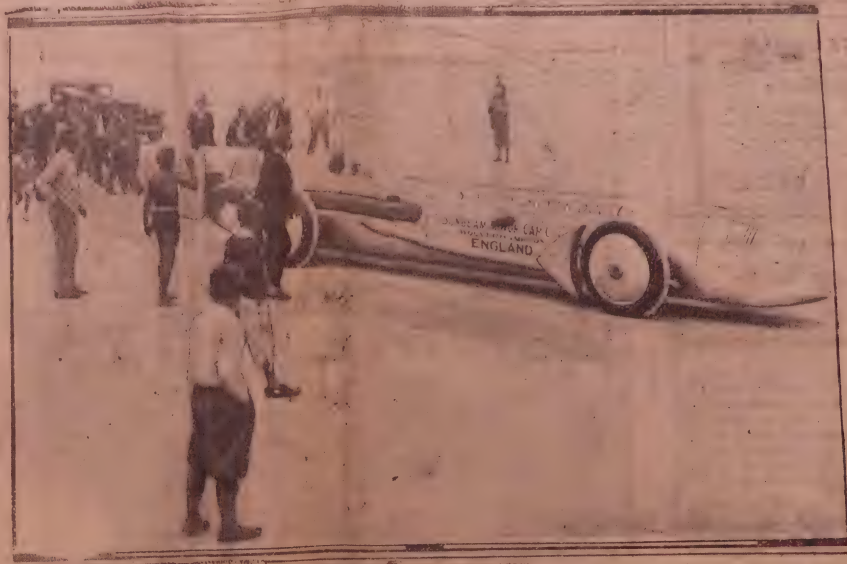

The Lenten season is half over, and yesterday marked the middle of Lent. Just three more weeks remain before Easter Sunday. Delightful Easter confections are beginning to appear in the shop windows, and Milady is giving her Easter bonnet a great deal of consideration. Spring is surely just around the corner and will bring her appearance shortly. March has again fulfilled another old adage, by coming in like a lion and going out peacefully like a lamb. Today is the last day of March, and the month of crazy moods were a smiling farewell all day.

Smith—"I have less dread of influenza than of its consequences."
Cooper—"Yes. I haven't my last doctor's bill, either."

My rose," he whispered tenderly as he pressed her velvet cheek to his own. "My cactus," she said, as she touched his face.

BUSINESS LIXERS

Mr. Clither. Seams Taxi, will be glad to receive your business, seven passenger Buick. Service night and day. 54 Dundas St. E. Phone 1080W.

Daytona Beach, March 31 (CP)—tide at 2:37 p.m. today, by Kaye Don, his powerful Silver Bullet to the sea. The trial run and perhaps an official British driver. Impatient at the attempt to lower the world's automobile speed record, was planned at low conditions. Don said he would take the risk by taking a chance.

Personals

VISITORS WHO COME AND GO

A very enjoyable evening was spent by 25 couples at the home of Mrs. A. Sager, 80 S. Front St., on Friday evening. Dancing and euchre were indulged in until 12 o'clock when a dainty lunch was served. Fine music was supplied by Barker and Robertson and dancing continued until the wee sma' hours.

Mr. Patsy Izzo has returned to Toronto after spending the week end with Mr. and Mrs. John Baker.

Mr. Glen Campbell motored to Picton where he visited friends on Sunday.

Mr. Thomas Montague was in Macdonald on Sunday.

Mr. and Mrs. Reid and son Kingston Road visited in Belleville over the week end.

Mr. and Mrs. J. Burnett, Kingston Road were visitors at the home of Mr. and Mrs. John Muir, Foster Ave., Saturday.

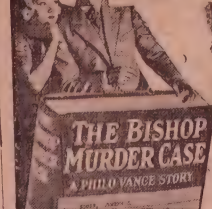

Mr. Ralph Bird of Queen's University was the guest of his parents Mr. and Mrs. F. M. Bird of this city.

Mr. E. J. Folwell, 61 Grier St., has

Right Communication

(From The Christian Science Monitor)
Many carry a heavy load of sorrow and hopelessness as they go along the pathway of experience. To them all things appear drab and joyless, and they see only the dark side. Because of this they walk with steps that lag, and miss the good which lies all around.

When the darkness of mortal belief casts its shadow upon the human pathway, when joy seems absent in daily experiences; when good is left out of thought—then is the time to ask, "What manner of communication are these that you have?"

In the world today communications play a big part. If all these were transmitting only expressions of gold, the hearts of men would be made happier. In daily conversation, harsh words of impatience, of criticism, of indifference may creep in. The false concept of man as material, subject to conditions of human belief, incapable of thinking the thoughts of God subject, to something besides God is responsible for all unkind conversation.

The real man is a witness of God. Then let all our communications reflect this true witnessing to God. This should be the standard of conversation, its purposes, and its meaning. "Speak gently, it is better far. To rule by love than fear. Speak gently; let no harsh word mar. The good we may do here."

"Speak gently, 'tis a little thing. Draped in the heart's deep well; The good, the joy that it may bring. Eternity shall tell."

OUTPUT HELD UP BY FAULTY AXLES

How New Cars With Defective Wheels Slowed Up Production

Bell Island—Discovery of defects in the wheels of ore cars used on the main haulage of Mine Number six at the Wabana iron developments has put a stop to the frequent derailments and other accidents that kept the mine's production several hundred tons under the seventeen hundred ton daily expected output during the period since Number six resumed operations with a new system of improvements early in February.

After an examination of the tracks had shown no defect it was found that the new cars were not true, axles on the new cars were not true, moving the wheels on eccentric movement which an affected the springs that the cars were unable to hold the rails. Much damage to timber resulted from a number of daily run-offs through the slope. Eighteen trial runs at top speed were completed successfully with a car in which the axles had been corrected, and the entire machine shop force were called on to adjust the 200 four-ton cars used in the mine.

Mike—"Why are ye wearin' a black eye, Hinness?"
Pat—"Sure, it's mourning for the man that gave it to me."

WEDDINGS

On Saturday March 28th 1930, at Holloway Street United Church, marriage, Belleville, Ont. by Rev. L. S. Wright B.A., B.D. Mr. William Jessie Hinesman and Miss Lucile Mary Lambert both of Picton, Ont. were united in marriage. The attendants were Mr. Willard Hinesman and Miss Stella Lambert Mr. and Mrs. Hinesman will reside in Picton.

MARRIAGE NOTICE

The marriage is announced of Helen Campbell, younger daughter of Mr. and Mrs. William C. Springer, Belleville to Mr. Gerald Melvin McElhinney, Montreal.
The marriage took place very quietly on Saturday the Twenty ninth of March, in old St. Andrew's Church, Toronto.

DEATHS AND FUNERALS

MINNIE E. DOXTATOR
A few days ago Minnie Evelyn Doxtator aged 18 years, daughter of Mr. and Mrs. Joseph Doxtator, Point Anne was taken suddenly ill and passed away on Saturday. Deceased was born in Ontario and with her parents had for the past 7 years resided at Point Anne. Miss Doxtator had a large circle of friends who will regret her passing. She was a member of United Church in addition to the parents three brothers and three sisters survive. The brothers are Joseph of this city, William and Ted of Point Anne and the sisters are Mrs. C. E. Bowers, Belleville Mona and Vera at home.

Varicose Veins Quickly Reduced

Simple Home Treatment That is Giving Amazing Results
If you have varicose veins or blemishes you can start to-day to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil (full strength) at any drug store and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald Oil is also a marvelous healing agent. One application for instance stops the itching of eczema, and a few applications cures the eruptions to dry up, scale off, and completely disappear. It is equally as effective in blemishes, itch, salt rheum, redness, and inflammatory skin trouble.

People who want to reduce varicose veins, or get rid of eczema, ulcers, or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time—Dolan the Druggist and leading drug stores sell lots of it.

Persian Balm—there is nothing like it for creating and preserving a lovely complexion. Cooling, carelessly oily, cool and deep's all roughness or rashes caused by weather conditions. Delicately fragrant, it adds exquisite harm to the most finished appearance. Dainty women inevitably choose Persian Balm. A velvety smooth lotion it makes the skin rose-leaf in texture recommended also to soften and whiten the hands. Truly a peerless ointment requisite for every woman.

Many representative citizens of Belleville and district, attended the special bazaar in honor of Mrs. Ethel B. Summers, new assistant director of rural education.

A MIGHTY FORCE IN CANADIAN BUSINESS.

Daily Newspapers of Canada

THE daily newspaper is indispensable to the efficient, orderly operation of Canadian business. From coast to coast manufacturer, distributor and retailer depend on its sales influence to maintain a constant flow of goods from maker to merchant and from merchant to consumer.

Deprive commerce and industry of the sales-creating power of the daily newspaper and business would languish. Factory output would diminish, inventories would mount, dealers' shelves become clogged with merchandise and profits dwindle.

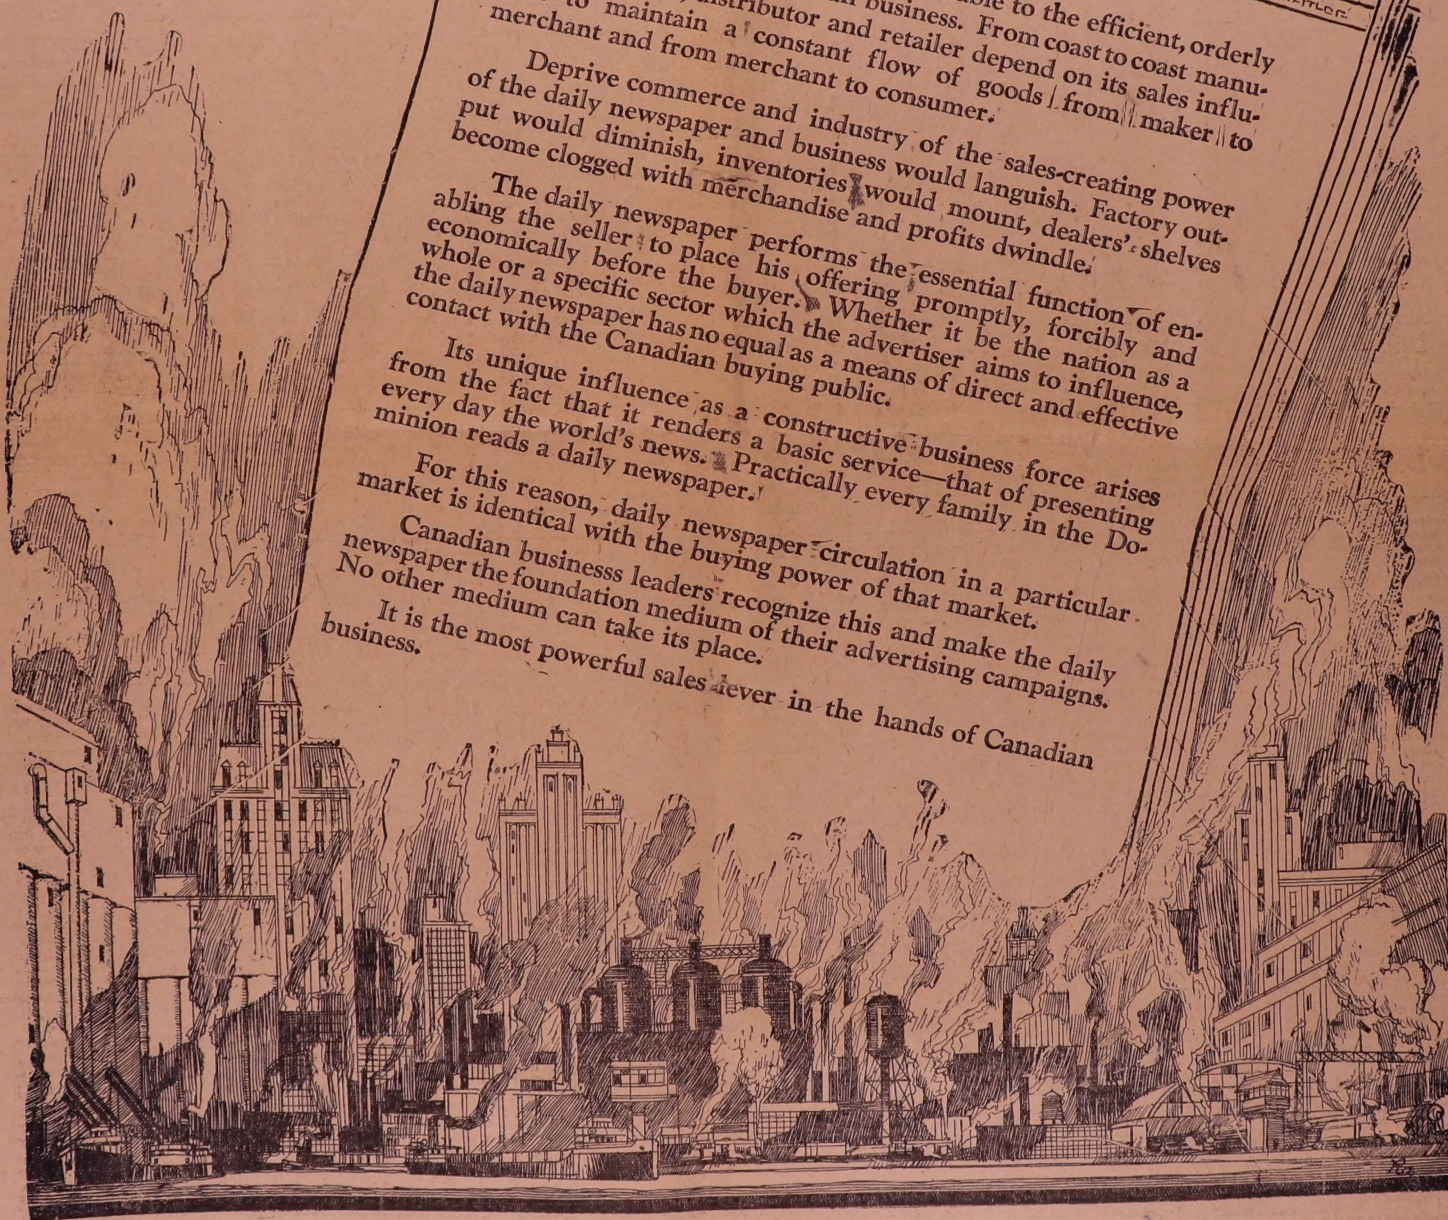

The daily newspaper performs the essential function of enabling the seller to place his offering promptly, forcibly and economically before the buyer. Whether it be the nation as a whole or a specific sector which the advertiser aims to influence, the daily newspaper has no equal as a means of direct and effective contact with the Canadian buying public.

Its unique influence as a constructive business force arises from the fact that it renders a basic service—that of presenting every day the world's news. Practically every family in the Dominion reads a daily newspaper.

For this reason, daily newspaper circulation in a particular market is identical with the buying power of that market.

Canadian business leaders recognize this and make the daily newspaper the foundation medium of their advertising campaigns. No other medium can take its place.

It is the most powerful sales lever in the hands of Canadian business.

Halifax Port Figures Grow

February Banner Month —
British Ships Outnumber
Foreign 3 to 1

Halifax, N. S., March 31.—Tonnage
figures for the month of February in-
dicate a distinct growth at Halifax in
shipping handled during the winter
port season, when the ice-locked St.
Lawrence is forsaken by water-borne
traffic in favor of berthing places in the
numbers of Saint John and Halifax.
Records show that 1,830,454 tons of
cargo were handled at this port dur-
ing the short month, 50,000 in excess
of the figures for January, and a con-
siderable increase over the same
month last year. Bustiest of all the
water front berths were the big piers
at Deepwater and the Ocean Termi-
nals, where the longest seawall on the
South Atlantic affords adequate accom-
modation for the simultaneous docking of
three liners.

British ships outnumbered vessels of
foreign registry by more than three to
one. During the month 118 vessels
flying the red jack were handled at
Halifax, together with thirteen Nor-
wegian, seven Danish, four Swedish,
three German, two United States and
one Greek, the first ship to call here
under that flag in many years.

A summary shows that thirty-four
ships of over ten thousand tons called
here to take on or unload cargo, with
the same number between six and
one thousand tons. Ships from one
of five thousand tons numbered forty.
Among the large cargoes landed was
7,000,000 pounds of butter and meats
from the freighter Surrey, New Zea-
land to London. A number of county
line boats called en route to and from
Antwerp, discharging large amounts of
fertilizer and general cargo. Special
trains to convey mail to Montreal and
the West were necessitated by heavy
handicraft mail from liners on the
Southampton run.

Coastal shipping during the month
was brisk. Much fresh fish was landed
and the fleet continues to land good
cargoes. The new freezing methods al-
lowing the fish to be held over from
days on which a glut is approached.

PLANE TO TOW SMALL GLIDER

(Canadian Press)
Los Angeles, March 29.—
Capt. Frank Hawks, noted avi-
ator, who proposes to pilot a
glider towed by an aeroplane from
San Diego, Calif., to New York
City, announced today
complete plans for the feature.
The glider, towed by a small
two-place bi-plane piloted by J.
D. Jernigan, will take off early
tomorrow. Jernigan said the
flight would be made at an alti-
tude at which smooth air can be
found. In order to get over the
mountains after leaving San
Diego, the glider must be towed
to an altitude of five thousand
feet.

It Isn't Wrong to Say 'I'm Sorry'

mitted by readers.)

Filling Your Mind With Rubbish

By Louis E. Bach, M.D., Ph.D.
Famous Authority on Health and
Psychology

Don't clutter your mind with all
sorts of information that cannot pos-
sibly be of any value to you.
Useless information clogs the mem-
ory. Therefore keep your mind clear.
Remember that the mind is like a
storehouse. Like every other store it
is bound to hold a considerable quan-
tity of wares that are useless.

One cannot help entirely piling up
useless information in the mind.
One should, however, try to keep
down such rubbish to the lowest pos-
sible minimum.

Don't, for instance, try to remember
all the telephone numbers you hear.
Remember the important ones, the
ones you use frequently, and let the
rest go.

It may be a stunt to remember all
the numbers you ever hear. But what
of it? What use is it?

Don't try to fill your mind with tech-
nical terms, unusual names, or big
words in order to show off.

Don't attempt to memorize a lot of
unrelated dates in history.

Don't fall into the habit of remem-
bering the names of persons you are not
likely to meet again socially.

You cannot exercise the mind, train
it and improve it by unscrutable
thinking.

The mind should be used and stimu-
lated, but this can never be done by
weighing it down with cumbersome,
fruitless ballast.

It's not what you store in the mind
so much as the way you use it that
counts.

Hundreds have scored signal success
with but meagre knowledge behind
them.

They were, however, masters of the
little they knew! What they had was
useful. They knew how to apply it!

Therefore, try to make your memory
stock-on-hand as selective as you can.
Don't put away in your mental store-
house facts that will waste.

Keep your mind shelves clear and
orderly.

Inspect what you have now and
decide what you need.

Don't add things that will crowd or
obscure real values.

Don't be like those college graduates
who have crammed their minds so full
that they are choked with facts, but
find they don't know how to apply
them.

And a good memory, by the way,
is no sure indication that the mind is
of a high order.

As a matter of fact, persons possess-
ing strong imagination frequently have
poor memory.

The desire or urge to fashion ideas
and images of one's own runs rather
counter to the memory faculty which
often is photographic and takes in
facts and occurrences whole.

The only kind of memory worth any-
thing is the kind which the individual
makes part and parcel of the rest of his
thinking. In other words, he adds the
new memories to the mental equipment
already there and weaves it into the
pattern of his ideas.

Beauty Box
By Helen Follett

The word calisthenics puts women's
teeth on edge. They hate the thought
of going through routine movements.
Probably because they have never
found out how fine one feels after
ten minutes of brisk exercise.

Nobody can say exactly how many
calories a human being needs. Every-
thing depends upon the size and
health of the individual, the amount
of nutrition the digestive organs de-
mand, the amount of energy that is
expended in muscular work.

body requires proteins, vitamins, min-
eral salts and bulky food. The diet
should be varied and should include
milk, fruits and green raw vegetables
and plenty of water.

RADIO MERGER

An announcement of considerable im-
portance to the radio industry is the
announcement of the two leading radio
distributors in Ontario—A. Cross &
Co. and Purser, Bull & Company, Ltd.
Incorporation papers for the new
company under the firm name of Cross
Purser, Bull, Limited, are being secured.
The firm of A. Cross & Co. are dis-
tributors of Sparton Radio for Central
Ontario. Purser, Bull & Co., Limited,
are well known as distributors of De-
Forest-Crosley and Eveready radio sets.
The new firm of Cross, Purser, Bull,
Limited will distribute Sparton radio
throughout all of Ontario.

MARCH

(By Louise Towriss)
Though snow lies piled in whitened
dunes,
My heart is lolling in merry tunes,
While joy wells up, though the wild
winds blow,
For I know that the winter ere long
must go.

Great gales may rant, and rage, and
roar,
King Sol is travelling north once
more,
And the sceptre he'll wrest from the
Ice-king's hand,
And loosen his hold over sea and land.

O, there are delights which the win-
ters bring,
But what are they to the joys of
spring
And with keen delight, I count the
hours
Till I welcome the dainty wildwood
flowers.

So, what care I for March storms and
blusters?
Let him unmarshal his forces, and fuss,
and fluster!
Just over the hill-tops fair spring is
coming
Around the corner, the bees are
humming.

(The foregoing appeared in the March
issue of The Ontario Farmer; the writer
came up from Athens to give an ad-
dress at the Women's Institute Con-
vention here last November in the City
Hall, and is still kindly remembered by
her hearers.)

**NEW PLANT BRINGS
NEW INDUSTRY**

Canadian farmers are finding a
new opportunity in the cultivation of
the soybean. During 1935 soybean oil
and other products to a value of nearly
\$2,000,000 were imported by Cana-
dian industries. Experimental work
conducted by the Dominion Depart-
ment of Agriculture shows that ele-
ven varieties can be successfully cul-
tivated in Canada. It grows under
essentially the same conditions as corn
and generally speaking, can be grown
anywhere corn grows, and with about
the same results.

**PLAY "HOME ACRES"
TO LARGE HOUSE**

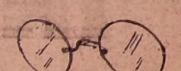

The Cammiford Dramatic Club pre-
sented their play, "Home Acres" to
a crowded house on Thursday eve-
ning, March 27th, at Cammiford town
hall. Splendid music and singing be-
tween the acts, conducted by Mr.
Duke, of Toronto, was a delightful
attraction to the evening's entertain-
ment. The play opens in the first
act with the sitting room at "Home
Acres" a farm in North Eastern New
York State on an afternoon in July.
The second act, the new home in the
city the following December. And
the third act back at "Home Acres"
the first of March. The characters
are given in the order of their first
appearance. Ann Hickett, the typical
village dressmaker and gossip is dis-
tinctly the unmarried aunt, by Mrs.
Charles Mills; David Holden, the
young farmer, by Willis Brenton;
Rose Whitman, the somewhat shy
winsome country girl, by Martha Ben-
edict. Lib. one of the funny hits of
the evening, a New York bawdy girl
and very much out of her element,

NEWS OF QUINTE AND DISTRICT

CANNIFTON

The dramatic club of Cannifton put on a drama "Home Acres" on Thursday night in the Town Hall. The hall was filled to capacity and the audience enjoyed a real treat. The characters were represented by Mrs. Bird, Mr. Harold Bird and Miss Thelma Bird, Mr. and Mrs. C. Mills, Miss Marguerite Mills, Mr. C. Benedict, Miles Benedict, Miss Martha Benedict and Mr. Willis Brenton. All parts were well taken and received much applause. Mrs. Bush and Miss Mary Mills gave a duet. Mr. Duke, a talented musician of Toronto, acted as pianist giving generously of his music before and after the play. Rev. Mr. Merrick acted as chairman. Lunch was served to the actors.

IVANHOE

Mrs. H. C. Henderson is much improved after her recent illness. Her mother, has returned home.

Mrs. Goldie McInroy returned home from Kingston Hospital on Sunday where she underwent a serious operation.

The Ivanhoe young people presented their play "Deacon Dubbs" in the hall and expect to put it on at Queensboro on Friday night.

Mr. and Mrs. Harry Lovibond of Toronto spent Sunday under the parental roof.

Mr. Edward Benson is on the sick list.

A new telephone line was installed last week.

Mrs. Wm. Benson spent the week end in Ottawa, with her sister, Mrs. Amos Reid.

Miss Myrtle Reid spent the week end with Mrs. Clayton Hagerman, at Moira.

A number attended the dance at Mr. Blake Sharp's of Mount Pleasant on Friday evening.

Mr. and Mrs. Percy Rollins of Saskatoon and Miss Lillian and May Weese of Corbyville, called at Mr. Edward Benson's last week.

Mr. Baldwin Reid returned home after visiting friends at Springbrook and Marmora.

Mrs. Albert Reid attended her cousin's funeral in Stirling on Thursday.

The Women's Institute held a euchre party in the hall on the 17th of March. Mr. and Mrs. George Reid spent Sunday with Mr. and Mrs. Roscoe Wright of Stirling.

Miss Helen Coulter spent the week end with Mrs. Reg. Reid and spent tea hour on Sunday with Mr. and Mrs. Richard Reid.

Mr. and Mrs. Sam Twiddy spent Thursday in Madoc with the latter's father, Mr. T. Burkill.

Mr. and Mrs. Arthur Wood spent

STIRLING

Mr. and Mrs. M. Aythart, of Frankford, spent a couple of days this week at the home of Mr. and Mrs. G. H. Leary.

Miss Gladys Joblin, of Toronto, spent a few days at her home here this week.

Mrs. C. Beaton and Betty spent the week with the former's parents, near Bowmanville.

Mrs. D. Crocker, of Toronto, is spending a few days with her daughter, Mrs. Ray Atkin.

Mrs. P. Conley and Miss Tina Conley, of Toronto, spent the weekend at the home of Mr. and Mrs. H. Johnston.

Dr. E. A. Carleton was in Toronto for a few days this week.

Mr. and Mrs. Bruce Richardson of Oshawa, were Stirling visitors on Saturday.

Miss A. Anderson, of Campbellford, visited friends in Stirling this week.

Mr. Craven, of the Royal Bank staff, spent the week end in Napanee.

Miss M. Herrington, of Campbellford, spent the week end at the home of Mr. and Mrs. W. R. Coulter.

Mr. and Mrs. E. Atkin and Mr. and Mrs. Horace Atkin, of Windsor, visited Mr. Ray Atkin last week.

Mr. and Mrs. J. S. Whitehead were Belleville visitors on Thursday.

Mr. and Mrs. Fred Rutherford, of Campbellford, spent a few days in Stirling this week.

BIG ISLAND

A shower was held for Mr. and Mrs. Walter Norton at the home of her parents, Mr. and Mrs. Flavius Gordin, on Saturday evening last.

Mrs. Emma Jinks and daughter Patricia took tea with Mr. and Mrs. Sam Clement on Saturday last. Patricia remained over the week end as guest of Mrs. Marjorie Clement.

On the Air

Radio reception over the week end was of the best quality and the various programs were all enjoyed. Radio hockey fans throughout the Dominion experienced all the thrills of a rail-side seat on Saturday night when they heard the rapid-fire play-by-play report of the Techni-West Toronto hockey game in Winnipeg.

For tonight we have all kinds of attractions, foremost among the leaders is the Stromberg-Carlson program. Symphonic classics, old and new make up the program of the Rochester Civic Orchestra, conducted by Guy Fraser Harrison, from ten to ten-thirty p.m. The program will come over a coast-to-coast network of stations associated with WJZ. The complete schedule follows:

Overture—Bryanthe, Weber.
Ballet Music—Rasumund, Schubert.
Prayer—Jewels of the Madonna, Wolf-Ferrari.
Concert Waltz—Glazounov.
The William Wrigley Hour tonight from eight to nine o'clock is another of the outstanding numbers. These programs are famous throughout radio-land for their first class entertainments and are looked forward to with great interest by thousands of radio fans. The hour will feature the Wrigley Dance Band and assisting artists. Station CKWG, Toronto, will get it.

The "Evening in Paris" entertainment for this evening will present a tabloid version of one of the greatest comic opera successes in recent years in Paris, which had a long run at a Parisian theatre. The title is "Trois Jeunes Filles Nues" which may be translated, "Three Sweet Young Things." Take our word for it, you will love it, so tune in.

- 12.30—WABC—Midnight Melodies.

Mr. and Mrs. J. E. Sprague spent the week end in Toronto.

Mr. and Mrs. Cecil Thompson and family also Mr. C. Allison spent last week as guests of Mr. and Mrs. Leonard Thompson, Mountain View and Mr. and Mrs. Ernest Allison, Trenton. They also spent the dinner hour on Monday with Mr. and Mrs. Geo. Hines and on Tuesday with Mrs. Eve Brummel, Denerville.

Mr. Frank Partridge of Trenton attended Mr. and Mrs. Norton's shower and spent the week with Mr. and Mrs. F. Gordin.

Mrs. Maude Viter and Sarah of Denerville and Mr. and Mrs. S. Clement spent Sunday with Mr. and Mrs. F. Gordin.

Mr. Harold Mitchell and Mr. Hady Hallett have each purchased a car.

Several friends and old neighbors attended the funeral of the late Mrs. Geo. L. Morden and Mr. Samuel Cole held in Pictou Monday and Tuesday. We extend sympathy to the bereaved family.

Mr. and Mrs. Charlie Kent of Concession spent the week end with Mr. and Mrs. Cecil Thompson.

Mr. and Mrs. D. B. Salisbury entertained company from Concession over the week end.

Miss Eunice Sprung of Pictou spent the week end with Mr. and Mrs. F. Gordin.

Miss Dorothy Clement of Prince Edward County Hospital, Pictou and Dr. Arnold Anderson, Greenbush spent the tea hour on Tuesday with her parents Mr. and Mrs. S. Clement.

Several from the Island attended the Liberal banquet given in the Town hall, Denerville by the ladies of the United Church.

Mr. and Mrs. J. A. Moorcraft entertained his mother and brother of Madoc over the week end.

Mr. and Mrs. Wm. Benson spent the dinner hour on Wednesday with Mr. and Mrs. C. Thompson.

Muskat trapping is the order of the

The photograph shows Lila J. Emerson, Seneca Indian woman, conferring with her attorney, John S. Knibbe, in Buffalo court during selection of jurors.

Mrs. J. Emerson is on trial for murder in connection with the slaying of Mrs. Clothilde Marchand, an artist's wife.

SUCCESSFUL TEA CORKING SALE

A very successful corking tea and sale of home cooking and candy was held at the home of Mrs. Sprackett, 11 Fern St., on Friday afternoon under the auspices of Group 6 of the Women's Association of the Tabernacle Church.

The rooms presented a pleasing appearance with their decorations of shamrocks and green candles. Those who assisted were, Mrs. E. B. Bell, (Convent), Mrs. G. C. Shorey, Mrs. Sanford, Mrs. Spicer, Mrs. Kirkland, Mrs. Sprackett, Mrs. Duff, Mrs. Schryver, Mrs. Connors, Mrs. MacMullen, Mrs. Emerson, Mrs. E. Kerr, Mrs. Fisher, Miss Bell, Miss M. Watson, Mrs. Redfern, Mrs. Caverly and Mrs. J. Boardman.

During the afternoon Misses Helen Cook, Betty and Jean Shorey, Phoebe Donaldson and Lillian Sprackett contributed musical selections.

WETS VICTORY

Melbourne, Australia, March 29 (CP)—Incomplete returns today indicated wets would be successful in Victoria state vote on prohibition. The wets had a good lead but the dry leaders were anxiously awaiting returns from a number of country constituencies which had not reported.

WM. KNOX DIES

William Knox, a resident of Madoc, village for half a century, closed a long life time of 80 years on Thursday March 27th, 1930. He had been in failing health for more than a year, but the end came after a few days' illness. He was a son of the late Mr. and Mrs. James Knox, of Rawdon Township, where he grew to manhood. He is survived by his sorrowing wife and six children, Mrs. Scutcheon of Madoc; George, of Napanee; Wilbert of Belleville; Tom in the West, Fred of Bowmanville, and Mrs. Corrigall, of Sask.

The deceased was the third in a family of ten all of whom predeceased him except Miss Knox, of Stirling. Knox, of Annapolis, Prince Ed. Co. The funeral was held from his late home on Sunday at 2 p.m. and was conducted by Rev. G. W. Rivers, his pastor. He was a member of the United Church, and also of L.O.L. No. 169. The lodge were present in a body and six of them bore him to his last resting place in Lakeview Cemetery.

NOTED BASSO ILL

Milan, Italy, March 29—Feodor Chaliapin, noted opera basso is gravely ill here. He has been forced to cancel special performances of the Russian opera, "Boris Godunoff," in which he sings the title role. He is 57 years of age.

Not much success as the water is nearly all frozen.

Mr. and Mrs. Flavius Gordin took dinner on Wednesday with their daughter, Mrs. Walter Norton, of Pictou.

A 10 cent tea is being given by the W.M.S. at the home of Mrs. Gordin, their president. They intend to quilt two quilts during the afternoon.

The members of the Women's Institute presented Mrs. Walter Norton (nee Eida Gordin), who was their organist with a silver berry spoon and the W.M.S. also presented her with a silver bread tray on Saturday evening last.

Mr. Wm. Shayne spent Sunday with his brother Mr. George Shayne (Pictou).

Several from this neighborhood attended the masquerade dance held in the Denerville Town Hall on Thursday evening.

Mrs. John Embury is visiting at Robin.

Mrs. Clarence Embury and sons of Denerville are spending the week end with friends here.

OAK HILLS

Mrs. Mina Wilson and son Lawrence are visiting at Mrs. Ernest Wilson's, Holloway.

Mr. Murn Stapley called on Mr. Joe Broadworth Tuesday evening.

Misses Hazel and Margaret Danford spent Sunday afternoon and evening with Mrs. Earl Scrimshaw, Stirling.

Mr. and Mrs. G. Darrah were in Belleville on Wednesday last.

Misses Anne and Bernadette Maloney and Mrs. John Gullivan spent Wednesday evening with Mr. and Mrs. Belcour.

We extend our deepest sympathy to the family of the late Owen McAvoy of Stirling.

MARCH WAS GOOD BUILDING MONTH

MacLean Building Reports Ltd., Show Contracts of \$2,235,000

The estimated value of construction contract awards throughout Canada during March amounted to \$2,235,000, says MacLean Building Reports Ltd. This is a high total for March, judging from the records of past years. March a year ago reached twenty seven millions.

Compared with the first quarter of 1929 new construction, all types, is down 7.4 per cent. Public Works and Utilities are ahead 33.8 per cent, the strictly building groups down 26.8 per cent. The shrinkage in building contracts is not so pronounced as it was a month ago.

In Ontario during March, new contracts were reported to the value of \$9,595,000 being 39.5 per cent of all contracts in Canada for the month. Quebec had 35.8 per cent valued at \$8,680,100. The Prairie Provinces had \$4,442,200 or 19.5 per cent; British Columbia \$2,128,500 or 8.8 per cent and the Maritime Provinces 5.8 per cent or \$1,417,200.

By groups, for March, business building led with 47.7 per cent or \$1,361,100. Residential followed with 25.2 per cent, on contracts valued at \$5,124,000. Engineering showed \$5,125,700 or 21.3 per cent, while industrial accounted for 5.9 per cent. The value being 1,442,300.

To the end of the first quarter year, engineering contracts show the greatest valuation, \$41,000,800 or 46.4 per cent of all construction. Business building now stands at \$20,127,000 or 32.3 per cent while residential took care of \$12,660,000 or 15 per cent and industrial \$5,651,200 or 6.3 per cent.

The largest percentage of New York is credited to Quebec for the three months. The value is \$36,559,200 or 42.7 per cent. In Ontario 33.7 of the work has been undertaken or \$30,415,300. Awards amounted to \$3,321,100 or 10.4 per cent in British Columbia, while the Prairie Province and Maritime Provinces follow with \$6,621,400 or 7.3 per cent and \$3,329,100 or 5.9 respectively.

Large Awards in March
Construction contracts awarded in Canada during March, where the value of the work undertaken exceeded \$225,000 were as follows:

- Montebello, P.Q. hotel \$300,000.
- Montreal, P.Q. Railway terminal (portion) \$2,000,000.
- Kingston, Ont. Grain Elevator and Marine Towers (super-elevator and Marine towers) \$1,500,000.
- Montreal, P.Q. structure \$1,500,000.
- Add to Departmental Store \$1,000,000.
- Kentville, N.S., Hotel, \$500,000.
- Burlington Channel, Ont. bridges, \$358,500.
- Montreal, P.Q. church, \$350,000.
- Toronto, Ont. residence \$300,000.
- Toronto, Ont. Office building, garage and warehouse, \$250,000.
- St. John, N.B., museum, \$250,000.
- Brandon, Man.,

ELIZABETHS CHAMP

ACADEMY TO March 31—Elizabeth Playgroup came again enjoyed a big night at Central "Y" on Saturday. The juveniles captured the O.A.B.A. championship for the fourth successive occasion, when they defeated Midland 34 to 12 and took the round 61 to 29. The juniors forced Hyatt Jumbos of Windsor into a third game for the Ontario title by scoring a 21 to 16 victory.

ALLEGED \$250,000 SWINDLE, 2 HELD

District Investors Believed To Have Lost Much Money

Hamilton, March 31.—Facing a charge that they illegally diverted to the use of Robert McKnight of New Brunswick, N.J., \$250,000 paid by local and district residents for stock in the McKnight-Oliver Holding Company, Charles A. Oliver, 39, and his wife, Mary A. Oliver, 37, 932 King St. East, were arrested late Saturday night. McKnight is being sought.

W. J. Arthur Fair, solicitor in the department of the attorney-general at Toronto, laid the complaints made in Montreal.

transmission line towers \$225,000; Vancouver, B.C., the same \$225,000; Burlington, Ont., plant \$225,000.

against the couple. Auditors were engaged under his directions several days ago and inspection of the books of the McKnight-Oliver Company revealed fraud, crown officials say.

Cash bail of \$50,000 was asked for their release. Oliver and his wife tested that it was prohibitive, but no reduction was made and they both remain in the cells.

Sunday afternoon detectives visited the office of the McKnight-Oliver Holding Company at 66 King street East and seized all books and records. These indicated that the pair were actively connected with the affairs of the Atlantic Securities Ltd., Iron and Steel Corporation of America and Radium Laboratories, Ltd.

WEDDING BELLS

AYKINSON—MONTAGUE

A quiet wedding was solemnized in St. Andrews Presbyterian Church, Manse on Saturday evening when Robina Mary Montague daughter of the late Thomas King Montague, of India, and Mrs. Victoria B. Weaver, of this city was united in marriage to Wilfred Gordon Atkinson, son of Mr. and Mrs. Gordon Atkinson, of Richmond, Quebec.

The ceremony was conducted by Rev. J. A. Seymour pastor of the church, and was attended by close friends of the family. Immediately afterwards the happy couple left for points east on their honeymoon. Residence will be at Toronto.

Mother, Dad, Sister, Brother GRUEN... the watch for all

The smart, modishly inspired styles that so quickly captivate youth; the conservative yet perfectly proportioned designs admired by the mature; the original and practical development enthused over by the man-of-today—all are Gruen... For long has the Gruen Guild set the pace, in the introduction of new ideas and styles in time-pieces... Naturally, therefore, we're showing Gruens for every member of the family, each the utmost value for the amount asked—beginning as low as \$27.50.
